

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Putin hits a nuclear plant in Ukraine. Will that finally get attention
5 off the Maxwell trial so they can finagle a "mistrial" without public
6 glare and prying eyes? Will that, finally, break the fixation so many
7 have on Durham's revelations and the advances being made to
8 correct the 2020 Election STEAL? What's it going to take? Will we
9 finally get the American people to look away long enough for us to
10 get the new revelations proving Fauci's and Collin's scientists
11 conspired to HIDE their conviction the virus was manipulated in a
12 lab and very likely got into the general community by a lab leak?

13 Okay, so, an update on the Ukraine debacle, new insights that
14 might be helpful in sorting all this out — and, let's see, yeah, let's
15 take a look at Gates pitiful wrap up of the Wuhan bio weapon
16 scam. I mentioned it to you earlier, but I found a clip allowing me
17 to see the entire statement in its context and it's even worse than I
18 thought.

19 Alright folks — it's time for your brain massage.

20 [TRUTH]

21 One thing to look out for and WATCH AND PRAY about right
22 now is ACTS OF UTTER DESPERATION — from Putin, from the
23 Deep State operatives trying to protect their human trafficking
24 operations here and in Ukraine.

25 I hear a lot of rumbling about Ukraine and Russia being immorally
26 equivalent—that siding with either one is a bad idea.

27 It's weird, to me, how people judge these situations.

28 Is the question whether this or that country deserves to be
29 supported?

30 The issue is Putin invaded another country unprovoked. He did it
31 back in 2014 while Obama watched from his golf cart, and sent
32 blankets to the Crimeans — because he cares so much — and Putin
33 is doing it now while Biden bungles around doing really
34 NOTHING. Truly, there is nothing Biden is doing that impedes
35 Putin in any meaningful way. (For example, the sanctions on
36 Russia's banks are a joke, removing them from SWIFT — a global
37 messaging service for international banking — is a joke. First, it
38 does not apply to all Russian banks — besides, Putin has other
39 systems he can turn to, including one of his own, and one CCP has
40 put in place — he has many routes to circumvent this, and Biden
41 knows that is true. He won't do the one thing that would have a
42 serious impact on Putin and that is release our oil production
43 capacity — like Trump did!)

44 It's the deed that is the issue! Right? In other words, whether or not
45 you think Ukraine is so evil we should not care what happens to
46 them is not the issue here. And whether or not you think Russia is
47 so evil we should not care what happens; that's not the issue. That's
48 a separate question from this one — shouldn't we care about the
49 simple fact that a political leader deployed his army to attack
50 another country which is resulting in totally innocent men, women
51 and children being killed, maimed or otherwise destroyed?

52 What we should *do* about it is yet another question — but surely
53 we can all agree that Putin has no business sending troops across
54 the border of another country and bombing them, and killing them
55 when that country did nothing to him.

56 You know, it's strange how hypocritical almost everyone becomes
57 when in a conflict like this. Look at this example. Putin is
58 explaining why he called his nuclear arsenal to high alert status,
59 and explains he will not deploy his nuclear weapons until after he

60 has verified that Russia is under attack. He did not tell us why he
61 feels threatened; no one has threatened to launch nukes on Russia
62 — but Putin said the reason he would be so careful to make certain
63 Russia was under attack before he launched is because Russia does
64 not believe in preventative attacks. Oh, really? (Making an allusion
65 to Obama attacking Libya, and the Bush doctrine.)

66 We know Putin wants to revive the old Soviet Empire. We know he
67 does not want Ukraine to join NATO. The reason he is attacking
68 Ukraine is because Zelenko *might* lead Ukraine to join NATO,
69 which would be a violation of the treaty Ukraine agreed to back in,
70 what was that, 1996—I forget the year. You do understand what
71 started this war in Ukraine, don't you? Our Idiot for a Vice
72 President was sent to Europe by the idiot for a President, ostensibly
73 to calm things down, and in a presser she expressed how pleased
74 she was that Zelenko had expressed interest in joining NATO.
75 Biden's administration has been pushing for Ukraine to join
76 NATO. Are these people not aware of the treaty agreement at the
77 time the Soviet Union was dissolved?

