

Brain Massage: Show No. 787 Bill Nye and the Science "Lie" / Demoncrats  
Are Antichrist? Really? / Why I Will Not Comply!

Jerry Scheidbach

Original Air Date: 07.18.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 A "mask wars" update! Bill Nye has finally stepped up and proved  
5 it! Masks restrict breathing! Haha! Yeah! Let's look at the science  
6 guy's candle test.

7 Did Kayleigh McEnany really say the science should "not stand in  
8 the way" of reopening schools? Another example of the maxim that  
9 the Demoncrats are antichrist liars—(hehe)! A little something for  
10 a friend who called to complain against my thesis that demoncrats  
11 are antichrist! —Friend? You ask! Well, okay, but Jesus called Judas  
12 "friend." Right?

13 Good news on the COVID front! Increase case count with a  
14 corresponding decrease in the death count means we are  
15 approaching the end of the COVID pandemic.

16 BLM/ANTIFA update—they are coming for your churches. Media  
17 refuses to report on it, but the fact is churches are being torched by  
18 BLM/ANTIFA. Why will msm hide this from us?

19 Asheville, NC voted to pay reparations—and the newest demand is  
20 sleep reparations. Yep! Sleep is a new racist issue now!

21 Durham report coming soon! — Okay! That's good. Before the  
22 election or after the election! Why it matters!

23 My friends — it's time for your brain massage.

24 [TRUTH]

25 A "mask wars" update!

26 Bill Nye the "science guy" is actually only concerned that science is  
27 being ignored in this mask debate. So he decided to provide a  
28 simple lab experiment to prove to us that masks work to prevent  
29 the spread of COVID-19. Well, wait! Actually, he never said that a  
30 mask would prevent the transmission of any virus. But to be fair,  
31 that is what he intended you to get from his little experiment.

32 He tells us he wants us to wear masks to protect him from us — so  
33 that particulates coming out of my lungs when I exhale don't get  
34 inhaled into his lungs. Wow! What a powerful image. Doesn't that  
35 make you want to force everyone to wear masks always? I mean,  
36 invisible "particulates" floating out into the air when people breathe  
37 lingering in suspension that are sucked into your lungs when you  
38 inhale — Everybody, please, STOP BREATHING!

39 They are clever liars!

40 So, let's take a look at the Bill Nye lab experiment that proves  
41 masks protect you and others from transmission of a virus.

42 You will notice, that when he gets close to saying the mask stops  
43 the transmission of a virus, he swerves away and qualifies his  
44 statement. For example, he puts on what he identified as an N95,  
45 not the N95 respirator, the one you can buy at Lowes for use in  
46 your shop — he puts it on and shows us that he could not blow out  
47 a candle through the mask, and comments that this illustrates that  
48 "similarly" particles outside "seldom" penetrate the N95.

49 So, because when you blow through an N95 insufficient air passes  
50 through the mask to blow out a candle, that proves — well, you  
51 have to know how to listen to these people, because he did not  
52 actually say virus particles did not pass through the mask — air was  
53 significantly restricted, but he actually did not say virus particles  
54 were blocked; he cleverly said only that you can't blow out the  
55 candle, and then said, "similarly particles out side the mask  
56 SELDOM penetrate—but he was unwilling to say definitively all

57 particles would be prevented from penetrating the mask. Not all  
58 particles are the are the same size. So, to say "particles seldom"  
59 penetrate the mask says, actually, nothing more than the fact that  
60 some particles are trapped in the mask upon exhalation and  
61 blocked by the mask from inhalation — and that would be,  
62 excepting those particles that are trapped IN THE MASK upon  
63 exhalation — now, in that case, those particles are sucked deep into  
64 the lungs because you have to suck air to get air through those  
65 things. Okay, follow along class.

66 Then he illustrates use of a mask made with two layers of cloth. He  
67 blows through it, the flame on his candle wavers only slightly, he  
68 notices and comments "some air gets through it but not nearly as  
69 much." Well, he meant not as much as when you blow without a  
70 mask. Then he demonstrates another cloth mask through which he  
71 was able to extinguish the candle, and observed that not all masks  
72 are as effective.

73 Then he summarizes. "In general, a mask keeps particles in you  
74 from getting in the air to infect other people."

75 "Here is the thing, the particles that are carrying the virus are  
76 droplets from your respiratory system from your breath from your  
77 nose and mouth and so when they get into the air they do not fall  
78 like pebbles" he illustrates this by dropping a popcorn kernal into  
79 maple syrup and showing us how slowly the popcorn falls  
80 downward in the syrup and by tapping a container of baking  
81 powder on counter dispersing a cloud of baking powder that  
82 accumulates and slowly dissipates—and makes the point that this is  
83 the way it is with particles exhaled through our nose and mouth—  
84 and clearly intends for us to believe this illustrates what happens  
85 when someone infected with COVID breathes in our presence.

