

Brain Massage®: Show No. 877 Happy Resurrection Day! / Elon, Twitter, and Snake COVID origins — It's time for your *Brain Massage*®!

Jerry Scheidbach

Original Air Date: 04.16.22

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Happy Easter — I said that once to a guy who snapped—it's
5 resurrection day! I agreed, and told him, yeah, that's what I said?
6 His temper rose, and he ratcheted his assault to a full attempt at
7 retort—no, you didn't, you said happy Easter, and we do not
8 worship Ishtar. And I said, right! That's why I didn't say Happy
9 Ishtar, I said Happy Easter. Now he was what might be called
10 flummoxed — so I explained. William Tyndale used a common
11 German expression for our Christian celebration of Jesus'
12 resurrection, Oestern (O'-ster) — it's a sort of gerund, taking a verb
13 meaning to make alive, or come to life, or resurrection, and so in
14 one form used to identify Spring, and so from that root, morphing
15 it into a special proper noun, they coined a word to name the day
16 we celebrate Christ's resurrection—and in English, this word is
17 EASTER.

18 Now, for clarification, we don't do Virgin-Mary-rabbits, Playboy
19 Bunnies, or combine any other Roman-Greek Fertility rites into
20 our celebration, which, incomprehensibly, has also some
21 connection to Chicken eggs — but we do celebrate EASTER!

22 I don't know how much you know about pagan theology—whether
23 expressed in Roman-Greco or Roman-Christian traditions, which
24 are pagan perversions. But I can tell you that rabbits don't have,
25 hatch or eat eggs, and that a man is not a woman, nor a woman a
26 man and there is as much sense in teaching children pagan spring-
27 fertility symbolism during Easter as there is in trying to inveigle

28 children into believing men and women can imagine their gender
29 and by that make it change.

30 No surgery or chemicals, no amount of estrogen or testosterone
31 will ever transgender anyone, and no amount of inveigling will
32 make a pagan tradition Christian—and, while I'm on the topic—
33 injecting humans with snake DNA connected to mammal spike
34 proteins hoping to combine the "seed (DNA) of the Serpent" with
35 the "seed (DNA) of the woman" to create spawns for Satan might
36 excite demons but GOD is not amused—for even as iron and clay
37 will not combine, neither will the serpent's DNA combine with that
38 of men (see Daniel 2:43-45). The last time something like this was
39 tried (Genesis 6), we got ourselves a FLOOD that almost entirely
40 wiped out mankind—not sure how many will go in this next wave
41 of DIVINE judgment but I suggest you get in God's ARK — Noah
42 built the first one, JESUS the second —

43 Noah labored to build an ark of lumber — gopher wood, to be
44 exact — to save mankind from the consequence of trying to
45 manipulate human DNA, and the Spirit by Peter said the like
46 figure of God's provision of safety through that time of great
47 judgment (the FLOOD) is today His CHURCH, the ARK that
48 JESUS BUILT (I Peter 3:18-22 — my text for Sunday morning—
49 believe me, you don't want to miss our Easter Service).

50 Woah—now that was classic Brain Massage — there is so much
51 insight packed into that statement on Easter it will take a year to
52 unpack it! Mercy — the Brain Masseur is BACK baby! Hahaha!
53 Okay, settle down! Quit rolling your eyes, good night, if you keep
54 that up, your eyes are going to fall back into your empty head —

55 You know I've visited Russia 9 times over nine consecutive years
56 beginning in 1992. Enjoyed visiting at various seasons, Christmas
57 and Easter being the most memorable. At least back in the 90s,
58 during the Easter season, the common Russian greeting was
59 Cristos Vas Kress — which was responded to with Vi-Eestano Vas

60 Kress. The greeter said, Christ is RISEN, and the response was
61 Truly He is RISEN.

62 The major topics of interest to us are Elon Musk's attempt to save
63 Democracy from the Demoncrats by taking Twitter from their
64 control, the revelation that the SARS-CoV-2 virus originated from
65 snake DNA, specifically, the Chinese Kraite, or maybe the Chinese
66 Cobra, and is more venom than virus, this word, *virus*, originally
67 used to speak of toxic venoms, and Dominion thieves protecting
68 their Dominion machines from exposure and eradication! — it's all
69 FIX 2020 or BUST!

