

Brain Massage: Show No. 809 The Brain Masseur's Battle Area Evaluation /
The Coming War With China? / Politicians Or Patriots — Choose Today!

Jerry Scheidbach

Original Air Date: 12.19.20

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 The LIGHTS are ON!!!! The principle in focus today: politics
5 corrupts, and absolute politics corrupt absolutely. And the answer
6 to politics is PATRIOTS — passionate patriots will *trump* politics if
7 we STAND together against the STEAL!

8 Update on the battle for America against the foreign invasion of
9 China directly and indirectly through traitor proxies within the US.

10 DNI Ratcliffe confirms CCP interference in the 2020 election. This
11 is huge. So we'll be looking at Trump's options relative to this
12 revelation including his 2018 EO regarding foreign interference in
13 US elections.

14 This comes on the heels of a joint statement from FBI, CISA and
15 DNI on Dominion-linked Cybersecurity attack.

16 This takes us to a closer look at the MI Dominion case, if I have
17 time.

18 The SCOTUS cowards shrink from the Powell case — kick the can
19 down the road — schedules it for Jan. 14th. (However, this just
20 might not be as bad as it sounds—hold on!) (By the way, did
21 Roberts really say the SCOTUS should not take the Texas case
22 because he fears riots will break out?)

23 So we'll give a report on the current status of the 2020-CCP coup.

24 So much to talk about, so little time.

25 I am in the process of transitioning from FB but having some
26 difficulty with MeWe — can't seem to find a way to *livestream*. So,

27 if you want a little more brain massage time during your week, go
28 to the Lighthouse Baptist Church FB page, like it, and set your
29 notifications to be alerted when I go LIVE. I provide a brain
30 massage called Comfort & Counsel For the Present Distress most
31 evenings.

32 Friends — It's time for your brain massage!

33 [TRUTH]

34 Okay, let me offer what I see as battlefield assessment, or today
35 more properly called a Battlefield Area Evaluation, or BAE.

36 We are under attack! The Chinese Communist Party is at war with
37 America. It has been carried out through an economic attack with
38 a political component. The political component has been the
39 decades long work of infiltrating Wall Street—working CCP
40 members into high levels of influence in Corporate America, and
41 buying influence and control through recruiting politicians (like
42 Swalwell) and family members of politicians—like Biden. Having
43 secured a pervasive amount of influence in America, they have
44 been using more aggressive means of controlling their proxies: like
45 blackmail, and threats—bullying key people to do their bidding "or
46 else" *unfortunate things will happen to family members or friends—*
47 you know, mob tactics! And there is nothing, I mean nothing,
48 more dangerous to our liberties than men and women with power
49 who do not have the courage or the character to USE it against our
50 foreign and domestic enemies.

51 Right now the CCP attack is focused on Trump, because he is
52 willing to stand up to them. However, to get at Trump they have to
53 destroy the Constitution. (Beginning with Obama using the DOJ
54 and the FBI and the CIA to spy on Trump, to run a secret
55 clandestine operation against his campaign similar to how the CIA
56 has toppled regimes in other countries—called a COLOR
57 REVOLUTION.)

58 The current battle in this CHINA WAR against, well, really, the
59 WORLD, but to get to the world they must go through us, so the
60 attack right now is an attempt to leverage the pervasive influence
61 the CCP has established in America to bring the United States to
62 her knees under their power by stealing the 2020 Presidential
63 election.

64 China wants to make Biden the US President! Biden, will do
65 China's bidding! He is quite literally the Manchurian candidate!

66 We now have proof that Biden is compromised by his connections
67 to CCP money indirectly through his son, Hunter, and there is
68 compelling evidence he is directly owned by China: he has been
69 identified as "the big guy" that is referenced in email
70 correspondence found on Hunter's laptop referring to his father as
71 the "big guy" and as the "chairman" that is behind it all; with
72 additional proof coming from the first hand testimony of an
73 erstwhile Biden insider—a business partner who blew the whistle
74 on the Biden CCP connection.

75 Presently, the CCP is manipulating thousands of Americans in
76 positions of power and that they control by bribery and blackmail
77 to literally ATTACK our CONSTITUTION.

78 Those appointed to DEFEND our CONSTITUTION from all
79 ENEMIES Foreign and Domestic are called upon to stand up to
80 this attack. So, let's see where we are!

