

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 My RIGHTS are essential. EVERY JOB IS ESSENTIAL! CHURCH  
5 is ESSENTIAL. Making vaccine sellers Fauci and Gates richer is  
6 NONESSENTIAL. Feeding the inflated egos of despots in power by  
7 failing to challenge their abuses is NONESSENTIAL. Enabling the  
8 fear paralyzed, and panic driven, to take away our freedoms in  
9 order to make them feel safe is NONESSENTIAL. My liberty does  
10 not end where their fear begins—and cowering to all of this only  
11 tightens the chains that bind them in fear, and hold us in  
12 oppression. It's time to break the chains! That's why, if at all  
13 possible, I'll be at the next OPEN CA Rally in Arroyo Grande, on  
14 the corner of Grande and Oak Park Saturday between 1-3. That's in  
15 Arroyo Grande, on the corner of Grande and Oak Park, from 1-3  
16 Saturday, May 9.

17 You know Texas Salon owner, Shelley Luther, was sentenced to 7  
18 days jail time and some egregious fine by Judge Clay, in Dallas, TX  
19 for the crime of opening her Salon—insisting she be allowed to  
20 work to feed her children and provide the same for her Solon  
21 employees. Good news on that one. She has been released.

22 The good people of Ector County, TX, gathered to protest their  
23 governor's unlawful infringement upon their rights to feed their  
24 families and live like free men and women, and their sheriff sent in  
25 a SWAT team to assault them. A SWAT team! Complete with a  
26 military Humvee complete with a gun turret. Really??? How  
27 embarrassing is that?

28 Here is another pastor being threatened by the government to shut  
29 him down. This attack against religious liberty compliments of the  
30 Dedham Health Department in Massachusetts.

31 The Freedom From Religion Foundation is suing governors, and  
32 other public officials who mention prayer or call for prayer about  
33 the most recent pandemic.

34 You saw how Cuomo bristled when someone suggested prayer for  
35 New Yorkers were being Heard—he reacted to that just like you  
36 would expect the Devil would. But wait till you hear about the  
37 blood on Cuomo's hands. More on that!

38 Thinking of the efficacy of prayer—I did very specifically, with  
39 fervency, petition GOD for Flynn to be released from the Deep  
40 State dungeons, and Thursday, I think, or Friday, their political  
41 prisoner was exonerated! All charges dropped.

42 Oh, here you go! We now have proof that Obama knew the details  
43 of Flynn's wiretapped phone calls before Comey sent his DIRTY  
44 COPS on a mission to either get Flynn to lie so they could  
45 prosecute him, or get him fired."<sup>1</sup> Obama is in this, up to his hip!  
46 Comey, up to his neck! The dirty cop who wrote the memo  
47 exposing this is no doubt feeling the noose tightening.

48 And a satchel containing documents shedding light on Schiff's  
49 shenanigans in his probe of alleged and proven false Russian-  
50 Trump collusion, was delivered to the DOJ.

51 Some interesting insight into the current reaction to COVID  
52 arising from a look into the rear view mirror of history at  
53 something that was called the Hong Kong flu—1968.

54 It's time for your brain massage.

56 Because my RIGHTS are essential, and EVERY JOB IS  
57 ESSENTIAL! And CHURCH is ESSENTIAL, and no politician  
58 should have the power to use an emergency to shred the  
59 Constitution, I'll be at the next OPEN CA Rally in Arroyo Grande,  
60 on the corner of Grande and Oak Park Saturday between 1-3.  
61 That's in Arroyo Grande, on the corner of Grande and Oak Park,  
62 from 1-3 Saturday, May 9.

63 Texas Solon owner, Shelley Luther, was sentenced to 7 days jail  
64 time and some egregious fine by Judge Clay, in Dallas, TX for the  
65 crime of opening her Salon—insisting she be allowed to work to  
66 feed her children and provide the same for her Solon employees.  
67 Judge Clay insisted she apologize for opening her Solon, admit she  
68 was selfish for doing so, and promise to close her Solon. She  
69 respectfully refused to bow to the altar of Judge Clay's imperious  
70 demands—so he sentenced her to seven days jail time and some  
71 fine.

