Original Air Date: 10.26.18

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 [TRUTH]

4 I've been around a while! Made the solar trip on spaceship earth for the 67th time last
5 Thursday. So, I was there when liberals, like Bill Ayres and Bernadine Dorhn were
6 bombing a statue commemorating Police casualties — and a string of bombings of
7 government buildings from 1970-75.

8 I was there when the Democrats first began accusing conservatives of wanting to starve
9 grandma, wanting to feed her dog food, when they accused us of wanting to poison the
10 air and the water, when they ragged on us 24/7 with insults, denigrating our faith and
11 dismissing our concerns. Insults, outrageous false accusations — this quickly became
12 their standard operating procedure.

13 I was there when this fight started, and I can tell you who started it, this business of
14 calling conservatives racist every time they opposed any liberal social policy, or, really,
15 anytime a conservative stuck his head up above the political horizon — he was smacked
16 down with the racist slur.

17 Conservatives (I mean the soft-cons) were stunned, deer in the headlights stunned —
18 they were almost paralyzed by the media smears, they, well, it's rather like someone
19 standing up at a party you are attending, and shouting out some obscene and baseless
20 accusation against you catching you completely by surprise and you don't know where it's
21 coming from or what to say ... or like someone publically pointing at you and asking,
22 "When did you stop beating your wife?" It was a political assault on conservatives in the
23 GOP and the GOPers began to equivocate, and tried to look good for the cameras and
24 sound good to the liberal press and for a while they lost their way. They began steering
25 their careers by the liberal's compass.

26 In some ways, it's like being sexually assaulted. For example, Booker's accuser describes
27 being sexually assaulted by Democrat Cory Booker in a restroom, recently. When leaving
28 a restroom, Cory, allegedly, gently, pushed him back into the room and began groping
29 him. He said it was so shocking it stunned him and he could not even respond, he was so
30 shocked. Finally he got his wits about him and forced his way away from Cory and from
31 the restroom and reported this to some friends, and began discussing with a lawyer what
32 to do — right away, you know, he did not wait 37 years; and those he talked to remember
33 him talking to them about this, but anyway — we all know that Cory Booker, who led the
34 charge against Kavanaugh, will want his accuser to be heard, maybe he will arrange for
35 him to be called before the Senate to testify in an open and public hearing — things
36 simply are not going well for Democrats these days.

37 Of course, there are very wide disparities between the recent allegations of sexual assault
38 against Democrat Cory Booker and the way the Democrats have attempted to politically
39 assault conservatives; but there are also some parallels, too; there are some differences and
40 some similarities between sexual assault and political assault.

41 First, the differences: The democrat's political assault on conservatives was never gentle.
42 Their assault was vicious and cruel right from the outset — and, well, that's about it! The
43 similarities? It is obscene to accuse someone of wanting to starve grandmothers and feed
44 them dog food because they oppose the political agenda of a party that is now morally
45 bankrupt, and has destroyed, what is it, five States so far? How's Los Angeles doing under
46 their liberal Mayor; how's San Francisco doing? The filth has gotten so out of control,
47 diseases that had been long beaten back are reappearing — the homelessness in LA is so
48 bad it's blighting the entire LA district. In San Fran they have to provide visitors' a map so
49 they can avoid the human feces scattered on their walkways —

50 Conservatives opposed the policies that led to this disaster, the conservatives have been
51 warning us for years, they have been pointing out the fact that liberal policies exacerbate
52 every problem they pretend to care about — but anytime a conservative spoke up, they
53 were called racists, misogynist, homophobes —

54 I'm talking back into the 70s, and it heated up as we went into the 80s, it became seriously
55 disturbing in the 90s, and in the new millennia it's become down right dangerous. The
56 bomb throwers of the 60s and 70s are threatening us today with violence unless we
57 submit to their demands.

58 Hillary Clinton warns us there will be no return to civility until they (the Dems) are back
59 in power. Pelosi, and the rest of them, attempt to intimidate and bully the voters.