81 So far, Trump has looked to the American legal institutions
82 charged with an oath to defend the Constitution against ALL
83 ENEMIES foreign and domestic to do their job, and they are
84 failing!

85 For example, the Constitution says the State Legislatures have the
86 power to direct in what way a State's electors are appointed. In the
87 key "swing states" the Republican Legislatures failed to provide
88 oversight in the elections in their states while Governors, and

89 Election Officials illegally changed the voting rules that allowed for
90 massive fraud. It's appalling that many of these Legislators did not
91 know they had Constitutional authority to intervene in this directly
92 and TAKE POWER from the GOVERNORS and ELECTION
93 OFFICIALS forbidding them from violating State laws. When
94 these egregious violations of the State's laws were challenged in
95 State courts, the COURT SYSTEM also FAILED to UPHOLD THE
96 CONSTITUTION and supported these violations—paving the way
97 for massive voter and election fraud.

98 So, at the State level, there was a collapse of three levels of
99 DEFENDERS of the Constitution—the Executive, the Legislative,
100 and the Judicial branches of these states TURNED AGAINST THE
101 CONSTITUTION. Some knowingly, some ignorantly, all
102 effectively facilitating fraud on a scale that, so far, has allowed the
103 CCP to advance their agenda to bring America out from under
104 GOD, and out from under her Constitution, and UNDER THE
105 POWER OF CHINESE COMMUNIST DICTATORSHIP.

106 So, we turn to the Federal protectors of the Constitution. The DOJ,
107 the FBI, the CIA, and SCOTUS. William Barr was appointed as
108 Attorney General and we all had great hopes he would assist
109 Trump in draining the swamp. But Barr is a political man. He
110 makes decisions that are controlled by politics. For example, he
111 ordered the DOJ, and the FBI to not announce any investigation
112 into the Biden crime family! Neither did he aggressively pursue the
113 Obama spy-gate scandal. In both instances, he was controlled by a
114 concern for "political fallout." He did not want to involve the DOJ
115 or the FBI in campaign politics. And for that reason he did not
116 aggressively pursue JUSTICE — and so because JUDGMENT was
117 not executed JUSTICE was denied to the American people. And
118 the reason was POLITICAL. Hey, Barr, if you don't want to
119 politicize the DOJ or FBI then don't allow POLITICS to control

120 whether or not you move forward executing JUDGMENT upon
121 EVIL DOERS in order to ESTABLISH JUSTICE in the land.

122 Your job is not to independently decide what this or that action
123 might mean POLITICALLY! You rascal! Your job it to execute
124 JUDGMENT in service to JUSTICE!

125 So that was a failure to defend the Constitution because it
126 facilitated the CCP attack on our nation.

127 Then we come to SCOTUS. Texas put together a case against GA,
128 PA, MI and WI for violating the Constitution and allowing rules
129 and laws to be made illegally facilitating voter and election fraud
130 that resulted in disenfranchising the voters in the State of Texas.
131 Seven other States joined in the suit, and other filed amicus briefs
132 in support of the case, and over 100 US Representatives joined in,
133 and President Trump also joined in—all demanding their joint
134 complaint be heard by the last judicial recourse we have in the US
135 — and the SCOTUS dismissed the case on STANDING. Alito and
136 Thomas both dissented — and that means Gorsuch, Kavanaugh,
137 and Barrett all BETRAYED us, and failed to DEFEND THE
138 CONSTITUTION — because that is exactly what this case was
139 about. Maybe a report we received from a staffer on the court
140 explains how these cowards were bullied into backing off the case.

141 We learned lately that Alito and Thomas raised the precedent of
142 Bush v Gore in 2000 as argument supporting their plea that the
143 court should hear the case, and a staffer overheard Roberts yelling
144 at Alito and Thomas saying he does not care about the Bush v Gore
145 case, that he did not want to hear about that, that there were no
146 riots then. Was the court intimidated by the violent outburst of
147 Roberts, and the other liberal justices, so they gathered up their
148 skirts and ran away from this case? I don't know! I don't know for
149 sure the story is true. But no matter what was the reason, even if it
150 was for "standing," Kavanaugh, Gorsuch, and Barrett owe it to us to
151 explain their reasoning—because Alito and Thomas are serious

152 jurists, and these newbies "conservative," letter of the law,
153 Constitutional additions to the court obviously BETRAYED their
154 betters!!!! I am disgusted with Gorsuch, Kavanaugh, and Barrett—
155 we deserve to hear from them regarding this.

