

Brain Massage: Show No. 685 The Liberal's "New" Hostility Strategy / Gun Control Takes A Blow / The Tariff Tiff / Rosenstein: Recuse, Resign, Or "You're Fired"

Jerry Scheidbach

Original Air Date: 07.28.18

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.
3 Hostility seems to be the left's chosen strategy — it is engrained in their ideological DNA
4 — remember Bill Ayres. Is it a winning strategy? Waters calls for "street screaming,"
5 Warren supporters punch conservative protestors, and Whoopi spits at Judge Jeannine —
6 is that whining, screaming, screeching we are hearing the "swan song" of liberalism in
7 America?
8 Gun control advocates take a blow from the courts: the 9th circuit joins, i think it's five,
9 other courts ruling that the constitution really does, in fact guarantee the right to carry for
10 self defense.
11 The Tariff Tiff — why the liberal liberals and the liberal CONservatives don't get Trump.
12 What's with the tariff tiff — Do foreign tariffs target US exports?
13 My friends, it's time for your Brain Massage.
14 [TRUTH]
15 Those really nice, loving, "give peace a chance" libs have decided *it's no more Mr. nice guy*.
16 Van Jones, you might remember him, founder of STORM, a Marxist-Leninist Mao loving
17 group, he's the guy who told the East Bay Express "I was a rowdy nationalist on April 28,
18 and then the verdicts came down on April 29," he is talking about the Rodney King beat
19 down, and verdict that followed, then, he said, "By August, I was a communist." But you
20 might know him best as Obama's pick for "Green Jobs Czar" — cause, Obama, you
21 know, he is down with the struggle for the proletariat against the bourgeoisie.
22 You know, that Russian revolution stuff. Back when Russia was under the Communist
23 party, the Left was all "To Russia With Love" — hey, maybe that's why they are so angry
24 at Putin. Yeltsin fired the Politburo and then Putin took over the country. The revised
25 version of the old Communist party hates Putin — he is allowing way too much freedom
26 in Russia these days — the left has always loved communism — the enemy of
27 Communism is the enemy of the left — one socialist joker smirked that Jesus never
28 required a copay to heal a leper. That's right, and he never picked the pocket of his
29 neighbor to heal a leper either. Jesus did not heal any leper in the name of the Roman
30 government, or with taxpayer's denari. Anyway, I need to stay on point —
31 So, you remember Communist Van Jones, violent protestor Van Jones, the guy that was
32 arrested, I think two or three times, for his participation in violent protests — he is a
33 guest on *The View* plugging his own primetime weekend show which is ostensibly about
34 bringing conservatives and liberals together. He is advocating for friendly discourse, a
35 dialogue that seeks to make connections at points of common interests — he want to

36 *nexus* — hehe, last show. Well, host Sunny Hostin will have none of that! No Sir! She
 37 badgered Jones to be more aggressive, to justify hostility against Trump voters; and I
 38 don't see anyway someone watching this exchange could walk away with anything less
 39 that that Hostin believes Trump haters ought to be hostile against Trump supporters or
 40 else they would be guilty of complicity — *complicity* — her word! If a liberal is not
 41 hostile to a Trump supporter the liberal is considered complicit in, well, in MAKING
 42 AMERICA GREAT AGAIN?

43 Where do these liberals think this is going to go? Waters is calling on the left to practice
 44 "street screaming." But when they get some of their own thrown back at them, they turn
 45 to violence.

46 Shiva Ayyadurai is running against Elizabeth Warren in Massachusetts — a real Indian
 47 — India-Indian — whose family legally migrated to the U.S. and this guy certainly
 48 contributed. He invented email in his garage — no kidding! Unlike Al Gore — who
 49 invented the Internet, Shiva, at 14 years of age, invented email in his garage. Anyway,
 50 with some of his supporters Shiva gathered across the street from a Warren / Whoopi
 51 event — and used a megaphone to speak to the Warren supporters and Whoopi *looky-*
 52 *Loos* lined up for the event. He is actually offering reasonable arguments he hoped would
 53 encourage the *Warrenites* to think — you can watch it here¹ so, of course, the
 54 Warren/Whoopi crowd starts screaming RACIST, RACIST — you know the drill.