70 It's time for your BRAIN MASSAGE.

71 [TRUTH]

72 Everybody is talking about the Elon Musk attempt to save
73 Democracy from the Demoncrats by taking Twitter from their
74 control.

75 It is disturbing how perverse the left has become. Twitter's board of
76 directors has unanimously adopted what they are calling their
77 "poison pill" defense against Elon's proposal to buy the company
78 and take it private.¹ It puts in place a *limited duration shareholder*
79 *rights plan* that allows its investors to realize the full value of their
80 investment by blocking any one person from gaining control
81 without paying shareholders a premium, or giving the board more
82 time. Do you get it? The trick is to actually block Elon from buying
83 anymore stock once he reaches a threshold of 15% ownership.² At
84 that point, he loses his right to purchase anymore stock—now, I
85 don't think that is legal! But, the SEC is controlled by the devils
86 who hate free speech and want to protect government control over
87 public platforms, like Twitter.

¹ <https://federalnewsnetwork.com/business-news/2022/04/twitter-adopts-poison-pill-defense-in-musk-takeover-bid/>

² <https://finance.yahoo.com/news/twitter-adopts-limited-duration-shareholder-161000434.html>

88 This hurts Twitter shareholders because it takes Twitter OUT OF
89 THE FREE MARKET, takes it out of the control of its shareholders
90 and puts it into the CONTROL of the DIRECTORS.

91 Why are "they" going insane over Elon's effort to take Twitter out
92 of the hands of government control? Elon put it very simply: it's
93 about first amendment protections of free speech; it's about the
94 battle raging right now in America over the meaning of *democracy*
95 and the meaning of *free speech*.

96 Elon said, the simple test for free speech is whether "someone you
97 don't like can say something you don't like."³ He said, "Having a
98 public platform that is massively trusted, and broadly inclusive is
99 extremely important to the future of civilization."⁴

100 In an environment where government, or other social control
101 fascists use coercion, whether it's in the form of manipulation,
102 bullying, or force and compulsion to STOP SOMEONE THEY
103 DON'T LIKE FROM SAYING WHAT THEY DON'T WANT TO
104 HEAR — what you have is fascism, totalitarianism, you have
105 Orwell's vision of 1984, you have Hitler's Reich, you have — well,
106 you have Obama's vision for the Transformation of America, you
107 have Satanic control of your mouth—you have WHAT THE
108 MASKS REPRESENT to these devils — you have the Obama's
109 dream society, where he can say to whomever he dislikes, "sit
110 down, and shut up." Remember that?⁵

111 But the left is going totally, what's a good King George English
112 word for this, ah, here you go, BONKERS — wait no that's
113 twentieth century, here you go, why is the left getting all
114 jerrycummumbled? Haha. Or, all pudding-headed!

115 For example, here is Jeff Bezos, owner of the Washington Post, a
116 multi-billionaire and he does not think Elon Musk (also a multi-
117 billionaire) should be allowed to own Twitter — what am I missing
118 here? Yeah, bozo Bezos, and he is a bozo, friend, I just don't have
119 time at present to explain, he is the BILLIONAIRE OWNER of the
120 WASHINGTON POST and he comes out and says, right outloud
121 in front of God and everybody, that he objects to Musk owning
122 Twitter — his editorial board at WA Po said we need to "prevent
123 rich people from controlling our channels of communication."⁶
124 Washington Post opinion writer, Max Boot tweeted that he was
125 frightened at the prospect of Musk owning Twitter. He followed up
126 on Thursday last, in his column, saying "Anyone who thinks the
127 problem with social media is too much content moderation, rather
128 than too little, should not own one of the most powerful platforms
129 online."⁷

130 MSNBC's Mika Brzezinski is afraid Elon's takeover of Twitter
131 could set what she called a "very dangerous precedent."⁸ It's
132 DANGEROUS to champion free speech.

