1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 In Mississippi visiting my Mother. I thought I'd call in an encore but good night — what a
4 news week. New York legalizes abortion up to birth — and they cheer like, like what?
5 How do I describe this? People are literally cheering, high-fiving, I mean dancing with joy
6 at the passing of a law that allows babies at nine months of age to be murdered. *Their god,*
7 *Satan, must be pleased with their blood sacrifice.*

8 With this as a background, a kind of hellish scene of nine-month old babies being
9 butchered by some abortionist while he is surrounded by a chorus of gleeful imps in suits
10 and ties — with this vamping in the background — now go to the MARCH for LIFE —
11 where 650,000 pro-life Americans gathered to speak for the babies in the womb, to give a
12 voice to the SILENT SCREAM — the babies being scorched in saline solution or
13 butchered by scalpels, and one of the marchers, a high school Junior named Sandman and
14 in his face, the Indian (Sandman and the Indian) — Nick Sandmann is an awesome. And
15 the Indian, a guy named Phillips, a disgusting, lying, pathetic, provocateur — you've seen
16 the picture — you saw it — the Indian in the face of Sandman — beating his drum in his
17 face — and some liberal defends his behavior, saying hey, Phillips was praying — let me
18 ask you a question. If any Christian got a drum, got into the face of anyone, how about go
19 to the Woman's March, and a Christian Preacher gets into the face of any of the marchers
20 and chants some "prayer" beating a drum — are you kidding me. They would be going
21 out of their mind!

22 (Secretly they would be thanking whatever gods they serve for giving them such a gift — a
23 Christian behaving like this is exactly what would prove their stereotypes — but let this
24 pagan Indian say his prayers in the face of a Christian and - well, you get the idea. It's over
25 the top blindness in these people.)

26 Pelosi withdraws the traditional invitation to the President to give the State of the Union
27 address on the floor of the Capital claiming security concerns arising from the partial
28 government shut down — her bluff is called, she is forced to admit there are no security
29 concerns — but emphatically states she will not invite Trump to the Capital dome until
30 after the shutdown showdown is over and one of them is sprawled in the street; strangely,
31 Trump sounds a retreat on this one? What?? Why would — Ohhhh, okay, I get it! Wow.
32 This guy, you've got to give him credit for knowing how to play these snakes.

33 And then, the collapse of the Cohen conspiracy followed by the Ohr revelations — his
34 story contradicts Adam Schiff's tall tale — It's coming out friends — the wheel is turning
35 slowly, but it's turning inexorably — and it's tracking straight toward Obama and Hillary
36 rolling down all the stooges they put out in front to protect them — it's coming baby —
37 justice is coming to this town.

38 My friends, it's time for your brain massage.

39 [TRUTH]

40 New York legalizes abortion up to birth — and they cheer like they just won the Super
41 Bowl of politics. Almost from the moment Hillary conceded and Trump won — the left
42 has been apoplectic over their fears they will lose v Wade (Roe repented long ago, and it's
43 way past time for Wade to rise) and, have you noticed, suddenly we have liberals getting
44 into the faces of American's about being "proud" of their abortions — they've decided to
45 double down and become aggressive about murdering babies.

46 It used to be the strategy was to say, *well, abortion is a sad thing, and it's too bad, but, after*
47 *all, we must leave this to the mother and her doctor.* Remember the goal of the left was to
48 make abortion safe and rare? We knew that was a lie — they want abortion as a method
49 of eugenics; that's how it started, that's always been the real agenda of abortion, and the
50 center of its black heart — the slavery mentality of denying personhood to a certain class
51 of people has continued on the left in many forms, one of them, in the area of abortion,
52 another, those who wear MAGA hats (hehe) — but I get ahead of myself. What's that?
53 Oh, you didn't hear about the raging Progressives expressing their wish that all kids like
54 Sandman were dead? And the context of these statements (plural—for there were many)
55 made it clear their hatred is aimed at white Christians: the WASP — White Anglo-Saxon
56 Protestant.

57 Only in this case it was a Catholic (WASC—ha!) — they are usually friendlier to the
58 Catholics but lately too many Catholics have been behaving too conservatively. We know
59 what the left does to those who stray from their ranks.

