

Brain Massage: Show No. 761 Is America Headed For War With Iran-
Russia? / Are Your Ready To Engage In God's War!

Jerry Scheidbach

Original Air Date: 01.11.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.
4 Trump wins — again! But I'm still not tired of it! Remember when
5 he said we would get tired of winning? Are you tired yet?
6 Iran backs down!
7 Soleimani — terrorist, monster — his killing opposed by the left
8 and mourned by White Supremacists. Matthews compares the
9 death of Soleimani in Iran to deaths of Elvis and Dianna in
10 America. Fails to see the irony of what he is saying!
11 The Democrat Party — from "Profiles In Courage" to "Profiles In
12 Corruption" — book to be released Jan. 21st. Documents the abuse
13 of power by Progressive elites in America.
14 Why is Nancy holding the articles of impeachment?
15 Some interesting developments in the polls I want to examine with
16 you today.
17 Hey, what's with Buddhism being taught in some public schools?
18 And what about the University professor who was fired for making
19 a wise crack inviting Iran to bomb cultural sites in America —
20 The War Powers resolution supported by a key Trump supporter?
21 What's that about?
22 Of course, we need to keep our eyes on voter fraud — ballot
23 harvesting begins soon!
24 I think Andy Caldwell will make a great Congressman — let's rally
25 and send Andy to Washington.

26 Let's see, yeah, look at all this ...

27 My friends, it's time for your Brain Massage!

28 [TRUTH]

29 Trump wins — again! But I'm still not tired of it! Remember when
30 he said we would get tired of winning? Are you tired yet?

31 Iran backs down!

32 A member of our church, an Air Force LT. approached me after
33 Soliemani was taken out and Iran launched their multi-missile
34 attack on two of our bases in Iraq and he seemed concerned that
35 we might be entering into war with Iran. It was one of those days, I
36 had not heard of the attacks, but I said, more than likely Iran will
37 do a sort of face saving show of force but they'll make sure not to
38 do anything serious enough to provoke America to launch all out
39 war on Iran. It's SOP for the culture of that region.

40 However, war with Iran is almost as inevitable as death and taxes
41 — at least so long as it's under the control of those crazy Mullahs
42 who believe they are destined to detonate the conflict that will
43 bring in the 12th Imam — an Anti-Messiah, or antiChrist figure
44 that is part of Islamic eschatology (doctrine of last things).

45 But at some point the western powers are going to coalesce and
46 decide we've all had enough of this Islamist Jihad nonsense.

47 These western powers are going to mass their military resources
48 and move through the Middle East like giant Harvesters and
49 Masticators (those huge tree clearing and forest mulching
50 machines)—but these countries are not done doing their Dhikr
51 (Vehkar), or their (dribble—death to America) which I suppose is
52 a kind of Muslim Haka — Indian and New Zealand war dance. It's
53 the modern day version of the old field battles where the two
54 armies position themselves opposite one another and each side
55 chides and teases, and attempts to work up its own courage to

56 attack while trying to weaken the other side by intimidating them
 57 — only, in this case the Jihadis really don't want all out war with
 58 America — they the difference between fantasy and reality —
 59 Here is a chart showing the relative military might of America and
 60 Iran:

AMERICAN COMPARED TO IRANIAN AIRFORCE		
	AMERICA 	IRAN 
Planes 	13,398	509
Fighter Jets 	2,362	142
Military Transport Planes 	1,153	89
Helicopters  <small>(including 971 attack copters)</small>	5,760	126 <small>(including 12 attack copters)</small>
Trainer Aircraft 	2,853	104

61
 62 So, Iran would rather attack America through proxies, where they
 63 can attack from behind the skirts of women and children and then
 64 hide behind "plausible deniability" and other ruses intended to
 65 trick their prey into their traps. They want to tear at the fringes,
 66 attack the weak spots where they can exploit them, but never go
 67 too far, you know.

68 Anyway, I know many were concerned about Iran's retaliation. But
 69 it played out pretty much the way I anticipated. They struck at two
 70 air bases with their missiles allowing US to have advance warning
 71 of the attack — no American lives were lost. They have figured out
 72 that is Trump's red line. And they have also figured out that
 73 Trump's red lines are not like Obama's red lines — Obama's lines
 74 were a light pink, but Trump's lines are thick and red!

