

Brain Massage®: Show No. 878 Mask Hysteria and the Cult of Scientism /  
The Remnant Call!

Jerry Scheidbach

Original Air Date: 04.23.22

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 Judgment is moving, but it's moving too slowly — "Because  
5 sentence against an evil work is not executed speedily, therefore the  
6 heart of the sons of men is fully set in them to do evil" (Ecclesiastes  
7 8:11).

8 It's time for your brain massage®:

9 [TRUTH]

10 Okay, let's clear the desk and get focused.

11 CNN+ got subtracted—went totally minus! The Communist News  
12 Network tried to rebrand in order to recover audience but only  
13 proved Trump right, again: if you go woke, you go broke! No one  
14 is listening to CNN anymore. They are now an unfunny joke!

15 Disney lost 20 BN in shareholder value because they decided to go  
16 woke! What these people don't understand is that WE REALLY  
17 DON'T NEED YOU! And we are sure not going to continue  
18 feeding our children to your perverse "pleasure Island."

19 Florida rejects 41% of Math textbooks because they violate Florida  
20 State law prohibiting CORE curriculum, and social-emotional-  
21 learning, instead of straight up 2+2. And when they do go into 2+2,  
22 the sum is up to you! Makes sense! Why not let kids pick their own  
23 answers in an environment where you can choose your gender, and  
24 pretend you are something you are not?

25 I foresee a day when the purpose of testing will be to explore how  
26 students choose to answer and every answer will be considered  
27 equivalent to correct. Well, unless they answer outside the

28 parameters of government mind control protocols! Tests will be  
29 designed to identify kids who are not thinking correctly.

30 Why do I keep getting messages from the GOP saying I don't love  
31 Trump unless I give them money to join Truth Social? Why do I  
32 pay GOP for the privilege of joining Truth Social? Does Trump  
33 approve of this nonsense? Sounds like a scam to me!

34 Libs of Tik-Tok— wokeism on display! Joe Rogan found this cool  
35 Twitter feed that collects videos of libs discussing their favorite  
36 issues and posts them on her anonymous Twitter page. Joe's  
37 endorsement sent the Twitter feed into hyper-drive, from 65k to  
38 920k followers in a few days.

39 It's perfect because there is no commentary, no editorializing,  
40 nothing — just crazy libs putting their insanity on display for all to  
41 see. The account was anonymous, until someone who totally  
42 understands the brutality of social media stalking and attacks —  
43 someone who literally cried during an interview about how mean  
44 people were to her on social media responding to an article she  
45 wrote — a WaPO journo-terrorist (thank you Brighteon—Mike)  
46 **Taylor Lorenz** decided to launch a social media attack on a  
47 conservative—cause, that's okay—if conservatively inclined readers  
48 of her tripe get triggered and send her a barrage of negative  
49 feedback, well, that's terrible, mean, evil, even sinful—but if she  
50 does it to a conservative, well, that's good, holy, righteous — you  
51 understand how it is! So Lorenz posts private information about  
52 the Libs of Tik-Tok Twitter account holder in an attempt to shame  
53 her into silence. But that was not enough! Washington Post  
54 journalist Taylor Lorenz went to the homes of the account holder's  
55 family to harass them.

56 These people are total maroons! When someone helps them get  
57 their message out, puts their videos in front of almost a million  
58 people, gives them exposure they could only dream of — liberals  
59 get all pushed out of shape because — well have you ever had the

60 experience of suddenly realizing what something you do or said  
61 looks like to others and it's really not that pretty? These people are  
62 totally cool talking to each other about their foolish, inane, insane  
63 ideas, but when they see it through the eyes of normal, straight,  
64 sane people — well, that's just embarrassing.

65 WHY a CONVENTION of STATES is a foolish idea! The idea is a  
66 really bad one, but it's gaining momentum, I think mostly because  
67 the "great one" (Hannity's endearing epithet for Mark Levin)  
68 pushes it, and has been advocating for this for years.

69 I love Levin! But just because I agree with 99.9999% of everything  
70 that great patriot says—read his books—listen to his commentary  
71 every chance I get—I have some questions about the idea of calling  
72 for a convention of states to rethink the Constitution, to FIX it! As  
73 if the Constitution is what is broken.

74 Look, if WE DON'T FOLLOW THE CONSTITUTION WE  
75 HAVE, WHAT IN THE NAME OF ALL THAT IS HOLY MAKES  
76 YOU THINK THEY WILL FOLLOW A NEW ONE!

