

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 Last week, oh, by the way, before I forget, thank you for your  
5 enthusiastic response to last week's show and thank you for  
6 ordering God's War — if any of you are thinking about getting the  
7 book I recommend you do it quickly. The price could start going  
8 up.

9 The price has been all over the board on that book because of  
10 advice we are getting from various sources — I think I explained  
11 this before, but, in case you missed it, this book is a bargain at  
12 37.48, which is 10% off the retail price, and was the original sale  
13 price set for this book. But we are trying to launch a national  
14 campaign for this book, and we were advised to put the price at  
15 24.95 on Amazon — the quality of this book is far and away above  
16 what you find anywhere for 24.95 in terms of paper, quality of  
17 binding, the insert of 30 full color pages of illustrations, a massive  
18 topic index, plus a complete Scripture index — this is text book  
19 quality — but, we are willing to take the hit if it helps us get the  
20 message and call to action of this book "out there." So, until further  
21 notice, the price will stay at 24.95 on Amazon. To all my friends  
22 who preordered, you still got the better deal—a signed copy for  
23 22.41.

24 If you bought the pre-print paperback edition, and want the  
25 hardback, let me know and I'll arrange for you to get it for a  
26 massive discount.

27 Last week, I intended to clarify the stakes for the 2020 election — I  
28 did that — but I want to clarify it yet further in today's show. I  
29 want to address a few things I intended to include but that did not

30 make it into my show last week. For example, why no one is  
31 pointing out the fact that Buttigieg is married to a man — why it  
32 matters and why we pretend it doesn't. Why so few seem to notice  
33 that Pete Buttigieg (still not made it into spell check?) is  
34 campaigning against Christian conservatives — he directly assaults  
35 the faith of conservative Christians. Also, have you noticed that  
36 Pete is Obama white?

37 2019-nCoV — called the coronavirus by some, corona19 by others:  
38 is it overhype or serious conspiracy? Frankly, there is reasonable  
39 evidence for both views. I'll get into that a bit! Israel is coming  
40 through!

41 An explanation for the Biden break down no one is talking about!  
42 Liberals cheer as he declares that he's looking forward to  
43 "appointing the first African American woman to the U.S. Senate."

44 Trump wins again: court rules in his favor — California and other  
45 Sanctuary States and cities will lose federal funding if they continue  
46 blocking Federal Law Enforcement (ICE) from doing its job. But  
47 today he got some push back from the 9th circuit on the return to  
48 Mexico protocol. It ruled his policy is overreach. Be patient, the  
49 new court is not yet fully salted with conservatives.

50 I'm attending the New California 6th Constitutional Convention at  
51 Madonna Inn. Mike Huckabee will be speaking — see you there.  
52 And while we are talking CA — Santa Clara is anticipating  
53 Newsome will initiate a Northamesque gun confiscation scheme  
54 and they are preparing to confiscate guns from their citizens. And  
55 congratulations to Andy — on track to win a seat in the House —  
56 I'll be voting for Andy Caldwell for the 24th CA District. He is an  
57 honest, straight-shooting Christian gentleman. We are working out  
58 a schedule to have him at the Lighthouse —.

59 My friends, it's time for your Brain Massage.

60 [TRUTH]

61 Let's address the 2019-nCoV — commonly called the coronavirus,  
62 which is actually a misnomer since it's one of a family of such  
63 viruses, and more properly corona19 by others. Is it overhype or  
64 serious conspiracy? Frankly, there is reasonable evidence for both  
65 views.

66 On the "conspiracy side" the concerns range from a China plot to  
67 destroy America, to Democrats encouraging the spread of the virus  
68 in hopes to undermine Trump. Some are advocating a scenario in  
69 which Obama Administration deep state apparatchiks secretly sent  
70 the virus to a laboratory in WuHan China where it is being  
71 weaponized — and it's recent release is a "test" —. As for the  
72 Democrats politicizing the virus, there seems to be no doubt.  
73 Whether they can be accused of purposely releasing it, and  
74 encouraging it to become an epidemic, well, it's that already, but  
75 encouraging it to become a pandemic, well, that might be going a  
76 bit too far. But that they are attempting to politicize it, there is no  
77 doubt. The deep state apparatchiks are pumping it up and this is  
78 dangerous for two reasons. First, because it means they are not  
79 taking this dangerous virus seriously, they are using it as a political  
80 weapon against Trump, and second, because of the panic they are  
81 encouraging which has economic and health implications.

