Freedoms? / Romans 13 Says Obey: What Is A Christian To Do?

Original Air Date: 04.25.19

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage. [TRUTH]  
4 I'm glad Rand Paul beat the bug and is a fiery as ever opposing  
5 Deep State tyranny — railed against the “draconian” lockdown.  
6 Interesting word, *draconian*, sounds rather devilish, sort of  
7 Dracula-ish — haha. It comes from an Athenian named Draco who  
8 had a penchant for making laws that were notoriously harsh,  
9 excessively severe. It has no known relationship to the name  
10 Dracula — except the spirit of both is spawned from the Dragon's  
11 lair — Dracul was the family name, and his second son took the  
12 name Dracula which means son of Dracul — but he did it when he  
13 was initiated the secret Catholic order called the Order of the  
14 Dragon—and in Romanian, Dracul means dragon — so, there you  
15 have it.  
16 Thinking of the Devil—House Demoncrats have voted to form a  
17 special investigative committee to scrutinize the President's  
18 response to the anemic pandemic. I call it the anemic pandemic  
19 because of the irritating — to Liberals — way it keeps not being as  
20 bad as they thought. I'm gonna bring out some new news on the  
21 origin of this thing and offer a testimony on the grace of GOD.  
22 But, yeah, they just can't get the numbers they wanted. Trump and  
23 Pence forced them to reveal the fact they are going to count  
24 COVID deaths differently from the way they have ever tracked  
25 deaths by flus in the past. Now they will attribute death to COVID  
26 regardless of whether the patient actually died of COVID, so long  
27 as they tested positive before they died.

28 When that did not produce the results they wanted, they sent out a  
29 notice to doctors advising them it was okay to put COVID as cause  
30 of death if the patient MIGHT have tested positive.

31 They keep manipulating the numbers and the doctors to get the  
32 death count as high as they can—but there is one big number they  
33 did achieve. 27 million people are out of work. Not because there  
34 are not enough jobs to go around, but because of a flu that kills a  
35 2% of those infected—pretty powerful little bug, aye?

36 Did you hear that Barr is inching ever closer to indictments—make  
37 no mistake one of the angles these guys are playing is to keep  
38 Trump busy with other things so he can't steer resources toward  
39 getting to the swamp creatures—but, have faith. All things work  
40 together for good.

41 FOR EXAMPLE!

42 But here you go, Newly declassified docs show John Kerry's state  
43 department spread the Russia collusion narrative.

44 TOTALLY EXPOSING THE DEMONCRATIC LEFT:

45 The Liberal view: Economic hardship does not equal death. You've  
46 got to be kidding me. We live in a world where people die every  
47 day, 7,775 per day, in fact, and 58k of alcohol related causes every  
48 year, and 16-30k from flu every year, and I can go on and on. These  
49 people are smothering us with their oppressive "PROTECTION" —  
50 but they don't feel is. Cuomo does not feel the oppression because  
51 HE IS THE OPPRESSOR and the OPPRESSOR never feels the loss  
52 of freedom he imposes on everyone else. Like his lying brother on  
53 CNN. Self-imposed quarantine — right! What a fake. Perfect for  
54 CNN — FAKE! Cuomo's brother Cuomo makes a big deal about  
55 coming out of quarantine, what an actor, all broken up about not  
56 seeing his family for whatever it was, two weeks, or something.  
57 Turns out the guy was traveling about, visiting his vacation home a  
58 few miles away—oh yeah! Proven stuff! They are all like this. They

59 sit in their mansions eating 13 dollar ice cream with their pay  
60 check coming in and their insider trading millions backing them  
61 up—Pelousy—while refusing to go to Washington and pass a relief  
62 bill for the small businesses being devastated by their  
63 OPPRESSIVE SMOTHERING PROTECTION PRETENSE — I'm  
64 telling you. I much prefer GOD as my protector than these liberty  
65 destroying antichrist serving oppressors. So Pelosi congratulates  
66 her fellow *Demoncrats* for BLOCKING the relief bill, and when she  
67 is finally shamed into leading her democrats to pass the bill she  
68 BLAMES THE REPUBLICANS for delaying the passing of the  
69 BILL. We are up against unreasonable and wicked men and  
70 women who are willing to lie to advance their agenda, to let people  
71 die if it advances their agenda, to destroy the economy of America  
72 if it advances their agenda—and what is their agenda? Stop Trump  
73 and his supporters from making America Great Again!

