Original Air Date: 06.22.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in  
2 Santa Maria, CA—and your brain masseur—get ready for your brain massage.  
3 20/20 for 2020 — clarity on the issues facing us in the 2020 election.  
4 It's about rights was explored in the last show. The left has turned earned privileges into  
5 basic human rights and our inalienable rights into privileges granted by the State and  
6 earned by submission to political correctness. Free speech, for example, is an inalienable  
7 natural right, but today, you have free speech only so long as you are saying what the left  
8 wants to hear. A house, an education, healthcare, food, transportation, and so on were  
9 understood to be privileges earned by hard work but the left wants these things treated  
10 like inalienable natural rights.  
11 The left's modern idea of rights is leading our nation into slavery. The truth shall set us  
12 free — get the truth about this. Go to our website, [brainmassage.net](http://brainmassage.net) and listen to the last  
13 show.  
14 [TRUTH]  
15 Today, I'll massage the gray matter releasing brilliant insights into another 2020 issue that  
16 we need to get some clarity on: it's about war. One side will appease our enemies, they will  
17 virtually surrender our national sovereignty to the interests of our enemies, which will  
18 invariably lead us into war; the other side will assert our national sovereignty and our  
19 national interests, and stand against tyranny and for liberty which will invariably lead to  
20 war. Wars and rumors of wars are inevitable — the choice we have is between a path of  
21 surrender and appeasement which will finally invite an aggressor to move in and conquer  
22 us; or the path of standing up for our rights, and honor our values, and fight if we have to  
23 in order to protect our liberties.  
24 And once again, you'll see it comes down to the Spirit of Jesus Christ versus the spirit of  
25 antichrist — Let's try to talk about this in the context of current events.  
26 First, Iran shot down a US Drone they claim was in their airspace and we claim was in  
27 International air space. Pompey, et al, wanted Trump to strike back, and a force was  
28 deployed to attack, I think it was three, targeted Iranian missile installations — but  
29 suddenly Trump reversed his decision to attack and called off the strike.  
30 Of course, the left jumped on that squawking about indecisiveness, sending the wrong  
31 message to Iran, and to others watching, like Russia, China, and N. Korea. Iran took  
32 advantage of the abort order to say they threatened Trump with casualties and Trump  
33 backed down.  
34 Trump responded to questions: "In a series of tweets, [Trump] said, 'We were cocked &  
35 loaded to retaliate last night on 3 different sights when I asked, how many will die. 150  
36 people, sir, was the answer from a General. 10 minutes before the strike I stopped it, not

37 ... proportionate to shooting down an unmanned drone. I am in no hurry, our Military is  
38 rebuilt, new, and ready to go, by far the best in the world. Sanctions are biting & more  
39 added last night. Iran can NEVER have Nuclear Weapons, not against the USA, and not  
40 against the WORLD!" It was not 150 American casualties; the casualty prediction was  
41 that 150 people would die in the confrontation. I did not see the casualty prediction, but  
42 my guess is it was likely 95% of the casualties would have been Iranians. Trump did not  
43 believe that many human lives should be given up for revenge over the loss of one  
44 unmanned drone.

45 He is right. 150 casualties is disproportionate to the shooting down of one unmanned  
46 drone. It's just that it seems to me the casualty prediction would have been presented with  
47 the attack plan. Surely the President would be told about the predicted loss of lives before  
48 he was expected to sign off on an attack. I don't know! Maybe it was an afterthought —  
49 but I'm glad he is willing to back off a bad plan.

50 What is the message here? I think the message is very clear. We are going to respond to  
51 this. We are not going to kill 150 people to get revenge for the loss of one unmanned  
52 drone. But we will go to war to stop Iran from getting the nuclear bomb. You see; the big  
53 test is coming up on the 27th — that's when Iran will show its hand. She will either decide  
54 to go forward with uranium enrichment or she will fold her hand. We will wait to see  
55 what Trump will do if Iran decides to play her hand. Is Trump bluffing when he says Iran  
56 will not get nukes? Iran will play a very dangerous game if she thinks so.

57 Besides, America is not the only player at the table—Israel has a hand in this as well. She  
58 has attacked Iran's nuclear plants before.

59 Meanwhile, Iran is blaming America for the strikes against the oil tankers — and the left  
60 in the US is helping them with conspiracy mongering about Cheney advising the war  
61 department to create Iranian lookalike ships that can be used to stage an event that would  
62 provoke Americans to support a war against Iran. In other words, these folks believe the  
63 US used such lookalike ships to attack those tankers, and took pictures to implicate Iran.

