

# Brain Massage: Show No. 699 Why I Believe Conservatism Will Do Well Tuesday / The Dems Are Loosing Sympathy And Secrecy!

Jerry Scheidbach

Original Air Date: 11.03.18

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in  
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 Featured today will be my take on the upcoming midterm election.

4 And in one way or another, each topic touched contributes to shaping my predictions.

5 Birthright citizenship, the Honduran Hoard approaching our border with Mexico, the  
6 Pittsburg massacre — the rising anti-Semite and antichrist sentiment on the left, and the  
7 ongoing outrageous behavior and threats from the left — friends, it's time for your brain  
8 massage.

9 [TRUTH]

10 I want to express my condolences as I grieve with our Jewish friends in Pittsburg —  
11 whose family and friends were gunned down by that wicked, Trump hating, deranged,  
12 anti-Semite that walked into a synagogue, on their Sabbath, during a baby naming and  
13 circumcision and opened fire on those in the assembly — he killed 11, and wounded 6,  
14 four of whom were police. We weep with you, and stand with you against this expression  
15 or any other expression of racial hatred, racism of all kinds — like when Don Lemon says,  
16 "We have to stop demonizing people," and then from the other side of his mouth says, are  
17 you ready for this? Don Lemon, in case you don't know him, is host of CNN Tonight, and  
18 here is a sample of the hate speech CNN condones and promotes on their network: Don  
19 Lemon said, "the biggest terror threat in this country is white men, most of them  
20 radicalized to the right, and we have to start doing something about them." He  
21 complained that they are not on a watch list. Yeah, here is his full quote:

22 "So, we have to stop demonizing people and realize the biggest terror threat in this  
23 country is white men — most of them radicalized to the right — and we have to start  
24 doing something about them," he explained. "There is no travel ban on them. There is no  
25 ban on — you know, they had the Muslim ban. There is no 'white guy ban.'"

26 The ignorance is scary. "White men" identifies a race of people, you racist. Muslim does  
27 NOT IDENTIFY A RACE. Muslim identifies a specific religious ideology that according  
28 to Islamic activist Linda Sarsour, are "complicit in the occupation of Palestinians, in the  
29 murder of Palestinian protestors" if American Muslims "humanize the oppressor" and she  
30 means, of course, the Jews — according to a leading spokesperson for Islam in America  
31 today, all Muslims are anti-Semite — simple as that.

32 Now, I don't think Sarsour speaks for all Arab people, and I don't think she speaks for all  
33 Muslim people — but the fact remains that in the main, the Muslim religion has for  
34 centuries hated the Jewish people — and comprise the most vocal Anti-Semites in the  
35 world today. For this CNN Tonight show host to make such a statement is enough to

36 push every decent liberal away from the left — these statements should repulse every  
37 human being with a natural instinct for decency and common sense.

38 Robert Bowers, and his social media footprint reveals a deep hatred of Jews, especially,  
39 and resentment for foreigners coming into our country legally or illegally — and of  
40 course, the Marxist socialist media are ready to jump on this and say here is a white guy  
41 that hates other races and his animosity toward the Jews and impetus to acts of violence  
42 was fueled by rhetoric from the right, like those of us who say the hoard approaching our  
43 border amounts to an invasion.

44 So, here is the deal! Some nutcase on the left goes looney tunes and commits some  
45 outrageous act of violence and we, as in Hannity, Rush, Levin, Beck, and a great many  
46 more among the lesser lights, such as moi, speak up and decry the despicable behavior  
47 but we don't blame the lefts hateful rhetoric against the right for inciting the violence —  
48 in other words, we don't believe that because the left has said vile and ugly things against  
49 the right that this is the reason, or that this is responsible for the actions of crazy,  
50 unstable, sick, and wicked people. We know that such people will do these things because  
51 they are wicked, and unstable, and crazy.

52 The fact that most of these crazy people are not conservatives, and are not genuine  
53 Christian people with a testimony — well, that just happens to be a fact. Mr. Lemon —  
54 are you not aware that most of these crazy acts are done by people of a liberal bent, and  
55 virtually none of them are done by conservative Christian people — so would you ask  
56 yourself why all liberals are not put on watch list?

