

Brain Massage: Show No. 777 Why Government Must Never Be Given The Power To Declare Our Rights Suspended For Any Reason!

Jerry Scheidbach

Original Air Date: 05.02.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 An OPEN CALIFORNIA rally, actually two rallies — both
5 Saturday, May 2nd, one from 1-3 in Arroyo Grande on corner of
6 Park Avenue and Grande, and another in Santa Maria from 11-12
7 on the corner of Betteravia and Bradley. Well, that one will be over
8 by the time most of you hear this—but the AG rally, for those in
9 that area, is 1-3.

10 At a time when, according to the data, we should be backing off on
11 the stay at home or safer at home restrictions, some governors are
12 tightening the screws! Why?

13 Conflicting orders came down lately from our County health
14 department that left me in some confusion whether they are now
15 DEMANDING churches virtually close their doors.

16 Newsome says in-person church assemblies won't be reopen for
17 "months"? *Months?* More on that today!

18 Hey, Newsome closed beaches in Orange County. That was safe for
19 him politically, since they don't like him there anyway! Apparently,
20 this was prompted by MSM faked pictures...hmmm?

21 Modoc County defies Newsome and declares they are reopening
22 today despite "King" Gavin's decrees. Santa Maria is putting
23 together an open the city plan.

24 Michigan governor slapped down by MI State legislature—they
25 refused to extend her stay at home order and removed protections
26 from lawsuits against her allowing her to be personally sued for
27 abuse of power (see 31.2).

28 Newsome and Whitmer would do well to listen to what Atty.
29 General Barr said—a crisis cannot cancel the Constitution. Long
30 after COVID-19 is forgotten, the destruction, misery, and
31 oppression these people brought into the lives of millions of
32 Americans will be remembered.

33 Meanwhile, in Kansas City, Missouri, churches along with all other
34 businesses are required to turn in the name, phone and physical
35 address of anyone who enters their place of business or that enters
36 their church. Some are calling this registration of Christians—
37 hmmm!

38 Pelosi confirms Maxine Waters to the committee investigating
39 Trump's response to COVID-19 — pray! Trump is vulnerable, and
40 his vulnerability is increasing. I'll explain in a moment.

41 Flynn exonerated. Well, at least it's moving in that direction. FBI
42 notes recently released prove the FBI cops were liars, sent to entrap
43 Flynn.

44 And, while we are fixated on the COVID-19 an election is
45 underway. The "other side" is taking full advantage of the COVID
46 smoke-cover to get into position for their attack. Tuning up their
47 voter fraud machine, and laying a trap for Trump/Pence.

48 Okay, my friends! It's time for your Brain Massage.

49 [TRUTH]

50 An OPEN CALIFORNIA rally, actually two rallies — both
51 Saturday, May 2nd, one from 1-3 in Arroyo Grande on corner of
52 Park Avenue and Grande.

53 At a time when, according to the data, we should be backing off on
54 the stay at home or safer at home restrictions, some governors are
55 tightening the screws! Why? The spirit of antichrist promotes
56 oppression and the Spirit of Jesus Christ promotes LIBERTY.
57 Power in the hands of men and woman who may be taken captive

58 by the devil at his will always leads to policies of oppression. You've
59 read that in your Bible before, right, that Satan can take unbelievers
60 captive at his will? — oh, yeah, forgot! Many Americans are as
61 ignorant of the Bible today as they are of the Constitution, or our
62 American heritage—and there might be something to be said for
63 the relationship of these things—you know, forgetting the Bible
64 and forgetting the Constitution. Go online and download my series
65 The Bible and the Bill of Rights or view my YouTube message The
66 Bible and the First Amendment. Over 3 thousand views of that
67 message lately, and I know we can do much better than that! It's an
68 important and timely message; check it out.

69 Conflicting orders came down lately from our County health
70 department. One document had a demanding tone and stipulated
71 that churches must virtually close their doors and go altogether
72 virtual—assembly allowed only in parking lot gatherings, stay in
73 car, one empty space apart, with windows up, no more than ten in
74 building, or was it five? Another document indicated it was a
75 continuation of earlier guidelines and recommendations, with a
76 softer tone, more befitting a government of, by, and for the people
77 with a few recommended enhancements—which enhancements we
78 have adopted, by the way. So, in addition to our distancing
79 protocols please take your temp before you come to church. If you
80 can't, we have a touch free device. Anyway, each of these
81 documents was dated to be effective the same day! Perhaps one was
82 published some hours before the other—anyway.

