

Brain Massage: Show No. 794 The Conspiracy To Silence Conservatives /  
Pelosi the Pious Gas-bag?

Jerry Scheidbach

Original Air Date: 09.04.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.  
4 Did Trump say our fallen in WWII were losers, and suckers?  
5 Jeffery Goldbrick, for the Atlantic, quotes four anonymous sources  
6 to say two years ago Trump referred to our fallen heroes for  
7 patriot's pride as losers and suckers!  
8 Pelosi exposed as a cheap fake! What a joke! What a very unfunny  
9 joke. She presides over the destruction of untold thousands of  
10 small business owners in California and across America on the  
11 pretense it's their patriotic duty to allow their businesses to be  
12 destroyed in order to "save lives." But as per usual among the Elitist  
13 snobs on the left—the SFO solon owner had to open her doors for  
14 Queen Nancy to come in for a blow dry — against the rules — but,  
15 of course, the rules don't apply to royalty!  
16 The Kyle Rittenhouse effect! Why does this 17 year old scare them?  
17 The Left continues to perpetrate the most egregious fraud against  
18 Americans ever in history! Their evil is of biblical proportions.  
19 San Fran-sickening of America!  
20 Okay, my friends; it's time for your Brain Massage!  
21 [TRUTH]  
22 Everybody's talking about the latest outrageous insult dropping  
23 from the mouth of a Presidential candidate—and, not surprisingly,  
24 it's not Biden's slander against Trump supporters calling them  
25 "armed militia" and virtually laying on them blame for the riots  
26 perpetrated by Soros funded BLM/ANTIFA Marxist thugs working

27 under the cover of BLUE STATE Governors and Mayors! No, even  
28 though we heard Biden say it with our own ears, and recently.

29 So, what outrageous insult against honorable men from a  
30 presidential candidate are we all talking about? Something  
31 allegedly said two years ago and no one heard him say—I mean,  
32 other than the anonymous sources referenced in this article!  
33 Something we are told is a bald-faced lie, by multiple persons who  
34 were present at the event, people like Sarah Huckabee-Sanders, and  
35 others! A story kept secret for two years by these anonymous  
36 accusers who hide their identity for fear Twitter reprisals — really?  
37 A story conveniently thrown out there on the heels of the release of  
38 polls unfavorable to Biden—on the heels of Biden's faux pas —  
39 accusing Trump supporters for destroying property and lives in the  
40 riots. But what we are talking about, non-stop, is something the  
41 perverse souls of four anonymous, bitter, swamp-dwellers  
42 manufactured in their darkened hearts and vomited out into the  
43 public through the Atlantic by the pen of Jeffery Goldberg, on  
44 September 3, 2020.

45 How desperate can you get? Well, we know these devils are smart  
46 enough to know Trump's record for supporting the military and  
47 honoring their sacrifice is so publicly known, and consistent, surely  
48 the rule of Washington—deeds, not words—will prevail over their  
49 effort to smear him with this latest libel. Which is the reason, by  
50 the way, as much as possible, they "contextualized" the new forgery  
51 in a historical setting as close as possible to the McCain dustup —  
52 remember when Trump chaffed at the thought of calling the back-  
53 stabbing McCain a hero. Like many of us at the time, Trump was  
54 sick-and-tired of McCain shielding himself from political fallout  
55 for his lurches left by throwing up his self-styled persona as  
56 "maverick" and sympathy as a former POW. Trump said in his

57 opinion was that McCain was not a war hero. And then he  
58 quipped, "I like people that weren't captured."<sup>1</sup>

59 Earlier, in 1999, Trump was exploring a bid for the Reformed Party  
60 nomination and John McCain was challenging Bush II in a bid for  
61 the Republican nomination against George Bush II. During an  
62 interview with Rather, John McCain was mentioned and  
63 something about his status as an American hero—and Trump said,  
64 "He was captured. Does being captured make you a hero? I don't  
65 know. I'm not sure."

