"Emperor" Newsome Has No Clothes / The Meaning of the Fires!

Jerry Scheidbach

Original Air Date: 09.11.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 I'm preparing the show Friday, 9-11. It's a day for remembering. I'll  
5 be dedicating Sunday services to A TIME TO ACT! I intend to  
6 show the relevance of lessons learned on 9/11 to today—to  
7 encourage ACTION on those lessons learned, and provide biblical  
8 based guidance for that ACTION. Don't miss it!

9 Also, as far as announcements are concerned, I understand our  
10 future Congressman, Andy Caldwell, is going to be live on  
11 YouTube at 10 AM Saturday, Sept. 12. Sadly, on Saturday, my  
12 show airs on radio at 12, but many receive this show posted to their  
13 inbox on Friday night, so I hope you'll tune in to Andy's live  
14 stream—Saturday, at 10 am.

15 By the way, if you want the show posted to your inbox, go to  
16 brainmassage.net, and subscribe to have the show posted  
17 automatically to your inbox.

18 Or you can access it through your podcast app: search Brain  
19 Massage, or my name, Scheidbach, you'll find it. Then do what you  
20 do to have it automatically fed to your account.

21 Another way is to like my FB page, or Band, and set your settings  
22 to get the show posted to your page and receive an alert when it  
23 arrives.

24 The show also posts to Twitter and Parler.

25 So, there are lots of ways to connect to the Brain Masseur.

26 We have a dedicated podcast site:  
27 <http://baptistlighthouse.podbean.com>.

28 Again, there are so many avenues to access the show—PLUS, here  
29 on our local radio station, KUHL — AM 1440, and on their FM  
30 station FM 106.3.

31 Okay my friends, we will REMEMBER (and this will have a twist  
32 you'll enjoy), and we will discuss the coming COUP!

33 It's time for your brain massage!

34 [TRUTH]

35 Where were you when 9-11 happened? I was in Santa Clara,  
36 attending a pastor's meeting hosted by Dr. Jack Trieber, pastor of  
37 North Valley Baptist Church. Yes! The North Valley Baptist  
38 Church that is under attack by Governor Newsome and the liberals  
39 in Sacramento, and Santa Clara—the people who turn their eyes  
40 away from the BLM/ANTIFA rioting and protesting in the streets,  
41 in open defiance of any COVID laws, and, of course, in activity  
42 that involves violating all manner of laws—but that's okay! Why?  
43 Because of the right to assemble to protest. But the right to  
44 assemble to pray, that's not a "right" the Democrats think is worthy  
45 of protection. The "right" to political protest is so sacred a right of  
46 the people that the Democrats will turn a blind eye to angry mobs  
47 destroying property, assaulting police officers, and even setting  
48 fires to buildings and cars, interfering with the rights of citizens to  
49 move about freely on their own streets, blocking traffic and  
50 attacking those trying to use their own roads to get home, or to  
51 work, or wherever they are going in the exercise of their LIBERTY  
52 and FREEDOM — but these BLM/ANTIFA activists are allowed to  
53 deny freedom of movement to citizens, they are allowed to deny  
54 the rights of their neighbors to be secure in their persons and  
55 possessions, they are allowed to deny a right to peace in their own  
56 personal pursuit of happiness—their liberty is denied to citizens by  
57 the BLM/ANTIFA violent protests, their LIFE is threatened by the  
58 so-called "mostly peaceful" protestors — and the Democrat  
59 Newsome, and the Democrat Mayors, and the Democrat

60 controlled cities ignore this egregious assault on the peace of these  
61 communities—and do not concern themselves with the fact that so  
62 many of these people are violating the mask "laws" so-called by the  
63 media, and the social distancing "laws" so-called by the media—

64 But, let a CHURCH assemble to PRAY and to PRAISE, and to  
65 PREACH the WORD OF GOD, and Governor Newsome, and Lisa  
66 Gilmore, mayor of Santa Clara, the Santa Clara health officer and  
67 Public Health director, Sara H. Cody, MD, the Deputy Health  
68 Officer/Infectious Disease and Response Branch Director, George  
69 Han, MD, MPH. And a list of others, who should all be named in a  
70 lawsuit for violations of religious liberty—

