

Brain Massage®: Show No. 764 Impeachment Expectations and Sequel
Predictions / Coronavirus Reprised—The Demon Virus From China

Jerry Scheidbach

Original Air Date: 02.01.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 I've got a problem today! The Senate is likely to vote this evening or
5 tomorrow morning on the issues I'm addressing in my show—with
6 regard to the impeachment trial—but I have to produce my show
7 today, Friday, and post it online tonight to be available to my
8 podcast audience and tomorrow and Sunday for my radio
9 audience. So, let's see how closely I will have called it?

10 The Cliff Hanger Impeachment trial — outcome expectations and
11 sequel predictions!

12 Hypothetically speaking — The Senate posed the following
13 question to the House Managers: If Mitt Romney had a son
14 involved in a corrupt foreign company that was under
15 investigation for their corruption, and Romney had interfered,
16 using US Aid as leverage to bully that foreign power to fire the
17 prosecutor, would he impeach Obama if he encouraged that
18 foreign power to look into this suspicious activity? Listen today for
19 how Schiff's indicts Obama with almost every sentence in his
20 answer.

21 In what way could the Chief Justice have a significant influence in
22 the outcome —

23 The latest Bombshell dropped by Demoncrats from the Bolton
24 Memoirs — another dud.

25 Hillary threatens another run.

26 Coronavirus—a closer look, pestilence and prophecy! China's
27 president calls the virus a DEMON. Hmmm! Speaking of DEVILS.

28 Trump pushing back against the rise of antichrist! Fascinating
29 insight into the relationship between Trump's Presidency and
30 biblical prophecies regarding the presence of the spirit of antichrist
31 and Satan's agenda for America and the world.

32 [TRUTH]

33 The Impeachment trial Cliff Hanger: Will the Senate vote to side
34 with Democrats' efforts to extend this farce into another two
35 months, and further confuse the Constitutional roles of the House
36 and Senate?

37 What will it mean if the Senate caves to Demoncrat demands?
38 Trump defense team member, Patrick Philbin makes an important
39 observation. Philbin clerked for Justice Clarence Thomas, and has
40 the bona fides of an expert on the subject he addresses. He testified
41 that if the Senate caves in to Schiff and company, it will have
42 established a dangerous precedent. It will allow for a partisan
43 controlled House to do slipshod investigations repeatedly, and end
44 up busying the Senate with never ending distraction. It turns the
45 Senate into the investigative committee of the House. That's not
46 the Senate's role in impeachment. The Senate sits as a sort of jury
47 and weighs the case presented to it by the Congress. Philbin is
48 right! If the Senate does not put a check on the Congress and
49 establish a firm precedent of rejecting such an obviously slipshod,
50 and totally partisan effort to undo the results of an election, that
51 body will be liable to control by the House — Waters is already
52 threatening to send another impeachment to the Senate if that
53 body refuses to cow tow to the House partisan demands. This has
54 to stop!

55 So, what happens if the Senate does go forward with a call for
56 witnesses and dredging Bolton's yet unreleased book for "new
57 evidence"? The conservatives are going to demand witnesses for
58 Trump be allowed to testify, and there will be demands for Hunter
59 Biden to be called up. Personally, I think the Biden corruption

60 issue should be resolved by the Justice Department — it's a
61 CRIMINAL proceeding. However, if the Demoncrats succeed at
62 pushing the Senate around, contrary to precedent in past
63 impeachment trials, and good sense—then in order to present a
64 proper defense for the President, the Biden issue will have to be
65 explored and that will require Hunter Biden's testimony, and other
66 corroborating testimony.

67 Of course, the Dems will object because his father is a candidate for
68 the office of president and it will be spun as an effort to interfere
69 with the upcoming election. Truth be told, everything the
70 Demoncrats are doing is an effort to interfere with the upcoming
71 presidential election. The impeachment of Trump IS the campaign
72 strategy of Democrats in 2020.