57 The fact is, like one Jewish man said when interviewed after the Pittsburg Jewish massacre  
58 — he has noticed anti-Semitism rising in the world, and in America, but that it's rising  
59 mostly from the left.

60 They are beginning to notice! Thank God! It's about time. Christian conservatives have  
61 consistently loved the Jewish people, and the black people, and the brown people, and —  
62 red, and yellow, black and white, **THEY ARE ALL PRECIOUS IN HIS SIGHT.** That's  
63 been our motto for hundreds of years — we sing that little song in our Sunday schools  
64 from the time we are toddlers and we are the ones that were harboring Jews in Germany  
65 and helping slaves cross into the North during slavery.

66 Okay, I'm going to come back to this in a moment. I mean come back to the fact that  
67 some of the most outrageously racist comments, and anti-Semitic sentiment expressed in  
68 this country comes from Liberals — like Farrakhan loving liberals — and it's time  
69 America wakes up — shakes off the blinders — and embraces the TRUTH that will set  
70 them FREE.

71 Let's talk about the birthright citizenship for a moment. I've spoken to the issue of  
72 birthright citizenship before and I will dig up that show and rebroadcast it for your  
73 edification. When we talk about this issue, we are talking about the idea that being born  
74 within the borders of the US automatically confers upon the child all rights and privileges  
75 of citizenship, and the fourteenth amendment is usually appealed to for support of this  
76 view. I think Diamond and Silk clarified that very well: "The Citizenship clause of the

77 14th Amendment was added after the Democrats fought to keep black people enslaved  
78 and lost. It protects citizenship rights for freed slaves & children of slaves who were  
79 brought to the U.S. without a choice, not for Illegal Aliens who have a choice."

80 The "Great one" as Hannity calls him, a Constitutional scholar, Mark Levin, tells us the  
81 Presidency has the power to control our borders to protect America and Americans —  
82 and Trump told us some have encouraged him to use the power of executive order to end  
83 birthright citizenship.

84 He has thought about it, and decided to ask the Congress to address the issue legislatively  
85 before he takes any other executive action — I think that is a good move. Consistently, by  
86 the way, this President has demonstrated reluctance to exercising his Presidential  
87 authority like a dictator — he has more than once deferred to the Congress in matters  
88 where technically, he could have acted alone. In other words, Donald Trump is not  
89 Obama — thank God.

90 Now, what will the President do about the coming invasion of migrants? We've already  
91 explored the source of this and shown that it is an organized, it has leadership, and the  
92 participants are given scripts — and the policy in place basically requires us to receive a  
93 request for asylum and process it through our courts — which will be totally  
94 overwhelmed by this hoard — and that's the plan. The idea is they will come, and be  
95 allowed to enter pending their court date for asylum and of course will disappear into one  
96 of our sanctuary states or cities — and then become good socialist-democrat voters.

97 And that, all by itself is reason to stop it! Trump has deployed the military to our borders  
98 and they preparing to stop the migration-invasion. They are constructing holding sites,  
99 and plan to not allow them to enter into the population until they have been properly  
100 vetted — and if they become violent, the military and border officials are authorized to  
101 respond with force sufficient to quell the violence. But there are other reasons too.

102 People coming into our country need to come to be part of our country. An citizen  
103 Immigrant must take an oath to uphold our Constitution. Immigrants come to become  
104 AMERICANS, not to transform America into a socialist country. If they are coming in to  
105 use their influence to undermine our Constitution and transform this nation into a  
106 socialist dictatorship, then they are not immigrants, they are an invasion force and must  
107 be viewed as enemies to the US.

108 Additionally, during the Obama administration, his policies allowed thousands to slip  
109 through the cracks into our country that should never have been allowed into America.

110 Judicial Watch recently released 224 pages documenting a 1000 summaries of what are  
111 called "significant incident reports" which reveals that "unaccompanied alien children  
112 processed during the Obama Admin included murderers, rapists, smugglers, prostitutes,  
113 and traffickers.<sup>1</sup>

---

<sup>1</sup> Judicial Watch, 11/1/18 at 9:30 am

114 So that can't be happening now? Trump's massive immigration invasion is comprised of  
115 all good people, and only Obama's immigration invasion included murderers, rapists,  
116 smugglers, prostitutes and traffickers? Who are you trying to kid?