60 But have you noticed how the pro-abortion crowd has changed tactics? Now you hear
61 leaders on the left talking about how they wish they had had an abortion, how proud they
62 are for having had an abortion, or multiple abortions, how in your face they are about this
63 now — and New York's Mayor Cuomo and his dark-hearted supporters stage this *hey*
64 *Trump, watch this* thing — you know, *I'm not going to sign a budget for the state of New*
65 *York unless you give me abortion legalized to birth — and remove protections for babies*
66 *born alive after a botched abortion* — (do you not hear these people?). It has gone from
67 abortion is a sad but necessary evil to an evil they celebrate — so the Liberals now have a
68 hero who threatened a government shut down insisting his State legalize abortion to birth
69 — and the Liberals won, evil won; but Trump, well he can't get a wall to protect us from a
70 veritable invasion of our borders and all you hear is how he is holding government
71 workers hostage for a wall — they breach the wall of a fundamental right to life to kill a
72 baby in the womb — they refuse to allow Americans to build a wall to protect our
73 children from an invasion of many who want to come here to take America away from
74 Americans and turn it into a Venezuela — or Mexico.

75 The mask is being taken away. America — listen, my prayers are being answered here.
76 You might think that's weird, but it's true. The mask is being dropped and the real face of
77 the pro-abortion leadership is being exposed for what it is.

78 These people can look at the picture of a baby, a nine-month-old baby, and callously deny
79 that child the most fundamental of human rights — the right to life — and then laugh,
80 and rejoice, and dance as if this is a victory for them.

81 If you think for one moment these same people would not take away your rights under
82 some pretense and turn on you and use the government to destroy you and your life —
83 listen, these are people who would murder a nine-month-old baby in the womb; how sick
84 does someone have to be to dance and rejoice, and laugh, and think that is any kind of
85 victory for anyone?

86 We are approaching the point of critical heat in the crucible called America. The tensions
87 between those who want the right to murder babies for the convenience of their mothers
88 and those who believe that baby, like any other human being, has an inalienable right to
89 life are generating a heat will rise to critical and there will be a sudden melt-down. This
90 country could not endure slavery indefinitely — finally, we came to a meltdown, it was
91 called the Civil War — and it's curious that Lincoln was hated by the slave owners who
92 denied personhood to blacks and other slaves every bit as much as those who deny
93 personhood to the infant in the womb today hate Trump.

94 Did you know the Democrats back then refused to attend Lincoln's inauguration? This
95 business of throwing a fit when they lose an election is nothing new with this crowd.

96 Right in the face of the anniversary of v Wade — Cuomo wins death for babies in New
97 York — while, a short distance away, 650,000 men, women and children, gather in
98 Washington DC to declare their support for the baby — to speak up for the life of the
99 baby in the wombs of their mothers — to say every human being has a right to life and to
100 deny that right is to commit an atrocity in some ways even more heinous than Hitler's
101 holocaust.

102 Among the 650,000 — by the way, did you hear about the March for Life and any
103 comparison numbers between that and the Woman's March? No! Do you know why?
104 You are right. The Woman's March was a joke by comparison. A public relations
105 representative for the Woman's March said the attendance was "at least 60,000." They
106 admitted it was a "huge drop from pervious years."¹

107 Why were the liberal so intense in their push to get New York to approve the right to kill
108 nine-month old babies in the wombs of their mothers? The see the handwriting on the
109 wall — 650,000 march for life, and 60,000 march for death. They see pro-life
110 appointments to the Supreme Court and they see support for their radical agenda
111 dwindling — they see the first signals of people blinking as the bright light of the Truth
112 about abortion keeps beating on the doors of their hearts darkened by lies — and they
113 desperately need something to reaffirm their "values" — the New York was an all in move
114 to prove to themselves that they continue to be viable.

¹ <https://www.elitedaily.com/p/how-many-people-attended-the-2019-womens-march-heres-how-the-crowd-size-has-changed-15865178>

115 It's also an effort to shock attack Americans who are beginning to waffle in their support
116 of abortion. Consider, someone who thinks abortion is a bad thing anyway is more easily
117 swayed from supporting abortion than someone whose heart is so absolutely calloused
118 they actually brag about killing their babies — wear it like a badge of honor — foaming
119 out their own shame (Jude 13 Raging waves of the sea, foaming out their own shame;
120 wandering stars, to whom is reserved the blackness of darkness for ever).

121 Please pray — fast and pray, right now, today, this week, sometime this month — believe
122 me they are weaker now than they have ever been. They see that public opinion is shifting
123 from them on this and many other issues, so they are going to dig in and go for their goal
124 with everything they have. WE MUST MATCH THEM!

125 And that takes me to the exceptional young man who stood up to the bullying drum
126 beating adult — man, that image is inspiring. But I'll have to get to that on the other side
127 of the break. Hold on.