73 But really, running for office does not provide automatic immunity
74 from scrutiny—which is about all that the Senate could do with the
75 matter anyway. Nevertheless, if the Democrats push this charade
76 farther, the Senate will have no choice, in fairness, but to allow
77 Trump's defense to present justification for Trump's concern about
78 Biden corruption. Unless the Dems succeed at destroying yet
79 another cherished American ideal in justice — the idea that
80 deference must be given to the defense in order to insure the best
81 possible protection is afforded to the rule that the accused is
82 innocent until proven guilty.

83 So, what is my prediction? Earlier this week, there was concern that
84 four Republicans would side with Schiff and submit the Senate to
85 his demands that the Senate be tasked to clean up the mess the
86 House made with their shoddy impeachment investigation. And,
87 serve his political agenda to keep this impeachment process going
88 as long as possible to further the Democrats campaign agenda to
89 influence the upcoming 2020 election. The Republicans, RINOS,
90 that were sending mixed signals about their intentions were Pat

91 Toomey and Rob Portman (Soros shills),¹ Mitt Romney whose
92 nose is still hurting over his loss to Obama and Trump's win,
93 Maine's Susan Collins and Alaska's Lisa Murkowski.

94 You can pretty well count on the Soros funded politicians to side
95 with the Demoncrats — so concern was over whether two of the
96 other RINOS would fall in with them. Romney and Collins both
97 suggested a willingness to vote with the Demoncrats, but have
98 lately walked back their statements—and I understand that Lisa has
99 also decided she will not vote to extend this farce. Trump's team
100 has made a clear and compelling case for the fact that Congress has
101 no case, and they have sufficient access to the Bolton statements to
102 know the Dems are doing the same thing with these so-called
103 Bolton Bombshells they have been doing throughout this
104 impeachment process: spinning nothing into allegations that have
105 no real substance, and that do not rise to the bar of impeachable
106 offenses, which the Constitution sets at matters equivalent in
107 seriousness to bribery and treason. So the latest scuttlebutt I've
108 picked up is that the three wafflers have come out against
109 extending the witch-hunt, and instead disperse the hanging mob
110 and deprive them of the head they hoped to tie into their noose.

111 It is obvious that the Democrats in the House want to impeach
112 President Trump on the charge that they don't approve of his
113 policies or the way he conducts the office. At least that's the surface
114 concern. The heart of their concern is that key, high level
115 Demoncrats have done or are actually doing every thing they are
116 accusing Trump of doing. It's a major deflection game, in which
117 the primary concern is to keep attention riveted on Trump and off
118 the swamp creatures he threatens, and they want to tie the Senate
119 up so they can't approve any more Trump appointments to the
120 courts, and at the same time cast enough muck on Trump they can

121 dampen the enthusiasm of his base and strengthen the resistance of
122 Democrats from siding with Trump over the economy.

123 I forgot who said it, might have been Levin, or Rush, someone
124 brilliantly observed that the Democrat strategy has been from the
125 beginning to not allow President Trump to be the President.
126 Everything they have done and are doing serves in one way or
127 another to deprive Trump of the ability to exercise the powers of
128 his office to further the agenda the American People put him in
129 office to achieve. And it is the most remarkable thing I've ever seen
130 how well he has moved his agenda forward against all odds. He has
131 done this, as Bongino put it, while the Democrats have done
132 nothing —

133 Trump — Middle East Peace Proposal (an interesting modification
134 of the two state solution is actually gaining support from both
135 sides—WOW! — more on that later)

136 Democrats — Impeach Trump.

137 Trump signs a new USMCA trade deal — getting things done for
138 the American worker.

139 Democrat — Impeach Trump

140 Trump — Economic growth.

141 Democrat — Impeach Trump

142 Trump — historically low unemployment

143 Democrats — Impeach Trump.

144 He has truly pushed the agenda of the spirit of antichrist back
145 decades. He has strengthened religious liberty, strengthened the
146 sanctity of life position — the first American President ever to
147 attend the March for Life and speak, and I mean eloquently in
148 favor of LIFE — and, oh my soul, the economy!