74 And underneath that is the agenda to finish the job of taking  
75 America out from under God and bringing it into the power of the  
76 godless. Are you hearing them mock God and prayer? McCain's  
77 daughter, or is it his granddaughter, don't remember, but she  
78 refuses to co-host the view with anyone who would suggest we  
79 should turn to God in prayer at this time. Cuomo thinks it's  
80 important to announce God is not helping in this situation.

81 Cuomo's answer to New Yorkers who want to go back to work  
82 because they're running out of money: get a job that is essential.  
83 (HE DOES NOT FEEL IT BECAUSE HE IS "ESSENTIAL.")  
84 EVERY JOB IS ESSENTIAL YOU MORON! JOBS PUT FOOD  
85 ON OUR TABLES, KEEP US SHELTERED AND CLOTHED.

86 But if you are AOC — have you noticed she looks like the Llama in  
87 Emperor's New Groove? — AOC wants Americans to boycott  
88 work. Yeah! She wants all workers to refuse to return to work after  
89 this anemic pandemic ends, that is, after the LEFT runs out of  
90 excuses to keep us in OPPRESSION by their PROTECTION —

91 you do understand that EVERY TYRANT uses PROTECTION as  
92 justification for OPPRESSION. Now AOC has said, "Only in  
93 America does liberation mean going back to work." Thank about  
94 that.

95 But these oppressors never feel their oppression because they just  
96 go on with their lives.

97 North Carolina governor breaks his own stay at home orders and  
98 travels to his vacation home.

99 Oh, and for all the talk about people being dead because of  
100 President's handling of the pandemic—guess what came out today?  
101 Cuomo ordered nursing homes to receive coronavirus patients that  
102 did not have the necessary protective equipment to handle them.  
103 This led to the deaths of 3500 patients. That's pretty close to the  
104 number killed on 9-11 in New York. Actually, it's more. The 9-11  
105 attack took 2996 lives. Cuomo killed more New Yorkers than Bin  
106 Laden. And what does Cuomo do? He could not blame Trump for  
107 that one so he blamed the nursing homes.

108 That smoke you see rising in the northeast — that's Cuomo's crash  
109 and burn.

110 Okay, time to begin wrapping up the first segment.

111 While the Pentagon pushes back against the theory that the Wuhan  
112 virus is lab-grown, some pretty heavy hitters in the virology world  
113 are saying otherwise. Here is a Nobel Prize winning virologist, the  
114 guy who identified the HIV-AIDS virus, who has examined the  
115 virus and says he has identified small sequences of HIV virus in the  
116 RNA of COVID-19. He explained that this is the sort of thing he  
117 would expect to see if someone was trying to manipulate the new  
118 coronavirus to create a vaccine for HIV. The Nobel Prize winning  
119 Professor is Luc Montagnier insists an increasing number of  
120 researchers are coming to the same conclusion. He also said there

121 is increasing pressure to quash these scientists and compel them to  
122 support the narrative that it is a naturally occurring virus.

123 Well, for one, the evidence the pandemic originated from a Wuhan  
124 lab is fast becoming incontrovertible. An Indian virologist, Buttar,  
125 has been researching this and found an article in Nature Magazine  
126 published in 2015 stating that this virus was developed from a bat  
127 coronavirus in the University of NC Chappell Hills after a 2014  
128 moratorium forbidding such research. It's called chimeric  
129 research—and the idea is they modify it genetically to gain  
130 function—that is, to make it more resilient and virulent.

131 When the moratorium was interfering with the work being done  
132 with this virus, NIH head, Dr. Fauci, it is believed, had it sent to  
133 Wuhan China to continue the work. Obama approved sending 3.7  
134 million to Wuhan labs at about this same time.

135 Dr. Fauci predicted a pandemic would occur in Trump's  
136 presidency! That's just weird. Said it would hit 2018 or 2019.  
137 Really?

138 And, why is Fauci so opposed to Hydroxychloroquine? Why is he  
139 balking at use of this drug when he "cheered use of  
140 hydroxychloroquine in treating MERS in 2013." It was not  
141 DANGEROUS then? What reason would they have to oppose use  
142 of a drug that has proven effective in treating this disease?

143 And why are they beginning to come up with fake studies to  
144 discourage use of this drug.

145 A FAKE news report has surfaced citing a study that proves it is  
146 dangerous. AP reported that a Virginia study "concluded  
147 Hydroxychloroquine is of no use treating COVID-19 and actually  
148 causes more deaths than standard care." What?

