

Brain Massage: Show No. 722 Is Us Intervention In Venezuela Justified? / Did Barr Go To Far? / The Insanity Of Modern Liberalism

Jerry Scheidbach

Original Air Date: 04.13.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 VP Pence tells Venezuela ambassador "You shouldn't be here. You should return to
4 Venezuela and tell Nicolas Madura that his time is up. It's time for him to go." Is it the
5 place of a US VP to instruct any Ambassador to go tell his country's leader he must step
6 down?

7 California liberals want to cut taxes on weed but increase taxes on virtually everything
8 else, and even tax WATER.

9 A transgendered girl is a boy that has decided he is a girl. Some of these boys turned girls
10 want to compete in sports against biological girls. Do you think that is fair? Democrats
11 do! All but one Democrat is supporting a Bill right now in Congress that will require
12 schools to allow transgendered girls to compete with biological girls in sports activities. I
13 have the answer! Wait for it!

14 We have a lot of good news on the abortion front. I'll give you an update!

15 Barr's comments continue to create backlash — what's going on here? Did Barr speak ill
16 advisedly? Or was it purposeful? Was he simply advancing a "conspiracy theory" or was
17 he simply calling the spade a spade?

18 Talk about backlash: Ilhan Omar's reference to 9/11 saying "someone did something" has
19 deeply offended war Vet Dan Crenshaw, Republican, Texas who spoke out. Then
20 AOC stepped in to defend her comrade Omar — by challenging
21 the Seal's commitment to 9/11. The hero lost an eye fighting
22 terrorists.

23 Another MAGA hat attack occurred at an airport. Some chic tells a MAGA hat wearer he
24 should be ashamed because Trump is a racist.

25 See, I told you that is the number one underlying justification Liberals use to hate Trump
26 and all his supporters.

27 Let's get to it!

28 It's time for your brain massage.

29 [TRUTH]

30 At a recent UN Security Council meeting in New York, the US VP told Venezuela
31 ambassador "You shouldn't be here. You should return to Venezuela and tell Nicholas
32 Madura that his time is up. It's time for him to go." Is it the place of a US VP to instruct
33 any Ambassador to go tell his country's leader he must step down?

34 Well, let me ask you a couple of questions — no, first, let's consider who is Nicolas
35 Carpathia — no, no, haha, I mean Nicolas Maduro.

36 He is socialist dictator that picked up where Hugo Chavez left off. He has continued the
37 policies of his sulfur-lipped mentor — and the economy has gone into a free fall. The
38 people are suffering miserably under his socialist economy. When elections were held,
39 fearing he would be turned out of office, he implemented draconian measures to
40 eliminate competition. From BBC news: "Many opposition candidates had been barred
41 from running while others had been jailed or had fled the country for fear of being
42 imprisoned and the opposition parties argued that the poll would be neither free nor fair.
43 Mr. Maduro's re-election was not recognized by Venezuela's opposition-controlled
44 National Assembly."¹

45 From Human Rights Watch: "The government has been repressing dissent through often-
46 violent crackdowns on street protests, jailing opponents, and prosecuting civilians in
47 military courts. It has also stripped power from the opposition-led legislature."²

48 The Maduro socialist regime jails opponents by accusing them of "inciting violence."
49 [IBID]. Leopoldo López was given a 13-year sentence under house
50 arrest on charges of inciting violence during a demonstration in
51 Caracas in February 2014, according to Human Rights Watch,
52 "despite a lack of credible evidence against him." Others have been
53 forced into exile. (Watch for liberals in US to use this method — if
54 you oppose them, you are accused of "inciting violence" — Ilhan
55 Omar accuses conservative Representative Crenshaw of inciting
56 violence because he challenged a statement she made regarding
57 9/11. More on that in a moment.

58 These things are facts — we are not talking about allegations, this is what we know the
59 guy is doing.

60 But there is something else of concern: "Venezuela, Iran and Hezbollah - all hostile to the
61 US - forge closer ties."³

62 Chavez allowed Hezbollah to operate in Venezuela, and Maduro continues building an
63 alliance with Iran in opposition to the US. A Mayor in Venezuela, that was persecuted by
64 Chavez/Maduro tells us Venezuela is "a rogue state. This is due to its ties with the drug
65 traffic, due to its engagement in human rights violations, and because of its ties to
66 international terrorism."⁴

² <https://www.hrw.org/world-report/2019/country-chapters/venezuela>

³ <https://www.foxnews.com/world/fervent-ties-remain-between-iran-and-venezuela-by-the-way-of-hezbollah.print>

⁴ Ibid.

