

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 [TRUTH]

5 We all know the Left is using the latest pandemic to push their  
6 political agenda. But maybe some even in my amazingly informed  
7 audience are not aware of how far they want to push this: e.g., the  
8 Soros funded *Open Democracy* organization has stipulated their  
9 agenda to abolish the family and it sees this pandemic as providing  
10 an opportunity to advance that goal through the imposition of  
11 social distancing in our homes.

12 Pelosi and Schiff are at it again—now they want to launch an  
13 investigation into Trump's handling of the COVID pandemic, and  
14 create an oversight committee to oversee his handling of the  
15 situation. These people are truly SICK — as Bongino recently  
16 opined — there seems to be no cure for their *virus*.

17 Quickly, here is why they are doing this. I mean, beyond the fact  
18 that they want to take down Trump and the America he loves—  
19 they are covering their own donkey's rear end. Trump was on this  
20 before any of them; Trump was DOING something about this  
21 before they even settled on what to call it.

22 Trump was forming the Chinese virus response team while Pelosi  
23 was signing the impeachment documents and passing out  
24 impeachment pens.

25 Trump was trying to get Congress to help stop illegal immigration  
26 from China while Pelosi was in Chinatown telling everyone not to  
27 be afraid, come on out to Chinatown with us.

28 Pelosi comes out of government meetings about shutting down the  
29 American retail business over concerns about COVID-19 and

30 before it gets announced, she and her husband buys into Amazon  
31 for 5 million—insider trading, opportunism, anyone? Trump,  
32 meanwhile, has directed his team to buy meals for hospital workers  
33 — thousands, by the way!

34 But, once again, Trump was way ahead of them; his focus was on  
35 what is truly important to Americans while the Democrats were  
36 flailing about trying to impeach him. These wicked and  
37 unreasonable devils were busy working to destroy America while  
38 Trump was and continues working tirelessly to save American  
39 lives—and they KNOW IT!

40 They KNOW they have been caught on the WRONG SIDE of yet  
41 another issue and they are trying to COVER THEMSELVES from  
42 the fall out—THEY FIDDLED AROUND WITH THEIR  
43 POLITICAL GAMES WHILE TRUMP WAS TAKING CARE  
44 OF AMERICA'S BUSINESS.

45 So all this nonsense about investigating Trump's handling of  
46 COVID-19 is nothing more than an attempt to direct attention  
47 AWAY from their OWN INACTION. But, like everything else  
48 these devils have tried to do to destroy Trump and all of us who  
49 support him, it's going to blow back into their face.

50 But, don't take anything for granted. PRAY! Use your MIGHTY  
51 SPIRITUAL weapons to PULL DOWN the strongholds that  
52 continue to support these evil people! Okay, let me switch gears  
53 here.

54 An article I found on Yahoo news, published March 30, reveals  
55 some intriguing information found in a report filed by the  
56 Chemical and Biological Intelligence Unit of the FBI's Weapons of  
57 Mass Destruction Directorate (WMDD) that accents coronavirus  
58 bio-weapon suspicions.

59 I've got a lot of deep research to do on this so I'm going to discuss  
60 it more fully later but the gist of it is that the FBI caught some  
61 Chinese guys bringing vials into the US in November of 2018 and

62 early 2019 that raised suspicions because the carriers had either no  
63 documentation permitting the transport of bio materials, and/or the  
64 labeling was contradictory to their declarations.

65 In one case it was suspected that the vials contained MERS and  
66 SARS materials, and H1N1 flu virus. However, the report does it  
67 say their suspicions were verified, and the conclusion of the report  
68 seem to be that this is a pattern of Chinese behavior that raises  
69 heightened security concerns—so!

70 Either they are obfuscating to hide the fact that they know China  
71 snuck into America some bad juice, or they are red flagging this  
72 behavior to warrant tighter scrutiny on the transport of bio  
73 materials.

74 Another story I'm looking into is a fellow whose qualification is  
75 essentially that he is really smart, that's what he told us, about three  
76 or four times, and he has done some study: six years background in  
77 science, and six years in medicine, and three years specifically in  
78 virology—and he is really, really smart— haha — And I'm am  
79 sure he is. And you know I don't emphasize something like this  
80 unless there is a point I intend to make with it.