75 So, what is Trump going to do about Iran's misfired attack on our
 76 US bases in Iraq? He will up the sanctions — perfect. Balanced,
 77 measured response. No American lives lost — but, Iran must be
 78 punished for their bad behavior, so Trump increases sanctions.
 79 The message is clear. Don't kill Americans!

80 Who was this guy—Soleimani? In recent years (since Obama
81 blocked Israel from taking him out in 2015) Soleimani has become
82 a celebrity among West-hating-Muslim Iranians (not so much
83 among the Persians in Iran). Iran has depended on Qasem
84 Soleimani to expand their influence across the Middle East through
85 developing the Islamic Republic's network of proxies killing
86 Americans in Iraq, Lebanon, Syria, Yemen and Afghanistan.

87 What Trump's strike on Iran's top General means is that America
88 is serious about addressing terrorists and terrorist nations, like
89 Iran. And what Iran's response means is — they got the message!

90 It's not unlike when Reagan bombed the home of Khadafi. The
91 Ayatollah in Iran had to rattle his sabre in the air and stir up the
92 crazies to (dribble — Death to America) and because this was a
93 huge blow against their pride and their arrogant presumption they
94 can go about terrorizing at will with impunity, he had to do more,
95 so the ordered a surgical attack that would maximize show but
96 minimize blow back — all with sense have got to appreciate how
97 brilliantly our President is handling the thread the needle
98 diplomacy —

99 We know Iran was threatening to attack American interests in Iraq
100 — the recent move on the embassy was a prelude, a sort of dress
101 rehearsal, to plans to launch similar, simultaneous uprisings
102 against several embassies and other places of American presence in
103 the region — and to do it through proxies, to make it appear the
104 "people" generally want America out of the Middle East to leave
105 them alone to pursue their agenda to drive Israel off into the Med
106 — they tested American resolve in that uprising and found it was
107 solid, so they were meeting to discuss ruses (a hunting term, used
108 for setting up deceitful traps to lure and capture prey) —

109 Anyway, Iran launches this showy response, pictures of multiple
110 missiles launched, that amounted to nothing — a little bit of

111 property damage and NO AMERICAN LIVES LOST. In fact, there
112 were no casualties at all.

113 But, in a culture where noise, and show take the place of real
114 results—this was enough for the Khameni to maintain his posture
115 before the Muslims he leads — but make no mistake — it was a
116 show. There is no way Iran wants to invite America to come in
117 with the Harvesters and the Masticulators — not yet!

118 Here is something closer to Iran's style — and, really, we should
119 differentiate between the Iranian people, the Persians, from the
120 crazy Ayatollah devotees.

121 But Iran has proxies in our Government, and they are busy!

122 You do know that Obama was a great defender of Iran? The truth
123 is, and I remember this, but no one I know seems to remember
124 this; but I remember back when Demoncrat Obama was running
125 for an Illinois Senate seat against a great Republican, Alan Keyes—
126 when Soros poured millions into Obama's campaign, allowing
127 Obama to spend 14.2 million against Keyes' paltry 2.5 million —
128 anyway, I remember Obama making a statement to the effect that
129 he did not understand why Iran should not have the right to have
130 nuclear weapons if Israel could have them? Anybody else
131 remember that statement? It stirred up enough controversy that he
132 walked it back, and qualified himself to mean for energy purposes
133 only, but the fact is Obama always thought if Israel, whom he
134 despised, by the way, could have nuclear weapons his Muslim
135 brothers should have them too. Remember, it was Obama who air
136 lifted 1.5 billion dollars in cash to Iran, cash used to buy the
137 missiles Iran launched at our bases in Iraq, by the way — it was
138 Obama who tangled the US into a treaty with Iran that virtually
139 paved the way forward for Iran to get nuclear weapons—Obama
140 loved the Muslim Brotherhood, and you could always here the kiss
141 in his voice when he spoke of MMMMSmacklims — and the