64 The thought is that Trump is trying to find an excuse to get into a war with Iran and even  
65 create an excuse if necessary —. Actually, Trump's actions belie the accusation.

66 The attack on the tankers was obviously an effort to make a point. It was done very  
67 carefully so as not to sink the ship or cause an oil spill — it was a shot over the bow! Proof  
68 that Iran did it is a fuzzy picture of what looks like an Iranian vessel and men removing  
69 an undetonated mine from the hull of an oil tanker. Not sure how that proves Iran mined  
70 the tankers that were recently damaged. However, independent experts looking at this  
71 have also concluded it was *most likely* Iran what did it!

72 But *most likely* isn't enough to act on.

73 Iran thinks Trump does not have support for his policies regarding Iran — they think he  
74 is weak, and does not have popular support for a war. Where would they get such an idea?

75 Kerry has been meeting with Iranian officials regularly since the election and  
76 undercutting Trump's foreign policy strategies — which is a clear violation of the Logan  
77 Act and amounts to Treason with an enemy State.

78 However, remember when Tom Cotton led 46, I think it was, Republicans to directly  
79 engage Iranian officials during Obama's effort to negotiate the now infamous Iran Deal?  
80 We agreed with the Congressman's sentiments, but perhaps the effort should have been  
81 directed at convincing Americans to oppose the deal and not to directly engage Iran in  
82 the matter?

83 But also remember Ted Kennedy secretly contacted Russian spies to engage them in a  
84 conspiracy to stop Ronald Reagan from being reelected. "Sen. Edward "Ted" Kennedy  
85 had "selfish political and ideological motives" when he made secret overtures to the Soviet  
86 Union's spy agency during the Cold War to thwart then-President Ronald Reagan's re-  
87 election, a Reagan biographer said in an interview with The Daily Signal."<sup>1</sup>

88 Now, when you compare what Cotton did to what Kennedy did — well, there is no  
89 comparison. This is also true when you compare what Cotton did with what Kerry,  
90 Schumer, and other Democrats are doing today to interfere with Trump's foreign affairs  
91 policies.

92 Some of you might not remember what Cotton did, so let's take a look, shall we?

93 He wrote a letter that was signed by 46 Republican representatives and sent to Iran's  
94 leadership. It was an "open letter" which means it was not addressed to any particular  
95 person in Iran, but intended for any leader in Iran it may concern. The context was  
96 Obama's ongoing negotiation with Iran to strike a deal that would result in Iran not  
97 moving forward with uranium enrichment allowing them to get the nuclear bomb.

98 At least that is what we were told. Hold on! (It turns out that it's all about protecting the  
99 lucrative drug trade that funds Hezbollah, the terrorist arm of the Iranian government  
100 allowing them to continue to advance Iran's agenda to conquer and control all the  
101 resources of the Middle East.)

102 But that's another show. Here are the pertinent excerpts from Cotton's open letter:

103 "It has come to our attention while observing your nuclear negotiations with our  
104 government that you may not fully understand our constitutional system. Thus, we are  
105 writing to bring to your attention two features of our Constitution— ...

106 "First, ... while the president negotiates international agreements, Congress plays the  
107 significant role of ratifying them. In the case of a treaty, the Senate must ratify it by a  
108 two-thirds vote. ... Anything not approved by Congress is a mere executive agreement.

109 "Second, ... the president may serve only two 4-year terms, whereas senators may serve  
110 an unlimited number of 6-year terms. ... for instance, President Obama will leave office  
111 in January 2017, while most of us will remain in office well beyond then—perhaps  
112 decades.

113 "... we will consider any agreement regarding your nuclear-weapons program that is not  
114 approved by the Congress as nothing more than an executive agreement between  
115 President Obama and Ayatollah Khamenei. The next president could revoke such an  
116 executive agreement with the stroke of a pen and future Congresses could modify the  
117 terms of the agreement at any time.

118 "We hope this letter enriches your knowledge of our constitutional system and promotes  
119 mutual understanding and clarity as nuclear negotiations progress."

120 The very thin veil of *we are merely educating Iran on our system*, notwithstanding, the  
121 only thing Cotton could have hoped to accomplish with this was to discourage the  
122 Iranians from dealing with Obama. In other words, he was undermining Obama's foreign  
123 policy efforts. Which policies were, in my opinion, undermining the interests of the  
124 United States and actually giving Iran a cover to continue their pursuit of enriched  
125 uranium.

