Original Air Date: 12.03.21

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Well, it has been a while! Still fighting back against the CCP
5 Bioweapon attack but gaining ground every day by God's grace
6 ministered to me through my wife and our excellent doctor. And
7 my church family — Oh my! What outpouring of love, attention,
8 and assistance — THANK YOU! Lighthouse Baptist is truly a
9 blessing!

10 You know that "all things work together for good..." and this
11 vicious attack by America's enemies is no different—oh my what
12 glories have I enjoyed with the LORD. Wonderful! But, at the same
13 time, my, what chastening, and what humbling I have suffered.

14 I wish to express my gratitude to the station for their patience and
15 assistance during this time. And you, also, for hanging with me
16 through this and, hopefully, enjoying the encore shows — mine is
17 unique in many ways, not the least of which is this, the insights
18 brought out are eternal, but they are presented within the context
19 of current events—.

20 Thank you program director Pat, and all our excellent team at
21 Knight Broadcasting.

22 Lord willing, I plan to make an appearance, at least, in my pulpit
23 this Sunday; but at present I cannot say which service. It is my
24 desire to speak, but I will need more strength than I have presently.
25 I do so dearly miss being in my pulpit at the LIGHTHOUSE.

26 As you can tell, my voice is weak; but be glad this is radio—yikes! I
27 look like an Auschwitz survivor — I maintain my weight
28 consistently at between 180-190, but through this ordeal I have lost
29 at least 25 to 30 pounds! But it's good for me to push myself
30 somewhat, and my heart is simply bursting to speak on the matters
31 that swirl about us as the toilet called the DS is repeatedly flushing!

32 Let's see —

33 I've tried to keep up with all of this, but, of course, the CCP
34 Bioweapon attack has taken its toll and requires a significant
35 amount of my attention.

36 Of course, I must speak to the Rittenhouse affair, the current
37 debate in our highest court regarding Roe v Wade, the current
38 status of the Pandemic fraud, the Election fraud, and the Ghislane
39 Maxwell sex trafficking case unfolding before us —. Also, the status
40 of the ongoing World War with CCP and their shadow puppet
41 masters against the West. Also, for those following the Patriot
42 drama and continued Q controversies, and why Flynn says Trump
43 has given up — maybe I'll have a bit of time to offer some insight
44 into all that too!

45 Okay, my friends. It's time for your Brain Massage!

46 [TRUTH]

47 The Rittenhouse affair: This story has been thoroughly vetted and
48 there is no one living in the world who is not apprised of all the
49 essential details. So, here is my take on this.

50 At question is the maturity of the young man! There is no question
51 as to his bravery, or of the exercise of his RIGHT of self-defense
52 against the vile thugs who attacked him. The only reason I was
53 holding my breath during his trial was fear that justice would
54 refuse to enter in because truth has been so long laying in the
55 gutters of our system—. Oh, what rejoicing filled my heart when

56 my son walked through the house announcing — Rittenhouse
57 acquitted on all charges.

58 Do not mistake this as a small matter! It does mean there are
59 embers of justice glowing beneath the ashes of what is left of justice
60 in this country — and all that is needed is for the soft breath of
61 TRUTH to blow over them and nurture them back into a full and
62 roaring flame of JUDGMENT and EQUITY.

63 Whatever use the Devil attempts to make of this young man's
64 confusion, and desperate efforts to find his way forward through a
65 trial that would have brought down many twice his age—this trial
66 provided witness to this — justice has not entirely abandoned us,
67 judgment, though weak, is not entirely inaccessible, and all of this
68 mean TRUTH continues to breath in America, even if weakly.
69 Take hope in this, that it only takes a spark, and a spark takes only
70 one glowing ember and that ember requires only a puff of TRUTH
71 to send it off—many sparks were sent out in search of kindling the
72 day Rittenhouse was acquitted. Of course, Satan's "firefighters" are
73 busy chasing each one, but we must keep blowing the good wind of
74 TRUTH upon the embers—keep speaking, telegramming,
75 Rumbling, and perhaps we can send some Tweets over Dorsey's
76 new revelations — right— and remorse over his part in getting
77 Biden elected. (A WORD please—the Soros/DS/Globalists
78 Dominion machine STOLE the election—all Dorsey and
79 Zuckerbucks did is aid and abet the theft!)

