

Brain Massage: Show No. 769 COVIN-19 And Crazy Liberals / Chuck
Schumer Joins The Howling Loons

Jerry Scheidbach

Original Air Date: 03.07.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Covin19—a liberal who thinks it would be a good idea, if she gets
5 the virus, to attend a Trump Rally — and Regie's Blog, an inside
6 look at Bernie's world, Schumer threatens Gorsuch and Kavanaugh
7 at a pro-abortion rally where Demoncrat insanity was put on full
8 display, Romney threatens to block investigation into Biden-Gate
9 (hah, someone had to do it, Biden-Gate, might as well be the *Brain*
10 *Masseur*)—Arizona broke with the pack and refuses to do the time
11 change dance, and more recently, Arizona said no to the LGBTQ
12 insanity of allowing men to claim they are women so they can
13 compete in a male body against women. Yep, passed a bill to
14 prevent males from competing in female sports. One responder
15 tweeted they had better be more specific — XY chromosome types
16 cannot compete with XX chromosome types—

17 Oh, and here you go. Talk about making progress toward restoring
18 sanity in America, the Supreme Court ruled 5-4 that "States can
19 prosecute illegals for stealing American IDs." Conservatives held
20 together on this one—every liberal whack job jurist voted against
21 this. Thank God for Trump's court picks. Making our courts sane
22 again.

23 Oh, and as for a stellar sample of how ignorant liberal media types
24 really are — MSNBC Brian Williams agrees with NYT Mara Gay
25 that Bloomberg's 500 million spent on his campaign would have
26 been better used if distributed to all 327 million Americans — they
27 actually said this, that he could have given every American a
28 million dollars. Divide 500 mill by 327 mill — each American

29 might get a buck fifty. These people are morons. 6 mil viewed that
30 post.

31 And Biden, as usual, is so reassuring — he wants to give us quality
32 health care — and follows that with a kind of unconscious moment
33 of truthfulness when he says we won't give you quality health care,
34 but we will make sure it's only affordable. Yeah, I know — one guy
35 said Biden is gafftastic — uh huh!

36 Biden is the frontrunner for the Demoncratic nomination — and,
37 you know Trump is shaking in his boots, right?

38 Anyway, as my friend in LA would say, NEVER LET UP! We need
39 to press hard all the way through November —

40 My friends, it's time for your Brain Massage.

41 [TRUTH]

42 COVID-19—they have finally settled on a name for the newest
43 coronavirus to escape a Wuhan virology lab — or to jump from bat
44 flesh into bat eating Chinese — or to have evolved in nature and
45 magically appear in humans — and the name is COVID-19 —
46 that's from CO = corona, VID virus disease, or V for virus and
47 ID19 to say it appeared in 2019 — people keep calling it "the
48 coronavirus" but the fact is, *coronavirus* identifies a type of virus
49 that migrates from animals, usually birds, to humans. COVID-19
50 identifies one of these coronaviruses — SARS is another example,
51 you might remember the *bird flu*, and there are some others.
52 Anyway — the symptoms line up with your typical flu — which,
53 incidentally, your average flu kills thousands — CDC estimates 12k
54 die every year from the seasonal flu — about 0.1% of the number of
55 cases which comes in at above 10 million cases — and I think that's
56 world wide — the difference, of course, is that we have a vaccine
57 for the seasonal flu, and there is no vaccine for COVID-19.
58 However, I understand Israel has come up with something that
59 they are testing — and we are on it too!

60 As for being "on it." Did you know Trump put together a task force
61 to deal with this back in January. Yeah, back in January, before you
62 even heard about it, Trump was on it. But CNN did not like the
63 color of the task force — the only notice they gave to Trump's
64 effort to collect the best and brightest to address this concern was
65 the color of the people on the task force — but, that's liberalism for
66 you. Totally color focused — conservatives, colorblind — just get
67 the best people immediately available and get the job done —
68 Liberals, let's put together a group that has a certain number of
69 persons of color, and let's avoid getting any old white guys cause,
70 you know, that makes it look bad politically — it's not politically
71 correct — I'm sick of that nonsense. I could care less what color
72 anyone is — just get the job done for EVERY BODY!

