

Brain Massage®: Show No. 840 Another One Bites the Dust—The Death
Rattle of the FDA

Jerry Scheidbach

Original Air Date: 07.24.21

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Another one bites the dust! — About three months BEFORE the
5 vaccines were rolled out to the public, the FDA anticipated 22
6 "possible adverse event outcomes." What?

7 Hey, I can see that this will take up virtually all my time today. Let's
8 go ahead and get into this.

9 It's time for your brain massage!

10 [TRUTH]

11 Because the information I'm going to present can be distressing, let
12 me tell you why I'm perfectly calm, right in the middle of this
13 STORM that is developing around us!

14 Jesus Christ is KING and all mankind are His subjects. He has
15 defeated Satan.

16 Jesus is recorded as referring to Satan as "prince of this world"
17 three times in the Gospel of John (John 12:31; 14:30; and 16:11). In
18 each occasion He was telling us about his defeat: 12:31, "now shall
19 the prince of this world be cast out," 14:30, "the prince of this world
20 cometh, and hath NOTHING IN ME," and 16:11, "the prince of
21 this world IS JUDGED."

24 DBP. Or, if you want a digital copy, you'll find it everywhere—
25 Amazon, Barnes, whether you use epub or Mobi, or PDF it's out
26 there. Search God's War Why Christians Should Rule the World.

27 As "prince of this world" Satan was given all the kingdoms of the
28 world and the glory of them. He boasted of this to Jesus in the
29 desert temptation. (Notice Jesus did not correct him on that point,
30 even though on each of the other points Satan made, Jesus did
31 correct him. — Besides, why would Jesus, Who CREATED ALL
32 principalities and powers, be required to come to earth to SPOIL
33 principalities and powers that He created in the first place, unless a
34 usurper had taken them out from under CHRIST'S POWER?

35 And, also, why would Jesus, after His resurrection, declare, "All
36 power is given unto Me in Heaven AND IN EARTH" if He had
37 already had that power before He defeated Satan and arose from
38 the grave?

39 So, understand that Jesus bound the strong man, Satan, spoiled his
40 house, removed from his power the power of death — Hebrews
41 2:14 tells us Jesus destroyed him who had the power of death, and
42 stipulates plainly, this was the Devil. Along with that, Jesus
43 removed from under Satan's power all the kingdoms of this
44 world—mankind was emancipated from the power of Satan when
45 Jesus died on the cross and AROSE FROM THE DEAD. For He
46 died, NOT FOR OUR SINS ONLY, BUT FOR THE SINS OF THE
47 WHOLE WORLD — I John 2:1-2.

48 So all who will TURN FROM THE DARKNESS TO THE LIGHT,
49 AND FROM THE POWER OF SATAN TO GOD will be SAVED
50 and EMPOWERED by the HOLY SPIRIT to stand against the
51 power of the spirit of antichrist —

52 And Jesus made His disciples KINGS and PRIESTS unto GOD in
53 this world, and although we are not OF the world, we are IN the
54 world to represent HIS KINGDOM AUTHORITY over Satan in
55 this world — and as we are translated into the KINGDOM of
56 GOD's DEAR SON, and given the HOLY GHOST and the
57 POWER OF GOD and the KEYS OF THE KINGDOM we have

58 AUTHORITY under CHRIST to exert KINGDOM POWER AND
59 AUTHORITY IN THIS WORLD IN JESUS' NAME.

60 When Jesus exercised KINGDOM POWER in the earth by driving
61 out DEVILS and HEALING DISEASES He taught us He was
62 exerting KINGDOM AUTHORITY — and said the KINGDOM
63 OF GOD HAS COME UPON YOU.