78 Putin has already been complaining about how he is becoming
79 increasingly surrounded by NATO countries, he even threatened
80 Sweden and Finland of serious consequences if they went into
81 NATO—so how do you suppose Putin responded when our brain
82 dead Vice President ComieLA made such an incendiary statement.
83 You did notice that soon after, Putin sent his tanks across his
84 border with Ukraine.

85 Well, maybe that was a pretext Putin is using to move—maybe
86 what Putin told us was his motives for moving into Ukraine is
87 true? — he wants to demilitarize and denazify Ukraine! Really?

88 First of all, Putin has a lot more in common with Hitler than
89 anyone in Zelensky's government. And second, while there is a
90 representation of neo-Nazis in Ukraine, they are here too. And
91 they to not make up the entire country, neither do they enjoy a

92 wide popularity among the people, just like here. It's as easy for
93 Putin to call the Ukrainian government Nazis as it is for Biden and
94 Harris to call conservative God fearing patriots here **TERRORISTS**.

95 I'm just saying the idea that Ukraine is run by Nazis is not true.
96 There are Nazis in their government, and there are Nazis right here
97 in our government. There is corruption in Russia, and in Ukraine,
98 and, by the way, there is corruption in the good ole US of A.

99 It's true, I think, that Ukraine has been used by the sex trafficking
100 elites to facilitate their operations—and many of the sex trafficking
101 elites using Ukraine for their operations are headquartered here in
102 the USA. I'm told that Epstein and Maxwell got most of their girls
103 to exploit from Ukraine—and did this under the color of law—or
104 with the assistance of key government officials paid off to look the
105 other way. Anyone who does not think this happens here is not
106 paying attention.

107 Does anyone think the mothers and fathers, the children, the sons
108 and daughters, the grandmothers — you get it — that are simply
109 living their lives in the Ukraine — do they deserve to be ravaged in
110 this way? So one political leader uses another and it's always the
111 people that end up being abused. Biden uses Putin to create a
112 diversion from his own failures just in time to give him something
113 to talk about other than his own failures — one friend called
114 Biden's State of the Union Address the State of the Ukraine
115 Address — so Biden uses Putin, and Putin uses Biden to get what
116 he wants in the Ukraine — meanwhile it's the **PEOPLE** who end up
117 **ABUSED** — Putin uses Biden to satisfy his covetousness, and
118 Biden uses **PUTIN** for a cover story, and the **PEOPLE GET**
119 **ABUSED**.

120 My concern is with the **PEOPLE** of the **UKRAINE**, and the flag
121 draped coffins of young soldiers sent to die for Biden's **COVER** and
122 **PUTIN**'s covetousness—but I understand from Zelensky that Putin
123 has provided to make sure that does not happen. He is burning the

124 bodies of dead soldiers in crematoriums — man, if that's not
125 propaganda, it is SICK! And, sadly, everyone who knows anything
126 about Putin finds it totally BELIEVABLE!

127 Biden is moved by the imagery of our sons coming home in flag
128 draped coffins — did you see how moved he was at that imagery —
129 made him think of HIS OWN SON — who died of cancer — a
130 brain cancer Biden claims Beau got from exposure to burn pits in
131 Iraq — there is no proof of that, but Biden demonstrated real
132 humanity when thinking about our soldiers being exposed to the
133 burn pits and recalling the tragic death of his own son from brain
134 cancer — and Colorado Representative Lauren Boebert shouted
135 out a reminder that BIDEN put 13 of our finest in flag draped
136 coffins delivered to their loved ones from his botched withdrawal
137 from Afghanistan—people react differently to this sort of thing.