55 But this guy does not back off — he starts calling them racists, RACIST, RACIST,
 56 RACIST — both sides screaming at each other RACIST, RACIST — it's comical! I
 57 mean, here is the problem; there isn't anything else we can do anymore with these crazy,
 58 maniacs.

59 We are getting sick and tired of this two-year-old screaming fit behavior on the left —
 60 DONE!

61 So Shiva just settles in and keeps at it, RACIST, RACIST, you are the RACIST, RACIST
 62 — anyway, some liberal dude starts getting hot — he walks toward Shiva with his
 63 umbrella in his hand, shouting racist, racist, and Shiva just keeps right back at him, racist,
 64 racist — you can almost hear the Looney Tunes theme playing in the background of this
 65 —

66 The *racist* screaming liberal simply does not know what to do when he is being called a
 67 racist by a conservative — and I'm loving this. I'm watching this liberal simply not know
 68 what to do. So finally, he punches Shiva, slams his megaphone into his mouth — because
 69 that's what Liberals do — metaphorically speaking, they are always trying to find a way
 70 to make conservative talk illegal, try to muzzle conservatives through political
 71 correctness — and when that does not work, they turn to violence.

72 Shiva's supporters were right on top of this and had that jerk on the ground in seconds flat
 73 — the police moved in and arrested the attacker, and finally hauled him off in a squad car
 74 — meanwhile, the Warrenites and Whoopi looky-loos started screaming their second

75 most favorite word: *fascist*. Shiva fires back, "you are the fascists," and, knowing the
 76 drill, he starts verbally pummeling them with repetition of the overused and so virtually
 77 meaningless dig, and anyway — in the words of Monk — "Here is the thing!"

78 What exactly does the left think is going to happen if they continue to pursue this strategy
 79 of hostility?

80 Do they want to foment open physical confrontation? Whose agenda does that serve?
 81 Anarchists! Anarchists have always found a home among the liberals.

82 It's weird to watch this unfold right in front of my eyes even though, as those of you who
 83 have followed this show for years know, I've been warning about this for about 10 to 15
 84 years.

85 How can we stop this before these two trains collide at full steam?

86 I mean, it is really getting seriously out of control, and so let me tell you right now that
 87 the absolutely worse thing that could happen is for conservatives to decide they must
 88 placate the left — never bow to the bully! Never, Never, Never — I'm sounding like
 89 Churchill — "Never give in, never give in, never, never, never, never—in nothing, great
 90 or small, large or petty—never give in except to convictions of honor and good sense."

91 There is nothing honorable in giving in to bullies. There is nothing honorable about
 92 giving in to screaming two-year-old tantrums of mindless liberal ideologues. There is
 93 nothing honorable in giving in to NONSENSE.

94 There is nothing honorable about giving in to TREASON —

95 Giving in to Marxists is treason against our Constitution.

96 Giving in to Socialism is treason against our Founders and the Republic they bequeathed
 97 to us.

98 Giving in to modern day Liberalism (Progressivism) is treason against our liberties, and
 99 against the blood of the heroes that died to preserve our freedoms.

100 Yielding to screaming, two-year-old ranting is not honorable it is despicable. Giving in to
 101 these screeching bullies will not yield peace; it will forge the chains by which we will be
 102 oppressed.

103 The temptation will be to back off, to yield to their lollipop notions to content them—to
 104 comfort them with soothing words — *okay, okay, okay, all right, it's okay, here is your*
 105 *lollipop*.

106 But trying to stick a pacifier in the mouths of these babies is rather like sticking your head
 107 into the mouth of a hungry and untrained lion.

108 America is waking up to the reality of what Liberalism has done, is doing, to America. It's
 109 becoming increasingly difficult for Liberalism to hide its Marxist-Socialist liberty-hating
 110 face behind all the *feel good* rhetoric they have used in the past to deceive the American
 111 people.

