Communism / When You Catch A Thief, You Don't Let Him Keep What He  
Stole

Original Air Date: 04.03.21

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.  
4 China did not create corporate communism, we did. John D.  
5 Rockefella, late 1800s, said, "competition is a sin." Hmmm! Is it?  
6 Well, this began corporate communism in America and now China  
7 has turned it into a weapon against us.  
8 Let's talk about advances on the ELECTION FRAUD front; will the  
9 2020 election be thrown out and we can restore confidence in our  
10 elections without recourse to the Burma model? And, what's going  
11 on there, anyway.  
12 Perhaps I'll get a chance to touch on the report that the Vatican  
13 paid dearly for their involvement in a pedo-ring and later for  
14 participating in stealing Election 2020.  
15 What about the Border crisis — when will THE PEOPLE wake up?  
16 As for COVID — Will California finally catch up with the more  
17 advanced states, like Florida and Texas, who actually follow the  
18 SCIENCE — and is it ever a good idea to surrender liberty to the  
19 control of doctors.  
20 Mercy — not likely to get through all of this. So, catch me on my  
21 livestream where you'll get what Paul Harvey called *the rest of the*  
22 *story*. It's time for your BRAIN MASSAGE.  
23 [TRUTH]  
24 China did not create corporate communism, we did. John D.  
25 Rockefella, late 1800s, said "competition is a sin."

26 Some might disagree and say this phenomenon is newer—but, I  
27 think I can build a strong case supporting my thesis.

28 Of course, corporate communism has many connections to  
29 fascism—a system of socialist control over society imposing a top  
30 down tyranny over not only the physical lives of the people, but  
31 their souls — the governing of the mind and heart of the people.

32 In the kingdom of GOD, God reserves to HIM the exclusive right  
33 to rule the hearts and minds of all mankind. God gives to no man  
34 power over our souls—*do not fear them which kill the body, but are*  
35 *not able to kill the soul: but rather fear him which is able to destroy*  
36 *both soul and body in hell.* — Matthew 10:26.

37 For this reason, we bow the knee to no man, but only to GOD  
38 Almighty!

39 But back to the creation of corporate communism. John D.  
40 Rockefella and Rothschild competed for control of the oil markets.  
41 This competition drove each of these men to locate and drill for  
42 more and more oil, which increased the supply dramatically and so  
43 dramatically depressed the price—I say depressed! The PEOPLE  
44 greatly benefited by lower prices for fuel, but these tycoons were  
45 constantly frustrated because the competition kept them from  
46 amassing the fortunes they craved.

47 Rockefella came up with the bright idea to repudiate the principle  
48 of competition. He said, competition is a sin, because in  
49 competition only one person wins. He said compromise is not  
50 good, because then no one wins. So he advocated cooperation—he  
51 said, only by cooperation can everyone win.

52 Like all liberal ideas, if you listen closely, you will hear the rattles of  
53 the serpent shaking its tail as it slithers closer to spring for the kill.

54 There is a reason we are warned to STAND AGAINST THE  
55 WILES of the Devil. He is wily — clever — highly intelligent and  
56 adept at deception.

57 And it's always the fruit that finally gives it all away.

58 That's what Jesus taught us.

59 Rockefeller and Rothschild got together and decided to "cooperate."  
60 So they cooperated together to CONTROL PRICES. They colluded  
61 with one another to control production in order to keep prices  
62 HIGH — and, viola, their COOPERATION allowed both  
63 Rockefeller and Rothschild to WIN — to WIN at the EXPENSE of  
64 the PEOPLE. You see, the cooperation game is one where the  
65 corporate big guys get together and wipe out the "competition" —  
66 and this allows them to CONTROL the prices.

67 But there is this pesky little problem in free societies that allows for  
68 the sin of COMPETITION to reemerge in the form of other  
69 entrepreneurs entering into the business — and there is no better  
70 way to control COMPETITION than by USE OF THE  
71 GOVERNMENT — so by regulations, and corporate welfare, and  
72 other WILY devices, the CORPORATION gets into bed with  
73 GOVERNMENT to CONTROL COMPETITION—and you end  
74 up with a DICTATOR owned by the CORPORATE  
75 ESTABLISHMENT in government and you have CORPORATE  
76 COMMUNISM.

