

Brain Massage®: Show No. 846 Biden's Watch Tells Him It's Time to GO /  
How To Rise Up Against The Marxist Assault

Jerry Scheidbach

Original Air Date: 09.04.21

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 In October, in the year 539 BC, Belshazzar was partying with his  
5 fellow despots in Babylon. To show off, he called for the Jewish  
6 Temple vessels taken by his grandfather from Jerusalem to be  
7 brought in and he, his servants and his concubines used them to  
8 toast the gods of gold, and silver, brass and iron, and of wood and  
9 stone. On the night of October 12, 539 BC, Belshazzar saw a hand  
10 appear writing something on the wall he could not understand.  
11 Daniel was called in to interpret the writing and it was a message to  
12 the wicked king: the kingdom over which Belshazzar presided had  
13 been "numbered" and had come to its END. That was the meaning  
14 of the first two words written: Mene, Mene. The third word was  
15 TEKEL and that meant Belshazzar had been weighed in "the  
16 balances" and was "found wanting." He did not measure up—. The  
17 last word in the sentence was UPHARSIN which meant DIVIDED,  
18 and the message was Belshazzar's kingdom was divided between  
19 the Medes and the Persians. Belshazzar was slain a few hours later  
20 and Darius the Mede took Babylon — while Cyrus the Persian  
21 defeated Belshazzar's father in the north.

22 Hmmm! I think Biden kept checking his watch because he couldn't  
23 make out the odd Apple Watch message he saw there — as he  
24 watched the 13 coffins carrying the bodies of soldiers murdered by  
25 terrorists he aided and abetted by his botched withdrawal from  
26 Kabul. One meme showed a photo shopped picture of the watch  
27 screen with a message from his son, Hunter, informing "the big  
28 guy" that money from CCP, Ukraine, and Russia was being  
29 transferred to Jill's account and it was time for Biden to protect the

30 family wealth and divorce Jill and make a run for it. Hmmm.  
31 Maybe! But maybe it was MENE, MENE, TEKEL UPHARSIN.

32 — pause —

33 [THE BATTLE FOR AMERICA IS ON]

34 Coming to the end of summer—September 22 is the last day of  
35 summer. Let's hope we will not cry with Jeremiah: "The harvest is  
36 past, the summer is ended, and we are not saved" — Jeremiah 8:20.

37 Will the political prisoners from Jan. 6 be forgotten?

38 Let's talk about the Betrayal of Afghanistan by the Traitor in chief.

39 So, what is going down with the AZ audit?

40 And parents are rising up to take back their schools in California.  
41 The gripe against Gabriel Gipe, the ANTIFA High School teacher  
42 who was outed by a Veritas sting op has got parents in that  
43 Sacramento school district calling for School Board resignations  
44 and the principal of that school to step down.

45 Another CA teacher, this one embedded in an Orange County  
46 school district, Kristin Pitzen, confessed in a Tik Tok video that she  
47 suggested a student pledge allegiance to the LGBTQ flag rather  
48 than to the American flag.<sup>1</sup>

49 On the plandemic fraud front—the person at NIH who is leading  
50 the testing that the FDA depends on to approve vaccines is Fauci's  
51 wife. Let's talk about the pandemic and why the mask wars are an  
52 important line in this battle.

53 Okay, my friends, it's time for your brain massage!

54 [TRUTH]

55 Will the political prisoners from Jan. 6 be forgotten? Like the US  
56 friendly Afghanis and the Americans Biden betrayed and left

<sup>1</sup> <https://news.yahoo.com/teacher-removed-class-suggesting-student-182856307.html>

57 behind. Will we do to our own political prisoners what Biden has  
58 done to the Afghan interpreter who saved his life in 2008 and is  
59 now abandoned to the Taliban?

60 Biden must be brought to justice for his calloused betrayal of  
61 America. Look at your watch you coward — it tells you that it's  
62 time for you to go! (Having some trouble shaking the image of the  
63 President ALLEGED II checking his watch while 13 US FLAG  
64 DRAPPED COFFINS filed by in front of him carrying the bodies  
65 of brave soldiers who died by his hands. He should have been  
66 checking the blood on his hands and not the time on his watch.