138 Biden, of course, thought only of his own son, did not mention the
139 13 killed in action in Afghanistan whose deaths are DIRECTLY
140 ATTRIBUTABLE to Biden's botched withdrawal *non-plan* — well,
141 his surrender to the Taliban plan — his payment to Obama for
142 services rendered — Biden's response, a near tearful remembering
143 of his son Beau, Boebert's response — a pained remembering of the
144 13 soldiers betrayed by their country and the betrayal of their
145 country by their feckless commander — but Pelosi's response, now
146 that was just down right bizarre. You saw it! Some are calling it the
147 Pelosi Polka. Here is an article from One America News where it's
148 called Pelosi's TOXIC BURN FIRE PIT DANCE."

149 It would have been hilarious, especially later when she nearly did a
150 face plant — the lady was drunk, as usual. There she rubbed her
151 wicked fistled hands together with a wicked grin and leer in her
152 eyes — these people are possessed by devils. I'm sure of it!

153 Who does a dance at the thought of soldiers being stricken with
154 cancer from toxic burn pits in Afghanistan? Who acts like that?
155 Devils do!

156 Okay, I need to wrap up the first segment! Putin took out a nuclear
157 power plant that provides something like, I think I heard it supplies
158 about 5% of the countries power. Russians attacked the plant, and
159 the Ukrainians put up firm resistance. Russian forces resorted to
160 shelling the plant and one explosive caused a fire that was quickly
161 put out. I read one article that suggested the Ukrainians
162 surrendered the plant to Russian control because they were
163 concerned about the danger of a nuclear disaster. Some say Putin
164 was trying to repeat Chernyoble.

165 Anyway, I spoke this morning with a friend whose expertise is
166 working with nuclear plants — he explained that unless the
167 material had been brought to a critical stage, there are safeguards
168 that would contain any widespread cloud of toxic particles, and so
169 on! Thank you Zach.

170 Anyway, the fire was quickly extinguished and the Russians now
171 hold the plant and we are all assured no mushroom cloud was
172 spotted — no repeat of Chernyoble is forthcoming.

173 Almost all the attention of Putin's army and air force is on the
174 southern Ukraine border with Crimea. The 47 mile convoy of
175 Russian tanks, and personnel transports, and missile launchers,
176 and — well, military supplies except food and fuel. That's what I'm
177 hearing! 47 miles of trucks and tanks without food or fuel. I heard
178 Bongino explain what a boneheaded logistics nightmare this
179 creates for Putin's army — and more than one military tactician
180 has pointed out how vulnerable this convoy is and everyone is
181 asking the question — why can't Putin's generals get fuel to this
182 convoy in, what has it been now, three or is it four days these
183 trucks and tanks are sitting here on the road. What an easy target.

184 Well, maybe they are not stranded after all; Putin is simply
185 building up that convoy as a visible THREAT to Keiv. And
186 meanwhile, he is gobbling up as much territory as he can across the
187 border of Crimea into southern Ukraine — and pressing hard,

188 even hitting nuclear power plants — very scary — and rattling his
189 NUCLEAR ARSENAL like a growling mad dog at the western
190 powers, to keep them at bay — all while entering into negotiations
191 with Ukraine. Maybe the convoy is a bargaining chip — maybe
192 now that Putin knows the Ukrainians don't love him like he
193 thought, and they are not as cowardly as he thought — maybe he
194 took such a sting upon his nose by a swarm of Central Russian Bees
195 — very aggressive, and fierce. So perhaps he has altered his strategy
196 and decided he will go for establishing himself in a strong
197 negotiating position — maybe the bear will go home with a
198 promise from Ukraine to not join NATO, to cede, formally, the
199 Crimea to Russia, to surrender new territory acquired by Russian
200 troops near the Crimea/Ukraine border???. It would seem to me if
201 he really intended to take Kiev, he would have got the fuel and food
202 to his troops in that convoy and moved in on that great city. On
203 other other hand, never forget, there is, after all, a GOD IN
204 HEAVEN. This is not over yet!

