

Brain Massage®: Show No. 832 Remembering Our Heroes / The Return of Trump? / The Truth About the PCR Test Unveiled

Jerry Scheidbach

Original Air Date: 05.29.21

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 A Memorable Memorial Day — Let's Remember! — Sunday, 10:45
5 AM and 5 PM.

6 It's time for your Brain Massage®.

7 [TRUTH]

8 Let's begin with Trump's Memorial Day speech, May 2020, given in
9 Baltimore—It's been edited for time. Let's REMEMBER.

10 [INSERT TRUMP SPEECH— 8.11]

11 Right now we face a crisis — and I don't think I'm exaggerating
12 when I say it is of biblical proportions. Some have noticed I use a
13 battered and worn image of our flag with my logo for the Brain
14 Massage Show on our website — brainmassage.net.

15 It represents the fact that at this time in our nations quest for
16 liberty and justice for all, we are under bombardment from
17 enemies foreign and domestic — attacked from without by godless
18 regimes that despise liberty and pervert justice—the CCP being the
19 greatest of these threats, but not the only one—a Globalist
20 conspiracy to break down national boundaries and pull America
21 under the control of those that worship at the altar of Mammon,
22 whose hunger for wealth and power drags their souls to the altars
23 of Moloch and Aphrodite where they cover their hands with the
24 blood of infants, and feed their filthy and unnatural appetites by
25 devouring the innocence of children, and their own warped and
26 twisted souls warp and twist the hearts of children into denying
27 their own God given gender—destroying their futures — like the

28 Dragon they serve and worship, they prowl about, as a lion, seeking
29 whom they may devour — a nation that betrays its most helpless,
30 and innocent, the infant in the womb—will certainly betray any
31 allegiance. How can we expect our "leaders" to keep their oath to
32 defend our Constitution when they blithely break the most
33 fundamental of natural oaths — to defend the innocent?

34 Abraham Lincoln famously said, “From whence shall we expect the
35 approach of danger? Shall some trans-Atlantic military giant step
36 the earth and crush us at a blow? Never. All the armies of Europe
37 and Asia ... could not by force take a drink from the Ohio River or
38 make a track on the Blue Ridge in the trial of a thousand years. No,
39 if destruction be our lot we must ourselves be its author and
40 finisher. As a nation of free men we will live forever or die by
41 suicide.” —

42 Our flag flies under a bombardment of foreign enemies more
43 formidable that Baltimore faced in 1814—and increasing the
44 danger we have enemies within who have betrayed us, they have
45 betrayed our most sacred and fundamental principles—innocent
46 until proven guilty, the right to choose who will govern us—the
47 consent of the governed—our right to keep and bear arms, our
48 right to free speech—even our right to FREE ASSEMBLY AND TO
49 WORSHIP GOD ACCORDING TO THE DICTATES OF OUR
50 CONSCIENCE — there is no right that is sacred in hearts so full of
51 darkness they deny the right of life to the unborn child. — And yet,
52 through the bombardment, through all the smoke of lies and deceit
53 stirred up by the corrupt media today, through all the worshippers
54 of the "chaos god" who dance around the burning flag — through
55 all of it — I, for one, answer Scott's question — YES — I can see by
56 the LIGHT of GOD'S WORD and HIS PROMISE to HEAR and
57 HELP US — II CHRONICLES 7:14 — Yes, I can see THE FLAG IS
58 STILL THERE.

59 Hold on through the break. I'll be right back.

60 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
61 at the Lighthouse, your brain masseur, and Paul Revere's lantern
62 lighter, lighting the lamps in the church belfry arch, signaling the
63 enemy is on the march, an enemy that would steal from us our
64 liberty.

65 Fetus trafficking exposed!

66 Fauci firing proposed.

67 Fuellmich testimony disclosed!

68 And Fulton's fuming explodes — hehe. On a roll here! Interesting
69 developments in the effort to TRUE THE VOTE —

70 TRUTH is MARCHING ON!

71 I'll have to move quickly here so listen fast!!

72 Do you know what the word *fetus* means? It's from a Latin word
73 that means *little child*. Every *fetus* destroyed is the killing of a *little*
74 *child*.

