

Brain Massage: Show No. 800 From Roots To Fruit Of The Counter-1776
Revolution / The COVID Conspiracy / Trump's Chances Reapprised

Jerry Scheidbach

Original Air Date: 10.17.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 The WAR is on! It's moving from cold war status to hot!!!! And
5 it's TREASON! It's the TRAITORS against the PATRIOTS!

6 Two Million more viewed Biden's Town Hall than viewed Trump's
7 Town Hall with NBC. They guy can't get 200 people at a rally,
8 while Trump commands thousands, tens of thousands—but you are
9 telling me 2 million more Americans watched Biden's Town Hall
10 than viewed Trump's. Hmmm!

11 Biden is afraid having observers at polls will interfere with the
12 Dems plan to steal the election. 31.2 Hehe!

13 Now we know for sure what we already knew for certain??? —
14 Hillary cooked up the Russian collusion scam to undermine
15 candidate Trump then teamed with Obama to use it to perpetrate a
16 coup against the Trump presidency—and Biden was up to his neck
17 in all of it. And we learn that Biden is a masterful multitasker—
18 while advising the coup team how to take down Flynn and get to
19 Trump—he was raking in millions from China and the Ukraine
20 through his sons who peddled access to the Vice President of the
21 U.S. Wait for it!

22 WHO backs off the Lockdown; latest proof MASKS don't WORK.
23 Of all the people who got sick with COVID 70.6% always wore
24 masks. What????

25 70% want FREEDOM to decide for themselves about masks and
26 social distancing and family gatherings — 27% want more
27 lockdown time. (Could be the sleeper issue.) And thinking about
28 polling data:

29 Dems always lead in early voting! But in this election, Republicans
30 are returning early voting ballots on a par with Democrats — this
31 is new.

32 Young voters are not motivated—the radical youth are totally
33 engaged, but your average young person is turned off by the
34 violence, and, at the end of the day, they would really like to be
35 able to get a JOB—and, well, that's Trump's thing.

36 In fact, let's take a look at Trump's accomplishments! All Guthrie
37 wanted to talk about was wearing masks and whether Trump
38 would denounce White Supremacy!

39 Okay, my friends it's time for your brain massage!

40 [TRUTH]

41 None dare call it TREASON! Well, except moi! That's what it is
42 folks. You have the MSM, Silicon Valley, the Democrat Party, the
43 Industrial Military Complex, the Soros-Rothschild nexus.

44 Quickly—understand that all the movers and shakers involved in
45 this effort to conduct what amounts to the Counter-Revolution are
46 interconnected. By *counter-revolution* I mean the effort to undo the
47 Revolution of 1776—to destroy American independence, and
48 absorb America into the ONE WORLD ORDER—to fulfill the
49 dream of Nimrod and prepare the world for the arrival of THE
50 BEAST.

51 You have heard of the Rothschild family?—mega world bankers
52 with wealth that is literally inestimable. They have manipulated
53 countries and wars for over 170 years. Rothschild funded Soros in
54 the early years and according to a Washington Times piece a while
55 back, "the various programs promoted and established by George
56 Soros are ultimately funded by the global wealth of ... the
57 Rothschilds."¹ So, there's that!

¹ <https://thenewamerican.com/george-soros-funded-by-the-house-of-rothschild/>

58 The Rothschilds were not friends of the American Revolution.
59 They funded the creation of Communism in Russia—I mean, it
60 does go on! The Rothschilds were commissioned by the Royal
61 family in Britain to "put down the American Revolution."

62 Point? There is no love for the American Revolution in the
63 Rothschilds or Soros. This explains why there is no love for the
64 American Revolution on the LEFT in America today.

65 Now, Soros essentially is the LEFT's bank. Look at these
66 connections between Soros and the American Left. The Soros
67 funded Journalism Advisory Board boasts the following members:
68 Jill Abramson—New York Times executive editor, now a
69 columnist for the Guardian; Kerry Smith—ABC News senior vice
70 president for editorial quality; Cynthia Tucker—Atlanta Journal
71 editor of the editorial page, now a syndicated columnist and
72 commentator.