71 I'm done with the ignorance excuse — as I'll explain in a moment.  
72 These people are attacking CHURCHES —

73 Recently, I viewed the third, or maybe it was the fourth video  
74 showing BLM "peaceful protestors" burning a BIBLE, and an  
75 AMERICAN FLAG. It is interesting that these people intuitively  
76 know the connection! Certainly the devils driving their behavior  
77 know the connection. In the same way the devils possessing the  
78 demoniac of Gadera knew Who Jesus was when He stepped on  
79 their shores—the devils driving these BLM protestors know exactly  
80 what is the connection between the BIBLE and the AMERICAN  
81 FLAG.

82 (Oh, did I hear someone squeal like one of those pigs in the story of  
83 the demoniac of Gadera that ran "violently" down the steep cliff  
84 and drown themselves in the sea? (PIG GRUNTS and SQUEALS).

85 A BLM protester, Shackelford, in a videoed meeting said WHITES  
86 ARE BORN INTO NOT BEING HUMAN — she said all white  
87 people are "taught to be demons" — said the devil through his  
88 servant — Aleisha Shackelford — who is a shake down artist — she  
89 teaches empty headed white folk the only way out of their white  
90 guilt is to send her money—reparations, you see, for—? Yeah, the

91 chic sells indulgences to white people to absolve them of their  
92 white guilt. So, hey, Marxist BLM & Stalinist ANTIFA supporting  
93 NFL, Gov. Newsome, Mayor Gilmore, Health Director Cody, et al  
94 — you stand before the people of California like the Emperor in his  
95 "new clothes" you stand before us exposed, naked, your Anti-Christ  
96 bias is glaring, and galling — only the BLIND cannot see — only  
97 lovers of darkness refuse to see — and the cowards are quiet, the  
98 fearful are fretting, hiding in the shadows — but I say — HEY,  
99 THE EMPEROR HAS NO CLOTHES!

100 There is no cloak that can hide your shame. Governor Newsome,  
101 Mayor Gilmore — you stand before God accused.

102 You ignore the "mostly peaceful" protest assemblies and grant  
103 them a pass — and attack, viciously, with violence and malice, the  
104 peaceful assembly of GOD'S PEOPLE — who are not burning  
105 down buildings, or assaulting police officers, or destroying their  
106 neighbor's property—but PRAYING for their communities, and  
107 PRAISING the GOD Who is our PROTECTOR and PROVIDER  
108 and PREACHING the healing and helping WORD OF GOD—  
109 molesting no one, exercising their OWN PROTEST — a protest  
110 against violence, a protest against LAW BREAKERS —

111 You, Newsome, and Gilmore, have fined the North Valley Baptist  
112 over 100,000 for their PEACEFUL ASSEMBLY and have ignored  
113 the VIOLENT PROTEST ASSEMBLIES of BLM/ANTIFA—the  
114 people who burn Bibles and the American flag — will you  
115 encourage them to burn Churches next? Is that your message,  
116 Newsome, and Gilmore. Would you like it if the militant arm of  
117 your Party, the Demoncrat Party, would you like it if they started  
118 burning churches next? They are burning Bibles, and the American  
119 Flag—are churches next?

120 They have already shot and killed a preacher in the streets. They  
121 have already, recently, beat a Pro-life advocate nearly to his death.

122 Is this what you want to ENCOURAGE and provide cover with  
123 demoncrat media standing in front of a burning building or car  
124 saying, "the protests are mostly peaceful"? Do you look for the day  
125 a demon filled media liar is standing in front of a burning church  
126 building, saying, "the protest today was 'mostly peaceful'?"