60 Some crazy people send what is intended to look like Anthrax to Trump and his family
61 members — the left virtually yawns — at least by comparison to how they respond when
62 bombs are sent to about nine or ten Democrats. None exploded, thank God; all, it seems,
63 were designed not to explode — and Trump denounces such behavior in clear terms —
64 and the left goes into 24/7 spin mode insinuating Trump is responsible for the "bomb"
65 threats. They are telling us the fellow who sent these bombs to Democrats was a
66 Republican. Of course he was! Right! No doubt a *conservative Christian* too — a Trump
67 supporter, probably wears a MAGA hat, right? Because we all know that conservatives
68 want to starve grandma and feed her dog food. If it does turn out that this character was a
69 Trump supporter, which I doubt, by the way, he will be denounced as a deranged lunatic
70 — believe me, you wont hear any conservative saying, well, the liberals are at fault for
71 driving conservatives crazy, causing them to have PTSD, and if you want this incivility to
72 stop, then liberals need to back off. You won't hear any of that, I assure you. Besides, who
73 believes these people any longer? Would it really surprise any of you to find out that
74 Soros money bought this character to pull this in order to smear Trump and his
75 supporters? The very sad truth of it is that in this environment, no! It would not surprise
76 any of us at all. They would go to any lengths, or shall I say, depths, to regain power.
77 *Gollum, gollum* —

78 Anyway, you see, what has happened is the American people were stunned by all this at
79 first, and did not know what to make of it; this radical behavior, these outlandish
80 accusations: *is that true? really?* I mean, it was, at first, impossible to believe anyone would
81 make such accusations without any basis at all — right; haven't we all been told, "where
82 there is smoke there is fire"?

83 But, finally, the smoke has cleared and there is no fire — the Democrats are a pack of
84 liars, and they have been lying about conservatives for decades, and America is waking
85 up, she is getting her wits about her, and she is pushing herself out of the bathroom, so to
86 speak —

87 I don't think it's the best metaphor I've ever come up with; but, given current events, I
88 think it is apt.

89 We have been under political assault by the left for decades and it's time for us to stand up
90 to these bullies and say, no more. Vote red this November.

91 We have got to take this country back to GOD and COUNTRY patriotism.

92 The godless are destroying America. Listen, you have a choice in this upcoming election.
93 You can put the power in the hands of people who believe in liberty, and justice for all —
94 or you can put it into the hands of those who believe in liberty and justice only for special
95 interest groups. You can put into power those committed to protect your right to free
96 speech, free market economy, private property rights, right to self-protection — first
97 amendment, second amendment protections, right down the list — or you can put the
98 country into the hands of the people who have almost turned the American dream into a
99 horrible nightmare.

100 What you are seeing now, where a liberal man kicks a female pro-life protestor, where a
101 comedienne holds a mock bloodied head of the president on stage, where democrats put
102 on plays depicting the murder of the US President, and a major liberal newspaper
103 publishes the play in their paper. Last week I brought out that Brietbart has listed 258
104 physical attacks or threats of physical violence against conservatives since Trump became
105 President.

106 Remember, Democrat Martin Astrof threatened to kill Republican Representative Lee
107 Zeldin, and Trump supporters.

108 A group of protestors heckled McConnell out of a restaurant in Kentucky chanting "vote
109 you out" and, are you ready for this? They shouted, "We know where you live." What kind
110 of behavior is this? This is gang like behavior.

111 I know it's called "the mob" — I think McConnell was first to call this *mob behavior*. I
112 wish I could remember who it was, but someone I heard recently said this is not mob
113 behavior — he explained that it's organized, it's orchestrated, it's even funded by the likes
114 of Soros and others, it's organized by the leadership on the left — in other words, it's
115 more like gang behavior, he said. But perhaps he does not understand that the word *mob*
116 also refers to *mobsters* who lead gangs — in other words, he is right; it's not a *mob* but its
117 leaders are *mobsters*.