72 She has been released by order of the Governor and Judge Clay  
73 isn't happy with the lawyer that represented her in the matter. So  
74 this judge used the COVID excuse to order all Law Offices  
75 continue in lock down. Yeah! Now we have judges getting into this  
76 act!

77 It's wonderful. It's like God answers prayer, or something. We have  
78 fasted and prayed God would expose the true heart of these nasty,  
79 mean-spirited, vindictive, hate-filled, vile, liberals—who, by the  
80 way, give classical liberalism a very bad name. But these new-  
81 Liberals are coming out into the light for all to see what they are.  
82 Bullies, who use whatever power they can get to oppress others, to  
83 control them, to violently use force and coercion to trample our  
84 liberties under their filthy feet. It's got to stop!

85 But the first step in stopping evil is to EXPOSE IT! We are to "have  
86 no fellowship with the unfruitful works of darkness, but rather  
87 reprove them" (Ephesians 5:11), and *reprove* means to *tell a fault*,

88 to openly declare the error in a rebuke, to provide arguments that  
89 confute the errorist—the nere' do well — the liar, the fraud, the  
90 cheat, the sinner — there you go. That's a word they like best to  
91 hate. SINNER! The reason the libs hate that word is because that  
92 one asserts an ACCOUNTABILITY TO GOD, to the HIS WORD,  
93 to CHRIST. Declare a little Bible at em and watch them chafe and  
94 jerk against the bands and cords—the bands and cords they have  
95 long conspired to break—"the kings of the earth, and the rulers  
96 take counsel together, saying, let us break their bands asunder and  
97 cast away their cords from us" (Psalm 2).

98 Every time you declare GOD's WORD at them, you are jerking on  
99 the cord and on the band and reminding them they have NOT  
100 SUCCEDED to break them.

101 Thank you Lord, for revealing where the spirit of antichrist lurks in  
102 our society. For calling those devils out!

103 I know we have our problems her in CA, but, so far, no politician  
104 has been so stupid as to send out a SWAT team to assault peaceful  
105 protests. Gotta leave that to the moron sheriff in Ector County,  
106 Texas—yeah, Texas. I know we think of Texas as a bastion of  
107 conservative values—but enough Californians have moved there so  
108 that ... Well, actually, as I said, we have not seen such a display  
109 here, at least not yet.

110 300 gathered in Fresno crying FREEEEEDOOOOOM, about 200  
111 last week in Santa Maria gathered to send out their cry, in Arroyo  
112 Grande, our good friends Mike and Alacia, are gathering to protest  
113 the lockdown and cry FREEEEDOOOMMMM — A few thousand  
114 gathered in the State capital, 32 arrests were made — but at least  
115 they did not call out the Armored vehicles, and SWAT. They did  
116 have snipers posted all around, and a few black helicopters circling  
117 like vultures overhead—well, actually, I did not receive a report  
118 about the helicopters—but some states are sending out the  
119 DRONES to keep an eye on these vicious people who are assaulting

120 the depotes (Greek word translated *master* — because the Devil's  
121 crowd are ruled by *masters* but God's people are governed by  
122 *ministers* — but these people with signs and chants — OPEN  
123 CALIFORNIA—very, very, dangerous. Dangerous to whom, I  
124 wonder?

125 But I must say, Newsome has not tried to SWAT protestors — and  
126 so far as I know, the few counties that have defied Newsome's  
127 lockdown and opened up their cities have not been attacked by the  
128 CA National Guard, so!

129 Yeah. Some counties in CA are opening up! And, by the way,  
130 Newsome is beginning to back off and retract—I think what  
131 happened is someone gave him the financial status report and he  
132 noticed that this lockdown has put the State another 10 billion  
133 dollars in the hole—WHAT?