77 Now, when corporate communism operates in a system like ours,  
78 it's expensive, because you have to buy a lot of politicians. I  
79 sometimes wonder how much I pay for a cup of coffee goes to  
80 some corporate owned politician. Well, China was invited into the  
81 game a few decades ago. And China has learned the game very  
82 well. The CCP has turned it into a weapon against us.

83 We were told if we brought China to the table and gave them a  
84 taste of economic prosperity they would see the benefits of  
85 capitalism and turn away from their controlled society and  
86 embrace freedom. Well, they did not embrace freedom — what

87 they did is they used capitalism to fund tyranny, and to export their  
88 form of tyranny around the world. Their primary target is the US.

89 The CCP made our corporate establishment dependent upon their  
90 cheap labor, used the money to build a powerful military and to  
91 buy politicians so that they have worked their way into every power  
92 stronghold in this country—so that America has corporate  
93 communism China style now. We have CHINESE CORPORATE  
94 COMMUNISM. The idea that there is no competition at work is a  
95 ruse. China "competes" with the US. The difference is only that in  
96 corporate communism when all competition is eliminated you will  
97 find the corporations will become stagnant, and corrupt, and will  
98 begin preying on the people instead of serving them. The PEOPLE  
99 always LOSE when the CORPORATIONS monopolize the  
100 government. And the dirty little secret is, then the corporate  
101 moguls compete for superiority among the ELITES and it never  
102 ends until you have one guy on top of the heap NOW IN  
103 CONTROL OF EVERYTHING AND EVERYONE.

104 Competition is a natural drive in human nature and the only  
105 proper restraint is love—love for GOD and for our fellow man. But  
106 competition always produces ongoing improvements and greater  
107 and greater services and products for THE PEOPLE.

108 Trump represents capitalism in a free market where competition  
109 drives research, constant improvement, and results in the BEST  
110 PRODUCTS AT THE BEST PRICES POSSIBLE SO THAT ALL  
111 MANKIND BENEFITS, not just a few elites.

112 Biden is a CORPORATE COMMUNIST. He took the office by  
113 fraud, and he needs to be perp walked out of the White House  
114 along with the rest of those thieves of American Liberty.

115 Will the 2020 election be thrown out and we can restore  
116 confidence in our elections without recourse to the Burma model?

117 The corporate communist propaganda constantly pushes mantra:  
118 the election is over, let's move on, there was no fraud beyond the  
119 usual incidental occasion here and there, Biden won in a fair and  
120 honest election, saying otherwise is unpatriotic and even borders  
121 on treason.

122 Unreal! They spent four years denying the decrying the 2016  
123 election, and went so far as to plan and execute a failed coup  
124 against Trump during his term, and then finally, at least so far,  
125 succeeded at stealing the 2020 election by election fraud that is  
126 outrageous. And we have the PROOF of foreign interference  
127 through domestic proxies — and PROOF that CHINA was the  
128 primary culprit in the steal.

129 But good things come of these. Jesus promised that "all things work  
130 together for good" — here is what is developing in some of the  
131 Swing states.

132 In December, a state court in WI ruled that, "State and local  
133 officials shouldn't have given blanket permission for voters to  
134 declare themselves homebound for the 2020 election and skip ID  
135 requirements." In this ruling, the court said county officials and the  
136 governor overstepped their authority when they used "emergency  
137 orders" to change the rules without the involvement of the  
138 Legislature. It's hard to contain myself when I hear this stuff. Please  
139 tell me you understand that this means the Governor in WI  
140 together with the election officials DISMISSED THE PROPER  
141 LEGAL REQUIREMENT FOR THE LEGISLATURE to make these  
142 changes and the reason was these legislatures were Republican and  
143 they knew they would not buy the lie. It's a total disregard for the  
144 rule of law. It's beyond the pale. These people MUST be punished  
145 for this — and the election in Wisconsin must be nulled. It must  
146 not be allowed to stand.