80 But his handlers are blamed for much of his wobbling — . By
81 wobbling, I mean his statements to the effect that he agrees with
82 BLM, that he sympathizes with their "cause," and supports it. That
83 he is a Democrat, and, Rodney King like, he thinks to call all of us
84 to be one — his soul seems to be crying, in effect, "Why can't we all
85 just get long?"

86 Anyone thinking to lob on to this young man's current notoriety
87 and use it to advance their personal political agendas as child
88 abusers.

89 But he has turned 18, and has responsibility now for the opinions
90 he forms and how he expresses them. He is free! He has the second
91 amendment, and he also has the first, and the third and — he has
92 freedom. Let's pray his mother's shack-up, his affection for his
93 mother and sympathy for her feelings, his desire not to disturb her
94 happiness, oh, and all the Dolores floating all around them right
95 now do not work that well known corruption upon his heart and
96 bury his own honest reflections beneath the interests of the bullies
97 that surround him at present.

98 He is a kid! If he says, *I agree with the BLM cause*, it is not because
99 he agrees with it's Marxist origins or objectives—let's hope!—at
100 least if that were the case, it seems he would have been there for
101 very different reasons than evidence shows—it would be, in my
102 opinion, because he believes in the right of people to protest —
103 albeit not destroy the property of others in doing so — it would be
104 because he supports the right to protest, and has sympathy with
105 some of their concerns about police brutality. He wants to temper
106 the passions, he wants to tamp down the rhetoric, he thinks he will
107 be a healer.

108 Of course, others around him are clever snakes slithering their
109 forked tongues into you young ears carefully working to separate
110 him from Christian influences or from clarifying truths —
111 shielding him from the truth about BLM founding, fomenting yet
112 more division and confusion through his naive efforts to placate
113 and unite. There is the word — *unite!*

114 But Rittenhouse did unite us! We conservatives are strong enough
115 in our convictions and wise enough in our understanding to know
116 when a young man is confused, and being abused by "handlers."
117 But the fact is something the left has been deeply scarred by his

118 acquittal and they cannot cover that up. Our RIGHT to DEFEND
119 our selves was assaulted in this case, and the assault failed. The
120 TRUTH stood firm, and the LIE crashed against it and fell into the
121 street. This is good news, my friends; rejoice! And BLOW THE
122 WIND OF TRUTH all over this — scatter the sparks of truth all
123 over the land — let the PURGING FLAME IGNITE!

124 I need to rest a moment! I'll be right back!

125 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
126 at the Lighthouse, your brain masseur, and Paul Revere's lantern
127 lighter, lighting the lamps in the church belfry arch, signaling the
128 enemy is on the march, an enemy that would steal from us our
129 liberty.

130 What think you? Will the court rule according to LAW or will it
131 rule according to LEGALITY? One day, the questions from the
132 conservative side of the court tend toward LAW—and then next,
133 the questions rising from the liberal side of the court argue
134 legalities. Let me explain the difference.

135 LAW asks the fundamental questions relevant to the case. What
136 does the LAW actually say? And, how does what the LAW actually
137 says apply to the question before us? In this case, the LAW itself is
138 the basis, the ground upon which rulings are set. Legalities present
139 an entirely different basis for law. Legalities actually serve to create
140 a basis for a ruling that is outside of what the LAW actually says. It
141 is a sort of "spinning" of the LAW into support for statements that
142 when viewed in the light of the LAW are manifestly false. But in
143 the confusion, the virtual labyrinth of convoluted "reasoned"
144 arguments, one small step after another is created to lead the mind
145 away from the simple foundation of LAW and shift the premise for
146 their conclusion to a basis for support that is manufactured out of
147 bits and pieces of actual LAW twisted and distorted to frame
148 support for an agenda—for something the LAW does NOT SAY,

149 and for something the LAW, in and of itself, DOES NOT
150 SUPPORT.

151 Heretics do this sort of thing with Scripture. Paul warned about
152 those who use the Scriptures "deceitfully" — and warned against
153 those who use artifice and fraud, and who dull the senses of those
154 they deceive by their sophistry, their pretention to "higher
155 learning" and their use of crafty mind-controlling-psychobabble to
156 mesmerize their hearers and bring their thoughts into subjection to
157 their lies.

158 But every time, the answer is simple! Shake off the nonsense and
159 simply see what is plainly set before you — first, in the plain
160 reading of the LAW itself, and then, in the clear thinking of
161 someone who insists on seeing what is before them, and applying
162 the LAW as it is written to the question before them. This cuts
163 through all the nonsense and goes directly to the heart of the
164 matter.