67 An award winning journalist, Lara Logan, who worked with 60  
68 minutes, is now with Fox, and during an interview with Bongino  
69 she delivered startling revelations about what's really going down  
70 in Afghanistan. I just listened to her interview with Bongino and  
71 then heard her explain the same thing to Tucker — and that  
72 AMEN you heard reverberating across the land was me rejoicing  
73 that someone is SAYING THIS that people like Bongino and  
74 Tucker are listening to. It's what I have been saying right from the  
75 beginning — the outcome you are seeing play out in Afghanistan  
76 was planned — it's what "they" WANTED.

77 There is NO WAY our NSA were surprised about the Taliban  
78 attack. To stage such a massive troop massing and movement  
79 requires activity that is impossible to hide. Today! You must be  
80 kidding! Our intelligence apparatus knew exactly what was going  
81 on months in advance. Just simple common sense tells you that.  
82 Your gut tells you that. Anyone willing to SEE what is OBVIOUS  
83 knows that to be true. But some desire to believe lies because the  
84 truth makes them uncomfortable!

85 [People who call themselves Christians are uncomfortable with  
86 what Jesus said about Hell so they prefer to believe everybody goes  
87 to heaven. Through desire a man separates himself and seeks and  
88 meddles with wisdom—twists it into a pretzel that fits his fancy.]

89 But now we have the phone call between corrupt Biden and  
90 corrupt Afghani President Ghani on July 23 — let's see now, that's  
91 July 23 to August 15, that's, let's see here, I want to get this right, 24  
92 days, more than three weeks before the Taliban attacked Kabul.  
93 Okay, so in this phone call, Biden says his military advisors are  
94 telling him "things aren't going well in terms of the fight against the  
95 Taliban."<sup>2</sup>

96 There it is! Clear PROOF that Biden and his military advisors knew  
97 the Taliban were making gains against the Afghan army. So, what  
98 was Biden's concern?

99 Perceptions! That's right! Biden said, three weeks before the  
100 shameful betrayal of America and freedom hopeful Afghanis —  
101 (By the way. I understand that many of the Afghanis were not pro-  
102 America so much as they were pro US Dollars. But I also know, for  
103 a fact, that, 1. Many Afghanis were inspired by the prospects of  
104 freedom but became jaded when they saw American corruption  
105 politics taking hold of their new Afghani government and it  
106 sickened them, jaded them, and so they joined their cynical  
107 compatriots, shifting their expectations to same old same old —  
108 might as well get what we can out of this; and 2. At least a few  
109 Afghanis, mostly women and children, continued to hope genuine  
110 freedom would prevail and that America would keep them safe.)

111 So corrupt Biden was concerned about perceptions — he said to  
112 the corrupt leader of Afghanistan, "I need not tell you the  
113 perception around the world and in parts of Afghanistan, I believe,  
114 is that things aren't going well in terms of the fight against the  
115 Taliban."

116 Then *not so sleepy Joe* made this politically astute observation —  
117 "And there's a need, whether it is true or not, there is a need to  
118 PROJECT A DIFFERENT PICTURE."

---

<sup>2</sup> <https://www.reuters.com/world/excerpts-call-between-joe-biden-ashraf-ghani-july-23-2021-08-31/>

119 Ghani replies to Biden's plea for Ghani to DO SOMETHING that  
120 will make the situation LOOK DIFFERENTLY — by informing the  
121 corrupt White House squatter — "Mr. President, we ARE FACING  
122 A FULL-SCALE INVASION, composed of Taliban, FULL  
123 PAKISTAN PLANNING AND LOGISTICAL SUPPORT, and at  
124 least 10-15 thousand INTERNATIONAL TERRORISTS,  
125 predominantly Pakistanis thrown into this, so that dimension  
126 needs to be taken account of."