118 A mob can be said to describe a group of individuals that mass spontaneously in anger
119 about something. And a gang may be described as an organized mob. The leaders are
120 agitating them and giving them specific directions — like when Waters called on her
121 followers to heckle Trump administration officials anywhere they see them — so the gang
122 obeys their instructions and heckles McConnell, and Cruz — and Cory Booker tells his
123 gang to "get in their faces" and Eric Holder says when they go low we kick them, and
124 Hillary says no more civility until the democrats are back in power — what kind of talk is
125 this? It's like the old mobsters threatening shop owners to pay them "protection" money.
126 The Democratic Party is threatening us.

127 In Minnesota, Republican state representative Sarah Anderson was punched in the arm
128 and told, "Why don't you go kill yourself?"¹

129 A Republican candidate for Minnesota state legislature was sucker punched while
130 meeting with some of her constituents in a restaurant. Yeah! Gave her a concussion.

131 California, wake up! Wake UP! Before it's too late! See — God is showing you the heart of
132 the Progressive party. It looks exactly like the Nazi socialist party of Germany in the
133 1930s. These were the tactics of Hitler — intimidate, bully, threaten.

134 Don't let it happen. Vote Red — remember the patriot's blood shed for our liberties and
135 vote red.

136 Hold on through the break; I'll be right back.

137 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
138 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
139 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
140 liberty.

141 The October surprise is turning out to be October fizzle. In fact, I'm still waiting for the
142 "surprise."

143 Kavanaugh was supposed to build the blue wave, but looks like it never got the amplitude
144 needed to break. I remember my surfing days — did little board surfing but lots of body
145 surfing — I remember watching waves build "outside" and we would rush out the meet it,
146 and sometimes it would, well, just swell and then disappear, and that's what I see
147 developing with the blue waves, but the red wave, that has that look, you know, energy
148 that starts rushing into the swell, and it suddenly rises up and begins to curl creating a
149 plunging breaker —

150 So, outside and red! Get out there November 7 and catch the red wave!

151 The, is it 14k?, wont arrive in time to vote this November, so make certain you vote red so
152 when they do arrive — well, you get the idea.

153 Have you seen the pictures? I notice some of them waving the flags of their country of
154 origin. That's exactly why we need to control border crossings. Anyone showing up here

¹ <https://www.nationalreview.com/news/two-minnesota-republican-candidates-assaulted/>

155 waving their Mexican flags, or Honduran, El Salvadoran, Venezuelan, and by the way,
156 Brazilian, and even Indian — I mean India Indian, of course, oh, and Argentinian flags —
157 turn them and around and point them toward their home country and say adios — I
158 think that's a word most of them will understand. We don't need any more balkanization
159 of America — it's E pluribus Unum not E Unum pluribus — and it's in GOD we trust, not
160 in Government we trust, or in Marx we trust, or in Stalin we trust, or in Socialism we
161 trust, or in Democrats we trust —

162 As far as putting America on a "guilt trip" — we are done with that!

163 Have you ever thought about this? Liberalism has advanced their agenda to destroy
164 America almost entirely by manipulating the good nature of our citizens with guilt trips.

165 It's constant. Right now they are trying to manipulate us again by putting a guilt trip on
166 us with this hungry, pitiable, horde massing and heading toward America — organized by
167 NGOs and funded by Soros and the American taxpayers — and they are all taught to say
168 the same thing — I was watching Judicial Watch's interviews with some of these groups;
169 it's obvious that it's organized and totally politically motivated. Some groups are chanting,
170 "We're coming Trump" — waving their national flags — but when talking to anyone with
171 a camera on them, suddenly some one obviously leading the group shows up, and starts
172 choreographing the media event — calling up spokespersons obviously prepped to
173 represent the horde to the American media — but it's so obvious. They insist, it's not
174 political, it's poverty — it's poverty — it's poverty — Jesus warned us we are not to pervert
175 justice in respect for the poor, or for the rich!

176 If it is asylum you want, okay, political asylum, the government you are fleeing is
177 oppressing you, okay, come on in. Go to one of our ports of entry and apply for asylum.
178 An asylum applicant must establish that he or she fears persecution in their home country
179 on account of race, religion, nationality, political opinion, or particular social group.
180 Present yourself at any port of entry and make your application.