128 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
129 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
130 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
131 liberty.

132 Sandmann and the Indian! Nick Sandmann is a Junior high student who attends
133 Covington, a Catholic High School, and he attended the March For Life with many of his
134 classmates. Nathan Phillips is an elderly man — at least he looks a lot older than he is — I
135 think he is in his late fifties but he looks like he is in his 70s or older; anyway, he is an
136 American Indian who was there to — well, it's not entirely clear why he was there. It
137 appears he was acting alone — but he is the guy you see in all the videos beating his drum
138 and chanting some Indian prayer while obviously crowding the space of young
139 Sandmann.

140 Nathan Phillips, the Indian is a liberal in his sentiments and beloved by the liberals as
141 their champion in this confrontation. Well, I say let the young Sandmann be our
142 champion.

143 Now, you always have to be careful here — so, allow me to present my caveat. Shapiro
144 made the mistake of moving too fast in his denunciations of the young people in this
145 media-hyped confrontation between liberals and the MAGA hats — I'll explain in a
146 minute — and he came out on the side of the pitiful American Indian who was being
147 taunted by these unruly, irreligious, religious bigots. Later, when the rest of the story
148 came into the light, the following became clear:

149 It all started when some Black Hebrew Israelites (these are black people who believe they
150 are descended from one of more of the tribes of Israel — their teachings amount to the
151 black version of white supremacist)² spied a black student standing with his fellow white
152 students waiting for their bus. They began jeering him, jibing him for being a traitor to
153 his race — and were making vile statements: calling the white students "incest babies"

² https://en.wikipedia.org/wiki/Black_Hebrew_Israelites

154 and, you'll have to check it out online truly these guys were being vile and filthy truly
155 insulting, degrading, racists, bullies — one source tells us the students asked permission
156 to chant a school cheer to counter the attack — and another source said they moved
157 between their priest and the Black Hebrew Israelites hoping to diffuse the situation —
158 surely, these guys would not attack a bunch of kids. That's when drum-beating Nathan
159 interjected himself.

160 The first angel on Phillip's actions was that he was trying to protect the kids from the
161 brutal verbal assault of the Black Hebrew Israelites — but everything this guy has said
162 afterwards makes it clear he was against these kids; he was antagonistic towards them.

163 Listen, everything this guy is saying is antagonistic against the students — he described
164 them as being like white people who lynched black people, or like white people who
165 brutally bullied black people: really? You've got to be kidding me! This is dangerous! This
166 is incitement and slanderous against these young people, especially Sandmann. But the
167 point was clearly not trying to protect anyone; he was agitating these young students.

168 This old man walked over to the group, and for whatever reason, picked Sandmann, and
169 walked right up into his face beating his drum and chanting his prayer — it's obviously
170 an effort to provoke Sandmann, perhaps anticipating that Sandmann would, I don't
171 know, take off his hat? Walk away! Back away from the bully — the adult bully, beating
172 his drum in a kid's face chanting some I guess it was a prayer — maybe in his language he
173 was saying something like — I ward off the evil spirit of the MAGA hat —

174 Phillips is a Trump-Won denier and obviously did not like it that these kids were wearing
175 the MAGA hat and supporting LIFE.

176 The kid stood his ground and maintained his composure.

177 His parents ought to be very proud of him. He refused the back off. And he just smiled —
178 of course the liberals who hate white kids, white "privileged" kids — all they can see is a
179 smirk. But if the kid was smirking, WHO COULD BLAME HIM. Can anyone fail to see
180 the ridiculousness of this situation?

181 Here is a teenager standing there getting abused by adults with a vicious verbal assault
182 very likely like nothing he has ever experienced in his life — horrible things were being
183 said to him for no reason other than he was a white kid at a pro-life rally.

184 An American Indian, who views the white kid as "privileged" and presumes he thinks
185 himself "superior" — walks up to this kid, who is wearing the cursed MAGA hat — and
186 beats his drum in his face — that's bullying behavior. This American Indian was bullying
187 this Junior High school student, taunting him — there is no other way to interpret this
188 behavior. My head almost exploded when I watched a black liberal dismiss this rude
189 bullying behavior by explaining, hey, he was just praying — WHAT? Liberals go crazy if
190 Christians pray quietly on the street in front of a Planned Parenthood—Eugenics
191 *abortatorium* — can you imagine if a Christian, wait, a white Christian, took a drum,
192 walked up to a group at the Woman's march and chanted a prayer in the face of one of
193 the women there?

