

Brain Massage: Show No. 748 2020 Insight for 2020 Choices / The Impeachment That's Not!

Jerry Scheidbach

Original Air Date: 10.12.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Of course, we'll need to look at the fake impeachment proceedings.
5 But our theme is "Choose ye this day whom ye will serve." We will
6 be choosing who we will serve coming November 2020. And it's
7 apparent the choice is between Law and lawlessness, order and
8 chaos, power and principle, liberty and tyranny —

9 My friends, it's time for your brain massage~!

10 [TRUTH]

11 Bible thump alert, BIBLE THUMP ALERT: "And if it seem evil
12 unto you to **serve** the LORD, **choose** you this day whom ye will
13 **serve**; whether the gods which your fathers **served** that *were* on the
14 other side of the flood, or the gods of the Amorites, in whose land
15 ye dwell: but as for me and my house, we will **serve** the LORD."
16 Joshua 24:15

17 "And Elijah came unto all the people, and said, How long halt ye
18 between two opinions? if the LORD be God, follow him: but if
19 Baal, then follow him. And the people answered him not a word."
20 1Kings 18:21

21 We will be choosing who we will serve coming November 2020.
22 And it's apparent the choice is between the gods our "fathers"
23 served leading to the FLOOD or the God of our Founders. It's a
24 choice between the LORD and Baal.

25 I want to help you understand the distinction before us between
26 PERSONALITY and PRINCIPLE. Choose ye this day whom ye will
27 serve! We will be choosing who we will serve coming November

28 2020. And I said it's a choice between Law and lawlessness, order
29 and chaos, power and principle, liberty and tyranny — and it's a
30 choice between sanity and lunacy. In any other time in America,
31 the left would be dismissed as a pack of loons.

32 I mean, listen to these candidates and ask yourself who are they
33 talking to?

34 I received a Bernie fundraising email appealing to his voters by
35 offering a sticker that says, BILLIONAIRES SHOULD NOT
36 EXIST. That's right! Billionaires should not exist — and this was
37 supposed to appeal to his supporters. If Bernie had his way,
38 everyone would be equally poor, they would live in government
39 housing, work jobs assigned to them by the government, receive
40 wages set by the government, have health care controlled by the
41 government, have access to no education outside government
42 controlled indoctrination. In other words, in Bernie's world,
43 Billionaires won't exist because millionaires won't exist either, in
44 fact, homeownership won't exist, private ownership of business
45 won't exist — the only rich people will be Bernie and other
46 politicians who live off the backs of the people's labor. The people
47 calling for socialism don't produce anything at all. Most of them
48 live off the backs of the labor of the poor and keep their power by
49 promising to take from those who produce to give to those who
50 produce only one thing — votes for them!

51 Here is a Bernie supporter that says Israel uses Palestinians as lab
52 rats for experimentation. So, if we apply what we have learned
53 from the Left, the rule of blaming others for what you are doing —
54 we can watch for news to surface exposing radical jihad headed
55 Mmmmm(smack)uslims using Jews, people they actually refer to
56 as rats, in their lab experiments. We already know Bernie is anti-
57 Israeli. In fact he is only slightly more anti-Israeli than he is anti-
58 American.

59 Maybe the Portland Trail Blazers will run onto the court with
60 VOTE FOR for Bernie on their jerseys? Maybe! At least we know
61 they have one thing in common. The Portland Trail Blazers hate
62 Israel and love her enemies.

63 Get this! The Portland Trail Blazers, an NBA team, comes out
64 supporting the boycott against Israel. But in Philadelphia, a couple
65 holding a sign saying SUPPORT HONG KONG FREEDOM get
66 the bums rush out of the stadium. What's with the NBA? Did they
67 learn nothing from the NFL experiment with this nonsense?

68 Here is a grossly overweight liberal who blames Trump for her
69 obesity. She complains that she is overweight because we are in the
70 Trump era — and that her obesity is the consequence of
71 circumstances over which she has no control—Trump's President.
72 She even insinuated that White-People diets hurt Black people.
73 What is she talking about? Eat whatever you want to lady!
74 Apparently, that's what you've been doing!