127 Hey, Newsome, Gilmore, you are naked! You are exposed. WE see  
128 who you are.

129 Well, that's where I was on 9-11 in 2001. I woke up and decided to  
130 go on into the meeting a little later, and sent my colleague ahead. I  
131 was shaving, when suddenly I felt a foreboding come over me. And  
132 I kept thinking to turn on the TV. It persisted, until I finally gave in  
133 to the impulse and turned on the TV and was confronted with the  
134 awful scenes in the aftermath of the first plane hitting the first  
135 tower — I sat down, dumbfounded, but in my gut, I knew we were  
136 being attacked. As I watched, the second plane smashed into the  
137 second tower. I fell on my knees and began to pray!

138 That's where I was on 9-11, 2001 — full of fear for my country and  
139 in FAITH TOWARD my GOD I began to pray — it totally  
140 changed this radio broadcast — it literally created the Brain  
141 Massage Show — and here I am today — Watching the  
142 DEMONCRAT PARTY attacking our country — viciously, with  
143 malice — Governor Newsome, and Mayors like Gilmore, love  
144 darkness and hate light — they condone burning the Bible and the  
145 American flag — while closing down CHURCHES — while  
146 attacking CHRISTIANS. They are like the radical Muslims on their  
147 own Intifada — they have declared their UNHOLY WAR against  
148 America — and the devils that control them know the connection  
149 between the BIBLE, the CHURCH, and the AMERICAN FLAG.

150 They are coming for us! These are the opening salvos in the WAR  
151 to UNDO the REPUBLIC, in the war to finally, and fully pull this  
152 nation OUT FROM UNDER GOD.

153 Please! The only protection for your freedoms that you have left is  
154 UNDER GOD! Remember that this 9-11!

155 Tomorrow, beginning at 9:30, and continuing at 10:45, and 5 PM,  
156 we will REMEMBER, and be encouraged how to ACT on what we  
157 remember.

158 Hold on through the break; I'll be right back.

159 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
160 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
161 lighter, lighting the lamps in the church belfry arch, signaling the  
162 enemy is on the march, an enemy that would steal from us our  
163 liberty.

164 Our prayers and offer of whatever service we can extends to the  
165 hundreds caught in the fires. Over 2 million acres are ablaze in this  
166 state.

167 The brush fire blocked escape along the only road in and out a  
168 popular campground in the Sierra National Forest. The fire  
169 jumped the San Joaquin River and set a blaze that extended to the  
170 Mammoth Reservoir. Hundreds of campers were trapped. Almost  
171 all of these people were saved. In another story, for which I cannot  
172 find any further information—300 or more campers have been told  
173 to jump in the water if necessary to avoid the fires because rescue  
174 in not a viable option. Now, that might have changed, but I cannot  
175 find any information about this. Praying!

176 Newsome is blaming climate change for the fires ravaging CA.  
177 Well, actually, I can tell you Newsome is about as forthcoming  
178 about his and his Parties responsibility for these fires as Cuomo is  
179 about the outrageous COVID deaths in his state. Cuomo is  
180 blaming Trump—yeah! You heard that right! It's Trump's fault  
181 that Cuomo refused to accept the help Trump offered him  
182 repeatedly—but, back to Newsome. Newsome wants to blame

183 climate change. Want some inside info from a CA born and bred  
184 Conservative?

185 Here is an article that will help clarify. There are literally hundreds  
186 of articles exposing this nonsense, and studies, but here is one that  
187 does a great job of summarizing the information.<sup>1</sup> Oh, yeah, you'll  
188 need to get my notes from our website to see the article. Go to  
189 brainmassage.net find show no. 795, click, and download the  
190 article — you can read it as you listen, and you'll have access to the  
191 supporting documentation. Like this great article: It's Not Climate  
192 Change To Blame For California's Fires And Blackouts. It's  
193 Democrats."

194 It's Democrat policies that have created the fire rich environment  
195 in California. Over 2 million of acres on fire right now. Over 5  
196 billion in property loss due to fires and blackouts.