112 Neal Boortz is a libertarian, a lawyer, and a God fearing Patriot. I disagree with his view of
113 the role of Christianity in the rule Law, and of Christ's present Sovereign rule over all
114 governments (ala Romans 13, and all that) — but our differences are really very minor
115 even on that question. He wrote a bit that has been circulated as a commencement
116 address that he supposedly gave at his alma mater, Texas A&M. (Actually, while he did
117 attend the university in Texas, I understand that he never graduated.) He was never
118 invited to give any commencement speech to any university, which is why he wrote this
119 piece. It's his, and he published it in his book *The Terrible Truth About Liberals*.

120 Anyway, I thank the listener who sent this to me—and everyone should read his book—
121 but there is one section I want to use here — he offers keen insight into what separates
122 liberals from conservatives today.

123 As if addressing a graduating class, he advises them: "Pay attention to the news, read
124 newspapers, and listen to the words and phrases that proud Liberals use to promote their
125 causes.

126 "Then, compare the words of the left to the words and phrases you hear from those evil,
127 heartless, greedy conservatives. From the Left you will hear "**I feel.**" From the Right you
128 will hear "**I think.**" From the Liberals you will hear references to groups -- **The Blacks,**
129 **the Poor, the Rich, the Disadvantaged, the Less Fortunate.** From the Right you will
130 hear references to **individuals**. On the Left you hear talk of **group rights**; on the Right,
131 **individual rights**. That about sums it up, really: Liberals feel. Liberals care. They are
132 pack animals whose identity is tied up in group dynamics.

133 "Conservatives think — and, setting aside the theocracy crowd, their identity is centered
134 on the individual. Liberals feel that their favored groups have enforceable rights to the
135 property and services of productive individuals. Conservatives, I among them I might
136 add, think that individuals have the right to protect their lives and their property from the
137 plunder of the masses."

138 Well said — and with Neal, the Heritage Foundation, Rush, Hannity, Beck, Jay Sekulow
139 with ACLJ, Mark Levin — I'm sure to leave out someone's favorite champion for
140 Constitutional Liberty — so forgive me — with Inghram, Judge Jeanine, and our current
141 President, and his team, and well, you get the idea — there has risen an effective special
142 forces, special ops team of GOD fearing Patriots — but listen, unless those men that the
143 Holy Ghost has made overseers of His flock get right and get in the fight, we can't win!
144 On the other hand, if the remnant will rise up, we can't lose.

145 Hold on through the break; I'll be right back.

146 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
147 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
148 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
149 liberty.

150 Gun control advocates take a blow from the courts: the 9th circuit joins five other US
151 circuit courts to interpret the second amendment as supporting the Constitutional right
152 of Americans to bear arms in public for self defense. This is one of the more liberal
153 Appeals courts in the United States.

154 Pay attention to how liberal media positions these stories, how they frame them in deceit.
155 This article from Reuters says, "The extent of the right to gun ownership is one of the
156 most hotly contested debates in the United States, where there has been a steady stream of
157 mass shootings."²

158 Hmmm! It's not a lie, right? I mean it is true we have suffered a spate of mass shootings
159 over the last year, although it seems to have calmed down lately.

160 But it would be equally true to say "The extent of the right to gun ownership is one of the
161 most hotly contested debates in the United States, where there has been a steady stream of
162 lives saved by guns over the last decade."

163 Now, which of these would be *most true*? That would be the one that honestly reflects the
164 overall reality of gun ownership. What is that overall reality? Guns save more lives than
165 are lost. So if the balance of truth is on the side of gun ownership saving lives, then the
166 Reuters article casts the story in a dishonest light. And that's the way the Liberals play.

167 So what is the *play* here? I think the Liberal strategy has shifted on this question to a ploy!
168 They have been unable to rid guns from the American people because, frankly, the
169 Second Amendment is in their way.

170 They have succeeded at regulating away most of our Second Amendment rights, but
171 some God Fearing Patriots have risen up to fight back, and they just can't get what they
172 want so long as the Second Amendment roadblock is in their way.