77 Now, granted, there is plenty of evidence the minority nut jobs  
78 have used smoke and mirrors to make us think they are the  
79 majority, that conservatism is on the decline, that Christian  
80 conservative patriotism particularly is as dead as they think GOD  
81 is. And the rhetorical "we" have a lot to answer for with so many  
82 Sardis and Laodicean "Christian" churches that display a great deal  
83 of flesh life but they are spiritually dead — a pack of dogs doing  
84 their pony shows, upchucking their sinful indulgence in a phony  
85 worldly sorrow driven "repentance" then turning around and  
86 licking it up again — yum, yum — a pen of pigs wallowing in the  
87 muck created by perverting grace, turning it into lasciviousness,  
88 trampling into the muck whatever pearls of truth happen to fall  
89 into their pen — a herd of goats that eat anything put before them,  
90 butting heads and kicking, and biting each other — churches that  
91 boast all the accouterments of SUCCESS as the world measures it,

92 with a name they live, well funded, rich, that put on the best show  
93 in town, that draw them in by appeals to the flesh only to discover,  
94 you only keep them with what you used to get them — ear tickling  
95 compromisers — who hate the Jeremiah's God sends among them,  
96 reject God's messenger and despise God's message — mock him,  
97 discredit him, even cast him into a dungeon, a slime pit, and  
98 delight to watch him sink. But God sends an Ethiopian to draw  
99 him out and God sustains these preachers of righteousness as they  
100 hold forth for God be thanked, there is a remnant!

101 But while it's true, when Disney gets stupid and decides to publicly  
102 oppose a State's effort to protect children from being groomed for  
103 inclusion into the LGBTQ1A+ (friend, this is insanity) — they get  
104 hammered with a 20 billion dollar loss in shareholder value, they  
105 turn off millions of moms and dads, they — and by the way, I love  
106 DeSantis and agree Disney should not be allowed to "govern  
107 themselves" to provide their own policing — especially not if they  
108 agree strangers should talk to children as young as five years old  
109 about sex, about homosexuality, about lesbianism, about this  
110 phony transgender nonsense — they PUT THEMSELVES ON  
111 DISPLAY for all to see what they really are — and no way should  
112 Disney be allowed to keep their policing affairs private — by all  
113 means, REMOVE THE CRAZY POLICY of allowing Disney to  
114 have it's own private government within the government —  
115 what??? Stop that yesterday! But not because Disney decided to  
116 show every mother and father exactly what they think about the  
117 sexual exploitation of children, not because they spoke up about  
118 this, that's free speech, but because when they spoke up, they  
119 EXPOSED THEMSEVLES — they exposed themselves to be like  
120 the creeper lurking about playgrounds drawing our kids away from  
121 their parents like hyenas.

122 Yeah, I think we should zero in on these two issues today — so,  
123 hold on through the break; I'll be right back

124 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
125 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
126 lighter, lighting the lamps in the church belfry arch, signaling the  
127 enemy is on the march, an enemy that would steal from us our  
128 liberty.

129 Why we cannot trust government medical establishment science.  
130 Let's kick off with the current mask mandate madness.

131 I've written a short book exposing mask hysteria. We will begin  
132 distribution as soon as I'm able. Call me if you want to help!

133 Before the COVID thing, Fauci and his cohorts all agreed masks do  
134 not provide protection from something so small as a virus—unless  
135 you use the N95, which government "authorities" encourage the  
136 public to NOT use. It has to be fitted carefully, and usually requires  
137 someone to help you, the seal is easily compromised requiring the  
138 mask to be refitted, it's difficult to wear for long periods, most  
139 doctors who use them can only tolerate them for thirty minutes to  
140 an hour. They collect moisture as you breath, which requires you  
141 to exchange masks — it's totally undoable for general public use, so  
142 they rightly recommend the public against using them. Instead,  
143 they push the surgical mask, and homemade cloth masks.

144 But they KNOW these masks DON'T WORK! In Feb. of 2000, as  
145 the pandemic was picking up steam, Fauci wrote an email  
146 answering a question from a government employee who asked if  
147 she should wear a mask to protect her from getting sick while  
148 traveling. He answered: "The typical mask you buy in the drug  
149 store is not really effective in keeping out virus, which is small  
150 enough to pass through the material."<sup>1</sup> He is right. The virus

---

<sup>1</sup> <https://nationalfile.com/fauci-told-former-obama-admin-official-in-a-private-email-dont-wear-a-mask/> Here is the full text of Dr. Fauci's email referenced in this article: "Sylvia: Masks are really for infected people to prevent them from spreading infection to people who are not infected rather than protecting uninfected people from acquiring infection. The typical mask you buy in the drug store is not really effective in keeping out virus, which is small enough to pass through the material. It might, however, provide some slight benefit in keep [sic] out gross droplets if someone coughs or sneezes on you. I do not recommend that you wear a mask, particularly since you are going to a very low risk location. Your instincts are correct, money is best spent on medical countermeasures such as diagnostics and vaccines. Safe travels."

