Original Air Date: 04.30.21

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 Our sympathy to all families and friends who lost loved ones in the  
5 stampede at Mt. Meron in Israel! It's still unclear to me how this  
6 got started—more than 40 perished and well over 100 injured  
7 when, during a celebration of Lag B'Omer crowding developed and  
8 a stampede got triggered. At least that's the reports we are getting  
9 at present!

10 —

11 Update on the Maricopa audit!

12 Update on the COVID thing: Vax-Passes coming to New York and  
13 Chicago. The FREE STATE OF FLORIDA continues to stand  
14 strong against the rise of Nazi like fascism in America — pre-order  
15 Levin's book, American Marxism.

16 We'll take a quick peek into the Vaccine question—

17 ANTIFA issues threat against WHEELER — declares intent to  
18 abolish all government.

19 Biden's speech—summarized: redefining the relationship between  
20 WE THE PEOPLE and the government.

21 JoeBama can't get anything going on between Ukraine and  
22 Russia—so China/CCP will have to attack Taiwan without the  
23 cover of that distraction.

24 And the case of Brucey "Caitlyn" Jenner — what does it mean that  
25 Republicans are lining up behind his run? And will this finally

26 push into the foreground Trump's equivocating support for the  
27 LGBTQ community?

28 What needs to happen in the recall of Newsome!

29 Friends! It's time for your brain massage!

30 [TRUTH]

31 Why did Hillary's law firm, Perkins Coie, send 73 lawyers into  
32 Maricopa County to contest the audit? I understand now that some  
33 others have joined in and that there are over 100 lawyers working  
34 together to stop the AUDIT.

35 The very latest tactic has been to send a letter to Biden's  
36 Department of Nazi Protection squad—the so-called Justice  
37 Department—that raids Giuliani's apartment with an illegal  
38 warrant to confiscate all electronic devices—well, except for  
39 Hunter's hard drives—which when Giuliani pointed out to them  
40 that they left Hunter Biden's hard drives they panicked and refused  
41 to take them—but took all Giuliani's electronic devices—after they  
42 had already illegally breached his privacy by accessing his cloud  
43 account during his defense of Trump during the phony  
44 impeachment scam—that one—the Department of INJUSTICE—  
45 the Department of UNCONSTITUTIONAL Breaching of Citizen's  
46 RIGHTS—the Democrat lawyers and so-called "election experts"  
47 **(SQUIRRELL LAUGHTER)** all these DNC operatives have tried  
48 everything they can to STOP THE AUDIT and now they have  
49 called on the BIDEN ADMIN to step in—<sup>1</sup>

50 These yahoos already attempted to bully those conducting the  
51 audit with threats of lawsuits, they have attempted to bribe, and if  
52 they could, they would use blackmail too—they have petitioned the  
53 court multiple times to stop or stall the audit—.

---

<sup>1</sup> <https://www.brennancenter.org/our-work/research-reports/election-experts-send-letter-department-justice-arizona-audits>

54 Another play they are trying is to manipulate the system so the  
55 audit results will go before a judge they control.

56 After the audit is completed, the case will be brought before the  
57 Superior Court in Maricopa County. The judge in the rotation to  
58 take this case was Judge Coury. He had prior connections with  
59 persons who are doing the audit of the election, so he did the  
60 honorable thing, and recused himself.

61 Pamela Gates is what is called the Civil Presiding Judge in  
62 Maricopa County Superior Court. This means that when a judge  
63 recuses him or herself — Pamela Gates is responsible to select the  
64 judge who will hear the case.

65 Now, it just so happens that Pamela Gates is the wife of Bill Gates  
66 — not the one who wants to depopulate the planet by about 6  
67 billion people — the one who is Maricopa County Supervisor for  
68 the third district — one of the five Supervisors who did everything  
69 they could to STOP THE AUDIT — even going to the extreme of  
70 refusing to comply with a State Senate subpoena to release custody  
71 of the ballots and voting machines to the Senate, and then refusing  
72 to comply with a COURT order that they comply — and only after  
73 some serious legal maneuvering and fighting were they finally  
74 compelled to OBEY THE LAW and release custody of the Ballots  
75 and Machines to the Senate to proceed with the election AUDIT.

76 That's Bill Gates — his wife — she is the CIVIL PRESIDING  
77 JUDGE responsible to choose which judge will hear the  
78 ELECTION CASE after the audit is complete. Do you think maybe  
79 there is a CONFLICT OF INTEREST here?