156 And add to that insult—Powell's case finally got to the SCOTUS
157 docket. They did not dismiss it — I guess they could find a way to
158 hide their cowardice behind standing, or some other procedural
159 issue, so what can we do? They scheduled the case for Jan. 14. The
160 case will take some days to present and then some time to decide,
161 and that will almost certainly take us beyond Jan. 20th, when it will
162 then be "safe" — they might think — to rule honestly without
163 impacting the "election" — but the ELECTION is the POINT OF
164 THE CASE. So, once again, defiled by politics! The DOJ and the
165 FBI and the CIA (which is covertly running this color revolution)
166 are compromised by politics, and now the SCOTUS is polluted,
167 poisoned, corrupted by "politics." Their decisions are being
168 controlled by "politics" — and that's not the job of the COURT.
169 Their job is to rule on matters of CONSTITUTIONAL LAW —
170 PERIOD! But see how politics corrupts, and absolute politics
171 corrupts absolutely. Consequently, another bulwark against attacks
172 on the Constitution has fallen.

173 So, State governors, like Brian Kemp (whom I believe is owned by
174 CCP money—whose strategy is to cooperate with the covert op to
175 take Trump down while securing a "victory" for his PARTY — by
176 getting the two Republicans he is backing into the Senate — I think
177 Kemp made a deal with Dominion to use their machines and got
178 some pocket change and a promise to use the cheating machines
179 for him—we'll see! Because the LIGHT IS SHINING BABY! You
180 have no place to hide—TRUTH IS MARCHING ON YOU ALL!)

181 I have sympathy for Lin Wood's position on this matter. No
182 Trump, no GOP! That's it! You want to turn your back on the
183 CONSTITUTION in order to get rid of TRUMP while you pretend

184 to support Trump and his 75 million patriots — well, Kemp, you
185 are a backstabbing, face-kissing JUDAS. And that goes for the rest
186 of you GOPers—if you will not stand for the CONSTITUTION be
187 GONE! Hey, Rand, don't you dare talk to me about fixing these
188 problems for "next time." NOW IS THE TIME to STOP THE CCP
189 from STEALING American's sacred right to DECIDE who holds
190 office in this country. Unless they STAND now — this "we'll fix it
191 for next time" won't cut it! You stand now, or we WALK AWAY
192 and start our own party. You had better listen, GOP!

193 So far my BAE (battle area evaluation) sounds pretty bad. Well,
194 friend, that's the way it is in war — it gets real bad sometimes
195 before it gets better. And we must have a reality assessment of the
196 battlefield.

197 So, our battlefield assessment will continue after the break—and
198 just so you know, it is not so bleak as you might think! For
199 example, many Legislators in the "swing states" have wakened to
200 the very real threat to our Constitution and sent a separate slate of
201 Electors for Trump — it's been done before; it's called dueling
202 Electors — so what happens is if one or more of these cases being
203 pursued in various courts right now actually turns out to RULE the
204 election in this or that state invalid, the TRUMP ELECTORS are
205 already in place —. Okay, hold on through the break; I'll be right
206 back.

207 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
208 at the Lighthouse, your brain masseur, and Paul Revere's lantern
209 lighter, lighting the lamps in the church belfry arch, signaling the
210 enemy is on the march, an enemy that would steal from us our
211 liberty.

212 Quickly, it's not true that that the MSM and Social Media
213 censorship of conservative views actually determined the outcome
214 of this election. It is evil—but the fact is they don't have that much
215 influence. Okay, of course, it's true that many Democrats would

216 have voted for Trump or simply stayed home and not voted Biden
217 if they had known about Trump's successes and Biden's corruption.
218 But how many actually listen to CNN? And Fox did not crawl out
219 of the closet for Biden until Election night! This is a first
220 amendment issue, to be sure—and they all deserve to be called out
221 for their lying—but all they really succeeded at doing is allow the
222 fraudsters to get by with fewer fake ballots than they would have
223 needed to steal the election. This election is being stolen by
224 FRAUD—. Keep the focus right there! All that would have
225 happened is that Trump would have had 80 to 90 million votes,
226 which would have required the THIEVING DEMOCRATS with
227 the assistance of their face-kissing backstabbing JUDAS
228 Republicans to come up with 91 million votes instead of 80 million,
229 of which probably about half or maybe a third, were fake.

