1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.
4 Hot August nights—prepare for the storm! Election integrity
5 update.
6 Breathe, America! — Take off your dirty face diaper, and
7 BREATHE.
8 To vax or not to vax, is that really the question?
9 Australia — the Down Under going down under! And a Canadian
10 who totally gets it.
11 "They" are Crucifying the Truth—again! And for the same
12 reason—to preserve their "place" and "nation." Wait for it!
13 When, tell me, when are you going to wake up!
14 [Insert Dylan — When Ya Gonna Wake Up?]
15 [TRUTH]
16 Hot August nights—prepare for the storm! Election integrity
17 update.
18 Breathe, America! — Take off your dirty face diaper, and
19 BREATHE. Why 60%, and growing, of Americans refuse to submit
20 to the vaccination manipulation.
21 Evidence the Communists are beginning to give up on any claim
22 the vaccines work—Biden credited Trump with the COVID-19
23 vaccine. I guess "facts" change depending on whether or not you
24 are the one in the WH — right? Because during the campaign
25 Biden told Americans they could not trust a vaccine produced by
26 Trump's Warp Speed program.

27 Why most Americans don't take any of these clowns seriously.
28 Biden is all about wear your mask and get vaxed. Same guy has
29 implemented policies that allow illegals to flood into our country,
30 and to be released into our populations without masks and without
31 being vaccinated.

32 Why we simply don't believe you—CDC relaxes mask
33 recommendations, gets pressured by the Teacher's Union to
34 "recommend" masks — decides to change course, again. Only this
35 time to justify the change in course they used a study out of India
36 that was "rejected" by peer review and was premised upon a vaccine
37 we don't use in the US. They changed the status of the "study" from
38 rejected to "revised."¹ Are we DONE with these people yet? Did you
39 hear the latest? CDC Justified new mask guidance based on vaccine
40 study listed as failing peer review and on a vaccine not even used in
41 US. Got that? The study was REJECTED; the Teacher's Union
42 pressured the CDC to change course on masks and recommend
43 them again, the CDC decides to dig up a scientific study to justify
44 their change in course—it turns out that it was a study rejected in
45 peer review and on a vaccine we don't even use. THESE PEOPLE
46 ARE SHAMEFUL LIARS.

47 They have been manipulating you from the beginning. Remember,
48 Fauci said, you don't need to wear a mask, then said, you need to
49 wear a mask, and when asked about his flip flop he explained in
50 terms everyone could understand. He wanted to avoid a "run on
51 masks" because the doctors and nurses needed them. In other
52 words, he lied to the American people, and did it for their own
53 good. Well, Mr. Fauci, now that I know you are a liar, and even
54 worse, someone who uses his position of honor and authority to
55 manipulate the public—you are FIRED!

56 So, they are not done! As we approach ZERO day, the enemies of
57 our liberties are digging in, entrenching themselves and fighting to
58 the finish—

59 What's ZERO day? That's the day the future of America is
60 determined—it will be released from the hand of God into HELL,
61 or it will be given another extension and a rebirth of LIBERTY.

62 It's when the ELECTION FRAUD is fully revealed, and the
63 Communist coup is fully exposed, and the PEOPLE decide whether
64 it's better to be red than dead, or is it better dead than Red. It's the
65 day of RECKONING — when America will decide to sit down and
66 accept a stolen election, surrender to the loss of our right to choose
67 who represents us in government, to yield to the elites who will
68 decide for us? It's the day of RECKONING, when Americans will
69 decide to TAKE THIS COUNTRY BACK under our
70 CONSTITUTION and reaffirm our founding principles—or will
71 this generation COW TOW TO THE ELITE RULING CLASS and
72 become animals in their farm—where we live to feed them, where
73 they are our masters and we are their kept cattle.

74 It's the day we discover whether there is any Patrick Henry left in
75 our blood—any like Wallace whose cry in AD 1298 [INSERT
76 FREEDOM], was heard echoed in the declaration of Patrick Henry
77 "Is life so dear or peace so sweet, as to be purchased at the price of
78 chains and slavery? Forbid it, Almighty God! I know not what
79 course others may take; but as for me, GIVE ME LIBERTY OR
80 GIVE ME DEATH." Zero day is the day we discover whether there
81 are patriots left who will hear the call and STAND AGAINST THE
82 RISE OF TYRANNY TODAY?

83 Our enemy slyly taunts us to forfeit reason and yield to passion—
84 beware! It's a snare! Keep your wits! Do not let them succeed to
85 turn us against one another. It's a ruse to distract us from the true
86 enemy—the WICKED RULERS who want us fighting one another
87 so we don't unite and turn our eyes fully on what they are up to.

88 The effort to turn Americans against one another takes a new turn.
89 CRT is getting shut down, but they turn adroitly to another
90 device—to pit Unvaccinated against the Vaccinated.