75 Talks about *depths of Satan*? We have learned that our
76 government, courtesy of Dr. Fauci, has been involved in funding
77 experiments using aborted baby scalps grafted onto the heads of
78 mice.¹ NIAID—that's Fauci's National Institute of Allergies and
79 Infectious Disease operation — under his leadership tax payers
80 dollars (1.4 million according to this report) are used to fund
81 grotesque—beyond Nazi era type human experimentation — here
82 are photos of five months old aborted babies cut open, alive, in the
83 womb in order to harvest its liver. Here we see a doctor inserting
84 an instrument into the womb and torturing a live FETUS to "study
85 its response to stimulus" until the baby is dead.

86 Pittsburg University,² the Bio department, caught trafficking in
87 aborted fetuses — Do you know what the word *fetus* means? It's

¹ <https://www.youtube.com/watch?v=c-JUzqswKZs>

² <https://www.youtube.com/watch?v=c-JUzqswKZs>

88 from an Italian word that means *little child*. Where do they get
89 their "product of conception" for their experimentation? Planned
90 Parenthood, of course.

91 The Satan worshippers — don't roll your eyes honey! Open them!
92 I'm sensationalizing? Yeah, like it was unbelievable that our highest
93 paid bureaucrat, the beloved and trusted Dr. Fauci, would never be
94 so stupid as to direct hundreds of thousands of dollars to a CCP
95 controlled institute of virology — and then he would never deny it,
96 and try to hide it, and he would never engage in gain of function
97 experimentation, and he would never lie to us about masks — what
98 lie? Pick the one you want. The one where he said masks are of
99 such negligible value they are not recommended for public use
100 (which actually agrees with the science, by the way), or the one
101 where he said wearing one is good, but two is better (which is
102 contrary to the science, by the way!). So, here is what we know for
103 sure:

104 1. Planned Parenthood supplies fetuses to the University of
105 Pittsburg.

106 2. NIH gives grant money to the University because of its access to
107 fetal tissue and parts — yep! University shows they have access to
108 this product of conception material, which qualifies them to get
109 money from NIH.

110 3. This money is used to buy fetal body parts from Planned
111 Parenthood — so we have an interesting money circle here.

112 Looks like a quid pro quo — allowing Drs. Mengele (Men-gah-leh)
113 — who got his "products of conception" from Auschwitz— a
114 legalized Nazi government concentration camps courtesy of
115 Hitler's Holocaust — and today his spirit doppelganger, Fauci, gets
116 his "products of conception" human material for his experiments
117 from government subsidized legalized abortion mills — so he can
118 have live fetuses poked, and stuck, and tortured to death to study

119 fetus response to stimuli in the womb, and have their livers
120 surgically removed — it would be so much easier if there was not
121 so much resistance to murdering them outside the womb — you,
122 post birth abortion — what Cuomo and his fellow devils popped
123 the cork and danced in his office laughing in glee—looking like
124 Gates talking about VACCINATING THE WHOLE WORLD —
125 with that evil grin — the spirit of Mengele is strong in that one —
126 oh, and this latest revelation from the macabre dark and secret
127 chambers of the Faustian-Fauci — who, it appears, has connected
128 with the familiar spirit of Mengele — and learned from it how to
129 deaden the pricks of humane conscience so he can smile at
130 progress made when the scalp of a fetus is grafted onto the head of
131 a mice and little human hairs begin to appear — *humanized mice*
132 — the bizarre science that will, no doubt, lead to lab created
133 creatures like those described in Revelation — and lab created
134 viruses that murder millions around the world in order to "reduce
135 the surplus population" — Yeah, Gates, he wants to use vaccines to
136 reduce the "surplus population" — a modern day Scrooge with a
137 twist—Scrooge proposed we let them die, Gates proposes to kill us.
138 So, Planned Parenthood is important to the globalist's objectives to
139 produce a human-animal hybrid they can OWN — a product,
140 created in a laboratory they can patent and market. Someone told
141 them "you will be as God" — and they believe it — they actually
142 believe that if they worship Satan they will be gods —.
143 And the wily devil whispers genius into their ears—call the baby in
144 the womb *fetus* — mere "product of conception," the idiots will
145 never look up the meaning of the word, and will never figure out
146 that, haha, they are products of conception — [Insert DEVIL
147 LAUGHTER].
148 By the way, just so you know—*fetus* means *little child*, and you
149 ARE a "product of conception."