83 Churches are as essential as any other service decreed to be
84 essential and can be trusted to act as responsibly as the booze
85 bottling plants. And, besides, I agree with Attorney General Barr—
86 government officials cannot simply dismiss our inalienable rights
87 by declaring a crisis. I'll offer more insight on that in the next
88 segment.

89 Here is an article that reports Newsome saying in-person church
90 assemblies won't be reopen for "months"? *Months?* But I read
91 through the article, and checked Newsome's actual comments, and
92 unless I missed something, this is the reporters' interpretation of
93 Newsome's lockdown order. He only reiterated what he has said
94 before—and essentially stated it's not going to change anytime
95 soon. I've gone over his Executive Order and the documents
96 referenced in that order very carefully. I don't doubt he is content
97 that his words be interpreted to include church services, but he has
98 not expressly said so—not that I can find, and if he does expressly
99 forbid Christians from assembling in the House of God for prayer
100 he probably ought to start getting used to eating grass. Hehe! But
101 really! He and Whitmer can get together and form a ticket to run
102 for President and Vice President and their slogan can be Slavery Is
103 Better Than Death — no, wait, that's Cuomo's slogan. Let's see,
104 maybe the Newsome, Whitmer slogan can be "Re-Make America"
105 and their symbol can be the Communist hammer and sickle. After
106 their policies have emptied American stores of meat they can
107 promise a "chicken for every pot." And if the annoying Christians
108 and Jews stir up resistance to their oppressive agenda, they can
109 probably find enough ignorant Americans today to get away with
110 passing out yellow armbands with a cross printed on them for the
111 Christians and for the Jews, a star of David. I'm being facetious, of
112 course, but if you don't think this is the way this sort of thing gets
113 started you have not paid attention to history. Do a study of what
114 was going on in the medical field in Germany precedent to the rise
115 of Hitler — the Nazi doctors facilitated Hitler's monstrous polices.
116 Reagan warned us Socialism would never be directly received by
117 Americans, but by convincing them of a medical emergency, they
118 could be deceived into giving up their liberties to the government.
119 So, let me clarify that I don't think Newsome has demonstrated
120 such egregious ambitions for dictatorial control but some of his

121 more recent moves suggest he might be testing the waters for just
122 how far he can go.

123 For example, Newsome closed beaches in Orange County. That
124 was safe for him politically, since they don't like him there anyway!
125 Apparently, this was prompted by MSM faked pictures — in truth
126 beach goers were more than six feet apart, but pictures were
127 purposely, it seems, taken at an angle and from a distance that
128 made it look like the beach was crowded. He did not bother to look
129 into this? Maybe he naively believes whatever the MSM puts in
130 front of him. Proverbs 29:12 ¶ "If a ruler hearken to lies, all his
131 servants are wicked." Power in the hands of a ruler that hearkens to
132 lies brings the people under oppressors.

133 Modoc County defies Newsome and declares they are reopening
134 today, Friday, school prep day, despite "King" Gavin's decrees. Santa
135 Maria is putting together an open the city plan. Please understand
136 that antichristian and anti-Semitic types never yield their power to
137 oppress until they are forced to do so. Newsome should pay
138 attention to what is happening to Gretchen in Michigan.

139 Michigan governor was slapped down by MI State legislature—
140 they refused to extend her stay at home order and removed
141 protections from lawsuits against her allowing her to be personally
142 sued for abuse of power (see 31.2). This is a good idea! No
143 governor should be able to unilaterally declare an emergency and
144 by fiat wipe out our Constitutional protections.

145 Michiganders got it right—the only right thing to do about persons
146 using a crisis, manufactured or not, to increase their power and
147 take away our liberties is to MAKE THEM ACCOUNTABLE FOR
148 THEIR ABUSES.

149 Newsome and Gretchen would do well to listen to what Atty.
150 General Barr said—a crisis cannot cancel the Constitution. Long
151 after COVID-19 is forgotten, the destruction, misery, and

152 oppression these people brought into the lives of millions of
153 Americans will be remembered.

