

Brain Massage®: Show No. 724 Sri Lanka & New Zealand / The Definitive Proof That Trump Is NOT Racist (Continued)

Jerry Scheidbach

Original Air Date: 04.27.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.

3 I'm going change up the format a little for this show. Rather than run through my outline
4 of what I consider key news stories for the week and then going through them, I'll simply
5 say what I have to say about each one — and then I want to finish my look at the New
6 York Times Definitive List of evidence that Trump is racist. Let's get started.

7 [TRUTH]

8 More than 350 dead in Sri Lanka — MSM silent — 50 killed in the New Zealand Mosque
9 shooting — 24/7 coverage. Difference? The 350 killed in Sri Lanka were Christians killed
10 by Muslims. The 50 killed in New Zealand were Muslims killed by — a whacked out self-
11 proclaimed racist who promoted Socialism — and the MSM tried but failed to brand the
12 attacker as "right-wing" which for liberals is a code word for "Christian."

13 When the attack on the Mosque was reported, Hillary and Obama expressed deep sadness
14 that "peaceful Muslims" would be attacked at worship. When the Sri Lanka massacre of
15 350 Catholics and other Christians was reported, Obama and Hillary tweeted condolences
16 to the "Easter worshippers."¹

17 In Nigeria, Muslims routinely slaughter Christians² and the American msm turn a blind
18 eye — or roll their eyes and look away. April 24, only a few days ago, we paused to
19 REMEMBER the Armenian and Assyrian Christians slaughtered by Muslims during
20 WWI. Over 1.5 million Armenians and 300,000 Assyrians were killed. Churchill who got
21 most things right rightly observed that WWI provided an opportunity for the Muslim
22 Turks to clear Turkish soil of a Christian race. When unrest breaks out in any Muslim
23 country, Christians are specifically targeted — the point is, all the other factors, tribal
24 feuds, territory disputes, political factions vying for power, at the root of this was a
25 religious ideology that believes "infidels" have no rights, and no legitimate claim to life or
26 liberty. They have three choices — they can pay the Jizya (which means they agree to live
27 under Muslim rule), convert to Islam, or die. There is no peace without Islam —
28 submission to Allah and to his prophet.

29 20% of Muslims in the US believe this — that infidels have no legitimate right to life or
30 liberty because they have refused to submit (Islam) to their god, named Allah. And the
31 other 80% of peace loving Muslims in the country are for the most part silent on the
32 matter. Only a small handful actually speaks up, and they do so very carefully because if
33 you think the Muslim ideology is harsh against the infidel, it's even worse for the apostate.

¹ <https://www.theamericanconservative.com/articles/easter-worshippers-and-the-lefts-allergy-to-language/>

² <https://www1.cbn.com/cbnnews/cwn/2019/march/muslim-terrorists-merciless-killing-of-nigerian-christians-continues-as-mainstream-media-remains-silent>

34 And in Islam, it does not take much to be branded apostate — even if you say something
35 that sounds like you doubt the Muslim religion you can be branded apostate.

36 Brigitte Gabriel has been very vocal about the truth concerning the Muslim religion and
37 the desire of every true Muslim to bring America under Sharia law — Bill Maher seems to
38 get it he knows the fundamental beliefs of Islam are incompatible with what he called
39 liberal values of free speech, freedom of religion — he included marriage equality and
40 gender equity — which we would certainly list with *liberal values* — and yet Maher also
41 knows that Christians don't kill you if you leave their religion, Christians don't believe all
42 non-believers must convert to Christianity or die, even Maher knows that while
43 Christians object and flat out reject the idea of homosexual marriage they don't believe
44 those who practice such behavior ought to be killed — we want them to be saved! Maher
45 knows that although Christians object to and reject the idea of gender fluidity as contrary
46 to nature and to nature's God, they don't call for the murder of any biological males who
47 are so confused they think they are girls, or vice versa — Maher sees that there is a
48 difference at a very real and fundamental level between the Muslim religion and
49 Christianity.