230 So, it wasn't fake news — it was FAKE VOTES!

231 Okay!

232 Most of you know about the executive order Trump signed on
233 September 12, 2018 that provides for actions to be taken in the
234 event a foreign power interferes with our elections, or attempts to
235 interfere — by the way! If it is proven they did, or attempted to
236 interfere actions that may be taken under the direction of the
237 President are laid out in this Executive Order.

238 The order provides to the President broad powers to act against
239 any foreign power that interferes or attempts to interfere with our
240 elections, and against all those who participated in the effort,
241 whether they are citizens of the US or foreigners. I'll address this
242 more in a moment; but that's the idea of the Executive Order.

243 The Executive Order assigns to the DNI (Director of National
244 Intelligence) the responsibility to prepare and present an
245 assessment within 45 days of a national election. The assessment is
246 to ascertain whether or not there was foreign interference in our

247 election. If it is determined that foreign interference occurred the
248 President is empowered by this Executive Order to take the actions
249 stipulated in the order. I'm going to add the Executive Order with
250 my commentary on the order to my Brain Massage web page along
251 with my show notes.

252 After the assessment is delivered to the President, the Secretary of
253 the Treasury (Mnuchin=*Men-oo-chin*), the AG (Presently Jeffery
254 Rosen), and the Secretary of State (Mike Pompeo). It is then
255 circulated among other heads of departments, including the
256 Department of Defense, and so on, and these are to make a report,
257 and this report is to be completed within 45 days. It is unclear
258 whether the President must wait for this last report before he is
259 able to take the actions stipulated in the Order. I think it is
260 arguable that the President can take action as soon as he becomes
261 convinced that intelligence is actionable. However, this Executive
262 Order does not limit what the President can do about a threat to
263 the Constitution he is sworn to defend, nor when he can take that
264 action. Nevertheless, the assessment from the DNI will play
265 critically in what action the President might take against CCP for
266 interfering in our elections.

267 The current DNI is John Ratcliffe. I heard that he has said his
268 report will be delayed. But today I heard it was delayed because of
269 dispute among some of the Secretaries about whether China
270 should be expressly identified as a perpetrator. Other evidence
271 points to Russia and Iran—I'm telling you right now. Mark my
272 words. That's a red herring! It's a dodge, a diversion! Stay focused
273 on CCP — that's the threat. No one should be surprised that CCP
274 has made some significant purchases among other heads of
275 departments in our government. And we need to pray for Trump
276 and those loyal to the CONSTITUTION to see through this.

277 Now, here is the good news: Ratcliffe has gone "on record" saying
278 there WAS CHINA INTERFERENCE IN THE 2020
279 ELECTION." That's huge!

280 Further, Ratcliffe, who has access to ALL INTELLIGENCE
281 gathered by the US, said "CHINA POSES THE GREATEST
282 NATIONAL SECURITY THREAT TO THE UNITED STATES."¹

283 The POWELL case SHOULD be before the COURT as we speak—
284 however, Giuliani and Powell have been able to get their message
285 to the Legislators and to much of the public—certainly to the 75
286 million Trump voters and a large percentage of the Democrats that
287 are bothering to pay attention—whose curiosity has been aroused
288 by the bits and pieces of these stories that are breaking through the
289 "cone of silence" MSM and Social Media has tried to drop on
290 American free speech.

291 So, I hope the MI case proving Dominion is implicated in
292 facilitating voter fraud in this election, and the proof that has
293 become public domain showing that CCP dumped 400 million
294 dollars into the parent company that owns Dominion, along with
295 the plethora of substantial evidence of voter fraud that Giuliani and
296 Jenna Ellis put before the State legislators in PA, MI, GA, and WI.
297 And the testimony before the US Senate recently — and reports are
298 coming in that many Representatives and Senators are beginning
299 to show deep concern. More so in the House, but increasingly in
300 the Senate too as pressure from Trump's supporters is turning up
301 the heat! I'll add my letter to Cruz and Paul to my notes today and I
302 encourage you to write something like this to as many Republican
303 Senators as you can. I've written to McConnell, Cruz, and Paul so
304 far.

305 So that pretty much completes my battlefield assessment, or Battle
306 Area Evaluation — let's talk about what should be done.