205 Hold on through the break; I'll be right back!

206 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
207 at the Lighthouse, your brain masseur, and Paul Revere's lantern
208 lighter, lighting the lamps in the church belfry arch, signaling the
209 enemy is on the march, an enemy that would steal from us our
210 liberty.

211 Well, well, well! It looks like the COVID smoke screen is blowing
212 away in the wind. I remember praying very specifically that—wait,
213 let me back up! I heard some MSM talking heads scoff at the
214 notion that GOD would help us through this COVID thing! CNN's
215 Cuomo scoffed that God is not going to save us from this! You
216 know what happened to him, right? A few others made similar
217 statements that bordered on blasphemy. I remember seeing the
218 evidence that convinced me this virus was manipulated in a lab
219 with the purpose of making it highly contagious to humans.

220 By the way, those brave scientists who risked so much to get this
221 out to us have been fully vindicated. I realize I'm taking a lot of
222 detours today — but, bear with me; there is method to my seeming
223 madness. Have you been following what's been coming out about
224 the WUHAN LAB gain of function experiment that created the
225 WUHAN bioweapon causing the disease we call COVID-19? I
226 know, you have to look hard through Butin-Piden smoke screen to
227 see anything other than Ukraine these days. So, let me help you
228 out. The un-redacted emails between Fauci and his cohorts in the
229 cover up crime of the CENTURY have been released to the public
230 under the cover of the Ukraine war—so the MSM will not have to
231 give it any real attention. But, check this out. Form the New York
232 Post: "Emails reveal scientists suspected COVID leaked from
233 Wuhan Lab—the quickly censored themselves."¹

234 You can read the article later, it's linked right here. But to
235 summarize: quoting from the article: “Now a string of unearthed
236 emails — the most recent being a batch viewed by the House
237 Oversight and Reform Committee and referred to in its Jan. 11
238 letter — is making it seem increasingly likely that there was, in fact,
239 A CONSPIRACY, its aim being to suppress the notion that the
240 virus had emerged from research FUNDED BY THE NATIONAL
241 INSTITUTE OF ALLERGY AND INFECTIOUS DISEASE
242 (NIAID), headed by ANTHONY FAUCI.”

243 Now, you might be tricked into dismissing the statement because
244 of language like "making it *seem* increasingly *likely* ..." but don't.
245 When you find out what makes it *increasingly likely* you'll shake
246 your head in disgust at these wicked friends of Fauci. The scientists
247 were convinced the virus was manipulated in a lab, they all knew
248 what was going on in the Wuhan lab, and that Fauci had seen to it
249 that Wuhan received funding from US taxpayers to do this work.
250 And they knew what that work was, and they recognized that the

¹ <https://nypost.com/2022/01/24/emails-reveal-suspected-covid-leaked-from-a-wuhan-lab-then-censored-themselves/>

251 virus causing COVID had features that are impossible to believe
252 developed in nature. And they said so, to each other, in emails.

253 Then it was decided, and agreed to by all these guys, that this must
254 never be told to the public. They agreed to purposely deceive the
255 American people, to convince them it was something that
256 developed in nature and likely came from a wet market.

257 These establishment medical professionals CONSPIRED to keep
258 from the American people the TRUTH about this virus. And not
259 only that, but the principle conspirators, namely Fauci, Collins,
260 Dzak, in concert with Gates and their friends at Pfizer and
261 probably Moderna too, also CONSPIRED together to discourage
262 the use of early treatment protocols that many doctors were
263 finding helpful in the treatment of the disease caused by the Fauci
264 facilitated gain of function experimental virus created and then
265 leaked from the Wuhan lab—and the only possible explanation for
266 this is that they wanted as many people to be sickened by this
267 disease as possible in order to SELL VACCINATIONS —
268 vaccinations, it turns out, that are hurting thousands of people all
269 over the country and around the world. Just check out the VAERS
270 reports provided by the CDC, use only the numbers they have
271 approved for public access—it will appall you when you
272 understand that such numbers only a decade ago would have
273 caused every responsible medical professional to become deeply
274 concerned and call for an immediate halt to this human
275 EXPERIMENT.