149 And believe me, this is a huge problem for 'dem Dems.

150 Buttigieg and Elizabeth—I'll-let-a-transgendered-child-choose-the-
151 next-head-of-Education-if-elected—and Crime Boss Biden and
152 whoever else is still running claims the economy is helping only the
153 1 percenters. But the fact is, unemployment is down to a historic
154 low of 3.5% which is virtually full employment in the US. This
155 creates competition for labor, which is driving wages up.

156 Generally, over all, wages have increased by 3.7%. But, get this, the
157 poor are getting richer in this economy, and their wages are rising
158 more aggressively than any other sector: 4.7%.

159 In other words, the poor are experiencing a greater percentage of
160 wage increase than anyone else in the economy.

161 Anyway, I think the Senate will reject Schiff's effort to subordinate
162 that body to the Democrats' Trump hatred derangement and act
163 coolly, and judiciously. It will vote against calling further witnesses,
164 and then, it will vote to acquit Trump.

165 The sequel to this bad movie will be Democrats screaming about a
166 partisan vote in the Senate, that the Republicans are shills for
167 Trump, whining about the unfairness of the proceeding, and —
168 like I said — they will scream and cry and whine accusing others of
169 doing what THEY DID and what THEY DO. But we the people
170 must not allow them to get away with this any longer. Election
171 2020 baby. That's our turn.

172 Hold on through the break! I'll be right back.

173 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
174 at the Lighthouse, your brain masseur, and Paul Revere's lantern
175 lighter, lighting the lamps in the church belfry arch, signaling the
176 enemy is on the march, an enemy that would steal from us our
177 liberty.

178 What about the latest Bolton bomb the liberals have thrown into
179 the Senate trial?

180 Another demonstration of how desperate are the Demons that
181 control the Democrats these days. You know how devils react
182 when the Spirit of Christ appears? They start tearing at their hosts,
183 making them stab themselves, cut themselves — they drive their
184 hosts stark raving mad. They lose reason, and become like rabid
185 dogs. (More on this Sunday night at the Lighthouse.)

186 The Bible talks about unreasonable and wicked men —
187 unreasonable! Here is what they do. You read a headline that says
188 "Trump told Bolton to help his Ukraine pressure campaign, book
189 says" (NYT) and A new Bolton revelation ties Trump to Giuliani's
190 early efforts in Ukraine ..." WaPo. And "Bolton revelations could
191 change calculus on impeachment" MSNBC, and Impeachment trial
192 Day 6: Bolton revelations fuel fresh calls for witnesses ..." CBS and
193 MSNBC confesses it does not believe this is any smoking gun, and
194 yet, as I hear the whine under their opine, the hope is it will hurt
195 Trump with the electorate — it will hurt Republicans in election
196 2020. Which goes to my oft-repeated statement that this
197 impeachment ruse is all about interfering with the upcoming
198 election.

199 So, now we read Bolton's actual statement in the yet unreleased
200 book. Essentially, all he reveals is that Trump wanted Bolton to
201 further plans to arrange a meeting with the Ukrainian president
202 and to pressure Ukraine to take serious action against corruption
203 — including the CORRUPT BIDEN connection to the CORRUPT
204 BURISMA corporation. That's it. Once again, what you read in the
205 headlines and hear from fake news in their leads is one thing. But
206 when you, uh, read the transcript, it's an entirely different thing.

207 It comes down to the simple fact that those who hate Trump and
208 who are threatened by his success hear anything like this through a
209 disgronificator — Rush devotees know what this is, it allows
210 someone to reformat an EIB web page, but I'm retasking the tool
211 here, used by Dems to reformat any story into a message advancing

212 their agenda. Someone should tell Rush that the Dems have stolen
213 his proprietary invention to their wicked uses. Haha. I really wish I
214 had time to play with that a little longer.

