

Brain Massage: Show No. 696 The "Incivility" Argument / Has The Cold War Gone Hot?

Jerry Scheidbach

Original Air Date: 10.13.18

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 Added to the list of things that would never have happened if Obama were still President,
4 or if Hillary had become President: Pastor Andrew, held imprisoned by Turkey for two
5 years for the crime of "Christianization" was freed. Hallelujah!

6 The DEMS are clearly in panic mode. I'm seeing donation requests promising 500% and
7 even 600% matching gifts. Of course, but we are talking about the modern Dems here, so,
8 this could be bogus. 600%. Really?

9 Kayne West is not "feeling the love" from "his people." This is very sad. It is so obvious to
10 anyone with sense that the Dems have lost their minds. If you disagree with them, they
11 attack, they smear; they go all out to destroy you.

12 Michelle Obama is right — for once! Defends her motto: "When they go low, we go high."
13 Reacts to Hillary's call for incivility with a sensible statement.

14 Count among the Dems losses recently these: Republican Senators Collins and Graham.

15 Are Google, Twitter, and YouTube the enemies of free speech?

16 But what has my attention this week is the volcano of violence that's threatening to erupt
17 in this nation and what can be done about it. The voter is being threatened by the
18 mobocracy of the Left.

19 Friend, this upcoming November election is critical — I know it seems impossible to
20 imagine, but the fact is, this coming November is even more critical to the future of
21 America than was 2016.

22 "If God be for us, who can be against us?" Is God for us?

23 "For whom he did foreknow, he also did predestinate *to be* conformed to the image of his
24 Son, that he might be the firstborn among many brethren. Moreover whom he did
25 predestinate, them he also called: and whom he called, them he also justified: and whom
26 he justified, them he also glorified. What shall we then say to these things? *If God be for*
27 *us*, who *can be* against us? He that spared not his own Son, but delivered him up for us all,
28 how shall he not with him also freely give us all things? ~ Romans 8:29-32

29 My friends, it's time for your brain massage!

30 [TRUTH]

31 The list of things that have happened that would never have happened if the Democrats
32 had succeeded in their collusion with Russia to fix the 2016 Election in favor of Hillary —
33 what's that? — you say it was Trump colluding with Russia to fix the election ... uh huh?
34 So, you get your news from CNN — which lied to the American people, I mean, flat out

35 lied to us about their source for some fake news they spat out there against Trump.¹ They
36 got caught in the lie but continue to "stand by their story"— what actually happened is
37 Lanny Davis, Cohen's attorney, made a personal statement that Trump knew this in
38 advance, a reporter picked that up and reported it as news implying this "anonymous"
39 source was about to blow the whistle on Trump to Mueller — so when Davis gets wind of
40 this, and comes out honestly and says that he was the source for this and that he was
41 wrong to make such a statement without any evidence to support it, CNN denied that
42 Davis was their source, so, who ya' gonna trust. CBS? Oh, you mean the news company
43 that fired Kris Long because he had the audacity to Tweet in favor of the erstwhile
44 American tradition of innocent until proven guilty — you might remember that old
45 bygone American value. But CBS will not tolerate any reporter in their employ who
46 would defend Kavanaugh's right to a presumption of innocence — and warned that this
47 just "stinks of political maneuvering" — so, he got pink slipped out of his career — even
48 after he apologized for saying such things so offensive to CBS as that Kavanaugh, we are
49 talking Kavanaugh here folks, so everyone should understand why CBS would fire this
50 guy — right?

51 So, anyway — a former British spy working for Fusion GPS an organization hired by the
52 Hillary campaign to do opposition research on Trump, gets some Russians to assist him
53 in creating a phony dossier full of outlandish and unsupported allegations against Trump,
54 and this is used to get FISA warrants to spy on a citizen of the US — who is running for
55 office — all under Obama's watch, so the DOJ and particularly the FBI are now PROVED
56 to have been complicit in an effort to use a RUSSIAN sourced fake Dossier to take down
57 Trump's campaign and now his presidency — and you think it was Trump that colluded
58 with the Russians?

59 No, not you — you! The other guy, over there, the one wearing the Strzok grin and
60 wriggling about in his seat like he is demon possessed. Yeah! That's right. You! Well, you
61 too. But, no, not you!

62 (Hehe! Forgive my playfulness here — but, believe it or not, there are some who don't get
63 the use of the rhetorical "you" and so they need a little help sorting that out from time to
64 time. "YOU" is to be taken in context. We used to say, "if the shoe fits," but —)

65 So that's what Dems are about these days. Fake news, fake dossier's, fake accusations, as
66 illustrated lately against Kavanaugh, lies and deceit. But it should not surprise us. As the
67 good-book says, the children of the devil are of their father who is a LIAR. The
68 Democratic convention went out of its way a short time ago to declare, out loud in front
69 of God and everybody else, that GOD is not welcome in the Democratic party. Remember
70 ... [INSERT clip from 2012 Democratic Convention].