91 Journalist for The Mail tweets: "The anti-vaxers had their fun.
92 They're now engaged in open incitement to murder. It's time for
93 arrests, prosecutions, and serious jail time." Like Dershowitz, who
94 last year said the government can literally drag you to a hospital
95 and plunge a needle into your arm.²

96 Remember that a lot of Nazis fled to Australia, and were brought
97 into America — and the CIA employed them — that explains a lot!
98 These Nazis need to join their fellows in Australia—where they are
99 sending out the "brown shirts"³ — the Australian military deployed
100 in "Storm Troopers" fashion to trample upon the rights of the
101 people and terrorize them into submission to TYRANNY!

102 And some among "THEM" are calling for the unvaccinated to be
103 interred in segregated "colonies" until THEY decide the pandemic
104 is over—maybe the FEMA camps we've heard about will get some
105 use? Communist taxpayers will be pleased to know their
106 investment is not going to waste.

107 Are you paying attention, my friends? When the mask mandates
108 first began I was confused. Been around a while, and remember
109 being told masks are only useful in settings where the concern is
110 splatter, or bacterium transmission in the diseased environment of
111 a hospital where you can expect a concentration of bacterium.

112 Not adequate for virions from COVID that are .12 microns.⁴ Take
113 any mask you make from cloth or buy from your pharmacy or that
114 the doctor's office typically hands to you, put it on, then go stand

115 by your fire place—open the door, let just a little but of the smoke
116 out, and guess what? You will smell the smoke. Well, friend, wood
117 smoke is .3 to .7 microns.⁵ Do you understand what I'm telling
118 you? Your typical "face diaper" is not going to block any virus,
119 including the COVID virus.⁶ The COVID virus is almost three
120 times smaller than the smaller wood smoke particle. If you can
121 smell smoke through your mask—any COVID particles floating
122 around you, or being breathed onto you by anyone is passing
123 through your mask like a bumblebee through a chain link fence.

124 But let me tell you what you are blocking, what your mask is
125 catching and collecting. It's collecting all sorts of bacterium. Some
126 parents were concerned about their children being required to
127 wear masks at school all day. They got together and conducted an
128 experiment.⁷ They washed the masks, sent their children off to
129 school dutifully wearing their masks throughout the day according
130 to the guidelines of their school. When the children came home,
131 the parents collected the masks, and took them to a lab to be
132 examined. Here is what was found on the CLEAN masks after one
133 school day: Pneumonia, Tuberculosis, Meningitis and Sepsis, Food
134 poisoning from E. coli, Diptheria, Lyme Disease, and Urinary Tract
135 Infections. [IBID.]

136 What? Let's look at this experiment a little more closely. Surely not
137 all of these disease-causing agents were found on every mask—that
138 seems suspicious. Let's yeah, well, it's not good friends. Half the
139 masks were contaminated with one or more strains of pneumonia
140 causing bacteria. One third were contaminated with one or more
141 strains of meningitis, another third were contaminated with other
142 antibiotic-resistant bacterial pathogens. Oh, and this does not
143 count the LESS DANGEROUS pathogens, you know, the type that

144 cause fever, ulcers, acne, yeast infections, strep throat, periodontal
145 disease, Rocky Mountain Spotted Fever, and others — what????

146 These kids began the day with a freshly WASHED MASK, by the
147 end of one school day they had collected so much disease-causing
148 bacteria you would think they had been soaked in a bucket of
149 bacteria—these were children aged 6-11 attending in-person
150 school.

151 For a control, one mask that had been washed and not worn, and a
152 T-shirt worn by one of the students we presented with the other
153 masks to the lab.

154 No pathogens were found on the control items.

155 This is especially a problem when it's hot out, and the kids sweat.
156 You are sticking, literally, sticking a FACE DIAPER on their little
157 faces — it's disgusting. Stop it!

158 And now this ridiculous clown, Biden's Surgeon General comes
159 out with this— "Parents should wear masks at home with their kids
160 and outside." — When are you going to be DONE with THIS?

161 There is no science and there is no LAWFUL support for this!

162 Because the public health leaders say so...IS NEITHER SCIENCE
163 NOR LAW.

164 Hold on through the break! I'll be right back.

165 [INSERT WHEN YA GONNA WAKE UP?]

166 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
167 at the Lighthouse, your brain masseur, and Paul Revere's lantern
168 lighter, lighting the lamps in the church belfry arch, signaling the
169 enemy is on the march, an enemy that would steal from us our
170 liberty.

171 I did not have time to finish with the parent's experiment I used at
172 the end of the first segment. I pointed out that some parents from

173 Gainesville, FL washed their student's masks, sent them to school
174 and after one day of wearing a clean mask following the school's
175 guidelines, they collected the masks and sent them to the
176 University of Florida's Mass Spectrometry Research and Education
177 Center to have them examined. They found all sorts of serious
178 disease-causing pathogens embedded in the masks. Anyone would
179 be concerned about strapping a mask onto their children's faces
180 that was full of disease-causing bacteria.

181 However, Dr. Rossana Rosa, infectious disease specialist in Miami,
182 FL, zeroed in on the presence of pneumonia-infected particles
183 accumulated on the masks and said any concern about
184 transmission is "nonexistent."⁸ She explained that pneumonia
185 transmission "tends to develop ... through aspirating." Aspiration
186 occurs when something you eat, or swallow, gets drawn into your
187 airway instead of your esophagus. She explained that "in terms of
188 wearing a mask, the respiratory droplets you exhale that land on
189 the inside of your mask that you then breathe back in will not give
190 you bacterial pneumonia."