134 What have I said, oh, let's see, where is that tally sheet, here it is—  
135 38 times since the beginning of this year—EVERY LIBERAL  
136 SOLUTION EXACERBATES THE PROBLEMS THEY ARE  
137 TRYING TO SOLVE.

138 Listen—all real science tells us that sunshine is healthy and healthy  
139 exposure builds immunity, and fresh air is good for you but  
140 breathing your own carbon emissions from your mask is not, that  
141 treating well people like sick people is the fastest way to make well  
142 people sick—that total isolation is necessary for sick people, but  
143 very bad for well people—and COMMON SENSE, and  
144 EXPERIENCE tells me that trying to make the entire nation the  
145 Fauci-Birx national hospital is not a good idea—that giving to  
146 doctors near dictatorial power over decisions affecting the entire  
147 nation is a mistake—that EVERY SOLUTION ANY LIBERAL  
148 EVER PRESENTED TO SOLVE ANYTHING NEVER SOLVES IT  
149 AND ONLY CREATES A WHOLE LIST OF NEW PROBLEMS—  
150 and the Fauci-Birx solution to COVID-19 is an example of the

151 proof of that thesis. Doctors cannot run a country like they run a  
152 hospital.

153 But, I get ahead of myself a little bit, here.

154 If you are a regular on the Brain Massage show—and THANK  
155 YOU to all who have called in with LIGHTS ON—you really are  
156 important to me and I can't tell you how encouraging it is to go to  
157 our listener response hotline voice-mail and hear your encouraging  
158 words—and all you pastors who listen to the Brain Massage Show,  
159 and all who have bought my book, God's War: Why Christians  
160 Should Rule the World — thank you. And your encouragement  
161 strengthens me. But for those who listen regularly, but have not  
162 bought the book, why? Is it too expensive?

163 This thing is listed at 41 dollars for a good reason! It's a 500+ page,  
164 hard-back, fully indexed, high quality binding and paper, Smyth-  
165 sewn so you can read it without beating the binding into  
166 submission, it's got something like 30 full color illustrations,  
167 scholarly but not obscure, written with passion, but not syrupy,  
168 and it is totally RELEVANT to everything that is going on in the  
169 world, and particularly in America today—every one should read  
170 it, and especially every God fearing American patriot—so why have  
171 you not purchased it? Is it because you can't afford to lay out 41  
172 dollars right now.

173 Well, guess what? We are selling the book at \$24.95 on Amazon  
174 and from our bookstore Distinctively Baptist Publications, or DBP.  
175 \$24.95—plus shipping and tax. If you live in the area, we can sell it  
176 to you for \$25 even, which includes the tax, but you'll need to  
177 arrange to pick it up. Or, if you prefer to purchase online but you  
178 are willing to stop by the church to pick it up, process your order  
179 and use LOCAL PICKUP and shipping will be free. Look, I'm  
180 trying to make this book affordable to every God fearing patriot.  
181 We were selling this book at 37.95 and it was selling quite well at  
182 that price, but marketing experts said, you need to reduce it to

183 24.95, so we talked it over and even though that makes it much  
184 harder to recoup the investment into this project, we decided to do  
185 it, because the main interest is getting the book out there into the  
186 hands of God fearing patriots who will join us in spiritual warfare  
187 for America—because, it's God's War, and the battle for America is  
188 on.

189 If you want to get God's War: Why Christians Should Rule the  
190 World, go to [godswar2020.com](http://godswar2020.com) and order your copy today. Okay?  
191 Good.

192 Hole on through the break; I'll be right back.

193 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
194 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
195 lighter, lighting the lamps in the church belfry arch, signaling the  
196 enemy is on the march, an enemy that would steal from us our  
197 liberty.

198 A whole lot of stuff that is happening right now is very frustrating,  
199 and angering, and provokes fear—but I was reminded recently that  
200 it really is the answer to my fervent prayers.