64 Although Jesus' kingdom is not OF this world, that does not mean
65 it is not IN THIS WORLD — and PRESENT by the SPIRIT OF
66 CHRIST. WE as believers are not OF THIS WORLD. But we sure
67 are IN IT, brother. And being as we are IN THE KINGDOM and
68 IN THE WORLD the KINGDOM is IN THE WORLD — and the
69 SPIRIT of CHRIST is present to resist and OVERCOME the spirit
70 of antichrist — and they can't win!

71 We must rise up in the authority that is ours and RESIST the
72 DEVIL.

73 But before we can effectively RESIST the DEVIL and make him
74 flee, we must SUBMIT OURSELVES TO GOD.

75 So, since JESUS is PRESENT in this world by His SPIRIT in US,
76 and since He is the RULER over all mankind, and SOVEREIGN
77 LORD OVER ALL HEAVEN and EARTH — I stand by Him, and
78 by HIM I STAND against the devil, and against his present effort
79 to destroy us and take our liberties by any DISEASE. More on this
80 at the conclusion—but by FAITH we OVERCOME, and only by
81 FEAR can we be overcome. So — FEAR NOT! Now!

82 Another one bites the dust! — one trusted American institution
83 after another has fallen into the power of the enemy of our
84 liberties. And now we learn the FDA cannot be trusted.

85 About three months BEFORE the vaccines were rolled out to the
86 public, the FDA anticipated 22 "possible adverse event outcomes."
87 What?

88 October 22, 2020, at the Vaccines and Related Biological Products
89 Advisory Committee meeting, Steve Anderson, PhD, MPP,
90 Director of the Office of Biostatistics & Epidemiology (OBD), of a
91 department within the FDA called CBER, which is the Center for
92 Biologics Experiments and Research) delivered a presentation to
93 the Advisory Committee titled "CBER Plans for Monitoring
94 COVID-19 Vaccine Safety and Effectiveness." In this presentation,
95 Steve Anderson, PhD, MPP, Director of OBE, brought to their
96 attention 22 POSSIBLE ADVERSE EVENT OUTCOMES. We will
97 take a look at that list today.

98 FDA Safety Surveillance of COVID-19 Vaccines lists 22 "possible
99 adverse event outcomes." Here are a couple of things you should
100 know about this list.

101 First, it is a list of "possible" adverse outcomes. What does that
102 mean?

103 The list was created by CBER in coordination with the CDC after
104 they examined the vaccines and the documentation provided to
105 them by vaccine producers. Applying their own scientific
106 knowledge these medical experts anticipated these adverse events
107 were "possible" outcomes from the vaccines that the FDA approved
108 for "emergency use authorization."

109 Second, the idea of this report was to prepare the FDA to watch for
110 these things in reports coming back to the govt. after the vaccines
111 were released. (It is NOT the case that they KNEW for a FACT
112 these things would occur, but that they had a very good scientific
113 based reason to expect the COULD OCCUR and so they were
114 prepping to WATCH for these things to appear in the Vaccine
115 Adverse Events Reporting System, and other sources that are
116 named in this presentation.

117 Dr. Ardis uses VAERS for the information he gives, partly because
118 it is the most accessible, and immediate gauge of what's happening.

119 But there are some things you should know about VAERS.
120 (VAERS.hhs.gov is the source. Updated every Friday. — However,
121 as of July 4, CDC reported they are 2 to 3 months behind!!)

122 First, it is a voluntary reporting system available to doctors, and
123 patients. The form is accessible online, and anyone can make a
124 report. This is important because it means the VAERS data is not
125 filtered by doctors, or other medial health officials. At least, it's not
126 SUPPOSED TO BE. A whistle blower has come forward alleging
127 she has first hand knowledge that the VAERS has been
128 compromised by the CDC. So, we will keep our eyes on that. But
129 VAERS is a great source for immediate, up to date data on what is
130 going on with the vaccine.

131 Second, however, an adverse event reported in VAERS is not, by
132 itself, PROOF that the VACCINE caused the event reported. The
133 medical establishment watches the VAERS for any indications that
134 a certain adverse reaction should be looked at more closely. If they
135 see a concentration of reports around a particular disease, or any
136 reports that demonstrate cases of this or that disease are breaking
137 out of the normal range of cases—they know where to zero in.