149 Of course, as per usual, a caveat was issued by those responsible for  
150 this study saying "The findings should not be viewed as definitive  
151 because the analysis doesn't adjust for patient's clinical status and

152 showed that hydroxychloroquine alone was provided to Virginia's  
153 sickest COVID-19 patients." Well, what do you know about that?  
154 From the beginning doctors knew neither this nor any other drug  
155 would cure someone in advanced stages of this flu. And there was  
156 no consideration given for the patient's underlying conditions, or  
157 age. But the media totally ignore the substantiated studies that  
158 show the drug is very effective in treating this flu when used early.

159 I go back and forth with Fauci, but I'm beginning to go back more  
160 than forth lately.

161 Add to all this the plan to pump up the death numbers—you've  
162 heard all that, I'm sure. No! You are kidding. Well, let's start with  
163 the announcement I heard Fauci and Birx make explaining why  
164 they were going to count COVID-19 deaths differently from how  
165 they counted Swine Flu deaths, or any other flu deaths. They  
166 wanted to insure they had an accurate count of the number of  
167 people who contracted the disease? And if someone had the  
168 disease, but were diagnosed as having another cause of death, the  
169 presence of COVID-19 would be masked in the records. Well, just  
170 put a check box somewhere that says this guy that died of liver  
171 disease, had tested positive for COVID-19.

172 But then it comes out that health departments are circulating  
173 instructions to doctors encouraging them to report COVID-19 as  
174 cause of death even if the person had not tested positive for the  
175 disease but were in a category that made it "likely" they had  
176 contracted it. This is getting very weird and very sick!

177 And what about this? In ICU ER a doctor was censured because he  
178 objected to intubating patients before all other options were  
179 attempted. Yeah! Another new policy. Use to, doctors would avoid  
180 intubation and try other avenues of care first. But now, they want  
181 to intubate before they've tried other less dangerous forms of care.  
182 Why? If a patient has breathing problems, they want to try cpap  
183 first, Continuous Positive Airway Pressure, or bipap (Bi-Level

184 Positive Airway Pressure) — these are non-invasive and preferred  
185 to intubation which prepares the patient to be placed on a  
186 ventilator. Why are these things being done? I would not question  
187 it because I don't understand all this — but when a doctor who  
188 deals with this sort of thing questions this it makes me wonder.

189 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
190 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
191 lighter, lighting the lamps in the church belfry arch, signaling the  
192 enemy is on the march, an enemy that would steal from us our  
193 liberty.

194 [FREEDOM-10 seconds] —

195 Mel Gibson playing William Wallace in Brave Heart. William  
196 Wallace is a legend in Scotland for his passion for liberty. That  
197 spirit infuses the American soul! At least those who have not had it  
198 taught out of them in our liberal indoctrination and reeducation  
199 institutions called Public education. Real Americans value liberty  
200 above life! It's in our DNA. I read somewhere that there are only  
201 two people who have willingly laid down their lives to set others  
202 FREE — Jesus Christ, and the American soldier.

203 I knew it would not be too long before Americans began chaffing  
204 at the stay-at-home orders and begin to become suspicious they are  
205 being manipulated by politicians into panic so they can justify  
206 keeping perfectly healthy people under virtual house-arrest. It's just  
207 getting obvious, is it not? Dr. Birx announces the alarming number  
208 — somberly, she informs us 50,000 new cases identified—gasp!  
209 At least one reporter had the temerity to ask the obvious question:  
210 doesn't that mean the death ratio is being driven down  
211 dramatically, since, after all, the recovery rate from this flu is  
212 upwards of 98%? Well, that's good news, and we can't have that!  
213 So Scarf (thank you Rush) evades the question and spends another  
214 three minutes beating the panic drum. Why? And why are they  
215 purposely manipulating the death numbers? Yeah! If someone tests  
216 positive for COVID no matter what they actually die from, they are

217 counted as a COVID death. And some doctors are being told they  
218 don't even have to test positive for COVID to be counted. What is  
219 going on? We've never done that before! How can we compare the  
220 death count of this virus with others when they are changing the  
221 way deaths are counted? Why would they do something like this?  
222 Friend, it's all about politics!

223 Everybody knows Trump went out of his way to make certain New  
224 York was given everything she needed, and even more — so the  
225 droning whine of liberal Democrat Governor Cuomo is just  
226 irritating, and annoying. Because it's not about Trump telling New  
227 York to drop dead—it's Cuomo telling New Yorkers they don't  
228 matter as much to him as bringing down our President.