73 Other members of the media that have been or are now serving on
74 boards or advisory boards of Soros groups: Amanpour—ABC's
75 Sunday Morning political affairs program; Matt Thompson—
76 editorial manager at National Public Radio (NPR); Ben
77 Sherwood—ABC News president; Kathleen Hall Jamieson—Dean
78 of the Annenberg School for Communication, PN (whacked Lib);
79 Michele Norris—Hosts NPR's newsmagazine "All Things
80 Considered"; Phil Bornstein, editor at large for the Hearst
81 Newspapers; David Boardman—the Seattle Times; Len Downie,
82 was executive editor for Washington Post, and now VP; George
83 Osterkamp, CBS News producer.

84 We know Soros hates America, and is dedicated to its
85 "transformation" into a Socialist country that HE CAN
86 CONTROL.

87 We know Biden is George Soros' man—a vote for Biden gives
88 Soros control of the White House. (Soros also puts his money into
89 other winning projects—before Trump became the pain in the side
90 of the left—Soros put 160 million into one of Trump's buildings.

91 — However, more recently, Trump has seen that Soros is behind
92 the vicious attack on him and on America.)²

93 Soros is a champion of the proposition that no crises should be
94 allowed to go to waste—he called the refugee crisis in Europe "the
95 new normal," — where have you heard that lately?

96 Soros funds BLM—yep! From the Washington Times analysis of
97 Soros' tax returns, Soros organization contributed 33 million to
98 BLM groups in one year! No wonder Biden cannot condemn them.

99 From the Gateway Pundit: "Soros groups were reportedly behind
100 the airport protests after President Trump's election. A week
101 before that Soros was reportedly behind 50 Groups involved in the
102 'Women's Protests' the day after the inauguration. Before that,
103 Soros groups were connected to the groups demanding election
104 recounts ... and Soros money was funding more protests during
105 these efforts. And DC Leaks released information showing
106 that Soros funded Black Lives Matter protests across the country."³

107 As for FarceBook—you might remember Zuckerberg seeming at
108 least to resist pressure to block Trump from expanding his message
109 on FaceBook—and you probably watched with concern as he
110 increasingly caved to the demands to block Trump and Trump
111 supporters from using FaceBook as a platform to talk to each other
112 and to America—well, what you did not know is that behind the
113 scenes Soros was attacking Zuckerberg, and as any country will
114 tell you when that devil starts attacking you, look out! Soros is
115 ultimately behind the FarceBook and Twittish compromise that is
116 participating in the Biden COVER-UP.

² Tweet by President Trump October 5, 2018: "look at all of the professionally made identical signs. Paid for by Soros and others. These are not signs made in the basement from love! #Troublemakers"

³ <https://www.thegatewaypundit.com/2020/04/exclusive-china-coronavirus-linked-former-leader-chinese-communist-party-family-soros-investments-surprise-anyone/>

117 I'm telling you that Soros is an operative of European handlers
118 whose objective has been and continues to be the subjugation of
119 America to the control of the NIMRODs in the world—the people
120 whose alignment is with the spirit of antichrist, working to "TAKE
121 THE KINGDOM BY FORCE" to first break down American
122 independence and will to resist by corrupting our culture and our
123 political institutions—and then to bring the wheel of oppression
124 over us to finish the job—there will be a purge the likes of which
125 would make Mao blush, and shock Stalin!

126 And while you must do everything in your power to stop this
127 counter-revolution, contribute time, talent, and treasure to Trump's
128 victory in November—remember that this is a spiritual war and
129 unless you gain victory in the prayer closet, all your efforts on the
130 physical battle field will be in vain.