75 Warren wants to extend Medicare to cover transgender surgery —
76 so that's your tax dollars at work.

77 At CNN's town hall for LGBTQ issues. Among other things, the
78 town hall featured a "nine-year old transgender American." A nine
79 year old! The picture suggests this nine-year old is a girl that
80 decided she would rather be a boy. And she, he, is surrounded by
81 insane adults who are supporting this. We already know that these
82 kids are far more likely to commit suicide—and you can blame
83 people like me who reject this insane idea that people choose their
84 gender, but I blame you! I blame you for encouraging this sort of
85 confusion in our society.

86 Why don't brown eyed people simply declare their eyes are blue, or
87 green. That's it! Just declare it to be so! And if anyone says
88 otherwise, punish them for disturbing the unstable psyche of these
89 confused people. That's it! Hey, I have a solution for that Obese

90 lady mad at Trump for making her fat! Just declare yourself to be
91 skinny! Say, "I'm skinny." And then lobby to pass laws that require
92 everyone around you to accept your obesity as skinny — then,
93 when you shop for clothing, you tell them what size you want to
94 see on the label — if they don't put the correct size on the label, you
95 sue them — you throw a fit because they denied WHO YOU ARE.

96 In any sane world this would be child abuse. It's one thing to lie to
97 the kids about Santa Claus but now you are just going too far. You
98 start "taking the children" away from God, you start putting
99 yourself between God and the children — well, you step down into
100 a whole new level of spiritual darkness and into a whole new
101 category of rebellion.

102 But that's who the Democrats are today. They are the people who
103 endorse the gender confusion of children, and actually encourage
104 it. Who take seriously people who blame the President for being
105 obese! Who want to implement policies that encourage illegal
106 immigration.

107 But here is the point. This insanity comes from those who reject
108 Christ as King, who reject the Bible as their moral authority, and as
109 the moral compass for our culture. And that's the Democrat Party
110 today!

111 A tranny woman crashes a Democrat town hall featuring Dem
112 presidential hopefuls — storms in, takes the mic from a questioner
113 and announces that CNN had erased black transgender women.
114 She said, " Black trans women are being killed in this country and
115 CNN you have erased black trans women for the last time," then
116 she screeched. "Let me tell you something. Black trans women are
117 dying! Our lives matter! I am an extraordinary black trans woman,

118 and I deserve to be here! My black trans sisters that are here! I am
119 tired! I am so tired of -- it's not just my black trans women!”¹

120 Now, to the point of this, uh, point: Don Lemon — a liberal
121 favorite, tried to get the mic from this crazy tranny, "Blossom, let
122 me tell you something. The reason that we're here is to validate
123 people like you. That is why we're giving – but that's why we're
124 here . . . ” And that's it folks! The Democrat party today exists to
125 give voice to crazy people. Not to help them! But to USE THEM!

126 The tranny calls herself Blossom, and she told Lemon, “Baby, your
127 actions have to speak louder than words. Because guess what? Not
128 one black transwoman has taken the mic tonight! Not one black
129 transman has taken the mic tonight! Show me!”

130 Lemon, pleading with this crazy, confused woman: “Blossom,
131 Blossom. Okay, thank you, I appreciate it. Blossom, you're a black
132 transwoman. You have the mic in your hand. I've taken and given
133 it back to you. We want to hear from you. We've had trans people
134 of color, all people.”

135 This is epically pathetic!

136 I can't see your face so I don't know if you are getting this — the
137 Democrat Party is the party of the illegal immigrant who wants to
138 come here and squat on our welfare dollars, the party of crazy
139 obese people who want to blame Trump and white people food for
140 their inability or unwillingness to lay off the Big Macs and fries —
141 who want to encourage nine year olds to think they can select their
142 own gender, and the point is there have always been these sort of
143 crazy people, but the Democrat party is so hard pressed to find
144 votes, they have turned to these folks and created a voter base out
145 of them.

146 Following up on the nine-year-old transgender show — and that's
147 what it was. My heart breaks for this kid — she needs help to
148 accept herself as God designed her. But, following up on this, as if
149 it was choreographed, the next question, "And senator, a follow-up
150 on this. Do you think that religious education institutions should
151 lose their tax-exempt status if they oppose LGBTQ rights? So,
152 would they lose their tax exempt status?"

153 And then the spin-spiders weave their web of deceit: "As you know
154 in 27 states, including my state of Florida, LGBTQ people can be
155 denied service in restaurants and other public spaces based on who
156 they love or who they're perceived to love." Yeah, they *love* to put it
157 like that — I mean, who would justify being opposed to someone
158 based on who they love. Love justifies all things! Mohammed, it is
159 argued, loved nine-year old Ayisha — and in the minds of many,
160 that makes it okay??? Married her at six years of age, and
161 consummated the marriage when she was 9. So! What's love got to
162 do, got to do with it? Absolutely nothing! It's perversity.

