3 [TRUTH]

4 Most of the talk this week was about Mueller's statement — This is a good time to review
5 what we know about Mueller and his attempted prosecution of President Trump. So,
6 before I go there, let me roll over what I consider are the hot button items for this week.

7 First, we heard that Netflix is "reconsidering" their relationship with Georgia if that state
8 joins the four other states that lately passed a Heartbeat Bill into Law. Well, it did! Of
9 course, talk is out there that Netflix is stuck in the tar pits and on its way into extinction.
10 We'll see. I certainly am not interesting in continuing my relationship with Netflix.
11 Disney is supposed to be moving into that industry like a bull in the china closet.
12 However ...

13 Even Disney sides with the baby murderers. But why are they focused on Georgia? They
14 did not say anything about Kentucky (3/15 — Heartbeat Bill), Mississippi (3/21 —
15 Heartbeat Bill), Ohio (3/25 — Heartbeat Bill, or Louisiana (5/29 — Heartbeat Bill). And
16 that does not include the six other states that have lately passed significant abortion
17 restriction laws. Eleven states — and counting.

18 Obama's baby murdering judges in some of these states have blocked implementation of
19 the law, but not in all of them; at least not yet. Why are Netflix and Disney focused on
20 Georgia? Stacey Abrams — she refuses to concede the election to Kemp. I tell you,
21 refusing to accept elections has become a staple of Democrat politics — and while
22 election fraud is a problem wherever human nature prevails over conscience — it's a
23 particular problem in the Democrat controlled areas of the country today.

24 I don't have time right now to stop and go look it up — I don't remember the name of the
25 gay activists who said it, but I remember keenly what was said at a Gay Pride march in
26 SFO — "We are coming after your children." They have certainly made good on that
27 threat.

28 You heard about the teacher who was pressuring an eight year old boy to believe he was a
29 girl trapped in a boy's body? Here is an article about a former Miss Gay Ohio America
30 that has been hired to teach teenagers "the building blocks of how to do drag." This will be
31 a summer library class; the course is titled Drag 101. This is happening in Delaware
32 County District Library.

33 Abortion and the promotion of the life threatening and perverse Homosexual lifestyle are
34 coming into clear focus for the 2020 election. It's 2020 vision in 2020. The issues are being
35 clarified for us — there is no more nonsense about the abortion agenda — it's about
36 killing infants all the way up to term — the mask is off. These people believe that it's okay

37 to murder babies. The same thing is happening in the battle for the sanity of our nation
38 regarding gender distinctions — it's clear that those who promote the homosexual
39 lifestyle are unpacking all sorts of perversities into our culture — including the nonsense
40 about 51 genders, gender fluidity, and so forth — and pressure is increasing to accept the
41 idea that pedophilia is just another "orientation" — GOD wake UP THIS NATION!
42 Please. These people have become sick in their mind and soul.

43 2020 is coming fast — we need to be looking closely at the election fraud issue.

44 Special prayer meeting Sunday night about the upcoming 2020 election with instruction
45 on how to engage in spiritual warfare and the importance of it — how you can make a
46 huge difference.

47 TRUMP TWEETS about his tariffs on imports from Mexico: "On June 10th, the United
48 States will impose a 5% Tariff on all goods coming into our Country from Mexico, until
49 such time as illegal migrants coming through Mexico, and into our Country, STOP. The
50 Tariff will gradually increase until the Illegal Immigration problem is remedied."

51 Trump is right to pressure Mexico to take care of their border.

52 Here is a Muslim Imam that is speaking out, calling on his fellow Muslims to become
53 outspoken in opposition to the radical jihadis: Tawhidi. But is this too little too late, and
54 can we trust him? I hope so.

55 Here is a pretty picture of a SFO street something like a block or two from Nancy Pelosi's
56 mansion. Unreal!

57 Thank you for voting for Newsome. Now he can spread his politics that corrupted and
58 ruined SFO to the entire State: "San Francisco is the nation's leader in property crime.
59 Burglary, larceny, shoplifting, and vandalism are included under this ugly umbrella. In
60 2017 over 30,000 reports of car break-ins were filed, and the current average is 51 per
61 day." — The City Journal.

62 I understand more people are watching reruns of Spongebob than CNN.

63 Well, that's random! But maybe it tells us that liberalism is losing its grip on the national
64 conscience.

65 Here is a little something you should find interesting and helpful when discussing what's
66 what with your liberal friends: Here is a break down of the Net worth of Trump, Obama
67 and Clinton before and after running for President.

