1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 A nexus is a connection or series of connections linking two or more things. A major
4 nexus is when several seemingly disparate ideas connect at certain key points and the
5 connection actually creates a new paradigm — or generates social movement that can
6 destroy a civilization, or save one. I'll explain later. To break a major nexus one must
7 either attack the points of connection between these disparate ideas, or emphasize the
8 polarizing aspects of each to the point it rips them apart, the points of connection
9 collapse. This must be done with vigor, passion, intensity, diligence, and loving
10 aggression: the aggression of a mother bear attacking a threat to her cubs.

11 More on Mueller — the rogue special persecutor — uh, prosecutor has a game plan: a
12 Deep State-Democrat nexus.

13 Who is fomenting the hate in this country? Whoopi says it's Trump. Really? The
14 discontented-Democrat nexus.

15 The Putin-Trump nexus? What's the deal? Is Trump kissing up to Putin, or is Putin
16 kissing up to Trump? A nexus of interests leading to war?

17 Kavanaugh update — is this appointment the death knell to Abortion; is it the end of
18 Mueller? How does that connect? What's the Kavanaugh-Trump nexus?

19 Remember November — how are the mid-terms shaping up? "Socialism" is on the ballot.
20 The Anti-America as founded-Democratic Socialist nexus.

21 Okay, my friends; it's time for your brain massage.

22 [TRUTH]

23 A nexus is a connection or series of connections linking two or more things. A *major*
24 *nexus* is when several seemingly disparate ideologies (and the groups that coalesce around
25 them) connect at certain key points and these connections create a new but usually false
26 paradigm — which is a worldview that serves as the basis for social action.

27 One simple example is when the interests of White Supremacists connect at certain key
28 points with the interests of conservative Christians supporting President Trump. There is
29 far more that separates these groups and the points of connection are superficial, and
30 even false; since the objectives of each are actually opposite.

31 Another example would be the agenda of the far left finding multiple points of
32 connection to a certain political party in America, called the Democrats, which
33 connections were embraced and encouraged for political expediency on one side, the
34 Democratic Party, and the advance of an ideology on the part of the socialists, on the
35 other — so that the Democrat Party has been fundamentally changed into an entirely
36 different thing that it was before. The Democrat Party today is not the Party my Dad

37 supported throughout my life until Reagan. I remember him telling me the Democrat
38 party had become unAmerican, and he could no longer support it.

39 A major nexus can generate a destructive or a constructive social movement that can
40 destroy or save a movement, or even a civilization.

41 A major nexus is forming that could destroy America as founded — but another nexus is
42 forming that could save it. We need to focus on breaking the Anti-American nexus and
43 encouraging the Save America nexus.

44 There are two effective ways to break a negative major nexus. First, one must attack the
45 points of connection between these disparate ideas, show that the connection is deceptive
46 (that it is based in one or more lies), and is dangerous (actually destructive of the end it
47 pretends to serve). And/Or, second, we must emphasize the greater number of polarizing
48 aspects in each of these ideologies and the groups they create; we must agitate the
49 differences, expose the reality that these groups have differences far greater than their
50 points of connection, and do this to the point it rips them apart, the points of connection
51 collapse. This must be done with vigor, passion, intensity, diligence, and loving
52 aggression: the aggression of a mother bear defending her cubs.

53 We need to be the mother bears defending our Constitution, our Republic, economic,
54 social, religious, and political freedom, and our Christian based cultural values that serve
55 as the only sure support these things.

56 Let me illustrate how this works so you can follow what follows.

57 As you know, White Supremacists attempt from time to time to attach to the Republican
58 Party. Sometimes they even attempt to attach themselves to the conservative side of that
59 party, and have even gone so far as to attempt to make a connection with the Christian
60 conservative side of that party. Liberal media cooperates with this, and attempts to foster
61 the lie that these groups are connected. (They understand how this will destroy the
62 Christian conservative movement.)

63 The points of connection capitalized on are areas of shared interests between the two
64 groups. The White Supremacists share a common interest, say, in controlling
65 immigration; securing our borders is a huge concern that is shared by many Americans of
66 all sorts of different groups. In a healthy group, what happens is there is an aggressive
67 outcry focusing on the things that separate them from the other groups—what
68 differentiates them.

69 This is emphasized loudly, consistently, aggressively, diligently, and incessantly, until that
70 point of connection snaps — it no longer serves as a connector between the groups, and
71 the two groups separate, and often even become antagonists — because now they are
72 focused on the far more egregious points of disagreement.