150 I'll have to skip the FIRE FAUCI discussion topic — but let me tell
151 you the FIRE he needs to be concerned about is not what comes
152 from Congress, but what comes from HELL!

153 Let's skip to Fuellmich testimony disclosed!³

154 German attorney, Dr. Reiner Fuellmich⁴ (Riner Fuelmitch)
155 interviewed by UK podcaster James Delingpole.

156 I think you should view this interview before you decide about
157 taking the job.

158 Dr. Fuellmich is a German atty. that specializes in class action cases
159 against big corporations. He has been very successful at this.

160 He became interested in the COVID issue, when the World Health
161 Organization stipulated that it is no more harmful than the
162 common flu. He asked the obvious question: why is the whole
163 world reacting so drastically—and especially since the reaction was
164 destroying medium and small businesses. (You have probably seen
165 some news of the reaction of the German people to the
166 lockdowns.)

167 This became increasingly alarming to him when it began to come
168 out that the actual infection mortality rate was confirmed by
169 Stanford to be at .15%. Or .0015. In other words, 99.85% recover
170 from this disease—and that's taking all cases into consideration.

171 He began looking into it on behalf of the small and medium
172 businesses that were being destroyed—to the direct BENEFIT of
173 the LARGE CORPORATIONS. And he came to see that the whole
174 pandemic thing rests upon the Drosten PCR test.

175 In a conversation with a virologist on a train, I think they were in
176 Berlin, Dr. Vodok⁵, the doctor mentioned, actually as a passing
177 comment, that the Drosten PCR test can't tell you anything about

178 infections. (In fact, as an aside, Drosten is the German equivalent
179 of our Dr. Fauci in more ways than their respective position in the
180 medical or health establishment of the respective countries—
181 Drosten is also a liar. Here is what he told us about using the PCR
182 test to diagnose infections: Asked about the use of PCR to detect
183 the MERS Virus: "The Method is so sensitive you can detect a
184 single DNA Molecule of the Virus. If such a Virus just slides across
185 the Throat of a Nurse without her getting sick and any notice of it
186 at all she is suddenly a MERS case. Where before the case list was
187 just of deadly sick people, it is now filled with mild cases and totally
188 healthy people. That would also explain the explosion of cases in
189 Saudi Arabia. Furthermore local Media sensationalize about the
190 Topic."⁶)

191 Fuellmich already had ascertained that the entire COVID response
192 rested upon the Drosten PCR test — so he began looking at this
193 carefully.

194 Here is what he discovered.

195 Dr. Drosten is a German Professor in Berlin. He is the guy that
196 invented the COVID-19 diagnoses test—and he used the invention
197 of Nobel Prize winning Dr. Kary Mullins who invented the PCR
198 (polymerase chain reaction) test.⁷ This is a technique for
199 magnifying material to such an extent you can "see" a single
200 molecule. To appreciate the scale of this magnification, consider
201 that a single water molecule is 2.75 angstroms, which is
202 meaningless to most of us. But here is where it begins to come into
203 some bit of focus: One meter (that's roughly a tad over a yard, or a
204 bit over three feet) so, one YARD is 10 BILLION ANGSTROMS.