127 Then the Afghan leader asked explicitly for the AIR SUPPORT  
128 promised to be "front loaded." He also complained that military  
129 pay had not increased for over a decade. The Afghani president  
130 said he needed to make a gesture to his army that they will be paid.

131 Then the corrupt Afghani President revealed that he has  
132 intelligence suggesting there were some hidden deals being made  
133 between the US and the Taliban, and the US air force  
134 demonstrated restraint in attacking them—Ghani said US air force  
135 "was extremely cautious in attacking them." Clearly, Ghani was  
136 suspicious the US was playing both sides and making deals with  
137 the Taliban behind his back.

138 From the excerpts I have, it appears Biden closed the conversation  
139 telling Ghani "close air support works only if there is a military  
140 strategy on the ground to support." Uh, he just explained what  
141 would be needed to field an army and I don't know any way Ghani  
142 could have heard this than to conclude Biden is throwing us under  
143 the bus and preparing to run us over repeatedly. This conversation  
144 adds up to Biden telling Ghani it's over.

145 The take away here is that Biden knew the Taliban were massing to  
146 attack, and it is clear he knew this several weeks coming into this  
147 phone call where he declares this knowledge to Ghani. For Biden to  
148 say the Taliban surprised the US is simply nonsense.

149 Second, Biden did not take aggressive action to begin evacuation of  
150 US civilians from Afghanistan when he knew full well the Taliban  
151 were massing for a major attack on Kabul.

152 He did not "front load" the air support requested, and the  
153 Democrats on the Hill even right now are blocking funding  
154 promised to the Afghan army!

155 You can tell from this conversation that Ghani had intelligence  
156 that the US was making deals with the Taliban behind his back.

157 I realize the take away most are concerned about is Biden's crass  
158 concern about the Perspective — true or not, do something about  
159 how this LOOKS. But a deeper look reveals darker things at work.

160 Lara Logan is an expert in the Afghanistan issue—listen to what  
161 she reveals that none in the Marxist Socialist Media will tell you.

162 Did you know that we left the weapons and military material for  
163 the TALIBAN? That's right. This was done on purpose. But you  
164 have to be willing to SEE what is obvious to see it.

165 We did not destroy the weapons and material that was left behind  
166 in Kabul, and we left the Bagram air base in tact with billions,  
167 multiple billions of dollars worth of vehicles, aircraft, rifles, ammo  
168 — even night vision gear, all now in the possession of the Taliban.  
169 Now, did you know that in places where the Afghan forces were  
170 being left by US military, and after they were expressly asked not to  
171 destroy the US weapons in those places, DID YOU KNOW OUR  
172 MILITARY COMMANDERS ORDERED those weapons  
173 destroyed? That's right. So, are you willing to SEE WHAT IS  
174 OBVIOUS?

175 Biden does not order an evacuation of American civilians FIRST in  
176 advance of the withdrawal — and HE KNEW THE TALIBAN  
177 WERE COMING and there is reason to believe elements of the US  
178 military were actually corroborating with the Taliban as they made

179 their preparations — Biden begins moving military out in the  
180 midst of a TALIBAN attack? SEE what is obvious.

181 According to Logan, the Taliban are one and the same with the  
182 terrorists we call ISIS and now ISIS-K. It's a ruse, she said. These  
183 are one and the same. Okay, how about we take a look at what is  
184 obvious. One of the first things the "Taliban" when they took Kabul  
185 is RELEASE thousands of ISIS fighters, which fighters were  
186 absorbed into their army. SEE WHAT IS OBVIOUS. You are being  
187 lied to — there is no ISIS-K — there is only Taliban TERRORISTS.

188 Now the Biden administration is preparing to recognize the  
189 Taliban as the legitimate rulers of Afghanistan — THERE IS A  
190 NICE LITTLE 9-11 PRESENT FOR YOU AMERICA!