181 But the rule is you are supposed to apply for asylum at the first country where you will be
182 safe from the persecution you are fleeing. In the case of this horde, that would be Mexico.

183 If you simply want to come to America to visit Disneyland, that's not asylum. To gain that
184 privilege, you need visit as a tourist, and to live here as your residence, you need to
185 immigrate into the country legally. You can go online and complete an immigrant visa
186 application to get the process started. It's a long line, so you'll need to be patient. A great
187 many people would like to live in America.

188 Of course, maybe they would change their minds if they heard half of what the Democrats
189 say about America constantly. One way to turn the Honduran horde back might be to
190 broadcast Hillary, Jesse Hi-Jackson (thank you savage) or Obama, or any number of
191 liberals that bad mouth America constantly. Take everything liberals say about America
192 and broadcast it 24/7 in their countries like they do here, and no one would want to come
193 to America — but they do, don't they? With all the hate liberals spew out against America
194 constantly, still, THEY'RE COMING TO AMERICA — right? Thank you Neil Diamond.

195 Unless that's not why they are coming. Maybe that's not why they are coming. Maybe in
196 fact they are coming to invade America — to take over this country, to do to this country
197 what they have done to Mexico, Venezuela, Argentina, Honduras, Brazil, and the rest of
198 the socialist failures — it's always the same with this crowd. Ruin their own country, and
199 then come over here and support the same policies that ruined them there.

200 They wanted a "free lunch" in their own country, so they bought into socialism; then they
201 come here and demand a "free lunch" here.

202 Well, at least those who come here in violation of our laws —

203 Not all of them, of course! Some of the lawbreakers come here and actually make good —
204 they came here illegally, broke our laws to get in, but when they come they behave
205 themselves — right?

206 Yeah, right! And that makes it okay?

207 The liberals are always *guilting* us into submission to their most ruinous policies.

208 Abortion—it's all about the pitiable condition of the woman "stuck" with an "unwanted
209 baby." And "my body my decision" — and superficial people say, *well, you know, I mean,*
210 *this really is going to be a burden for the mother; and hey, after all, who am I to lay that*
211 *burden on her; I mean, easy for you to say, right?*

212 Or, here is an even better one. Legalized abortion saves mothers from having to go to
213 back ally doctors or to hanger abortions.

214 So if you are against abortion you are for coat hanger abortions; if you are against
215 murdering a baby in the womb by decapitating the infant in it's mother's womb and
216 ripping the little baby to pieces pulling it from it's mother's womb — if you are against
217 that, you are for back alley abortions, and coat hanger abortions?

218 Nonsense! I'm against murdering babies by a scalpel and I'm against murdering them
219 with a coat hanger.

220 Taking responsibility for your decision to have sex outside of marriage is not cruelty —
221 it's character.

222 But you've been manipulated into accepting this atrocity by letting the left put a guilt trip
223 on you. So now you have the blood of more than 50 million babies on your hands.

224 They guilt trip you into passing out needles to addicts and supporting their addiction to
225 life destroying drugs by showing you the pitiable condition of the addict — so children
226 playing in certain parks are getting stabbed by these needles — and it's nonsense —
227 because what is actually best for these people is that they be compelled to clean up their
228 lives and take responsibility for themselves and their families.

229 Society has no business endorsing, supporting, or condoning this behavior.

230 Quit letting the left guilt you into surrendering your common sense.

231 Every leftist policy that is destroying America is promoted by guilting you into accepting
232 something that down in your gut you know is nonsense. But you don't want to appear

233 mean, or unkind, or "not nice" — and you get guilted into accepting foolish programs that
234 end up promoting disease, destruction of wealth, and death.

235 Isn't this odd? A while back they would bristle and get angry and rage against us for
236 putting a guilt trip on them for adultery, fornication (you do remember that those are
237 sins, right?). So if we preached at them about fornication, they would bristle and angrily
238 reject us putting a "guilt trip" on them.