142 Demoncrat Party has always positioned itself on the side of
143 terrorists.

144 So, here we have Soleimani — a terrorist monster — targeted by
145 the US as a terrorist target, and Obama intervened to stop Israel
146 from taking him out in 2015, but Trump gets word that this target
147 is accessible and takes the initiative and approves the mission to
148 take him out and the Left are up in arms. They have a lot in
149 agreement with White Supremacists, anyway, but on this point, it's
150 open. White Supremacists mourn the killing of the Jewmerica
151 hating White Supremacists. And Chris Matthews compares the
152 death of Soleimani in Iran to the deaths of Elvis and Dianna in
153 America. Yeah, ole tingle legs Matthews — remember him? His
154 legs went all tingly with Obama spoke — he understands why the
155 Iranians would mourn the passing of their great Jew and American
156 murdering hero because, well, according to Matthews, it's like how
157 Americans reacted to the passing of Elvis Presley and Princess
158 Dianna. Really? Leftys do this all the time. They make some of the
159 most outrageous comparisons — Soleimani and Elvis — Soleimani
160 and Dianna. Soleimani, a terrorist, a murderer, and avowed enemy
161 of America, a hater of freedom and liberty for all, a torturing,
162 murdering, monster of evil — compared to Elvis pelvis (that's what
163 my Dad called him) and poparazzi fixated Princess Dianna —
164 you've got to be kidding me. That's the left for you. They
165 "understand" and "relate" to people who make heros out of Anti-
166 Semite and Anti-Christian murderers because, you know, it's like
167 the way American's loved Elvis and Dianna. If that is not a contrast
168 in cultural values I don't know what is. And neither of them
169 compliments their respective culture, by the way, but I don't think
170 America's reaction to the passing of Elvis or Dianna can be
171 compared with the killing of Soleimani without presenting a
172 glaring contrast between the values of the cultures they
173 represented. Crying over the death of an entertainer is one thing,
174 and might speak of some shallowness but crying over the death of a

175 murderer is just perverse ... almost as perverse as the Democrats's
176 reaction to the killing of this terrorist. As we have come to expect,
177 virtually every action of the Left with regard to dealing with
178 terrorists aids and abets the enemy. Pelosi and company want to
179 take power away from the President to deal with terrorist threats —
180 and at least one Trump supporting Republican agrees with the
181 Democrats on this one. Yeah, Matt Gaetz explains why he voted
182 with the Democrats for the War Powers Resolution — which
183 requires Trump to get permission from the Congress before he
184 responds any further to Iran's threats — a violation of the
185 Constitutional powers of the President, by the way, and he says
186 some lame nonsense like, "if our servicemembers have the courage
187 to fight and die in these wars, Congress ought to have the courage
188 to vote for or against them." Well, yeah, if we are talking about
189 declaring War — but in a case where a government has declared
190 war on us, and has attacked us, and is in the process of attacking
191 us, the President is charged by the Constitution to protect
192 American lives and this does not require an act of Congress,
193 especially a Congress with Jihad headed MMMmmsmackuslim
194 protecting sympathizers like the squad in Congress, a House that
195 leaks like a sieve — besides, Pelosi would likely be so stuck on
196 herself and her power trips, she would refuse the call. When Pence
197 called about the Iranian ballistic missile attack on our bases, she
198 did not have time to take the call, she sent word that she would call
199 him back. A few minutes later, Pence had a note sent to her
200 informing her of the attack — that was a bit after 1:30 or so, she got
201 back to him after 6 pm. Her concerns about being informed about
202 these things is pretentious — she is not serious about anything
203 except her petty power play to hold power in her party and try to
204 usurp power over the Senate and the President.

205 Okay, my friends — hold on through the break. I'll be right back!

206 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
207 at the Lighthouse, your brain masseur, and Paul Revere's lantern
208 lighter, lighting the lamps in the church belfry arch, signaling the
209 enemy is on the march, an enemy that would steal from us our
210 liberty.

211 Hmmm! This just in — the Russians just "aggressively approached"
212 one of our destroyers — the USS Farragut. Our destroyer was
213 conducting routine operations in the North Arabian Sea — the
214 Russian ship was on a collision course with our Destroyer, the
215 Farragut, the Farragut signaled five short blasts which is the
216 maritime signal for danger of a collision. Also, the Farragut
217 requested the Russian ship alter course, which is according to
218 maritime law — the international rules of the sea — and the
219 Russian ship initially refused to alter course. It did yield, finally,
220 but the Fifth Fleet statement complained that "While the Russian
221 ship took action, the initial delay in complying with international
222 rules while it was making an aggressive approach increased the risk
223 of collision."

224 Why the Russian ship delayed making the usual maneuver is not
225 clear. Many things could account for it. But with the recent sparing
226 between the U.S. and Iran, and the historically, and prophetic,
227 connections between Iran and Russia — this might well have been
228 a reminder to America that Russia stands behind and along side of
229 Iran — both historically, and prophetically. Moscow and Tehran
230 are united.