67 We know that Venezuela has officially participated in selling diplomatic documents to
68 terrorists: "In 2015 testimony given by an adviser to the Venezuelan
69 embassy in Iraq, Misael Lopez Soto, the government is alleged to
70 have delivered diplomatic documents to terrorists in the Middle
71 East. Embassy employees were also said to have sold visas,
72 passports, identity cards and Venezuelan birth certificates to those
73 in the region who can pay between \$5,000 and \$15,000." [IBID]

74 Here is something else we know: "There has also been close
75 military cooperation among Venezuela, Iran and Hezbollah.
76 Beginning around 2012, Iran's elite counter-terrorism unit, the
77 Quds Force, started ramping up its irregular warfare Latin America
78 training program [now, what is that? What is an "irregular warfare
79 Latin American training program"? — Continuing the quote] –
80 often using Hezbollah operatives [Read TERRORISTS] to train
81 both the Venezuela military and Colombia's FARC rebels [The
82 FARC rebels are communist, the Marxist/Leninist military arm of
83 the communists in Columbia — Continuing the quote]. Quds
84 Force-based operatives were also believed to be placed inside
85 Iranian embassies and within religious institutions." [IDIB] What
86 are the Quds forces? These are a unit of Iran's Revolutionary
87 Guard, they are "directed to carry out unconventional warfare
88 [read terrorist attacks] and intelligence activities and responsible
89 for extraterritorial operations."⁵

90 I know you are smart enough to add all this up so I won't bother.

91 This is the person VP Pence is talking about when he advised the
92 Venezuela ambassador to go home and tell Maduro that his time is
93 up, he needs to step down and turn leadership of the country over
94 to people friendly to — you thought I was going to say America,
95 right? Wrong! FREEDOM — how about leadership for Venezuela
96 that is friendly to FREEDOM.

⁵ https://en.wikipedia.org/wiki/Quds_Force

97 But the big question is what right does the US have to interfere in
98 the affairs of another country?

99 None, and yet our leaders have every right, and indeed, a
100 responsibility to protect US.

101 It's like, no one has the right to kill someone unless that someone is
102 trying to kill you.

103 Essentially, no nation should interfere with the internal affairs of
104 another nation. However, if that nation has declared itself to be an
105 enemy of some nation, that nation would be ridiculous and foolish
106 to ignore that. Then, especially if that nation has taken actions that
107 are threatening, then not only do we have a reason to respond
108 defensively, but we have the RESPONSIBILITY and the RIGHT to
109 do so. Not because we don't like their system of government or
110 economy — because they have declared themselves to be our
111 enemy, they have aligned themselves with regimes that have openly
112 threatened us, and our allies.

113 We will no doubt debate this till Jesus comes — was it right for us
114 to go into Iraq and Afghanistan to fight terrorism. First, was that a
115 legitimate action, and second, was that an effective strategy. Did
116 doing so serve any legitimate purpose.

117 The answer to this question usually has to do with some political
118 interests. A Republican did it, and succeeded, so the Democrats say
119 nay; but when Clinton and Carter ventured into such activities,
120 and FAILED, by the way, the Democrats say yay!

121 There are some, however, who believe it is never right to go to war
122 unless we are being attacked on our own soil.

123 The problem is if we had taken that position in WWII, half the
124 world would be speaking German, the other half Japanese, until
125 one of them decided they wanted it all —

126 Look, we simply do not live in a world of peace, love, and
127 tranquility. I remember playing pool on the table of my pastor
128 when attending the Central Baptist Church in Bell Gardens. His
129 home was in Downey. I was playing pool and his daughter, whom I
130 was at that time dating, told me she had an assignment and needed
131 to write a poem and wanted me to help her out.

132 So I thought about it a moment and gave her a poem: "I'm falling
133 now, deep into a dream, of peace, love, and tranquility. Will there
134 ever be a world such as this, or must I dream to eternity."

135 Well, that's one way to deal with reality — just smoke dope, and
136 drop a pill, and live in the brain fog of drugs — and California will
137 give you a tax break if you'll buy in to that one. Or if drug induced
138 reason paralysis is not your thing, you can buy in to some
139 Pollyanna ideology (which today is propagated under the initials
140 AOC) — so your pill is blue; you know what I mean? So you buy in
141 to the fantasy world of the left.

142 But my hearers are definitely red pill patriots — they see things as
143 they are and that's why our solutions actually work.