82 A few facts to keep in mind: First, full recovery from this virus is  
83 common — it is already quickly becoming the norm and settling  
84 into that family of flu viruses that afflict us yearly. Second, Trump's  
85 administration has aggressively acted to protect the U.S., and  
86 whether AOC believes it or not, not only does Mike Pence believe  
87 in Science, my guess is he knows a whole lot more about it than she  
88 does.

89 The bias of liberals today has become rank bigotry! AOC thinks  
90 that because Pence disagrees with those scientists who support the  
91 theory of man-made global warming, and alarm over predictions  
92 the earth will be destroyed in 12 years, according to AOC, and

93 instead agrees with hundreds of scientists who conclude the  
94 current warming trend is cyclical, and not in any way substantially  
95 affected by made man carbon emissions, that therefore he does not  
96 "believe in science." The libs talk about criminalizing disagreement  
97 with them over competing scientific theories about man-made  
98 global warming. It's unbelievable that Americans are tolerating this  
99 nonsense. AOC, Schumer, Pelosi, and Schiff et. al., are extreme  
100 left-winger-fascists — they bring to mind the days when the  
101 Catholic Priestcraft stifled scientific enquiry and even made it a  
102 crime to say the earth circled the sun. These people are willing to  
103 destroy the premise of American values, freedom of thought, free  
104 enquiry, in order to advance their political ambitions. They are  
105 what the Bible calls unreasonable and wicked.

106 The Libs today are about as UnAmerican as a Shiite Imam in Iran  
107 — and about as tolerant of dissent.

108 Pence is certainly as knowledgeable of "science" as Obama's Ebola  
109 Czar — a "political operative and lawyer." Yeah, the guy is a  
110 political hack! At least Pence has actually served in an executive  
111 capacity: Governor of Indiana, and in the House of  
112 Representatives.

113 It's frustrating because these Obama deep state operatives take  
114 every opportunity to undermine President Trump — they even  
115 create opportunities, like this virus, so we can't trust these people  
116 anymore — everything is political with them. We cannot trust that  
117 they have America's interests at heart — they have one focus,  
118 destroy Trump and his supporters. Pence is checking the CDC for  
119 accuracy and honesty in their reporting about this virus because  
120 they are deep state operatives trying to use this to undermine  
121 America — that's what it has come down to folks. It's Americans  
122 versus Anti-Americans. It's those who love America against those  
123 who want to take America down.

124 So, that's the conspiracy I see at work here.

125 Well, the good news is coming from Israel! Apparently, while deep  
126 state anti-American deep state operatives here are busy politicizing  
127 the virus, Israel has been busy developing a vaccine — it's being  
128 tested now, and the scuttlebutt is that it will be available soon.

129 Let's just hope the insane left does not go so bizarrely crazy some  
130 actually do try to encourage a major outbreak in the US in order to  
131 undermine Trump. You have got to understand that we are dealing  
132 with people who believe the ends justifies the means and they are  
133 insanely committed to destroy Trump, even if it means their own  
134 destruction, and ours. It's like they have a spiritual version of  
135 neurosyphilis — insanity.

136 As for response to the virus — while Democrats are criticizing  
137 every move Trump makes to address the problem, they DO  
138 NOTHING — and in fact, offer solutions that actually will  
139 exacerbate the problem— Warren wants to OPEN the BORDERS  
140 and take money from the Wall to invest in research for a cure —  
141 she is an idiot! Almost every time that woman opens her mouth I  
142 THANK GOD she is not President.

143 Okay, so, here is an explanation for the Biden break down no one  
144 is talking about! Everybody is cracking up over the Biden crack up  
145 but might be missing the fact that it's due to the coming crack  
146 down. You know that Biden has seen the handwriting on the wall  
147 and his knees are knocking so loud Belshazzar can hear them from  
148 hell.

149 "Ukraine has opened a criminal proceeding (Investigation) into the  
150 accusation that Biden had Ukraine's top prosecutor, Viktor Shokin,  
151 fired because he was investigating Hunter Biden.