133 MSNBC host Katy Tur went into meltdown mode after Thursday's
134 announcement that Musk intends to buy Twitter. Tur said, and
135 you should see her mug as she said this, I mean, she looks really,
136 really, and painfully constipated, as she said, "There are real and
137 devastating consequences for using that platform to lie, and we've
138 seen it happen."⁹ She went on to say, "there are massive, life and
139 globe-altering consequences for just letting people run wild on the
140 thing." [IBID] What would be the "life and globe-altering
141 consequences" — she reveals it later when she said worryingly that
142 Musk might allow President Trump back on Twitter. (Mock gasp!)

143 How crazy is the left's reaction to this? As Tom Fitton so aptly put
144 it, "the totalitarian left responding to Elon Musk move to buy
145 Twitter with calls for the government to confiscate his wealth."¹⁰

146 Two things really scare lefties and RINOS — one is free speech.
147 The other is PEOPLE rallying to champions of it.

148 Max Boot got a blast of calls for his booting — because he called for
149 more "content moderation." How did Max respond? He said the
150 reaction he got is the exact REASON Musk should not be in
151 charge.¹¹ That's the modern liberal for you! Shut up, People. We
152 don't want to hear from you!

153 "Content Moderation" — liberals always use "great swelling words"
154 to advance their tyrannical agenda. Content Moderation is
155 government controlling what you say. We've seen what "they"
156 mean by it — they mean orange man can't talk, and neither can
157 anyone else who says something the liberals don't want to hear. FB,
158 Twitter, and the so-called legacy media, have decided the "TRUTH"
159 is the official position of the government! So they move quickly to
160 shut down any persons of influence who speak against their "so
161 called" truth — they have decided that the official position of the
162 fascist government is the test for what is allowed speech.

163 We see how the wicked government view protecting free speech.
164 Bibles were removed from an Easter display in veteran's medical
165 center gift shop because some atheists objected.¹² Now, let's ask
166 them to remove CRT and transgender promoting sex education
167 from our government classrooms because we Christians object to
168 it! Hahahahh. Not on your life! You see! That's what happens when
169 we turn the government over to vile and wicked men and women
170 who hate God, Christians, and the Bible.

171 It is the EXACT OPPOSITE of free speech, and it is the very
172 creature our FOUNDERS sought to bridle — not the right of the
173 people to speak freely, but the power of the government to
174 interfere.

175 This trend of businesses throwing in with the government,
176 becoming agents of government oppression, becoming the
177 governments reach into our personal daily lives to control us, to
178 PUT THE SYMBOLICAL MASK ON OUR FACE
179 REPRESENTING THEIR DESIRE TO CONTROL WHAT WE
180 SAY — IT IS FASCIST! It's the very definition of fascism—

181 So, why do the Saudis have their Thoub in a knot over Elon's move
182 to buy Twitter? Apparently, the Saud prince, Alwaleed bin Talal
183 owns a stake in Twitter and he rejects Elon's offer, said it does not
184 come close to the intrinsic value of the company —

185 How valuable is Twitter to the prince? Why has this caused so
186 much panic, heart palpitations, sweaty brows and palms—the
187 RETURN OF TRUMP! The value of controlling Twitter is in the
188 ability of the WICKED to keep the orange man out, and keep the
189 sugar daddy of totalitarians everywhere—Biden—in!

190 Hold on through the break! I'll be right back!

191 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
192 at the Lighthouse, your brain masseur, and Paul Revere's lantern
193 lighter, lighting the lamps in the church belfry arch, signaling the
194 enemy is on the march, an enemy that would steal from us our
195 liberty.

196 The revelation that the SARS-CoV-2 virus originated from snake
197 DNA, specifically, the Chinese Kraite, or maybe the Chinese
198 Cobra, and is more venom than virus, is gaining momentum in
199 social media. Dr. Ardis tells his story of enlightenment to this
200 newest so-called conspiracy theory in interviews with social media
201 influencers.

202 You will enjoy my Comfort & Counsel visit, no. 443 — I offer some
203 biblical analysis of the SARS-CoV-2 snake origin theory that will
204 blow your mind!

205 "Blow your mind." Now there's an old 60s-era expression! It's "far
206 out" and "outa-sight." That was back when the liberal hippies hated
207 "the man," yeah, before they became "the man." That's a liberal
208 thing you know — I was against it before I was for it — get into
209 their ideological DNA when those who were against "the man"
210 "became the man."