191 I hope you enjoy it — all you who voted for this traitor. Enjoy your  
192 9-11 celebration!

193 I've gone a bit long here, but look, GOD is putting all of this in  
194 front of your face so that we will SEE WHAT IS OBVIOUS! We are  
195 under attack by the CCP who, by the way have already signaled  
196 they will recognize the Taliban and support their take over of  
197 Afghanistan—any hope of freedom and liberty are gone in  
198 Afghanistan so long as Biden stays — and hope of preserving  
199 liberty and justice in America CANNOT SURVIVE the  
200 continuation of this unacceptable situation in which we have a  
201 CCP placed president, and so many in the Congress that are  
202 holding their office by theft—THE WHOLE THING WE ARE  
203 LOOKING AT SCREAMS — true the vote! Come on AZ, come on  
204 PA — come on GA — come on America — STOP THE THEFT  
205 OF OUR RIGHT TO CHOOSE OUR LEADERS. I'll be right back!

206 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
207 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
208 lighter, lighting the lamps in the church belfry arch, signaling the

209 enemy is on the march, an enemy that would steal from us our  
210 liberty.

211 One thought I did not get to in the first segment. Why would an  
212 American president want to prop up a terrorist organization — the  
213 same reason Obama and Biden did this before. First, these are not  
214 Americans — these are traitors embedded in our government to  
215 subvert our rights and freedoms to subjugate us to the ONE  
216 WORLD GOVT. DICTATORSHIP they are trying to construct.  
217 Like Soros said, America is in their way. Specifically, Christian  
218 America. So, they support the radical Muslim jihadis because this  
219 is the antichrist army they will use to kill Christians. There you go,  
220 rolling your eyes again. I'm not wrong about this! Psalm 2. Those  
221 who know prophecy know that Antichrist attempts to purge the  
222 world of the saints. The globalists need an army that will not  
223 hesitate to kill Christians. Guess what? Sources from within the  
224 administration are leaking that Taliban forces, equipped with our  
225 military gear, are going house to house, killing, executing, any in  
226 Kabul known to have fraternized with the US. How do they know  
227 where these people live? Biden made certain they were given the  
228 database identifying all of them. He is a TRAITOR! He needs to be  
229 charged with treason, allowed to have the defense afforded by our  
230 system of justice, and when found guilty, executed in the electric  
231 chair.

232 Here is something I received from a missionary in Afghanistan:  
233 "Some of our brothers have made the decision not to run or hide  
234 but to instead use the days they have left to go house to house  
235 telling others of Jesus. They are very aware that this will shorten  
236 their days but still they are knocking [on doors] and people are  
237 accepting Jesus of Nazareth as their Saviour and LORD! This is the  
238 reason we are hearing reports that the church there is growing in  
239 unprecedented numbers daily. There is no greater love that a man

240 lay down his life for a brother. Please pray for our brothers and  
241 sisters."

242 The ANTIHRIST SPIRIT is strong in the Biden Administration!

243 So, what is going down with the AZ audit? The latest from Senator  
244 Kelly Townsend: "Okay, please don't shoot the messenger. The  
245 good news is, our auditors are successfully recovering from covid  
246 and are back at work preparing the report. As for the report, I am  
247 glad to hear that at least it will be produced within the next week or  
248 two. From that point, the judiciary committee will meet and will go  
249 over everything with a fine-tooth comb. I will keep everyone  
250 posted to the extent I am able to disclose information. We are  
251 moving forward." I feel your frustration with this thing getting  
252 dragged out — but unfortunately, Americans are still struggling  
253 with accepting the discomfort that will be required to correct this  
254 mess. Come on patriots — step up!

