32 Rumors percolate in the Q-verse warning the Deep State operatives
33 in government will move to plunge the entire country into a black
34 out—some sort of power grid attack or something.

35 I know they — and by "they" I mean the Communists/Fascists
36 embedded in our government right now — are in a panic, trying to
37 figure out what to do to stop the momentum building among
38 Patriots toward breaking through to the general American public
39 and exposing their lies.

40 Nothing frightens them more than the PEOPLE discovering they
41 stole the election and rising up in mass to ENFORCE a major
42 correction. And it's not merely the collapse of the coup effort in
43 Washington DC, it's what exposure means farther down the road.
44 It's about exposure of their fraud against the American people in
45 the economy, the border, the pandemic lies, and their TREASON
46 — and this in order to protect their secrets covering up the really
47 sick stuff — the Deep State involvement in human trafficking, child
48 sex trafficking, and then the really sick stuff involving satanic
49 ritual—the reason they are in such a panic to stop the election theft
50 from being exposed and reversed — the reason they cannot afford
51 to RETURN WHAT THEY HAVE STOLEN FROM THE PEOPLE
52 THE POWER TO CHOOSE THEIR LEADERS — all their SINS
53 will be told — all the graft, malfeasance, and lies will be exposed.

54 Like a virus — they cannot abide the LIGHT! Like the wicked
55 witch melts in water, the wicked are scorched in LIGHT of
56 TRUTH.

57 This is the reason many are watching for the Deep State swamp
58 monsters to go to extraordinary extremes to protect their secrets.

59 Mike Lindell is about to expose the foreign interference in our 2020
60 election. He was being interviewed on CNN — and he noticed that
61 the reporter seemed deeply concerned about the upcoming event
62 and Mike asked him if he needed a hug?

63 Mike's Cyber Symposium scheduled for August 10-12, an
64 Emergency Broadcast System test is also scheduled for August 11,¹
65 the same day Biden is expected to announce nationwide
66 LOCKDOWNS.² What's with August 11?

67 CDC is claiming to have the power to declare LOCKDOWN for a
68 medical emergency (I'll speak to the *emergency* in a bit) — but
69 since when does the CDC have executive power, and legislative
70 power in their hands? Will the pretender President declare Martial
71 Law? He does not have the backing of the American people for any
72 sort of move like that—chairman of the Joint Chiefs doesn't have
73 the backing of the military leadership.

74 Their coup is unraveling. A whistleblower from within Dominion
75 has stepped forward and given a password to Ron Watkins, and
76 showed him proof that the Dominion machines are designed to be
77 connected to the Internet. A bunch of CIA plants are combating
78 this with posts like, "big deal. We already knew this." It's
79 information warfare, friend. This IS a big deal! This is exactly the
80 sort of PROOF Dominion has been attempting to hide from the
81 American people: the sort of proof that erases plausible deniability.

82 As long as the progressive Kool-Aid sippers have any place to hide
83 from the truth, they will take it. They will dodge into and hide in
84 any gray area of "reasonable doubt" they can find. They can stare
85 down the OBVIOUS in defiance so long as they can find any
86 "plausible" explanation no matter how unreasonable it is to those
87 whose senses are not dulled by the mind numbing Kool-Aid.

88 But, this sort of proof cannot be ignored! It closes off all avenues of
89 escape from the TRUTH. Only those devoted to the evil one can
90 ignore this light.

91 Whistleblower from within Dominion uses password to access the
92 Dominion machine and reveals how Internet connectivity is
93 achieved — exposes Dominion deceit and subterfuge. This
94 whistleblower reveals that the machines can actually be turned on
95 remotely, and manipulated remotely.

96 Arizona election audit update — we are waiting for the audit
97 results to come out. As you know, the AZ Senate issued a second
98 subpoena demanding the Maricopa County Board of Supervisors
99 surrender the routers and Dominion to surrender the passwords.

100 The Supervisors has refused, again. And Dominion issued a
101 statement to the effect they do not recognize the AZ Senate as
102 having the authority or jurisdiction to demand the passwords.