68 First, before running for President: Trump family: \$4.5 billion; Obama - \$3 million;
69 Clinton - \$480,000

70 Today: Trump family: \$3 billion; Obama - \$40 million; Clinton - \$100 million.
71 So, who is in it for the money? The love of money is the root of all evil —

72 More proof of what we already knew: JW mentioned in @BIZPACReview: "Judicial
73 Watch has obtained proof that the Obama White House was fully cognizant of the lies
74 about Secretary of State Hillary Clinton's email use."

75 Okay, one more item I want to throw in to the show before first break. Here is rock solid
76 evidence that liberals operate under the spirit of antichrist: JPMorgan Chase accused of
77 purging accounts of conservative activists.¹ How does that prove the liberals today are
78 under the control of the spirit of antichrist?

79 One of the most well known identifiers of the Antichrist is the mark of the beast. One of
80 the primary monikers of the Antichrist is *The Beast*. In Revelation 16:2 and 19:20 the
81 prophet speaks of those who receive the "mark of the beast" and openly worship the beast
82 in defiance of God and His Son, Jesus Christ.

83 Many believe it's 666, but that is only part of the story. The 666 comes from Revelation
84 13:18 where it says, "Here is wisdom. Let him that hath understanding count the number
85 of the beast: for it is the number of a man; and his number is Six hundred threescore and
86 six" (Revelation 13:18). As you know, a score is twenty — unless you are a druggie — and
87 three score is 60, so the number is 666. But, like I said, there is more to it than this.

88 The verse before this warns against taking the mark of the beast, or the name of the beast,
89 or the number of the name. So there are three things to avoid, not only the number, but
90 the name, and the mark. I'll be going into this thoroughly in my prophecy course when
91 we get to our study of Revelation.

92 And yet, there is yet more to this than a mark, a number, and a number of the name. It's
93 about controlling buying and selling. Specifically, unless you are identified with the beast
94 by his name, his number, or the number of his name, you will not be able to buy or sell:
95 "And that no man might buy or sell, save he that had the mark, or the name of the beast,
96 or the number of his name," (Revelation 13:17). Then verse 18 gives us the key identifier,
97 which is the number of his name — or 666.

98 Everyone knows the Antichrist is a servant of Satan who will rule the world under his
99 power. He hates Christ, and despises His rule over the earth, and wars to rid the world of
100 Christ's rule by ridding the world of all Christians. Right now, Christians are the number
101 one most persecuted people on the planet.

102 Now, we know the Bible says Satan is the prince of the power of the air, the spirit that
103 now works in the children of disobedience (Ephesians 2:1-2). These "children of
104 disobedience" are those who disobey the KING, Jesus Christ; they defy Him and reject
105 His rule in the earth (Psalm 2). Of course, Jesus anticipated this. In a parable He
106 described the current situation: while He is away, "his citizens hated Him, and sent a
107 message after Him, saying, We will not have this man to reign over us" (Luke 19:4).

108 Anyway, my point is that the Chase Manhattan Bank shows evidence that they are under
109 the control of that spirit that will deny to you the right and power to buy and sell if they
110 don't like your political alignment — never in the history of America has the spirit of
111 antichrist been so strong — it's 2020. Get clarity.

112 The election in 2020 is a decision to go after the spirit of Jesus Christ or the spirit of
113 antichrist.

114 Okay, gotta go to break.

115 I called Mueller a thug for the first time, I think it was, in June of 2016. DiNesh tweeted:
116 "Yes! Thugs aren't just delinquents who rob grocery stores. When you use the police
117 agencies of government to prosecute a nakedly political agenda, seeking to overturn the
118 result of a democratic election, in the absence of any proven collusion or crimes, you are
119 basically a thug."

120 Mueller's statement on the Mueller Report might be summarized in these words: "The
121 report speaks for itself!" I'll say it does. In the next segment, let's do an overview of the
122 history

123 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,
124 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church
125 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our
126 liberty.

127 Most of the talk this week seems to have been related in one way or another to Mueller's
128 statement on the Mueller Report. I think he summarized is aptly when he said, "The
129 report speaks for itself!"

130 Trump and all who appreciate what he is doing for this country agrees: well that was
131 lame. What was the point of that? Nothing new! Graham is right: anyone hoping Mueller
132 would provide a catalyst to reopen the investigation will be disappointed. In fact,
133 Mueller's statement was a perfect summation of the entire investigation — a DUD! A
134 perfect waste of time.

