

Brain Massage: Show No. 788 Demoncrats, The ACCUSATION Party /
Dumbed Down & Duped / Talking To The Left In The Era Of Violence

Jerry Scheidbach

Original Air Date: 07.25.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Here is a picture of a guy kneeling on the neck of a baby while
5 another guy pins the baby's arms behind its back. What? Wait for
6 it!

7 The ACCUSATION party is at it again. Pulling a Kavanaugh on
8 Tucker and other conservatives at Fox. Who is the ACCUSATION
9 PARTY? Well, you know the answer to that question.

10 In the Modern-Liberalism-destroys-everything-it-touches
11 department: Spelling takes a hit, yeah, and Grammar too. We
12 already lost the NFL, now we are losing the MLB too. A Democrat's
13 wife says parents should watch porn with their children. I mean, it
14 goes on and on my friends — everything touched by modern
15 liberal ideology is destroyed. Including reasoned conversation!

16 Pelosi led the charge to remove everything from the Hill that is
17 associated with slavery in America's past? You heard about that,
18 right? Well, I don't think miss gotta pass the bill before we can
19 know what is in it thought that through! Wait for it!

20 Beto, is bashing his governor—Governor Abbott.

21 Don't believe the numbers. They are lying to us. They are
22 artificially inflating the numbers in order to support their fake
23 hype.

24 Twitter "Nazis" claim the Star of David is a "hate symbol."

25 Oh, here you go: Biden is under formal criminal investigation in
26 Ukraine. MSM responds with their usual crickets track.

27 BLM/ANTIFA in Portland present their demands.

28 Well, that's more than we'll get to and not even half of what is in
29 my folder. But, it is enough to provide an invigorating Brain
30 Massage! And, it's time!

31 [TRUTH]

32 I'm looking at a picture of a man kneeling on the neck of a baby
33 while another man is pinning the baby's arms behind its back.
34 When my wife brought this video to my attention, I immediately
35 thought, that's staged. I watched the video and nearly wretched. I
36 thought, this reminds me of something, what is it—this feeling of
37 anger, and disgust is very familiar. Oh, I know, that's how I felt
38 when I saw the video of the police officer who killed a man by
39 kneeling on his neck, complaining that he could not breathe —
40 yeah. Only this is more disturbing. Why is this more disturbing?
41 Well, that's obvious. It's a MAN kneeling on the neck of an
42 innocent BABY. So, what is going on here?

43 So, to some, I guess the fact that the guy kneeling on the baby's
44 neck is black and the baby is white means something—now, all I
45 see is a man with his knee on the neck of a baby. This is sick! Is this
46 for real?

47 Suddenly, I'm reminded of the videos I've seen of Black Panthers
48 preaching—I hate white people, I want to kill all white people, I
49 want to kill white babies, I want to smash their heads on the
50 pavement—oh yeah! Some of you might remember that; about five
51 or more videos got out showing these Black Panther members
52 talking about their hatred of white people. Suddenly, I'm reminded
53 of a recent BLM march where the marchers were chanting, "what
54 do we want? Dead Cops — What do we want? Dead cops. What do
55 we want? Dead Cops." I'm reminded of the BLM purpose statement
56 that presents their goals—first on the list, get rid of the nuclear

57 family model—because it's racist! After I look at this video and this
58 still taken from it for a while, I begin to realize this is SICK!

59 And I also realize that the PURPOSE of this video is to stoke the
60 fires of racial hatred—its purpose is to make you feel what these
61 people imagine blacks feel when they see a white cop kneeling on
62 the neck of a black man. They don't think we "feel their pain," so
63 they want to make us feel their pain. They refuse to believe white
64 folk feel what they feel when we see a white cop kneeling on the
65 neck of a black man. And they think that way because they are
66 racist. Their world-view is entirely skewed by a set of assumptions
67 they have made about white people. So let me tell you a personal
68 story.

69 It begins like this. My Daddy was born in Arkansas and my mother
70 was born in Alabama. He grew up in Texas, and my mom grew up
71 living about six months in Alabama and six in Georgia. My dad's
72 family moved to Georgia, and that's where they met. I never heard
73 my mother or my father say a single negative thing about black
74 people. Not once! I did not know about racism! I went on my own
75 at a very young age—my family moved to Florida—I stayed in CA.
76 Several years went by—I spent some time in the Army, got in
77 college, and was not in regular contact with my two brothers and
78 two sisters. Finally, we got together, and I was shocked when I
79 heard racist bitterness come from one of my sisters and my two
80 brothers. I could not believe my ears. They spoke disparagingly of
81 black people in generalized terms. I rebuked them. My sister and
82 my next oldest brother told me I did not understand. And they
83 began to relate stories to me about how they were treated by blacks
84 in the public school where they attended in Florida. One after
85 another—atrocious stories—and not just verbal assaults, or insults
86 and so on, but physical attacks. To survive in their environment
87 they had to band together with other whites, and stay in groups.