103 Jack "SELL-OUT" Sellers represents the first District of Maricopa
104 County and apparently is the spokesperson for the corrupted
105 representatives. He scorned the latest AZ subpoena and called on
106 the Senate to show their hand.

107 We remember that the Supervisors unwillingly yielded to the audit
108 in the first place — but they drew the line at yielding the routers.

109 Apparently, they are willing to live with the fall-out arising from
110 proof of massive domestic fraud, perpetrated by others, like by
111 dead people, or some others—they might even have already
112 identified the scape-goats they will throw under the bus—while

113 they hide behind plausible deniability they had any intent to
114 defraud—perhaps expecting to weather the political storm of
115 charges of incompetence, dereliction of duty, failure to do due
116 diligence, and so on. But the routers will prove treason—and that's
117 something they are not willing to face. The routers will prove the
118 machines were connected to the Internet, that the Supervisors
119 knew this, and hid it, and actually facilitated it, and that the CCP
120 used that connectivity to interfere with our election and that the
121 CCP paid these Supervisors — perhaps through Zuckerberg
122 donations to them.

123 Yep! We now know that Zuckerberg funneled 3 million dollars to
124 Maricopa County through one of his charity fronts and the AZ
125 Senate has recently announced an audit of that money is
126 forthcoming.

127 Senator Kelly Townsend requested and the Attorney General of
128 Arizona agreed to pursue the audit. If the Maricopa County
129 Supervisors refuse to comply with the audit, they will be
130 committing a crime—but, as we have already seen, they are not,
131 apparently, within the reach of Arizona law; so, we'll see.

132 Senator Townsend is asking the auditor general to investigate how
133 the money was used to educate voters to sign up and request an
134 early ballot, and how much was used for this purpose. She wants to
135 know how much, if any of the money was spent on personnel. She
136 wants details on their recruitment of workers, where the
137 recruitment was targeted, and what criteria were used for selection.
138 She wants to know where advertisements were placed, and so forth.
139 She wants details on how the Secretary of State invested these
140 monies to combat so-called "misinformation" and
141 "disinformation." She wants to know what services they used, what
142 information was disseminated, and where. Also, how much was
143 spent.

144 She wants to know what private monies were accepted by other
145 counties, and what it was spent on. And she wants a look into the
146 acquisition process by which the Dominion voting systems were
147 acquired in Maricopa County.

148 She wants the details of the lease agreement, minutes from all
149 meetings, what if any public input was allowed, what security and
150 or technical analysis was done.

151 All of these concerns arise from suspicious behavior and activity on
152 the part of the Supervisors and Secretary of State and Governor
153 Ducey. Particularly concerning is the fact that we know the
154 Secretary of State had to certify use of these machines, and the
155 Equipment Certification Advisory Committee conducted the
156 ONLY publicly available review of Dominion. Anti-Trump and
157 ANTIFA apologist Dominion executive Eric Coomer led the two
158 sales demos—and there was no formal Committee-driven technical
159 analysis done to support the State certification decision. No reports
160 were produced relating to any examination of the suitability of
161 these machines. The only thing available to the public was the
162 meeting minutes of the sales demos.

163 And so all the known Dominion security concerns were ignored;
164 they were not even discussed. The sorts of things that caused Texas
165 to reject use of the Dominion machines were accepted without
166 question by Arizona. Get this! In the AZ Secretary of State October
167 29 meeting, Coomer explains that the login for adjudication is set
168 up so that there is only one login necessary for all adjudicators.
169 This means there is no tracing any adjudication back to any
170 particular adjudicator. Maricopa County CHOSE not to have full
171 traceability and chain of custody—which would have required each
172 adjudicator to login individually during the election.

173 Another alert that something is wrong arose when it was
174 discovered that Dominion did not maintain the standard "arms-

175 length" distance from security concerns—that is usually left to the
176 County and Dominion stays out of that.