73 But that's CNN — the only thing they had to say about Trump
74 taking ACTION to get ahead of this virus outbreak in dirty China
75 was to criticize his lack of political correctness sensitivity —
76 meanwhile, CNN, MSNBC, CBS, ABC, and all the rest spent 24/7
77 talking about impeaching the most effective President in America's
78 history. THE. MOST. EFFECTIVE. PRESIDENT. IN.
79 AMERICAN. HISTORY.

80 In my rummaging through the news for this week, I came across a
81 blog that I found to be verrrry interestingk. It's called Regie's blog
82 — that's so you can find it, but I must say, I know nothing else
83 about Regie and cannot vouch for his blog beyond the fact that I
84 found this article quite interesting. I did the best I could to verify
85 his information—it describes an experience he and his wife had in
86 China 18 years ago, so I thought it necessary to make sure his
87 descriptions at least remotely approximated the current life in
88 China. I found that, if you get off the government-controlled grid,
89 as he and his wife did a few times during their three weeks visit, his
90 descriptions were actually spot on. So, I decided to roll with it.

91 He described stepping in urine mixed with feces in the streets and
92 public walk ways—and noticing the toddlers squatting to dump
93 their load through their split pants — yeah, the toddlers wear split
94 pants so they can squat wherever they feel the need, and drop their
95 feces, or spill their urine, in the streets. He described visiting some
96 public restaurants where he witnessed a Chinese man hock up
97 something ugly and very unappetizing and expectorating onto the
98 floor, in the public restaurant, and no one taking any notice or
99 expressing any concern. He described getting sick — I mean, flu
100 symptoms more severe than anything he experienced before.

101 He described having to rush his 8-month-old baby, for whom he
102 and his wife had gone to China to complete their adoption and
103 bring back to America, and the conditions in the hospital were
104 abysmal. One doctor serving, he guesstimated, 300 patients, so they
105 waited — and waited! Disturbed by the spectacle of children
106 whining and crying with scalp IVs in their heads? When a plastic
107 table was available for their baby to be examined — they had to
108 hurriedly clean the mucus and blood off the table before the doctor
109 arrived — who quickly examined the baby, and left, hoping he
110 could find a basic anti-biotic for the baby — Regie, and his wife,
111 and their newly adopted baby waited — and, Regie tells us that is
112 when it began to dawn on him that what he was experiencing
113 wasn't some "backward culture or a third-world society," he said.
114 "These people were not genetically inferior to first-worlders. They
115 weren't less evolved than I was," he said. Regie realized he was
116 witnessing "the kind of maximum efficiency a society must develop
117 when the state is the master and the individual is merely a subject."

118 He explained that in such a society, who will you complain to?
119 Your complaints could only go to the government, and so all your
120 complaints would be "against the government" and since you are a
121 subject of the government, and the government is not subject to

122 you — in a Communist society, the government does not answer to
123 you, you answer to those in power —

124 And I remembered seeing pretty much the same thing in my early
125 visits to Russia, soon after Communism fell — same sort of thing. I
126 visited hospitals and saw it first hand — walking through one of
127 our hospitals today it's like you are in a high end hotel — but in
128 Russia, it was depressing, dirty, disheveled, all the doctors and
129 nurses were clearly harassed and overworked, the patients clearly
130 neglected, and crowded — it stank! It was nauseating! And it was
131 very, very sad. Every single person that worked in the hospital
132 knew I was an American and they knew enough to be embarrassed
133 by their circumstances, humiliated — in other words, these were
134 not people with lower IQs than mine, probably many of them were
135 smarter than me, they were not of some inferior breed, they were
136 not less than — but they lived in a different culture than I did.
137 They had just come out of 70 years of oppression, of government
138 ownership of, and get this, not merely the means of production,
139 but the souls of the people, too.

140 As I read this, and reflected on my own similar experiences, I
141 realized this guy is describing Bernies America—this is what all of
142 America will look like if we don't stop the Demoncrats from taking
143 over this country — we are approaching these sorts of conditions
144 in San Francisco and Los Angeles already. Other places in America
145 are beginning to look like, and smell like, China streets — in SFO
146 you need a map to avoid human feces on the sidewalks in that once
147 beautiful city. Ruined by Democrats! Ruined by policies that
148 transfer more and more power into the hands of bureaucrats and
149 out of the hands of WE THE PEOPLE.