88 They were fearful for their lives to ever be alone on campus, or on
89 their way to and from school.

90 It took a while, but they have all come out of that and realized that
91 a particular gang had taken hold in their school and that not only
92 was it the case that these thugs did not represent all blacks, but that
93 in fact the vast majority of blacks in their community did not
94 support what was going on in that school.

95 So, our way of looking at things is greatly influenced by our
96 experiences, which is understandable. But it's also dangerous.
97 Because our experience is limited—so we need to be instructed by
98 principles and reason. We need to be willing to look past the
99 narrow boundaries of our personal experiences, and see the bigger
100 picture. As long as my brother and sister were fixated on their
101 personal experiences, their conclusions were skewed. But when
102 they stepped back and looked at the larger picture, then they could
103 see that.

104 You've heard of vicarious experiences? It's the sort of thing where
105 you have an emotional and intellectual response to something that
106 happened to someone else that you either heard about or read
107 about or witnessed. These vicarious experiences can have almost all
108 the impact on your worldview that personal experiences have.

109 Many of our kids are being exposed vicariously to a carefully
110 selected set of stories and experiences of others and they are
111 personalizing those experiences as if they are their own.

112 For example, when I see the video of this man keeling on the neck
113 of a baby, I can't help but react to it in a very deeply personal way.
114 It makes me angry, and I want to do something — but I can't
115 because I was not there. If I had been there, I would have interfered
116 with this wicked behavior, I would have stepped in and used
117 whatever force I had available to me to stop this atrocity. I would
118 have spoken up. I would take action.

119 But because it's something that I experienced vicariously, that
120 made me very angry, but something that I could take no action to
121 stop, or do something about — I get frustrated.

122 If you multiply that in the life of a kid who grows up hearing,
123 reading, and being told over and over again about white people
124 oppressing, beating, and mistreating blacks—those stories would
125 make anyone angry—but now, add the lie—the lie that these stories
126 don't bother the white people in your life—the white people
127 around you are beneficiaries of the treatment these people
128 experienced, and they don't care about this history because they are
129 white and so do not and cannot relate to it like you do.

130 But, you see, that's a lie. These kids need to be told the stories, and
131 read about the stories, and see movies about the stories of the white
132 people who led the abolitionist movement here, and around the
133 world. They need to be told the stories of the white people who
134 don't see the world as black and white, who see men and women,
135 and children. They need to hear, read, and see movies about Daryl
136 Davis, a black man who reached out to KKK members and won
137 something like 20 KKK members to quit the DEMOCRAT Klan,
138 and send their robe and hood to Daryl as a token of their
139 repudiation of the KKK. Indirectly, Daryl is responsible for over
140 200 DEMOCRAT KKK members leaving the Klan. I reposted
141 Daryl's story on my FB page, check it out.

142 My point here is that what we are dealing with is the result of
143 purposed indoctrination that's been going on in our Public Schools
144 and media in this country for decades. Only lately is the TRUTH
145 beginning to come out about the DEMOCRATS, the SLAVE
146 PARTY—the Party that hated Civil Rights for Blacks—who
147 changed their strategy when they saw they were loosing. The
148 DEMOCRATS who did not want Blacks to have the vote. They
149 fought it—man, it's in their PARTY PLATFORM throughout, from
150 emancipation, which they opposed, through the 60s, the

151 Democrats OPPOSED the idea of allowing Blacks to vote in this
152 country. But when they saw they were losing, they switched tactics
153 and decided they would work to own the votes of the Black
154 community. And they did it by buying their votes with government
155 handouts. They did it by turning the blame for their own
156 oppression of Blacks against their political opponents. They
157 corrupted the Black leadership by buying them—oh yeah! God
158 hearing my prayers, all of this is going to come out into the open.