177 Finally, on the day before Early Voting began, on October 6, 2020,
178 Maricopa County published a video called "Vote Centers: Inside
179 Look" and in it the Dominion voting machines were displayed with
180 USB ports open and unsealed. This was the main security concern
181 Texas noticed and because Dominion would not seal these ports,
182 Texas refused to use their machines.³

183 Okay, looks like I went a bit long — hold on through the break. I'll
184 be right back. Remember, Mike Lindell will reveal his evidence
185 proving foreign interference in the theft of the 2020 Election

188 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
189 at the Lighthouse, your brain masseur, and Paul Revere's lantern
190 lighter, lighting the lamps in the church belfry arch, signaling the
191 enemy is on the march, an enemy that would steal from us our
192 liberty.

193 We've been repeatedly hearing — actually, for quite a long time.
194 You might remember a few episodes back I mentioned the seven
195 Universities that sued CDC for refusing to provide a sample of the
196 virus, and speculated, out loud their own suspicion it did not exist.
197 Something got out of the Wuhan lab but those perpetrating this
198 fraud will fall on their own sword before they let anyone see it
199 outside of their direct control.

200 I have here a document from the CDC revealing that because the
201 CDC did not have an isolate of the virus, they had to create a
202 facsimile of it by combining human cells with elements of a
203 common cold virus. This is what they used as the basis for the
204 COVID test they administered — yeah, here is the documentation

³ <https://djhjmedia.com/steven/az-state-senator-kelly-townsend-successfully-pushes-for-financial-audit-of-zuckerbucks/>

205 for this one.⁴ They pulled this test from use anticipating the release
206 of this information. "Gypsies, tramps and thieves ..." — move over
207 my Gypsy friends—you've got competition—"CDC, TRAMPS and
208 THIEVES ..."

209 Repeated reports that no one has seen an isolate of this virus are
210 coming forward — this thing is crumbling.

211 Judicial Watch received over 2k pages of new docs from CDC
212 which show FB coordinated closely w/the CDC to control the
213 COVID narrative & "misinformation" — also, more than 3.5 mil.
214 was provided to the CDC in FREE ADVERTISING by social media
215 companies.⁵ More evidence of collusion between the government
216 and so-called Big Tech social media companies to control what
217 Americans could say or hear about this COVID conspiracy. By the
218 way, THIS IS THE DEFINITION OF CONSPIRACY and it's no
219 *theory*.

220 I have five BIG questions for all Kool-Aid drinking liberals:

221 1. Why did the medical establishment create a faked scientific
222 study to "prove" Hydroxy was ineffective and even dangerous as a
223 therapeutic for COVID — when, a. we now know they knew this
224 was not true; and b. we now know they knew all along that
225 Hydroxy IS an effective therapeutic if introduced early? Hey, that's
226 a huge question, friend. Why isn't anyone asking that question?

227 Could it be that if a therapeutic was known to exist, the
228 government would have NO BASIS to mandate vaccinations?

229 By the way, Fauci referenced this fake study as support for his
230 claim that Hydroxy was not a viable therapeutic. Fauci is a phony.

⁵ https://www.judicialwatch.org/press-releases/cdc-facebook-covid-messaging/?utm_source=twitter&utm_medium=social&utm_campaign=press_release

231 2. If the CDC records are accurate, and the mortality rate for
232 COVID actually turned out to be nothing more than what we
233 expect from a flu season—and if when we compare the overall
234 mortality of 2020 to any of five years prior we see NO
235 SIGNIFICANT DIFFERENCE—why are we responding to this as
236 if it is the greatest plague to hit in the history of mankind? Are the
237 CDC records accurate? If they are not, why are we believing them?
238 If CDC records are accurate, why are we risking lives with an
239 experimental vaccine for a virus that has turned out to be no more
240 concerning than a bad flu season? (99.987% recovery from healthy
241 persons and above 95% for those considered high risk.) Why is this
242 not being asked repeatedly?

243 And, why are they pushing a vaccine on children who have from
244 the beginning been at a virtual zero risk of dying from this disease?

245 3. If we pulled a vaccine during the swine flu pandemic in 1976
246 because it was connected with 53 deaths, why is no one concerned
247 that the COVID vaccines are presently connected with 6,000
248 deaths?