81 He informs us you cannot "catch" a virus. He tells us the only way  
82 any virus gets into us is through injection of a virus-hosting cell  
83 into your bloodstream. So I did some research. And, sure enough,  
84 from my research into his claims, this is based on the fact that  
85 viruses exists "near the boundary between the living and the  
86 nonliving," which is because "viruses can't function without  
87 interacting with a living cell. On their own, they're ... essentially  
88 inert — unable to move —"<sup>1</sup> And "by themselves, they can't do  
89 anything. They need a host cell to replicate." And I found that it is  
90 generally agreed that viruses are essentially non-living things.

91 As for how viruses originate; that is somewhat mysterious. There  
92 are a variety of theories. And he has one.

---

<sup>1</sup> <https://www.usatoday.com/story/news/health/2020/03/15/coronavirus-covid-19-pandemic-what-virus-viruses-alive/5038734002/>

93 He believes they are nature's way of purging the cells of our bodies  
94 of toxins.

95 I can't find any support for this theory "out there," unless it's a  
96 variation on the evolutionary based idea that viruses are original  
97 stuff in the goo back near the beginning of evolution.

98 But his notion seems to be more in the vein of viruses are our  
99 friends—trying to clean our cells of toxins, and we get sick  
100 because if we have too much toxicity in our cells, when the virus  
101 breaks these down, it overloads our cell with these toxins and kills  
102 it. Something like that!

103 So, our very smart expert has concluded these viruses are created  
104 naturally within a sick cell to detoxify the body. He does not  
105 believe a virus can inter into our cells unless it is injected into us,  
106 for example, by vaccination.

107 Now, the consensus is that a virus can survive outside a host for a  
108 limited amount of time before it begins to break down and lose its  
109 ability to infect. It is generally believed the virus can be  
110 transmitted through minute particles by a cough, or by contact with  
111 it from surfaces where it has been waiting for an opportunity to  
112 find a viable host.

113 One alert, he mentions patents were filed for SARS and for a  
114 vaccine—he gave the numbers, I've looked at them. His point not  
115 that SARS was invented in a laboratory. It is only that the virus we  
116 call SARS has been known since 2006. And, frankly, I'm not sure  
117 what point he is making with this. These patents are routinely filed  
118 when a company takes ownership of a discovered virus for  
119 purposes of creating a vaccine, or for the purpose of further study.  
120 It's really more like staking a claim to a discovery.

121 I received another helpful article, this one warning us of permanent  
122 damage that can be caused by COVID-19. Now, I'm keenly  
123 interested in any information that will help me understand why  
124 COVID-19 is soooooo different from other novel coronas that

125 have come along in the past that we must respond to it so, uh,  
126 virulently—so I read the article and some other related documents  
127 with interest.

128 As per usual, it's *in some cases*, it's usually when there are  
129 preexisting conditions, and *if this* and *if that* — which,  
130 nevertheless, is concerning, so I expanded my research: what about  
131 other flus, or other respiratory diseases. I find the same things are  
132 said, *in some cases* you can have *permanent damage* — more  
133 rarely with some than others, etc.

134 And I discover that in fact there are quite a few diseases, including  
135 some other flu viruses that *can cause some permanent damage in*  
136 *some cases, etc. etc.* So, here is the take away—

137 Presently, and this is something we all know is true—there are  
138 those whose political interests are served by keeping America  
139 afraid. Some have an agenda that is advanced by creating a  
140 narrative that makes this an American disease, rather than a  
141 Chinese one, that's what the Chinese and their bought sycophants  
142 in America are trying to do right now. Some have an agenda that is  
143 advanced by any American crisis that requires a hard left turn  
144 toward socialism—.

145 Newsome said, right out loud in front of God and everybody that  
146 he sees the COVID crises as an opportunity to advance the  
147 Progressive agenda.

148 The LEFT sees this as a boon to their desire to bring down  
149 Trump—you've heard them, just like I have, practically salivating  
150 over the prospects that this will bring down the President.

151 There are some whose agenda is advanced anytime they can get  
152 Americans looking to government for salvation—and with  
153 COVID-19, they get the bonus hope it will bring down Trump. It's  
154 a two-fer, destroy Trump, and the America he loves with one fell  
155 virus.