117 Who does not believe MS13, ISIS, and Narcoterrorists are embedding themselves in the  
118 caravans? — (oh, as an aside, you did hear that the five high profile Al Qaeda terrorists  
119 that Obama freed in trade for traitor Bergdhal are now active with Taliban?<sup>2</sup> No word that  
120 they have converted from their former radical hatred for America and Israel.)

121 Anyway, Trump is right to do everything within his power as the President to STOP the  
122 invasion — he has promised, "they are not coming in." So far, he is batting close to a 1000  
123 on keeping his promises.

124 So Van Jones says it's more likely that Trump is paying for the Honduran hoard than  
125 Soros. Examine almost any political or social question today and you will notice the left  
126 and the right are mirror opposites.

127 Van Jones says there are no middle easterners in the hoard — but we know that is not  
128 true. Some Pakistanis were identified among a group that was turned back. How many  
129 others are slipping through, we don't know. In addition to the Honduras hoard, we have  
130 found some from Brazil, Argentina, El Salvador, Guatemala — that's a mess, by the way  
131 — the conservative candidate to lead Guatemala is being threatened — and I read that  
132 Facebook has taken down all promotions supporting him — what's with these people and  
133 their problem with free speech and free elections?

134 But the good news is that all this has galvanized full spectrum of the right, but only the  
135 radical element of the left is galvanized. Now, it's true that the left has been radicalized,  
136 well, radically! I'll explain all this when I get back. Hold on through the break!

137 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,  
138 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church  
139 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our  
140 liberty.

141 I am getting a lot of questions about what I see coming this November 6th — by the way,  
142 it's the 6th, not the 7th. If you show up to vote on the 7th, you are a day too late. Polls  
143 close at 7 pm, on November 6th, after that, it's too late.

144 Okay, I'll summarize my take on the upcoming election.

145 The polls are all over the place but all of them suggest the races will be close. When I read  
146 through the campaign promotions on the left, I see over the top euphoric expectation of a  
147 blue wave, Pelosi, who demonstrates characteristics of manic behavior, is calling it a blue  
148 wave for certain and, if Democrats come out to vote, a Tsunami. Yeah, I caught that too.  
149 The stakes are so high in this election that we need to pray a hedge around every polling  
150 station to frustrate every effort to commit voter fraud.

<sup>2</sup> <https://flagandcross.com/remember-the-five-terrorists-obama-traded-for-bowe-bergdahl-theyre-baaack/>

151 This euphoria, however, is contrasted by indications of panic and terror on the left. They  
152 have suddenly gone quiet on the aggressive assault mode — promising quiet will return  
153 when they win — Pelosi echoed Hillary's threat that civility will not return unless the  
154 voters return them to power. Some of the fund raising letters and emails I'm seeing on the  
155 left reveals their desperation — and the overall behavior on the left, the outrageous and  
156 aggressive behavior, is a tell that the left is worried. Though they talk like they have it in  
157 the bag — remember Hillary had to cancel her fireworks show after November 16th —  
158 they know they are in trouble. Trump's stellar performance during the first half of his first  
159 term has them tangled up in the ropes. Greater than expected jobs numbers for October,  
160 well over 200,000 new jobs — we simply never heard this kind of economic news during  
161 the entire Obama Administration, and it's happening in direct relation to Trump's  
162 policies and actions.

163 The absolute worse thing that can happen to liberals is for them to lose big and for it to be  
164 directly attributable to Trump! For Trump to beat them — that would be, I mean, I don't  
165 even have words to describe the level of pain they will feel — losing to Trump, AGAIN,  
166 that would be the nearest thing to a leftist ideologue's idea of hell on earth. (Of course,  
167 hell is far worse and is no respecter of persons — left or right — all who reject the  
168 LORDSHIP of JESUS CHRIST and refuse to repent and believe on Him will occupy space  
169 in that place.)