138 But, THIRD, Harvard, a while back, did a study on VAERS in 2010
139 and determined that they only receive less than 1% of all actual
140 occurrences of adverse events to a vaccine. And, perhaps more
141 disturbing, the Harvard study concluded revealing that CDC was
142 UNWILLING TO ASSIST IN UPDATING THE REPORTING
143 SYSTEM to obtain MORE COMPREHENSIVE data.

144 At the top of the list is Guillain-Barre (Gee-YAH-buh-RAY)
145 syndrome. It's a rare but serious disorder in which your immune
146 system attacks your nerves. It progresses from tingling and
147 weakness in extremities to paralysis of the entire body. It is similar
148 to Polio in that it attacks the nerves and causes paralysis. But it is

149 not polio. There are several points of difference that make a
150 difference, see here.¹

151 As for the claim that GBS is linked to flu vaccines, go here.² In
152 1976, there was a "small increased risk of GBS after swine flu
153 vaccination." As I mentioned, according to the CDC, the risk of
154 GBS from vaccinations is 1 or 2 cases per one million vaccinations,
155 but in 1976 this risk was increased to 1 in 100k vaccinations. That's
156 a remarkable increase in risk, from 1 or 2 in a million to 1 in 100k.
157 CDC now monitors for GBS during each flu season. Typically the
158 risk levels vary from one flu season to the next. Generally, the
159 increased risk amounts to double the norm, that is, from 1-2 cases
160 per million to 2-4 cases per million.

161 So how many GBS cases have been reported to the govt. in the first
162 five months after the release of the COVID-19 vaccines? 280, to be
163 exact.³ That number is as of May 28, 2021. At that time, 46% were
164 attributed to the Pfizer shot, 40% to the Moderna shot, and 20% to
165 the J&J jab. (It should be noted that Pfizer and Moderna make up
166 almost 80% of all vaccines administered.)

167 So, how about the rest of the anticipated "possible" side effects from
168 the COVID-19 vaccines?

169 Then we have the blood clot related disorders. How many blood
170 clots related issues have been reported? This is interesting, because
171 after only 6 were reported in media they put a pause on J&J — but
172 in VAERS there were 156 reports on J&J and over 400 reported for
173 Pfizer, and over 300 for Moderna. (Why was only J&J selected for
174 media attention, and CDC action? — Let's see. J&J 156 reports of
175 blood clots, 300+ for Moderna, 400+ for Pfizer — but let's PAUSE
176 J&J? WHY? So, let's pause this and look more closely right here.)

¹ <https://www.differencebetween.com/difference-between-polio-and-vs-guillain-barre-syndrome/>

² <https://www.cdc.gov/vaccinesafety/concerns/guillain-barre-syndrome.html>

³ <https://elcolectivodeuno.wordpress.com/2021/06/06/18500-deaths-and-2370000-adverse-effects-reported-from-experimental-injections/>

177 ASIDE: Why would the media report only 6 blood-clotting issues
178 when VAERS reported 156? Perhaps it's because these six were
179 confirmed related to the J&J vaccine. Right? But it seems more
180 likely to be because these six families WENT TO MEDIA with their
181 concern. Now, why pick on J&J only? Maybe because it just so
182 happened that these six were all from the J&J jab. We already know
183 they are ignoring VAERS reporting, but it should have gotten
184 someone's notice that Moderna and Pfizer each had over 3 times
185 the number of blood-clotting adverse reports than J&J. So why did
186 they PAUSE J&J and NOT MODERNA and PFIZER. It seems to
187 me more likely that it is because ANTHONY FAUCI and NIAID
188 has patent rights, they get MONEY in the form of royalties from
189 the sale of this vaccine. Pfizer is the EXACT SAME
190 TECHNOLOGY as the MODERNA.)

