

Brain Massage: Show No. 790 Hydroxy-Hype & WaPo's Misinformation War / A Curse Upon Newsome & Company / Rise Up O, Church of God

Jerry Scheidbach

Original Air Date: 08.08.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.  
4 WaPo journalist laments America lost the war on misinformation  
5 — WaPo, really? Wait for it!  
6 The bell rings in another round in the Mask Wars —  
7 The Hyrdoxy-Hypsters a great threat to — Phony Fauci and the  
8 Gates of Hell —  
9 More video released on the George Floyd arrest gives "the rest of  
10 the story."  
11 Michigan and Nevada have declared "racism" a "public health  
12 crisis." Really!  
13 Antifa taking over Portland and moving on Las Vegas  
14 neighborhoods: Summerlin, NV fights back! Did this really  
15 happen?  
16 The FBI storm a Ukrainian based bank? Closing in on the  
17 Biden/Hunter fraud collusion scandal thingy!!!? Oh, and did Biden  
18 really say Blacks all think alike, unlike Hispanics that are very  
19 diverse???  
20 Where were you when the Ammonia-Atomic-bomb went off in  
21 Beirut?  
22 Chances are pretty good I'll barely have time to deal with the latest  
23 China Virus dogfight, and developments in the BLM/ANTIFA  
24 attack on America—maybe we can at least touch on the FBI  
25 moving to confiscate records from Ukrainian Oligarch Igor  
26 Kolomoisky's *Optima Management Group* offices seeking evidence

27 in their investigation of allegations the Ukrainian Oligarch with  
28 ties to Burisma and Biden-Hunter was laundering millions of  
29 diverted IMF (International Monetary Fund) dollars into his  
30 pockets. Yeah, I won't have time for this; so let me offer a summary  
31 for you right now. Here is the thing! Because of questionable  
32 business practices, Kolomoisky was put under a travel ban by the  
33 U.S. Then Hunter Biden got on the payroll of the board of an  
34 affiliated holding company, *Burisma*, which holds controlling  
35 interest in several energy concerns. The ban was removed—Biden  
36 was VP at the time. So, the plot thickens, as they say in Denmark.  
37 No! Wait, that saying goes like this, something stinks in  
38 *Bidenmark*. Uh — anyway!

39 Hey, it's time for your brain massage!

40 [TRUTH]

41 The Washington Post published an article under the heading:  
42 "This was the week America lost the war on misinformation" —  
43 WaPo, really?

44 The first paragraph: "You may have heard about the viral video  
45 featuring a group of *fringe-doctors* spouting *dangerous falsehoods*  
46 about hydroxychloroquine as a *covid-19 wonder cure*."

47 From there the article descends into a hit piece freedom of speech  
48 on social media! Now, I read the article! No effort was made to  
49 address the essential claims of these medical doctors. Dismissing  
50 them as being *on the fringe* simply means they disagree with those  
51 doctors presently holding center stage in this debate and who do  
52 not point to actual studies supporting their counter-claims but  
53 depend on the credibility of their position in their profession to  
54 make declarative statements that, apparently, they see no need to  
55 support with empirical data. They are the empirical data! Their  
56 word is *the word*. This journalist—really a propagandist—offered  
57 ZERO scientific data to disprove the essential arguments of the

58 seven or more doctors who gathered to offer their opinions on the  
59 efficacy of hydroxychloroquine with azithromycin (HCQ+AZ).  
60 None! But she did give a great deal of attention to one of the  
61 doctors presented on the video. Dr. Stella Immanuel.

62 She zeroed in on the questionable and bizarre theories of one of the  
63 more vocal doctors in the group, Dr. Stella Immanuel: claims that  
64 gynecological problems like cysts and endometriosis are "in fact  
65 caused by people having sex in their dreams with demons and  
66 witches." And the idea that alien DNA is being used in medical  
67 treatments, and the theory that Bill Gates is cooking up a vaccine  
68 that will cure religious people from an abnormality in their brain  
69 that makes them susceptible to religious beliefs. The later is a  
70 conspiracy that has been kicked around for a few years—the other  
71 stuff is weird spiritualist distortions of biblical truth—I wondered if  
72 Dr. Immanuel actually subscribed to these notions so I wrote to her  
73 and asked for her answer to these things. When I checked her  
74 website Firepowerministries.com I did not find any of these things,  
75 but, of course, she might have scrubbed her site since this firestorm  
76 began—so, I'm waiting to hear from her.