197 Because Democrats want power companies to prioritize wind and  
198 solar power, the power-lines are neglected. This has been the cause  
199 of some of the more devastating fires we've suffered.

200 After documenting the utter failure of the Democrat policies to  
201 actually do anything about the problem they are trying to  
202 address—typical—former California Assemblyman Chuck Devore,  
203 presently vice president of national initiatives at the Texas Public  
204 Policy Foundation, he points out the Democrats failed forest  
205 management policies — trying to push the "green new deal."

206 Devore knows how liberals lie. He reports hearing a liberal say  
207 man-made carbon emissions are responsible for creating the  
208 increased fire risk in CA—but noted after he made this blanket  
209 statement, the DEMOCRAT LIAR put out a caveat: the liar  
210 explained that their conclusions purposely LEFT OUT any  
211 consideration for "the effects of fire management." Fire  
212 management is the work of suppression, and wildland fire use

---

<sup>1</sup> <https://thefederalist.com/2019/10/30/its-not-climate-change-to-blame-for-californias-fires-and-blackouts-its-democrats/>

213 policies—something called ignitions control, land cover and  
214 vegetation. Measures that control fire hazard environments. The  
215 liar went on to admit: "These factors have likely added to the area  
216 burned." And also, the liar explained this contributes "uncertainty  
217 to our empirical attributions of regional burned area" to climate  
218 change.

219 So, what happened that created this fire friendly environment in  
220 CA? Well, in the 1990s some environmentalists were very  
221 concerned about the spotted owl. These enthusiastic zealots  
222 approached Clinton about their concerns and argued that he must  
223 intervene and stop timber harvesting in much of the western US.  
224 Remember that? The logging industry nearly collapsed — jobs  
225 were lost, the economy took a hit—employment in CA logging and  
226 forest industry fell by 50%. Liberal policies always destroy  
227 livelihoods of hard working Americans — and ONLY CREATE  
228 NEW DISASTROUS PROBLEMS IN PLACE OF EVERY  
229 PROBLEM THEY ARE TRYING TO ADDRESS.

230 This is what increased the fire area in CA. Harvesting the trees,  
231 planting new ones, is a FIRE CONTROL ACTIVITY.

232 You see, that's the way it ALWAYS WORKS. Responsible  
233 exploitation of the environment to meet human needs—as GOD  
234 DESIGNED IT—always work out to be the best thing for the  
235 environment AND human life on this planet.

236 So, because of the depression of harvesting trees from our—and let  
237 me tell you, CA has the most amazing forests—the forests were  
238 way over populated with trees. GET THIS! WAY BEYOND  
239 WHAT EVERYBODY IN THE BUSINESS KNOWS IS SAFE. The  
240 environment NEEDS men with axes to CUT DOWN TREES and  
241 THIN THE FORESTS. The forest NEEDS that! That's important  
242 for forest health!

243 California has ALWAYS experienced droughts; many last for up to  
244 nine years. Water management in this state should be marked as  
245 the eighth wonder of the world. Have you ever checked out our  
246 amazing aqueduct? But, I digress!

247 Because of the droughts, many of these trees died. This exposed  
248 millions of acres to FIRE RISK. 77 million, to be more precise.

249 Now, Newsome has been forced to admit this problem—not admit  
250 Democrat policies created it—No! He is related to Pelosi, after all.  
251 He will never take responsibility, he will blame the Solon owner!  
252 Haha. If he can find a way to do it, he'll blame Trump. In fact, you  
253 can count on it. He will blame Trump for being unwilling to  
254 support a CA bailout from Democrat MISMANAGEMENT. He is  
255 already setting the stage for that one.

256 Now with that in view—you can see our 2 million acres burning is  
257 not as bad as it can get: as many as 77 million acres are exposed to  
258 higher risk for fire than would be if they were properly managed.

259 I guess, in that way of looking at this, God was very merciful when  
260 He walked over the state shooting lightning bolts it seems eerily  
261 strategically, setting fires up and down the state.