86 But, let's look at exactly what Mr. Nye's experiment actually proves.

87 He proves, beyond any shadow of a doubt, that masks RESTRICT  
88 BREATHING. It's true, that wearing a mask inhibits the natural  
89 design of your normal respiratory system. He also proves that  
90 baking powder suspends in air. He uses these things to illustrate  
91 something, however, that he does NOT PROVE. These simple  
92 techniques illustrate what he wants you to believe about COVID,  
93 but they do not actually prove anything about how COVID is  
94 transmitted.

95 So, let's go to the actual SCIENCE. And, like Mr. Nye, I'll refer to a  
96 simple illustration to make my point. It's a bit gross! In truth, I  
97 really resisted using this illustration because it's gross, but Nye has  
98 forced my hand.

99 You understand a bodily function referred to as flatulence? The  
100 science of flatuation is kind of gross; it's sort of like you don't really  
101 want to know how a hotdog is made—but, again, Mr. Nye has  
102 forced my hand and I cannot let his specious argument and  
103 supercilious attitude to go unanswered, or unmatched. Hehe.

104 Okay, so, the science of flatuation — you probably never thought  
105 about it but the fact is the nasal olfactory assault you experience  
106 when someone flatuates is the result of invisible particles of feces  
107 being disseminated into air. Uugggh! Very gross!

108 You will be happy to know that virtually all the fecal matter is  
109 trapped by your clothing— "Of the gases that comprise a fart —  
110 nitrogen, oxygen, methane, hydrogen and carbon dioxide —  
111 volatile methyl sulfides have been identified as responsible for the  
112 odor, and to a lesser degree, hydrogen sulfide gas and  
113 methanethiol."<sup>1</sup> (Me-thAN-thee-ol, or methan-etheol) The particle  
114 size of methanethiol is 0.4 nm (nanometers—itty bitty). The  
115 particle size of the COVID-19 virus is 0.125 nm. About four times

---

<sup>1</sup> <https://health.howstuffworks.com/human-body/systems/digestive/smell-poop-inhaling-poop-molecules.htm>

116 SMALLER than the stuff that passes through your jeans when you  
117 flatulate.<sup>2</sup>

118 We are talking science here, folks. The methanethiol that passes  
119 through your clothing when you flatulate—is about four times  
120 larger than the COVID-19 virus particles that escape the lungs of  
121 someone who has the sickness. If methanethiol passes through  
122 your jeans, COVID-19 will pass through your cloth mask like a  
123 mosquito through a chain link fence.

124 A cloth mask is not stopping a particle of COVID from entering  
125 into your mouth, nose, or, by the way, this virus can invade you  
126 through your eyes. Oh yeah!

127 Do you want to know why the case count is spiking? Even though  
128 more people are wearing masks than ever? It's because the masks  
129 you are wearing can't block the virus. An N95, properly worn,  
130 might, and it has the greatest possibility to offer some protection —  
131 but, NO GUARANTEES budy! Because, like the Mayo Clinic  
132 recently said, they don't recommend the general public go about  
133 wearing N95s, or medical masks, why? Because they are very  
134 problematic to wear, you almost need someone to help you fit it  
135 on; you have to change them out after every use, you can't wear  
136 them for more than 15 to 30 minutes before you have to remove it  
137 to get some air, if worn improperly, they are no more effective than  
138 any other mask, which, are NOT EFFECTIVE AT ALL.

139 The Mayo Clinic revision recommendations for mask wearing  
140 dances around the issue of protection, and settle for this: "Why is  
141 the CDC recommending that people wear cloth masks in public?  
142 A. The reason to do this, even though they're not quite the same  
143 efficacy as medical masks, is that they do have SOME LEVEL OF  
144 EFFICACY. THEY ARE NOT ONLY A WAY OF DECREASING  
145 BREATHING IN THE VIRUS, PRIMARILY THROUGH LARGE

---

<sup>2</sup> <https://www.dailymail.co.uk/sciencetech/article-8275855/Professor-answers-question-jeans-stop-fart-mask-prevent-coronavirus.html>