231 But, what this means is Iran and Russia were both set on notice
232 with Trump's actions against Soleimani.

233 Here are only some of the known reactions to Soleimani's take
234 down in Iran, beyond what you read about in the news: (From the
235 DebkaFile)

236 "Iran's threats of revenge for Qassem Soleimani's death were
237 coupled on Sunday, Jan. 5, with practical preparations for action.
238 DEBKAFfile's exclusive sources report that most of the Iraqi Shiite
239 militia leaders and their senior staff were transferred to Iran after
240 which Iran's Revolutionary Guards Corp (IRGC) took four more
241 steps.

242 1. The pro-Iran Iraqi Shiite militias shuttered their command
243 posts and bases in the main cities and the fighters melted into the
244 local populations with their weapons. (Hiding behind skirts and
245 knickers.)

246 2. A second group of militia chiefs were redeployed in Syria in
247 areas under Assad government control.

248 3. Their command centers and bases in Syria were dispersed and
249 hooked up with their chiefs.

250 4. The Lebanese Hizballah began closing the Beqaa Valley bases
251 of its terrorist arm, which supplies Iran with terrorist and sabotage
252 networks in all the Gulf emirates as well as North East and West
253 Africa.

254 In other words, they are "all shook up." Haha. Maybe there is more
255 to the comparison of Soleimani's death and that of Elvis after all.
256 Haha. Okay, lot's to pray about here.

257 You know, Trump must go down in history as the most
258 extraordinary President ever — I don't think even George
259 Washington, who, by the way, led our army at a time when the
260 nation was almost evenly divided for and against the Revolutionary
261 War, when he had to fight with Congress to get proper provision
262 for his army, when his tactics, which later proved to have been
263 brilliant, were being second guessed by ignoramuses, and
264 sometimes, even his friends — but Washington at least enjoyed the
265 general esteem of his countrymen. Trump is handling all of this
266 remarkably well!

267 His rally in Toledo was amazing — truly, he has been strengthened
268 by all that has come upon him — the Demoncrats are going
269 bonkers — now God has positioned the God hating, America as
270 founded despising Demoncrats in such a way they are being totally
271 EXPOSED. You know, that's what the Bible says the SPIRIT is here
272 to do — to REPROVE — that means EXPOSE THE FAULT TO
273 THE CONSCIENCE of the entire world — since we began praying
274 earnestly back in about 2008-2009, so much has happened that has
275 thrown light on the dark deeds of the spirit of antichrist in both
276 parties, but especially in the Demoncrat Party, where those devils
277 have holed up in droves — the LIGHT is scattering them like
278 cockroaches under fluorescents.

279 The descent of the Democrat Party can be traced by the titles of
280 two books: "Profiles In Courage" and "Profiles In Corruption." —
281 Remember Profiles In Courage? It was a biography of John F.
282 Kennedy that endeared him to American hearts back in the mid-
283 fifties in the lead up to his bid for President. Fast forward now to
284 2020 and another title: "Profiles in Corruption: Abuse of Power by
285 America's Progressive Elite." The author is Government
286 Accountability Institute president and Breitbart News senior
287 contributor Peter Schweizer. This is the author of Clinton Cash —
288 his newest book is already at no. 3 on the bestseller list and it will
289 not be released until Jan. 21st.

290 In this book, Schweizer documents the politics of corruption in the
291 Demoncrat Party — you've got to get that book, get educated about
292 this and begin sharing the information with your liberal, or fence
293 sitting friends.

294 Why is Nancy holding the articles of impeachment? I wonder if she
295 is simply hanging on to control of the agenda. We know she did
296 not want to do the impeachment thing anyway. Her Party has
297 dragged her, or I should say, the Squad has dragged her into all
298 this. Now, maybe she thinks a Senate trial nearer the election

299 would benefit Dems better? But her own Party is beginning to call
300 for her to send the articles to the Senate.

301 You can be sure it's all about November 2020 — the BATTLE FOR
302 AMERICA is ON — if Demoncrats keep control of the House, and
303 gain control of the Senate, and especially if they gain control of the
304 White House — this nation will move OUT FROM UNDER GOD
305 and I will guarantee you, judgment will soon follow.