194 Now, first, a word on this privilege nonsense, and then the point of your brain massage
195 today — because I'm not going to get to some of the other stuff I wanted to talk about.

196 First, how do we define this word? Technically, it means someone has a special right, an
197 advantage, or immunity granted or available only to a particular person or group. The
198 idea is that white people grow up with special rights, advantages, and immunities in
199 society and those who perceive themselves as not having those privileges resent this as
200 unjust. It's called "white privilege" because it is assumed that white people have the power
201 and control the wealth and secretly conspire to maintain their privileged status in society.

202 It's a LIE. In America — it's a lie. The Constitution was specifically constructed to
203 recognize all men are created equal and endowed by their creator with certain inalienable
204 rights.

205 The other side in this debate are always quick to point out the fact that some of the
206 drafters of our Constitution, and the Bill of Rights, held slaves. But they were also the
207 same people who abhorred the institution, and believed it would ultimately be rooted out
208 of our society based on the principles inculcated in these documents. A Civil War has
209 been fought to correct those sins of Democrats — yep, they are the ones who fought for
210 slavery, who fought to continue it — so we've been fighting against that crowd's tendency
211 and penchant to enslave people to their will for a long time and we are still fighting the
212 same people who want to enslave us to government — so, yeah, we have had to fight
213 against the Democrats over this all through the Civil Rights marches with Martin Luther
214 King also — that's right — the Republicans — a bunch of white guys, fought to get the
215 Civil Rights act ratified — and the white Democrats opposed it and fought it —

216 Now they pretend to be the champions for the blacks when their policies have done
217 nothing but enslave them to the government — and they go on acting like white massa's
218 keeping the po black folk dependent on them — it's disgusting, but we will go on fighting
219 these oppressors —

220 The fact is, the black community today enjoys equality in our society unlike anything we
221 have seen since our founding and it is directly attributable to our Founders vision of
222 FREEDOM and JUSTICE for ALL — and we've had to fight those evil Democrats all the
223 way to get to where we are and now they are trying to destroy a President who has done
224 more for blacks by doing what is right for EVERYBODY — and that's the way it's
225 supposed to be.

226 Just do what's right for EVERYBODY and then EVERYBODY gets the benefits of
227 JUSTICE to enjoy their FREEDOM and PURSUE their own vision of HAPPINESS.

228 But look what has happened. The Democrats, who have fought against equal justice for all
229 Americans for centuries, pretend to be the champion for certain groups by extending to
230 them "special rights" and "special privileges" like affirmative action, or "gay rights" — what
231 are "gay rights"? Are there "white rights" and "black rights" and "gay rights" and, how
232 about HUMAN RIGHTS?

233 But now a group is convinced white people have some sort of privilege — when,
234 according to the technical meaning of the word, in America, we have done a pretty good
235 job of defeating those Democrats who have tried to keep certain groups in slavery.

236 But there is more work to be done, and they don't stop coming up with new ways to make
237 slaves of us. Ocasio is hard at it, along with Bernie — these people don't believe in
238 FREEDOM and JUSTICE for ALL — they believe the only way to ensure freedom and
239 justice for the people they represent is by taking it from others. So let's look at another
240 way people see privilege.

241 The advantages some have that others don't. Sometimes these advantages were gotten
242 unfairly, unjustly — one example might be crime families, or whatever. But the fact that
243 some people game the system and take unfair advantage does not mean every body in any
244 certain class have gotten their advantages in the same way. The fact is, most white people
245 have come by their material advantages in the exact same way anyone else you know of
246 any color or origin came by whatever wealth they have accumulated — HARD WORK
247 and WISE USE OF TIME AND TREASURE. That's the "formula."

248 But here is the thing! Somebody somewhere will always have an advantage you don't
249 have. That's not *unjust* and it's not even *unfair*. For example, think about natural
250 advantages. Some people are prettier than others. Some are taller, some are stronger;
251 some are smarter; some have extraordinary natural talent. I don't care how much I
252 practiced, I could never perform on the basketball court like Air Jordan; I could never
253 paint like Rembrandt. It's not *unjust* that I don't have these advantages, and it's not even
254 *unfair*. Except if I'm forced to play basketball, or compared to Rembrandt. That would be
255 unfair — but even that would not be unjust — the only way it could be unjust is if one or
256 more of my Divinely Endowed rights were encroached upon because I could not play
257 basketball like Jordan or paint like Rembrandt.