150 We see it in our county governments, too. It's a natural thing for
151 bureaucrats to take greater and greater measures of autonomy out
152 of the hands of individuals and concentrate it into the hands of

153 their bureaucracy—ever tightening their squeeze on our lives,
154 choking freedom, killing liberty!

155 In America, thank God, we can hold them accountable. We have
156 the right to redress our grievances — we can say to a bureaucrat
157 that is clearly usurping more power over our lives than they legally
158 have, we can challenge their usurped authority over us — and, by
159 the way, we should! We must never forget that our government
160 serves US and it's not the other way around. We do not live in
161 Bernie's beloved Cuba, or his honeymoon Soviet Union, or in
162 China — we are AMERICANS!

163 And don't let Big Gulp Bloomberg or Bumbling-Biden fool you! A
164 corrupt liberal Capitalist is no less a tyrant than a committed loony
165 Communist. Biden is no better than Bernie — both of these men
166 will buy your soul with so-called free health care and then steal
167 your liberties.

168 And Biden, as usual, is so reassuring — he wants to give us quality
169 health care — and follows that with a kind of unconscious moment
170 of truthfulness when he says we won't give you quality health care,
171 but we will make sure it's only affordable. Yeah, I know — one guy
172 said Biden is gafftastic — uh huh! Listen to this —

173 [INSERT BIDEN STATEMENT]

174 Biden is the frontrunner for the Demoncratic nomination — and,
175 you know Trump is shaking in his boots, right?

176 I need to take a short break — did you hear Lindsey Graham
177 summarize the whole Biden-Gate scandal? It was perfect. He laid
178 out the case for investigating Biden and anyone refusing to move
179 forward on that investigation is unAmerican—I mean that. And
180 guess who wants to block the investigation? Yep! Romney. What a
181 traitor! Why? Because he has kids with their hands in this mess up
182 to their own elbows—

183 Anyway, as my friend in LA would say, NEVER LET UP! We need
184 to press hard all the way through November —

185 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
186 at the Lighthouse, your brain masseur, and Paul Revere's lantern
187 lighter, lighting the lamps in the church belfry arch, signaling the
188 enemy is on the march, an enemy that would steal from us our
189 liberty.

190 Schumer threatened Gorsuch and Kavanaugh, by name, at a pro-
191 abortion rally where Demoncrat insanity was put on full display.

192 Schumer has been hammered for this, and well he should be. Can
193 you imagine—at a crowd of very angry pro-abortion protestors —
194 and I mean angry, he shouts “I want to tell you, Gorsuch, I want to
195 tell you, Kavanaugh, you have released the whirlwind, and you will
196 pay the price. You won't know what hit you if you go forward with
197 these awful decisions.”¹

198 Did you see this? You have to see it as well as hear and read it —
199 you need to see this man angrily, purposely, shouting, pointing up
200 at the Supreme Court buildings, naming Gorsuch and Kavanaugh
201 specifically, and threatening theme with repercussions if they vote
202 contrary to his idea of what decision the court should render.

203 They are hearing arguments and deciding on whether a Louisiana
204 law that requires abortion providers to have admitting privileges at
205 hospitals near the aborturary in order to insure that doctor can
206 provide necessary care for his patient if need arises.

207 For Demoncrats, this impedes a woman's right to hire a doctor to
208 murder her baby because this medical operation, involving
209 invasion into a woman's body to dismember the baby growing in
210 her womb is done by low level, medical practitioners who work
211 cheap and depend on high volume business — I'm not kidding —

¹ <https://nypost.com/2020/03/05/schumers-scotus-threat-was-truly-unprecedented-then-he-made-it-worse/>

212 so, many of these sorts of so-called doctors cannot get admitting
213 privileges to hospitals because they are not qualified or recognized
214 by a local hospital — imagine that! These murderers don't care
215 about the health of the baby or the woman carrying the baby. They
216 only care about protecting their bottom line.

217 So, what's the big deal about Schumer, the minority leader in the
218 U.S. Senate — a Senator — shouting threats in front of the
219 Supreme Court building, naming Jurists, and threatening them,
220 trying to intimidate them into ruling the way he thinks they should
221 rule on a case that is before them right now.