229 The more truth leaks out to the American people about what is  
230 going on the more unhappy Americans are becoming about being  
231 forced to wear a mask so we look like people living under China  
232 dictators, and restricted from work, and from, well, living so we  
233 live like people living in Communist China — and Americans are  
234 beginning to cry FREEDOM —.

235 I don't have to tell you about the protests developing across the  
236 country! You've seen it. In fact, one has been announced. It's called  
237 STAND STRONG, they will meet on the corner of Oak Park and  
238 Grand Ave in Grover Beach between 1-3 pm. I'm looking at  
239 opening my calendar so I can attend. Perhaps I'll see you there.  
240 That's Saturday, April 25, between 1-3 pm at the corner of Oak  
241 Park and Grand Ave. in Grover Beach.

242 So, here is the question facing Christians today. Romans 13 tells us  
243 we must submit to the powers, *exousia*, it means authorities,  
244 because they are ORDAINED of GOD. Let's look at that today.

245 Do the government's divinely ordained *powers* have priority over  
246 our divinely endowed rights? Which comes first — the Divine  
247 ordination of the powers or the DIVINE RIGHTS those POWERS  
248 are DIVINELY APPOINTED TO PROTECT? Not a hard one,  
249 huh? Here is another way to look at this.

250 Does our responsibility to obey magistrates extend to the forfeiture  
251 of our inalienable rights to the divinely appointed powers? Are our  
252 inalienable rights enjoyed only at the pleasure of divinely  
253 appointed powers? Is it rebellion to resist such encroachment?  
254 Were our founders correct when they said rebellion against tyranny  
255 is submission to GOD? You see, my friend, the Demoncrat today  
256 is upending our Founding principles. The Devil does not like  
257 liberty. He *takes* power by *force of violence*. And violence does not  
258 refer only to armed aggression but to any act whereby control over  
259 others is taken by violating their rights. Here are some examples.

260 So, because of a risk someone might contract or spread a flu that  
261 kills about 2% of those who get it, all Americans must suffer the  
262 loss of their liberties? Because Governor Whitman thinks you  
263 might get sick you can't go out into your yards to play — haha —  
264 Okay — let's stay serious, because this goes way past any Mother  
265 hen's protective instincts and COVID-19 does kill — about 2  
266 percent of those infected with it — and that's not a laughing matter  
267 — of course, neither is the 58k that die every year from alcohol  
268 related causes, or the 16-30 thousand that die every year of other  
269 flu viruses, or—well, you get the idea.

270 Americans are angry that politicians are playing their political  
271 games at the expense of our liberties. Seething! Because it's  
272 unreasonable, and wicked! For example, all these Demoncrat  
273 governors that deem churches unessential and order them closed  
274 keep the liquor stores and abortion clinics open as essential.

275 Whitman says you can kill your babies at the abortion mills during  
276 the lockdown because abortion is "life-sustaining." Really? What  
277 is this crazy woman saying? Life sustaining! Certainly not for the  
278 baby! So it's doctors killing babies is essential. But you can't go to  
279 church!

280 In Michigan, you can be arrested for taking your motorboat out to  
281 fish, but if you paddle out in a canoe or rowboat it's okay—who  
282 does she think she is fooling? Not Michi-gan'-ders! Now I hear she

283 has made it illegal to garden. And in true tyrant's fashion, she  
284 responds to protests by threatening to extend the shut down order.

285 But these Demoncrat governors are not messing with the  
286 snowflakes, illegals, and dead people, who voted them in. They are  
287 stirring up the liberty loving people that make this country work;  
288 these folks don't melt like snowflakes. They are touching the  
289 sacred in America: religious liberty, second amendment liberties,  
290 and the right to take care of our families. But aren't we supposed to  
291 obey these magistrates?

292 The issue we face today hinges on our understanding of key  
293 passages of Scripture, like Romans 13:1-6.

294 This passage does not teach every leader holding power is divinely  
295 approved by God to have it. The Bible does not teach that every  
296 person holding power is **ORDAINED OF GOD**. It does not even  
297 teach that every person holding power was put there by **GOD**.

298 God **ALLOWED** Israel to set up kings against His will. But that  
299 does not mean **HE SET UP THOSE KINGS**. And besides, we  
300 dumped that divine right of kings stuff years ago.