147 It's like catching the guy who stole your car and saying, you should  
148 not have stolen that car — BUT LEAVING THE CAR WITH THE  
149 THEIF. You must TAKE THE CAR from the THIEF!

150 In MI, in a state court, Judge Christopher Murray ruled "the  
151 secretary of state, Jocelyn Benson, violated state law with her  
152 instructions on signature verification for absentee ballots."  
153 VIOLATED STATE LAW! What was this? A slap on the hand? A  
154 little finger wagging? That's ALL it was unless you say, well, that  
155 election can't stand. You don't catch the thief, and then let him  
156 keep what he stole. Like the WI case, this judge in MI rule that the  
157 secretary of state DID NOT HAVE THE AUTHORITY TO MAKE  
158 THESE CHANGES INDEPENDENT OF THE LEGISLATIVE  
159 BRANCH.

160 In other words—it was a violation of state law. Well, guess what? It  
161 was also a violation of the CONSTITUTION—which says electors  
162 are to be chosen in a manner decided upon by the state legislatures.

163 The election was conducted CONTRARY TO STATE LAW,  
164 CONTRARY TO THE CONSTITUTION — and so the  
165 ELECTION IS FRAUDULENT — it is ILLEGAL. Biden is NOT  
166 the president — he was put into office by BREAKING THE LAW.

167 VA has a law on the books expressly prohibiting acceptance of  
168 ballots without a postmark or after Election Day. Virginia allowed  
169 ballots to be counted that were received without a postmark and  
170 after Election Day. None of those ballots are legal — Biden won  
171 because of these illegal actions — he is an illegal president! Biden is  
172 NOT the president of the US — he was put in office contrary to  
173 our laws. He was put into office by an election that was not  
174 conducted according to the RULE OF LAW.

175 Georgia, and Arizona are also passing similar laws. Georgia passed  
176 a law that requires VOTER ID — Biden is blowing his top! He is  
177 angry. He would, if he could, DEMAND ALL CITIZENS HAVE ID

178 PROVING THEY HAVE BEEN VACCINATED in order to travel,  
179 even from County to County—but he will give travel vouchers to  
180 illegal aliens entering our country without any vaccination  
181 requirement where we KNOW FOR A FACT A MUTATED  
182 STRAIN OF COVID HAS BROKEN OUT IN BRAZIL — and this  
183 is the vile, ungodly, worthless man, a real SON OF BELIAL, who  
184 accused Trump of doing nothing about COVID and criticizing  
185 Trump's travel bans initiated very soon after that first outbreak—  
186 he is a SON OF BELIAL! A liar, and a cheat—he plagiarized in  
187 college and plagiarized in his political speeches, and now he holds  
188 the office as a cheat and a thief and a liar — that's what the Bible  
189 calls a SON OF BELIAL.

190 Okay, I have come up on the break so I need to tap the breaks!  
191 Hold on through the, uh, hehe, break! And I'll be right back.

192 YOU DON'T CATCH A THIEF AND THEN LET HIM KEEP  
193 WHAT HE STOLE.

194 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
195 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
196 lighter, lighting the lamps in the church belfry arch, signaling the  
197 enemy is on the march, an enemy that would steal from us our  
198 liberty.

199 I didn't make it to the Maricopa county Arizona news. The latest is  
200 Arizona Senate voted to conduct a full audit of the machines and  
201 the ballots used in Maricopa County. And now they have selected a  
202 firm to carry out the audit. This freaked out the Maricopa County  
203 supervisors. They called an EMERGENCY meeting and CLOSED  
204 IT TO THE PUBLIC. The Maricopa Country Board of Supervisors  
205 has fought against an audit from the beginning. Their state Senate  
206 asked for access to the machines and the ballots, and The Sups said  
207 no. The AZ Senate then issued subpoenas for the machines and the  
208 ballots, and the Maricopa County Supervisors refused to comply  
209 on some technicality. The AZ Senate strengthened the subpoena,

210 the Supers slow walked and violet the time delimiter. The AZ  
211 Senate got a court order to compel compliance; the Supers refused  
212 to comply with the court order. They finally had to concede, but  
213 when the AZ Senate actually hired a firm to proceed, the Maricopa  
214 County Supervisors called an emergency meeting. Then they  
215 announced the meeting would be CLOSED to the public.