262 Yeah! In what was a really weird, freakish event here a little while  
263 back, a thunderstorm literally went from the southern part of the  
264 state and set fires all along the state. It was bizarre.

265 We had one fire started here, one house; our fire responders took it  
266 out in short order, and that was it. No one hurt!

267 But, we have another fire that concerns us. It's another  
268 DEMOCRAT created fire! It's the fire that is BURNING DOWN  
269 OUR LIBERTIES.

270 It's coming at us from multiple fronts. And the arsonists are  
271 DEMOCRATS. They are burning up our Bill of RIGHTS. They are

272 burning down our CONSTITUTION. They are trying to steal from  
273 us our liberties.

274 A favorite fire is fear, and the latest drum they are beating to instill  
275 fear is this phony COVID scare. It's time someone began pointing  
276 to the naked truth — even if it does embarrass "Emperor  
277 Newsome." I'll be addressing this more fully later tonight during  
278 my VISIT — it's a live-stream called COMFORT AND COUNSEL  
279 FOR THE PRESENT DISTRESS — it's very casual, and I can't  
280 commit to any specific time — but you can access them on my FB  
281 page. Search for Scheidbach—there are not many with that name,  
282 but you'll me attached to THE BRAIN MASSAGE SHOW.

283 FEAR—did you know that 10 million people contracted TB last  
284 year. I heard a little bit about this, and noticed that the stories  
285 began to pick up and point out that in America is was running  
286 rampant in Democrat controlled cities especially among the  
287 homeless—and it suddenly went away. Like magic, news about the  
288 TB outbreak disappeared. So, it turned out that about 1.5 million  
289 people died of TB. I think this was worldwide, like the current  
290 pandemic. Did you even know about it? I found this on a meme—  
291 but ran down the details. You'll find them right here, from the  
292 WHO.<sup>2</sup> Why were you not scared for your life? Hey, a TB  
293 outbreak, in America. 10 million worldwide and 1.5 million died. It  
294 should be pointed out that relatively speaking, only 500 or so died  
295 in the US—about 240 in CALIFORNIA alone! CA had the highest  
296 case rate—more than double that of the second highest state—  
297 which was Texas. And both of these states suffered because of  
298 violations of immigration laws—the cases among Hispanics who  
299 had not been here more than five years were waaaayyyy  
300 overrepresented in these case counts. We know that TB or COVID  
301 is not race conscious—it's people coming here sick from Mexico.<sup>3</sup>

<sup>3</sup> [https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/TBCB\\_Report\\_2018.pdf](https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/TBCB_Report_2018.pdf)

302 Now you understand why the Democrats and their media did not  
303 want a lot of attention brought to this. Anyway, the point is, the  
304 DEMOCRATS like to CONTROL public fear, and panic when it  
305 comes to these sorts of things.

306 So, consider how they have drummed up the COVID panic. They  
307 have really worked hard to get the case count as high as possible,  
308 they have worked to make the death count as high as they can get  
309 it, even killing grandma and grandpa to get it — YEAH, MR.  
310 NEWSOME, AND CUOMO AND WHITMER AND WOLF —  
311 BLOOD IS ON YOUR HANDS FOR WHAT YOU DID.

312 And how important the mask thing is to these people. Here is an  
313 article that lays out the opinion of doctors about the efficacy of  
314 masks to protect from something so small as a virus before  
315 COVID.<sup>4</sup> Curious! It agrees PERFECTLY with what FAUCI said  
316 bout the efficacy of masks before it became popular to make  
317 everyone wear a mask to keep everyone AFRAID of this disease.  
318 Yeah! He said it's largely symbolic. And in a few CDC reports I  
319 read, and other more recent studies, it was admitted, the mask was  
320 useful to keep people aware that there is a pandemic going on—  
321 translation—useful to keep people afraid.