156 Whatever may be true about the seriousness of COVID-19, it is  
157 certain the Left has politicized it, and they are using it to bring  
158 America to its knees.

159 As for the seriousness of COVID-19, I simply cannot find  
160 evidence supporting the idea that this virus is so extraordinarily  
161 dangerous it justifies shutting down the economy, and taking away  
162 our liberties. Look! I keep going back to this.

163 Jesus said there would be pestilences—we know they occur in the  
164 world, and that they will come and go, and that some will be more  
165 severe than others, and death and disease is part of this fallen  
166 world. But Jesus never warned us that the world would end by  
167 pestilence. Jesus knew humanity would survive all these things.

168 God designed our body to respond to these pestilences by building  
169 immunity — have you ever heard of herd immunity? By all  
170 accounts, California ought to be leading the country in COVID-19  
171 deaths—thousands of folks come here from China, what, every  
172 week? This thing broke out a while back in China—and it's likely  
173 that many thousands of Californians were exposed. I think many  
174 thousands of people were exposed and survived it and built  
175 immunity to it—exactly as God designed us. I know that many of  
176 my acquaintances got sick with something they thought was the  
177 flu—after all, you know, flu season does come around, so when  
178 you get flu like symptoms its natural to think you have the flu—but  
179 for some it seemed unusual, it hung on longer, but then finally  
180 passed. I think Rush is on to something there about herd immunity  
181 explaining the California experience with this thing.

182 Well, anyway ... there is simply not enough information available  
183 to be definitive but at some point, Americans are going to get  
184 DONE with this business of being strapped down by government  
185 on the rack, tightening the rack to see how far we will stretch  
186 before we break and bend to their will and yield our rights but  
187 Americans are wired for liberty and it wont be long before you will  
188 hear the Wallace wail — FREEEEEEEDOMMMMMM!

189 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
190 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
191 lighter, lighting the lamps in the church belfry arch, signaling the  
192 enemy is on the march, an enemy that would steal from us our  
193 liberty.

194 We are at war! The President has aptly said we are at war with an  
195 invisible enemy. He was talking about COVID-19. But when he  
196 said that I thought it almost prophetic. For we are at war against  
197 principalities and powers, the rulers of the darkness of this world,  
198 of spiritual wickedness in high places—and our enemy is invisible  
199 to all but those who have eyes to see.

200 The nation is polarized and if you are paying attention, then you  
201 know that the two poles are Jesus Christ on one side and Antichrist  
202 on the other side. Let me 'splain—hello Mike!

203 All Christians who have been in the faith for any time know that  
204 Jesus sent HIS Spirit into the world, and according to the Bible, the  
205 spirit of antichrist is already in it. These spirits clash, they are in  
206 opposition—the Spirit of Christ is the Spirit of liberty and the spirit  
207 of antichrist is the spirit of tyranny—the Spirit of Jesus Christ is  
208 here to give LIFE and the spirit of antichrist is here to give  
209 DEATH. The Spirit of Jesus Christ is here to empower Christ's  
210 disciples to preach the gospel of the Kingdom of God and the spirit  
211 of antichrist opposes the kingdom of God and tries to use  
212 government to STOP THE GOSPEL FROM BEING PREACHED.

213 America is divided between the people of the Spirit of Christ and  
214 the people who are of the spirit of antichrist, those who  
215 acknowledge Christ Jesus is Lord and those who rage against  
216 Christ, His churches and His disciples—who say "We will not  
217 have that man to reign over us."

218 I've been sounding the alarm for a few decades now, with many  
219 others, that the spirit of antichrist is increasing in power and  
220 influence in America.

221 And one reason this is happening is that Christians have been  
222 deceived into believing the world belongs to the Devil and we have  
223 no interest or part in world affairs. This is a LIE! And my book,  
224 God's War: Why Christians Should Rule the World provides the  
225 biblical argument that exposes that lie, and sets Christians free  
226 from this delusion with the TRUTH that JESUS is KING and all  
227 mankind are His subjects.