66 That was at a time when no one would call me a Trump fan! And I  
67 remember looking at this, and said, effectively, Trump is right! Just  
68 because someone got captured does not automatically make them a  
69 hero. It would depend on his actions that led to his capture and his  
70 actions during captivity. And, frankly, McCain's record is not  
71 without controversy. (Here is an article from 2010 you should  
72 read.<sup>2</sup> It's impossible not to believe McCain was hiding something.  
73 Nothing else explains his consistent and how shall I say it, vicious  
74 opposition to anything that would lead to a release of records  
75 exposing the truth about the POW experience and the allegations  
76 that many were left behind—that McCain, an Admiral's son, might  
77 have received special treatment when allegations were raised about  
78 McCain's forced anti-American statements—when two other  
79 "grunts" charged with him were not so, well, as this article puts it,  
80 *lucky*<sup>3</sup>). So, you see what I mean? And we have noticed how often  
81 Trump seems to be aware of his environment when expressing his  
82 opinions. Can anyone spell TWEAK THE MEDIA! So Trump  
83 made some comments about McCain that resonated with a lot of  
84 us. I too was getting sick-and-tired of McCain's disappointing  
85 crawl-fishing pretending it was about him being a maverick (yeah,

86 against conservatives) and shielding himself from retaliation by  
87 wrapping himself up in a POW flag. When, many concerned about  
88 the POW scandal felt betrayed by McCain who blocked every effort  
89 to get the truth about our POWs.

90 You see, Mr. Goldbrick, it's not so simple as you make it out to be  
91 in your article.

92 So when this latest brouhaha burst out — it's a great word. One of  
93 those words that sounds like what it means—*Brouhaha*. Love it!  
94 Anyway, when this latest noisy exaggerated response to an idle  
95 report supported only by anonymous accusers surfaced, I knew the  
96 intention was to resurrect this cavil used before to attack Trump,  
97 I'd need to remind my friends the TRUTH about it all.

98 Trump only said what a great many of us were already feeling  
99 about McCain—and, if you think about it in this context, does  
100 getting captured automatically make you a hero? Well, as Trump  
101 said, "Maybe! I don't know."

102 But to suggest Trump considers our military men and women who  
103 have paid the ultimate sacrifice to be suckers and losers—I think I'll  
104 go with what I've seen Trump DO over anything people try to tell  
105 me Trump said! How about you?

106 There is no way the Soros controlled, Deep STATE apparatchiks in  
107 corporate media can believe anyone will believe this obvious lie; I  
108 mean other than the Marco-Polo crowd (no time to explain) or the  
109 children that dance to their Pied Pipers (again, no time to explain)?  
110 Corporate media today work to shape public opinion, not inform  
111 them; and when it is impossible to control the narrative they  
112 change the subject with diversionary news! They are clever at  
113 diversion! I must believe this is diversionary news. The intent is to  
114 change the topic of discussion.

115 Friend, there is no way even the most radicalized liberal thinks this  
116 is going to stick—but that's not the point. The point is to get us all

117 talking about something else—to present a competing story that is  
118 noisy enough to attract attention away from the truly damning  
119 stories. Because the TRUTH, long beaten down into the streets, is  
120 struggling to rise to its feet.

121 So, just in time to counter the good news coming out: Only 6% of  
122 those included in the total number of COVID deaths actually died  
123 of COVID alone. 94% of all COVID deaths were people who had  
124 what they call comorbidities. Isn't that a great word! Let's just call it  
125 pre-existing conditions that were killing them anyway. Now, we  
126 don't know how many with these pre-existing sicknesses died  
127 because of COVID, and how many died of OTHER CAUSES and  
128 happened to test positive for COVID somewhere along the way—  
129 they did not keep those records.