73 But what happens if a group sees an advantage in the association. What would happen, if,
74 for example, the Republicans at large saw a benefit in including the White Supremacists
75 within their circle? Invariably, some of the members of the White Supremacists would
76 work their way into leadership positions, and over time, more and more of the values of

77 the Supremacists group would influence the policies of the group until over time an
78 entirely new paradigm would develop for that group.

79 This is exactly what happened to the Democrat Party. Far left ideologues found points of
80 connection with the Democrat party (worker unions, concern for the poor, the
81 downtrodden, the disenfranchised, and so forth). My Dad used to say he believed the
82 Democrat party was for "the little guy." And of course, you know that standing up in
83 defense of the helpless, taking the side of the underdog, this is a deeply ingrained
84 American value—it's sort of imprinted on our collective psyche, rooted back into
85 American Revolution when underdog America beat the then mighty British Empire. It
86 goes deeper, too, back into the American experience with religious persecution, and
87 slavery. So this is what made the Democrat Party attractive to many. But it was a deceitful
88 connection — the same Party that succeeded at connecting with so many on these issues,
89 was in fact the party that encouraged and supported slavery, that advanced policies that in
90 fact made the rich richer and the poor poorer, that created an entire social under class of
91 government dependents.

92 It was a deceitful and destructive connection, but it prevailed because it was not
93 vigorously, energetically, passionately, and incessantly pointed out. Instead, many on the
94 right felt they would be made to appear as though they were not for the underdog, that
95 they were against the poor and needy if they attempted to expose these differences — and
96 in many cases the *right* had poor apologists for the truth, while the left had effective
97 apologists, demagogues, really, that were better at lying than the holders of the truth were
98 at telling the truth.

99 Anyway, there was a time when it could be argued that the Democrats were representing
100 the "little guy" — but the evil ideologies of Marxism capitalized on the darkest aspects of
101 human nature (envy, in this case the envy of the poor against the rich), and attached
102 themselves to the Democrat Party at that point of connection. Instead of the Democrats
103 uniting against Marxists, and raising a hue and cry, and aggressively, passionately, and
104 energetically exposing the differences between them, they quietly accepted their support,
105 and used their energy and passion to win elections — so, inevitably, over time,
106 Communists rose in the ranks of the Democrat Party, until today they are beginning to
107 openly declare themselves *Democratic Socialists*¹ (as, for example, Alexandria Ocasio-
108 Cortez who is running as a Democratic Socialist of America (DSA), who lately beat out
109 Joe Crowley in a New York primary. The DSA is the group that celebrated the birthday of
110 Karl Marx at one of their conventions² — and some of the old guard Dems are alarmed. I
111 mean even Pelosi is disturbed³ — that woman is a reeking Communist, but it seems she
112 does not know it). That's what has happened to the Democrat Party — it cut its ties to our
113 Founders and drifted away until now it's anchored in Marxist Harbor.

114 It used to be a group of people who were at least true blooded Americans but had a soft-
115 headed approach to addressing social problems; now they are blatant Socialists with a
116 hard-headed stubborn commitment to polices that are actually destructive to the original
117 goals of the Democrat Party — at least to the goals they have used to define themselves to
118 the America people.

119 Okay, that should be enough to make you ready for segment two of your deep brain
120 massage for today. Hold on through the break. I'll be right back.

121 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
122 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
123 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
124 liberty.

125 More on Mueller — the rogue special persecutor — uh, prosecutor has a game plan: a
126 symptom of the Deep State-Democrat nexus.

127 Who created what has come to be called the *deep state*? First, what are we talking about?
128 The Deep State refers to "a body of people, typically influential members of government
129 agencies or the military, believed to be involved in the secret manipulation or control of
130 government policy." The expression was coined in the early 1900s from a group called
131 *derin devlet* (Arabic—translates in English to Deep State) and has its origins in a Turkish
132 expression—referring the influence of bureaucrats embedded in government who work
133 together and undercover to subvert the standing public government. There have always
134 been theories about a shadow government, same thing as Deep State, but I have had to
135 give up the hunt for when the expression Deep State first appeared in American parlance
136 — I mean that specific expression of it. I understand Ron Paul used it in 2007, but it
137 appears that it became an American household word coming into and after the last
138 presidential campaign.