159 How they bought Sharpton, and Jackson—these men destroyed the
160 great legacy of Martin Luther King. They have sold out to white
161 Democrats. They bought in to the idea that blacks needed
162 handouts from government, they saw that cash cow and latched on
163 to its nipple — the DEMONCRATS are clever DEVILS — very
164 wily, like Satan. They bought black leaders, religious and political,
165 and used them to lead generations of Black families into venting
166 anger against slavery not against the slave party, but against the
167 party of emancipation and FREEDOM. By making it out that being
168 against policies that create generational dependence meant they
169 were against the color of someone's skin. It's a lie! It's about
170 treating all men with respect and honor and helping people work
171 to earn their way—the Trump formula versus the Biden—Johnson
172 formula. The Trump formula lifts all men to their feet and helps
173 them move forward with dignity and honor. The Biden-Pelosi-
174 Johnson formula encourages Blacks to believe conservative whites
175 are oppressing them when the truth is, it's the liberal whites that
176 are oppressing them.

177 And when you look deeper into this perpetuation of racial hatred
178 it's coming from Marxist socialists who are right now using this lie
179 to launch a revolution in this country, to overturn the
180 Constitution, to eliminate the protections of our inalienable rights,
181 so a small group of elites can take control of our lives—and then
182 control information—that political correctness becomes State

183 correctness—so that while now social pressure is used to police
184 political correctness, then the State will enforce political
185 correctness — and in fact it's already happening.

186 There is a law in Ohio right now that requires those officiating
187 marriages to provide their service to same-sex couples regardless of
188 the person's personal beliefs and religious convictions. Why don't
189 the homosexuals get their own officials to perform their weddings?
190 The point is to FORCE THEIR IMMORAL VIEWS ON OTHERS.
191 The STATE cannot enforce such policies without violating
192 inalienable rights of others.

193 The Constitution is in their way. It's an impediment. They want to
194 bring it down. That's what this is about. And Blacks and
195 Homosexuals are tools in the hands of these unreasonable and
196 wicked people to destroy our liberties. Mark my words. Once they
197 succeed — no one's liberty will be safe. Freedom will be gone from
198 the earth.

199 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
200 at the Lighthouse, your brain masseur, and Paul Revere's lantern
201 lighter, lighting the lamps in the church belfry arch, signaling the
202 enemy is on the march, an enemy that would steal from us our
203 liberty.

204 In the last segment, I mentioned that the Democrat Party is the
205 PARTY of ACCUSATION. Have you noticed that? All those
206 people do is accuse—constantly, they attack with accusations.

207 You can't have a discussion, or even a genuine conversation with
208 the Left today—because all they want to do is accuse.

209 You might have noticed that lefty types are showing up on your
210 social media making their accusations. It's usually a sort of hit and
211 run, or as Rush says, drive by shootings. They throw in an
212 accusation then disappear.

213 I see it all the time when I'm looking at a string of comments when
214 Trump is speaking. There will be twenty successive positive
215 comments, then suddenly a leftie jumps in with some "accusation"
216 against Trump. It's usually something like, "Yeah, right, the liar in
217 chief." Or it will be "there he goes again, talking about himself." Or,
218 "Supporting Trump is supporting racism," and so on. And then, if
219 you jump on and reply with something like, please provide an
220 example of Trump's racism." You'll get — Another Trump lover,
221 racist." In other words, ACCUSATIONS! That's it.

222 No conversation! I told you about this guy who attacked a friend's
223 post about BLM, pointing out that it's a cover for advancing a
224 Marxist agenda. The guy mocked my friend, and in a demeaning
225 and condescending tone derided him saying BLM is about Black
226 Lives Matter. Sarcastically dismissing my friend's comment as
227 conspiratorial, and suggesting he did not care about cops killing
228 blacks. That leaders of the movement have said all the movement is
229 about is to advance the peace and safety of Black people. So I
230 jumped in and made a statement to the effect, yeah, and Stalin said
231 a chicken for every pot. So being against Stalin means you are
232 against people getting food! Let's not talk about the 20 million he
233 murdered — You know, I can't find anything in the history I've
234 read where Stalin put out a slogan that said, "Vote Red—20 million
235 Russians Dead" — right? You never see a slogan used by Socialists
236 or Communists that says, VOTE RED or BE DEAD.

237 I rebuked the guy — I called him out. I said no one supports cops
238 murdering people. And further, I said, and you know that. You
239 know that we don't support cops murdering people no matter what
240 their skin pigmentation. So how about we stop with the baseless
241 ACCUSATIONS and have a real conversation.