77 In all honesty, however, I was uncomfortable with her presentation  
78 in that video—it seemed off to me! And for that reason, I looked  
79 very closely at these doctors. What convinced me of the legitimacy  
80 of the group's position on HCQ+AZ as a preventative and an early  
81 treatment for the China Virus was the white paper written by Dr.  
82 Simone Gold, the references she provided, that I verified, and the  
83 corroborating studies I dug up, all of which I have attached to this  
84 week's brain massage notes for those who download the  
85 documentation for these shows. Here!<sup>1</sup> And here!<sup>2</sup> And here!<sup>3</sup> And

87 preventative and treatment for the China Virus.

88 [By the way, a note on why it's important to communicate with me  
89 on your use of my materials. I always have documentation  
90 supporting any fact claim I make on my show. Usually I include a  
91 reference to these documents in footnotes. If you download my

94 working on a way to upload my entire folder of documentation for  
95 each show, but I've run into complications. If you are a web wizard,  
96 and want to contribute some time to this, contact me!]

97 Anyway, as I said, I read these accounts when doing my research  
98 on the background of these doctors, but did not have time to run it  
99 down and I don't like going forward with stuff until I'm  
100 comfortable it's legit. I mean, reptilian aliens in Congress—well,  
101 that's not so hard to swallow—but contracting a social disease in a  
102 dream—Nah! (haha)

103 Last week I did my show on the question why are the MSM and the  
104 Left generally, so obsessed with stopping anyone from even hearing  
105 about Hydroxychloroquine with Azithromycin as a helpful  
106 preventative and treatment for the China Virus? Here it is again—  
107 this article from WaPo—with the title "This was the week America  
108 lost the war with misinformation" — the propagandist — I say that  
109 because this is propaganda—unfounded assertions, character  
110 assassination, extreme language, a clear political bias, assumptions,  
111 such as, "the president knows exactly what he is doing," which, this  
112 Chinese bought propagandist—I'll explain that too—hold on—  
113 alleging that she has knowledge that Trump is purposely trying to  
114 mess with reality and "sow as much confusion as possible"—and

115 right here is a good place to remind you of the rule that whatever  
116 the Left is accusing they are doing! — and then, NO SCIENCE, not  
117 one shred of proof offered for any of this—this article betrays all  
118 the features of propaganda and none of the features of investigative  
119 journalism—including the obvious intention of hyping the medical  
120 establishment message that anyone recommending HCQ+AZ is  
121 DANGEROUS — and then using overstatement to cover their lie  
122 — saying these doctors represent HCQ+AZ as a "covid-19 wonder  
123 cure." The fact is these doctors recommend it as an early treatment.  
124 Only Immanuel can be accused of representing it as something like  
125 a *wonder cure*. She got emotional and, uh, fiery — and overstated  
126 her case. But the other seven or more Doctors did not, and Dr.  
127 Gold's white paper is very professionally presented, and besides,  
128 more data is surfacing supporting their thesis—which simply  
129 stated is this, HCQ+AZ is a standardized treatment that has been  
130 in common use in medical practice for decades—so it's perfectly  
131 SAFE, and I mentioned the studies that have established that fact in  
132 my last show. Dr. Fauci's organization examined it during the  
133 SARS-1 pandemic and found it was helpful—SO PHONY FAUCI  
134 KNOWS ABOUT THIS TREATMENT AND THE OBVIOUS  
135 THING FOR HIM TO DO WOULD BE TO ENCOURAGE SOME  
136 TRIAL USE OF THIS PERFECTLY SAFE REGIMIN—which is  
137 consistently found to be very helpful when used early; lots of  
138 doctors have used it successfully as an early treatment for the  
139 current SARS-2 — so why does Fauci buy in to what we know is a  
140 lie and that is that using this as a treatment is *dangerous*?