170 And the point is, we cannot tell which way it's going to go from polls, or even from the  
171 usual tells — however, there is reason to believe conservatism will have a good day this  
172 coming Tuesday.

173 I'll summarize and then elaborate.

174 I mentioned that the right is galvanized — Trump is certainly a major factor in that, but  
175 he has gotten a great deal of help from the left. I think the right is motivated to come out  
176 and vote, and that the Independents that lean to the right will be there for Trump and for  
177 this economy, and for border protection, and against the uncivil antics of the left — I  
178 don't think they will forget Kavanaugh, or Maxine Waters, Hillary, Pelosi, et al calling for  
179 harassment, the harangue of the left, the grotesquely ill mannered behavior of the left  
180 since Trump was elected — these things have galvanized the right, and solidified much of  
181 the Independent vote for the right.

182 Now, look at the left. It's true that the Left is also galvanized, but only the radicalized  
183 segment of left is galvanized. There is a soft center on the left that has been put off by  
184 their rude, bullying behavior; and not only that, but many among the women and the  
185 blacks are rebelling against the left.

186 There are entire movements of former liberals leaving the Democrat party — You've  
187 heard of the #WalkAway movement? It was founded by Brandon Straka (I understand the  
188 final a is silent). He describes a gathering of those who joined the WalkAway movement:  
189 "It was so incredible and exceeded all of my expectations, which were really, really high.  
190 We had the gala dinner on Friday night and that's when I realized that this was going to  
191 be much bigger than I anticipated. We came down to the reception area and it was  
192 absolutely packed. And I jumped on the red carpet to do press and got rushed by all the

193 people there who have joined the movement. So I took pictures and then when I walked  
194 into this unbelievably beautiful ballroom at the Trump International it was filled with  
195 people and I nearly fell over; I was blown away. I couldn't believe we had actually  
196 managed to put this together."<sup>3</sup>

197 So the WalkAway movement calls on Democrats to turn their back on the hubris, on the  
198 violence, the aggressive meanness, the lies, all of it — to show the Democrats that they  
199 cannot take their constituents for granted and that the average working tax paying  
200 democrat is not going to go along with the left's agenda to drag this nation into Socialism.  
201 More on that in a moment.

202 Then there is the Brexit movement. "Black voter approval of President Trump hit the  
203 year's high at 40 percent this week, according to daily tracking by Rasmussen Reports."<sup>4</sup>  
204 Blacks leaving the Democrat party is not particularly new — it's been developing for a  
205 while now — but since Trump, it has gone pedal to the metal.

206 Many are realizing that the left has done nothing for them; in fact, that the policies of the  
207 left actually keep them down and hold them back.

208 So, here is how I see it, and how I explain it.

209 Virtually all of the right, the full spectrum of the right, is mobilized to turn out for this  
210 election.

211 On the left, only the radicalized element of the left is mobilized. They are noisy, and they  
212 sound as if they are a larger group than they actually are, but they are not representative  
213 of the entire Democrat party. It's possible when Pelosi said if the Democrats come out to  
214 vote — it's just possible she is aware that there are a good number of Democrats that are  
215 not going to show up at the polls. I believe there is a segment in the democratic party that  
216 does not have the stomach for their radicalized, get in people's faces, shout them down,  
217 angry violent, aggressive, bullying behavior — the Democrat party has been largely  
218 radicalized over the last few decades, but the entire party is not — there are many who  
219 identify as Democrats that are very uncomfortable with Maxine Water's screaming about  
220 harassing people, and Booker telling people to get in the faces of their neighbors, and Eric  
221 talking about kicking their opponents — when it was mere rhetoric, like when Obama  
222 said if they bring a knife, you bring a gun. It was shocking, but in the context, and I heard  
223 him say this, it was at that time easy to adjust the ears to tamper down the harshness of  
224 the language — but it has accelerated from that to what we are seeing today. And the fact  
225 is, there is a soft center to the Democrat Party that cannot stomach that kind of in your  
226 face, aggressive, angry, mean spirited approach; and I think they are going to sit this one  
227 out because they don't want to be identified with it.