71 "America is no longer a Christian nation" Obama was their man in 2012. The most
72 transparent Presidency ever (had to sue him to see a birth certificate, never have seen his
73 college records, or health records) — but, he was transparent about his boozing,

¹ https://www.realclearpolitics.com/video/2018/08/29/glenn_greenwald_cnn_has_major_credibility_issue_after_lanny_davis_backpedlaing.html

74 drugging, fighting, carousing teenage life style — that never bothered anyone on the left,
75 even though it seems to have become somewhat of a greater concern to them when it
76 comes to Kavanaugh — no double standard here — of course. How can there be.
77 Supporting Obama was the "right" thing to do, and supporting Kavanaugh was the
78 "wrong" thing to do — duh!

79 And that's where the left is today. Morals, ethics, even civility, IT'S ALL POLITICIZED
80 NOW. If an American value, like innocent until proven guilty is trampled under their
81 feet, so be it — it's done to do the "right" thing and what's right and wrong is literally
82 defined by what gives them political power — that's what is right, and what takes political
83 power away from them — that's the definition of wrong.

84 Now, what was I talking about before I interrupted myself — it's hard not to go back to
85 this egregious effrontery to human decency that we are seeing on the left day after day —
86 but, anyway, the list of things that have happened that would never have happened if the
87 Democrats had succeeded in their collusion with Russia to fix the 2016 Election in favor
88 of Hillary include ...

89 The most fantastic economy this side of Reagan, a jobless rate that would, you know
90 what, I think Reagan is applauding from his grave at the job Trump has done with this
91 economy. And as for foreign affairs — well, let's put it this way, all the right people are
92 afraid of us again. The hope of freedom is breathing again and the oppressed across the
93 world see the light of liberty glowing from these shores again. Turkey was finally
94 convinced it is in their best interest to release Pastor Andrew from prison for the crime of
95 "Christianization."

96 Christianization threatens dictators and oppressors — it proclaims the truth that the
97 kingdoms of men belong under the RULE of CHRIST.

98 Added to the list of things that would never have happened if Obama were still President,
99 or if Hillary had become President: Pastor Andrew held imprisoned by Turkey for two
100 years for the crime of "Christianization" was freed. Hallelujah!

101 The DEMS are clearly in panic mode. I'm seeing donation requests promising 500% and
102 even 600% matching gifts. Of course that is ridiculous and if you do some math, you
103 know it's nonsense. They are lying. There is a cap on it somewhere, of course, but this is
104 what they must resort to continue hoodwinking their followers.

105 Here is a Dem who is getting support for his campaign by putting out fund requests for
106 donation to other Dem celebrities not telling those who donate that he is skimming half
107 of everything they give to put into his own campaign. Yep! "Avenatti Doesn't Mention In
108 His Beto Fundraising Tweet That His PAC Gets Half."

109 But we are talking about the modern Dems here. This is the crowd that screamed,
110 effectively, screamed goodbye and good riddance to God. (By the way, I see you over there,
111 and I'm really glad you are in my audience, but I do see you over there screaming at me
112 about *the fact that the DNC leadership declared the resolution to acknowledge God passed.*
113 Haha! Okay, okay! You want me to say that, you want me to tell my vast audience that in
114 2012 the Dems passed a resolution to acknowledge God in their Party? Well, there you

115 have it, I just did. Now, shall I play that clip again? You know, the one where the voice
116 vote was so obviously opposed to the resolution that the moderator was flummoxed and
117 embarrassed to discover that the antichrist spirit has almost totally overrun the
118 Democratic Party? No! You don't want to relive that auspicious moment in your party?

119 Okay, well, how about paying attention to the godless behavior of your party right now.
120 Oops, out of time. No worries though. I will be right back.

121 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
122 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
123 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
124 liberty.

125 I'll be at 34,000 feet when this show airs Saturday noon — and in South Carolina when it
126 airs Sunday am. Dr. Beckum's Prayer Conference will be held at the Tabernacle Baptist
127 Church in Greenville, SC this year — it's sort of a homecoming for us, since this is the
128 great church where the prayer conferences began. I hope my listeners in that area will
129 stop by to say hello.

130 Friend, this upcoming November election is critical — It seems impossible, but this
131 coming November is even more critical to the future of America than was 2016. Please do
132 not underestimate (thank you Bush) the wrath of the left right now. And please stand
133 up to their bullying tactics.