242 He did not answer me, but continued his attack on my friend. So
243 my friend politely brings out the fact that in the purpose statement
244 of the BLM leadership they declare as their number one goal the

245 end of the nuclear family—they declare the nuclear family as a
246 racist construction organized to perpetrate oppression.

247 My friend gave a link to the BLM document declaring this.

248 The Lefty responded by attacking my friend for his position on
249 health care. Yeah! Health care became the focus. And again, it was
250 an ATTACK — an ACCUSATION — that he did not care about
251 people's access to health care. Always accusing, accusing, accusing.

252 I weighed in again, and told the guy, effectively, hey, you did not
253 respond to the purpose statement of the BLM. My friend did
254 likewise. And this guy refuses to address the point! He will not
255 have a conversation. All he wants to do is attack you with
256 accusations.

257 You've got to understand that we have not been able to have a
258 genuine conversation with the LEFT in this country for a few
259 decades now. It's gotten worse since Obama became President, and
260 now it's totally impossible. With Trump in office these people have
261 gone hysterical — and it's nonstop attacks with unfounded
262 accusations 24-7. If you attempt to engage them in a conversation,
263 be prepared to be attacked with outrageous accusations. Lately, a
264 black lady accused me of being a slave owner.

265 Now, the temptation is to attack back! But you need to resist the
266 temptation. As soon as they get you going back and forth with
267 attacks, you've lost and, I know it's weird, but they won! Because
268 that's a scenario where they never have to prove their allegations—
269 they can just throw them at you, you throw one at them—and they
270 end up taking complete control of the conversation, and I'll tell you
271 right now, you will not want to stoop as low as they do, and they
272 will out do you in attacking you with outrageous unfounded
273 allegations. So, here is what you do.

274 You say, hey, you don't get to attack me with some unfounded
275 statement. Prove what you just alleged. Make them prove their

276 allegations—and here is what will happen. They will call you names
277 and disappear.

278 But maybe, just maybe you'll find some that will actually enter into
279 a conversation with you. And like Daryl, you might win SOME.

280 So I do encourage you to enter into conversations with liberals—
281 but remember the rules of engagement. One topic at a time!
282 Honesty, humility, and how about some holiness—purity in
283 language. We don't need to use foul language to make our point,
284 and we don't need to become hateful. That does not mean we don't
285 hold them to account — and reprove them when they throw out a
286 baseless accusation and refuse to provide evidence supporting their
287 outrageous allegations. By all means, hold them to account; but do
288 it with some dignity, and grace. You don't need to get into a
289 screaming match with morons—all you need to do to totally
290 destroy their argument is present well REASONED statements.

291 Like, hey, I asked you your opinion on a statement made by BLM
292 leaders and you have responded by changing the subject. You don't
293 get to do that. You don't get to throw out an accusation without
294 defending it, or just change the subject without an honest response
295 to a legitimate point or question.

296 Essentially, you hold them accountable for their statements! Stuff
297 like, you just said that I don't care about cops murdering people.
298 That is an insulting accusation. In order for us to have an honest
299 conversation, I'm going to require you to apologize for such rude,
300 and ill-mannered behavior. Or, use what I call clarifying questions:
301 Did you actually mean to say that I don't care about Black people?
302 And follow this up with something like, based on what you just
303 said, I accuse you of being rude, and impolite. Well, you get the
304 idea.

305 We are not in a conversation with liberals today. We are in a war—
306 it's a rhetorical war that is fast devolving into physical aggression.

307 So let's not feed the fires of violence. And one way to do that is to
308 engage their conscience. When they behave badly, point it out. Not
309 by screaming at them about what jerks they are. But by clearly and
310 plainly pointing it out, like I illustrated earlier.

311 But understand. They accuse in order to weaken their opponents
312 socially, and intimidate them personally, and then move in for the
313 "kill."

314 And the ACCUSATION party is at it again. Pulling a Kavanaugh
315 on Tucker and other conservatives at Fox. The case against Tucker
316 is already falling apart. The Democrats are the party of
317 ACCUSATIONS — but run away from any conversation that
318 requires them to support their accusations with more than
319 superficial, and supercilious anecdotes, and more often, not even
320 that. They just want to say, "Trump's a liar." If you say, "Oh, really?
321 Tell me about one. Just one will do for now. Name a lie that Trump
322 told." They will almost always change the subject, or ACCUSE you
323 of being a TRUMP LOVING LIAR yourself, or something like that.

324 Okay, gotta wrap it up! But, quickly:

325 In the Modern-Liberalism-destroys-everything-it-touches
326 department: I don't have time to get into this one, but a language
327 professor is saying grammar is racist. So, there goes grammar.
328 Spelling takes a hit.