126 But when you look at what Ted Kennedy did when he engaged Russia in a conspiracy to  
127 interfere with Reagan's re-election, and what Obama and Hillary did using Russia to  
128 interfere in the Trump election — you are talking about something far more egregious  
129 than violating the Logan Act — which is serious enough! But we are talking about treason  
130 — we are talking about engaging America's enemies in a conspiracy to undermine one of  
131 the most sacred features of our Republic — the VOTE of the American people.

132 So, what this points is that the polarization within our government is complete.

133 Two opposing worldviews are colliding right now. America is going to have to decide  
134 between them.

135 I'll examine these colliding worldviews on the other side of the break.

136 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse,  
137 your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church  
138 belfry arch, signaling the enemy is on the march, an enemy that would steal from us our  
139 liberty.

140 What has us in this mess with Iran in the first place? The Obama Administration was  
141 ostensibly eager to get an "arms deal with Iran." Iran was ostensibly eager to get weapons  
142 grade uranium to make a bomb they could use to wipe Israel off the map. Behind the  
143 scenes, however, something else was at work.

144 In 08, the year Obama moved into the White House, our law enforcement agencies were  
145 launching Project Cassandra.<sup>2</sup> During Obama's administration, "agents working out of a  
146 top-secret DEA facility in Chantilly, Virginia, used wiretaps, undercover operations and  
147 informants to map Hezbollah's illicit networks, with the help of 30 U.S. and foreign  
148 security agencies."

<sup>2</sup> <https://www.politico.com/interactives/2017/obama-hezbollah-drug-trafficking-investigation/>

149 Investigators believed Iran's Hezbollah was raking in over a billion dollars every year in  
150 cocaine and other drugs, weapons trafficking, money laundering, to name a few of their  
151 operations conducted on an international scale.

152 However, as the US investigation began to reach into the highest levels of Hezbollah and  
153 connections began to be made that reached into the Iranian government, Obama began  
154 to kick back against the investigations, ostensibly because it would disrupt his efforts to  
155 make a deal with Iran. In other words, Iran would not "deal" with Obama unless Obama  
156 looked the other way, and reined in the investigation that threatened to disrupt their  
157 billion dollar criminal operations conducted through Hezbollah.

158 Brennan, remember, wanted to bolster the moderate elements of Hezbollah — but the  
159 dirty secret is this. The so-called "moderate elements" of Hezbollah were the ones content  
160 to live high on the billion dollar criminal enterprise of the organization and so here was  
161 the deal. Obama, call off the dogs on our Hezbollah operations and we'll create a window  
162 dressing deal you can brag about back home.

163 What Cotton did not understand is that Iran did not care about whether Obama's deal  
164 would hold — they only cared about protecting their racket — and now that Trump is in  
165 town, the only thing they care about is how the sanctions are hurting them.

166 The difference is that Trump won't play the "moderate Hezbollah" game with them and  
167 they know it.

168 So Obama made a very bad deal with Iran, and trump came along, and did exactly what  
169 Iran knew would be done, and pulled us out of it — now Iran is trying to play tough but  
170 Trump is not going to be bought off with a fake deal — Trump wants a substantive  
171 agreement, one that can be verified. Remember, Obama's deal did not even allow  
172 American verification that Iran was in compliance — nonsense! Trump won't fall for that  
173 sort of nonsense.

174 In other words, effectively, Obama surrendered to Iran. Obama Islamed — he conceded  
175 everything to Iran and walked away with nothing but an unverifiable and virtually empty  
176 promise not to go nuclear. In other words, Obama was working FOR IRAN AGAINST  
177 the US.

178 His policies literally positioned America in a posture of surrender to Iran. Obama's  
179 policies put us on a path of indirect conflict with Iran — a conflict in which Iran was  
180 winning and America was losing ground, steadily, slowly. It was a path of slow  
181 capitulation to our enemies.

182 His policies progressively weakened our military, and gave our enemies plenty of time to  
183 gain strength. It was a path of surrender.

184 Trump got us out of that deal. His policies serve the national interest of our country —  
185 his policies put America first, and understandably these policies are leading us into direct  
186 conflict with our enemies. We came out into open conflict with N. Korea, and with  
187 China, and with Russia, and with Iran — before it was covert conflict — where our

188 leaders were covertly surrendering our national interests to the so-called "global  
189 community." With Trump it's overt conflict — it's in the open — and it's honest!