154 Here is a disturbing headline: Kansas City, MO Requires Christians
155 to Register With the Government. Well, the devil is never that
156 obvious, at least not up front. In Kansas City, Missouri, churches
157 along with all other businesses are required to turn in the name,
158 phone and physical address of anyone who enters their place of
159 business or that enters their church. So, it's not quite like the
160 headline, and to be honest, it does not help our cause to
161 misrepresent stories by click-bait headlines. It actually works
162 against us. This is concerning, it does push us in the direction of
163 registration of Christians—but it's overstated. Sort of like I did
164 earlier with my projections based on the trajectory of Newsome's
165 and Whitmer's tendencies. It's okay to suggest the direction these
166 things take us, but it's best to clarify the distinction between where
167 we actually are from where these things will lead us unless we make
168 a turn along the way. We need to begin that TURN NOW —
169 before we get too far down this path to tyranny.

170 Because, when evil gets power it uses the power for evil. And evil
171 always pretends to be looking out for our best interests—LISTEN:
172 give no one power who demands your liberties in exchange for his
173 or her "protection." GIVE NO ONE POWER WHO DEMANDS
174 THAT YOU SURRENDER YOUR LIBERTIES FOR THEIR
175 PROTECTION.

176 Okay, I need to go to break. Pelosi confirmed Maxine Waters to
177 the committee investigating Trump's response to COVID-19 —
178 pray! Let me explain why Trump is vulnerable.

179 First, he and Pence must be aware of the Fauci-Birx scam
180 pressuring doctors to declare COVID-19 on death certificates
181 whether or not that was the cause of death.

182 They kept telling us the death count would spike and it kept not
183 happening. Then they announced their intention to count COVID
184 deaths differently from how they have counted FLU or other virus
185 deaths in the past. They decided they would declare someone died
186 of COVID if they were infected whether or not the cause of death
187 was COVID-19. I heard Birx attempt to explain this at one of
188 Trump's briefings, with Pence present. WHAT??? It sounded
189 plausible, until I got to thinking about it! I said, WAIT A
190 MINUTE. What's going on here? And sure enough, that's when the
191 COVID death count began to rise rapidly — and then reports
192 started coming out from doctors telling us they are being coerced
193 into declared COVID as cause of death whether or not the person
194 tested positive for COVID. So they got their death count boosted
195 but they did it by LYING, by FRAUD—YOU CAN'T BELIEVE
196 THESE PEOPLE. They say 63k have died of COVID — but how
197 can we know?

198 I'm concerned that this is a trap! I realize Trump and Pence have
199 invested significantly in the idea that they are saving America from
200 the "invisible enemy"; but the longer this plays out, the more
201 Americans are going to demand more than Fauci's say-so and his
202 "say-so" is increasingly and dramatically compromised by the
203 FACT that he is encouraging this FAKE COVID death count. That
204 he is ignoring the medical communities understanding of virology
205 that has been standardized for several decades without offering any
206 explanation why, and more and more doctors are coming out with
207 alarms about being pressured to report COVID as cause of death
208 when they know better, and these draconian impositions on our
209 liberties that are actually counter-productive to our health.

210 One thing nags at me. Fauci and Birx have advocated for changing
211 the way deaths are counted for this virus outbreak—WHY?

212 I'm concerned these lying rascals are setting a snare Trump/Pence
213 implicating him in this lie! It won't matter to the Trump haters that

214 Fauci-Birx encouraged the manufacture these COVID death
215 numbers — the only thing that will be harped on 24-7 is that
216 Trump-Pence went along with this business of FAKING the
217 Numbers and it will be made out that the only reason was to trump
218 up his claim that he "saved America from the invisible enemy."
219 WATCH OUT Mr. PRESIDENT — "For among my people are
220 found wicked men: they lay wait, as he that setteth snares; they set
221 a trap, they catch men" (Jeremiah 5:26).

222 I'm long on this segment. Let's go to break. I'll be right back.

223 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
224 at the Lighthouse, your brain masseur, and Paul Revere's lantern
225 lighter, lighting the lamps in the church belfry arch, signaling the
226 enemy is on the march, an enemy that would steal from us our
227 liberty.