131 And all this nonsense arising from the China Virus is part of the
132 scheme to **BREAK AMERICANS AWAY FROM THEIR**
133 **NOTION OF INDIVIDUAL LIBERTIES.**

134 Okay, gotta take a short break; I'll be right back.

135 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach,
136 pastor at the Lighthouse, your brain masseur, and Paul Revere's
137 lantern lighter, lighting the lamps in the church belfry arch,
138 signaling the enemy is on the march, an enemy that would steal
139 from us our liberty.

140 WHO (World Health Organization) backs off the lockdown. Yeah!
141 Someone quick, tell Fauci—he believed WHO when they said the
142 China Virus would kill hundreds of millions with a mortality rate
143 of 3.4%—but we know the rate in America is less than .005 — less
144 than 1%. Well, the World Health Organization has come out and
145 said they were wrong—the mortality rate of the Coronavirus is
146 "slightly greater than the seasonal flu."⁴ Dr. David Nabarro, from

⁴ <https://www.thegatewaypundit.com/2020/10/right-march-provided-evidence-coronavirus-mortality-rate-grossly-overstated-today-finally-came-conclusion/>

147 the World Health Organization, advised world leaders to "stop
148 using lockdown as their primary method to control the spread of
149 this virus. — It is simply not sustainable in the long run." He said
150 "Lockdowns just have one consequence that you must never
151 belittle, and that is making poor people an awful lot poorer."⁵
152 Someone get the "memo" to Newsome and Cuomo, and
153 Whitmere—oh, wait, she has a Senate that had the courage to stop
154 her! Sweeden is experiencing a steady reduction of COVID
155 cases—avoided the draconian lockdown measures used
156 elsewhere—flattens the curve without lockdowns⁶—it's what I've
157 been telling you all along. Herd IMMUNITY!

158 Latest proof MASKS don't WORK. Of all the people who got sick
159 with COVID 3.9 never wore masks.

160 Of all who have contracted COVID-19

161 3.9% never wore a mask. 3.9% rarely wore a mask. 7.2%
162 sometimes wore a mask. 14.4% often wore a mask. And — wait
163 for it!

164 70.6% ALWAYS WORE A MASK.

165 Can we assume righteous Kamala was very careful to "ALWAYS"
166 wear a mask, and all her team too? Right? Can't we assume that!
167 Everyone knows the Democrats are soooo sincere, and soooo
168 cautious, and sooooo protective—O, well, that bit about Nancy
169 strutting around indoors at a beauty salon without a mask—don't
170 bring that up! But COVID got to Kamala's team.

171 And all over the News today: it's spreading, the COVID is coming,
172 the COVID is coming—oh nooooo! Run, hide, grab your mask—

179 own body waste) — YELL: ahhhhh, COVID is coming, COVID is
180 coming — I'm so afraid! (Whisper: CDC estimated survival rates

182 94.6%). Virtually the ONLY people who die of this are elderly
183 people with CO-MORBIDITIES — you know, the PEOPLE
184 NEWSOME and CUOMO and WHITMERE put at risk with their
185 COVID policies — the people they forced into nursing homes ill-
186 equipped to care for them—MUREDERS—hateful, heartless—
187 elderly people forced to live in isolation and die alone—WICKED
188 PEOPLE! Politicians driven by hellish demons to kill, steal, and
189 destroy—. All to protect you from a disease that has a mortality
190 rate slightly above the seasonal flu!

191 At least these young people get it! I'm watching a bunch of young
192 people flipping the hail Satan sign, jumping, literally jumping all
193 over each other, no masks, banging their heads into each other,
194 what do they call it, mosh pit or something or other—Demoncrats
195 say nothing. Why? Hmmm.

196 Well, it's obvious these are their peeps—this is their crowd. If
197 anyone is going to vote with the antichrist spirit controlling the
198 Democrat Party today it's these crazy young people flashing the
199 hail Satan sign, and surrendering themselves to the power of a
200 spirit that drives them to body slam each other! Beyond the sado-
201 masochism of their behavior and the let's get down with the Devil
202 thing going on—I don't have a problem with this—it's just that,
203 neither do the same PEOPLE TELLING US WE CAN'T
204 ASSEMBLE IN CHURCH to sing praise to JESUS CHRIST.