141 Now add this! Lately, other facts are surfacing and another study  
142 has come out that has got to have Fauci fuming, and Gates  
143 nervous, because it certainly has all who have an agenda served by  
144 prolonging the pandemic, and the terror — uh huh! The MSM are  
145 a news terrorist organization, and Fauci and Gates are to be blamed  
146 for terrorist activity — let me explain why I'm saying this.

147 Okay, here is a document showing sixty-eight studies done on the  
148 efficacy of early treatment of the China Virus with HCQ+AZ. It's a  
149 study of how the countries fared that rejected early use of HCQ+  
150 and those that embraced it and encourage its use. The countries  
151 represented in this study include something like 2 billion people.

152 It was published yesterday, August 6.<sup>6</sup> (I produce the show on  
153 Friday.) I read through the summary statements of all the studies  
154 and noticed something. In every study that involved a significant  
155 number of cases and the treatment was administered EARLY, at  
156 the outset of symptoms, or before the patient became so sick they  
157 needed to be hospitalized, the results were ranked POSITIVE —  
158 that means, IT WORKED!

159 Where it was inconclusive, or negative, consistently, one of two  
160 things were true—the treatment was administered late, after the  
161 patient had already developed symptoms requiring hospitalization,  
162 something that you will find very important in a moment. These  
163 were consistently found to be negative—or, IT DID NOT WORK.  
164 Or, two, the number used in the test was actually insufficient to  
165 support any firm conclusions—and these were marked  
166 INCONCLUSIVE. So, it's in the WHY BOTHER category.

167 There were also trials done where the dosage was beyond the CDC  
168 recommendations and these returned a NEGATIVE result.

169 But even in this array of studies, the POSITIVES won the day. In  
170 other words, the claim is that HCQ+AZ works as an early  
171 treatment, the claim has never been that it should be depended  
172 upon to treat someone whose case has advanced to the point they  
173 require hospitalization—even though it has been helpful there too,  
174 but not alone! I mean, these hospitals were putting people on  
175 ventilators too soon—but those who truly needed ventilators were  
176 too far advanced for HCQ+AZ to be depended on as a treatment.

---

<sup>6</sup> <https://c19study.com/>

177 So anyway, that is not the claim—the claim is for early treatment!  
178 So if you throw out all the studies calculated in this that were for  
179 late treatment, and those that involved using more than the  
180 recommended dosage, you have a huge IN FAVOR result for  
181 HCQ+AZ as an early treatment for the China Virus. And then, add  
182 this, quite a few of the studies finding FAVORABLE to use of HCQ  
183 were not used —

184 But leaving the study as it is — guess what? The countries that  
185 prohibited or strongly discouraged use of HCQ are Mexico, UK,  
186 USA, Sweden, Ireland, France, Netherlands, and Canada. This  
187 represents a population of 662 million with an average of 683.5  
188 deaths per million population. The countries that encouraged use  
189 of HCQ+AZ are Costa Rica, Israel, India, Russia, Turkey, Algeria,  
190 Indonesia, Morocco, Ukraine, Greece and Cuba. This represents a  
191 population of 2 billion, with an average of 143 deaths per million.

192 The countries that encouraged use of HCQ+AZ as an early  
193 treatment protocol for the China Virus experienced a 79% LOWER  
194 death rate than we did. 79%.

195 We have recorded 150,000 deaths in America. It could have been  
196 79% lower. It could have been 31,500 — which is lower than the  
197 number of deaths we experience EVERY YEAR from the common  
198 FLU. And that does not even take into consideration the number  
199 of motorcycle accident deaths that were counted as COVID  
200 deaths—and I think this study was done before Texas Health and  
201 Florida too had to correct their COVID death count — in Texas,  
202 they removed 200 that were mistakenly attributed to COVID —  
203 and you know what I'm sayin'.