190 By the way, this one world agenda was being pushed from the Demoncrats and the  
191 GOPers too. Yeah! The left and the so-called right — the Modern Liberals and the  
192 modern CON-servatives.

193 We were being betrayed by both sides.

194 That's why both sides hate Trump. That's why globalists like Jeb Bush hate Trump, and  
195 the rest of the Aristos hate Trump.

196 There are important distinctions to be made between the Demoncrat push to concede  
197 national sovereignty to the "global community" and the GOPers push for the same agenda  
198 — but that is something we will explore another time.

199 However, it's Trump against the Globalists — it's Trump against the one-worlders.

200 One side wants to surrender our national sovereignty to the world community, the other  
201 side wants to protect our national sovereignty.

202 No one running against Trump is a friend to our national sovereignty, or for putting  
203 America and the interests of American's first — it's clear.

204 20/20 for 2020 — our vote will be for Make America Great, which means PUT AMERICA  
205 FIRST or TAKE AMERICA DOWN —

206 Now, let me conclude by showing how this is a vote between the spirit of antichrist and  
207 the SPIRIT OF JESUS CHRIST.

208 As you know, the spirit of Antichrist rejects the truth that JESUS CHRIST HAS COME  
209 IN THE FLESH.

210 And the significance of this, and the reason the spirit of antichrist hates this truth, is that  
211 JESUS COME IN THE FLESH means that the PROMISED RULER OF THE WORLD has  
212 come in the flesh into the world and made HIS CLAIM on it and on all mankind.

213 Jesus is the king and all men are His subjects — NOW, TODAY!

214 The prophecies of the Antichrist is that he will bring the world together into a one world  
215 government and rule the earth with antipathy toward Christ—that is, with animosity  
216 toward Christians.

217 His spirit is expressed in the prophecy of the Psalm where the Spirit predicts: "Why do the  
218 heathen rage and the people imagine a vain thing? The kings of the earth set themselves  
219 and the rulers take counsel together against the LORD and against His anointed saying let  
220 us break their bands asunder and cast away their cords from us" (Psalm 2). That's the  
221 spirit of the antichrist.

222 The left today is of this spirit. They do not want CHRISTIANS having political power,  
223 and they want to subordinate American sovereignty to the power of a one-world  
224 government.

225 On the other side of the ballot we have a different spirit. A Spirit that confesses Jesus is  
226 LORD and honors IN GOD WE TRUST, and ONE NATION UNDER GOD, and the  
227 Bible and the American Flag — our traditions as a Christian nation.

228 The election in 2020 is a vote between one nation under God, holding the dominion  
229 under CHRIST or the subordination of our nation to a one world government that is  
230 NOT UNDER GOD but under a man. A choice between individual liberties and  
231 inalienable rights and freedom or government granted rights, tyranny, and slavery.

232 It is a vote between the spirit of antichrist and the Spirit of JESUS CHRIST.

233 Please hear me. It's about war!

234 The left today will say they are working to avoid war — but their path is surrender for  
235 peace. This will lead to war because inevitably, when we are weak enough, and our  
236 enemies have been allowed to become strong enough, they will walk in and take over —  
237 but Americans will not simply give up their liberties simply because their leaders did.  
238 They will fight in the streets and it will be an awful and bloody war!

239 The right today is ready to strengthen our military and be ready for war and willing to  
240 engage our enemies if necessary. They will follow the path of RESISTANCE against  
241 tyranny, against oppression, and this path may very well lead to war —

242 There are going to be wars and rumors of wars — we have before us two paths. One of  
243 appeasement and surrender under the delusion that is the path that leads to peace.

244 Or the path of resistance against tyranny, oppression and oppressors and defense of our  
245 liberties — PREPARED FOR WAR and ready to engage if necessary to protect our  
246 liberties.

247 Which one of these will you vote for in 2020?

248 I have lit the lamps in the Church belfry arch and now you let me know if you see them.  
249 It's LIGHTS ON if you see the LIGHTS ARE ON and you will ride like Revere and spread  
250 the warning, (essentially, it means you agree with what I'm saying) or you say LIGHTS  
251 OFF -- which means you reject what I'm saying and disagree strongly with me. So, what  
252 will it be today, lights on, or lights off?