80 Hmmmm! So, the judge that was picked for the case was Judge  
81 Martin. Who is Judge Martin? Well, Judge Martin was placed by  
82 none other than former AZ governor Janet Napolitano. Janet was  
83 Obama's pick for Secretary of Homeland Security and served in  
84 that capacity from 09-13. (We already know that every judge that

85 dismissed election fraud cases has been an OBAMA pick—with the  
86 exception of the SCOTUS—which we will talk about more later.)

87 So, a reporter running down this story called Janet Gates' office  
88 about her choice of Judge Martin to hear the election audit case.

89 Guess what? You won't believe this? Gates' office informed the  
90 reporter that Gates' did NOT APPOINT JUDGE MARTIN. The  
91 reporter was told that while it would normally have fallen to Gates  
92 to make the appointment, Judge Thomason is the one who selected  
93 Martin to hear the case.

94 Hmmm? Well, okay. That's good! Right? I mean, it's obvious Gates'  
95 has some reasonable sensitivity to the appearance of a conflict of  
96 INTEREST here and so, we would assume, had the good judgment  
97 to pass off the appointment to another judge — Judge Thomason.

98 So, the reporter calls the office of Judge Thomason and his office  
99 said that Judge Thomason did not select Judge Martin. The  
100 reporter was told that Judge Thomason announced the  
101 appointment of Martin—but that is what he was instructed to do.<sup>2</sup>

102 Where did he get the instruction to name Judge Martin as the  
103 judge to receive this case? The reporter was told the person  
104 responsible to decide who would hear the case was PAMELA  
105 GATES. The office of Judge Thomason said flatly that the name  
106 came down from JUDGE GATES.

107 So — there you have it! Super liberal and Democrat loyal Judge  
108 Martin was picked to hear the audit case by the wife of the corrupt  
109 Supervisor Bill Gates who colluded with the other Maricopa  
110 County Supervisors to obstruct the AUDIT ordered by the AZ  
111 state Senate.

112 What are the Supervisors afraid of? We already know enough from  
113 the records to support suspicions of massive voter fraud in their

114 county. The margin of victory for Biden AZ was only 10,457 votes.  
115 Now, get this!

116 Absentee ballots cast from addresses other than where voters  
117 legally reside: 19,997

118 Absentee ballot cast that were returned on or before the postmark  
119 date: 22,903

120 Double voters: in-state: 157

121 Ghost voters: 5,790

122 Mail-in ballots cast by voters registered after the registration  
123 deadline: 150,000

124 No address on file for voter: 2,000

125 Out-of-state voters who voted in-state: 5,726

126 Over-votes: 11,676

127 Possible ILLEGAL VOTES: 254,722.

128 I mean, if the 2020 election was the most above board and  
129 transparent election in the history of Arizona, as Governor Doug  
130 Ducey claims — then Arizona might be more messed up than  
131 California — and I doubt that! Good night!

132 If the election was done according to LAW—the ballots received  
133 that were returned ON OR BEFORE THE POSTMARK DATE  
134 would be rejected—and that accounts for more than 22k votes.  
135 Let's look at those and see how many were for Biden, shall we?  
136 Think we might find about 11k? About half, at least, right?

137 Besides the 150,000 ballots from voters registered AFTER THE  
138 REGISTRATION DEADLINE. 150k, folks! COME ON MAN!

139 How far will they go to stop the AUDIT?

140 Hey, I'll be right back!

141 Trail off: It's like Jim Jordan said, the left can't show you Joe Biden  
142 won the election, all they do is tell you he did. — Check out Mike  
143 Lindell's documentary—Absolute Proof and Absolute Interference.

144 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
145 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
146 lighter, lighting the lamps in the church belfry arch, signaling the  
147 enemy is on the march, an enemy that would steal from us our  
148 liberty.

149 Biden's speech—summarized: redefining the relationship between  
150 WE THE PEOPLE and the government. Essentially, Biden declared  
151 they will turn the old yarn about the government serving the  
152 PEOPLE on its head. From now on, THEY THE GOVERNMENT  
153 WILL RULE OVER WE THE PEOPLE. The experiment in self-  
154 governance is over! Results: FAILED. Why? The exact reason our  
155 Founders anticipated. They warned us that the government they  
156 bequeathed to us could only be maintained by GOD FEARING  
157 PATRIOTS. And he double-downed on his assertion that the  
158 AMENDMENTS ARE NOT ABSOLUTE. I spoke to that a few  
159 shows back—why our rights are absolute.

160 And, our inalienable rights are not SUSPENDED because some  
161 Governor, or President declares an emergency. Vax-Passes coming  
162 to New York and Chicago. The FREE STATE OF FLORIDA  
163 continues to stand strong against the rise of Nazi like fascism in  
164 America — pre-order Levin's book, American Marxism.