211 Back when the left believed in free speech, and honest elections.
212 When at least most of them actually loved America.

213 Anyway, let's look at this firestorm Dr. Ardis has unleashed. The
214 word *virus* was originally used to speak of toxic poison.¹³ In the late
215 14th century (AD 1500s) from Latin *virus* which referred to a
216 poisonous substance. *Virus* has roots in a Sanskrit word *visam*,
217 which refers to venom, or poison from a fluid. It was not used to
218 speak of an agent that causes infectious disease until the later 18th
219 century (AD 1790s). The modern use began in the 1800s.

220 Dr. Ardis points to several articles published in Jan. of 2020 that
221 said the virus likely originated in snakes. Here is one I found.¹⁴ Jan.
222 22, 2020, *Coronavirus outbreak in China traced to snakes*. After a
223 bunch of government serving drivel, it gets to the point of the title
224 of this article: "Finally, the team uncovered evidence that the 2019-
225 nCoV likely resided in snakes before being transmitted to humans.
226 Results derived from our evolutionary analysis suggest for the first
227 time that snake is the most probable wildlife animal reservoir for
228 the 2019-nCoV." [IBID] Here the article is published under a title
229 that shows Sci-Tech understood the point of it: "*Snake Pneumonia*"

¹³ <https://www.etymonline.com/word/virus>

230 — *Coronavirus Outbreak in China Traced to Snakes by Genetic*
231 *Analysis*.¹⁵ Published Jan. 22, 2020, by SciTechDaily.

232 It gets technical, but it's sometimes helpful to understand how
233 scientists arrived at their conclusions even if we don't totally
234 understand all they are telling us.

235 When these scientists looked at the genome sequence of the
236 COVID causing virus, they noticed the segment of the sequence
237 that identifies the origin of it, compared most closely with that of
238 snakes: primarily, the Chinese Krait, and secondarily the Chinese
239 Cobra. There is other stuff in the sequence too, that is identifiable
240 with bats, and most concerning, a spike protein that is specifically
241 tasked with carrying the infection into the human body. This is the
242 reason many reputable, honest, brave scientists have sounded the
243 alarm that this virus looks like something created in a lab.

244 Here is an article works so hard to bend the iron of science to
245 support the government line it's breathing huffing and puffing in
246 laborious breathing—the virus originated in nature, in a market
247 not in a lab. The title is *Cross-species transmission of the newly*
248 *identified coronavirus 2019-nCoV*, it's written by Wei Ji, Wei
249 Wang, Xiaofang Zhao, Junjie Zai, and Xingguang Li, published by
250 NIH (that's Fauci's parent organization for his NIAID) in the
251 National Library of Medicine, National Center for Biotechnology
252 Information, at pubmed.gov, April of 2020. Here is a chart
253 published in this article that shows the Chinese Krait snake is the
254 nearest animal they can find that could be the origin of the virus.

255 Here is the quote of particular interest to those seeking the TRUTH
256 that is consistently buried in these government cover-up articles:
257 "Additionally, our findings suggest that 2019-nCoV has MOST
258 SIMILAR GENETIC INFORMATION WITH BAT
259 CORONAVIRUS AND MOST SIMILAR CODON USAGE BIAS

¹⁵ <https://scitechdaily.com/snake-pneumonia-coronavirus-outbreak-in-china-traced-to-snakes-by-genetic-analysis/>

260 WITH SNAKE." The article concludes by saying this
261 recombination of stuff from snakes and bats contributed to the
262 "cross-species transmission" of the virus.¹⁶

263 It's cute how these articles are written to hide the truth even while
264 they are telling it. They say here, "2019-nCoV has most similar
265 genetic information with bat coronavirus and most similar codon
266 usage bias with snake." What in the world is *codon usage bias*?
267 Interestingly, that's what identifies the ORIGIN of the virus—so
268 when they say their study of the virus' genome sequence shows it's
269 greatest affinity is with bats, it goes on to say, however, that the
270 sequence that identifies for ORIGINS actually points to a SNAKE.
271 In order for a snake *venom* genome to connect with Human
272 genome, you need a mediator—so to speak! The Bat is a mammal,
273 and we have had experience with bat virus communicating to
274 humans. Snake genome would not be expected to combine with bat
275 genome in nature. This was created in a lab. Some Wuhan scientist,
276 funded by Fauci, combined snake *venom* (original meaning of
277 virus) with bat genetic material, specifically in order to deliver the
278 SNAKE VENOM to HUMANS via a *virus*.