144 We could not sit on the sidelines and watch Hitler spread Nazism
145 throughout the world, until he could gain enough power to turn
146 the military might of the entire world down on us — and you know
147 that is what he would have done. Besides the fact that we cannot sit
148 back and do nothing when some dictator is herding Jews into gas
149 chambers — okay?

150 And we cannot ignore what Islam is doing to Christians in Nigeria,
151 either. But we sure can't ignore a near neighbor, like Venezuela
152 who has declared itself our enemy, and watch them cozy up to
153 other nations that have declared themselves our enemy, and that
154 pose a real threat to us — and allowing Hezbollah to train in what
155 is virtually our backyard — we would consider any leader that did
156 nothing about these things to have betrayed us — like Obama.

157 So, yeah! I think Pence was on the job and doing exactly what he should do in his
158 position. He needs to send a clear message to the people who want FREEDOM in
159 Venezuela that they have a FRIEND in the US. And at the same time send a clear message
160 to all enemies of FREEDOM that America will not give them a pass to abuse the human
161 rights.

162 As for a biblical defense of this position — it's really very basic. God has ordained the
163 sword to governments to execute His wrath against them that do evil. If a government
164 turns that sword against the innocent, it has violated its ordination, and loses the divine
165 right of God's ordained authority.

166 We don't act presumptuously. We wait for the Lord to signal it's time to act — we
167 sometimes miss this signal. One clear signal that it's time to act is when we have a clear
168 threat to our national security. Our reaction needs to be measured against the level of that
169 threat. But we must stay ahead of such developments — that is only prudent! Anyway,
170 I've used up my first segment on this point — I'd love to hear from you about this. What
171 are your thoughts? You can engage me in a polite conversation by calling 805.314.2114
172 and leaving a message asking me to call you so we can talk, or you can go to our website:
173 brainmassage.net and send an email to me explaining your point of view on this subject;
174 or any other! Hold on through the break. I'll be right back.

175 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
176 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
177 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
178 liberty.

179 I've got to at least touch on this. California liberals want to cut taxes on weed and increase
180 taxes on virtually everything else, and even tax WATER.

181 California's liberal legislators want to encourage smoking pot? At the same time, they
182 know you have to have water — and they want to tax it.

183 Since our founding Americans have never tolerated taxing essentials, like food, and water.
184 It is beyond belief that Californians are not throwing this guy — Newsome — out of
185 office for this.

186 And think about it. These people, these liberals, who want to tax water, want to give a tax
187 break to the pot pushers and pot users. I know all the arguments about medicinal use —
188 but that is not what we are talking about here. The abuse of medicinal use of drugs has
189 become a national plague — I know! But I'm talking about the illegal recreational use of
190 pot — I did say illegal! Just because this state is in violation of Federal law regarding pot
191 and regarding immigration does not make it legal — but besides all of that — liberals in
192 CA want to give pot heads a tax break and then turn around and tax all of us for our
193 water. They want to tax water!

194 These are the same people who always complain about the Republicans wanting to cut
195 taxes for the rich and lay the burden on the poor. Lie-berals in CA want to cut taxes on
196 the deviant, and RAISE taxes on the poor, cause, you know, the poor drink water too.
197 They will be taxing food before too long.

198 We have always believed it was wrong to burden food prices with taxation — but that is
 199 changing in California. This state will lead the way — the tax and spenders are coming
 200 after your water!

201 Why Californians do not vote out these bums is a mystery that probably has much of its
 202 solution in voter fraud. How much of this can we bear? When will enough Californians
 203 take the red pill and wake up to what is happening? Newsome has no regard for the law.
 204 And he has no regard for the hard working taxpayers in this state.

205 At least when you reduce taxes on the so-called rich, they invest their money into the
 206 economy and create jobs — what do we get from the potheads? I did some shows a while
 207 back exposing the truth about use of marijuana, how it destroys lives, dampens initiative
 208 — it creates a population of blue pill foggy headed dreamers who are very easily
 209 manipulated and controlled.

210 Talk about encouraging deviancy — the left has gone insane folks. I mean stark-raving-
 211 mad!

212 The Bible talks about "unreasonable and wicked men" — the relationship between
 213 wickedness, and by the way, this word translated *wicked* is not the word that speaks of
 214 ones essential character, nor the word that speaks of degeneracy from original virtue —
 215 those conditions usually give rise to acts of *wickedness* but the word actually speaks of
 216 actions that are harmful in effect or influence. It always involves behavior contrary to the
 217 laws of God. Wicked men trespass God's law, which brings evil into the lives of all of us.
 218 There is a direct connection between unreasoned behavior and wickedness.