163 It's not about who anyone loves — it's about violating God's order
164 and design for marriage and procreation. God connected sex with
165 procreation and as a mechanism by which the male and the female
166 come together and become one. God created the man, and from
167 the He man made the woman, brought them back together to
168 become one through the marriage bond that serves as the means by
169 which more men and women come into the world.

170 It's unnatural for the woman to behave contrary to her nature, or
171 the man to behave contrary to his nature — and acting contrary to
172 nature, quite naturally, brings all sorts of evils into the world both
173 physically, and spiritually.

174 I have a list of diseases that are directly associated with this
175 unnatural behavior — it's insanity that we have come to embrace
176 this as part of our culture and it will ruin us.

177 So the follow up to this nine-year old tranny, Beto was asked
178 whether churches should lose their tax-exempt status if they refuse
179 to affirm LGBTQ people: Beto O'Roark says yes! He will go after
180 the tax exemption for religious organizations that refuse to cow-
181 tow to the political correctness crowd — and yield their freedom of
182 religion and freedom of thought to accommodate the disease
183 ridden and socially destructive agenda of the LGBTQ advocates.

184 So far then, Beto has declared he will come after our Defense Rifles,
185 and now religious tax exemption — the whole outrage over tax
186 exemption for churches is a ruse since any number of
187 organizations are granted tax exempt status as non-profit
188 organizations. Tax exemption should never be thought of as tax
189 subsidy for that reason. People who participate in a tax-exempt
190 organization don't lose their inalienable RIGHTS as individuals.
191 So, don't get fooled into thinking of churches as "institutions" and
192 forget they are made up of people — individuals — American
193 citizens who have a right to their own opinions about these things
194 and the right freely to associate themselves with one another.

195 But there it is! It sort of completes the picture. The Democrat party
196 is in favor of whatever is contrary to God.

197 Trump is right when he observes that "they" are not after him — in
198 truth, they are after all of us who acknowledge Christ is KING
199 above them, and who affirm that we are all subject to HIS CROWN
200 and AUTHORITY.

201 And so then there is this — "Media Clamor for Impeachment,
202 Ponder Death Penalty For Trump." *Death penalty?* Really? Maybe
203 these people really have gone completely over the top. They hate
204 Trump politically, I understand, but it goes deeper than your
205 typical political hatred. These people are viscerally afraid of
206 Trump.

207 Okay, let's sum up.

208 The Democrat Party today is not even pretending to make any
209 effort to appeal to the average American. They are for killing babies
210 right up to term, taxpayer funded abortion and transexual surgery,
211 welfare for illegals, promoting gender confusion to our children,
212 and attacking the churches — they are for spurning the sacred and
213 encouraging the perverse. That's what you are voting for if you vote
214 Democrat today. Wow! Look, either the Dems are depending on
215 the main stream American not listening to what they are saying
216 right now, and intend after the primary, as they often do, to swing
217 toward the center, or they have quite literally gone off, and over the
218 rails. Who will Americans' choose to govern America in 2020? Our
219 choice is between tyranny or liberty!

220 Hold on through the break. I'll be right back.

221 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
222 at the Lighthouse, your brain masseur, and Paul Revere's lantern
223 lighter, lighting the lamps in the church belfry arch, signaling the
224 enemy is on the march, an enemy that would steal from us our
225 liberty.

226 Impeachment? It's all happening so fast, it's hard to keep up! Behar
227 said she thinks the reason so many continue to support Trump is
228 that they are busy living their lives, and not paying attention. She
229 suggested that they are unlike her, and others in the MSM who
230 watch all of this closely every day. She believes that when they stop
231 and look at what this President has been doing they will wake up
232 and then change their mind about him.

233 Another said she believed impeachment would bring the nation
234 together.

235 Some on The View disagreed strongly. They expressed the belief
236 that impeachment would tear the country apart. I'm going to
237 remind you about some hard facts concerning impeachment, and
238 then show that what is going on right now is not, Constitutionally

239 speaking, impeachment. In other words, Adam Schiffy is running
240 an illegal play and it's only a matter of time before the referees blow
241 the whistle on all this and call FOUL!