279 Well, well, well! Monoclonal antibodies are essentially anti-venom.
280 Yeah, same stuff used to heal you from a rattlesnake bite. Maybe
281 that is the reason monoclonal antibodies is so effective in treating
282 COVID. You are suffering from SNAKE venom — which, adding
283 to the mystery of all this — produces virtually all the same
284 symptoms that are associated with COVID.

285 The government medical establishment does not want you using
286 monoclonal antibodies to treat their snake bite disease for the same
287 reason they don't want you using Hydroxychloroquine or
288 Ivermectin — it gets in the way of their agenda.

¹⁶ <https://pubmed.ncbi.nlm.nih.gov/31967321/>

289 Dr. Ardis goes farther and presents an array of evidence supporting
290 his conclusion that these jokers are trying to inject us with snake
291 DNA in order to make us a hybrid human—a *transhuman*. Getting
292 us used to transgender, they want to lead us into accepting the
293 concept of transhuman.

294 However, it's not going to work. Daniel 2:43 warns that in the time
295 of the ten toes—the ten kings federation that will rise in the earth
296 and subdue the world under its power—the TEN HORNED
297 BEAST of Daniel 7—the precursor to the one world global
298 government prophesied by John in Revelation 13 — you know, the
299 whole antichrist, beastly thing, the 666, and all that—totally for real
300 prophecies, by the way—so these ten kings are going to try to
301 mingle themselves with the seed of men — Daniel 2:43. The "seed
302 of men" refers to the genome that fertilizes the female in
303 conception. Sometimes in Bible prophecy, symbols have multiple
304 meanings. One understanding of "iron" in this prophecy is the
305 spiritual powers giving strength to the kingdom. And one
306 understanding of the clay refers to the human counterpart to the
307 iron. The devils giving these kings their power will attempt, to
308 mingle themselves with the seed of men. This word *mingle* suggests
309 the idea of mixing the devils and these human kings together to
310 create a new substance — but, according to Daniel, it will not
311 work! The devils can inhabit the men that serve them, but they will
312 not be able to become them.

313 This effort to facilitate what they call transhumanism will fail, and
314 the perpetrators will be brought to justice. The last time this sort of
315 mixing of the "sons of God" with the "daughters of men" was tried
316 (see Genesis 6), it brought upon us the FLOOD where the human
317 race was almost entirely wiped off the planet. Something Satan has
318 been rooting for right along. He is at it again!

319 Come Sunday and learn how this relates to EASTER and where to
320 hide from the coming judgment!

321 I'll have to greatly summarize my third point—which I intended to
322 make the main point.

323 The Dominion thieves are fighting hard to protect their Dominion
324 stealing machines from exposure and eradication! — it's FIX 2020
325 or BUST!

326 And the truth is breaking through. Here is a story about Ballot box
327 STUFFING gone radical, fanatical, extreme, quadruple X,
328 quadruple double X — into the outer limits.¹⁷ Here it is — in plain
329 view for anyone to see — hundreds of thousands of ballots stuffed
330 into these drop boxes, literally canceling our vote, and robbing
331 from us our inalienable right to elect our representatives.

332 Until we get rid of these cursed machines, we cannot even get the
333 government we deserve! We are getting the government "they"
334 decide.

335 You are invited to attend the Easter services at Lighthouse Baptist
336 Church. We begin at 9:30 with a fascinating look at the first
337 appearance of Christ after His resurrection. Sunday, our service
338 begins at 10:45 AM, I'll be preaching a message that explains how
339 the Resurrection of our LORD directly connects to everything that
340 is going on in our country and around the world—I'll talk about
341 the coming judgment and the place God has provided to protect
342 you and your family. Sunday night, at 5 pm, I'll reflect on the
343 dramatic events of the CROSS from both the spiritual and physical
344 realms of this world.