201 Lighthouse, and other Bible believing churches, have been fasting  
202 and praying, asking specifically that the LORD would release HIS  
203 SPIRIT through us to REPROVE the WORLD of sin, righteousness  
204 and judgment. If you have read God's War: Why Christians Should  
205 Rule the World, you understand what I'm talking about. Jesus said  
206 His Holy Spirit would flow into the world through those who  
207 believe in Him and that His Spirit would be sent into the world to  
208 REPROVE it. However, if believers grieve the Spirit, and especially  
209 if the Spirit is quenched, this reproving upon the world does not  
210 happen. In such cases, the preaching of HIS WORD is not  
211 accompanied by the unction of the HOLY GHOST and it becomes  
212 *letter preaching*, which Paul said has a *killing* effect.

213 Jesus also taught us that some devils gain territorial control in our  
214 government and use that control to hinder the preaching of God's  
215 WORD and to oppress Christians. That's the only rational  
216 explanation for why political leaders who are unbelievers  
217 instinctively attack Christians and the Lord's Churches.

218 When you see behavior such as we are seeing—where a political  
219 leader behaves so irrationally as Whitmer, and Northham, and De  
220 Blazio, and that nut Sheriff in Texas that sent a SWAT to assault  
221 peaceful protesters, especially, I mean, people like that Health  
222 Department director in Massachusetts threatening the pastor of a  
223 small church who limits attendance to 10, enforces social distances  
224 regulations, and all the other regulations, but sees no irony in  
225 attacking some little church while allowing for hundreds to gather  
226 in WalMart to shop, or allowing access to liquor stores during this  
227 COVID scare—if that does not cause any reasonable person to  
228 think, clearly this guy as a thing about Church and about  
229 Christians—and so where is that coming from? I've talked to these  
230 sorts of people, and I can tell you from personal experience, very  
231 often they don't see it. They are blind to their own bias, and  
232 prejudice. I remember the early days of broadcasting, talking to  
233 people who became violently agitated against me for using the  
234 name Jesus on the radio, and for quoting the Bible on what they  
235 considered "secular radio." They thought mentioning religious  
236 subjects on "secular radio" was forbidden by law! Amazing! But I  
237 would ask them why they thought so? And those who were willing  
238 to actually think about it, invariably came back with an answer  
239 like, "I don't know." "I never really thought about it." And then if I  
240 challenged them to think about why it made them sooo angry.  
241 Same response! And, now, I know this will seem weird to some of  
242 you, but I'm telling you in some of those confrontations, I watched  
243 their countenance suddenly clear up, as if a bad spirit that had  
244 controlled their mind before was driven away.

245 This is the power of the REPROVING of the SPIRIT upon the  
246 conscience of the WORLD—of course, except in cases where the  
247 person is fully aware of their hatred for Christians, for Christ, and  
248 for His churches—those sorts just get increasingly angry and can  
249 become down right violent. That's when you are glad for those  
250 ministers of God that are commissioned to serve our good and  
251 protect us from those who would violently take away our rights,  
252 and even our lives.

253 So, let's pray for the good people of Ector County, TX, their sheriff  
254 sent a SWAT team, a Humvee with a gun turret, weapons drawn  
255 and at the ready, aiming them at the protestors, moving in on them  
256 as if they were a pack of Chinese thugs attacking protestors at  
257 Tiananmen Square. I don't know about you, but I'm real done with  
258 Chinese flus, and Chinese masks, and Chinese lockdown orders,  
259 and Chinese style assaults on our FREEDOMS. And Chinese  
260 bought politicians, and Chinese controlled media, and Chinese  
261 manipulated markets, and ... well ... you get the idea! Check it out.  
262 I'm not exaggerating.

263 The Freedom From Religion Foundation is suing governors, and  
264 other public officials who mention prayer when talking about the  
265 pandemic—public officials cannot encourage people to pray or ask  
266 for prayer? Not according to this atheist group who believes only  
267 unbelievers should rule the world. You see, when believers rule the  
268 world, you can decide for yourself whether or not you want to pray  
269 or ask for prayer, but if atheists rule the world—prayer is out! This  
270 group would have been ignored back in the days of George  
271 Washington, Sam Adams, Hamilton, or even Franklin and  
272 Jefferson.