191 At present, there are 5159 reports of blood clotting disorders
192 related to taking the vaccines. That's less than 1% reporting. ADD
193 TWO ZEROS — could be 515,900 cases. Over twenty in the week
194 of this report, and 40 accounts of heart inflammation in young
195 people 12-17. Now, ADD the two zeroes. 2000, and 4000.

196 THEN we have Multisystem inflammatory Syndrome in children
197 on the FDA list of "possible adverse event outcomes." Surprise:
198 THIS CONDITION NEVER EVEN EXISTED AS A DIAGNOSIS
199 BEFORE COVID-19.

200 The Mayo-Clinic put together a description of what Multisystem
201 Inflammatory Syndrome in Children looks like. Some organs and
202 tissues such as the HEART, LUNGS, BLOOD VESSELS,
203 KIDNEYS, DIGESTIVE SYSTEM, BRAIN, SKIN or EYES become
204 severely inflamed. We know these traumas can come from
205 exposure to the spike proteins in the virus and also by the spike
206 proteins that are being created by the vaccines. We are hearing
207 about young people dying from inflamed hearts—What they
208 projected IS HAPPENING. Why aren't they stopping this?

209 Brain inflammation causes neurological disorders. We are hearing
210 reports of people suffering neurological disorders. Why would they
211 "pause" J&J for six reports of blood clotting — fail to mention that
212 156 of these cases were reported on VAERS, and refuse to pause
213 Moderna and Pfizer which had three times more reports of blood-
214 clotting on VAERS — and refuse to "pause" this experiment on the
215 human population in view of all this?

216 The disparity between VAERS and what the Pharmaceutical
217 companies are putting out regarding anticipated possible negative
218 outcomes is stunning.

219 The list of possible adverse reactions range from dizziness, to some
220 pain from the shot, to headache and so on! There is NO
221 MENTION of the serious concerns that are being reported on
222 VAERS.

223 You are being lied to, and information is being withheld from you
224 about these vaccines. The American people are NOT being given
225 the opportunity to make an HONEST assessment of risk. THIS IS
226 NOT INFORMED CONSENT.

227 In other words, even those who are consenting to the vaccines have
228 not actually given INFORMED CONSENT.

229 In other words, for one simple example, the FDA anticipated
230 blood-clotting related diseases as a possible adverse outcome of the
231 vaccines. Blood-clotting diseases have been reported in VAERS —
232 over 300 connected to Pfizer and over 400 connected with
233 Moderna. But Pfizer and Moderna do not include blood-clotting
234 issues on their Feb. 16, 2021 fact sheets of possible side effects from
235 use of their vaccine.

236 This is odd, don't you think? Have you heard the medicine
237 commercials where at the end they start naming all the horrible
238 things that could happen? All of these concerns are very rare. But
239 still, almost every time I hear one of these I laugh in amazement —

240 but now, here we have an experimental vaccine, that when the
241 scientists looked at it said here are 22 categories of diseases, a total
242 of over 100 diseases, that MIGHT be caused by these vaccines—
243 and rather than give the people one of those FULL DISCLOSURE
244 statements we have heard repeatedly on TV commercials for
245 medications, they LIE to you and do not tell you about any of the
246 really SERIOUS possible side effects of the vaccines. WHY? They
247 excluded all the serious concerns.

248 I guess at the end of the day — it's follow-the-money. But is it that
249 simple?

250 5165 DEATHS reported through VAERS after the first five months
251 of the release of these vaccines under an emergency use
252 authorization.

253 Remember, Harvard studied VAERS and said it reflects less than
254 1% of all events. If you add the two zeroes you get 516,500 deaths
255 from this. Now, that's a whole lot more than the 45k revealed to us
256 by the whistleblower. So, is the whistleblower actually providing
257 COVER for the devastating revelation that the COVID-19 vaccines
258 have killed almost as many as are reported COVID deaths—and if
259 you adjust the reported COVID deaths by the fact they reported
260 anyone who died WITH COVID as a COVID death even when
261 they manifestly did not die of COVID — you have a scenario
262 where more people are being killed by the vaccine than were killed
263 by the disease it is intended to protect you from.