130 Remember when Fauci and Birx made the announcement that  
131 there would be a CHANGE in the way they counted COVID  
132 DEATHS? We did not understand the significance of that at the  
133 time. Well, I did. And if you are a Brain Masseur regular, you were  
134 apprised of it when it happened. But that was, in my mind, a clear  
135 announcement of the intent to defraud the American people — to  
136 enhance the DEATH COUNT for some political reason. They  
137 claimed it was a medical reason—to make certain we got an  
138 accurate account of COVID cases—fearful that some might die  
139 with COVID but because another disease was determined to be the  
140 LEADING CAUSE OF DEATH it would go uncounted. And it's  
141 important that we know how many people contracted the disease.  
142 Why?

143 But anyway, I saw through it and said look out, they are going to  
144 FAKE THE NUMBERS.

145 Then we learned that hospitals were incentivized to gin up the  
146 COVID counts, we learned that such pressure was put on the  
147 medical workers to work up the numbers they were quitting, and  
148 getting depressed, and some alarmed that people were being

149 rushed onto the ventilators prematurely, rules were changed on  
150 that too — and other rules were changed. Like Governors who  
151 FORCED nursing homes not equipped to handle COVID positive  
152 cases to admit them and this resulted in thousands of our elderly  
153 being killed by political homicide—that's what Newsome, Cuomo,  
154 Wolf, and Whitmer did — the committed political homicide  
155 against the elderly in their states.

156 The BLUE STATE Dems are guilty of malfeasance — using power  
157 of their office to perpetrate a fraud on the people of their state. And  
158 it's all about an election—it's all about POWER.

159 So this good news comes out and then other good news too.  
160 Trump's approval rating is back up to 52%—that's where it was  
161 before the China Virus attack. He is picking up endorsements from  
162 Democrat Mayors—and organizations that are long of tooth in the  
163 Democrat party—Labor Police Unions. Police endorsements are  
164 almost 100% behind Trump, even in cities like New York, and  
165 Chicago.

166 The people are seeing through the Demoncrat game—destroy the  
167 economy, and make people miserable and afraid. They are  
168 counting on the old yarn about people tend to vote out the  
169 incumbents when they are unhappy. People tend to blame how  
170 they feel on their politicians holding office at an election. But God  
171 has helped us and it's becoming clear that the American people in  
172 the main are not mesmerized by the kaleidoscope parade of Soro's  
173 pipers distorting reality with their lies — Americans are not in the  
174 main cowered in fear, but instead they are getting angry; they are  
175 getting fed up—Americans are standing up and like the parent who  
176 has had enough "puts their foot down" — says, Okay, children,  
177 that's enough! It's time for the ADULTS to stand up to these  
178 petulant children and put an end to this nonsense.

179 So you see, good news for America is bad news for Democrats  
180 today. Actually, it's been that way for quite a while. Rush called that  
181 back in the early 90s.

182 So, gotta take a short break. I'll be right back.

183 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
184 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
185 lighter, lighting the lamps in the church belfry arch, signaling the  
186 enemy is on the march, an enemy that would steal from us our  
187 liberty.

188 The other thing we can't stop talking about is the fake pious Pelosi  
189 posturing and pretense. That is the ugliest woman in America  
190 today. I used to think she was just stupid (look up the definition of  
191 the word). But now I know she is both stupid and evil! I've brought  
192 it out before. Unreasonableness is the spawn of wickedness.

193 Lovers of darkness hate truth.

194 Pelosi exposed as a cheap fake! What a joke! What a very unfunny  
195 joke. She presides over the destruction of untold thousands of  
196 small business owners in California and across America with her  
197 pious pretense about it being our patriotic duty, our basic love for  
198 our fellow man, to allow our businesses to be destroyed in order to  
199 "save lives"—to curb the spread. But as per usual among the Elitist  
200 snobs on the left—the SF solon owner was, let's just say,  
201 encouraged by Pelosi to open her doors for Queen Nancy to come  
202 in for a blow dry — against the rules — but, of course, the rules  
203 don't apply to royalty!

204 I remember, in my visits to Russia in the early 90s, Russians  
205 constant complaint was that the people making decisions about  
206 their lives were never required to live their lives.