205 70% want FREEDOM to decide for themselves about masks and
206 social distancing and family gatherings — 27% want more
207 lockdown time. (Could be the sleeper issue. This means, this might
208 be an issue that is percolating under the surface, the pollsters are
209 ignoring, and that might drive a lot of votes one way or the other.)

210 Can you believe it? All these polls that are telling us Biden is
211 double digits out in front of Trump! It's just not possible!

212 You probably heard that two Million more viewed Biden's Town
213 Hall than viewed Trump's Town Hall with NBC. Biden can't get a
214 200 people at a rally; Trump commands thousands, tens of
215 thousands—but you are telling me 2 million more Americans
216 watched Biden's Town Hall than viewed Trump's. Hmmm!

217 One thing for sure—SOROS does not want Trump interacting with
218 their voter base. Soros is using his influence full throttle to block
219 any opportunity for Trump to actually talk to the Democrat Party
220 voters. He is blocking any exposure of the recent discovery of
221 Hunter Biden emails that PROVE everything we already knew
222 about the BIDEN CRIME FAMILY—and at the same time
223 blocking Trump and his supporters from talking to Biden voters.

224 But, listen, really! Do you believe Americans want Biden? Really?
225 Do you believe MSM (mostly stupid media; or Marxist Socialist
226 Media)? Do you believe CNN (Communist News Network), ABC
227 (All Biden Communications), MSNBC (MSDNC), FarceBook, and
228 Twittish? Washington Prop (think about it). Are they truthful? Do
229 they care about the truth? Have they demonstrated consistent
230 faithfulness to integrity and loyalty to the truth? Remember the
231 Sandman! The answer is No!

232 Reports of NBC—they covered Trump's Town Hall—being
233 blacked out for the first 10 or 15 minutes are coming in from all
234 over—never mind for the moment that sad excuse for a news
235 person something or other Guthrie—all she could think to talk
236 about was the very tired accusation that Trump won't denounce
237 White Supremacy, and is careless about the mask thing—but, other
238 than that — what's with the reports that TicTock viewers, China
239 controls TicTock — were tuning in to the Biden debate on multiple
240 devices in order to jin up the viewed numbers. I mean really!
241 Where is the enthusiasm for Biden?

242 The only place you find it is in the panic that grips the heart of
243 these unreasonable and wicked SOROS conspirators to undo the
244 REVOLUTION—by the way, I read a book exposing this many
245 years ago, this has been a planned effort for many years.

246 Well, I need to move toward a wrap—some new chapters are being
247 added to the Biden chronicles. From the Federalist.com:⁷ Hunter
248 Biden's MacBook Pro got some water damage and he took it in for
249 repairs. It had a Beau Biden Foundation sticker on it. For some
250 reason—PROVIDENCE?—the laptop was abandoned. The tech
251 became suspicious, and since it come under his provenance as an
252 abandoned computer, he downloaded the contents of the hard drive
253 and found some bad stuff—Hunter Biden has issues! But he also
254 discovered several hundred, or several thousand emails—a bunch.

255 We discovered from a Delaware federal subpoena that the FBI
256 actually obtained the computer and the hard drive in December—
257 2019, as part of an investigation. The shop owner, however, had
258 the foresight to make a backup of the hard drive and delivered it to
259 Robert Costello, that's Mayor Rudy Giuliani's former attorney. The
260 New York Post obtained the hard drive copy from Giuliani.

261 The Biden lawyer attempted to get the hard drive for their client—
262 which, of course, establishes ownership of the hard drive. The
263 pictures on the hard drive identify it as Hunter's — the fact that
264 neither the family nor their spokespersons have attempted to deny
265 that the hard drive was Hunter's — and of course the fact that the
266 emails can be proved to have originated with Hunter or were
267 emails received by him from others — all proves the emails are
268 his.