239 Now they put a guilt trip on us to accept the consequences of their loose living. If we said,
240 you are derelict to use drugs, you are a drop out, you are irresponsible, and so on — hey,
241 don't put your high and mighty guilt trip on me — right! Now they come and put a guilt
242 trip on us to SUPPORT their drug habit, to provide for their drug addiction, to support
243 their fornication, to PAY FOR THEIR ABORTIONS — they put their guilt trip on us —

244 Can you believe this has happened?

245 We are supposed to feel guilty about making them feel guilty about committing
246 fornication — and then we are made to feel guilty about expecting them to at least take
247 responsibility for their actions without KILLING A BABY to ease their irresponsible,
248 derelict lives.

249 I'm done with the liberals guilted me out of my common sense, and guilted me into
250 putting up with programs that are making every problem worse, and guilted me into
251 silence about it.

252 DONE!

253 Vote red! Stop this nonsense.

254 Get back to the Bible, folks. That's where you'll find the way of life — the way of peace,
255 the way of love.

256 The godless have cajoled so many of us into being intimidated about speaking the truth to
257 all this wickedness —

258 We need to throw off their phony guilt — it's time to speak the TRUTH and put the guilt
259 where it belongs.

260 There is going to be guilt and shame. You are either going to have a society that lays guilt
261 and shame on people for behavior that is destructive to the public good — like disease
262 ridden homosexuality, like 3 million new cases of STDs every year because of
263 promiscuity, like the fact that alcohol kills hundreds more every year than have died
264 because of your fake global warming scam — it goes on and on.

265 I'm done being guilted by the left. It's time GUILT and SHAME be restored to their
266 proper place and usefulness in society.

267 Those who have destroyed marriage and made it a mockery and created an epidemic of
268 fatherless children — they are the ones that need to be guilty and the Hollywood crowd
269 that has virtually created a society of Canaanites, where marriage comes after sex, are the
270 ones that should be ashamed and guilty for what they have created in this country.

271 And all of you that promote this and support this nonsense — the Bible says the marriage
272 bed is undefiled but adulterers and whoremongers God will judge. And that applies to
273 David too — okay, in case someone says, what about David and Bathsheba — well, the
274 answer is Psalm 51 — where he confessed the shame and reproach and accepted the guilt
275 of it — and repented.

276 That's what you do with guilt and shame — you repent — you accept responsibility and
277 confess the sin, and turn from it.

278 You don't destroy the social boundaries that are in place to protect marriage. If you have
279 broken through a boundary and crashed your car, you don't say, well, look at that,
280 someone just ran right through that guard rail, might as well remove all the boundaries.

281 Anyway, I've got to go. Hey, quit allowing the left to guilt you into giving up your
282 common sense, guilt you into giving up your property rights, guilt you into giving up
283 your freedoms and your inalienable rights — they do it all time. They point to someone
284 devastated by a shooter and then try to guilt you into giving up your guns — let's be done
285 with this.

286 Put guilt back into the service of righteousness, liberty, justice — put shame and guilt
287 back into the service of what is truly good for our country and for our communities.

288 And one great way to do that is to by no means allow modern liberals to get and hold
289 power any longer. They must be stripped of all political power — they need to be shut
290 down totally.

291 Maybe when they realize they can't guilt us into submission to their America destroying
292 agenda any longer, they'll get some sense.

293 I don't know about you, but when I heard Hillary threaten me, telling me there will be no
294 civility until we surrender to her and her party — I could hardly believe my ears. How
295 dare you liberals threaten us, and attempt to bully us.

296 McConnell is right. You've become a mob. And your mobster bosses are threatening to
297 destroy our country unless we submit to them and meet their demands for protection. It's
298 just like being threatened by a mob — pay us and then we'll not break up your store —
299 only with this crowd it's vote for us and we will stop harassing you and threatening you
300 with violence. Let's take a stand against the Mob!

301 Vote red! Let's begin in California; come on God fearing patriots all — it's time we stand
302 up to these bullies and take our beautiful state out of their hands before all our state
303 becomes LA and San Fran — before we have to give State maps freckled with brown spots
304 alerting visitors to the feces liberal policies are dumping all over this state — both
305 metaphorically and literally.

306 Let's make California great again!

307 I have lit the lamps in the Church belfry arch and now you let me know if you see them.