215 The unreasonable and wicked Dems disgronificate these Bolton
216 statements into support for their effort to paint Trump as
217 attempting to defeat Biden by getting Ukraine to investigate him —
218 although the Democrats approached Ukraine to investigate
219 Trump, although the Democrats tasked our own DOJ to spy on
220 then candidate Trump, on Carter Page, and on and on it goes. Even
221 though the Democrats used a dossier paid for by the Clinton
222 campaign and fabricated by a Trump hating ex British spy full of
223 outrageous lies about Trump to launch the original investigation —
224 even though — these people are WICKED! I'm telling you! We are
225 dealing with DEVIL LEVEL EVIL here.

226 For example! The Senate presented a hypothetical to the House
227 Managers: If Mitt Romney had a son involved in a corrupt foreign
228 company that was under investigation for that corruption, and
229 Romney had interfered, using US Aid as leverage to bully that
230 foreign power to fire the prosecutor, would it have been considered
231 grounds to impeach Obama if he encouraged that foreign power to
232 investigate these allegations? Schiff took the question and his
233 response actually indicts Obama with almost every sentence.

234 Here is the gist of Adam's response.

235 First, it is wrong for any President to withhold military aid to an
236 ally. Obama refused to give Ukraine the military aid Congress
237 approved — sent blankets and food boxes instead.

238 Second, to target political opponents, to task the Justice
239 Department to investigate political rivals taints any investigation
240 that follows. Obama tasked the Justice Department to spy on
241 Trump, his political rival.

242 Third, Schiff said you don't ask foreign powers to investigate your
243 political rival. Demoncratic members of the House on three
244 occasions requested Ukraine to investigate Trump.

245 Fourth, it's wrong to use the DOJ to influence an election for your
246 benefit. This is what Obama, Hillary, Brennan and company were
247 doing. Oh, and on the matter of intruding in foreign elections —
248 Obama sent money to fund the campaign against Netanyahu, in
249 Israel.

250 And finally, Schiff says, in effect, it's wrong for Presidents to solicit
251 a foreign power to help him cheat. And we agree, and that's why
252 Obama, Biden, Hillary, and the rest of that wolf pack should be
253 tried for treason.

254 And thinking about treason — don't forget Benghazi. I received
255 this from radio listeners Tom and Nancy — thank you. The poem
256 is in memorial to the brave Seals who died with Stephens in that
257 attack that Obama referred to a "a bump in the road." A retired
258 Navy Seal read this poem on a Fox News segment during an
259 interview:

260 THE BATTLING BOYS OF BENGHAZI "We're the battling boys
261 of Benghazi, No fame, no glory, no paparazzi. Just a fiery death in
262 a blazing hell, Defending our country we loved so well. It wasn't
263 our job, but we answered the call, Fought to the Consulate and
264 scaled the wall. We pulled twenty countrymen from the jaws of
265 fate Led them to safety and stood at the gate. Just the two of us
266 and foes by the score, But we stood fast to bar the door. Three
267 calls for reinforcement, but all were denied, So we fought and we
268 fought and we fought 'til we died. We gave our all for our Uncle
269 Sam, But Barack and Hillary didn't give a damn. Just two dead
270 Seals who carried the load No thanks to us...we were just "Bumps
271 in the Road."

272 Okay, I'll need to move toward a conclusion for the show today.

273 I had intended to offer some fuller insight into the China
274 coronavirus — so, yeah, let's summarize what's going on there.

275 Two Scriptures come to mind as I think about the show today.
276 One, that evil men will wax worse and worse as we near the end —
277 and the level of open, brazen evil coming out of the Democrat
278 Party today is certainly testimony to that. And Jesus warned us that
279 nation would rise against nation, kingdom against kingdom, and
280 that along with these troubles, there would be famines, and
281 pestilences, and earthquakes in "diverse places." Matthew 24:7.

