

# Brain Massage: Show No. 688 Digging Through The Walls / The Post Mortem Of Liberalism

Jerry Scheidbach

Original Air Date: 08.18.18

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in  
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 Trouble in the Vatican — again! This one is massive. 301 priests indicted, a Cardinal in  
4 CA exposed. The light is shining so bright it'll leave the Trolls blinking blind!

5 Here is a father that caught a man following his daughter into the restroom, and trying to  
6 get into her stall — beat the guy to death!

7 The New Mexico school shooting camp case is getting weirder.

8 Okay, my friends; it's time for your brain massage!

9 [TRUTH]

10 Read Ezekiel 8:7-18. The prophet was instructed to dig into the wall of the Temple. God  
11 wanted to show him what the religious leaders were doing in secret — in what He called  
12 the "chambers of their imagery." Their secret places where they kept their idols, their  
13 enchantments, their sorcery. They form secret societies within the broader religious  
14 systems, and use the cover of that religious system to hide their evil and to prey upon the  
15 innocent.

16 These secret societies always have an obsession with sexual deviancy and a perverse  
17 passion for corrupting innocence — Jezebel was allowed to teach Christ's disciples in the  
18 church in Thyatira to commit fornication and to eat foods sacrificed to idols (Rev. 2).  
19 How wicked is it when church leadership acquiesces to this sort of thing? They become  
20 accomplices to the evil. Like the religious hypocrites in Jesus' day who justified crucifying  
21 Christ as an expediency to protect themselves from losing "their place" — (John 11:48),  
22 many of the religious leaders in the Roman Catholic religious system provide cover for  
23 these pedophile priests — and even promote them — and use the fear of the "church" to  
24 intimidate "parish-hostages" into silence, allowing this monster to grow until it becomes a  
25 towering Moloch devouring children in the flames of their perverted lusts. Who are these  
26 people that like the idol worshipping pagans of the past throw their children into the  
27 arms of these priests of Moloch, and who cover up their evil? Co-conspirators of Satan —

28 God has heard our cry — our plea — to shine His light into the "chambers of their  
29 imagery" the secret chambers where they practice their evil upon children, robbing their  
30 innocence, leaving them souless ghouls they can control.

31 What some of these religious people do in the chambers of their imagery is disturbing —  
32 loathing should be felt by every decent soul against such evil — and we must expose it!

33 It cannot be swept under the rug, so to speak; it must be brought out into the light and  
34 exposed.

35 So, here we go, there is trouble in the Vatican — again! This one is massive. The light is  
36 shining so bright it's got the Trolls blinking!

37 But it should be pointed out that this is not only something that goes on in the Roman  
38 Catholic Church — these "creepers" show up in droves there, to be sure, the system  
39 invites it, the darkness there allows these trolls to hide more easily than in other more  
40 open systems — but this sort of thing is going on and it must be stopped.

41 Remember, the Sandusky scandal at Penn State? You probably did not hear the half of it.  
42 This guy was using children in the showers in front of other students. He shared boys he  
43 molested with other high-profile pedophiles linked to Penn State as part of a sex ring.

44 Recently, KTLA, and other news outlets, reported a human trafficking sting operation  
45 that resulted in 474 arrests, and the rescue of 28 victims, women, teens, and even  
46 children, used by these perverts, some of which were kept in cages. Here is another report  
47 of five arrested in California on human trafficking stings — these people should be put  
48 down like rabid dogs: the people buying it and the people providing it.

49 There comes a time when it is necessary to dig through the walls behind which these  
50 perverts hide, to shine the light of truth into the "chambers of imagery" — to dig through  
51 the wall put up by those that hide this from public view and expose it — the wall of those  
52 who get angry at those who expose it — they get more angry at the people who expose  
53 this evil than they are angry at those who perpetrate this evil — dig down those walls and  
54 shine truth into these "chambers of imagery" — and show the people what they are  
55 supporting!

56 These secret human trafficking rings are like cults — and it is weird how often, according  
57 to police reports, they often find Satanic ritual connected with this, devil worshipping  
58 connections to the upper echelons of leadership in these organizations — all of them want  
59 to identify with Crowley — who recruited Kinsey to use fake-science to destroy Christian  
60 mores that protect women and children from the Beasts — Crowley and company.

61 Listen, the farther we move from God to closer we come to Satan.

62 The crowd that shakes its fist into the face of God and rages: "let us break their bands  
63 asunder and cast away their cords from us" are sending this ship of state adrift from the  
64 mores of morality into the deep and dark sea of man's depravity — unrestrained,  
65 unchecked. And the hunger of devils is to devour innocence — through seduction  
66 corrupt it, through abuse destroy it. They rage against righteousness — and revel in evil.