152 "Rudy Giuliani, who met with Shokin, says that Shokin was  
153 investigating Joe Biden as well as Hunter and says he will release

154 the proof over the next couple of weeks."<sup>1</sup> Shokin filed a complaint  
155 January and after some preliminary consideration of evidence,  
156 Ukraine has officially launched a "proceeding." The investigation  
157 zeroes in on the charge that Biden blackmailed Ukrainian officials  
158 into a quid pro quo kind of deal — fire Shokin or you won't get the  
159 money. This much has been admitted by Biden — the investigation  
160 is asking the question whether Biden did this to protect his son  
161 from Shokin's investigation into the Ukrainian company his son  
162 worked for, Burisma. Friend, it looks like Hunter Biden earned his  
163 otherwise inexplicable salary from Burisma the day his daddy  
164 pressured then Ukrainian president Proshenko to fire Shokin or  
165 else forego over a billion in loan guarantees — putting Proshenko  
166 in the position of deciding between bankrupting his country or  
167 firing his nation's chief prosecutor for doing his job!!!!

168 Looks to me like Biden is showing signs of emotional collapse —  
169 the crack down is coming! Obama and Michele might think about  
170 packing their bags and heading back to his home country in Kenya.  
171 Haven't heard much from Hillarity lately — have you? I wonder if  
172 she has grabbed her RESTART button and headed for her bunker  
173 in Mother Russia.

174 While Russia is all in for BERNIE! — heard about that? Oh yeah!  
175 The holdover Communists there are rooting for their fellow  
176 Commie to win the Presidency.

177 I'm attending the New California 6th Constitutional Convention at  
178 Madonna Inn. Mike Huckabee will be speaking — see you there.

179 Hold on through the break. I'll be right back!

180 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
181 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
182 lighter, lighting the lamps in the church belfry arch, signaling the

183 enemy is on the march, an enemy that would steal from us our  
184 liberty.

185 Why is no one pointing out the fact that Buttigieg is married to a  
186 man — let's talk about why it matters and why we pretend it  
187 doesn't.

188 Let's address the easy part of this discussion first: why we are  
189 pretending it does not matter that a candidate for the office of the  
190 President is a homosexual and is married to another man.

191 That's obvious! It's because when it comes to sexuality, America  
192 has gone stark raving mad. It's as if the national brain has advanced  
193 stages of a STD called neurosyphilis. You have heard of syphilis.  
194 It's a sexually transmitted disease that progresses to the point those  
195 with it become insane. I mean, stark raving mad! It's technically  
196 called dementia parylitica. That's the last symptom of the disease  
197 to manifest before death. Penicillin, if used early enough, can cure  
198 this disease, physically.

199 Americans, generally, it seems, are suffering from a spiritual  
200 version of dementia-parylitica.

201 We can't talk honestly about the unnatural behavior of  
202 homosexuality because the fascists will howl — they will attack  
203 with rage and vicious hatred. The fact is, the LGBTQ activists  
204 have successfully intimidated everyone, and especially Christians,  
205 into almost complete silence on this issue. The only ones speaking  
206 out about it are the crazy loony-tunes caricatures of Christianity  
207 inspired by Satan whose hatred is every bit as dark and evil as the  
208 darkness and evil they suppose they are addressing—ala the  
209 Westboro cult — which you don't hear from anymore.

210 Friend, fighting darkness with darkness only increases the  
211 darkness.

212 Remember that the DEVIL always uses the Bible to deceive  
213 Christians.

214 I believe the Bible. You probably figured that out. And I am  
215 reputed to be an expert in what it says. Okay! We are told to act  
216 charitably to all men created in the image and likeness of God.  
217 And with regard to evil men, we are told it is a shame to even  
218 speak of those things done by them in secret (Ephesians 5:12). On  
219 the other hand, the Bible also says we are to reprove the unfruitful  
220 works of darkness (Ephesians 5:11). So how do we reconcile this?

221 I certainly have no interest in discussing openly what homosexuals  
222 do in private, or in secret. But what about what they do publicly?  
223 What about what they do openly? You must speak to what they do  
224 openly, or you are guilty of assenting to their behavior, approving  
225 it. When the Bible says we are to REPROVE it, not APROVE it.

226 Reprove means to expose, to publicly rebuke.

227 So, in a sincere desire to show the LOVE OF GOD to all men,  
228 including homosexuals, please, consider the error of your ways. It  
229 is a disease ridden lifestyle that shortens the lives of those who  
230 engage in it — we don't have to discuss what they do in secret —  
231 that's their business and it's entirely between them and God — but  
232 when they bring this behavior into the public, we must speak to it.

233 First, the Bible says it is an unnatural behavior (Romans 1) —  
234 against nature. And the Bible warns about the natural  
235 consequences of this unnatural behavior. I don't need to get cute  
236 here about square pegs and round holes — the matter is too  
237 serious. I mean, there is a point to be made there, but friend, this is  
238 a serious disorder that destroys lives.