219 Leftist policies are unreasonable, but this does not mean they are without *reasons*. If you
 220 take *reason* as a faculty of mind in which one makes an unbiased and honest assessment
 221 of reality and governs his decisions accordingly, we would call that *reasonable*. If
 222 someone, however, has a bias, a self-serving motive to view reality in a distorted way, he
 223 will concoct all manner of *reasons* to justify his belief or actions, but that would be in fact
 224 contrary to *reason*, and would be *unreasonable*.

225 For example: A transgendered girl is a boy that has decided he is a girl. Transgendered
 226 girls are competing against biological girls with an unfair advantage. This is raising the
 227 concern of biological girls who have a desire to compete in sports.

228 Now, I listened to a father of a transgendered girl — and you understand I mean a father
 229 of a son who decided he was a girl — I watched and listened as this father defended his
 230 son's RIGHT to compete against girls. Apparently this father is very supportive. I suppose
 231 he attends all his sons track meets, this particular transgendered girl competes in track
 232 and field events, another one I read about a few weeks ago wrestles — yeah, the he/she
 233 wrestles against girls in competition.

234 Anyway, I suppose this father attends all the meets and cheers on his — uh, *daughter?* as
 235 he—she—cleans up on the track because, well, let's face it, he has a clear advantage
 236 biologically, even if he is handicapped mentally.

237 So this father illustrates my point that unreasonable and wicked people are taking over
238 our culture. This father gave an interview in which he argued that the integrity of
239 competition is irrelevant when compared with the integrity of people getting to be who
240 they imagine themselves to be.

241 Now, think about that? This cancer of political correctness is literally eating away at the
242 muscle of what holds this country together.

243 I don't have time to go back and count the number of times I have warned my audience
244 that you cannot grant special rights to any group, including homosexuals without taking
245 rights away from everybody else, and really, even from them.

246 This nonsense will be the wrecking ball Satan will use to break destroy our Republic and
247 make us vulnerable to being wiped out by some crazy Islamic Jihadist that GOD will
248 allow to destroy us as judgment for our sins.

249 This is going to be the destruction of sports for women. If you are a biological girl, and
250 willing to accept your Creator's design, your rights DON'T MATTER. YOU DON'T
251 HAVE ANY RIGHTS! NONE! IF YOU ARE NORMAL, IF YOU ARE NATURAL, IF
252 YOU ARE SANE, YOUR RIGHTS ARE GONE IN THIS SOCIETY. The only people who
253 have RIGHTS are those who are perverted in their soul and in their minds and in their
254 hearts.

255 Talking about the general break down in natural law, consider what has been happening
256 to our civil law.

257 Barr's comments continue to create backlash: when he said he felt he needed to look into
258 how the investigation into Russian collusion started, Shaheen asked why he thought that
259 was necessary. Barr said he felt that "spying on a political campaign was a big deal."

260 Shaheen was taken aback by this statement: she asked, "You're not suggesting, though,
261 spying occurred?" Barr responded as if surprised by the statement. The libs characterize
262 him as bumbling, but you listen to it and you'll see he was obviously puzzled by the
263 question. What he said amounted to *I don't know what else you would call it*. I mean,
264 literally, it was spying!

265 He followed this with the explanation that the question was whether it was duly
266 authorized or whether it was illegally authorized. Later, another Senator, a Democrat,
267 from Hawaii, Schatz, asked Barr if he would like to rephrase his statement about spying?

268 He explained that he felt the word *spying* would cause everyone in the "cable ecosystem"
269 to freak out. So Barr, and it's one of those exchanges you really need to see to appreciate
270 — Barr responds by saying I'm not sure about the connotations of the word, but, how
271 about unauthorized surveillance, does that work better in your mind.

272 I noticed Schatz was grinning like cat that got the canary — I think he thinks he has Barr
273 in a pickle — well, we will see.

274 But I think most Americans understand that surveillance is watching someone, and
275 listening in on their conversations, and so forth, without them knowing about it — and
276 the colloquial term for that activity is spying! That's what it's called.

277 Legal niceties are sometimes used to hide the ugly realities of what is being done. But I
278 thought Barr handled the matter very well.

279 Of course, the Democrats will have to counter this — and the only way they know how to
280 do something like that is attack the character, and or the personality of the individual they
281 perceive is a threat to them. So they will begin bashing Barr and beating on him night and
282 day, 24/7 — we can only hope he is made of the same stuff from which Trump is made
283 and will be able to endure it.