139 The fact is, however, bureaucracies naturally evolve into a sort of government within the
140 government all on their own. I've done shows on that in the past — but when it takes
141 shape in the DOJ or FBI or the DOD, of the DOE (where they are presently creating tests
142 that score a child's beliefs and attitudes, targeting them for the creation of curriculum that
143 will condition their values — it used to be called *values clarification*, and it's still being
144 pursued so we hope Betsy DeVos will address this problem soon⁴) — but, anyway, when
145 bureaucrats become ensconced in powerful levels of government and are driven by a
146 personal political agenda, that's one thing. But when they begin coordinating their efforts,
147 like Strzok and Page, like Mueller and Rosenstein, with the passive cooperation of
148 Sessions, and they have as their agenda the undermining of a duly elected President — it
149 becomes, as they say in Oz, a horse of a different color. It becomes treason, and it
150 becomes subversion, and it undermines our Constitutional Republic — which means it
151 threatens the liberties of every American.

⁴ 684.13.1-Tests That Score A Child's Beliefs <http://www.bvsde.paho.org/bvsacd/cd57/measuring/sect1.pdf>

152 When these particular political-bureaucrats are appointed by certain Presidents, such as
153 Obama, they are carefully selected for their loyalty to the commitment to transforming
154 America as founded into a Dictatorship-of-the-ELITE (a la Soros and those who own
155 him), they burrow down deep into the apparatus of the government, receiving their
156 marching orders not from the Constituted government of the US but from outside that
157 power structure.

158 When in power, well now they openly wear a mask of DEMOCRATIC SOCIALISM but
159 behind the scenes they rule through a carefully controlled Cabal, they are committed to
160 advancing that purpose day in and day out and year after year.

161 The way these things develop is very complex, but it does not have to be an overt agreed
162 to strategy. Human nature has in it certain inclinations that very naturally work into this
163 sort of thing.

164 In other words, it is not necessary to suppose that Obama, Hillary, Comey, Schifty Schiff,
165 Mueller and Rosenstein and Strzok and Page took a meeting where they hatched this
166 conspiracy — each wanted Hillary to be President, each despised Trump and hated the
167 idea that he could become President and hate even more the idea that he is President. It
168 does not surprise us that Hillary hires an opposition research team, who finds it in their
169 interests, and Hillary's, to find dirt on Trump, they can't find anything juicy enough that
170 if it went public it would actually hurt him, so this guy, a former British agent, who has
171 contacts in Russia, is hired by Hillary's opposition research team (Fusion GPS) to get
172 something that would connect Trump to Russia in order to suggest he could be
173 blackmailed and brought under Russia's control if President, hence the dossier. Now, how
174 to get it to America? Let's do that through Steele's British contacts — so Strzok goes to
175 England, gets the Dossier, brings it back; and Comey gets it, reads it, thinks it's probably
176 not true, but arranges for some strategic leaks to get out there, hoping to damage Trump
177 and help Hillary. Meanwhile he has mounting pressure on him to investigate and if
178 allegations are proven to indict Hillary, so he is dragging his feet on that, conflicted about
179 what to do. He flip flops a bit, these are human beings, you understand? So Comey signs
180 off on getting a warrant to surveil Trump's campaign, based, as they have admitted,
181 primarily on the Steele-dossier, the one they knew to be phony, but they did not reveal
182 this to the judge, nor the fact that it was opposition research paid for by the Clinton
183 campaign, and on that they spied on an American citizen, a candidate for President,
184 legally—but illegally: on the authority of a warrant that was granted on false information
185 — and all of this in hopes to hinder Trump from becoming President, and help Hillary.
186 But the unthinkable happens. Trump becomes President — OH NO! — so now it's all
187 going to come out, and it's time to work together to stop Trump from ever being able to
188 expose all this, so the pressure mounts on the players to start covering themselves, —
189 President Trump fires Comey because of his ineptness — they have to make that about
190 Trump and not about Comey's refusal to do his job and investigate Hillary — it is
191 becoming more important than ever before that some evidence is found to implicate
192 Trump in a Russian conspiracy — something Putin is only too happy to encourage. (And
193 let me interject here in case I don't get to it, running out of time here, BE CAREFUL MR.

194 PRESIDENT ABOUT ANY FRATERNIZATION WITH PUTIN— he cannot be trusted.
 195 He will work with the Deep State to undermine you!!!!!!)

196 Following this? Good!

197 So, after Comey is fired, Strzok sees that it as urgent to take action — writes to his
 198 girlfriend a text saying that now that McCabe was in charge (one of their own that they
 199 can trust), they needed to "open the case we've been working on" — that's the Russian
 200 collusion thing.⁵ In fact, there is reason to hope Lisa Page will seek an immunity deal and
 201 spill — but, my friends, it remains to be seen. It will only happen if they get hard evidence
 202 that would support a conviction, unless somewhere along the way she grows a conscience.