146 **RESPIRATORY DROPLETS, BUT ALSO A BEHAVIORIAL**  
147 **REMINDER THAT THERE'S A PANDEMIC AND LIFE IS NOT**  
148 **THE SAME RIGHT NOW ...**<sup>3</sup> There you go folks — just like  
149 Fauci said — "wearing a mask is **LARGELY SYMBOLIC.**" In other  
150 words, they all **KNOW** the typical mask people are wearing is not  
151 protecting them—it **MIGHT** stop a **LARGE DROPLET** — the kind  
152 you "see" when you cough, or sneeze, or that sometimes escapes  
153 your mouth when talking—but what they don't tell you is that  
154 when you are talking, microscopic droplets are exhaled into the air  
155 at **EVERY BREATH** — in other words, protecting yourself from  
156 the occasional large droplet **IS NOT PROTECTION FROM THE**  
157 **MANY INVISIBLE DROPLETS FLOATING ABOUT** — so, the  
158 Clinic shrugs its shoulders and says, well, at least it is reminding  
159 you that **THINGS ARE NOT NORMAL**, that we have a  
160 **PANDEMIC** going on!

161 So, today, watching science guys like Nye is sort of like watching a  
162 magician do his trick. It's all about diversion. Controlling your  
163 attention — deception! The magician uses sleight of hand and  
164 science guys like Nye use sleight mind tricks. The not so clever or  
165 those that enjoy being tricked, are dazzled by the pretended  
166 brilliance. But for those who actually **THINK** and don't allow their  
167 reason to be taken under the control of such deceivers — they look  
168 at it, and say, okay — so, you just proved that a mask restricts  
169 breathing. I already knew that. Tell me how an N95, not fitted to  
170 seal off the face, protects you from inhaling particles of COVID  
171 moving in around and through every open spot on that mask —  
172 and how a cloth mask, that certainly restricts exhaling and  
173 breathing much needed **AIR** — stops a particle that is almost four  
174 times **SMALLER** than the particles that pass through multiple  
175 layers of clothing when you flatulate?

---

<sup>3</sup> <https://newsnetwork.mayoclinic.org/discussion/covid-19-mayo-clinic-expert-answers-questions-about-masks-after-cdc-updates-its-recommendation/>

176 So, thank you Mr. Nye, for demonstrating exactly what is WRONG  
177 about wearing masks. They inhibit BREATHING. has finally  
178 stepped up and proved it! Masks restrict breathing! Haha!

179 Okay, as I conclude this segment—some might wonder why I make  
180 such a big deal out of the mask thing? Well, first, they are not good  
181 for us! But also, friend, I would rather draw the line right here,  
182 right now and have this battle over a mask before it becomes a  
183 battle over forced inoculation, or worse. Let's stop them HERE—  
184 before they send in the brown shirts to herd us onto the cattle cars.

185 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
186 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
187 lighter, lighting the lamps in the church belfry arch, signaling the  
188 enemy is on the march, an enemy that would steal from us our  
189 liberty.

190 Did Kayleigh McEnany really say the science should "not stand in  
191 the way" of reopening schools? Well, in fact, she did! But she also  
192 said "the science is on our side," that is, on the side of opening the  
193 schools—and she cited pediatricians and well, you know how it is.

194 The MSM are liars. I admit that's too broad a statement; because  
195 surely someone in the MSM tells the truth, and probably all of  
196 them tell the truth sometimes. But if you are paying attention, you  
197 probably feel like all on the political left are liars. And, I admit, that  
198 is an overstatement—an emotional statement, an expression of  
199 frustration and anger at being lied to by these people over and  
200 over. So someone can take my statements and pick from them one  
201 sentence — "the MSM are liars" and say Jerry said the MSM are  
202 liars, and leave out the fact that I also said, that is an overstatement,  
203 and that's what liars do. And Satan is the father of the lie, and those  
204 who advance their agenda by lies are of their father the devil.

205 Another example of the maxim that the Demoncrats are antichrist  
206 liars—(hehe)! A little something for a friend who called to

207 complain against my thesis that demoncrats are antichrist! Well,  
208 let's see!

209 Here is what we know about the antichrist. First, there is the  
210 prophecy concerning the future world ruler who will advance very  
211 specific policies and do some really bad stuff. Then, there is also  
212 what is called *the spirit of antichrist* which of course is the spiritual  
213 influences that move the world toward the coming of this  
214 prophesied character.

215 Now, let's see what the Bible tells us about this antichrist spirit and  
216 the man this spirit moves the world to follow.

217 We know he hates God, calls himself God, repudiates Christ,  
218 denies that He came in the flesh, hates Christians (the saints) and  
219 attempts to destroy them. He wants a one-world government, and  
220 he wants to control whether or not you can buy or sell by whether  
221 or not you yield to his right to rule you. In fact, that's what the 666  
222 things is all about! You can't buy or sell without the mark of the  
223 beast, or the name of the beast, or the number of his name—that's  
224 the 666. So unless you willingly submit to the beast and identify  
225 yourself as under his authority and rule, you can't buy or sell. And  
226 we know that the policies Antichrist will follow will lead to death,  
227 famine, disease, and ruin throughout the world.