239 You can get my show notes, where I have references to many  
240 science-based studies showing the increased suicide risk of  
241 LGBTQ youth and it's rooted in the fact that the behavior is  
242 contrary to the Creator's design — you were not designed for that  
243 behavior. It's like driving my car in the dunes — it will destroy the  
244 car because it was not designed for that use.<sup>2</sup>

245 The behavior shortens the life span of those practicing it very  
246 significantly.<sup>3</sup> Here are a few of the articles supporting this  
247 concern: “Health care needs of gay men and lesbians in the United  
248 States,” JAMA (Journal of the American Medical Association; “On  
249 the etiology of anal squamous (skway-mus) carcinoma”; “Cancer in  
250 a population-based cohort of men and women in registered  
251 homosexual partnerships”; “Health care screening for men who  
252 have sex with men”; and at least twenty more such sources.

253 Why are you not hearing about this? Why are we so careful to put  
254 up warning signs everywhere against the possibility of this or that  
255 giving you cancer and careless about the dangers of this behavior?  
256 It's insane!

257 And why are we promoting this among our children? If you want  
258 to get a sense of how insane this nation has become on this issue,  
259 open your eyes. Here is a video of a man dressed like a woman in  
260 what is an outfit you might see in a nightclub, or some X rated  
261 show, dancing in front of a little girl who can't be older than 7, and  
262 he/she is prancing about teasing her, hugging her, and all of this is  
263 being observed by a gaggle of adults smiling and acting like it's all  
264 in fun — and this routine is obscene anyway, but normally it  
265 would be considered not only in poor taste, but lewd to display this  
266 before children — but this is their audience.

267 The LGBTQ activists back in the seventies and several times  
268 thereafter have openly declared "We are coming after your  
269 children." And parents are willingly feeding their innocent children  
270 to this perverse behavior and exposing them to this lifestyle — it's  
271 insane.

272 Here is a transvestite teacher that is suing his school district  
273 because the school will not allow him access to the little girls  
274 restroom.

---

<sup>3</sup> Go to <http://www.home60515.com/4> for more information.

275 Here is a school that is exposing children as young as Kindergarten  
276 to the concepts of gender fluidity, and teaching them to question  
277 their gender identity. Here is a school that is literally recruiting  
278 children to declare their gender contrary to their biology. Here is a  
279 school that is promoting transgender operations for minors as  
280 young as 12 years of age. Had enough yet?

281 Here is a guy who calls himself a girl and is being applauded for  
282 breaking all sorts of weightlifting records as a girl weightlifter.  
283 Here is a runner, a tranny, a guy who calls himself a girl, taking  
284 trophies in track and field from real women because they cannot  
285 compete against the male-girls.

286 And even though not too long ago a report came out exposing I  
287 can't remember how many Disney employees outed as pedophiles,  
288 they are moving ONWARD — with a cartoon celebrating a  
289 homosexual character that is a Cyclopes that, it seems to me, is  
290 purposely suggestive of a certain organ — maybe not, but when  
291 you look at this in the context of what these people are doing and  
292 what they are promoting, it's a fair statement.

293 America is INSANE with this self-destructive and unnatural  
294 behavior. You are not helping these people, and you are certainly  
295 not doing something good for your children. This is not a natural  
296 thing, like skin color, this is a perverse and unnatural behavior that  
297 is unhealthy both psychologically and physiologically.

298 But we have gone insane. We can't even talk honestly about this.

299 Add to all of this insanity the fact that the whole LGBTQ agenda is  
300 antithetical not only to nature, but to our LIBERTIES also.  
301 Insisting on the LIBERTY to FORCE everyone around you to  
302 accept this unnatural behavior is destructive to LIBERTY for  
303 everyone. How can you reasonably argue for the freedom to  
304 believe homosexuality is okay while at the same time argue against  
305 the liberty to disagree?

306 I'm telling you what I've heard and read coming from some of the  
307 more extreme proponents of the LGBTQ agenda. It's a fringe  
308 movement, true; but it's out there, and we have way too much  
309 experience with these way out there fringe ideas moving into the  
310 mainstream of American thought—at least on the left, to ignore it.

311 Some extreme LGBTQ activists, I'll call them E- for short, these  
312 Es advocate for removing children from homes of Christians that  
313 oppose homosexual lifestyle. In fact, that has already been tried a  
314 few times. The Es have said things like every child must  
315 experience a homosexual encounter before they reach puberty in  
316 order to insure they are not homophobic. The Es have said the  
317 thing that these straight anti-gay Christians need is to be  
318 sodomized.