222 It was bad enough when then President Obama chided the court
223 for making a decision he did not like — remember that? The
224 Democrats don't believe in an independent Judiciary — God help
225 us these people are sooo wicked! They are literally tearing down
226 our Republic and trying to reconstruct it as a dictatorship — a
227 ONE PARTY Top down dictatorship of the Demoncrat Party.

228 How DARE this Senator threaten the Court with recriminations in
229 an effort to INTIMIDATE specific jurists on that court to vote the
230 way he thinks they should vote.

231 How dare he expose these jurists and their families to assault, to
232 attack, to public recrimination — how dare he, a member of the
233 Legislative Branch of our government, call on the Pro-Abortion
234 mob gathered before the court to join him in an effort to
235 intimidate the court — and the outrage that he would name
236 Gorsuch and Kavanaugh —

237 Last year, was it, not long ago, Trump tweeted that Ginsburg and
238 Sotomayor should recuse themselves from any case involving him
239 because they have openly demonstrated their bias against him
240 politically and ideologically. Schumer — uh huh — Schumer was
241 outraged about this — and spoke out about it. How dare the
242 President call for Justices to recuse themselves — well, that's a far

243 cry from what you just did, fella! Now this same Schumer, Senator
244 Schumer, openly threatens two US Supreme Court Justices to
245 watch out how they rule on a case presently before it —

246 You've got a representative of the legislative branch threatening
247 members of the Judiciary branch — these are separate and co-equal
248 branches of government.

249 Alexander Hamilton said “If, then, the courts of justice are to be
250 considered as the bulwarks of a limited Constitution against
251 legislative encroachments, this consideration will afford a strong
252 argument for the permanent tenure of judicial offices.”² He is
253 saying that in order to PROTECT the integrity of the COURT from
254 POLITICAL HACKS like Schumer, the Jurists must be given
255 permanent tenure, so guys like Schumer can’t intimidate them.

256 Schumer should be, at a minimum, censured for this egregious
257 offense, and, really, he ought to resign! He has no business
258 continuing in the high office he has been LOANED! He does not
259 OWN it — he thinks so, but he does not OWN it.

260 Then you hear his apology — did you hear his apology? In his
261 apology he doubles down on his attack against Gorsuch and
262 Kavanaugh — and after he admits his rhetoric was inappropriate,
263 that he should NOT have said what he said — he excuses it by
264 explaining WHAT HE WAS TRYING TO DEFEND — that's right.
265 He explains that what McConnell failed to mention in his rebuke
266 against the Senator, Mr. Schumer, was the reason he said what he
267 said, the context, Schumer explained, was his effort to protect
268 abortion rights — he called it the "constitutional right" to choose.

269 No one has any inalienable right to murder a baby in or out of a
270 mother's womb. No one has a Constitutional right to MURDER a
271 human being simply because that human being is an
272 inconvenience. The court that passed this wicked law admitted that

² Alexander Hamilton in Federalist No. 78.

273 if the baby in the womb is legally recognized as a person, abortion
274 would be murder.

275 But, let's put that aside for the moment, after all, I'm running out of
276 my time for this show.

277 Who are the people Schumer stood with on that day — who are
278 these abortion advocates who would become furious about a law
279 that simply says the doctor performing an abortion must have
280 admitting privileges at a nearby hospital?

281 You might have come across Millie Weaver — a conservative
282 blogger that gets into the streets and exposes liberal lunacy. She
283 was at this rally, where Schumer exposed his own dairy air to all
284 present — and she took some pictures for us. At this rally were
285 some very lovely ladies with toilet mouths spewing what has
286 accumulated in their sewer hearts. — Proud of murdering their
287 babies, celebrating their abortions, and here is one of these wearing
288 earrings of crocodiles eating a baby — not kidding! She has a pair
289 of earrings of a crocodile with an infant in its teeth.