165 My assessment is not yet complete because their deliberation are
166 not, so far as I know, complete. I don't implicitly trust any man and
167 I have no confidence in any of our institutions—they are all
168 corrupt, and corruptible. But the Rittenhouse acquittal does give
169 me some hope that TRUTH can blow across these deliberations—
170 Thomas, most especially, and Kavanaugh, from what I've seen thus
171 far, have spoken wisely, and have posited their questions from
172 within the context of TRUTH, and of LAW.

173 So, in conclusion on this point, for now, understand what the court
174 is deciding. It will decide whether a State has the power to regulate
175 abortion as it finds fitting, or does Roe-v-Wade preempt the State's
176 prerogative and require ongoing support for the murder of the
177 unborn.

178 At question is, then, first, is there actually any "right to abortion" in
179 the Constitution, or even envisioned in the Roe ruling? The honest

180 answer is no! There is no such law as mandates abortion be legal —
181 it was a ruling on another matter, that of privacy between a doctor
182 and his patient.

183 In the original decision, the matter of whether abortion is an act of
184 the murder of an unborn baby or something else was left
185 unaddressed with the court throwing that question into the hands
186 of the legislature.

187 Surprise — there has NEVER BEEN A RIGHT TO ABORTION
188 recognized in our laws.

189 In the final analysis — if the child in the womb is a human child,
190 the question is moot. Science declares the matter concluded—the
191 infant in the womb is a human being.

192 There is only one course LAW can take and that is to declare
193 abortion is an act of murder. However, in our corrupted system, it
194 is more likely the matter will be settled upon as follows: 1. there is
195 no "right" to abortion in the Constitution; 2. the issue falls outside
196 the purview of the courts to decide beyond LAW, and where LAW
197 applies, it stand against the practice; 3. therefore, the legislatures of
198 each state must answer the question for their respective states.

199 That's my call, we shall see where this falls. At the end of the day, I
200 expect a ruling favorable to our desire to see the end of this
201 scourge, but I do not see its end here. Abolition, absolute
202 prohibition against the murder of innocent life is the ONLY
203 LAWFUL response to this and nothing short of that is an
204 acceptable resolution to America's grotesque shedding of innocent
205 blood in service to Moloch that has cast a dark shadow of death
206 over our nation, and has brought us near to being dropped as
207 refuse by GOD into the maw of HELL.

208 The current status of the Pandemic fraud: See how every nation
209 fares against this attack on our freedom in every country where the
210 people long ago abdicated their right to keep and bear arms.

211 Particularly those nations most closely aligned with CCP.
212 Specifically, Australia! Australia who has proudly declared itself
213 "out from under GOD," and so they are lashed beneath the scourge
214 of their gods — the RULERS of Australia! See what nations are
215 most draconian in their measures to control their citizenry by use
216 of the excuse that they, godlike, will "control" a virus—those
217 nations nearest to the Nazi's in their hearts are the most severe in
218 their measures — example: the Nazi spider crawled into the heart
219 of Austrians back in WW2 and nested there. See Austria embarrass
220 itself — again! See the Nazi spider crawling out of it's hidden places
221 and devouring the tender flower liberty! Edelweiss — dirtied under
222 the jackboots of Austrians who can no longer see the simple snow-
223 white flower they trample upon — grinding this fair and simple
224 symbol of freedom under the crushing stomp of authoritarianism
225 across their villages. I am sorry, Mr. Von Trapp! Your Austria is
226 gone. My own name, Scheidbach, is caged there, strapped to your
227 boots and branded with your Hitleresque oppression.

228 I call on all my Austrian family to stand against this revived Karl
229 Brandt — you probably have never heard of him here in the US.
230 Karl Brandt was Hitlers' personal physician—appointed to Major
231 General Reich Commissioner for Health and Sanitation — Nazi
232 spokesmen for health directives, the highest authority under Hitler
233 — finally became the leader of the "final solution" — and was
234 executed for his crimes against humanity. His spirit has risen over
235 beloved Austria — Scheidbach — RESIST!

236 A word on the Election fraud: the Reason Tucker, Bongino, and
237 Fox generally support the vaccine and the 2020 steal — do you
238 remember, long ago I said, the DS will tolerate only so much
239 resistance and then it clamps down. It will tolerate FOX and these
240 hosts going only so far — and the line is this — you must support
241 the vaccine, and you must not actually do anything that upsets the

242 2020 steal. Those are two hills they will all be slaughtered on if they
243 stand. They are compromised.