249 4. Why have we been pushed into masks, social distancing and
250 lockdowns when all western medicine has—until COVID—agreed
251 these things are ineffective to stop the spread of a virus, and have
252 proven to be in fact harmful instead. Fauci declared his own
253 understanding of this in emails uncovered, and when he was
254 caught, and asked about this, he did not point to a study, to any
255 RCT that proved masks were effective, instead he said he did not
256 want to encourage a run on face masks at that time because they
257 were needed for medical personnel. WHAT! He declared himself
258 to be an arrogant, lying, manipulating deceiver! Or he is covering
259 up for what really happened. His CCP handlers gave him the word
260 they wanted to begin conditioning Americans to surrender to
261 GOVERNMENT CONTROL of their lives.

262 They, the American medical establishment, the CDC, the FAUCIS,
263 NONE OF THEM — no one has provided one single scientific
264 study supporting this sudden change of consensus regarding
265 masks, and social distancing?

266 And yet we are pushing these masks on people, and on children,
267 and it's a CRIME against HUMANITY!

268 5. When will people wake up and begin to see that these people are
269 lying to us. And the huge question is WHY?

270 Meanwhile, the battle continues. FL continues to LEAD THE
271 WAY! “FL Board of Education will hold emergency meeting ... to
272 discuss allowing families to take their ... education dollars
273 elsewhere if their public school’s masking rules ‘pose a health or
274 educational danger to their child.’”⁶

275 Here is a teacher telling a third grader she can't wear a mask that
276 says JESUS LOVES ME on her mask.⁷

277 The irrational push to vaccinate all 350 million Americans
278 continues — Joe recently declared that goal was achieved, but, you
279 know Joe. Rand Paul is standing for us against the push to create a
280 no fly list for all the unvaccinated — that is going to damage the
281 flight industry. Fauci is calling for “measures” to be taken to get
282 every jabbed. The White House is considering withholding funding
283 as a way to coerce people to take the shot! This is the craziest thing
284 I've seen yet — and it's all about to implode.

285 At the same time, we are pressing forward on the shedding of
286 innocent blood—which is certainly at the root of our problems in
287 this country.

288 Here is an article telling us — Mississippi is advancing their case to
289 challenge the essence of Wade—and then revelations about baby

290 body part harvesting going on at the University of Pittsburgh.
291 Yeah, found that in a tweet from Don Jr. and ran it down:
292 University of Pittsburgh likely harvesting organs from abortion
293 survivors with quota for racial minorities.⁸ Donald Trump Jr. said,
294 “I don’t care if you’re pro-choice or pro-life, if you’re okay with
295 torturing an unborn baby like this, then you need to seek help
296 immediately. Everyone involved in this should be behind bars.”

297 Amen! But so long as truth lay in the street, judgment will turn its
298 back on us and justice will stand "afar off" — Isaiah 59:14.

299 What is the answer? Sure, we must fight! But we must fight
300 surrendered to GOD or we will fail. This passage begins with the
301 answer to the question why are we in such a case: "Behold, the
302 LORD's hand is not shortened that it cannot save, neither His ear
303 heavy, that it cannot HEAR: BUT YOUR INIQUITIES HAVE
304 SEPARATED BETWEEN YOU AND YOUR GOD, and your sins
305 have hid his face from you, that He will NOT HEAR." The
306 indictment follows and the first on the list: "For your hands are
307 defiled with blood, and your fingers with iniquity; your lips have
308 spoken lies, your tongue hat muttered perverseness."

309 The answer to this problem is II Chronicles 7:14. If my people,
310 which are called by may name, shall humble themselves and pray,
311 AND SEEK MY FACE, AND TURN FROM THEIR WICKED
312 WAYS, — then—THEN — will I hear from Heaven, and will
313 forgive their sins, and will HEAL THEIR LAND."

314 I have lit the lamps in the Church belfry arch and now you let me
315 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
316 ON and you will ride like Revere and spread the warning,
317 (essentially, it means you agree with what I’m saying) or you say
318 LIGHTS OFF -- which means you reject what I’m saying and