273 The Devil and his crowd do not want us praying about this!

274 You saw how Cuomo bristled when someone suggested prayer for  
275 New Yorkers were being heard—he reacted to that just like you  
276 would expect the Devil would react to that.

277 The Devil does not want you praying New York will be freed from  
278 that oppressive dictator. More on that!

279 I brought this out a while back, but Beck started talking about it in  
280 response to Cuomo's outrageous comments about Trump not  
281 caring for New Yorkers, and wanting New Yorkers to die. So, let's  
282 revisit this.

283 Cuomo signed a directive requiring Nursing Homes to receive  
284 COVID positive senior citizens, and banned them from testing  
285 prospective patients for the disease as part of admitting them into  
286 their care. The Nursing Homes were in uproar because, 1. many of  
287 them were not equipped to care for sick patients in their facilities, I  
288 mean, they simply did not have facilities to take care of sick  
289 patients, these were sent to the hospital, not kept in their nursing  
290 homes to expose everyone else; and 2. sense they could not even  
291 test for the possibility they had COVID, they were required to  
292 receive admissions without knowing what risk they were being  
293 exposed to. They protested in the streets, and by press releases to  
294 the media, and letters to the Governor, but he was heedless of their  
295 concerns. They were forced to obey this stupid directive, and the  
296 result is exactly what you would expect—it's what we have come to  
297 expect from any LIBERAL conceived SOLUTION to ANY  
298 PROBLEM — and that is exacerbate the problem they are trying to  
299 address and create a whole host of untended consequences, or, in  
300 other words, more problems.

301 Are you ready for this? 4000 seniors died from COVID as a direct  
302 result of this stupid liberal policy. In other words, Cuomo is  
303 directly responsible for the deaths of 4000 New York seniors.

304 Either his directive was a Bill Gates depopulation control  
305 maneuver, came out of one of his handbooks for depopulating the  
306 planet, or Cuomo was trying to reduce the health care burden on  
307 New York State by getting rid of a bunch of expensive patients, or  
308 Cuomo is just another stupid liberal who does not think beyond

309 his politically correct box and was reacting to how mean it is for  
310 Nursing Homes to refuse admission to sick seniors—you know  
311 what I mean? It's the nearsighted lib-think thing! A blindness that  
312 makes it impossible for them to see beyond what a policy makes  
313 them feel, or look like to their like-minded peers at the  
314 CONSEQUENCES of their decisions. Now, this analysis might  
315 better apply to the bobble heads that support these yahoos, and it is  
316 likely, the yahoos are themselves just corrupt, and wicked men and  
317 women preying on the people taking advantage of the ignorance of  
318 those that foolishly support them.

319 But whatever his rationale at the time—the spirit behind this  
320 nonsense is devil-sense—Satan lost the power of death over us, but  
321 he delights in getting us to kill each other—he manipulates those  
322 under his influence to execute DEATH — and so they mindlessly  
323 embrace abortion, and mindlessly send seniors into Nursing  
324 Homes made death camps by their evil policies.

325 And the Devil that holds Cuomo in darkness does not want anyone  
326 thinking that prayer is beating back Satan's assault on our liberties,  
327 so he irrationally bristles against any suggestion that prayer is  
328 efficacious. But it is, Mr. Cuomo, and you are evidence of it. I  
329 prayed guys like you would be exposed for what you are, and it's  
330 happening.

331 Thinking of the efficacy of prayer—I did very specifically, with  
332 fervency, petition GOD for Flynn to be released from the Deep  
333 State dungeons, their political prisoner was recently exonerated!  
334 No time to go into that further today.