284 But, like I said, Schatz acted like he had Barr just where he wanted him — I think the
285 Dems believe they can use his statement to disqualify him from conducting the
286 investigation or use it to say he is a dupe for the President and so nothing he uncovers can
287 be believed. That's what they are laying the foundation for right now — the ability to cast
288 suspicion on anything Barr finds that incriminates the Obama team that concocted and
289 carried out this conspiracy.

290 For example, Phony Baloney Comey trots into the lights to say he does not understand
291 what Barr is talking about — a court ordered surveillance was never by him thought of as
292 spying. The libs think they can create some smoke cover with this so they can hide from
293 what's coming!

294 And talk about backlash: Ilhan Omar said, “CAIR was founded after 9/11
295 because they recognized that some people did something, and that
296 all of us were starting to lose access to our civil liberties.” *Someone*
297 *did something?*

298 Now, let's be careful here because we sure don't want AOC or Tlaib
299 accusing us of taking her statement out of context and doing that
300 on purpose because that's what we do to people of color — it
301 always goes there for this crowd — RACIST, RACIST — listen,
302 they are rendering that word meaningless. At some point, that
303 accusation is going illicit no more than an eye roll and a yawn.
304 Which is yet another devastating effect of liberalism on our culture
305 and on having any sort of helpful conversation about areas where
306 we disagree.

307 So, let's be careful to keep this in context. And, by the way, I do
308 believe that is very important! And I do believe sometimes
309 conservatives take things out of context and misconstrue them to

310 others. The liberals do that to us very often, right? Yes! They do!
311 And we do need to be careful not to participate in that nonsense.

312 Okay, context: she is talking to a conference put on by CAIR —
313 Council on American-Islamic Relations.

314 Aside from the fact that in 2007-2008 during the Holy Land
315 Foundation trial, where that organization was convicted for being a
316 fund raising organization for the terrorist group called Hamas,
317 evidence was presented that showed CAIR was also a front
318 organization for Hamas — read that report CAIR IS HAMAS,⁶ we
319 will simply set that aside for a moment, and assume Ilhan Omar is
320 not aware of this, or does not believe it is true — so she is speaking
321 to a conference of Muslims, being herself a Muslim, and she is
322 making a passionate statement identifying with the cause of the
323 group: “CAIR was founded after 9/11 because they recognized that
324 some people did something, and that all of us were starting to lose
325 access to our civil liberties.”

326 Obviously, her point was not about 9/11; it was about the fact that
327 after 9/11 the Muslim community was afraid they would all be held
328 accountable for what a few Islamic terrorists did. It was about the
329 fact that many, if not all, Muslims were being treated with
330 suspicion, and many incidents of Muslims being harassed by
331 American citizens. Okay?

332 But, you see, this is the problem we consistently have with Muslims
333 in America when it comes to 9/11: a refusal to face what happened
334 and why it happened. A very few voices have come forward, but
335 none from CAIR. CAIR has never openly, clearly, and without
336 equivocation condemned the 9/11 attacks. They do exactly what
337 Omar did — anytime it comes up, the focus goes immediately to
338 how bad America was, and is, and how evil Americans were in
339 their treatment of Muslims. And we are sick of it! It would be a lot

⁶ 722.26.2-CAIR IS HAMAS (Full Doc.) https://www.centerforsecuritypolicy.org/wp-content/uploads/2016/12/CAIR_is_HAMAS-1.pdf

340 easier to listen to that if we heard them openly, clearly denounce
341 the terrorists that attacked us on 9/11 — and, in addition to that,
342 repudiate the motivation for the attack. A lot of times they'll say
343 they are against terrorism, but justify the reason it is done. They
344 agree with why they did it, but not with the tactics used.

345 What Omar should have done is first openly and candidly and with
346 fervent condemnation denounce the wicked perpetrators of that
347 heinous crime against *her country* — she would have served her
348 point better if she cast her statement in the context of a firm
349 denunciation of terrorism, declaring there is no justification for
350 such acts of barbarism — and then said, CAIR was founded to
351 assure Americans that the American Muslim community
352 denounces that tenet of radical Islam, and has committed itself to
353 heal the damage that event caused on American-Islamic relations
354 — but you see the fact is, that's not why CAIR was founded. It's just
355 like she said, it was founded as an ANGRY reaction to NORMAL
356 AMERICANS who were attacked by people for HER RELIGION.

357 Well, I'm out of time — so I won't get to go on to the next point in
358 the New York Times definitive list of Trump's racism.

359 I'll have to come back to that next week. Please stop by to see us