269 So, now we know for sure what we already knew for certain!—
270 haha. Earlier we got proof that Phony baloney Comey knew
271 Hillary was behind the plan to smear Trump with the Russian
272 collusion hoax—and we now know for sure what before we

⁷ <https://thefederalist.com/2020/10/14/e-mails-confirm-hunter-biden-used-joe-bidens-vp-perch-to-shake-down-corrupt-foreign-oligarchs-for-cash/>

273 already knew for certain that he apprised OBAMA of this plan—
274 and now we know for sure what we used to only know for certain
275 that Obama met with all the top conspirators in this planned coup
276 attempt in Jan after the election of Donald Trump and planned how
277 they would use the collusion story to drive Trump from office.

278 And now we know for sure what we used to only know for certain
279 that Biden was siphoning big bucks from foreign governments
280 through his children who peddled their influence with Dad to
281 foreign powers—namely, China and Ukraine, which just gets us
282 started—millions, multiple millions—by selling access to their
283 Vice President dad.

284 Joe Biden has said he never spoke to Hunter about his overseas
285 business dealings. But now we know for sure what we already
286 knew for certain—in an email received by Hunter from Posharski
287 (a Burisma dude) he thanked Hunter for introducing him to his
288 dad. And he asked Hunter to squeeze in another meeting before the
289 Burisma executive had to catch a flight. He wrote, "Dear Hunter,
290 thank you for inviting me to DC and giving an opportunity to meet
291 your father and spent [sic] some time together. It's realty [sic] an
292 honor and pleasure ..." ⁸ You should know that Burisma was at that
293 time under investigation for corruption by Shokin in the Ukraine.

294 Shortly after this meeting with the Burisma dude, a colleague of
295 Hunter (Hunter was at that time employed by Burisma), shortly
296 after this arranged meeting between Burisma and the US VP —
297 Biden, the VP in this story — informed Ukrainian president
298 Poroshenko and Prime Minister Yatsenyuk, that unless they fired
299 Shokin, he would block the transfer of a billion US dollars of
300 foreign AID to Ukraine. This was in 2015, in Kiev. Been there.

301 Biden boasted about this, you've seen the clip. He boasted that he
302 was able to bully the Ukraine government to fire their top law
303 prosecutor. And this was done in the middle of an investigation

⁸ Ibid.

304 into allegations of corruption by Burisma — the company Biden
305 Hunter worked for at the time, making 50 to 83 and some say more
306 THOUSAND per MONTH.

307 Now we know for sure what we already knew for certain why
308 Biden was hired—emails expressly call for Biden to pony up and
309 use his influence with his father: to "use your influence" to protect
310 the company—Burisma.

311 Biden asked for clarification: "Who is ultimately behind these
312 attacks on the company? Who in the current interim government
313 (in Ukraine) could put an end to such attacks?"

314 Put it all together! It's easy if you try! See the TRUTH! Now we
315 know for sure what we already knew for certain: Biden is
316 CORRUPT. In another email we learn that Biden was taking 50%
317 of Hunter's "salary." It goes on and on!

318 But you can't hear about this because of the high scruples of MSM
319 and FarceBook, and Twittish — they are above allowing material
320 "hacked" to be used on their information platforms. And it is a
321 very strict policy. It goes something like this: "Never believe or
322 pass on news from sketchy sources. Never! Unless it's a secret
323 recording of the President. Or the First Lady. Or the National
324 Security Adiver. Or Tax returns. Or a dossier. Or a pee tape. Or
325 head-of-state call transcripts. Or Thank you Byron York.