191 Now, that's curious! If you suck pneumonia-infected bacteria
192 droplets directly into your lungs, then there are no worries. But if
193 you are attempting to swallow something that contains this
194 bacteria, but it goes down the "wrong pipe" — and enters your
195 lungs, then that is a problem? Okay!

196 So why are we concerned about anyone breathing in exhaled
197 droplets? Right? Think about that?

198 It's like these establishment doctors—now, I don't know Dr. Rosa,
199 so she might not be an establishment doctor, but it's like these
200 doctors blow a bunch of smoke in our faces to keep us confused
201 and going along with this nonsense.

⁸ <https://www.theblaze.com/news/children-face-masks-dangerous-pathogens>

202 So, you believe them or you don't. I don't know how many times
203 you have to catch these people lying to you before you decide you'd
204 better start studying these things yourself and trust your own
205 judgment. But, well, it is up to you!

206 But here is where we are heading if we don't stand up to this right
207 now. Australia — the Down Under going down under! Sending the
208 military out into the streets to ENFORCE the Mask Mandate!
209 Some kind-hearted liberals are calling for those refusing to accept
210 this vaccine push to be hauled off in box cars to the FEMA
211 concentration camps for isolation — because if you refuse to be
212 vaccinated, you are committing murder.

213 We just heard from an infectious disease specialist who told us
214 breathing in bacteria infected droplets won't make you sick — but
215 breathing in a virus will? Okay! But we learned that masks will not
216 block something so small as a virion — and now we are learning
217 that 35,000 fully vaccinated people are getting sick every week.⁹
218 35k, weekly! Here is the documentation.

219 You've got to be kidding me. 35k Americans getting "Symptomatic
220 COVID-19 per WEEK despite being Vaccinated." Well, where are
221 you getting these numbers? From the CDC.

222 How many people are getting polio after they received the polio
223 vaccine? How many get small pox after receiving the small pox
224 vaccine?

225 Well, it might surprise you to learn that as a matter of fact, when
226 the polio vaccine was first rolled out in the mid 50s, the project was
227 scrubbed when several children came down with polio.¹⁰ It turned
228 out that one lab released a bad batch. When this happened, they

⁹ https://www.theepochtimes.com/mkt_app/35000-americans-getting-symptomatic-covid-19-a-week-despite-being-vaccinated-cdc_3925843.html?v=ul

¹⁰ <https://theconversation.com/the-great-polio-vaccine-mess-and-the-lessons-it-holds-about-federal-coordination-for-todays-covid-19-vaccination-effort-152806>

229 pulled the vaccine off the market and stopped the jabs. It was not
230 until the 60s they came back with a vaccine that worked correctly.

231 Now we have a different sort of government, with a clearly
232 different agenda. The CDC is hiding the numbers of breakthrough
233 cases of COVID for the fully vaccinated, and fudging their
234 reporting of deaths among the fully vaccinated. A whistle blower
235 form inside the CDC network is claiming the actual number of
236 deaths by COVID among the fully vaccinated is in the
237 neighborhood of 45k. If my memory serves, only 10 died from the
238 bad batch of polio vaccine and they shut it down. In 1976, only 53
239 died from the vaccine distributed them for the swine flu, and the
240 government shut down the operation. Today, CDC admits to 6k
241 fully vaccinated people dying from COVID but they just keep on
242 trucking along with this.

243 It appears we have developed a much greater tolerance of death by
244 government-sponsored injections. But that should not be
245 surprising from a generation of political leaders who are require,
246 by law, elder care facilities to receive COVID positive patients
247 when they told these wicked leaders it would lead to their deaths
248 and the deaths of others in their care—Newsome, Cuomo,
249 Whitmere, Wolf , and Murphy. Blue states all!

250 I need to move toward conclusion.

251 Here is a Canadian that totally gets it!

252 [INSERT A CANADIAN THAT GETS IT] A Canadian that totally
253 gets it! —.¹¹

254 Texas Governor gets it — recently signed law that bans Mask
255 Mandates and Vaccine Mandates in the One Star State.¹²

256 We know DeSantis gets it—signed a similar law a while back.

257 So when will the rest of us GET IT?
258 I grew up with Dylan—Highway 61 Revisited, like a rolling stone,
259 and was amazed when I heard he had turned to Christ—and
260 produced one album — Slow Train Coming. The bard had a
261 prophetic message to the CHURCH—when he called on the
262 CHURCH to WAKE UP! Not sure how much he understood about
263 the letters of CHRIST the KING to His churches, but his song
264 asked a very pertinent question:
265 When are you going to wake up!
266 [Insert Dylan — When Ya Gonna Wake Up? 1:37]
267 I have lit the lamps in the Church belfry arch and now you let me
268 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
269 ON and you will ride like Revere and spread the warning,
270 (essentially, it means you agree with what I'm saying) or you say
271 LIGHTS OFF -- which means you reject what I'm saying and
272 disagree strongly with me. So, what will it be today, lights on, or
273 lights off?