67 They think it is liberty, but it is not. Common sense tells you that liberty can only be  
68 enjoyed within the confines of LAW. In the present case, if you violate law you lose  
69 liberty. It's true spiritually too. Violate law, and lose liberty. True liberty is not freedom  
70 from the rule of law; laws protect liberty. In anarchy, there is NO LAW, and immediately  
71 following that, there is NO LIBERTY.

72 Breaking down God's LAWS governing sexual relations and marriage is exposing us more  
73 and more to sexual anarchy which leads to sexual tyranny. Don't you see it? It's exposing

74 our children to lawless lusts of devils, devotees of Aleister Crowley, who obsess on sex and  
75 have a perverse appetite to devour the innocent.

76 Why are we not protecting our children from this? Have we become a culture that feeds  
77 our children to the fires of Moloch?

78 301 priests arrested for pedophilia, in Philadelphia alone. More than 1,000 victims  
79 identified. Jurors suspect the count is much higher. The pattern was abuse, deny, and  
80 cover up.

81 So, while the priests in the Roman Catholic Church in Philadelphia are busy corrupting  
82 children with molestation, Muslims in a camp in New Mexico, and in 22 other camps, are  
83 training children to be school shooters — terrorist training camps operating in the US by  
84 radical Islamists who kidnap children and imprison them, break them down through  
85 abuse, including starvation, and then force-train them to be terrorists — with the goal of  
86 setting them loose in an American school. Then, we have an American judge who sets  
87 bail for the perpetrators at 20K and then let's them walk on a signature bond — meaning  
88 the bond was meaningless since they did not have to come up with any funding at all, and  
89 the rationale for the judge was that the prosecution did not show sufficient evidence that  
90 there was any actual plan to commit an act of terrorism, nor did the prosecution satisfy  
91 the court that these people constituted a flight risk.

92 And my point here is that while it is clear this judge is infected with a critical case of that  
93 disease called "modern liberalism" that infects the brain with a virus that eats away  
94 common sense — what is it about the fact that these people were holding children in  
95 squalid conditions, obviously imprisoning these children, who it has been confirmed in at  
96 least once case, had been kidnapped, and this woman is demanding the prosecution prove  
97 they intended to use the children in a terrorist attack — do you see what I'm saying. It's so  
98 deeply troubling, frankly, I'm having difficulty keeping my emotions under control here  
99 — this idiot judge does not think the obvious aspects of this case (they were holding these  
100 children that were not their own children in squalid conditions clearly demonstrating  
101 carless neglect at the very least with strong support for the allegation they were training  
102 these kids to commit acts of terror, including, but not limited to, evidence they were  
103 being trained in the use of firearms — this did not warrant these suspects should be held  
104 without bail? This woman is demented!

105 However, to clarify, one of the suspects, Siraj Ibn Wahhaj, among those the children said  
106 was training them to carry out school shootings, is being held on a detainer from Georgia  
107 for kidnapping. The others were released.

108 Now, wait for it — because it gets, well, it gets worse. It gets really, really weird.

109 The prosecution did not bring forward in court the evidence that shows what these  
110 people were up to. According to Judge Backus, the prosecution did not present the  
111 evidence. What evidence did the prosecution fail to bring forward?

112 Child witnesses, the eleven kids kept in this camp, testified that they were instructed to  
113 give targeted individuals a chance to convert, that they were to be detained until they  
114 were converted, but this failing, they were to be killed. The children told FBI agents that

115 they were instructed in the use of tactical weapons to carry out their assignments. That  
116 they were taught to attack corrupt institutions, including schools. One of the children  
117 died, remember, I mentioned it last week, a son of a New York Imam.

118 The woman leading this weird cult explained to the children trainees that the child would  
119 return as Jesus and given them direction on which corrupt institution to target.

120 Of course, ammo was found corroborating their story, books on training for tactical  
121 assaults and so on were found on the property, the conditions of the compound and the  
122 fact that these children were being held hostage in deplorable conditions all corroborates  
123 their story —

124 But, according to this report, the prosecution did not present this evidence in the bail  
125 hearing. That's right! Judge Backus explained that the prosecution did not present any  
126 evidence of child abuse at the hearing.

127 But wait, it gets weirder. The Feds went on to the compound and trashed it. Perhaps they  
128 gathered what evidence they needed and took the RV and left the place a mess — but  
129 according to some who have looked at this, it appears all they did was trash the scene and  
130 taint any evidence. We'll see!

131 But this is very, very strange. "Despite this overwhelming evidence that the FBI claimed to  
132 hold, Judge Backus explained that the prosecutors failed to mention any of this in court."<sup>1</sup>

133 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,  
134 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church  
135 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our  
136 liberty.