276 Anyway, when this information first came to me, how they faked
277 that Lancet study to discourage people from having access to
278 medicine that would have saved thousands of lives, when I saw
279 these devils like gruesome Newsome, and crooked Cuomo sending
280 elderly nursing care patients to their deaths without proper
281 treatment, when I saw these evil hospitals turning people away and
282 telling them to come back when you are showing symptoms,

283 offering NO TREATMENT — I remember very specifically
284 praying GOD would intervene in such a way that would
285 undermine the effort on the part of these monsters to commit
286 wholesale murder, and also, as I believe, undermine us in
287 preparation to launch a full scale attack on America. Now, that's
288 pretty loaded, and I honestly don't have time to unpack it all. But,
289 consider what has come out regarding the Wuhan bio-weapon
290 attack on the world, then think about what I said, and consider
291 what I'm going to say. I'll have to summarize my take on Joe
292 Rogan's interview with Dr. Robert Malone — if you don't know
293 who this is, it's enough for you to know he is the fellow responsible
294 for the development of mRNA technology that is used in the Pfizer
295 and Moderna vaccines. His credentials are long and deep — the
296 man has a resume that would embarrass Fauci and expose him as
297 the fraud that he is, for trying to impeach this man's character and
298 ignore his expertise, which far surpasses his.

299 Here is my take away from the interview and the Epoch article.²

300 Dr. Malone tells us govt. actions re COVID have probably cost half
301 a million excess deaths.

302 [Obstructing access to remedies proven to be effective is one
303 major issue that comes to mind, and the most forceful PROOF of
304 this is the faked Lancet study used to block use of HCQ in the
305 treatment of COVID.]

306 Second, govt. mandates are “explicitly illegal” — a clear
307 contradiction of our Constitutionally protected rights, and
308 contrary to Nuremberg protocols. People are being denied their
309 NATURAL RIGHT TO CONSENT, and, adding insult to this
310 injury, they are NOT being given adequate information to make an
311 INFORMED DECISION.

² https://www.theepochtimes.com/censored-mrna-platform-inventor-tells-all-on-rogan-show_4312452.html?utm_source=News&utm_campaign=breaking-2022-03-04-2&utm_medium=email&est=%2BsSRVDFRLZ3W20Iot3D0wbMU2sEffVidoHuaMUEmB4kWNt0vZCcQBI%2BER%2FZEEdw%3D%3D

312 Third, Natural Immunity IS MORE ROBUST than vaccine
313 induced immunity — and not only that, but people who have
314 natural immunity have an enhanced risk of adverse events from
315 the jab.

316 Fourth, THERE ARE JAB risks that are being hidden from the
317 public. He mentioned the more than acceptable risk of heart
318 problems associated with the jab, like myocarditis; he expressed
319 concern about the greater than acceptable risk of fertility problems.
320 This well learned expert, with decades of experience, is expressing
321 these and other concerns.

322 He is concerned about the spike protein causing blood clots, and
323 that cause disruption of the blood-brain-barrier. He pointed out
324 that those with diabetes and high blood sugar levels tend to be
325 more affected by spike protein effects.

326 Fifth, Malone points out what I've observed — the “fact checkers”
327 do not investigate the truthfulness or accuracy of stipulated facts
328 but whether or not the stipulations line up with “approved”
329 sources — such as Fauci, or WHO, or CDC, or FDA and so on.

330 He also points out the conflict of interest problem among so-called
331 “fact checkers” — for example, fact checker Thomson-Reuters has
332 ties to Pfizer, and is a fact checker for Twitter. Another Thomson
333 Reuters Foundation fellow, the chairman, in fact, was a past
334 director of Pfizer and chair of their compensation committee since
335 2014.