319 You might think this is extreme and I agree! That's exactly what it  
320 is. And yet, who would not have thought that what you are  
321 witnessing right now is extreme — bizarre — unbelievable? If you  
322 said even only three decades ago, that our public schools would be  
323 teaching our children that homosexuality is okay, and even good,  
324 and right, that drag queens would be invited into our public  
325 libraries to read to our children, that schools would be advocating  
326 for children to transgender and that adults would be advocating for  
327 children as young as 12 years old to undergo transgender surgery  
328 — you would have discounted any such predictions as ludicrous  
329 and branded such a person homophobic.

330 Read the biblical account of Sodom if you want to get an idea of  
331 where yielding to this dark lifestyle leads a community.

332 Finally, the LGBTQ crowd knows the Bible believing Christians  
333 will never accept this, they will never yield to pressure to approve  
334 or to condone this lifestyle. They have already demonstrated their  
335 unwillingness to leave us alone, they cannot control their impulse  
336 to press everyone around them into acceptance of their lifestyle,  
337 and so it follows that Buttigieg is, as one observer put it, the only  
338 Democrat that is campaigning against the conservative Christian.

339 He is hoping to sway enough people to join him in overthrowing  
340 entirely the Christian influence in society —

341 The stakes in this election are extraordinary. You have a choice of  
342 Communists—some more open about it than others, but  
343 Communists all. Even Bloomberg will use government authority to  
344 dictate to you how much soda pop you can buy. America, you are  
345 insane to be considering accepting any Democrat as President, or  
346 for the House or for the Senate today. You are crazy to invite any  
347 of them to be your Governor, or Mayor —

348 You know, it's almost funny if not so terribly sad that when I say,  
349 Christians Should Rule the World, Christians are the first to get  
350 ruffled about that statement. Every atheist who is a member of  
351 American Atheists believes atheists should rule the world. Every  
352 signer of the Humanist Manifesto thinks Humanists ought to rule  
353 the world. Every Communist thinks a Communist should rule,  
354 every Secularist thinks a Secularist should rule, every Socialist  
355 thinks a socialist should rule, and every dedicated Muslim thinks  
356 Islam should rule the world — and representatives of these groups  
357 say so, out loud, in front of God and everybody, statements like  
358 that are made routinely, sometimes subtly and sometimes boldly —  
359 but if I say, Christians Should Rule the World — people freak out!

360 Why is that? Why do you suppose everyone understands that, well,  
361 of course a Muslim thinks a Muslim should rule, and a Communist  
362 thinks a Communist should rule, and a Secularist thinks – and so  
363 on! And all these other groups understand, and they can tolerate  
364 that. But if a CHRISTIAN says a Christian Should Rule — it's like  
365 you've said something wrong, something bad, something  
366 dangerous — dangerous to whom?

367 It was Christians that raised up this one nation under God and has  
368 been a beacon of HOPE and LIBERTY and the best DEFENDER  
369 of PEACE on EARTH than any nation ever conceived! So, what's  
370 the problem?

371 What do all the others have in common? One thing! They all reject  
372 Christ Jesus as King, and object to HIS RULE over the EARTH.

373 Wake up people! Wherever in the world Christianity is the  
374 prevailing influence shaping the culture and where Christians  
375 principles guide the politics you find FREEDOM, LIBERTY, and  
376 PROSPERITY.

377 Wherever SECULARISTS prevail, you have varying degrees of  
378 tyranny—socialist tyranny, soft tyranny, so-called, and wherever  
379 you find Atheism prevailing you find hard tyranny and oppression  
380 and loss of liberty and freedom.

381 CHRISTIANS SHOULD RULE THE WORLD friend. If genuine,  
382 Bible believing, conservative Christians are given power — THE  
383 PEOPLE GET LIBERTY, JUSTICE, FREEDOM, AND  
384 PROSPERITY. Blessed is that nation whose GOD is the LORD.  
385 And cursed and enslaved is that nation whose God is their belly:  
386 who worship their appetites, whose motto is not THY WILL BE  
387 DONE in earth as it is in HEAVEN, but my will be done.

388 I have lit the lamps in the Church belfry arch and now you let me  
389 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
390 ON and you will ride like Revere and spread the warning,  
391 (essentially, it means you agree with what I'm saying) or you say  
392 LIGHTS OFF -- which means you reject what I'm saying and  
393 disagree strongly with me. So, what will it be today, lights on, or  
394 lights off?