¹ <https://www.worldtribune.com/dni-ratcliffe-confirms-foreign-interference-in-2020-election-other-intel-agencies-defy-white-house/>

307 First, Jan. 6 — two things can happen. If our court will uphold the
308 rule of law and rule the elections in the disputed states are invalid,
309 or if the Governors of at least two of the states grew a conscience,
310 for example, if Kemp repents of his collusion with Dominion and
311 comes clean—the electors from those States can be legitimately
312 given to Trump. As I pointed out, they are already in place and
313 ready to go. This could shift sufficient electoral votes to Trump to
314 declare him the winner, or block either candidate from getting the
315 requisite 270 and force the election into the Congress. Second, on
316 Jan. 6, if Biden is given the vote and is declared President-Elect,
317 one Representative and one Senator can join together to contest
318 the vote. The Congress will then meet to deliberate and then vote
319 on the challenge. If the challenge is upheld, Congress votes for
320 President and the Senate votes for Vice President. Each state gets
321 ONE VOTE in the House, and each Senator gets ONE VOTE in
322 the Senate. There are more states represented by Republicans than
323 Democrats. And the Senate will likely still be in the hands of
324 Republicans with Mike Pence being the tie-breaking vote.

325 We have multiple House Representatives ready to challenge the
326 Electoral vote, and recently, one incoming Senator has indicated a
327 willingness to join them. Other Senators might also step up — like
328 Ted Cruz, or maybe Rand Paul, or Senator Grassley, and others.
329 McConnell has threatened Senators not to contest the electoral
330 certification but he does not have the kind of pull he needs to
331 control the deeply patriotic Senators we have on the Hill.

332 The Achilles heel of this plan is the sad fact that the House of
333 Representatives, even as constituted after the new members are
334 seated, has the votes needed to support the challenge, and with
335 McConnell unwilling to support it in the Senate, and other weasel
336 Republicans willing to throw in the towel, it appears unlikely that
337 this will actually work. It's possible! God can do amazing things.

338 But it's also possible this is not the method He intends to use.

339 So, there is one patriot with the official capacity to DEFEND the
340 CONSTITUTION from enemies foreign and domestic and that's
341 the President of the United States. Flynn, other generals, and some
342 others in high places are calling on Trump to declare Martial Law
343 and order a fair and honest election. Or he could order a recount
344 that sets aside the illegal ballots, and bypasses the cursed Dominion
345 machines.

346 The basis for this would be the DNI assessment stipulating that
347 China has interfered with our elections, and the witness of so many
348 Americans, and forensic testimony, that proves beyond any
349 reasonable doubt that this election is irreparably tainted by fraud.

350 Trump has the evidence he needs to support such a declaration—
351 let's hope and pray it does not come to that, but the options are
352 narrowing down quickly.

353 I think Trump anticipated something like this, and has planned for
354 it. I think he SHOULD take the extreme action to PROTECT THE
355 CONSTITUTION from CCP and their proxies operating in this
356 government at the highest levels of power.

357 It is an insurrection and Trump would be justified invoking the
358 Insurrection Act — in which he would deploy the military to put
359 down any uprising that aims to take over our government in
360 violation of the Constitution.

361 Interestingly, he has already deployed naval power on the East and
362 West Coast of USA and moved many thousands of troops into
363 positions within the United States — this could be in anticipation
364 of an attack from China together with their proxies — the ANTIFA
365 mobs and others within the United States.

366 This thing has gone so far — the Left have become so blatant in
367 their disregard for our Constitution and the rule of LAW, their
368 effort to steal this election was so OPEN, and so HOSTILE — and
369 the CCP is so thoroughly embedded in our country — I fear it will

370 take such serious measures to stop this invasion of our Country
371 and the loss of our liberties.

372 So, I call on Biden to concede! It is obvious his election is based on
373 fraud, and that he is an agent of the CCP — if he has any
374 Patriotism left, I mean, if he ever had any, if anyone surrounding
375 him has any love for the COUNTRY at all — Biden MUST
376 CONCEDE today, or be responsible for pushing America into
377 open war with CHINA!

378 I have lit the lamps in the Church belfry arch and now you let me
379 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
380 ON and you will ride like Revere and spread the warning,
381 (essentially, it means you agree with what I'm saying) or you say
382 LIGHTS OFF -- which means you reject what I'm saying and
383 disagree strongly with me. So, what will it be today, lights on, or
384 lights off?