207 Here is a RULE! Any LAW passed by lawmakers must apply  
208 EQUALLY TO EVERYONE — including them!

209 Solon owners ought to be able to sue Pelosi for malfeasance, for  
210 abuse of her power—and whenever a public official violates a law  
211 they put on others—the penalty ought to be DOUBLE on them —  
212 naw, Triple! We should treble any fine, or jail time, they should  
213 immediately be required to forfeit their office—TODAY!

214 Pelosi — resign! Forget it. Your FIRED! Fire her on November 3.

215 Let's all stand up to being bullied by that wicked woman and say,  
216 resoundingly, this NOVEMBER — YOUR FIRED!

217 She would make all of us miserable, but like Jesus chastised the  
218 lawyers of His day, they lay heavy burdens on everyone else, but  
219 will not so much as touch one of those burdens with one of their  
220 fingers: "And he said, Woe unto you also, ye lawyers! for ye lade  
221 men with burdens grievous to be borne, and ye yourselves touch  
222 not the burdens with one of your fingers" (Luke 11:46).

223 But God keeps His books, and His records are complete — and  
224 you, Pelosi, you will be held to account for your wickedness.

225 You will not speak to God as you do to the people—you will not  
226 play your little games with HIM — you won't turn it around on  
227 someone else—NO! PELOSI! THIS IS ON YOU! You did this!

228 Trying to cast the blame on the solon owner only adds to your  
229 shame, and to your judgment — how does that excuse you? How is  
230 it OKAY for you to condemn Trump for failing to set the RIGHT  
231 EXAMPLE and WEAR A MASK — for which you said he is killing  
232 people, responsible for deaths — and you, apparently believing  
233 that, would sacrifice the lives of others so that you could have your  
234 hair dried.

235 Friend, I think the mask is a bunch of nonsense. I've spoken to it  
236 many times. I've studied the SCIENCE—I've read the studies, I've  
237 looked at this from every conceivable angle — the mask is NOT  
238 PROTECTING YOU — So, Pelosi, you say, well then, you see, I  
239 did not expose anyone to harm — WHAT?

240 You have destroyed hundreds of businesses, and you have  
241 perpetrated fear, and promoted panic in this state with your lies  
242 about the mask. And then you have the audacity to go to a salon,  
243 closed by your own rules and regulations, and have it OPEN just  
244 for you, so you can get your hair dried. Nuts!

245 You are FIRED!

246 Maybe if you had humbled yourself and admitted what you did  
247 was wrong, and that it was a misstep for which you were truly  
248 sorry—NAH! Who is going to believe anyone saying that who told  
249 us we have to pass the bill into law before we can know what's in it.  
250 No! You are over the top evil! Be gone! That wasn't mere stupidity,  
251 that was an INSULT to our INTELIGENCE — you don't the  
252 excuse of being stupid—you have the audacity of pride to ASSUME  
253 WE ARE.

254 I've got to wind it up and I've got about ten more really great Brain  
255 Massage insights I wanted to get to.

256 Let me conclude our time together with this.

257 I want you to pray about voter fraud and also about techno-fraud.  
258 The Dems intend to steal the upcoming election! It's a party  
259 controlled by people who have no moral compunction—at least  
260 not in the way decent people understand it. The Democrats today  
261 are a Party under the control of an ideology that says power is  
262 righteousness—they believe might makes right—they believe the  
263 inverted golden rule that says, whoever has the gold, makes the  
264 rules, but with a new twist. Now they say, whoever makes the rules,  
265 takes the GOLD.

266 So they will attempt to steal it through direct voter fraud. An ICE  
267 investigation recently concluded with charges against 19 here  
268 illegally for committing voter fraud in the 2016 election. Almost  
269 daily we hear about hundreds of ballots being sent to people that  
270 don't exist. The democrats want to use the China Virus to justify

271 taking away virtually all our rights, and even our RIGHT TO  
272 VOTE. Because a ballot polluted by fraudulent votes diminishes  
273 every legitimate vote cast. Voter fraud disenfranchises the  
274 American from one of his most sacred of all political rights and  
275 protections — the RIGHT TO HAVE THEIR VOTE COUNTED  
276 IN AN HONEST ELECTION.