135 He said, "a fundamental principle of our government" is that no person, not even the
136 president, "is above the law." Well, isn't that interesting. Of course we all agree. In fact, I
137 would be so bold as to say to Mr. Mueller that "a fundamental principle of our
138 government is that no person, not even Robert Mueller, is above the law — AND
139 NEITHER ARE HILLARY AND OBAMA, by the way. Let's apply some good ole no one
140 is above the law to HILLARY, shall we? You stinking hypocrite!

141 Now, the way most liberals are taking this is that Mueller betrayed them. Mueller says, no
142 one, not even the President is above the law, and yet he refused to recommend
143 prosecution against Trump, or even to make any declarations regarding whether he
144 believed Trump did in fact violate the law— so, from their point of view he is a hypocrite
145 because they think Mueller believes Trump did violate law, and has proof of it, stipulated
146 in his report, but that because of a DOJ policy not to indict a sitting President, he punted.
147 But wait a minute. He has refused even to declare what laws, if any, Trump supposedly
148 violated. So the liberals are angry, because they feel their effort to impeach would be
149 greatly enhanced if Mueller would declare that he does believe Trump obstructed justice.
150 And he would! But, you see, they have missed it.

151 Mueller did not recommend any charges because there were no charges he could make
152 that would stick. He has been around the block on this sort of thing hundreds of times in
153 his career — he knows full well that all his efforts to find a way to build a case against
154 Trump failed. All he has are anecdotes that only look suspicious if they are made to look
155 suspicious, and only believable by those who want to believe the worst about Trump.
156 Every one of the "evidences" he points to can very easily be dismissed by even a
157 moderately intelligent first year Law school student. You see, Mueller is a clever devil. He
158 knows he will be made to look foolish and peevish, and petty, and little if this all got aired
159 out in open court. In environments when the "script" can be carefully controlled and
160 manipulated, he and his liberal friends can use his report to strengthen suspicion — and
161 keep it alive.

162 But if this were to go into court — first, it would have not allowed him to get the report
163 into the hands of the cover up operatives who are using all of this as a ruse to keep
164 attention off Hillary and Obama and Mueller, et al, and second, once the transcripts of a
165 court case got into the hands of the people, it's over. He will be made out to be the
166 greatest fool of the 21st century — which is still young, but still!

167 Like I said back about a month ago, "Barr very appropriately dismissed all of Mueller's
168 efforts to build a case with no evidence.

169 All Mueller could hope for is to do his to bolster evil suspicion that Trump was
170 obstructing justice when, as is evidenced by Mueller's refusal to commit himself and
171 recommend charges, there was insufficient evidence to support.

172 In fact, when you read the report, it's embarrassing that Mueller spent all this time and
173 money because it's obvious each of the anecdotes Mueller uses to justify suspicion of
174 Trump is entirely a matter of perspective. If you hate Trump and are convinced he
175 obstructed justice, you can turn each story Mueller cited into support for that suspicion.
176 If you support Trump, it's just as easy to see these stories as nothing more than Trump
177 being Trump — with no intent to obstruct justice, but with every intention to see that
178 justice was honestly sought and served.

179 So, let's take a stroll down memory lane on the Mueller investigation.

180 Who is this guy? Who is Mueller?

181 He served as Director of the DOJ during the last term of Bush and the first term of
182 Obama. From 01 to 13.

183 Mueller officiated the full implementation of Obama's policy of Muslim appeasement.
184 When he left the office in the hands of his protege, Comey, all the Muslim appeasement
185 policies were set in place. Here is how that played out for us. From Show No. 626, aired
186 6/11/16 "Under Comey, in 2016, Omar Mateen (Jihad headed Muslim male) murdered 49
187 and injured 54 at an Orlando nightclub. Under Comey, the FBI twice investigated
188 Mateen. Once this was because Mateen had been in contact with a suicide bomber. He
189 was investigated again because of some threatening remarks he made to a co-worker.
190 Mateen was known to attend a radical mosque in Orlando, but Comey's FBI, under the

191 Obama rules put in place by Mueller, were forbidden to investigate terror sponsoring
192 mosques.

193 The FBI, under Comey, a disciple of Mueller, an Obama operative, following the Obama
194 rule implemented by his predecessor, Mueller, Mateen was cleared of suspicion and
195 instead was made out to be a victim—yeah! Figure that one out! The investigation was
196 closed on Mateen, because the FBI concluded that Mateen "was making terrorist threats
197 only as a reaction to 'being marginalized because of his Muslim faith.'"