228 The Bible says the spirit of antichrist denies that Christ has come  
229 in the flesh. Why does Satan deny this? Christ means anointed one,  
230 and it identifies Jesus as the PROMISED MESSIAH, the  
231 PROMISED KING of GLORY. Satan denies this because he does  
232 not want you to know the HEIR of the kingdom has come, and  
233 CLAIMED what is HIS—Satan hates the Easter message which  
234 declares that Christ has spoiled the Devil's house, and that Christ  
235 has risen and DECLARED ALL POWER (exousia—right to rule)  
236 was given to HIM in Heaven and in EARTH — and in Earth—

237 Satan does not want you to understand that that JESUS is PRINCE  
238 OVER THE KINGS OF THE EARTH NOW — which is why God  
239 says, HEY, KING OF SAUD, HEY IMAM OF IRAN, HEY YOU  
240 SELF-IMPORTANT MURDERING DICTATOR IN CHINA—  
241 you had better KISS THE SON lest He be angry and ye PERISH  
242 FROM THE WAY when His wrath is KINDLED but a LITTLE—  
243 This is our message, right now—Jesus is KING—and all who  
244 DENY that CHRIST has COME IN THE FLESH — and  
245 CLAIMED all AUTHORITY in Heaven and in Earth is deceived  
246 by the spirit of antichrist—hope you are listening Christian. We've  
247 been duped. Many Christians unwittingly buy in to the lie that  
248 Jesus will one day be king, but He is not king today.

249 We have failed to heed the WORD of GOD and the advice of our  
250 founders. We have been warned not to put unbelievers in power.  
251 The FOUNDERS warned us against the vanity of supposing our  
252 liberties would be safe in the hands of the godless. The Bible  
253 warns us against putting people in power that do not know GOD.

254 John Jay, founder, and first Chief Justice of our Supreme Court  
255 said, “Providence has given to our people the choice of their rulers.  
256 And it is the duty as well as the privilege and interest, of a Christian  
257 nation to select and prefer Christians for their rulers.”<sup>2</sup> He  
258 expressed concern that this was not treated with the interest and  
259 concern he felt it should receive. He said, “Whether our religion  
260 permits Christians to vote for infidel rulers is a question which  
261 merits more consideration than it seems yet to have generally  
262 received either from the clergy or the laity. It appears to me that  
263 what the prophet said to Jehoshaphat about his attachment to  
264 Ahab affords a salutary lesson.”<sup>3</sup> The average American knew  
265 enough Bible then to understand his meaning. He was referring to  
266 II Chronicles 19:2 where the prophet rebuked Jehoshaphat,  
267 “Shouldest thou help the ungodly and love them that hate the  
268 Lord?”

269 Our Founders warned us against forsaking God and our Christian  
270 faith and the values that sprang from this root and shaped our  
271 culture—and we see daily proof of their wisdom and our folly.

272 We are like Egypt! As long as Egypt had a Pharaoh that  
273 acknowledged the God of Jacob, and his son, Joseph, the people of  
274 God lived in liberty there and Egypt prospered. When a Pharaoh  
275 arose that “knew not Joseph,” trouble came: tyranny rose in the  
276 land and oppressed God's people; and it led to Egypt's destruction.

277 In America, so long as we had leaders who “knew Joseph,” and  
278 you know what I mean: who had respect for America as founded,  
279 who acknowledged the God of our founders—America  
280 acknowledged the inalienable rights of its citizens and prospered.  
281 But as leaders have risen in our land that *know not the God of our*  
282 *founders*, and who despise America as founded, we are losing our  
283 liberties, we are coming under the oppression of tyrants.

<sup>2</sup> John Jay to Jedidiah Morse, February 28, 1797: *The Correspondence and Public Papers of John Jay*, October 12, 1816.

<sup>3</sup> John Jay, 1794-1826, Henry P. Johnston, editor (New York: G.P. Putnam's Sons, 1893), Vol. IV, p. 365

284 You know the story of Israel — that "one nation under God" was  
285 blessed and prospered, but when they forsook God, they were  
286 given to tyrants to rule them. When God finally gave His people  
287 over He complained against them that it was because, "They have  
288 set up kings, but not by me: they have made princes, and I knew it  
289 not: of their silver and their gold have they made them idols, that  
290 they may be cut off" (Hosea 8:4). Are you listening? America? We  
291 set up rulers that were not of God, and why? Because we have  
292 made silver and gold our gods.