255 Happily, we are seeing some stepping up among parents in the  
256 public schools.

257 Gabriel Gipe — a public high school teacher in a Sacramento  
258 district was caught on video confessing that he recruits students in  
259 his classroom to be revolutionaries.<sup>3</sup> Parents are outraged that Gipe  
260 has been allowed to do this for years. The Principal, all in the  
261 Administration of that school district, the School Board, all of  
262 them, ignored multiple complaints raised against this teacher over  
263 the years. The ANTIFA flag displayed in his classroom where the  
264 American flag was removed. A picture of Mao displayed in his  
265 classroom where no picture of George Washington would be  
266 welcome. Gipe told the undercover Project Veritas reporter that he  
267 had 180 days to turn his students into Revolutionaries. He bragged  
268 that he displayed his ANTIFA flag in the classroom, and that when  
269 one of his students asked him about it and expressed discomfort,

---

<sup>3</sup> <https://www.rt.com/usa/533796-antifa-teacher-sacramento-kids-revolutionaries/>

270 Gipe told the student he displays the flag in order to provoke  
271 Fascists to be uncomfortable. He said he told the student, if you  
272 feel uncomfortable with that flag, I don't know what to tell you,  
273 Gipe said smirking! He said he told the student if he feels  
274 uncomfortable with the flag maybe he should consider not aligning  
275 himself with values that are antithetical to what the flag represents.

276 Here is another report, this one from KCRA 3 in Sacramento,  
277 "Inside the Inderkum High School teacher's politically charged  
278 classroom — the guy was stamping student's assignment papers  
279 with the face of Kim Jong-Un with the word BOMB! Students were  
280 asked to put their photo on a quad chart to identify themselves  
281 with their chosen ideology. The chart has squares for Communism,  
282 Anarchy, Nazi, and the Republican Party symbol. Interestingly, the  
283 chart is divided by the DNC donkey, and the GOP elephant. On  
284 the DONKEY side you have the Communist and Anarchy symbol,  
285 on the ELEPHANT side you have Nazi and the GOP symbol.  
286 Students were encouraged to post their personal photo in the  
287 square that identifies them.

288 Another CA teacher, Kristin Pitzen, confessed in a Tik Tok video  
289 that she suggested a student pledge allegiance to the LGBTQ flag  
290 rather than to the American flag.<sup>4</sup> This was in an Orange County  
291 district. Yeah, she totally buries herself in this moment of self-  
292 immolation. Check out, here! ([https://www.rt.com/usa/533796-  
293 antifa-teacher-sacramento-kids-revolutionaries/](https://www.rt.com/usa/533796-antifa-teacher-sacramento-kids-revolutionaries/)). So, she, like, all  
294 coy, and giggly, and totally impressed with herself goes on to tell us  
295 all she took down the American flag during COVID and whispers,  
296 it was because it made her uncomfortable.

297 Maybe she should have a talk with Gipe about that and if the  
298 American Flag makes her uncomfortable she should stop aligning  
299 herself with the values that are antithetical to what that flag

---

<sup>4</sup> <https://news.yahoo.com/teacher-removed-class-suggesting-student-182856307.html>

300 represents—you know, values that are antithetical to Liberty and  
301 Justice for ALL, and All men are created equal and endowed by  
302 their creator with certain inalienable rights, you know, stuff like  
303 innocent until proven guilty, and, oh, here is one she should really  
304 think about, the right to not incriminate yourself by blabbing all  
305 over social media what a moron you are.

306 Yeah, giggling like a school girl, Kristin Pritzen goes on to confess  
307 that when a student raised a question about why the class stands  
308 each morning to recite the pledge when there is no flag in the  
309 room, she demurs — oh, well, I misplaced it, and I'm looking for it  
310 — with Greek comedic snide aside to her audience — waving it off,  
311 shaking her head mouthing no! — Then she said, "in the meantime  
312 I tell this kid, we do have a flag in the class that you can" air quotes,  
313 "pledge your allegiance to, and he like, looks around, and goes, oh  
314 you mean that one, and he points to —" and she pans her camera  
315 to show us the LGBTQ flag she has displayed on the wall of her  
316 classroom.

317 This is not something newly developed although it is newly  
318 revealed—at least in national news! I was warning about this back  
319 in the early 80s. I warned about the shift that took place in teacher  
320 education to make teachers "change agents." The focus was shifted  
321 from preparing the students academically to social engineering,  
322 and ideological shaping. And the ideology being advanced was  
323 anti-American.