228 Hatred for the God of the Bible! Belief that the individual is God—  
229 you know, buy in to the lie used to deceive Eve—ye shall be as god,  
230 knowing good and evil—that old yarn! That bit about knowledge  
231 making you equal with God. And Oh yeah, the one world  
232 government thing, and this business of using the government's  
233 ability to control whether you buy or sell to force you to bow down  
234 to the arbitrary authority of some ruler, hatred for the Lord's  
235 churches, and despise for His people—believing Christians have no  
236 part in this world, no place in government. The DEMONCRATS  
237 have said right out loud in front of God and everybody that the

238 inalienable rights of the violent mob are of greater importance than  
239 the inalienable right to worship God. It's all out in the open now!

240 So, what are you going to do America?

241 Look at the Demoncrat party! They want to remove God from  
242 public life, advocate for policies that wherever they prevail bring  
243 ruin to their communities, death, destruction, violence—the  
244 Demoncrats in the MSM ignore the fact that BLM/ANTIFA are  
245 attacking churches, burning them down—and Governors locking  
246 the doors of churches, declaring public worship illegal, controlling  
247 whether or not you can buy or sell by forcing a political test—wear  
248 a mask or you don't eat! Go back and re-listen to the first segment  
249 to understand that there is NO SCIENCE supporting a government  
250 policy requiring masks to protect anyone from contracting or  
251 transmitting COVID-19, and the admission by Fauci and the Mayo  
252 Clinic, and the CDC that ultimately masks serve a political goal to  
253 force people to remember there is a pandemic going on—although,  
254 lately, the death numbers have dropped so low it's now below the  
255 threshold of an epidemic.

256 Why do I say the Demoncrat Party is antichrist? Because, well,  
257 because it is! It is the PARTY OF ANTICHRIST!

258 So, how about some good news on the COVID front! Increase case  
259 count with a corresponding decrease in the death count means we  
260 are approaching the end of the COVID pandemic. That's just the  
261 way it goes in these things. At first the bug is a big bad dude that is  
262 socking it to us—but over time, the population begins building  
263 antibodies that beat down the monster and finally, it moves into  
264 the ranks of the other flus that have come along and resurfaces  
265 from time to time.

266 Well, I've got to close the show for today.

267 The Lighthouse Baptist Church never closed its doors. We did not  
268 close our doors on day one of the Executive Order going into

269 effect, we never stopped having in-person worship. And the reason  
270 was clearly stipulated at the beginning of all of this. Of course,  
271 being a Baptist, I believe in soul-liberty, and carefully explained  
272 that anyone who was sick should certainly stay from church  
273 assembly, and any who were fearful they might get sick, should  
274 also. But for all who felt the need to be in the house of God in  
275 assembly to worship our GOD according to what the BIBLE SAYS  
276 about worship, and wanted to TURN TO THE HOUSE OF GOD  
277 in this time of DISEASE — as Solomon prayed concerning the  
278 House of God in his day — that in times of distress, or disease, or  
279 pestilence, that people would gather to the HOUSE OF GOD and  
280 PRAYER TOWARD His house, and that only those whose  
281 conscience instructed them and compelled them to come, for  
282 conscience sake, that I would be there and the doors would be  
283 open.

284 So tomorrow, we are continuing our PROTEST against the  
285 arrogance of a Governor who would support the "RIGHT OF  
286 VIOLENT PROTESTORS" to defy his social distancing and  
287 masking orders, but refuses to extend the same acknowledgment of  
288 our INALIENABLE RIGHT TO PEACEBLY ASSEMBLE TO  
289 WORSHIP GOD in obedience to the SCRIPTURE command not  
290 to forsake the assembling of our ourselves together, and in  
291 accordance with our CONCIENTIOUS RELIGIOUS  
292 CONVICTIONS.

293 I have lit the lamps in the Church belfry arch and now you let me  
294 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
295 ON and you will ride like Revere and spread the warning,  
296 (essentially, it means you agree with what I'm saying) or you say  
297 LIGHTS OFF -- which means you reject what I'm saying and  
298 disagree strongly with me. So, what will it be today, lights on, or  
299 lights off?

300 Email me by going to our web site at [brainmassage.net](http://brainmassage.net). That's  
301 [brainmassage.net](http://brainmassage.net). Find the CONTACT button and send me an  
302 email.

303 You can leave a message on our Lights On hotline: 805.314.2114.

304 God bless you. God bless America! I'll see you in Church.