228 Flynn exonerated. Notes recently released prove the FBI cops were
229 liars, sent to entrap Flynn. Phoney-baloney Comey brags about
230 getting away with sending the "dirty" cops to Flynn's office for a
231 private meeting so they could interrogate Flynn without witnesses
232 or legal counsel. That's how they got away with making up what he
233 supposedly said to falsely accuse him of lying. The take-away is
234 this: Power in the hands of wicked men will lead to the triumph of
235 evil over good—the rejoicing of the wicked over the righteous.
236 Solomon said, "When the righteous are in authority, the people
237 rejoice: but when the wicked beareth rule, the people mourn."
238 Proverbs 29:2

239 Hey, while we are fixated on COVID-19 an election is underway.
240 The "other side" is taking full advantage of the COVID smoke
241 screen to advance their stratagems. Organizing their voter fraud
242 machine: NC has nearly 1 million inactive names on voter rolls.
243 Pennsylvania has over 800k. Judicial Watch is suing these states to
244 clean up their rolls. "Dirty voter rolls mean dirty elections." Thank
245 God for Judicial Watch — give them all the support you can!

246 And, they are laying snares for President Trump. I have explained
247 my concern about giving to a narrowly focused group within an
248 organization control over decisions that affect the entire
249 organization—it's a mistake to give control over decisions that
250 impact the entire nation to a small group of people whose
251 perspective is narrowly focused. I'm tired of two doctors deciding
252 whether or not I can go to work, walk in the park, or go to church.
253 The Surgeon General has begun to speak up — thank GOD! Other
254 doctors are beginning to sound off — THANK GOD! Trump
255 needs to broaden the base of his advisors! Fauci and Birx are going
256 to take him down with them—and they will be unscathed. Their
257 fortunes will not be hurt—in fact, the left will make them heroes of
258 the cause. But Trump will get the blast back for all the frustration,
259 and the anger, that is building in America right now unless he
260 begins sending clear signals that he is going to start taking control
261 away from these two liars—I say that for two reasons. First, the way
262 they are counting COVID deaths. There is only one real reason to
263 pull that switch and that is to ratchet up the numbers, which they
264 need to justify what they have done to the American economy.

265 You have heard me explain why I think Trump initially stepped in
266 and took control of the panic over this but he needs to start pulling
267 this country out of the dive and be careful he does not put us into a
268 tailspin. He needs to start listening to OTHER DOCTORS, like his
269 Surgeon General, and start questioning Fauci and Birx, start asking
270 some tough questions. I believe he has been waiting for Americans
271 to generally start DEMANDING RELIEF so he can have the
272 political cover he needs to RE-OPEN AMERICA more
273 aggressively, but I fear if he does not start doing that very soon—
274 the stink of this whole thing is going to land on him, and Pelosi's
275 little witch-hunt investigation will start pointing out that he knew
276 the numbers were faked, that he knew the truth from these other
277 doctors, and I would not even be surprised if Fauci and Birx both
278 willingly throw Trump and Pence under the bus with this—lying is

279 not beyond them, as we already know—they have advocated for
280 using deceit to prop up the COVID death numbers—

281 Now, Dr. Battar recently announced satisfaction that the Trump
282 Administration has begun backing off from Fauci, a little bit. That
283 he has decided policy will no longer be instructed by the Fauci-
284 Gates theoretical models predicting shocking and disturbing
285 fatalities — but rather he would begin shaping policy from real
286 data. This is good news!

287 So, we do have some movement in the Trump administration, and
288 I have noticed Trump's instincts for this sort of thing are nothing
289 short of miraculous — KEEP PRAYING FELLOW SOLDIERS —
290 but it's getting dicey. Having Barr send out a few more signals
291 declaring no crisis cancels the Constitution is a good idea, some
292 real action from Barr's office against some of these egregious
293 overreaches from some of our governors would be good.

294 But, let me conclude by opening up an important discussion — by
295 launching the first salvos of debate over this fundamental question.

296 When is it justifiable for a government to take away our rights as
297 Americans, or infringe upon our inalienable rights as bearers of the
298 divine image?

299 You've seen the memes — along came COVID-19 and just like
300 that, the Constitution was forgotten. Or the statue of liberty
301 holding her head like she has a headache saying, all the blood of
302 hundreds of thousands of Americans spilled to secure liberty —
303 given away because Americans were afraid of a disease that only
304 kills 2% of those who contract it! I mean, it goes on and on. Look,
305 there is going to be a tremendous back lash over this — you've
306 heard me repeatedly say, American's have liberty coded in their
307 DNA, I mean real Americans — and there are yet enough of us out
308 there that sooner, rather than later, they are going to have enough

309 of this and start rising up in masse demanding these little tyrants
310 get their jack boots off our liberties.