216 So, at this point, these Supers are protecting more than their jobs  
217 — they've lost that long ago, and they know it. THEY ARE  
218 TRYING TO PROTECT THEMSELVES FROM SERIOUS JAIL  
219 TIME. These wicked people have violated law, they violated their  
220 oaths of office, they violated the trust of the people of their county,  
221 they participated in the THEFT of the VOTE—the election in AZ  
222 must be reversed. You don't catch a thief and let him keep what he  
223 stole.

224 Phil Kline of the Thomas Moore Society are preparing to sue  
225 Zuckerberg over hundreds of millions of dollars he "donated"  
226 through something he calls the "Center for Tech and Civic Life"—  
227 and the money was routed to local election officials in key  
228 battleground states.

229 So, I'm watching FLASH POINT — and the host, I like him, by the  
230 way, and I have a lot of good friends who think the way he does,  
231 but after going over much of the information I just related, he said,  
232 "Now, none of this is going to pry Biden out of the White House.  
233 So, what we should be concerned about is how elections will be run  
234 in the future..." or something like that, and every time I hear this  
235 coming from our side my head explodes.

236 THE ELECTION WAS STOLEN BECAUSE THESE SONS OF  
237 BELIAL DISREGARDED THE LAW. Why do you think making  
238 another LAW is going to solve this problem? JUDGMENT  
239 restoring JUSTICE is what is needed here. Laws that are not  
240 enforced by JUDGMENT provide NO JUSTICE.

241 Well, thankfully, FLASHPOINT had General Flynn and Mike  
242 Lindell as guests. What's with the MICHAELS — arch angel, you  
243 know, the Angelis prince of Daniel's people—Israel? Interesting!

244 Anyway.

245 Flynn chided those who are talking about 2024—essentially, what  
246 I've been saying, anyone talking about 2024 without making it clear  
247 something must be done about 2020 should not be taken seriously.

248 I AGREE! 100%.

249 Then Flynn said, "We know it was fraudulent. We know there was  
250 massive foreign interference. We have a number of countries, but  
251 the principal country is CHINA. And China is all over the  
252 geographical map of the United States of America, and the Chinese  
253 know this. They don't like me talking about this because they  
254 KNOW I know.

255 Mike Lindell also spoke up. He said he totally agreed with Flynn.

256 Lindell spoke of his program, lindelltv.com and a video they put  
257 out yesterday presenting scientific proof the election was stolen by  
258 manipulating the Dominion machines. He said we have everything:  
259 proof of cyber attack from computers with IP addresses that link to  
260 CHINA. He said these IP addresses have been verified to be  
261 CHINA based computers. He said we have whistleblowers whose  
262 identity we must protect but you'll hear them on his program.

263 I'm not going to make it to the border today, but I have a real  
264 excuse, not like Kamala. She was tasked to do something about the  
265 border. Really? Think about that! You've seen the pictures coming  
266 out, from Veritas, and even MSM is beginning let it out—they have  
267 to because alternative media is getting ahead of them. But think  
268 about this. Biden throws this to Kamala — this is a disaster! Truly,  
269 and unmitigated disaster—children are being kept in makeshift  
270 enclosures really, not even cages, and sleeping on the ground, I

271 mean in the dirt. The "optics" on this are going to be VERY bad to  
272 the person they plan to put into the Oval Office in place of Biden.

273 And, let's see, no, I really don't have time to go into the rumor that  
274 650 planes hauled away Vatican treasure to Fort Knox — and  
275 elsewhere. But, it is interesting that the Vatican has had to cut back  
276 on salaries of all "menials" and will not be able to fund special  
277 projects like the homosexual lifestyle propaganda movie about  
278 Elton John — put a million into that one. So, maybe there is  
279 something to the reports—but I'll speak to that tonight on my  
280 livestream visit.