336 Sixth, Malone points out that the efficacy of the jab is
337 questionable—waning ever more quickly. This guy is an EXPERT
338 with credentials that surpass Fauci, and he warns us we are
339 administering a “mismatched vaccine” and thus driving the B and
340 T memory cells toward a virus that is NO LONGER IN
341 CIRCULATION.

342 All of this vindicated my concerns, but when I prayed God would
343 intervene the SHOW HIS HAND, and I literally asked God to
344 generate a mutation that would stop the disease — imagine what I
345 felt when I heard this from none other than Bill Gates.³ He was
346 asked, since he called it before COVID hit, and is so
347 knowledgeable, he was asked for an update on the COVID issue
348 and for projections about what's coming—the question put to him
349 was, "Where would you assess we are today in beating COVID-19."

350 His answer blew my mind!

351 "Well, the, you know, sadly the virus itself, particularly the variant
352 called omicron, uh, IS A TYPE OF VACCINE as it creates both B
353 cell and T cell immunity. And it's done a better job of getting it out
354 to the world population."

355 I must interject, he does not sound happy about this, and his facial
356 and body language along with tone and so on does not sound
357 happy, or glad about this amazing news. Why not? Later he said,
358 "So you know what that does is it means ... the chance of severe
359 disease, WHICH IS MAINLY ASSOCIATED WITH, you know,
360 BEING ELDERLY, AND, UHHH, HAVING OBESITY, OR
361 DIABETES — those risks are now dramatically reduced because of
362 that infection exposure."

363 Then he said, "it's SAD, we didn't do a great [and there is a chuckle
364 here] on therapeutics, you know," yeah, yuck it up fella! His own
365 version of the Pelosi Toxic burn dance? Except he is so depressed
366 these days, see him, all slumped down in the chair, all morose —
367 the only thing that encourages him a little is his expectation that
368 another pandemic is coming, but it will be a different pathogen.

369 I felt like Rhoda standing at the door listening to Peter knock and
370 so stunned she did not open the door.

³ <https://www.washingtonexaminer.com/news/bill-gates-omicron-did-a-better-job-moving-faster-than-covid-19-vaccines>.

371 I need to finish. I have also prayed for some things to happen in
372 our country to deliver us from the evil we are under at present, and
373 it seems the strongholds are very strong. Jesus told us there are
374 different "kinds" of devils, and some require far more spiritual
375 force than others — some require prayer and fasting to overcome. I
376 preach a set of message WHEN PRAYER IS NOT ENOUGH!

377 Let me conclude with some insight into how GOD deals with
378 conflicts between nations.

379 THERE IS A SEEMINGLY STRANGE BIBLICAL PRINCIPLE
380 THAT MANY DON'T THINK ABOUT.

381 God will sometimes reserve judgment from one people and lay it
382 on another because they are worse than you, or you are worse than
383 them. Consider what GOD said to Israel:

384 Deuteronomy 9:4 Speak not thou in thine heart, after that the
385 LORD thy God hath cast them out from before thee, saying, For
386 my righteousness the LORD hath brought me in to possess this
387 land: but for the wickedness of these nations the LORD doth drive
388 them out from before thee.

389 Deuteronomy 9:5 Not for thy righteousness, or for the uprightness
390 of thine heart, dost thou go to possess their land: but for the
391 wickedness of these nations the LORD thy God doth drive them
392 out from before thee, and that he may perform the word which the
393 LORD sware unto thy fathers, Abraham, Isaac, and Jacob.

394 There are two very important insights here for our present distress.
395 First, a nation does not have to be perfect, or sinless, or even
396 particularly righteous in order for GOD to preserve it. But the
397 remnant, God's people in it, must REPENT toward GOD, and
398 CALL ON THE NAME OF JESUS CHRIST. And the nation,
399 overall, must be at least better than the nation that has risen against
400 it. PRAY for AMERICAN REVIVAL — and start be returning to
401 the HOUSE of GOD this weekend.