264 Keep in mind that the Harvard study is a scientifically based
265 educated estimate—and consider that CDC admits they are way
266 behind in updating the VAERS — so taken together, let's rough it
267 out to 50k people have died from the vaccine—SO FAR! We've
268 only been at this for about five months; COVID has had 18 months
269 head start. Now, think about this. In 18 months COVID killed
270 600k (not adjusted for those who only died WITH it and not
271 FROM IT) — we've only had five months with these vaccines.

272 Do a little math. If they STOPPED the swine flu vaccines because
273 of 59 deaths — WHAT IS GOING ON RIGHT NOW? Even their
274 own reporting shows over 5k deaths occurring within the first 48
275 hours of receiving the vaccine. (Like a nurse I learned about today
276 from one of our members. This nurse took the jab, afterwards
277 came down with the COVID and DIED!

278 Look, we know that at least 90% of all 612k people who died WITH
279 COVID died with COMORBIDITIES. This is taken from CDC
280 data. And it's almost certain that one of the popular treatments
281 used by the medical establishment, Remdesivir, contributed to the
282 deaths of many, many thousands of those in the COVID death
283 count. Dr. Ardis said 22% of those given this drug were proven to
284 develop kidney failure, multiple organ failures, septic shock and
285 hypotension — all of these are FATAL conditions.⁴ These are
286 things that were KNOWN problems with remdesivir BEFORE they
287 approved it for use to treat COVID. They totally SHUT DOWN
288 Hydroxychloroquine, and Ivermectin—PROVEN therapeutics. But
289 gave emergency authorization to Remdesivir — a drug known to
290 be problematic. WHAT IS GOING ON???

291 Fauci declared the 2016 Ebola study proved the efficacy of
292 Remdesivir — but if you actually read that study, it DID NOT
293 PROVE THE EFFICACY OF REMDESIVIR. In that study you find
294 that Remdesivir was pulled from the study about six month in
295 because it had the HIGHEST MORTALITY RATE than the other
296 three experimental drugs being evaluated. FAUCI was engaged
297 then in a huge COVERUP —

⁴ I attempted to find documentation for this and with the time available I was able only to find two reports that nearly corroborates Dr. Ardis' statement: The first: <https://www.drugs.com/sfx/remdesivir-side-effects.html> ("Phase 3, randomized, open-label trial in hospitalized adults with severe COVID-19: ... serious adverse events (e.g., respiratory distress of failure, septic shock) reported in 21 or 35%, respectively, and grad 3 or greater adverse events reported in 30 or 43%, respectively. ... Most common adverse events overall were nausea (10 or 9%), ACUTE RESPIRATORY FAILURE (6 or 11%) ..." Another report of particular interest is found at <https://ascpt.onlinelibrary.wiley.com/doi/10.1002/cpt.2145>. In this document we read a report of adverse events reported between February 1, 2020 and August 7, 2020. 138 cases of "acute renal failure" that were associated with Remdesivir were reported. Healthcare professional notified 134 of the 138 reports. 97% reported by doctors. The most often reported effects were ACUTE KIDNEY INJURY, RENAL IMPAIRMENT, RENAL FAILURE, (Renal failure refers to the failure of the kidney), AFR (Acute Renal Failure) was SERIOUS IN 129 OF THE REPORTS (A TOTAL OF 138), WHICH INCLUDED 29 DEATHS, or 21%, with 15 cases of LIFE THREATENING ARF, or 10%.