50 Christians are the only people who set up a country that affords everyone the inalienable
51 right of freedom of conscience — Secular States do not believe in freedom of thought.

52 The ugly truth is secular-humanist states have a whole lot more in common with Islamic
53 regimes than with Christian ideals. Which might tell you why secularists don't mind
54 Christians being slaughtered, but feel great sympathy for Muslims being killed.

55 I mean, it's so bizarre! Remember when Obama could not bring himself to quote that
56 famous line in the Declaration affirming that we are all endowed by our CREATOR with
57 certain inalienable rights, but kept leaving out the word *Creator*?

58 When 50 Muslims were killed in an atrocious attack by socialist loving self-avowed racist,
59 Hillary and her friend, Obama, decried the event, and expressed personal identification
60 with the victims, expressing how saddened they were that peace loving Muslims were
61 murdered while worshipping — but when 350 Christians are slaughtered in Sri Lanka,
62 Obama and Hillary can't bring themselves to use the word *Christian*, instead, they refer to
63 those murdered by the rampaging Muslims *Easter worshippers*.

64 I, for one, simply do not believe these people are as tone deaf as they sometimes appear,
65 or pretend. I think these guys are among the most rhetoric-attuned people on the planet
66 today — they display a heightened sensitivity to the weight of words — they avoided
67 using the word *Christian* on purpose because they are very sensitive to the implications,
68 the message it sends — Muslims killing Christians — creates immediate disaffection for
69 Muslims and sympathy for Christians — and they can't have that! In their worldview,
70 Christians, especially white ones, are to be blamed for everything. Christians, that is
71 conservative ones, are in their way, obstacles in their effort to PROGRESS us toward
72 socialism - communism, whereas Muslim ideology is a useful ally against their common
73 enemy.

74 Increasingly, the world is polarizing with conservative, Bible believing Christianity on the
75 right and everything else on the left.

76 My new book, *God's War* is coming out soon — Hardback, about 300 pages, smith-sewn
77 by the way, which means when you're reading it you don't have to fight binding to get the
78 book to lay open. This book is a must read for every God fearing patriot — there is no
79 book that explains what is going on in our country and in the world today as thoroughly,
80 as clearly, and totally from a biblical perspective like *GOD'S WAR!* Coming out soon. If
81 you want to reserve a first edition signed copy of *GOD'S WAR*, go to our website,
82 brainmassage.net and send an email that says, simply, RESERVE GOD'S WAR — and
83 how man copies you want. When the book is released, I'll send you a response to your
84 email with a code that will allow you to buy it at a 25% discount. But that discount is
85 available ONLY to those who reserve their copy before the release date.

86 Okay, what else do I need to touch on before I go to break? Biden declared his candidacy
87 for President — that sound like the punch line of a joke. Here is a NFL football player that
88 decided to threaten a Pro-lifer outside an abortion clinic in Huntsville, AL — let's see,
89 who is the bully — here it is, Austin Shepherd, currently a free agent, played for the
90 Minnesota Vikings, I think! Anyway, what a wonderful example of a roll model — a
91 bigoted bully who can't articulate a cogent argument for his position so he decides he will
92 use his 6'4" 315 pounds and menacing presence as an offensive tackle in the NFL to
93 intimidate a woman expressing her well articulated objection to murdering babies in the
94 womb.

95 It is consistent — over and over we get these stories, here is a woman that attacked an
96 elderly pro-life protestor, knocking her down and breaking her leg — time and again, it's
97 a liberal that attacks a conservative physically, whether it's some guy kicking a pro-life
98 mother, a liberal throwing an old woman down and breaking her leg because she handed
99 someone a card with a number to call if they want to discuss options other than abortion
100 — or some liberal NFL football tackle threatening a woman at an abortion clinic wearing
101 a sign that encourages women to seek another option, or some liberal nutjob attacking
102 someone wearing a MAGA hat, or some liberal network maligning teenagers because
103 they were wearing MAGA hats, or some idiot school officials suspending a student for
104 wearing a MAGA sweatshirt and having their pic taken holding a Trump banner, or, or
105 — are you beginning to understand why liberals have so much understanding for
106 Muslims killing Christians and why they are so ready to attack anyone who dares tell the
107 truth about what's going on?