282 Caution: He did not say these things portend the end. He said these
283 things are the "beginning of sorrows." The warning is that these
284 things would go on plaguing mankind to the time of the end.

285 Nevertheless, every time earthquakes shake us, and pestilence
286 afflicts us, we remember how they verify the truthfulness of His
287 words.

288 China's president calls the virus a DEMON. Hmmm! I did not
289 know Xi Jinping believed in devils? Probably an emotional term
290 expressing his feeling of helplessness against the disease that is
291 afflicting China.

292 Coronavirus is actually not the name of this new virus. They have
293 not given it a common name, yet; at least not that I know about.
294 Let's see — oh, okay, it's commonly called the Wuhan pneumonia,
295 or Wuhan coronavirus. Until they settle on a formal name, they
296 call it Novel 2019-nCoV. Novel is a placeholder and merely means
297 it's the latest, or a new virus. A coronavirus refers to a virus that
298 afflicts mammals and birds. Some of these transmit to humans.
299 SARS is one. Remember that one? In 2002-2003 SARS infected
300 over 8k and killed 774 people in 17 countries, mostly in China,
301 where it originated. Yeah! The second known coronavirus
302 outbreak to originate in China and spread all over killing people.

303 So far, over 10,000 cases of this coronavirus have been admitted,
304 and over 200 fatalities. Some claim these numbers are being
305 skewed by China. Estimates are that as many as 78,800 have been
306 infected as of Jan. 25 in the Chinese city of Wuhan alone — and so
307 it is believed there are a great many more deaths.

308 How did this new respiratory disease get started? In Wuhan
309 province in China, someone contracted the virus from a bat. They
310 eat bats in China. Interestingly, the SARS epidemic also started in
311 China and originated with a transmission of the disease from a bat
312 to a human.

313 It is hoped this coronavirus can be stopped in the same way SARS
314 was stopped. However, there are some important differences.

315 First, people can infect others with this virus several days before
316 they know they have it—before symptoms manifest.

317 This creates a problem. The SARS epidemic was much more easily
318 contained because people infected would not infect others until
319 they manifested the symptoms.

320 Identifying people with the disease was much easier, and then by
321 isolating them from population, the spread was more easily
322 controlled.

323 The good news is that this disease does not seem to be the sure
324 killer that SARS was, but it is killing people. And any hope for a
325 vaccine is years off.

326 We will need to pray for God to intervene.

327 How strange, two of the seven coronaviruses we know about
328 originated in China and both came from bats.

329 Bats from hell? Communist, Christ hating, Xi Jinping thinks so —
330 he said this virus is a demon virus.

331 One Wuhan Chinese citizen blasted the government's response—
332 saying they are not being truthful, he said, "We are really helpless.

333 Not all of us are brainwashed. We, too, want to live an open life of
334 democracy, freedom." Interesting how often that comes up—how
335 citizens in oppressed regimes take whatever opportunity they can
336 to send a message to Americans — "we want freedom too."

337 The oppression of Communism — I'll have to address the latest
338 discoveries Veritas has made of the Marxist-Leninist leanings of
339 Bernie and his campaign staff—planning violence—after the model
340 of the Communist takeover in China—saying stuff like once we get
341 rid of landlords we won't have to kill them—uh huh! Stuff like that.

342 I'm telling you, Election 2020 is a battle for our liberties. Sunday
343 night, I'll speak to the truth that Trump is pushing back against the
344 rise of antichrist in America! Fascinating insight into the
345 relationship between Trump's Presidency and biblical prophecies
346 regarding the presence of the spirit of antichrist and Satan's agenda
347 for America and the world. Be there, or, as Savage would say, be
348 square.

349 I have lit the lamps in the Church belfry arch and now you let me
350 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
351 ON and you will ride like Revere and spread the warning,
352 (essentially, it means you agree with what I'm saying) or you say
353 LIGHTS OFF -- which means you reject what I'm saying and
354 disagree strongly with me. So, what will it be today, lights on, or
355 lights off?