324 But here is something every parent should know. There are little  
325 known laws that allow parents to take control of their schools.<sup>5</sup>  
326 Let's talk about that!

327 First, it's good that so many parents are now paying attention to  
328 what is being taught in our schools. So, keep it up! Second, it's

---

<sup>5</sup> [https://granitegrok.com/mg\\_windham/2021/09/boom-hidden-laws-enable-parents-to-control-school-boards](https://granitegrok.com/mg_windham/2021/09/boom-hidden-laws-enable-parents-to-control-school-boards)

329 good that parents are showing up at these school board meetings  
330 and holding the supervisors accountable. Definitely, keep it up!

331 I know you want to be nice and not viewed as belligerent — but  
332 there comes a time when, well, like Bongino said, no more cutesy.  
333 Cutesy time is over! You need to make it clear to these School  
334 Boards that your children are not theirs, that you are the ultimate  
335 authority in their lives, that you will supervise their moral and  
336 religious and ideological development, that **THEY HAVE ONE**  
337 **JOB** and that is to prepare your children with the knowledge skills  
338 necessary to be productive, get a job, and fulfill their potential.

339 Now I understand there are some laws in place that allow for  
340 parents to organize and literally compel the school board, and  
341 school officials also, to **OBEY THE WILL OF THE PARENTS**  
342 regarding curriculum, teaching environment — yes, that includes  
343 the mask thing, and the vaccine thing — and all the rest. Parents  
344 **HAVE THE LEGAL RIGHT** to **DIRECT** the schools in these  
345 matters and it's time we stopped allowing these educators  
346 intimidate us into believing we have no say in all this.

347 I have linked the article that speaks about how parents can  
348 organize, get at least 5% of the parents in a given district to sign a  
349 petition for say, this or that teacher, a Gipe or a Pretzin, be fired, or  
350 the pledge of allegiance will be recited each morning and an  
351 American flag **WILL** be in each classroom, or masks and vaccines  
352 will be voluntary, and, you name it!

353 Okay, I need to wrap up the show for today. Look, **GOD** makes  
354 **PARENTS** ultimately responsible for the instruction of their  
355 children — "Thou shalt teach them diligently unto thy children"  
356 Deut. 6:7; or "MY SON, HEAR THE INSTRUCTION OF THY  
357 FATHER, AND FORSAKE NOT THE LAW OF THY MOTHER,"  
358 Proverbs 1:8, and in 4:1, "Hear, ye children, the instruction of a  
359 father and attend to know understanding."

360 Of course you can employ tutors, or teachers, BUT ULTIMATELY  
361 IT IS YOUR RESPONSIBILITY to make sure your children are  
362 instructed to know understanding.

363 I'll never forget the day my dad realized I had not learned to tell  
364 time. He was appalled. He took a clock, and sat down with me and  
365 showed me how to tell time.

366 Well, Dad, you had better pay attention that your children are not  
367 being turned into little Marxists — you had better make certain  
368 your daughter does not grow up to college age and when asked are  
369 you a Socialist, she ponders a bit and answers, well, I like  
370 socializing, so, yeah, I think I'm a socialist. I kid you not when I tell  
371 you a young lady attending a college in Orange County gave me  
372 that answer — not last month, not a year or so ago, but back in  
373 1980. This has been going on for so long — these Marxist  
374 indoctrination agents don't even hide it anymore.

375 I'll have to discuss the proof of PLANDEMIC — and why the battle  
376 over masks is key tonight during our visit — Comfort & Counsel  
377 for the Present Distress, each evening except Monday, Wednesday  
378 and Sunday — so go to our Facebook page Lighthouse Baptist  
379 Church, Santa Maria, CA like the page, and set notifications to be  
380 alerted when I go live.

381 I have lit the lamps in the Church belfry arch and now you let me  
382 know if you see them. You can leave a message on our Lights On