173 The new plan — *okay, let's take on the Second Amendment, but not directly*. Let's put it
174 out there that, well, *America, we could do something about these mass shootings if only you*
175 *will get rid of this Second Amendment*.

176 You can hear that in (Jurist on the 9th Circuit Court) Judge O'Scannlain's ruling: "We do
177 not take lightly the problem of gun violence. But, for better or for worse, the Second
178 Amendment does protect a right to carry a firearm in public for self-defense."³ The effort
179 to make the second amendment the obstacle to ridding the nation of mass shootings has
180 been going on for a while — expect it to continue. We need to ramp up our education
181 efforts, especially among our young people.

182 The Tariff Tiff — why the liberal-liberals and the liberal-CONservatives don't understand
183 Trump. What's with the tariff tiff — Do foreign tariffs target US exports?

184 Look, I believe in free trade, but I also believe we cannot allow other countries to exploit
185 us, to take advantage of our workers and consumers.

186 I remember years ago this issue came up — certain countries were laying excessive tariffs
187 on our exports making it impossible for us to compete with them in their countries, while
188 they were able to flood our markets with products at prices our manufacturers could not
189 compete with, and that is unfair — and it becomes a national security issue if we, for one

² https://www.reuters.com/article/us-usa-guns-court/u-s-appeals-co...e=RSS&feedName=domesticNews&utm_medium=Social&utm_source=Twitter

³ Ibid.

190 example, have to depend on foreign steel.⁴ Because other countries place such high tariffs
 191 on our steel, we can't sell our steel abroad, but because we place little or no tariffs on
 192 imported steel, we are flooded with steel at prices our own manufacturers can't beat; and
 193 that is because our wages are higher and so forth — so you can see that this is a problem.

194 In this way, a tariff can *even* the playing field.

195 The problem, of course, is that it also increases the prices of goods on the consumer. Also,
 196 it interferes with competition, which can create its own set of problems. Some of us
 197 remember what developed in our auto industry here. Our auto manufacturers were
 198 producing an embarrassingly inferior product. FORD came to mean *fix or repair daily*.
 199 GM was apparently attempting to make the vehicle a disposable product designed to be
 200 replaced every three years. A lack of competition degrades quality of production.

201 The Toyota did the American consumer a great favor by making it clear to our US auto
 202 makers that they could no longer take their American markets for granted. That is only
 203 one example of several that could be brought forward.

204 On the other hand, it is not fair to American jobs, or American workers, or American
 205 industry, to be put in a position where we are at a great disadvantage both here and
 206 abroad, especially when what begins to happen is 1. We start shuttering our
 207 manufacturing industry, which creates a serious economic problem relating to jobs, and
 208 2. We begin to become increasingly dependent on production in other countries, which
 209 creates a national security concern — so how do you balance all of this out?

210 There will be some ebb and flow in this sort of thing. But I think Trump's idea is the right
 211 one. Let's get rid of all tariffs.

212 Trump has looked at this and said, in effect, *this is stupid. Why do our steel and aluminum*
 213 *companies have to compete with other countries with both hands tied behind their backs. If*
 214 *Europe is going to slap tariffs on us, fine, we'll slap tariffs on them.* Boom! Trump drops
 215 Tariffs on steel and aluminum imported from Europe. Europe retaliates by increasing
 216 tariffs on US — here we go!

217 Shortly after this got started, the European Commission President Jean-Claude Juncker
 218 comes to America (I won't say, "Comes crawling to America," but, in a way, the fact is,
 219 Trump got their attention. This is wrong! It needs to stop! It's like Shiva shouting back at
 220 the racist-screaming liberals — give them some of their own — so it shook them up, and
 221 brought them to honesty.)