306 We must pull back against this crowd that has been trying to pull
307 America out from Under God for decades — speak up! Get your
308 children under teaching that will help them learn the truth about
309 our FOUNDING. Learn about spiritual warfare and engage the
310 *principalities, powers, the rulers of the darkness of this world, the*
311 *spiritual wickedness in high places*. Learn the relationship between
312 the spiritual and the physical — understand how to use your
313 influence as a KING and PRIEST unto GOD beat back the DEVILS
314 that hold strongholds in education, politics, and science — learn
315 how to break the power of darkness over the minds of God's people
316 and to unleash the convicting influence of the SPIRIT of GOD
317 Reproving the WORLD of sin, righteousness and judgment. Learn
318 the power of surrender to GOD and the incredible POWER that
319 gives you over the power of darkness, against Satan himself, who
320 will be forced to yield, to stand down, to let go of his influence over
321 vast swaths of territory in our country.

322 Get God's War — get it today! What happens in the spiritual has
323 major repercussions in the physical. If we are going to take
324 America back under GOD, we need to understand how to
325 effectively "wrestle against principalities, powers ... " —

326 SEGMENT 02b: I've told you about how our church began
327 exercising ourselves in prayer and fasting, and engaging in spiritual
328 warfare back under Obama and how soon after we began seeing
329 signs that God was beginning to "turn" this nation back from hells
330 power.

331 Abortion is now fully exposed as nothing but the brutal murdering
332 of babies for money. The LGBTQ agenda is now open — that
333 movement is literally calling for the criminalization of Christianity.

334 So now that America is confronted with the truth about abortion
335 and the LGBTQ agenda, she can see more clearly what is at stake
336 when they vote.

337 The Democrat Party has come out into the open with their
338 antichrist bias — leaders mocking Christianity, Schumer recently
339 calling belief in the Bible belief in fairy tales, and Ocasio
340 demeaning Christians as believing superstitions. This is laughable,
341 since Schumer believes in the fairy tale of evolution, of climate
342 change, and AOC believes in the fairy tale of Socialism.

343 And that's another thing. There is no longer any pretention on the
344 part of the left — they are socialists. Someone said the difference
345 between Socialism and Communism is Communism takes away
346 your liberty by pointing a gun at your head, and Socialism does it
347 through the vote. One is an act of murder and the other an act of
348 suicide. But what I find interesting is that we prayed specifically
349 God would allow Americans to know the truth about these things
350 — we saw it clearly, but it seemed Americans generally were under
351 some kind of spell — and they simply could not see the truth about
352 what had developed in the Democrat Party — but now it's all in the
353 open.

354 It is clear — one side wants an America that is "out from under
355 God," and the other side wants to keep America "one nation under
356 God."

357 Well, we are far from any victory dance, but we are seeing
358 encouraging signs of movement.

359 Some interesting developments in the polls I want to examine with
360 you today.

361 From a recent Gallup Poll — only 24% of Americans will identify
362 as liberal today. The rest are in what is called the CENTER-RIGHT
363 camp.

364 Conservatives are at 37%, moderates, 34%.

365 And the trend is in the direction of conservatism. The gap between
366 conservatives and liberals is widening.

367 More Republicans are calling themselves conservatives today, while
368 fewer Democrats are willing to identify as liberal.

369 As far as Party membership, the Democrats continue to be the
370 larger party. In 1994, the Democrat Party held about 25% of the
371 population, but that more than doubled to 51% in 2018. This is one
372 of the reasons the Democrats were so certain they would win in
373 2016.

374 Democrat Party membership has slipped to under 50% in 2019.
375 Both Democrats and Republicans are viewing the Independents as
376 a middle ground, so Independents are growing.

377 So, this is very interesting — because it's telling us that Democrats
378 are pulling back from the liberal ideology of their Party leaders.
379 More and more Democrats are concluding that the Party has left
380 them —

381 I was asked if I thought Andy could win in California. I think the
382 party of Pelosi, Schiff, and Gavin has been measured and FOUND
383 WANTING. This is a very favorable time for someone like
384 Caldwell to get in.

385 I think Andy Caldwell will make a great Congressman — let's rally
386 and send Andy to Washington.

387 I have lit the lamps in the Church belfry arch and now you let me
388 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
389 ON and you will ride like Revere and spread the warning,
390 (essentially, it means you agree with what I'm saying) or you say

391 LIGHTS OFF -- which means you reject what I'm saying and
392 disagree strongly with me. So, what will it be today, lights on, or
393 lights off?