301 God complained that His people, Israel, had set up kings but not by  
302 Him. In other words, **HE DID NOT DO IT, THEY DID**-Hosea 8:4.  
303 He had given them instructions in Deuteronomy 17 but they  
304 ignored His instructions, and chose leaders who led them into  
305 error. The Spirit said, "O my people, they which lead thee cause  
306 thee to err, and destroy the way of thy paths" (Isaiah 3:12) — and  
307 that is what has happened in America. We have set persons in  
308 positions of power in this country contrary to the **WILL OF GOD**  
309 and those leaders have led our nation to the very maw of hell —  
310 but through prayer and repentance on behalf of a small remnant we  
311 have been given a chance to turn this nation back under God. Let's  
312 not blow it!

313 Romans 13 does not say all persons who hold power are ordained  
314 of God to have it. It does say all the powers men hold are ordained

315 of God—that means anyone who holds power in this world holds it  
316 UNDER THE ORDAINING AUTHORITY of the KING OF  
317 HEAVEN and of EARTH—and that is JESUS CHRIST. Any ruler  
318 that uses the ordained power in defiance of its ordaining authority  
319 has exceeded his authority, and forfeit any claim to divine support  
320 for their actions. That's why Peter and John said to the authorities  
321 that forbad them to preach in Jesus' name, we will obey God rather  
322 than men.

323 According to Romans 13, God ordained the powers for a specific  
324 purpose: to reward the righteous and punish the wicked. This gives  
325 government the power to use force to execute judgment on  
326 evildoers. The word *evil* must be understood in the context of the  
327 book where we find Romans 13—the BIBLE. That means using  
328 the divinely appointed power of government to facilitate a  
329 transgendered man to dress salaciously and writhe about in front of  
330 a ten year old little girl is exactly the opposite of what God  
331 ordained government to protect—God intended the powers should  
332 protect the innocence of that precious young girl and punish the  
333 evil of that wicked man-girl whatever.

334 Romans 13 tells us God has given His divinely appointed power  
335 the sword and expressly tells us it is to be used to execute wrath  
336 upon evildoers. It is no appointed execute the wrath of antichristian  
337 unbelievers upon God fearing, patriotic Christians living  
338 peaceably, honestly, and godly; but rather against the  
339 EVILDOERS—whether they be believers or unbelievers.

340 Romans 13 does not teach we are supposed to let usurpers take the  
341 powers of government by violence and use it contrary to the over  
342 arching ordaining authority of GOD. And, by the way, to take by  
343 violence certainly includes things like the Boxer or the Bolshevik  
344 revolution, or the nonsense that went on in France during theirs.  
345 However, the words *violence* and *violation* come from the same  
346 root. When Democrats steal election by voter fraud, they are *taking*  
347 *power by violence*.

348 So, to answer the questions I posed earlier: Do the government's  
349 divinely ordained *powers* have priority over our divinely endowed  
350 rights? Answer, NO!

351 Which comes first — the Divine ordination of the powers or the  
352 DIVINE RIGHTS those POWERS are DIVINELY APPOINTED  
353 TO PROTECT? Too easy! Obviously, our divinely appointed  
354 natural rights bequeathed to us by our CREATOR at creation come  
355 before any divinely appointed authority instituted to protect those  
356 rights.

357 Does our responsibility to obey magistrates extend to the forfeiture  
358 of our inalienable rights to the divinely appointed powers?  
359 Absolutely not!

360 Are our inalienable rights enjoyed only at the pleasure of divinely  
361 appointed powers? No way!

362 Is it rebellion to resist such encroachment? No, in fact, it is our  
363 patriotic duty. For, our founders were correct when they said  
364 rebellion against tyranny is submission to GOD!

365 You really need to read God's War — it's a game changer!

366 More than one pastor who has heard the God's War message has  
367 said to me, "that's a game changer," "preacher, that's a paradigm  
368 shift!" — go to [godswar2020.com](http://godswar2020.com). You'll learn all about this.

369 It's not new doctrine, it's a return to a proper biblical perspective on  
370 the rise and fall of nations, of the cosmic drama in the conflict  
371 between good and evil. And for the well-studied pastor—here is a  
372 book that reconciles reformed and dispensational eschatology like  
373 nothing you've ever read.

374 I have lit the lamps in the Church belfry arch and now you let me  
375 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
376 ON and you will ride like Revere and spread the warning,  
377 (essentially, it means you agree with what I'm saying) or you say  
378 LIGHTS OFF -- which means you reject what I'm saying and

379 disagree strongly with me. So, what will it be today, lights on, or  
380 lights off?