165 BardsFM put together an excellent pamphlet addressing the  
166 vaccine issue. (Thank you Susan!) From the CDC — the infection  
167 fatality rate of COVID-19 for people under 69 is LESS THAN 1%.

168 For children and adolescents it's 0.003%. So that's .00003. Convert  
169 this into a recovery rate. For people under 69, the recovery rate is  
170 over 99%. For children and adolescents it's 99.99997%. This is  
171 taken from the CDC, folks!

172 Now, get this. Across all ages, God's designed immune system is  
173 98% effective to ward off the COVID bug.

174 The best synthetic (man made) vaccines can do for this disease is a  
175 95% effective rate. But that's only if you reduce the threshold of  
176 what is considered *effective* to include prevention of MILD  
177 SYMPTOMS.

178 According to the science — which every one tells us we must  
179 FOLLOW — according to the science the vaccine manufacturers  
180 cannot claim their product prevents asymptomatic COVID-19 or  
181 to last more than one year.

182 [As an aside: FDA will not approve these experimental drugs as  
183 *vaccines*. This is because they are *eperimental*. In fact, all who take  
184 the vaccine are enrolled in a clinical trial, and tracked for two years.  
185 I don't know if that's routine for all such vaccines, but, wow! I  
186 wonder if people are being given full disclosure about this?]

187 As of Jan. 22, there have been 271 deaths and 9,845 adverse events  
188 following vaccination—most of the deaths occurred within 48  
189 hours of the vaccination. And hey, "a study shows that only about  
190 1% of actual cases are picked up" — What???

191 [By the way, I am aware that adverse events are common to all  
192 sorts of medical treatments—it's impossible to anticipate how every  
193 body will respond — or to account for a myriad of impossible to  
194 foresee variables from person to person, from vial to vial, and so  
195 on. HOWEVER: we are talking about taking these risks to protect  
196 you from a disease that your own immune system will likely  
197 protect you better. 98% GOD'S NATURAL IMMUNE SYSTEM as  
198 opposed to 95% for the science guys.]

199 Phony Fauci tacitly admits the vaccines are a waste of time. He  
200 said, "I would recommend people to not abandon all public health  
201 measures just because you have been vaccinated." He explained  
202 why, "Even though, for the general population, it might be 90 to

203 95% effective, you don't necessarily know, for you, how effective it  
204 is."

205 I saw a meme — here is a guy wearing a seat belt while standing in  
206 a park—CDC recommends you wear your seatbelt when outside of  
207 your car.

208 We should all wear a helmet; after all, 200 satellites up there might  
209 break into thousands of pieces and start falling out of the sky.

210 Why do they want to keep us in these masks of oppression?  
211 Oregon is talking about making it a permanent thing. You've got to  
212 be kidding me. When are we going to start following the science?  
213 According to the science — masks don't protect from virus  
214 infection or transmission. And, according to an MIT study I read  
215 recently, social distancing indoors does not offer any significant  
216 protection either.<sup>3</sup>

217 And, hey, where did the flu go? (Roland, I am aware that the  
218 science says generally only one strain of flu dominates any given  
219 season.)

220 Normal flu rates range from 9 million to 43 million in a season.  
221 Deaths from flu range from 24k to 62k on the average flu season in  
222 the US.

223 In 2017, we had 45 mill. cases; in 2018, 42.9 million, in 2019, the  
224 estimate was from 39-56 million — but in 2020 there were only  
225 1,499 cases of the flu.

226 Here is a New York Times article in which Dr. Webby tells us  
227 "generally, there is only one dominant respiratory virus in a  
228 population at a given time." But such a drastic reduction seems  
229 implausible. No such dramatic reduction in flu cases accompanied  
230 the first SARS-CoV-1 outbreak during Obama's administration.  
231 From September 2020 through the beginning of April, we have had

---

<sup>3</sup> <https://www.theblaze.com/news/mit-social-distancing-study-finds-there-really-isnt-much-of-a-benefit-to-the-6-foot-rule-indoors#toggle-gdpr>

232 only 2000 cases of the flu reported. Usually, during this same time  
233 span, we would have had 206,000 cases.

234 Now, here is another lesson in how to read these things.

235 Dr. Webby further explains that, "one tends to keep the other out."  
236 Apparently, however, this is not an adequate explanation why the  
237 flu has virtually disappeared!