326 So now we know for sure what we already knew for certain—and
327 that is this conspiracy to overthrow America spearheaded back
328 when the king of England enlisted the Rothschild banking empire
329 to put down the American Revolution—and has never come closer
330 to success than they are today—involves what we call the MSM,
331 the entire Democrat Party (that is the leaders and policy shapers of
332 the Party taking their orders from Soros), the Social Media
333 oligarchs in Silicon Valley, with their militant arm, the
334 BLM/ANTIFA, and the DEEP STATE apparatchiks working the
335 SWAMP—

336 If you are having trouble getting the New York Post story, try
337 using another browser. Google is part of the conspiracy to cover up
338 for Biden and destroy President Trump, and take America out from
339 UNDER GOD and put it UNDER SOROS, the puppet for the self-
340 appointed, or Lucifer anointed rulers of Darkness—who are under
341 the influence and control of the spirit of antichrist—and they do
342 not want you to know that Satan has been thoroughly defeated, that
343 the only people on the planet that have in them the power to resist
344 and restrain Satan is in the BELIEVER—the SPIRIT of JESUS
345 CHRIST is GREATER than the spirit of antichrist—get my book:
346 God's War: Why Christians Should Rule the World—the case for
347 Christian involvement in every sphere of civic and social life on
348 planet earth.

349 Well, I've come to the conclusion of another intriguing show.

350 But, I've got about a minute or two, so, let's go ahead and take a
351 look at recent Polling Data: Dems traditionally take an early lead
352 with early voting numbers. Republicans are generally more
353 conservative and prefer to walk in to vote. But in this election,
354 Republicans are returning early voting ballots on a par with
355 Democrats — this is new. Trump is keeping pace in mail-in and
356 early voting with Democrats. This is not GOOD NEWS for Dems
357 because typically Dems out pace Republicans in early voting.

358 More bad news for Dems: the Biden/Harris ticket does not
359 energize the young typically liberal inclined voter. The radical
360 youth are totally engaged, and the conservative youth are fully
361 engaged; but your average young person is turned off by the
362 violence. Many Dem youths are sitting this one out. You see,
363 secretly, THEY WANT JOBS TOO! They will say what they think
364 their friends want to hear — but many are actually rooting for
365 Trump and while they would not dare vote for him—it's not the
366 sort of thing in those circles that you can keep secret—many are
367 opting to sit this one out.

368 And then there is what are called the shy Trump voters. Robert
369 Kahali — he was the only pollster that showed Trump ahead in
370 2016 and he did it by employing a unique method of including
371 formerly inactive voters, and by finding a way to sound out those
372 who are afraid to tell the truth about who they are voting for. He
373 calls it the shy Trump voter. And the shy Trump voter is larger this
374 year than it was last year! And even more distressing to the Dems,
375 those falling into this category are suburban white women and
376 Urban black women. Yikes! The Dem's base is totally eroding.

377 Of course, you have watched the BLEXIT movement by Candace
378 Owens catch on, and the WALKAWAY movement—and you
379 know Hispanics like to have jobs too—and with all their effort to
380 take the economy issue out of this race by the COVID plandemic
381 — Trump's economy is rebounding in spite of their efforts, and the
382 only places where DEPRESSION continues to reign are BLUE
383 STATES and the people KNOW exactly where it's coming from—
384 DEMOCRATS. Thank God, so far, it is backfiring on them.

385 So—PRAISE GOD AND PASS THE AMMUNITION. Look!
386 You have seen what the crazy left has done already in their insane
387 Trump derangement syndrome—what will they do when Trump
388 wins a second term? These people will, I think quite literally, go
389 completely insane—and they are already violent, they are already
390 bitter, and angry and mean spirited—will they stand down, retreat,
391 regroup and begin working to rebuild their COUNTER
392 REVOLUTION AGAINST AMERICA — or will they lose
393 patience and attempt an open attack — will they attempt to
394 assassinate our President? Will they begin burning our churches
395 and even our homes?

396 I really am not trying to scare you! But what I've been seeing over
397 the last few years alarms me that these people are like rabid dogs,
398 and in some states, they've been given the taste of blood, where
399 Blue State Dems yielded to their destruction of property and
400 threatening lives and disrupting the peace of our neighborhoods.

401 SO — will you join the Lighthouse Baptist Church in an evening
402 of PRAYER for REVIVAL — and learn how to protect yourself