137 Brennan dehorned — or disbudded — was Trump right to revoke Brennan's security  
138 clearance? What about Hillary, and other traitors, like Obama.

139 Greatgate — is the *gate* thing overused? Anyway, New York Governor Andrew Cuomo  
140 recently said, "We're not going to make America great again. It was never that great!" This  
141 takes us to a discussion about the state of Liberalism today.

142 AB 2943 has passed the CA Senate — who voted for it, and against it, and what does this  
143 mean?

144 And I keep not getting to weigh in on the Social Media — gate — hehe. Should Facebook  
145 shut down Antifa? What about what is going down on Alex Jones? Here is one thought —  
146 we must not allow FB to become the social media equivalent of a utilities server — like  
147 PG&E or, remember, MA BELL? The monopoly of liberals holding control of major  
148 avenues of news to the public is dangerous. We need alternatives — I might have found  
149 one. The question of censorship is an important issue today!

150 Oh, and Mueller's meddling in the upcoming election needs to be exposed —

151 So, finish up your brain massage for today. Let's roll — [TRUTH]

152 Brennan dehorned — or disbudded — was Trump right to revoke Brennan's security  
 153 clearance? Rand Paul thinks so. In fact, Rand Paul asked the President to do it. Why?  
 154 John Brennan was leaking to the press, and he was using his security clearance "to  
 155 leverage speaking fees or network talking head fees."<sup>2</sup>

156 Paul says Brennan should have had his clearance revoked for cause. He said, Brennan  
 157 "leaked information that came out in the media that we had a double agent in Yemen."

158 Remember Valerie Plame — remember the Plame game? She was not in the field, she  
 159 worked in the office, remember this? Supposedly, her "cover" was blown, by a leak, and  
 160 this became wall to wall news coverage for a month used to beat up the Bush  
 161 administration.

162 Now, Brennan, former CIA director, outs an operative in the field — and it's — — — as  
 163 mute as a fat Buddha idol.

164 That's right! The left are as hypocritical as a pedophile priest.

165 What about Hillary, and other traitors, like Obama? Apparently, Trump has some more  
 166 on the list of those whose security clearance he is thinking about revoking — let's see,  
 167 Phoney Baloney Comey, Bruce Ohr, and former DIA director James Clapper — nope,  
 168 Hillary's name is not on the list, yet!

169 So, what does Brennan do? He comes out swinging: "Former CIA Director John O.  
 170 Brennan said Thursday there is no question that President Trump colluded with Russia."  
 171 Really? So, where is the proof? How about there is no question you were involved in this  
 172 cover up for the FBI and the phony dossier, you corrupt liar?

173 Okay, what else — oh. Well, looky here!

174 Greatgate — is the *gate* thing being overused? Anyway, New York Governor Andrew  
 175 Cuomo recently said, "We're not going to make America great again. It was never that  
 176 great!" This takes us to a discussion about the state of Liberalism today.

177 Dan Bongino recently tweeted: "Liberals aren't hiding anymore. They're finally  
 178 acknowledging their warm embrace of: 1). Political violence; 2). Weaponized  
 179 government; 3). political spying; 4). mob tactics; and 5). speech suppression. The truth is  
 180 finally coming out."<sup>3</sup>

181 Let's add one! Despite for America. We've known it for a long time. Even before Michelle  
 182 Obama revealed she had never before been proud of America until her husband was  
 183 elected President.

184 We've known it for a long time. Even before we learned that Obama's White House  
 185 Communications Director's favorite philosopher was Mao Tse-Tung murderer of 70  
 186 million Chinese.

<sup>3</sup> See 688.31.1

187 It's not a total surprise, but it is becoming more vocal, more, well, more vicious and nasty.  
188 New York Governor comes right out and says it — "We're not going to make America  
189 great again. It's never been that great."

190 And his younger brother, over at CNN, Chris Cuomo, recently said CNN would not  
191 condemn political violence against anyone it defines as "bigots."<sup>4</sup> Can you believe this? Of  
192 course you can. You've known this all along about these vicious, mean, ugly people—and  
193 I mean ugly in character and spirit. Distorted souls!

194 Listen to this! "All punches are not equal morally ..." he said, "Drawing a moral  
195 equivalency between those espousing hate and those fighting it, because they both resort  
196 to violence emboldens hate, legitimized hateful belief and elevates what should be  
197 stamped out." [IBID]

198 Are you hearing this? These Cuomo's, woah! America has never been that great; and his  
199 brother, let's "stamp out" those we disagree with. And, claiming that violence against  
200 people Cuomo believe ought to be stamped out is justified, in fact, to say otherwise is to  
201 legitimize the side Cuomo wants "stamped out."