198 Wait, it gets better, or rather, worse! A gun-store-owner was concerned when Mateen
199 came in and tried to buy ammunition and body armor, so he reported it to the FBI — the
200 FBI did nothing! Why! According to the Obama rule, put in place by Mueller, the FBI
201 could not harass this crazy Muslim. Because he was Muslim, and that would not look
202 good.

203 This occurred shortly before the attack. All of this, plus the fact that the FBI knew Mateen
204 travelled to Saudi Arabia a few times leading up to the attack, and then, adding insult to
205 injury, after this man murdered 49 and wounded 53 others the FBI spokesperson
206 dismissed this outrageous failure to stop an eminently stoppable travesty saying that "civil
207 rights violations are a priority for the FBI" — he was not talking about the RIGHT TO
208 LIFE of the people this creep murdered and the RIGHT TO PEACEFUL ASSEMBLY of
209 the other 53 wounded and the nightclub terrorized — THEIR CIVIL RIGHTS DON'T
210 MEAN ANYTHING?"

211 Who is this guy? Well, you know, Mueller likes to put together anecdotes that raise
212 suspicion — what do you think of this?

213 Mueller has committed egregious violations against the Constitution.

214 When his career is examined, one is left with only two options. Either he is as I allege, a
215 political DNC operatchic in alliance with Hillary and Obama tasked with shielding them
216 from prosecution for their crimes of collusion and corruption, or he is utterly inept and
217 undeserving of the honor of his office.

218 If you want a detailed accounting of the man, get *Robert Mueller: Unmasked by*
219 *Congressman Louie Gohmert* online or request it from our website by email and we'll send
220 it to you (within US — it's free, if from outside the US we'll have to charge for the
221 shipping.)

222 While serving as Asst. US Attorney and then as acting US Attorney, Mueller presided
223 over the FBI when it got into bed with Whitey Bulger (a mob boss) and used him as an
224 informant, who in turn used the FBI for protection while he conducted his criminal
225 activity and fed his criminal competition to the FBI. Sweet deal!

226 During this unholy alliance, the FBI framed four criminal competitors to Whitey for a
227 murder **they did not commit**. By the way, this is not suspicion weaving — this is a FACT.
228 It has been proved. Under Mueller's watch the FBI framed four men of a crime they did
229 not commit.

230 These men were finally acquitted, after two of them died in prison, and the taxpayer laid
231 out over 100 million dollars in reparations—and Mueller did not so much as get a slap on
232 the wrist. He accepted no responsibility for this.

233 Congressman Curt Weldon blew the whistle on Mueller's FBI — he had personal
234 information and documentation proving that the FBI had been given information about
235 Mohammed Atta (one of the ringleaders in the 9-11 attack) and three other terrorists one
236 full year before their attack, and warned of a real danger of attack from these suspects.

237 Mueller later admitted that the information could have allowed them to prevent the
238 hijackings that were used in the 9-11 attack that killed 3,000 — but the FBI refused to
239 accept that information — WHY?

240 In fact, according to Congressman Weldon Mueller's FBI was approached by military
241 officers working in a program authorized by the Chairman of the Joint Chiefs of Staff
242 called Able Danger, on three separate occasions with information alerting the FBI to an
243 Al-Qaeda cell working in Brooklyn, NY — and on all three occasions they were denied by
244 lawyers in the previous administration to transfer that information — by the way, that
245 would be the Clinton administration. Mueller has long been a Clinton man!

246 Listen, Al Gore knew about this — Clinton knew about this. And they went to work to
247 punish Weldon.

248 In 2006, the FBI injected itself into Weldon's reelection bid — what was done is described
249 as a "hit-job." (Election tampering is nothing new for the FBI.)

250 You should know up front that the allegations against Weldon were proved false. They
251 attacked his daughter with an early morning raid (sound familiar?) — the attack on his
252 daughter was a political attack and this all came out after the fact. Here is what happened.

253 About two months or so before the election, the FBI leaked to MSM a story (does this
254 sound familiar to you?) that Weldon and his daughter were under investigation for illegal
255 activities involving his congressional work. No specifics, just a vague rumor that he was
256 under investigation. (These are the same stunts they pulled in their attack on Trump.)

257 This was reported by the MSM to the public from *anonymous* sources.

258 Weldon had not received any notice that he was under investigation.

259 Then Mueller's FBI (and there is no way the FBI would have done this without Mueller's
260 full knowledge and approval) the FBI raided the home of Weldon's daughter at 7 AM. TV
261 and print media were alerted to the raid in advance. (DOES ANY OF THIS SOUND
262 FAMILIAR????)