134 Kayne West is not "feeling the love" from the left. This is very sad. It is so obvious to
135 anyone with sense that the Dems have lost their minds. If anyone in their ranks dare to
136 disagree with them, they attack, they smear; they go all out to destroy you. And it's not
137 simply an expression of disappointment, or an effort to engage them on the merit of their
138 ideas or concerns — no, they become vile, vicious, venomous, vexing, villainous,
139 vindictive, virulent, vitiate, in their vitriol and vituperative vendetta and today there is not
140 even an effort to hide it all behind a veneer of verisimilitude.

141 Man, these people are nasty.

142 Mount Olympus is quaking — Obama's volcano of violence threatens to erupt in this
143 nation. The voter is being bullied by the mobocracy of the Left.

144 You saw Black Panthers intimidating voters at polling stations in 08, and remember how
145 Obama's administration protected them. Now you have Democrat leaders calling for
146 incivility, encouraging harassment — telling their followers that they should not allow
147 Trump supporters to have any peace or rest in restaurants or at gas stations.

148 Michelle Obama famously said, "When they go low, we go high." The new motto on the
149 left is "when they go low, we kick them."² That from Eric Holder — the guy that did
150 everything he could to avoid prosecuting the thugs that stood outside voting stations
151 intimidating voters to vote for Obama. The guy who covered up Fast and Furious, the guy
152 — you get the idea.

² <https://eaglerising.com/62908/holder-when-they-go-low-we-kick-them/>

153 When Holder says "But we got to be tough, and we have to fight for the very things that
154 [civil rights leaders] John Lewis, Martin Luther King, Whitney Young – you know, all
155 those folks gave to us."³ I wonder, what is this man talking about? THE ONLY PEOPLE
156 WHO EVER OPPOSED ANY OF THAT WERE DEMOCRATS. If that truly is your
157 concern, sir, be at ease. No one on the right now, OR EVER, opposed civil rights.

158 Do you believe Eric actually thinks Trump wants to roll back civil rights? Of course he
159 does not believe that. He would have to be a dunderhead to believe any such nonsense.
160 But this is the game they play. Paint any opposition to them as racist. Any opposition to
161 their political agenda is automatically racist.

162 It's like these liberals who talk about our concern with illegals coming into this country, as
163 if it's a race issue. Illegal is not a race.

164 It's a crime! You know. It's weird how the left distorts things. Abortion is not about a
165 choice; it's about a baby. Illegal is not about a race, it's about a crime.

166 So Holder wants to kick us when we oppose his politics, Maxine Waters wants her
167 followers to accost us when we are eating, or getting gas — she wants people to get in our
168 faces, and bully us. She is calling for public harassment as a political ploy to intimidate us
169 and bully us into submission to her point of view.

170 Hillary Clinton, this is the woman who came very close to becoming president in the US,
171 listen to her philosophy on the issue of civility:

172 [INSERT CLIP]

173 Here is a video of an abortion supporter kicking a pro-life protestor in the head, how
174 many of you have seen the videos of anti-Trump protestors beating up Trump supporters
175 — who has not seen the clip of the Trump hater picking of a young man's coke and
176 throwing it into his face because he had a hat with Trump's motto on it — MAGA Make
177 America Great Again — need I continue?

178 These people are going out of their ever lovin minds — but, if they think for one minute
179 they are going to bully Americans into bowing down to the political tyranny — they have
180 another thing coming. I don't see that happening —

181 The concern I have had for some years now, sadly, it's coming to pass — the polarization
182 in this country is so nearly complete that there is simply argument either side will hear
183 that can restore any common ground between us. We are, and actually, we have been in a
184 rhetorical war, a kind of cold war for decades in this country and I've watched it get hotter
185 and hotter over the years, but it's never been so close to blowing as it is right now.

186 Listen to what one of their most prominent leaders said.

187 I think most Americans are smart enough to hear what this woman is saying:

188 [INSERT CLIP]

³ <https://eaglerising.com/62908/holder-when-they-go-low-we-kick-them/>

189 Okay, put it together. [CLIP — you can't be civil] with [CLIP — when you have a
190 situation] — it's clear. The democrats are going to make everyone's life as miserable as
191 possible unless you vote for them.

192 It's the temper tantrum tactic. Scream, yell, harass, bully, until they give in. Then they will
193 be quiet and they will allow you to enjoy your meals in restaurants and fill you tanks with
194 gas and they will smile at you and it will be okay — and you'll need to remember, don't
195 ever, don't you EVER take away their lollipop again.

196 [INSERT LOLLIPOP Intro]

197 When we finally give up on civility, we will be in Civil War.

198 Hillary explained it this way. If a political party is destroying everything you believe in,
199 everything you've worked so hard to construct, then you can't be civil with them.