238 The article goes on to credit wearing masks and social distancing as  
239 possibly contributing to the surprising phenomenon: "As measures  
240 to stop the spread of the coronavirus were implemented around  
241 the country in March 2020, influenza quickly disappeared, and it  
242 still has not returned."<sup>4</sup> It is admitted, however, that "scientists do  
243 not yet know which public health measures were most effective in  
244 eradicating the flu this season," but conjectures that "if behaviors  
245 like mask-wearing and frequent hand-washing continue after the  
246 coronavirus pandemic is over, they could HELP TO KEEP  
247 INFLUENZA AT BAY IN THE UNITED STATES."<sup>5</sup> OH, God  
248 help us! These crazy people are laying down the premise for  
249 keeping us in perpetual lockdown, or wearing masks indefinitely —  
250 . But my point is that natural suppression by one virus over others  
251 is not an adequate explanation for the sudden disappearance of the  
252 flu—masks might be, social distancing might be, who knows—Dr.  
253 Webby said "we don't have a clue" when the flu will make a  
254 comeback—but, apparently, they also don't have a clue what made  
255 the flu disappear. But one thing they all agree to is that it's coming  
256 back — and possibly with a vengeance.

257 Scientists warn that "The lack of exposure to the flu could also  
258 make the population more susceptible to the virus when it  
259 returns—and experts say its return is certain"—according to  
260 epidemiologist Sonja Olsen, CDC.

<sup>5</sup> <https://www.nytimes.com/interactive/2021/04/22/science/flu-season-coronavirus-pandemic.html>

261 The doctors interviewed for this article expressed a concern about  
262 a decrease in natural immunity. Dr. Olsen said, "Lower immunity  
263 could lead to more infections and more severe disease." Exactly!

264 Exactly what we have always known about the natural working of a  
265 virus in a population. Exposure helps generate the natural immune  
266 response and as the virus moves through a population it becomes  
267 increasingly weaker while the natural immunity of the population  
268 becomes increasingly stronger.

269 The flu has NEVER DISAPPEARED FROM CHINA although  
270 mask wearing and social distancing are the norms there.

271 All the studies on mask wearing show minimal protection from  
272 any virus, that are far outweighed by the risks of prolonged mask  
273 wearing. Recently, a perfectly healthy teenager collapsed at the end  
274 of a run from oxygen deprivation. The masks DON'T work!  
275 Neither does social distancing—in doors—if the risk of getting  
276 COVID while sitting at a table to eat your food is acceptable, then  
277 the risk of getting COVID as you walk to the table is also  
278 acceptable.

279 Be DONE with the Masks, my friends. I'm almost done with my  
280 booklet explaining MASK-SCIENCE — read this MIT study  
281 exposing the social distancing scam! It's about control!

282 It's about realizing the JoeBama dream of transforming America  
283 into a bunch of government controlled bots who wait for the  
284 government to tell us when to go out of doors, when we can sit  
285 indoors to eat, when we can celebrate the 4th July—a society where  
286 the expression, "Papers please," will become common—where you  
287 will be FORCED to take a shot provided by the government in  
288 order to travel, or even come out of your house.

289 Anyway, let me touch on the Caitlyn caper for the Governor's  
290 Ball—and I'll address this more fully from the Pulpit of the  
291 Lighthouse Baptist Church this coming LORD's DAY!

292 Generally, Bruce is not getting the sort of support from the left he  
293 hoped for. It's incredible and sad, really, how many men are trying  
294 to cash in on the opportunity to do "women" better than women  
295 do. It's like they have been inspired by Annie Get Your Gun —  
296 "Anything you can do I can do better; I can do anything better than  
297 you." Really? Well, you can't bet a man in running sports! So! I  
298 guess men make better women—right? Of course not!

299 It's disgusting to see a woman act like a man or a man act like a  
300 woman. But the CAGOP seems to be warming to a little caper with  
301 Caitlyn.

302 What does it mean that some Republicans are lining up behind his  
303 run? And will this finally push into the foreground Trump's  
304 equivocating support for the LGBTQ community? Are Christian  
305 conservatives going to be forced to make yet another choice  
306 between Christianity and their politics? Can a Christian vote for a  
307 tranny? What does the BIBLE say about this issue? Does it matter?  
308 I'm going to address this at 5 pm this Sunday at the  
309 LIGHTHOUSE.

310 I have lit the lamps in the Church belfry arch and now you let me  
311 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE  
312 ON and you will ride like Revere and spread the warning,  
313 (essentially, it means you agree with what I'm saying) or you say  
314 LIGHTS OFF -- which means you reject what I'm saying and  
315 disagree strongly with me. So, what will it be today, lights on, or  
316 lights off?