298 Pfizer and Moderna do not allow pregnant women in their trials,
299 and they don't allow persons with MS in their trials — BUT NOW
300 ESTABLISHMENT MEDICINE IS PUSHING THESE VACCINES
301 FOR PREGNANT WOMEN AND OTHERS WITH SERIOUS
302 IMMUNODEFICIENCIES.

303 This goes beyond money! Mammon is one of the chief gods in
304 service to Satan — but there are actually even darker gods that are
305 worshipped in the darkness. We've been watching cult like activity
306 on the left — Steve Hasset is the "cult" expert in the USA today —
307 In 2013 he wrote a book titled FREEDOM OF MIND. He
308 identified four types of cult: Religious, Political, Commercial and
309 Therapeutic. For a political cult to be successful they must control
310 the MEDIA and they must PREVENT FREE ASSEMBLY.

311 They must foment chaos — and this brings us closer to exposing
312 the face of the god they worship. The "chaos god."

313 It comes from Genesis 1:1-2. WITHOUT FORM AND VOID.

314 They serve the power of darkness presided over by its prince, the
315 prince of the power of the air, the spirit that animates their
316 thoughts and gives direction to their actions.

317 There is a tyrannical agenda behind this.

318 They want to implement POPULATION CONTROL — we know
319 the spike protein is damaging ovarian tissue — it damages
320 placental tissue, leading to hundreds of miscarriages — and we
321 know that Gates advocates for population control.

322 This has been going on for many decades — they want to control
323 population like CHINA. They want to control who pro-creates but
324 allowing it only if you receive from the govt. a certificate to pro-
325 create.

326 I agree with Dr. Ardis, the enemy was forced to MOVE
327 prematurely and now they are trying to SAVE THE PLAN!

328 What is the next thing to look out for — in the FALL they are
329 going to be trotting out their next generation flu shot. NOW,
330 according to what we saw last year, WE ALREADY KNOW THAT
331 THE ROUTINE FLU SHOT INCREASES VULNERABILITY TO
332 DEATH FROM COVID-19 BY 36%.

333 Many are concerned that over THE NEXT 18 months and THEN
334 CONTINUING OVER THE NEXT ten OR MORE years, THERE
335 will be a major increase in autoimmune disease. MILLIONS if not
336 HUNDREDS OF MILLIONS of autoimmune disease will likely
337 appear in the population over the next ten years.

338 Anyway, I've got to conclude for now. The FDA is corrupted.

339 Watch for a big announcement to come from FDA approving the
340 VACCINES — don't believe them!

341 Go to thedrardisshow.com — get the documentation he uses to
342 support all this. Go to my website, brainmassage.net and get these
343 notes with the documentation I used.

344 Dr. Ardis gives you some biblically based advice you can use to
345 protect yourself from this attack. Three things you can do every
346 day to help protect you from all this — VITAMIN C — 10k is the
347 correct does, spread out through the day. MAGNESIUM (mag
348 Chloride) start with 500 mg build up to 1000 mg. And then, the
349 mineral SELENIUM. Use 200 micrograms — helps liver create
350 Glutathione and helps your bone marrow create more white cells.
351 SELENIUM stimulates your immune defense.

352 Now, Dr. Scheidbach gives you some biblically based advice you
353 can use to be an OVERCOMER against the Satanic attack on our
354 country. BY FAITH you will overcome or by FEAR you will
355 surrender. Combat fear with FAITH. Faith comes by hearing, and
356 hearing by the WORD OF GOD. Come on out to the Lighthouse
357 — get a dose of TRUTH to encourage and build your FAITH so

358 you can OVERCOME this latest attempt by the DEVIL to destroy
359 this home of the brave and land of the FREE.

360 I have lit the lamps in the Church belfry arch and now you let me
361 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
362 ON and you will ride like Revere and spread the warning,
363 (essentially, it means you agree with what I'm saying) or you say
364 LIGHTS OFF -- which means you reject what I'm saying and
365 disagree strongly with me. So, what will it be today, lights on, or
366 lights off?