200 Those of you who are listening to me are about 95% conservative divided between
201 Christian conservative and Libertarian — and I think you can see what is developing here.

202 What Hillary said describes them to us. We see them as the people who are destroying
203 everything we believe in, everything we hold dear, every thing we value. If she is sincere,
204 and if the liberals today are truly convinced that it is Conservatives who are destroying
205 America — it's over! Debate is no longer even possible. At this point, you have two
206 completely opposite groups both fighting against the other as the enemy of America.

207 But, now, look closer. First, we conservatives have maintained civility, for the most part.

208 Second, as deeply threatened as we have felt by the godless Socialists on the left who have
209 for decades been attacking our values, and destroying our heritage, and incrementally
210 pushing us off into the shadows of public life — but we have continued to depend on
211 argument, and our faith, to sustain us and keep us going, we have consistently used
212 argument and an appeal to the conscience of our fellow Americans —

213 But here is the difference. That's not what they do, and it is not how they advance their
214 agenda. They do it by political maneuvering, and chicanery. They manipulate the system to
215 get people into power who then implement their agenda AGAINST the WILL of the
216 PEOPLE.

217 They have, for decades, been teaching our children to oppose the values and beliefs of
218 their parents —they have used our good nature, and values against us. We do believe in
219 freedom of speech, so we tolerate their lies and trust to the TRUTH to prevail, but they
220 manipulate the political systems to gain control and when they get it, they take away the
221 very freedoms we acknowledged to them —

222 We have continued to trust that the TRUTH will out, that argument and debate will
223 convince a reasonable mind — but they avoid debate, and the reason is THEY KNOW
224 THEY CANNOT WIN IN A SOCIETY THAT ALLOWS PEOPLE TO BE FREE, TO
225 THINK FREELY, TO HAVE FREE ACCESS TO ALL THE FACTS, AND TO THINK
226 INDEPENDENTLY — they know this is the death knell to their power.

227 What is the answer? There is a very important spiritual side to all of this that you had
228 better get tuned into. We need GOD.

229 We need the LIBERTY that comes with the SPIRIT of GOD — where the Spirit of the
230 LORD is there is liberty.

231 Turn to GOD and do GOOD. — We have been given a great gift.

232 A president who will stand up to these bullies and push back.

233 A president who will truly PUT AMERICA FIRST, and who will honor our most deeply
234 cherished values.

235 At the same time, God has heard our repeated pleas to expose the real face of the left.
236 Satan transforms himself into an angel of light. It's only when people see evil as good, and
237 good as evil, that Stan can advance his cause. The mask is being stripped off the left right
238 now, and they are being exposed for what they really are and how weak that party is, how
239 devoid of any substance — the only recourse they have is to incivility — so don't be fooled
240 into biting the bait.

241 Did you hear Hillary talk about how the Republicans abused Ford, how they were
242 insulting to her and so forth? Could you believe your ears? Did it make your head feel like
243 it was about to explode? Listen, there is no talking to these people — the GOP bent over
244 backwards to avoid showing any disrespect for Ford, they handled her with gloves of
245 velvet — it was, frankly, nauseating, even though I understood what they were doing and
246 why — but just like always, it does not matter what we do, they are going to characterize
247 us the same way no matter what — but, we MUST CONTINUE TO PRESENT A
248 VIGOROUS ARGUMENT DEFENDING OUR PRINCIPLES and we must continue
249 doing it with humor and good cheer, and with clear heads, and with respect for the right
250 of anyone and everyone to disagree and present their arguments supporting their point of
251 view — we cannot allow them to destroy our values and become like them.

252 We have been given a gift from Heaven, and we must not squander it. VOTE this coming
253 November. Take power from the children and give it to the adults. Don't give in to their
254 temper tantrums — be strong. Stand up to this terrible evil that has risen, this call for
255 incivility, this effort to intimidate us and bully us into submission to their oppressive
256 political correctness, their destructive policies that make every problem worse — be done
257 with it.

258 Start here in California. No more liberal tax and spend us into oblivion policies — time
259 for the grown ups to step in and rescue this State from the destructive politics of the left
260 — it's time to GO RIGHT — DO RIGHT — and VOTE RED.

261 We must send a strong, and forceful message to the left that this behavior is not
262 acceptable.

263 And don't be intimidated by Hillary's threat that unless we return her party to power,
264 there will be no civility.

- 265 Do your CIVIC duty and stop these civic bullies. Vote Republican in November. Do your
266 Christian duty, and use your vote to put an end to the bullying tactics of the left.
- 267 I have lit the lamps in the Church belfry arch and now you let me know if you see them.
268 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread
269 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS
270 OFF -- which means you reject what I'm saying and disagree strongly with me. So, what
271 will it be today, lights on, or lights off?