263 Weldon lost the election — by a narrow margin, by the way! I mean, there is no doubt
264 this activity by Mueller's FBI tipped the election against Weldon. (ELECTION
265 TAMPERING BY THE FBI IS NOTHING NEW.)

266 After the election was lost, are you ready for this? Listen, nothing more was done to
267 Weldon. No follow up questioning, no grand jury convened, nothing! It's as if it never
268 happened. The case disappeared into thin air.

269 A year later, FBI contacted Weldon's daughter to come and pick up the property they had
270 taken from her home in the raid.

271 Frankly, I'm not sure why Bush did not look into this! Hmmm? Did it lead to a place
272 Bush did not want to go implicating the "deep state operative" in duplicity?

273 Obama comes in and asks Mueller to stay on for two more years — which was actually
274 against the law since the FBI director is limited to 10 years by law. (But what does the
275 LAW matter to guys like these? — Mueller is very concerned about a FBI policy but
276 careless about a LAW?)

277 After the first two-year illegal continuance of Mueller as FBI director ended, Obama's
278 Congress continued his stay as FBI director another two years finishing out Obama's first
279 term. He is a Clinton-Obama man through and through.

280 During this period, Mueller's FBI used something called NSLs — National Security
281 Letters which allows the DOJ to bypass the formality of subpoenas, to ignore the
282 annoyance of having to apply for warrants and so on — they just send a letter to someone
283 demanding they turn over certain information and documents and, get this, the letter
284 includes a warning that if the recipient so much as informs anyone else about the letter
285 they will be charged with a federal felony and will be prosecuted. (Is your head exploding
286 yet?)

287 Mueller used these to go on fishing expeditions to gather information on private citizens
288 of the US — we are talking about thousands of these letters going out almost routinely.

289 When the Inspector General finally did an investigation and exposed this to the
290 Congressional oversight committee Mueller was caught red faced. He had no recourse but
291 to fold, do a mea culpa, take "full responsibility" for his failure to manage his department
292 and refused to resign saying, nobly, he must stay and correct this problem. (Raise your
293 hand if you remember this!)

294 Even the MSM did not ignore this one, at least not entirely. At least one story went out
295 under the headline: "Justice Department: FBI acted illegally on data; Audit finds agency
296 misused Patriot Act to obtain information on citizens."

297 And then there is the matter of Ted Stevens — remember that fiasco? You don't. Oh man!

298 Ted Stevens is the Congressman from Alaska that died in a plane accident some years
299 ago; wait till you get the rest of this story.

300 You need to know up front that after all was said and done to this dear man, it was
301 proved he did nothing wrong, he was perfectly innocent of any wrongdoing, and
302 furthermore, that those who accused him of crimes knew that he did nothing wrong. (I
303 any of this sounding familiar?) He was framed—he was framed by Mueller's FBI. Get a
304 load of this.

305 He was accused of underpaying for some remodel work he had done on his Alaska cabin.
306 When all the facts were in, it was proved he actually overpaid by 20%.

307 So, how did the FBI pull this off?

308 "Relying on false records and fueled by testimony from a richly rewarded 'cooperating
309 witness' ... Mueller's prosecution team convinced jurors he was guilty and he was
310 convicted for this 8 days before the election. He lost by less than 2% of the vote.

311 (Election tampering against conservative leaders: twice. Leaks, early raids on family or
312 friends, intimidation, false stories, FAKE DOSSIERS, you know the routine. Mueller is at
313 the hub of ALL FO THIS.)

314 In fact, a witness that would have proved his innocence was carted off by the FBI and kept
315 from Steven's defense team.

316 In 2009, Holder was forced to drop the case "after a report substantiated massive
317 improprieties by the FBI and DOJ in the investigation and prosecution of Senator
318 Stevens," Holder explained that evidence came out proving "disturbing details about the
319 prosecution." But, of course, nothing was done to Mueller's prosecuting team — nothing.
320 Not even a reprimand.

321 I don't have time to go into Special Agent Joy, the whistleblower on this massive frame
322 job done by the Mueller FBI against a Senator who was a political opponent of his boss —
323 Obama.

324 But the point it, it worked. Twice. And they believed Mueller was the man to make it
325 work again.

326 Let me tell you something. What is truly remarkable about the Mueller investigation is
327 that he was unable, miraculously, unable to pull it off. There is a wind change my friend.
328 Get in on it and understand it — this Sunday night, 5 PM, during my Issachar Report.

329 I have lit the lamps in the Church belfry arch and now you let me know if you see them.