⁶ https://www.reddit.com/r/conspiracy/comments/j36vbs/dr_drosten_virologist_who_spearheaded_the_pcr/

⁷ <https://www.the-scientist.com/news-opinion/kary-mullis--inventor-of-the-pcr-technique--dies-66256>

205 Kary Mullins, Nobel Prize winner, is the one who invented PCR —
206 which is a machine that super magnifies material allowing us to see
207 something down to the molecules. It's really quite amazing.

208 However, as Dr. Mullins himself said, PCR is NOT SOMETHING
209 THAT WAS DESIGNED TO BE USED FOR DIAGNOSIS — for a
210 few reasons. His statements rankled Fauci. Mr. Mullins died of
211 pneumonia in 2019. (No one supposes there is a relationship
212 between these things.)

213 First, the inventor of the PCR explained it cannot differentiate
214 between living or dead matter in the cells. You might be looking at
215 material that has been successfully defeated by our own natural
216 immune system. So what you're looking at could be fragments of
217 your own immune systems successful fight against a common flu
218 or a cold. And EVERYBODY IS going to HAVE some of this sort
219 of material in his or her body — and so you would be triggering a
220 huge number of FALSE POSITIVES.

221 And Second, according to all PRE-COVID science, including CDC
222 and WHO dudes and dudeetes, at any amplification above, say 24,
223 it's useless because you are not seeing anything that is concentrated
224 sufficiently to cause any sickness—it's rather like looking at a
225 photograph at such a magnitude all you are seeing is white space
226 between pixels. In other words, you are effectively looking at
227 nothing.

228 So, PCR magnifies material in cycles of amplification, and
229 according to virtually all doctors concerned with this, any setting
230 above 24 cycles is USELESS. And even below that, it's useless for
231 diagnosis. Why? Because, as its inventor told us, you cannot tell if a
232 particular piece of molecule or fragment is infectious—it cannot
233 reveal whether you are looking at a whole virus that actually
234 entered into a cell and is actively replicating.

235 Enter Professor Dr. Drosten — Early in Jan 2020, Drosten claims,
236 he invented a PCR test that can identify SARS-CoV-2. This is the
237 same Dr. Drosten who in 2014 said the PCR test cannot be relied
238 upon to identify a virus.

239 It gets even weirder: he did not have a sample of SARS-CoV-2 —
240 no one has. (As an aside, so far as the CDC is concerned, no one at
241 CDC has a sample of this virus: another of the many mysteries
242 surrounding this mess.)

243 So Dr. Drosten typed it into his computer — that is, he entered a
244 computer model of the SARS-CoV-2 into his computer, and that's
245 what he used to create the test.

246 He gave this test to the W.H.O. and they promptly recommended
247 it to be used as the “gold standard” for detection of SARS-CoV-2
248 infection — the whole world got on board with this. They used the
249 Drosten PCR test, or they created their own using his as a blue
250 print.

251 So, the plot thickens.

252 Because at the time Drosten was inventing a test for a disease that
253 came to be called COVID-19, all the authorities were saying this
254 virus is no big deal, nothing to fear more than the common flu.
255 Remember, that's what Fauci was saying—well, actually the CCP
256 was saying this with their hand in the back of Fauci's head moving
257 his mouth.

258 In late Jan, about Jan. 22-23, the Pharmaceutical companies
259 PUSHED W.H.O. to announce a PUBLIC HEALTH
260 EMERGENCY OF INTERNATIONAL CONCERN. (Which
261 Fuellmich thought was cute, since as an acronym it would be
262 PHEIC-pronounced *fake*.)

263 But they had no cases — not enough to justify such a declaration
264 from W.H.O. —

265 Enter Drosten's test. That's convenient! That's when WHO
266 declared Dresden's test is the way to diagnose for COVID and by
267 Feb. 12, 14 viola, we had thousands of cases — this provided the
268 cover they needed to declare the state of emergency.