281 Pray—the Dems are getting increasingly frustrated and paranoid.  
282 All they are trying to do is getting gummed up, and they are feeling  
283 the REPROVER on their neck—they will behave more erratically  
284 as they continue to see their plans foiled. In desperation they will  
285 do unconscionable things. A crazy Muslim rammed the blockade  
286 and killed an officer — all were gleefully hoping it was some white  
287 guy in a rage over the steal—but, oh well, it was a black Muslim, a  
288 supporter of Farakhan—so next we hear AOC was dodging bullets  
289 from a — well, we'll see! They are getting desperate.

290 But, let's move toward conclusion for today's brain massage.

291 Will California finally catch up with the more advanced states, like  
292 Florida and Texas, who actually follow the SCIENCE — and is it  
293 ever a good idea to surrender liberty to the control of doctors.

294 You do know that Florida and Texas are WIDE OPEN! No mask  
295 mandate, not vaccination passports — FREE!

296 And following this, there was no spike in COVID cases or deaths. I  
297 don't have the number in front of me but I am pretty sure it was  
298 close to 20 states that are wide open, and as many as 40 that are  
299 planning to be WIDE OPEN by end of March or end of April.

300 But, not California — no sir! We don't follow science; we follow  
301 scientists. There is a difference. You see the difference is this. Real

302 science does not lie. It simply represents what is. But scientists,  
303 well, that's another story. Scientists will lie if it ingratiates them  
304 with those who control the advancement of their careers, or if it  
305 protects their government funding, or otherwise advances their  
306 personal interests. Scientists will fudge the experiments, like they  
307 did with the faked Lancet Study, which WHO admitted was fake.<sup>1</sup>

308 That was a study created, I mean, fabricated, to show Hydroxy-  
309 chloroquine is ineffective for the treatment of COVID-19. Turns  
310 out it IS not harmful at all and very good results have been  
311 obtained when used with azithromycin.

312 Florida and Texas have proved that the mask thing is a ruse — and  
313 of the 17 RCTs I've studied, together with attending  
314 documentation already convinced me of that long time ago. By the  
315 way, each of those that discussed the other side, the potential  
316 harmful effects of wearing masks showed reason for concern that  
317 beyond the respiratory problems they cause to some people, the  
318 deprivation of needed oxygen that affects everyone, but some  
319 people more seriously — there are concerns that in fact having the  
320 general population walk about in masks can actually increase  
321 exposure to the virus. AND the social distancing nonsense was  
322 looked at carefully back in the 1800s and it was determined it is not  
323 effective in protecting us from the spread of a virus, especially one  
324 that is airborne, and no recent studies have provided a conclusive  
325 result.

326 No one needs a vaccine for a disease for which there is a 99.9%  
327 recovery rate, and therapeutics that have been shown to be very  
328 effective.

329 So, let's all just take a breath here and say, all together now,  
330 DOCTORS ARE NOT GOD. Say that about three times and you'll

331 feel better. Fauci is clearly a phony—he has said at least once  
332 anything anyone wants to hear on this subject. He is doubling  
333 down now because, well, I think it's because he knows his  
334 mishandling of this manufactured crisis has contributed to a whole  
335 lot of death and suffering and he can sense the boomerang cycling  
336 back and it's got a gps on his location.

337 When it does finally all come out — Fauci is done!

338 But we, friends, we must be FREE. Living in fear of some invisible  
339 virus is not living. They have lied to us. Admit it! And let's let them  
340 know we are not going to be their lab rats anymore.

341 Experiment over! Experiment in TAKING OVER OUR LIVES by  
342 lies about some mysterious disease and manipulated cases and  
343 death — FAILED!

344 I have lit the lamps in the Church belfry arch and now you let me  
345 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
346 ON and you will ride like Revere and spread the warning,  
347 (essentially, it means you agree with what I'm saying) or you say  
348 LIGHTS OFF -- which means you reject what I'm saying and  
349 disagree strongly with me. So, what will it be today, lights on, or  
350 lights off?