293 This is America!

294 God had given Israel clear instruction in the matter of setting up  
295 rulers; you'll find it in Deuteronomy 17. Above all, their rulers  
296 were to be God-fearing men that honored the WORD OF GOD and  
297 acknowledged the rule of GOD. Just like Trump does today!

298 But we have foolishly given power in our government to many  
299 men and women that do not know God, who mock the WORD of  
300 GOD and who refuse to acknowledge Christ as PRINCE of the  
301 kings of the earth (Revelation 1:6).

302 Recently, Congressman Schumer and Congresswoman AOC  
303 mocked Christians for believing the Bible, not too long ago Hillary  
304 scolded Christians for their beliefs about homosexuality and  
305 abortion, and this in the wake of Obama's declaration that America  
306 is no longer a Christians nation—which, by his own admission,  
307 once was—and his snide remark about God and gun clingers—and  
308 don't forget the spectacle at the Democratic Convention in 2010  
309 when that Party balked at recognizing faith in their Party platform,  
310 and booed the effort to get this voted in — and this followed by the  
311 Democrat Party openly embracing Atheism and spurning  
312 Christianity—and now, the Mayor of New York has come out and  
313 blamed Christians for the spread of COVID-19 in his city. And he  
314 threatened that unless Churches obeyed his edict to close their  
315 doors he would shut them down permanently.

316 Did I hear one of you say, hmmm, reminds you of Nero? Who  
317 blamed Christians for burning Rome? And used this as a pretext to  
318 launch a bloody persecution against Christians in Rome — can that  
319 be compared to Mayor de Blasio blaming Christians for the spread  
320 of COVID-19 and threatening to begin open persecution targeting  
321 Christians because of it—not the same thing, you say? Well, it's  
322 certainly not the same in scope and in consequence, that is granted.  
323 But it's the same in spirit.

324 True, the Mayor of New York does not have the power to nail  
325 Christians to crosses. And I don't even say that he would. But we  
326 should thank God for the constraints of this one nation under God  
327 and the Constitution, because he is of the same spirit of Nero—for  
328 look closely and you'll see the fiddle is in that wicked man's  
329 hands—it's his policies that have exposed New York —

330 Telling a visitor from Italy they did not need to self-quarantine,  
331 refusing to shutter schools even when a case occurred in the  
332 school, resisted canceling the St. Patrick's Day parade,  
333 downplaying the seriousness of COVID-19 — And make no  
334 mistake, his attitude toward COVID-19 was inappropriate in the  
335 city of New York, where people live on top of each other like pack  
336 rats—where the population density is somewhere upwards of 3000  
337 people per square mile—where the people live in violation of the  
338 biblical principle to spread out—yeah, ever read that one? It's in  
339 Isaiah 5:8 "Woe unto them that join house to house, that lay field  
340 to field, till there be no place, that they may be placed alone in the  
341 midst of the earth!"

342 Look, not to get into this too much, but listen—if the police force  
343 and court are essential and therefore more than ten people gather in  
344 those building to get their work done, and most certainly if packing  
345 booze is so essential that we must not interrupt their important  
346 business to they can bottle the booze the worldlings need to cope—  
347 then by all that is HOLY, Christians who take care to follow  
348 appropriate health protocols, who believe their work is

349 ESSENTIAL in this time of need, so they discreetly gather in their  
350 church buildings—sanitized, and maintaining appropriate social  
351 distancing—to PRAY for AMERICA right now in the HOUSE of  
352 GOD which is the HOUSE OF PRAYER; I say they are AS  
353 ESSENTIAL as any government agency and certainly MORE  
354 ESSENTIAL to the security of our nation than the BOOZE  
355 BOTTLERS.

356 And, by the way, most Christians are staying home, and joining the  
357 services of their church via livestream—so it's obvious that De  
358 Blasio is looking for someone else to BLAME for his fiddling  
359 while New York burns — JUST LIKE NERO. And yes, I know  
360 what's different about this comparison and I also know what is the  
361 same, and it's the part that is the same that bothers me.

362 And my point is that this is what you get when you put godless  
363 people into control of the powers of government.