269 This is because using a cutoff threshold of 35 cycles for this test,
270 you will get about 97% FALSE POSITIVES — but it was so
271 important that they quickly get CASES, CASES, and MORE CASES
272 — they set the threshold to 40-45 cycles.

273 Why the panic? Why was it soooo important to get this
274 International declaration of emergency? What was the hurry?

275 This created a situation where they were getting almost only false
276 positives.

277 At about the same time, in the US, Birx and Fauci announced they
278 would change the way they count COVID deaths — they would
279 include anyone who died WITH COVID. The rest of the
280 International community followed suit.

281 Begin to see what's going on? You have a test that triggers false
282 positives so that virtually anyone who died could be tested and
283 found POSITIVE—even people with no other physical issues,
284 except that they wiped out in a motorcycle accident!

285 The point here is that the people pushing this KNOWINGLY
286 falsified COVID positives and COVID deaths. WHY?

287 They used this to JUSTIFY pushing the mask mandates, the social
288 distancing and the lockdowns — and THEY USED IT TO FUDGE
289 THE VOTING RULES TO OPEN THE DOORS TO MASSIVE
290 VOTER FRAUD.

291 This destroyed millions of dollars in wealth among the middle to
292 small business owners, threw millions out of work, and caused all
293 manner of social ills, increased suicide, sever depression —

294 Destruction equivalent to the sort of we might expect from a
295 World War —

296 Governments all over the world and Big Pharma PUSHED this —
297 why?

298 The disease was no more concerning than the common flu.

299 The DROSTEN test was specifically engineered to generate FALSE
300 POSITIVES.

301 The change in mortality reporting was specifically intended to
302 increase the death rate.

303 The masks and social distancing are INEFFECTIVE for PUBLIC
304 mitigation of flus, any virus, colds, and so on: according to EVERY
305 RCT conducted pre COVID.

306 It has become clear that the whole POINT was to GET TRUMP
307 OUT OF OFFICE and for their services, BIG PHARMA would sell
308 a lot of vaccines, and Bill Gates would squeal with delight at the
309 prospects of DEPOPULATING THE PLANET. Looky here, a win,
310 win, win!

311 I watched this video⁸ where Gates is being interviewed. He was
312 talking about his prediction that this COVID thing will not be the
313 last pandemic. Then, with this weird smirk, an evil grin — he said
314 more people will be ready to cooperate that time — it was really
315 awkwardly phrased and just eerie.

316 He said, “This won’t be the last pandemic we face — that will — So
317 we will have to prepare for the next one that I would say will get
318 attention this time.” They looked like they were wearing a mask of
319 malicious satisfaction — a sort of “we’ve got you” look!

⁸ https://drcharlieward.com/a-deleted-bill-gates-documentary-revived/?utm_content=12599258&utm_medium=Email&utm_name=Id&utm_source=Actionetics&utm_term=Email

320 When he talks about the whole world cannot be free of the
321 restrictions until the whole world is vaccinated — he is practically
322 giggling!

323 These people are truly sick!

324 Fauci approval ratings falling like crazy. Cuomo is crumbling—the
325 whole wicked cabal is quaking as they hear the footfall of justice
326 getting louder every day!

327 HE WAS LYING. He said we did not fund the Wuhan laboratory
328 — well, we know that he did.

329 He lied to CONGRESS under OATH — he is done.

330 RED STATES are saying NO to vaccine passports —

331 Alabama signed Senate bill BANNING vaccine passports.

332 FLORIDA, ALABAMA, and so on —

333 WHY are they MARKETING the vaccine so hard — threats,
334 bribes, enticement —

335 Okay, I'll look at Fulton's fuming liberals explode during my visit
336 tonight.

337 Let's remember together Sunday, 10:45 AM and 5 PM at the
338 LIGHTHOUSE.

339 Be encouraged. The leader of our MAGA movement is aware of
340 the crisis — pray for the American Patriots to have the courage to
341 keep pushing forward. Here is an interesting message from
342 Trump—in an interview with One America News.