108 Hold on through the break — I'll be right back.

109 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
110 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
111 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
112 liberty.

113 Okay, let's get back to work on my definitive proofs that Trump is NOT racist.

114 And I'll begin by explaining that the burden of proof is not on Trump to prove he is not
115 racist. This is a clever trick of the left — make outlandish accusations setting their
116 opponent on the defensive and thereafter allowing the conversation to be under the
117 attacker's control — that's what they are doing with the trumped up Russian Collusion
118 hype — if they can keep Trump and company defending against their attack, they can
119 hope to keep Trump from turning the attack on to them. We are hopeful this will turn —
120 Congress, under the control of the Demoncrats, however, is not going to make it easy for
121 Barr and the rest of the team that wants to wring true justice out of the "system."

122 So, anyway, it's actually not my job to prove Trump is *not* a racist. Although Russell's
123 teapot was contrived as a way to make Christians think they have to prove self-evident
124 truths, such as that there is in fact a Creator Who endowed every man with certain
125 inalienable rights, the point he made with that analogy is in fact itself self-evident. The
126 mere assertion of a something does not make a something true, and the burden is upon
127 the asserter not the assertee — to prove, or establish the credibility of the assertion. (By
128 the way, assertee is not a word, heh, but useful for my present purpose.)

129 And, credit must be given where due — and some little bit at least is due the New York
130 Times for bothering to make the effort to assemble "proofs" supporting the general liberal
131 allegation that Trump is racist — I've been using it offer a rebuttal. Let's continue.

132 We left off exposing the vapidty of those proof offered under the heading that Trump
133 regards Minorities as Uppity and Ungrateful.

134 The proof they offered was that he "frequently criticizes prominent African-American for
135 being unpatriotic, ungrateful and disrespectful." But every occasion in which Trump
136 criticized someone for being "unpatriotic, ungrateful and disrespectful," was prompted by
137 unpatriotic, ungrateful, and disrespectful behaviors. In other words, not once has Trump
138 ever said "black people are unpatriotic" he has never said "brown people are disrespectful"
139 — he has, however, pointed to specific behavior and condemned it as unpatriotic,
140 ungrateful, or disrespectful — only the Liberal looks at the skin color in these situations
141 and makes judgments about racism. Martin Luther King asked us all to make judgments
142 based on the content of an individual's character and not on the color of their skin — so
143 far, that's all Trump has been doing. And it is very refreshing to have a President who is
144 not tangled up in race issues in his thinking. He is able to speak to the character of a man
145 without regard to the color of his skin.

146 So, once again, I show that it's the liberal that is racist, not the conservative Christian.

147 But, before I leave this "proof" that liberals are the ones that are racist, have you been
148 paying attention to Candace Owens? Diamond and Silk got this ball rolling, I think —
149 and they are great fun, and make serious points in a very effective way. Owens, however,
150 is straight up serious and she is nailing the libs for their use and abuse of blacks in
151 America. Consistently, the turns every one of their pat arguments around on them. "Black
152 lives have never mattered to DNC. Black votes always have. They have created systems we
153 cannot get out of. Welfare system ... single motherhood 1960 23% today 74%. they
154 incentive that, remove black father from home. She went on – they come around every

155 four years and say vote for us because the other guy is racist — when the OPPOSITE is in
156 fact the TRUTH.

157 The Republican party has never been the home of racism — the Democrat party has
158 ALWAYS been the home of racism and the party of racists. You've been fooled. It's time
159 to wake up!