204 There is something very, very wrong here! Hold on through the  
205 break. I'll be right back.

206 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
207 at the Lighthouse, your brain masseur, and Paul Revere's lantern

208 lighter, lighting the lamps in the church belfry arch, signaling the  
209 enemy is on the march, an enemy that would steal from us our  
210 liberty.

211 Following up on the article I mentioned in the last segment, there  
212 is one more point I think I need to make about the WaPo  
213 propaganda piece titled, and the title is the thing, here, it's titled:  
214 "This was the week America lost the war on misinformation."  
215 Margaret Sullivan, on July 30, posted this latest propaganda piece  
216 pretending to be journalism which, as I pointed out in the last  
217 segment, is the WaPo response to the doctors who put out their  
218 viral video, as she put it, "spouting dangerous falsehoods about  
219 hydroxychloroquine as a covid-19 wonder cure." If you missed the  
220 first segment, listen to it as soon as you can. It's propaganda—she  
221 offers nothing in the way of any proofs or evidence supporting her  
222 outrageous claims and preaches the Establishment liberal  
223 orthodoxy like the puppet of China that she, and WaPo, are. Think  
224 about this! A writer for WaPo saying this was the week America  
225 lost the war on misinformation!!!

226 WaPo has a long relationship with disseminating misinformation.  
227 This paper engaged in disseminating Alinsky's propaganda. You  
228 remember him, right? He's the guy that wrote *Rules for Radicals*, a  
229 book dedicated to Lucifer. In 1946 WaPo played propaganda  
230 footsie with British diplomat/communist spy Donald Maclean.  
231 (Oh, I should mention that the newspaper has been known by  
232 various names over the years and I'm not going to offer a detailed  
233 history lesson on this newspaper, but I'm talking about the history  
234 of this paper, so! In the 50s WaPo coined the term *McCarthyism*,  
235 smearing him for his efforts to investigate Soviet espionage in  
236 America, it led the charge in Watergate (but was MIA in Spy-gate),  
237 it has been called by conservatives *Pravda on the Potomac* (*Pravda*  
238 is the propaganda state controlled paper of Communist Russia)  
239 this paper beats the drum for the Globalist agenda consistently, it

240 seemed to make an attempt to at least appear balanced for a short  
241 time in the 2000s but even then it was by all accounts weighted  
242 liberal. In 2017 the WaPo adopted the slogan “Democracy Dies In  
243 Darkness” for its masthead, and then proceeded spread darkness it  
244 began its “Fact Checker” feature in 2011 which was bought and  
245 paid for by Google News Initiative/You Tube and we know how  
246 fair and balanced they are.

247 Endorsed Obama in 08, and his reelection in 12, and Democrats in  
248 nine elections. The paper has NEVER endorsed a Republican for  
249 President and the only Republicans it ever endorsed were RINOS.  
250 Of course, WaPo was "With her" — endorsed Hillary Clinton —  
251 and hates Trump — and this latest liberal propaganda piece  
252 continues the attack on one of America's greatest Presidents. And  
253 to show how good they are at discerning the good guys from the  
254 bad guys, WaPo really liked Marion Barry. So, right? Enough said!

255 But the most interesting bit of history relative to this recent article  
256 is this.

257 WaPo is famous for their publication of *Jimmy's World* in 1980. It  
258 was a Sunday feature story that appeared on the front page of the  
259 Post. It was a profile piece written by WaPo writer Janet Cooke  
260 about the life of an eight-year-old heroin addict. Supposed to be an  
261 expose of the sickness of capitalist society.

262 Even though some within the Post raised doubts about the veracity  
263 of the story, the editors defended it and then managing editor Bob  
264 Woodward submitted it to the Pulitzer Prize Board at Columbia  
265 University for consideration. Cooke won the Pulitzer Prize for  
266 Feature Writing — but subsequently the story was discovered to be  
267 a COMPLETE FABRICATION, and the Pulitzer was returned.