203 They are becoming disturbingly desperate. I think Trump has been set up by the Dems
 204 using Putin (and Putin using the Dems). So far, these jackals jump too soon and their
 205 schemes unravel in their hands. Let's hope Trump does not get caught in one of Putin's
 206 snares. (Don't think for one moment Putin wanted Trump to be President — that's the
 207 big lie they hope they can tell often enough that your defenses will let down and you'll end
 208 up accepting it — no way! Putin is a Hillary guy — Uranium One, reset button, I mean
 209 this goes way back, Kennedy conspiring with Russia against Reagan, need I go on —
 210 anyone who is tricked into buying this nonsense that Putin was working to get Trump
 211 elected should just put on the dunce cap and wear it in public). Anyway, the Schiff-shark
 212 smells blood in the water — did Trump take the bait? This picture I'm looking at, of
 213 Schiff, he even looks like a shark; really he looks like he is demon possessed. Strzok has
 214 that same look lately; these people are getting troublingly desperate — their *devils* are
 215 showing. Schiff wants to subpoena the interpreter who attended President Trump's
 216 meeting with Russian President Vladimir Putin.

217 Nunes blocked Schiff's motion, which, by the way, was presented contrary to the rules of
 218 the House Intelligence Committee, but these guys don't care about rules.

219 I think Nunes nailed it — the Dems are desperate. They are trying to run out the clock —
 220 hoping the Senate can be turned back to their control in November.

221 The FBI is obstructing justice.

222 Nunes said, "It's the oldest trick in the book. We are getting a very slow snail-pace
 223 cooperation that is clearly designed to wait until next week when Congress adjourns." But
 224 he went on to say, "Now, I have news for them. They are still going to have to come in and
 225 give depositions. They may think they are not going to, but they are going to be coming
 226 in and getting depositions throughout the summer."⁶

227 The fight is on. The dark side is seething and afraid — and that makes them very
 228 dangerous. You pray for our President. I'm telling you, Putin cannot be trusted. He will
 229 work for and with the communists in our government to further the subversion of

230 America as founded. Mueller is a thug, Rosenstein is a snake; it would not surprise me at
231 all if Putin has been read in on a plan to take Trump out.

232 So, you see what happens? Disparate groups with widely different ideological centers
233 make connections at points of mutual interest. When these connections are solidified,
234 ideological corruption begins, only, like the law of thermodynamics, like the law of
235 gravity, there is a law of corruption and it always prevails. That law says that one bad
236 apple in the barrel corrupts all the good apples over time, but no amount of good apples
237 in the barrel will ever reverse the corruption of that one bad apple.

238 So what can you do? Here is something you can do right now. Send a donation to ACLJ
239 — that is Jay Sekulow's group and they are doing God's work here. They have filed 11
240 lawsuits against "the lawless - taxpayer-funded - Deep State bureaucracy." They are
241 winning these cases, and these cases can break the effort of Mueller and company and
242 expose them to the world. Sekulow is up against an enemy that has unlimited resources
243 — and they need our help. Send them a check today, or go online and make a donation.⁷
244 Go to aclj.org. Make a donation, help these people fight these enemies of our liberty in the
245 courts — use the freedom we have and our access to legal recourse while you have it.

246 Then, this Sunday, meet me at the Lighthouse. I'll be discussing this from a biblical
247 perspective, and I'll layout our prayer and fasting plan.

248 Remember November — I don't have time to offer my update on how things are shaping
249 up for November, but here is one thing you must understand. This is not only a political
250 war, this is a spiritual war; it is primarily a spiritual war. You need to know how to fight it.
251 Jesus complained that His enemies know how the world works better than His own
252 disciples understand how the Kingdom works. They know how to manipulate the "world
253 system," but God's own children do not understand how to, as it were, "work the system"
254 of the KINGDOM OF GOD. You'll learn about that Sunday night.

255 I have lit the lamps in the Church belfry arch and now you let me know if you see them.
256 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread
257 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS
258 OFF — which means you reject what I'm saying and disagree strongly with me. So, what
259 will it be today, lights on, or lights off?

260 Email me by going to our web site at brainmassage.net. That's brainmassage.net. Find the

262 God bless you. God bless America! I'll see you in Church.