322 And add to this the inflated warnings of 2 million or more deaths,  
323 and so forth. You see what they are doing. Right now they are  
324 going to say, THIS WAS HORRIBLE, IF TRUMP HAD ONLY  
325 DONE MORE. If they win, THIS WAS AMAZING WE BEAT  
326 THE PANDEMIC WITH OUR DRACONIAN MEASURES —  
327 you giving up your liberties to our control paid off. No they have  
328 you man! Oh yeah! Any time was want to take away their liberties,  
329 just come up with a health scare — they will fall for it like a herd of  
330 gullible Lemmings. You know what a lemming is, right? A rodent,  
331 that is known for its swarming characteristic: it moves with its

---

<sup>4</sup> <https://www.theblaze.com/op-ed/horowitz-lied-to-dramatically-about-masks>

332 group. The Lemming Effect is evident when crowds of people  
333 follow the behavior of the mob, and the only reason is that a  
334 majority of their peers do it. WE see it all around us today.

335 So, one FIRE is the fire of fear. Another fire is the sexual  
336 exploitation of our children. With the DEMOCRATS beginning  
337 the process of making pedophilia a sexual orientation, like they did  
338 with homosexuality, followed up with Netflix newest contribution  
339 to the degradation of our culture: THE CUTIE FILM. It's another  
340 fire they are using to destroy our liberties.

341 Then, there is the CENSORSHIP GENERATION. The  
342 DEMOCRATS are the most censure happy people since Hitler's  
343 Nazis in Germany. They censure what news you can see and hear,  
344 they censure your public voice through political correctness, and  
345 cancel culture, they freely erase any history they don't like, they  
346 erase evidence from their servers, and from their phones — this is  
347 the CENSURE GENERATION. It's a fire that burns down our  
348 liberties.

349 FINALLY, the FIRES OF RACIAL HATRED: The BIGGEST  
350 DANGER FACING AMERICA RIGHT NOW IS STUPID  
351 PEOPLE VOTING. (Stupid, from *stupere*, means thinking and  
352 acting oblivious to facts.) One example is all I have time for. Liberal  
353 accuses conservative of being racist. The conservative asks, why do  
354 you say that? What is your evidence? Liberal — a college student,  
355 by the way — asks are you voting for Trump? Conservative  
356 answers, Yes. The liberal that's my proof. You are voting for  
357 Trump, that proves you are racist. Conservative asks, on what basis  
358 do you make that assumption? Liberal — I don't need to explain  
359 my reason — you are voting for Trump and that means you are  
360 racist. So the conservative asks, are you voting for Biden? Liberal  
361 says, yes! Conservative says, you are a pedophile! The Liberal is not  
362 happy with that, and denies it. Conservative says, no, you are. You  
363 are a pedophile because you are voting for Biden—that's my proof.

364 I did not get to see how this argument ended, but I'm going to  
365 guess, from my own experience, that the liberal got hot and began  
366 calling names and speaking incoherently about Trump's a racist!

367 One great technique used sometimes to stop the advance of a fire is  
368 to start another fire. There are two ways, that I know about! One is  
369 to start a controlled burn in the path of an oncoming fire—when  
370 the fire reaches it, there is nothing to feed the fire. Another is to set  
371 of an explosion of dynamite — the dynamite takes out all the  
372 oxygen in the immediate area and that will put a fire out.

373 WE need a dynamite, controlled burn approach. We need the  
374 DYNAMITE — DUNAMIS — of God's power to be manifested,  
375 and start a controlled fire in Sacramento—that's happening on  
376 October 9, on the steps of the capital building in Sac with a group  
377 of pastors who will gather there to protest naked Emperor  
378 Newsome's evil EMPIRE effort to close down the HOUSE of GOD  
379 when what this states needs right now, more than anything else, is  
380 the HOUSE OF GOD.

381 I have lit the lamps in the Church belfry arch and now you let me  
382 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
383 ON and you will ride like Revere and spread the warning,  
384 (essentially, it means you agree with what I'm saying) or you say  
385 LIGHTS OFF -- which means you reject what I'm saying and  
386 disagree strongly with me. So, what will it be today, lights on, or  
387 lights off?