202 I'm telling you, these people are calling for civil war. You had better do what Jesus told  
203 you to do and arm yourself, and be prepared, because, just look at what's going on around  
204 you. They are calling for violence against those they disagree with.

205 You have never heard any conservative do that. I mean, these are not the fringe weirdoes  
206 that stalk any group — I'm talking about a Mayor of New York City and his brother, a  
207 reporter on CNN.

208 We've come a long way from Martin Luther's civil rights campaign. They, and by "they" I  
209 mean the left, they don't look to King, they look to Mao — they are dangerously allowing  
210 their movement to be swept up into becoming Mao like purging campaign — listen, what  
211 ever you do, don't give these crazy people political power.

212 Don't do it. Please listen to what they are telling you about what they intend to do.

213 CNN reporter Chris Cuomo is saying — after telling us "all punches are not equal  
214 morally" he says, "Two wrongs and what is right? The bigots are wrong to hit. Antifa or  
215 whomever — anarchists or malcontents or the misguided — they are also wrong to hit.  
216 But FIGHTING FATE IS RIGHT. And in a clash between hate and those who oppose it,  
217 those who oppose it are on the side of right." You put that together with the statement  
218 that as far as Cuomo is concerned, and let's be clear here, let's put the frame around this  
219 statement — it's all part of the general call coming from the left to attack Trump  
220 supporters. They have decided Trump is a racist, even though he has done more for  
221 blacks and Hispanics, and the rest of us too, by the way, than any of those political leeches  
222 that have never produced anything, not a single job, who have lived off the taxpayer their  
223 entire careers and have not clue about how any economy actually works — academic  
224 politicians trained in a socialist ideology — worthless! Totally worthless — they've done

225 nothing for the people who have voted for them repeatedly, now Trump comes along and  
226 does more for us all than any of those deadbeats — and they are freaking out.

227 I mean, literally. So now they are talking about ideas they disagree with that should be  
228 "stamped out" — and the problem is, the ideas they disagree with are those that are  
229 Making America Great Again.

230 This is so far from classical liberalism. Classical liberalism would argue for everyone's  
231 right to be heard, every one's right to free speech, and so on. These people are the reverse  
232 of classical liberalism. They are the opposite of what their movement was all about! How  
233 did this happen?

234 The hatred for Trump is irrational. They call him a racist but never cite any evidence  
235 supporting the claim. His actions belie the charge, and happily, many Americans are  
236 seeing it, they are experiencing it — they see the economy improving and they also see the  
237 left imploding and becoming crazy radical — I mean, not just radical, but crazy radical.  
238 Pray, and work to help your neighbors see what's going on. Who are the ones provoking  
239 hatred? Who are the one's endorsing violence? Who are the ones behaving like crazy  
240 people — this recent story of a demoncrat ramming a car because it had a Trump  
241 bumper-sticker. You've got to be kidding me? And that's not the only story like this. You  
242 remember the video clip of a Trump supporter being physically assaulted in a restaurant a  
243 short while back, and here is the story of a Houston-area Mexican restaurant that was  
244 forced to shut down it's social media accounts because it posted a picture of the owner  
245 welcoming a visitor from the Trump Administration who dined in his store — the left nut  
246 cases when ballistic and shut him down. This is getting absurd! Maxine here in CA calling  
247 for people to get aggressive and in the face of Trump supporters and "let them know they  
248 are not welcome" —

249 Look, I deeply resented Obama's politics, and I cringed at every Obama sticker I saw, but  
250 never, not even in my dreams, did I ever even think of assaulting someone or aggressively  
251 attacking them in public or something like that. You people on the left need to take a  
252 breath! I can't imagine anyone with sense wanting to be identified with that party today.

253 So, I need to conclude.

254 The scorecard on Liberal's effort to get rid of Trump does not look so good.

255 Yates — Fired; Comey — Fired; McCabe — Fired; Strzok — Fired, Rybicki — Resigned;  
256 Baker — Resigned; Page — Resigned; Ohr — Demoted. Trump, still Smiling! Thank you  
257 Bongino!

258 But before I conclude, I must ask all my CA audience to call the governor's office and ask  
259 him to veto AD 2943. I understand it has passed the CA Senate. It's a crime against free  
260 speech, against freedom. It's another example of the insanity of the left — let's join with  
261 Travis Allen and John Cox and take California away from these crazy lefties.

262 I have lit the lamps in the Church belfry arch and now you let me know if you see them.  
263 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread  
264 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS

- 265 OFF -- which means you reject what I'm saying and disagree strongly with me. So, what  
266 will it be today, lights on, or lights off?