160 Okay, back to this definitive list of proofs that Trump is racist.

161 Next heading in this article published in the New York Times in 2018 — Friendliness
162 with Proud Racists and White Nationalists.

163 First evidence: "He has retweeted white nationalists without apology." Now, here is the
164 problem with this. The article linked to this point actually begins by offering the caveat
165 that Trump does this stuff out of ignorance — I'm going to debunk that, too, in a
166 moment, but let's start there. Because this is fairly consistent with those who glob on to
167 whatever they think supports their narrative and run with it, even when their glob does
168 not actually support their narrative.

169 This article begins by making a fair statement that Trump retweets stuff irresponsibly,
170 and suggests he is ignorant about the connection these Tweets have to radical white
171 supremacists or radical nationalists. However, in typical liberal fashion, the author of that
172 article then begins to suggest Trump's retweet of some of these people suggests sympathy
173 for the movements they represent. That is a fallacy.

174 In this show, earlier, I mentioned Bill Maher and complimented him on some astute and
175 honest observations about the Muslim religion in contrast to Christianity.

176 It is possible that I would have thought, hey, this Bill Maher guy is right on, and I might
177 in that case have quoted him without offering any clarification regarding his views — but,
178 well, maybe that's not so possible, because, as you know, the Brain Massuer is superior to
179 people like Trump, right, and he would never make such a mistake — and that plucking
180 sound you heard was me plucking my tongue out of my cheek — and the sarcasm you
181 noted in my tone was exactly that — sarcasm — a useful device when making certain
182 salient points, such as — GIVE ME A BREAK — please!

183 So you expect your President to be much more aware, even omniscient, and never to
184 make such mistakes as seeing a Tweet that made a statement he thought worthy to be
185 retweeted but did not take the time to research who the person is and went with it —

186 And the point is, this sort of thing does not prove Trump supports radical white
187 nationalism, or white supremacists — and when they say he does this "without apology" it
188 is not enough for them that he has openly clarified what he means by nationalism and
189 that he is opposed to any notion of white supremacy — what they want is for him to say,
190 oh, I Retweeted that one, and I really should not have done that. Okay, but I hope you see
191 that while that might offend some folks it does not prove he is a white nationalist or
192 supremacist. In fact, in Trump's world, he might hear someone call him a white
193 nationalist and he might think, well, I'm white, and I do believe America first, so ...

194 unaware that there is a political party somewhere called white nationalists that promotes
195 policies that he would strongly disagree with.

196 Okay, so the next proof: "He called some of those who marched alongside white
197 supremacists in Charlottesville, VA, last August "very fine people."

198 Another example of reaching so far these guys are going to pull their arms out of their
199 sockets.

200 Did you notice they did carefully distinguish that Trump did not say the white
201 supremacists were "very fine people." No! And this is the trick of these devils. They are
202 adept at deceptive speech. Probably most who heard that — their mind registered the idea
203 that Trump said White Supremacists were "very fine people." In fact, that's how it gets
204 reported, in the echo chamber of the MSM and liberal universe — it's repeated over and
205 again — lately by Biden when he perpetrated the LIE that Trump referred to White
206 Supremacists as "very fine people."

207 You should really feel nothing but loathing for him, and all the others who do this
208 routinely.

209 The truth is Trump did NOT say the White Supremacists were "very fine people," and the
210 writer of the article used by the New York Times to prove he did, made it clear that is
211 NOT what Trump did. What he said was that there were very fine people on both sides of
212 this conflict — present at that march — and that is the truth. And again, this is the most
213 truthful President I think we've ever had, ranking him right up there with Reagan.

214 It was an honest observation that needed to be given consideration when assessing what
215 happened.

216 Sometimes I attend rallies, and marches, usually it will be a pro-life rally, and it is
217 inevitable that some groups will be represented in these marches or rallies that I don't
218 agree with at all. I'm there to stand for life — not to stand in solidarity with every group
219 represented in the rally. Not everyone that marched in Charlottesville was a white
220 supremacist or Antifa — some were there because they felt strongly the statue out to
221 come down, and others were there who felt strongly that it ought not to be brought down
222 that in all other respects were respectable.