277 But there is another danger. Techno-Fraud. In a manner similar to  
278 how Birx and Fauci told us about their plan to falsify the COVID  
279 death count by changing the rules governing how death certificates  
280 are completed—totally tipped their hand—the Social media giants  
281 Google and Facebook and Twitter have virtually declared their  
282 intention to block news getting to you that is favorable to one party  
283 over the other. They have decided THEY WILL DECIDE WHAT  
284 KNEWS YOU SHOULD GET.

285 I don't have time to develop this as I planed, so I'll simply give you  
286 a personal experience that happened during show preparation  
287 today.

288 When the fake news came out about Trump supposedly calling  
289 WWII wounded and dead soldiers losers and suckers—I knew this  
290 would dredge up the old Trump says McCain's not a hero attack.  
291 That would be the backdrop used to provide credibility to this new  
292 lie. So I "googled" Trump, McCain not a hero. I got eleven pages of  
293 hits on my search. NOT ONE ARTICLE was about the 1999  
294 interview with Rather where Trump made that statement. Every  
295 single article was a current article slamming Trump for calling war  
296 heroes losers and suckers. Hundreds of them. Eleven pages, and  
297 my settings present, I think it's 25 hits per page, and that was only  
298 eleven, I jumped twenty or more pages in and it was the same  
299 thing.

300 In other words, well, several things occurred to me. First, clearly,  
301 Google decided to inundate me with news that provided the slant

302 they wanted to push. And second, how could this many articles be  
303 already out there on this so quickly. It came out today.

304 The Dove also noticed that it seemed to have been a coordinated  
305 attack—because, on the same day the news breaks, some mother is  
306 being trotted out there to saying, "My son is not a loser."

307 I mean, it's obvious. I saw a Glenn Beck episode exposing Google—  
308 and I've tested it and it's true. You Google something, say, bad  
309 news for Hillary, or something, and Google returns only articles  
310 that are sympathetic to Hillary. Try the same for Trump, and well,  
311 you get overwhelmed with hits—use another search engine, and  
312 type bad news for Hillary, and you get hundreds of articles negative  
313 about Hillary. It's stunning — the algorithms are written in a way  
314 to suppress news Google does not want you to get and enhance  
315 news they want you see.

316 This is happening right now! This is not something they are  
317 planning to do; they are doing it! If you want to do some real  
318 critical research on any subject, you should use multiple search  
319 engines. You would think they would be written to go out there  
320 into the webosphere and gather articles related to your search  
321 phrase—but that's not what is happening. They are writing  
322 algorithms that are designed to feed only information to you that  
323 Google wants you to see. FACE BOOK is doing the same thing.

324 They are shadow blocking — limiting the voice of conservatives,  
325 and enhancing the voice of liberals. They have decided that any  
326 news contradicting the political correctness standards of FB, which  
327 generally model after the LEFT — that's fake news, that's not  
328 consistent with the "consensus" — in other words, if CDC says it, it  
329 is automatically true, if anyone says something contrary to CDC,  
330 that is necessarily NOT TRUE. But that, my friend, is NOT TRUE.

331 Sometimes the CDC gets it right, sometimes they DON'T. Let the  
332 PEOPLE DECIDE.

333 So, tonight during our VISIT — COMFORT AND COUNSEL  
334 FOR THE PRESENT DISTRESS I'll chat with you about  
335 The Kyle Rittenhouse effect! Why does this 17 year old scare them?  
336 I have lit the lamps in the Church belfry arch and now you let me  
337 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
338 ON and you will ride like Revere and spread the warning,  
339 (essentially, it means you agree with what I'm saying) or you say  
340 LIGHTS OFF -- which means you reject what I'm saying and  
341 disagree strongly with me. So, what will it be today, lights on, or  
342 lights off?