242 There are all sorts of problems with what is going on right now. I
243 think Jay Sekulow provided the best summary and I'll use it to lay
244 this out for you. First the LAW, and then the PRECEDENT.

245 As you know, Article 1 section 2, last paragraph says, "The House
246 of Representatives shall chuse their Speaker and other Officers; and
247 SHALL HAVE THE SOLE POWER OF IMPEACHMENT."
248 However, according to Article 1 Section 3, impeachment must be
249 TRIED by the Senate, with the Chief Justice of the Supreme Court
250 presiding the trial, with a stipulation that conviction requires 2/3 of
251 the Members present.

252 Okay, that's the law. Well, that sort of covers applicable law. There
253 is another matter of law we need to look at. According to law,
254 whistleblowers must have reasonable basis for their complaint.

255 Whistleblowers are required to present information and other
256 documents that can back up their claims when filing a dispute. If it
257 is found that they are lying, they may be subjected to criminal
258 charges. That's why this guy secured Hillary's lawyers before
259 proceeding with the complaint.

260 The law does not require first hand knowledge; it requires
261 reasonable belief in wrongdoing. However, the form used for these
262 complaints included a paragraph about having firsthand
263 knowledge.

264 That form was recently REVISED eliminating the question about
265 having FIRST HAND KNOWLEDGE.

266 Now, here is where it gets really weird.

267 The complainant in this case, used the earlier form — and checked
268 the box that said, "I have personal and/or direct knowledge of

269 events or records involved." The complainant also checked the box
270 that says, "Other employees have told me ..." etc.

271 Both boxes were checked.

272 But then, the complainant form that was released to the public was
273 the newer form, and a statement was included saying the
274 complainant did NOT HAVE PERSONAL OR DIRECT
275 INFORMATION — and it was written in a way that is
276 embarrassingly like legalese.

277 According to the version of the whistleblower form released, the
278 Whistleblower said, "I was not a direct witness to most of the
279 events described. However, I found my colleagues' accounts of
280 these events to be credible because, in almost all cases, multiple
281 officials recounted fact patterns that were consistent with one
282 another."²

283 "Fact patterns that were consistent" — really? It turns out the
284 Whistleblower is a cohort of Joe Biden, a CIA plant in the White
285 House tasked to spy on the Trump Administration.

286 The complaint was allegedly filed with Adam Schiffy August 12.
287 But we know Adam's office was notified before the complaint was
288 submitted. He said, "We have not spoken directly with the
289 whistleblower."

290 When the transcript of the phone call was released, September 25,
291 Adam runs out there the next day and reads a fabricated account of
292 the phone call into the Congressional record — why did he not
293 read the actual transcript? In his fabricated account, he alleges
294 Trump asked the Ukrainian president to "dig up dirt on Biden."

295 We've read the transcript, we know that is a lie. But many people
296 don't bother reading the actual transcript, they hear Adam

² <https://www.foxnews.com/politics/intelligence-watchdog-whistleblower-complaint>

297 Schiffy's account and it agrees with their bias so they accept it as
298 truth.

299 Why didn't Adam read the actual transcript into the Congressional
300 record?

301 Why did they doctor the whistleblower's complaint?

302 And then...

303 There is the issue of Precedent. According to Sekulow, the
304 precedent is that the Congress gives the minority an opportunity
305 ask questions and cross-examine witnesses. But this will not be
306 allowed by this Congress, at least so far.

307 Furthermore, and this is very important — the Constitution does
308 not invest in a sub-committee the sole power of impeachment. It's
309 invested in the House. There should be a House vote on
310 impeachment, and it should then be TRIED in the Senate, not in
311 the House.

312 The reason they don't put the impeachment up for a full House
313 vote is they are sure they don't have support for it. Which is
314 remarkable since the last election put the House into the hands of
315 the Democrats. But they don't have the votes, and don't want to
316 risk going to a full vote of the house and failing — again,
317 remarkable, since it only requires a simple majority and they have
318 the majority right now.

319 It's possible that the Democrats don't want the matter to go to
320 Senate until after they have secured enough support in the Senate
321 to get conviction. Or they are stringing this out to make it an
322 election issue.

323 But let's look at the articles of impeachment — we have not seen
324 them yet. That's because they are still trying to figure out what they
325 are going to be. Yeah; I'm not kidding.

326 They hoped the Mueller report would provide what they wanted to
327 impeach, it imploded on them. You don't hear anything about
328 Russia collusion or Mueller report anymore. The whole thing blew
329 up in their faces.