222 I remember as a kid, I had a friend, Pat Mendeola; he was a boxer, and won Golden Glove
 223 in his division. He was very good. He talked me into getting into the ring with him to
 224 goof around, and so I put on the gloves and climbed through the ropes and we began to
 225 dance around and throw some blows, and I got to thinking, hey, I'm doing pretty good —
 226 this guy is a Golden Gloves boxer and I'm holding my own here, so I'm getting cocky.
 227 Well, he noticed that I was getting cocky and suddenly, this guy exploded on me and in
 228 seconds I'm seeing stars and counting tweety-birds. I totally get where that cartoon

⁴ 685.27.5-U. S. Steel/ Imports threaten our nation's security

229 imagery comes from. When I shook it off, and regained my vision and looked at him, like,
230 where did that come from, he said, "Hey, Jerry, I just wanted to keep you honest."

231 That's what Trump is doing here. He is going to throw down some blows to shake these
232 guys out of their cocky comfort zone and make them pay attention to what is honest-
233 trade!

234 So, what happens? Well, everybody is interested in talking about these tariffs, and it's
235 moving toward zero tariffs — in other words, real free trade. It is arguable that tariffs
236 impose a dynamic in the market place that interferes with free trade — or in other words,
237 free trade must be fair trade to remain free. It's like everything else in life — abuse of
238 freedom compromises the integrity of freedom.

239 Okay, let's see, yeah, let's take a look at what's going on with malevolent Mueller and his
240 persecution of Trump.

241 Will Congress impeach Rosenstein? Sessions seems to think Rosenstein is doing a great
242 job; instead he should be firing him. Rosenstein is obstructing justice and defying
243 Congressional oversight of his department. Sessions was manipulated into recusing
244 himself; but Rosenstein, it turns out, has more reason to recuse himself from the Russian
245 collusion investigation than Sessions ever did.

246 His suspected involvement in the alleged abuse of power by the FBI being investigated by
247 the Congressional Oversight Committee makes him totally unqualified to continue in his
248 position over this investigation since it puts him in a conflict of interest. He needs to
249 recuse himself, or be fired.

250 He is a person of interest in this investigation and so this only exacerbates suspicion
251 about why he keeps defying Congressional demands for the release of un-redacted
252 documents related to the queries of the Congressional National Intelligence Oversight
253 Committee.

254 Rosenstein is seen as a "person of interest" in the Justice Department's attempt to conceal
255 information by blacking out certain document passages that are not of any national
256 security concern, but include revelations that would allow the oversight committee to get
257 to the bottom of what has been going on in the FBI's abuse of power.

258 His involvement in "intentionally" hiding the origins of a Hillary Clinton campaign-
259 funded research document in the initial FISA application on Page is also of concern.

260 This is that now infamous dossier "alleging many salacious and unverified connections
261 between Trump and the Kremlin," that was produced by an intelligence-gathering firm
262 called Fusion GPS, which was "hired by a Democratic lawyer reportedly acting on the
263 Clinton campaign's behalf," and used to get warrants to wiretap an American citizen, who
264 was running for the office of President. Talk about collusion to influence an election!

265 Okay, here is a little something for my fellow black robe regiment warriors — something
266 for all GOD fearing patriots who have answered the call to stand up for freedom and fight
267 the lies and the liars that are tearing down our supports for Liberty and Justice in
268 America.

- 269 I'm talking about the tools God has given us, and how to use them in our war against the
270 encroaching darkness. Don't miss out. Be there, Sunday night, 6 pm.
- 271 We need to pray earnestly that the works of darkness will be reproved.
- 272 This means they need to be exposed. They need to be brought into the light.
- 273 Jesus promised His Spirit would come into the world to reprove it of sin, righteousness
274 and judgment— and this Spirit would flow through our belly like a river of living water.
- 275 Learn how to bring the light of truth into this darkness and break the power of the enemy
276 to continue to hold Americans hostage to lies.
- 277 I have lit the lamps in the Church belfry arch and now you let me know if you see them.
278 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread
279 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS
280 OFF -- which means you reject what I'm saying and disagree strongly with me. So, what
281 will it be today, lights on, or lights off?
- 282 Email me by going to our web site at branmassage.net. That's brainmassage.net. Find the
283 CONTACT button and send me an email.
- 284 God bless you. God bless America! I'll see you in Church.