223 The White Supremacists and Antifa activists took advantage of a political hot button issue
224 to advance their respective agendas —

225 But our specific interest here is in what way does this provide PROOF that Trump is
226 sympathetic to White Racism? When Obama said Trayvon Martin could have been his
227 son, was he sending a message that he was supportive of crime, of assault and battery —
228 because that's what happened in that incident? Did Obama speak prematurely when he
229 criticized the police, repeatedly, or was he in fact in favor of "kill the cops" mentality —
230 was it his intention to promote that? Maybe it was! And maybe that's why they read this
231 the way they do.

232 Look, Trump came out against "hatred, bigotry, and violence on many sides" — but,
233 ironically, it is the left that distorts what happened. BOTH SIDES perpetrated acts of

234 "hatred, bigotry and violence." By some accounts, Antifa instigated the physical assaults.
235 By other accounts, the white supremacists instigated the break out of physical violence.
236 But the left will never mention that Antifa started any thing. So does that mean Biden's
237 statement shows sympathy for Antifa.

238 I mean, it's all like, the Muslims were killed in New Zealand, but it was "Easter
239 worshippers" in Sri Lanka.

240 I'm sure the "very fine people" that were caught up in that atrocity appreciated being
241 distinguished from the white supremacists and Antifa counter protestors at that march.

242 Okay, next proof under the heading Friendliness With Proud Racists And White
243 Nationalists is "After David Duke, the former leader of the Ku Kux Klan, endorsed him,
244 Trump was reluctant to disavow Duke even when asked directly on Television. Okay, I
245 watched the clip. It's linked here.³ Trump said he would be glad to condemn any group he
246 felt was deserving of it, please send him a list of the groups and he would have research
247 done and then offer condemnation where warranted. He said he did not know David
248 Duke or anything about the White Supremacist group. It makes sense to me. The guy has
249 been busy building his business, building buildings, and doing his Apprentice show, and
250 selling his shirts and ties, and, you know what I mean. It can be time consuming to build
251 a multi-billion dollar business — so, okay, he has really never looked into White
252 Supremacy and David Duke is not a name that ever got his attention along the way — I
253 had never heard of Saul Alinsky until, well, not too long ago, and yet that guy is the very
254 fountain of evil in this country — so, it happens.

255 I don't know why these guys don't take Trump up on these offers. He said, send me a list,
256 I'll research it, and get back to you.

257 But here is why it all breaks down on liberals.

258 They press Trump to openly disavow Duke — which, to be honest, is not hard to do —
259 Duke is a racists, and if it pleases you, I disavow him — which means, as matter of fact,
260 that I deny any responsibility or support for him. And they wanted Trump to say he
261 would refuse to accept the endorsement or support of Duke and his club. Trump says, I'm
262 not going to say that to anyone supporting me when I know little if anything about them!

263 While these same liberals cozy up to Farrakhan, and make statements like Pol Pot is one
264 of their favorite leaders, or praise Ho Chi Minh. So, when New York Times publishes the
265 definitive list proving Liberals are Dictator loving, mass murder loving Communists,
266 maybe then we'll have something. Because that, my friend, is a whole lot nearer the truth
267 that this tripe about Trump being racist.

268 [Time restraints required me to cut off the following]

269 And then, next, on the point that Trump is friendly with proud racists and White
270 Nationalists — "Trump hired Steve Bannon as his campaign head and later White House

³ <http://time.com/4240268/donald-trump-kkk-david-duke/>

271 chief strategist. Under Bannon's leadership, the website Breitbart made white nationalism
272 a central theme. It featured a section, for example, on "black crime."