244 But flying sparks of truth are being released every day, increasingly
245 they fill the sky, and igniting small freedom fires here and there,
246 cannot be stopped.

247 The Ghislane Maxwell sex trafficking case unfolding before us —.
248 Remember, they were not going to allow any names to be
249 presented. This grieved me deeply and I prayed, as you prayed.
250 Because if I don't hurry and say, "as you prayed" the spirit of
251 jealousy will attach itself to some small-minded Shemai who will be
252 provoked out of his little mind and in a fit throw dust and rocks
253 and curse David — so to calm the little bullies I must be careful to
254 stipulate, no, I do not think everything moving forward rides upon
255 my prayers — but, I do say, if in fact you do not think this of your
256 own prayers, you might as well stop bothering God with your
257 annoying prayer prattle.

258 So no names, but then they are listing names, and of course in the
259 first cluster of names presented you find none other than D. J.
260 Trump.

261 How about that? Trump took a ride on Epstein's jet — once. And
262 not too long after that, in a conversation with Epstein while driving
263 with Trump — Trump ordered the driver to pull over and
264 demanded the weasel remove himself from his car and drove away,
265 leaving him on the curb. Furthermore, it was Trump who set
266 justice upon the doorstep of that perverted and wicked man.

267 Who does not know Epstein's modus operandi? He would target
268 powerful men, such as Trump, invite them to his Island, seduce
269 them with all manner of salacious sex and attempt to film them
270 secretly. Then he would present his video to the target and begin to
271 extort him. He was very successful, as we know — found a real
272 kindred spirit with the Clintons — who, no doubt, bought into the

273 racket. But anyone who thinks Trump tolerated this filthy little
274 pedophile or stepped into any of his traps also believes the Russia-
275 gate hoax.

276 Now, as for the status of the ongoing World War with CCP and
277 their shadow puppet masters against the West. I have little time to
278 address this but to say — CCP with Russia and Iran (the Bear of
279 Daniel's prophecy) are stirring and prepping for war with the West
280 — specifically, with America. Almost everything has been done
281 that can be done at this time to soften the target and prepare it for
282 attack — it is expected that the next phase will be kinetic war—
283 means bullets flying—but it will be a major preemptive Satellite
284 attack — let's pray all the scuttlebutt I've seen is true and our Space
285 Force is in position to respond. PRAY —

286 Finally, for those following the Patriot drama and continued Q
287 controversies, and why Flynn says Trump has given up — if I was
288 ready to resume my Comfort & Counsel visits, I'd go into this
289 tonight. As it is, I don't think I'll have the energy needed.

290 Allow me to say, no one should be surprised that Satan would
291 worm his way into the ranks of the Patriots and sow discord and
292 controversy among them. I wish I could gather these principals
293 together and give them Jesus' counsel on dealing with such matters
294 but I have no access to them. Satan is at the bottom of all of this,
295 and if Matthew 18 with some other passages were carefully
296 followed, the matter would be resolved quickly.

297 First, none of the founders were so perfect they did not have
298 sometimes serious squabbles among themselves, with factions
299 forming, dissolving, forming around some other issue — where
300 once Washington himself intervened between Hamilton and
301 Jefferson and essentially instructed them to disagree as men and
302 not fall into becoming enemies over disagreements as to method,
303 or even as to emphasis by one for this principle over the other for
304 that.

305 If one prayed a Catholic occult prayer, okay, sort that out. None of
306 these guys are theologians, none of them, so far as I know, have
307 been in the faith more than a year or two—who believes Byrne is a
308 Soros operative? It's easy enough to prove, or disprove — Byrne,
309 show your receipts. An important thing is being established right
310 now that should be embraced. One of the chief principles of
311 walking in the fullness of the Spirit is accountability to one
312 another—submitting yourselves one to another in the fear of God.
313 Embrace this passage of trial and testing as one where appropriate
314 accountability is being established among you. None who refuse
315 accountability can be trusted. Such are full of pride and God resists
316 the proud, but gives grace to the humble.

317 Okay, I hope you enjoyed my winded effort to provide a Brain
318 Massage today —

319 I have lit the lamps in the Church belfry arch and now you let me
320 know if you see them. It's LIGHTS ON if you see the LIGHTS ARE
321 ON and you will ride like Revere and spread the warning,
322 (essentially, it means you agree with what I'm saying) or you say
323 LIGHTS OFF -- which means you reject what I'm saying and
324 disagree strongly with me. So, what will it be today, lights on, or
325 lights off?