258 And in a perverse reverse play — that's what the Democrats have managed to do. We
259 have beaten them over and over again freeing people from their efforts to enslave them —
260 so now they are trying to turn the people we have labored to ensure they also enjoy the
261 rights and privileges of GOD ENDOWED RIGHTS against us, to use them to take away
262 our rights and enslave us.

263 The irony is that every right they take from us depletes their own. You cannot empower
264 government to take rights away from others without empowering them to take away your
265 rights too.

266 So, here is the thing! Sandmann represents the white guy being unjustly and unfairly
267 berated by the LEFT — but he is not backing down. God bless him, and his family and
268 friends, for NOT BACKING DOWN.

269 DON'T BACK DOWN! Stand up to these bullies. Maintain your composure — and then
270 FIGHT BACK.

271 Sandmann and his family ought to pursue every legal remedy at their disposal — they
272 should sue every single one of these news agencies that have attempted to ruin their lives.

273 With all the news that has come out, all the exculpatory evidence that has surfaced,
274 showing that Sandmann was behaving admirably and showed extraordinary restraint,
275 and the adults in this situation have acted very, very badly — unjustly, unkind, just down-
276 right evil what they are doing to these kids — but it's a metaphor of what the left is doing
277 to White people all over this country and I'm tired of it. I'm so done with this nonsense.

278 So, anyway! I'll have to close. I'm traveling home tomorrow; I'll be in my pulpit Sunday
279 and I hope you'll come by to see me. I'll continue my Prophecy Series for my adult Bible
280 class, 9:30 am. My Know Your Bible: Insights series Sunday preaching service, begins
281 10:45 ish — I'll offer my Issachar report at 6 pm, and continue my Hermeneutics series
282 Sunday night — right now I'm addressing the question of versions. And hey, beginning
283 Wednesday night, February 6, my series on spiritual gifts called Unwrapping Your
284 Spiritual Gifts.

295 The Ohr thing will take too long — but let me touch on what I think Trump is doing
296 regarding the wall. Why did he "cave" to Pelosi on the State of the Union controversy?
297 You know what happened, right? At first, Pelosi extended the traditional invitation to the
298 President to come to the Hill and address the People's House giving a report on the State
299 of the Union. Realizing that she made a huge political mistake — that this would give
300 Trump a gigantic platform from which to challenge the absolute nonsense going on in the
301 Democrat party — she reneged, and claimed she had security concerns because of the
302 partial government shutdown and wanted to reschedule the State of the Union address
303 for some time after the shutdown was concluded. Trump called her bluff, and it was
304 brought out that there was no security issue — so he said, okay, security issue addressed,
305 I'll see you on the previously agreed to date. She responded by withdrawing the invitation
306 altogether and saying it will not be re-extended until after the shutdown was resolved. So,
307 history has been made — the speaker of the house for the first time in our history has
308 refused to extend to the President an invitation to come to the House to address the
309 nation.

310 So what does Trump do? After some chatter about having the Senate extend an invitation
311 to deliver the address from the upper house, or Trump using another venue, or just
312 showing up at the House putting Pelosi in the awkward position of having to arrest the
313 President — well, that is absurd — but with these people these days — anyway, Trump
314 surprised them, and us — he folded on the issue. Yep! Simply "caved."

315 He first of all said giving the State of the Union address anywhere else would degrade the
316 dignity of the tradition, and he would not dishonor his own office, of the Congress, but
317 would honor these traditions and institutions. Right away that puts him in the better light
318 between the two. Second, he specifically agreed it was in her Constitutional power to
319 make this decision, he fully submitted to her Constitutional power to do what she did.

320 Wow! What is that all about? This is the man everybody believes is proud, arrogant,
321 unyielding, unbending — but, look at this.

322 Okay — I think Trump is setting the stage for his own power play. If the Congress fails to
323 pass a bill that funds his wall, I think he is going to say, fine, I'm going to declare a
324 national emergency and direct a wall to be built on our border as per his own
325 Constitutional powers — he might even throw in a little — hey, the American people
326 must have a wall to protect our national interests and national security, and these
327 government workers have been held hostage by the Democrats long enough — trying to
328 use them to manipulate me into reneging on my promise to the American people to
329 BUILD THAT WALL! I would rather have gotten this done with them, but since they
330 refuse, in the interests of the American people, etc. etc. — and so up goes the wall. hehe!

331 I have lit the lamps in the Church belfry arch and now you let me know if you see them.
332 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread
333 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS
334 OFF -- which means you reject what I'm saying and disagree strongly with me. So, what
335 will it be today, lights on, or lights off?