273 If anyone should know something about extremists embedding themselves within your
274 organization and creating problems for your party it would be, well, the DEMOCRATS,
275 ya think?

276 Bannon did not come into the Trump organization because he was a white racist, it was
277 because he had some brilliant ideas about campaign strategy — that it turned out he had
278 another agenda is not something that should be laid at Trump's feet, especially since, HE
279 GOT FIRED! These people are too much. Feinstein has a spy for China on staff for years
280 — no one decides Feinstein was complicit with China, do they? Of course not. AOC has
281 taken center stage in the Democrat party, much to the chagrin of Dem leaders, who are
282 not sure what to do about her. And an avowed Communist, Bernie Sanders is a very
283 powerful voice in the Democrat party — has the party gone communist? Well, maybe so.

284 But here is the difference with Trump and these yahoos — HE FIRED BANNON,
285 okaaaayy?

286 In other words, once again, the double standard is galling. Bannon's actions were
287 disavowed in the most powerful terms possible: You're Fire!

288 Okay, get technical with me — libs love to get very legalistic when it comes to holding
289 their opponents hostage to their own ideals: he resigned, I know. Right! Yeah, he
290 resigned. Unreal!

291 And then finally, on proofs Trump is friendly toward proud racists and white nationalists
292 — this is offered as their last proof: "Trump endorsed and campaigned for Roy Moore,
293 the Alabama Senate candidate who spoke positively about slavery and who called for an
294 African-American Muslim member of Congress not to be seated because of his religion."
295 Well, now, that brings us full circle, does it not?

296 Trump's endorsement of Roy Moore would be problematic if you believe all the lies the
297 media told about Roy Moore. He has no sympathy for slavery — to take a remark he
298 made in which he effectively said at one time in history, black families were strong, even
299 though it was a time of slavery, at least their families were strong, and construe that as a
300 soft endorsement of slavery is like saying when Obama said Christians in the fly over
301 country cling to God and their guns was an endorsement of antichrist bigotry and liberal
302 snobbery — with one important difference.

303 When Moore made his comment about the general break down in the American black
304 family, something Candace recently spoke to, telling us in the 60s single parent mothers
305 were 23% and now they are 74% of all black households — and blaming Democrat
306 policies for it, and rightly so, by the way — he was lamenting a reality, he was in fact not
307 even talking about slavery as an issue, when slavery as an issue comes up, he is adamant
308 and clear in his denunciation every time — and furthermore, to claim Moore is racist
309 because he acknowledges the challenges presented by the 10th and 14th amendments on
310 Constitutional grounds, again, does not make him racist. He has never advocated taking
311 away the right of blacks to vote — that's never the context in which that conversation

312 takes place — but the liberals like to twist every thing into race because, like Candace said,
313 that's how the liberals keep control of the Black and Hispanic vote. Every four year trot
314 out there and shout, vote for Democrats because Republicans are racist — when that is a
315 LIE.

316 However, beyond all of that — Trump's endorsement of Roy Moore was not an
317 endorsement of racism, first, because even if he was racist, none of these lies about him
318 began to come out until he ran for Senate, so at the time Trump endorsed him, these
319 things had only just begun to come out and they had not been proved, because Trump's
320 reason for endorsing Moore was that, at the time, it certainly looked like he was going to
321 win, and more importantly, because he was certain Moore would be an ally in the Senate.

322 Okay, I'm sure it's becoming more and more clear to you — and thank God for the help
323 we are getting from people like Alen West and Candace Owens, and Diamond and Silk,
324 and many more — I'm hopeful. It's just that we had better pray, and fast and pray, that
325 the election will be honest and fair —that voter fraud will not be a determining factor
326 because that is exactly what the left will try to do. So, pray!

327 I have lit the lamps in the Church belfry arch and now you let me know if you see them.
328 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread
329 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS
330 OFF -- which means you reject what I'm saying and disagree strongly with me. So, what
331 will it be today, lights on, or lights off?