330 Then they tried to pin obstruction on Trump in the Russia
331 collusion scam. That also blew up in their faces.

332 So they came up with this Ukraine conversation — but the actual
333 transcript was released and so that fizzled — it flew around like a
334 balloon losing air fast.

335 They could not find any substantial argument for quid pro quo —
336 So, they are turning their attention away from that, and focusing
337 on obstruction again, saying that since Trump refuses to produce
338 witnesses they are calling for and documents they want, he is
339 obstructing justice.

340 Well, we'll see. The fact is, the Constitution provides for the
341 President executive privilege in exactly these sorts of situations.
342 And the reason for these executive privileges is to protect the
343 Office of the President from political assassination attempts such as
344 we have right here before us.

345 This is political assassination 101. They know the President is not
346 obliged by law to produce witnesses or documents to them — it's
347 like, in some ways it's like the 5th — protections against being
348 compelled to self-incriminate. I mean; it's similar. The idea is that
349 without these protections, what we see happening will happen over
350 and over until nothing gets done in government because all the
351 time is spent on using these "investigations" to harass the sitting
352 President and impede him from doing his job.

353 Adam Schiffy is whining about the President impeding a co-equal
354 branch of government from doing it's Constitutional duty, but that
355 is exactly what Adam is doing — the Mueller investigation was a
356 fake hit job on the President, the allegations of obstruction in that

357 case were proved phony, the Ukrainian call proved to be a red
358 herring — another fake accusation, in which Adam actually
359 invented a version of the phone call that never happened, and
360 LIED about not talking to the whistleblower earlier — yeah,
361 proved, a LIE — he said "we" meaning him and his team, his office,
362 had not talked to the whistleblower when we know for a fact his
363 office did have contact with him — so the executive privilege
364 President Trump is exercising is being used in exactly the way the
365 Founders envisioned it would be used — to PROTECT one
366 EQUAL BRANCH OF GOVERNMENT from interference and
367 harassment from another EQUAL BRANCH OF GOVERNMENT.
368 So, it can go to the third branch for adjudication. That's right!

369 If Schifty is concerned the President is abusing his power, he can
370 do what others have done before him and appeal to the Court —
371 but he does not.

372 Why? Because this is a political hit job — and when you dig into
373 this here is what you find out.

374 Gotta close, but remember in the transcript of the phone
375 conversation between Trump and President of Ukraine the
376 Ukrainian President mentions his appreciation for exposing the
377 corruption of the former American Ambassador to Ukraine, her
378 name is Marie Yovanovich and she is being called to testify before
379 the impeachment committee. Want to know why there is no way
380 Adam is going to allow the Minority to ask questions? Want to
381 know what Trump was talking about?

382 Well, it turns out that she was Obama's appointed ambassador and
383 she was obstructing justice. That's right! Yovanovich refused visas
384 to Ukranian officials who wanted to come to America to provide
385 proof of corruption in the Obama Administration.

386 Misconduct in relations with Ukraine. Also, to obstruct exposure
387 that "A Clinton surrogate made a trip to the Ukraine in 2016 in

388 order to get dirt on Donald Trump or members of his campaign."
389 Shortly after this trip, they released their fake information
390 implicating Paul Manafort in crimes. And we know that shortly
391 after Joe visited Ukraine, his son landed a huge 600k per year job in
392 a position he has absolutely no qualifications to hold. And we
393 know Joe boasted that he got a prosecutor in Ukraine fired when
394 he threatened to hold back funding authorized for Ukraine.

395 Now you understand why they are trying so hard to invent, to
396 fabricate a case that Trump was withholding military aid to
397 Ukraine as leverage to pressure Ukraine to "dig up dirt on Biden."

398 That's why Adam used that language — that's why he read it into
399 the record.

400 These are clever liars — but they are up against something they are
401 not ready for and I'll talk about that in my service for Sunday.

402 Early evening service tomorrow — in other words, the usual 5 pm
403 service will be held Sunday at 1:30. I'll be flying out to South
404 Carolina Sunday night, but I'll be home Thursday —

405 I have lit the lamps in the Church belfry arch and now you let me
406 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
407 ON and you will ride like Revere and spread the warning,
408 (essentially, it means you agree with what I'm saying) or you say
409 LIGHTS OFF -- which means you reject what I'm saying and
410 disagree strongly with me. So, what will it be today, lights on, or
411 lights off?