268 Yeah, this is the news organization that thinks America lost its war  
269 on misinformation just last week. Hah!

270 WaPo got in trouble for trying to sell access to WaPo journalists —  
271 a major ethics violation.

272 In 2011 the WaPo was purchased by China — well, I mean, “The  
273 Washington Post began to include ‘China Watch’ advertising  
274 supplements provided by *China Daily*, an English language  
275 newspaper owned by the Publicity Department of the Communist  
276 Party of China. These run from four to eight pages, monthly, and  
277 according to a 2018 report by *The Guardian*, ‘China Watch’ uses a  
278 “didactic, old-school approach to propaganda.” Did I say WaPo is  
279 a propaganda organ for the Chinese Communist Party?

280 Freedom House, in an article titled ‘Beijing’s Global Megaphone’  
281 criticized the Post and others for distributing ‘China Watch.’ 35  
282 members of the House, all Republicans, complained to the DOJ in  
283 Feb 2020 about this, and called for an investigation of potential  
284 FARA (Foreign Agents Registration Act) violations by *China*  
285 *Daily*. One article that stirred concern was titled “Education Flaws  
286 Linked to Hong Kong Unrest.” This was pointed to as an example  
287 of articles serving as a cover for China’s atrocities, including their  
288 crackdown in Hong Kong

289 And, in the misinformation department this cannot be forgot. In  
290 2019 Covington Catholic High School student Nick Sandmann  
291 filed a defamation lawsuit against the Post for its wicked smear  
292 attack on that young man — the Post settled and the amount of the  
293 settlement has not been made public. They finally yielded because  
294 they could not offer any justification for reporting that Nick  
295 blocked Nathan Phillips (the older Indian dude that was trying to  
296 intimidate Nick) and said Nick “would not allow him to retreat.”  
297 That was an important fabrication because it created the  
298 impression, the LIE, that Nick was the aggressor in the  
299 confrontation when the reverse was true.

300 Iran’s propagandist Mohammed Ali al-Houthi was given print  
301 time in the WaPo. He is an anti-Western antisemitic.

302 So, in the interest of full disclosure, you should know that the  
303 Washington Post lost its war with misinformation many years ago  
304 — but this latest fake news attack on Trump and truth is going  
305 down. America has not yet begun to fight the war against  
306 misinformation. America is only beginning to wake up to what  
307 organizations like WaPo have been doing to "information" for  
308 decades now—and a MAJOR CORRECTION IS COMING.

309 The silent majority spends its time with its head down and hands  
310 to the grindstone of grinding out a living and caring for their  
311 families, and attending to their faith. They are loath to be dragged  
312 into this dirty business of politics—but, push hard enough, and you  
313 will WAKE THE SLEEPING GIANT — Awake America! Here is  
314 the sort of thing that can wake America up!

315 In the last segment I showed that as many as 100,000 Americans  
316 would very likely be alive today if they had been allowed to receive  
317 HCQ+AZ in the early stages of their China Virus symptoms. That's  
318 a lot of blood on the hands of the Fauci brigade. You can't blame  
319 Trump for that. He mentioned HCQ as a viable and hopeful  
320 treatment very early on—but you liberals bashed him mercilessly.  
321 Rags like the Washington Post are guilty of journalistic malpractice  
322 that has resulted in the deaths of tens of thousands of Americans.

323 The disaster distress helpline reported 891% increase in calls for  
324 help when comparing March 2019 with March 2020. 891% —  
325 Suicides have skyrocketed. Deaths from drug overdose. Domestic  
326 violence is off the charts. Child abuse! The devils in the FBI that  
327 pretend to be little girls trolling for some perverts have experienced  
328 a significant uptick in their catches. Homicides are up 24% overall.  
329 Chicago hit their highest homicide rate in history this July. Atlanta  
330 reported a 240% increase in people killing people. New York up  
331 277%. Interestingly, this trend was already established before BLM  
332 and ANTIFA began contributing to the mayhem. How many have  
333 died because our overreaction to COVID has put off scheduled

334 cancer screenings, treatment, even surgeries were put off. One  
335 study, by the University College of London, together with the  
336 Research Hub for Cancer estimates as many as 33,890 Americans  
337 will die, needlessly, because of this overreaction to a Virus that kills  
338 less than 1% of those infected with it.<sup>7</sup>

339 The fallout from loss of livelihood and business that have been  
340 ruined has yet to be calculated—I'm going to guess it reaches into  
341 the billions in terms of dollars, but I don't know how to measure it  
342 in terms of mental anguish, soul torment, broken hearts, lost  
343 dreams—ruined lives!