228 This will make even more sense in a moment.

229 Then you've got some Democrats who are insulted by this behavior, and so put off, they  
230 are going to vote red as a statement of protest against what the leadership in the

<sup>4</sup> <https://www.breitbart.com/politics/2018/11/01/black-voter-approval-trump/>

231 Democrat party has done — this includes stealing the nomination from Bernie, by the  
232 way. This would include those involved in Blexit and Walk Away, but also some  
233 Democrats who don't identify with either of these movements, but simply don't like how  
234 the Democrats have been behaving.

235 Finally, you have the Democrats who have benefited significantly from Trump's economy  
236 and who appreciate his stand on the borders, and his willingness to put America First —  
237 and represent the interests of Americans and they will vote for Trump because they know  
238 his policies have been and will be good for America.

239 When you pull all this together, I'm calling OUTSIDE and encouraging all of my fellow  
240 Americans to swim out to the polls and catch the RED WAVE.

241 You see, here is what has happened. The left has always depended on sympathy to garner  
242 support for their causes. Last week I talked about how the left uses guilt-trips to  
243 manipulate us into service to their agenda. You see their agenda has always been to take  
244 America OUT FROM UNDER GOD and convert it to Socialism — years ago,  
245 Communists took control at the core of the Democrat party and have been steering it  
246 toward socialism as a way to bring us under communism.

247 Well, Americans are getting wise and getting tired of the guilt-trip trip — but here is  
248 another method the left has depended upon and that is playing our sympathies. It's very  
249 close to the guilt trip technique — but it has a broader appeal and it's how they have been  
250 able to hold the allegiance of many voters — sympathy! They play on our sympathies for  
251 the poor, the needy, the minority, the underdog — and generally, Americans are  
252 sympathetic and the left has played on that sympathy — so long as they were able to  
253 encourage people to have sympathy for their causes they were able to turn that sympathy  
254 into votes they used to get power, and then used the power to advance their agenda to  
255 socialize our economy. Which puts the wealth into the hands of a few, those who hold  
256 political power control the wealth — private ownership is gone. But anyway, that's the  
257 game they have played and they depend on sympathy and on hiding their true agenda, to  
258 maintain control.

259 But what is happening is wonderful and we must praise GOD for exposing this.

260 They are alienating the sympathies of many voters by their harsh rhetoric, their obvious  
261 and outlandish lies, their bullying behavior, and second, their true agenda is beginning to  
262 become clear. Many on the left are now openly calling for socialism in this country. They  
263 don't hide it anymore.

264 I don't think anything like 50% of the country is socialist. I think it's high, I think it's  
265 dangerously high, high enough so that because they are so loud, the left thinks the entire  
266 party wants socialism — but even Pelosi is hesitant to admit that — however, many in the  
267 Democrat party are openly advocating for Socialism, show open disdain for America as  
268 founded, they have come out, so to speak, and there are still many Democrats who are not  
269 ready to embrace socialism.

270 So, they have guilt-tripped us into surrendering our rights, but we are waking up and  
271 pulling back. They have played, falsely, but effectively on our good natured sympathies

272 for the downtrodden, but now they are alienating the good natured Americans by their  
273 offensive behavior, and they are openly advocating socialism when for so long they have  
274 assiduously hidden that agenda, and many Americans are pulling back.

275 That's how I see it. Obviously, there is a great deal of subjective analysis in something like  
276 this, and I will admit a bias to the right. But, I don't engage in wishful thinking — and I  
277 don't leave anything I don't have to to chance. I'm praying; I'm fasting and praying for  
278 GOD to deliver us from the hands of wicked and unreasonable men and women — may  
279 GOD have mercy on us and delivers us from those whose agenda is to pull this nation out  
280 from UNDER GOD into the power of godless men and women who aspire to take the  
281 place of God in our lives.

282 I have lit the lamps in the Church belfry arch and now you let me know if you see them.  
283 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread  
284 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS  
285 OFF -- which means you reject what I'm saying and disagree strongly with me. So, what  
286 will it be today, lights on, or lights off?