335 And, thinking of answered prayer, here you go! We now have  
336 proof that Obama knew the details of Flynn's wiretapped phone  
337 calls before Comey sent his DIRTY COPS on a mission to either  
338 get Flynn to lie so they could prosecute him, or get him fired."<sup>2</sup>

339 Obama is in this, up to his hip! Comey, up to his neck! The dirty  
340 cop who wrote the memo exposing this is no doubt feeling the  
341 noose tightening. These guys are tied together in this. As one goes  
342 down, he pulls the next in line down with him. It's a beautiful  
343 thing!

344 I mentioned the delivery of a satchel containing documents  
345 shedding light on Schiff's shenanigans in his probe of alleged and  
346 proven false Russian-Trump collusion. It was delivered to the DOJ.  
347 It is believed these documents will show Schiff knew well in  
348 advance that there was no collusion, even while Schiff was  
349 publically declaring he had "direct evidence" supporting it.<sup>3</sup> Schiff  
350 has been in what one senior administration source described as a  
351 "panic mode" about revelations coming from the House  
352 Intelligence Committee witness transcripts that he had tried to  
353 keep secret—"the release of the witness transcripts and related  
354 materials came after the Justice Department filed to drop all  
355 criminal charges against former Trump national security adviser  
356 Michael Flynn."<sup>4</sup> The relationship between these things is not  
357 immediately clear to me. But one thing is certain. This was a great  
358 day for JUSTICE which, sadly, is always a BAD DAY FOR  
359 DEMONCRATS, and their propaganda organ called the MSM.

360 How MSM has reacted to Flynn's exoneration is interesting. It's  
361 repeated over and over that this amounts to a total collapse of the  
362 DOJ. Unreal! The DOJ collapsed under the Obama, Comey, and  
363 Brennan triad of evil. Barr is rebuilding the DOJ—Deep State  
364 beware — the Justice BEAR Barr is making BARE the TRUTH!  
365 Ehh, close!

366 I had some interesting insight to offer into the current reaction to  
367 the COVID flu arising from a look into the rear view mirror of

368 history at something that was called the Hong Kong flu—1968. I  
369 was there and lived to talk about it! haha. By any true measurement  
370 worse than this and yet we hardly remember it happened. Over  
371 100,000 died in the US alone.

372 But, give them some time, come on! It takes a while to fix the  
373 numbers in an election, much less fixing the numbers of deaths by  
374 COVID. Here is an article exposing Virginia in a scam to pad the  
375 COVID cases in that state. They count the same person three  
376 times—if someone receives three different tests, they count that  
377 one person as THREE CASES OF COVID. And what is weird, is  
378 these people announce what they are doing. They took their cue  
379 from their leadership—Fauci-Birx, who announced openly their  
380 intention to count COVID deaths differently from how they  
381 counted virus deaths in the past. Now, if a person tests positive for  
382 COVID, no matter what is the diagnosis for cause of death, they  
383 are counted as a COVID death. And, as you know, this has been  
384 taken as a signal to the profession to do everything in their power  
385 to ratchet up the COVID death count. Pack of stinking liars—and  
386 these are the people telling us we can't let America go back to  
387 work — yeah, right! Not until the economy is so broken not even  
388 Trump can fix it. Obama thought he had it broken beyond repair  
389 — remember? He said so! That's right. He said America would  
390 never see a 3% GDP again. America's days were past. He saw to  
391 that. But Trump beat him; Trump proved him wrong.

392 So now they have a new plan to crash America and they intend to  
393 break her, to destroy her so that not even Trump can fix it.

394 But, they are in for a surprise. Because GOD is bigger than these  
395 devils, and God's people are PRAYING, and they are FASTING  
396 and PRAYING—and the proud trees of honest men will be felled  
397 to the stump, but the arrogant evil fruit bearing trees will be  
398 uprooted.

399 Gotta go!

400 I have lit the lamps in the Church belfry arch and now you let me  
401 know if you see them. It's LIGHTS ON if you agree with the Brain  
402 Masseur, and Lights off if you disagree. You can say they are  
403 blinking if you are on the fence. hehe. Call 805.314.2114 and leave  
404 your message for me. Let me know if you want me to return your  
405 call.