344 Don't ever ask how did Hitler happen to Germany! You've watched  
345 how it happens. Wicked and unreasonable people willing to lie  
346 outrageously, willing to suppress information, willing to callously  
347 look you in the face and say, "it's for your own protection" while  
348 they destroy your life and prepare the chains they will use to  
349 enslave you. That was the mantra in Germany, you know. Yeah!  
350 Throughout that whole bit, the people were told, "Es ist zu Ihrem  
351 Schutz" — "it's for your protection."

352 The Germans have had it with this business of trading in our  
353 liberties to be protected from a virus that kills 1/100th of 1 percent  
354 of the population, and less than 1% of those infected by it!  
355 Seventeen Thousand, looked to me more like 30 thousand, took to  
356 the streets in Berlin saying WE WANT OUR FREEDOM BACK.

357 Hey, Newsome, Cuomo, Whitmer, and I forget the other two —  
358 hey! That's blood you can't wash off in your sinks. No shower will  
359 wash off the blood of the thousands of lives that you're responsible  
360 for destroying! You forced nursing homes to admit COVID  
361 positive patients knowing they should have been placed in a  
362 hospital. Do you not care that your actions were directly  
363 responsible for the deaths of some seniors? Or were you being fake

---

<sup>7</sup> Details from Matt Staver, Liberty Counsel — August 6, 2020. See 790.17.5

364 when you pretended that all this was about saving the most  
365 vulnerable among us? Especially, you Cuomo — Trump had  
366 hospital ships available, and other hospitals available, you could  
367 have sent them there, but instead, you sent them to their deaths.

368 And you guys, all of you, support the inalienable right of protest,  
369 but deny the inalienable right to worship! You crossed a line! You  
370 have arrogantly decided what rights you support and which rights  
371 are "non-essential." You are cursed! God deliver us from your  
372 curse. God roll on you the misery you have so cavalierly dropped  
373 onto us. May God destroy your businesses—may He make you  
374 watch your livelihood evaporate—may He show you how NON-  
375 ESSENTIAL YOU ARE. You, Mr. Governor, are NON-  
376 ESSENTIAL. All you have done is to make us all miserable. If you  
377 and all the Assembly and Senate walked away from your meddling  
378 in our lives, we would all be better off! You are not needed. Be  
379 gone! Pelosi, you are insignificant and non-essential. Adam Schiff,  
380 Jerry Nadler, all of you. You are a bane, a curse upon this great  
381 State. California deserves better. Be gone!

382 How does it feel to be told you are NON ESSENTIAL? No wonder  
383 so many have been driven to suicide — you have said to them, you  
384 are non-essential. Happily, Christians get their sense of  
385 significance from CHRIST and they are impervious to your  
386 arrogant dismissal of their value, and worth, and the  
387 meaningfulness of their lives — CHURCH is ESSENTIAL — it  
388 provides a fabric that holds society together unlike anything you  
389 understand! The truth is, we could do WITHOUT  
390 GOVERNMENT better than we could do without CHRIST'S  
391 CHURCHES. The church is a social organism that connects people  
392 in a way you government lovers can only dream of. You can't  
393 compete with the CHURCH, and so you want to destroy it.

394 I mean the TRUE CHURCH — the one where CHRIST IS HEAD  
395 and the body is fitly joined together in a bond that transcends any  
396 political party.

397 Rise up, Oh Church of GOD!

398 I have lit the lamps in the Church belfry arch and now you let me  
399 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
400 ON and you will ride like Revere and spread the warning,  
401 (essentially, it means you agree with what I'm saying) or you say  
402 LIGHTS OFF -- which means you reject what I'm saying and  
403 disagree strongly with me. So, what will it be today, lights on, or  
404 lights off?