329 AP (Associated Press) has decided on a new spelling policy. The
330 word *Black* will be capitalized when used in reference to "race" but
331 the word *white* will not. The reason: it will help address systemic
332 inequality. I kid you not. So now spelling has been impacted by the
333 left's lies about race. This is supposed to bother us pink skinned
334 folks. But it's actually a symptom of something deeper and more
335 sinister. You might remember a show I did a while back where I
336 explained that the current so-called social-justice mantra is about
337 desire for revenge, and has nothing to do with justice? I don't have

338 time to look up what show that was, go to brainmassage.net and
339 search for vengeance, or social-justice, or race. But anyway, I
340 showed that it's all about vengeance—when that black man put his
341 knee on the neck of a white baby while his friend was holding the
342 baby's arms behind its back as if to cuff the child, and the guys
343 girlfriend, the mother of the baby, was watching all this, and
344 someone was making the video of this—this is what vengeance
345 does to the soul—it warps it. The activists pushing this racial
346 hatred are advocating for role reversal—they want the whites to be
347 treated like the blacks were treated during slavery. That is not
348 justice! That is vengeance distorting the souls of these people into
349 becoming the very thing they say they hate—racist bigots who want
350 to judge others on the basis of their skin color—not on the basis of
351 anything they did—no one alive in America ever owned a slave—
352 not on the basis of character, or deeds done — ala a full grown
353 black adult kneeling on the neck of a white baby — do you see how
354 vengeance is distorting the souls of so many in America today.

355 You know Pelosi has led the charge in removing everything from
356 the Hill that is associated with slavery in America's past? You heard
357 about that, right? Well, I don't think miss gotta pass the bill before
358 we can know what is in it thought that through! Representative
359 Gohmert presented a resolution to remove the Democrat Party
360 from the Hill—and cited the plethora of evidence supporting the
361 fact that the Democrats have supported slavery and opposed every
362 effort to free the slaves, and extend equal rights to capital B Blacks
363 in this country — so, Gohmert suggests, an honest application of
364 the LAW the Dems advanced on the Hill would require them to
365 change their name, or leave the Hill.

366 Beto, former Texas Representative rants against Texas Governor
367 Abbott for opening his state. He says the Governor wants capital B
368 Blacks and capital L Latinos to DIE. He wants this, according to
369 Beto! He wants them to die. In fact, all those lowercase white devils

370 want all capital B Blacks and capital L Latinos to die. Hmmm!
371 Let's see now, He is a lowercase w white who is a member of the
372 capital D Democrat Party — the ONLY POLITICAL PARTY IN
373 AMERICA THAT DEFENDED SLAVERY, AND OPPOSED
374 CIVIL RIGHTS.

375 So, who wants people to die? Well, if not wearing a mask means
376 you are going to die or make others die, how do you explain a new
377 law in Washington D.C. that requires everyone to wear masks
378 except lawmakers and government employees? Haha! Something
379 to think about! No! That's not it! Come on! It's because the elites
380 are exempted from these stupid laws because they know they are
381 stupid laws and because they consider themselves above the hoi
382 polloi. Don't know what that means? It's a Greek expression
383 meaning "the people," or "the masses." You don't mess with the
384 Massas of the Masses, man!

385 So, who wants people to die? How about liberals who refuse to
386 admit Trump was right about Hydroxychloroquine? Here is a
387 headline you'll appreciate: "BREAKING REPORT: YALE
388 EPIDEMIOLOGIST SAYS HYDROXYCHLOROQUINE COULD
389 SAVE 100,000 LIVES IF WIDELY DEPLOYED." Media SILENT!

390 I know, I gotta go! Here you go: Biden is under formal criminal
391 investigation in Ukraine.

392 BLM/ANTIFA in Portland present their demands.

393 Cruz wants to empower citizens whose lives and property were
394 destroyed by rioters in cities where the officials did not do their
395 duty to protect them. Like the Democrat lawmaker in Portland
396 who is saying the riots are not out of control, some people just have
397 strong feelings.

398 I have lit the lamps in the Church belfry arch and now you let me
399 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
400 ON and you will ride like Revere and spread the warning,

401 (essentially, it means you agree with what I'm saying) or you say
402 LIGHTS OFF -- which means you reject what I'm saying and
403 disagree strongly with me. So, what will it be today, lights on, or
404 lights off?