290 Are you kidding me? Really? Be careful what you pray for folks. It
291 was only a few years ago that I called our church to begin praying
292 that GOD would reveal the truth about abortion, and expose
293 America to what this evil business is really all about. That God
294 would turn on the lights, and let America see the truth about
295 abortion and those who advocate for it. This is back before Veritas
296 revealed their scathing expose on the industry — look at it,
297 America. See what it really is. It's Pharaoh demanding every male
298 child of Hebrew women be cased into the Nile to be food for their
299 crocodiles. Where else would she have gotten this idea?

300 Starnes got fired from his TV show on Fox because he said
301 Democrats worship at the altar of Moloch — a god that was
302 worshipped by placing infants in his burning arms as a sacrifice. I
303 don't think our friend ever really recovered from that — sad! I trust

304 he will be vindicated. But back to this — here you have an abortion
305 activist wearing crocodile-eating-a-baby earrings—proud of her
306 abortions and cursing with a smirk about how great it is to kill a
307 baby in her womb. These people are loons — I mean lunatics!

308 Speaking of liberal lunacy, did you see the screecher—Actress Busy
309 Philipps, she was also at this rally, and she literally screeched, "I
310 WONT STOP TALKING ABOUT MY OVULATIONS THAT
311 LINE UP WITH THE MOON." I'm not kidding. I could hardly
312 control the impulse to LOL — but I fear I've gone OT.

313 Schumer was in his element: a pack of crazy people celebrating
314 abortion, angry about a law that at least insures the doctor
315 performing one of these monstrous surgeries has admitting
316 privileges at a nearby hospital—people who not only demand the
317 right to kill a baby in the womb, but to kill the baby right up to
318 term, and not only to kill the baby up to term, but to kill that baby
319 after it is born, and here a woman wearing jewelry that reminds us
320 of the real purpose of murdering babies—it's population control,
321 and specifically, controlling certain populations—more black
322 babies have been murdered than were living in America in 1973.
323 Sanger, founder of Planned Parenthood, specifically targeted black
324 babies for extermination. It's a WICKED, WICKED business—and
325 it must stop!

326 I have lit the lamps in the Church belfry arch and now you let me
327 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
328 ON and you will ride like Revere and spread the warning,
329 (essentially, it means you agree with what I'm saying) or you say
330 LIGHTS OFF -- which means you reject what I'm saying and
331 disagree strongly with me. So, what will it be today, lights on, or
332 lights off?

337 God bless you. God bless America! I'll see you in Church.

338 Hi. I'm Jerry — you know me as the *brain masseur*, and as pastor of
339 Lighthouse Baptist Church here in Santa Maria. I want to invite
340 you to visit the Lighthouse.

341 We distributed several thousand copies of my books — the
342 Unabridged Gospel, and The New Cart Church. You'll probably
343 see a copy of my summary of God's War soon. Let me talk to you
344 about my latest book—God's War: Why Christians Should Rule the
345 World.

346 I know the title raises eyebrows, but that's only because we have
347 been conditioned to think Christians have no place in politics.

348 If you heard someone say, atheists should rule the world, you
349 probably would not give it much notice — in fact, many of you
350 would probably scoff and say, hah, they already do. And you would
351 not be wrong.

352 We hear from the world often that only non-religious people
353 should rule — secularists should rule the world, or Humanists
354 should rule the world, Muslims often declare that Islam should rule
355 the world—and even though these things are said, few people take
356 exception to it, it's quietly dismissed as something we understand
357 that those people think, but no one get up in arms about it.

358 So, why is it surprising to anyone that a Christian would say that
359 Christians ought to rule the world?

360 And, have you noticed that wherever Christians, or Christianity
361 prevails in a culture and influences the politics of a nation, there is
362 liberty and respect for life and property — but wherever atheists,
363 such as Communists, or wherever Socialists, who are mostly
364 secularists, wherever these ideologies prevail, freedom is only a
365 secondary concern — there is no assumption of inalienable rights,

366 and frankly, how much Christians influence remains in the culture
367 determines how much freedom the people enjoy. The less
368 Christian, the less freedom.

369 There is a reason for all of this — and I explain it in my book,
370 God's War: Why Christians Should Rule the World — you can get
371 it on Amazon, or from our bookstore — go to godswar2020.com.

372 That's godswar2020.com. Please, for the sake of our liberties, get
373 the book today, read it, heed it, and understand the TRUTH for as
374 Jesus promised, it is the TRUTH that will set you free.