311 But the question before us right now is — HEY, NEVER, NEVER,
312 NEVER, NEVER, NEVER, NEVER GIVE AWAY YOUR
313 LIBERTIES — NOT TO DOCTORS, NOT TO POLITICIANS,
314 NOT FOR ANY REASON, EVER!!!! NEVER, NEVER, NEVER.

315 There is NEVER a reason government can manufacture to justify
316 TAKING away our LIBERTIES indefinitely. No, Mr. Governor,
317 YOU DO NOT GET TO DECIDE THERE IS AN EMERGENCY
318 AND USE IT TO TAKE AWAY OUR LIBERTIES
319 INDEFINIETLY.

320 Remember, one of the things I objected to most seriously and said
321 there is no way Newsome's EO would stand Constitutional scrutiny
322 was because he said, "until further notice." NO WAY! No away any
323 ruler in America has the RIGHT to wipe out our liberties and say,
324 UNTIL FURTHER NOTICE.

325 If that power has been given to our Governor — TAKE IT AWAY
326 YESTERDAY. If that power has been given to the CA governor, or
327 any governor, IT'S UNCONSTITUTIONAL and will not stand
328 scrutiny. And if our SUPREME COURT supported such a thing,
329 IT WILL NOT STAND BEFORE GOD! Romans 13 does not
330 support that sort of thing.

331 Do you want to know why WE MUST NEVER, NEVER, NEVER,
332 YOU GET THE IDEA — WE MUST NEVER GIVE ANY RULER
333 THE POWER TO DECLARE AND EMERGENCY AND WIPE
334 OUT OUR LIBERTIES with the wave of his hand with a pen over a
335 piece of paper? I'll tell you why, I'll tell you why right now.

336 Because POWER CORRUPTS AND ABSOLUTE POWER
337 CORRUPTS ABSOLUTELY.

338 Because men are liars! Because FBI directors, and CIA directors
339 can collude with a wicked president and decide to create a fake

340 dossier and use it to gain permission from a court too lazy to do its
341 own due diligence and allow government to use its virtually
342 limitless power to SPY ON A PRIVATE CITIZEN, TO FALSELY
343 ACCUSE PRIVATE CITIZENS, AMERICANS, TO VIOLATE
344 THEIR RIGHTS AND DESTROY THEIR LIVES — you can never
345 give government THAT KIND OF ARBITRARY POWER to
346 simply dismiss your rights because men are liars — they are cheats,
347 they are thieves — and politics attracts such men because they
348 know with political power they can control others and profit
349 themselves — WE MUST REMEMBER WHY OUR FOUNDERS
350 STRUCTURED OUR GOVERNMENT THE WAY THEY DID —
351 IT WAS BECAUSE THEY KNEW - POWER CORRUPTS AND
352 ABSOLUTE POWER CORRUPTS ABSOLUTELY.

353 NO! NO! NO! — government CANNOT HAVE THE POWER TO
354 use some emergency they declare as justification for TAKING
355 AWAY OUR RIGHTS.

356 Give me liberty, or give me DEATH! I don't care if it's death by
357 gunshot or sword from the British army or any other army, I don't
358 care if it's death by the "invisible enemy" — KEEP YOUR HANDS
359 OFF MY LIBERTIES. Leave liberty alone!

360 Barr is right — the Constitution is not SUSPENDED because a
361 government leader declares an emergency.

362 We will COOPERATE — you know we will. But what we won't do
363 is LAY DOWN OUR RIGHTS, we will not TRADE AWAY OUR
364 INDEPENDENCE OUR NATURAL RIGHTS OR INALIENABLE
365 RIGHTS OUR GOD GIVEN RIGHTS — so you can protect us.

366 Please understand what I'm saying. GOD, the SOURCE OF OUR
367 LIBERTIES is ultimately the SOURCE OF OUR PROTECTION.

368 God is the only KING who can ever be trusted with that much
369 power over our lives.

370 So, that's it! Please pick up the debate — please tell me where you
371 think I'm wrong! Please, America, HAVE THIS CONVERSATION
372 now. Don't EVER let this happen again.

373 Now way does any governor have the power to INDEFINITELY
374 suspend all our rights until he decides it's "safe" to give them back.

375 HE. CAN. NOT. HAVE. MY. RIGHTS. — NO!!!!!!