151 particle is 120 nanometers and the weave of the masks he is talking  
152 about provides holes that are 300 nanometers almost three times  
153 the size of the particle they are supposed to block.

154 Yet this is the mask they hand you in a doctor's office, or dentist's  
155 office, in the post office, at air ports, on planes, on trains, they hand  
156 you a surgical mask, the kind you can buy in your local pharmacy,  
157 that COMES IN A BOX THAT HAS PRINTED ON THE BOX A  
158 DISCLAIMER — and here is an example of a typical disclaimer  
159 you'll read on a box of surgical masks: "Masks are NOT  
160 DESIGNED OR INTENDED TO PREVENT, **MITIGATE**,  
161 TREAT, DIAGNOSE OR CURE ANY DISEASE OR HEALTH  
162 CONDITION, INCLUDING COVID-19/CORONAVIRUS."<sup>2</sup>  
163 Hmm. Fauci and the CDC said we needed to wear masks to  
164 *mitigate*, their word, the spread of COVID.

165 This is outrageous! They KNOW these masks do not block a virus  
166 particle, but they MANDATE you wear one to protect the health of  
167 you and others. When Fauci was asked about his flip-flop on  
168 masks, He said masks are "largely symbolic."

169 So where do they get this bit about scientific studies show masks  
170 work?

171 There are two kinds of scientific studies done to confirm the  
172 truthfulness of a claim. One is called "observational science." The  
173 other is called Randomized Controlled Trials, or RCTs.  
174 Observational science is based on anecdotal evidence, much of it  
175 hear-say, and lacks the rigors of a carefully controlled scientific  
176 experiment, which can be expensive. This sort of study is not  
177 highly regarded by honest scientists.

---

<sup>2</sup> <https://teepublic.zendesk.com/hc/en-us/articles/360047284753-Masks-Legal-Disclaimer-for-Customers> Note: the N95 is the only mask rated to help block a particle as small as a virion (a complete infective form of a virus particle), but CDC expressly recommends against its use by the general public: see <https://www.canopusgroup.us/pages/disclaimer-for-face-mask-n95>. The reason is 1. These need to be fitted professionally to provide the protection they offer, and 2. Medical professionals need these masks, and there is concern about general use creating a shortage.

178 Like Fauci said, the gold standard of scientific study is the  
179 Randomized Controlled Trial, which is rigorous, and scientific. It  
180 uses carefully constructed experiments that are documented, and  
181 made available to the public so anyone could replicate the  
182 experiment to verify the results. That's science!

183 Not ONE RCT supports the use of masks to control the spread of  
184 virus. Even a virus that carries snake venom into your system! Uh  
185 huh! And don't be fooled by the droplet argument. A surgical mask  
186 can block large droplets, but these begin evaporating immediately  
187 and within seconds, the virus particle is released to fly through  
188 your mask or get launched into the air.

189 So you see, we CAN TRUST SCIENCE, but we can't trust modern  
190 SCIENTISTS.

191 How about the FAKED Lancet study Fauci's friends put together to  
192 discredit Hydroxychloroquine (HCQ) as an early treatment for  
193 COVID-19? The study was PROVED to be FALSE! The medical  
194 journal, Lancet, withdrew the study in shame and embarrassment.  
195 It was phony—but once the study got published in that respected  
196 journal, and reporters started repeating that a scientific study  
197 shows HCQ is ineffective and even dangerous — government  
198 health establishment medical people used it to ban its use, to  
199 prohibit doctors from prescribing it, same thing with Ivermectin,  
200 and this has resulted in hundreds of thousands of unnecessary  
201 deaths.<sup>3</sup> We can trust SCIENCE, but we cannot trust  
202 GOVERNMENT ESTABLISHMENT SCIENTISTS.

203 Make no mistake, Fauci is in on this, and so is the CDC. Neither of  
204 these have admitted the study was faked, neither has come out and  
205 admitted HCQ and Ivermectin are EFFECTIVE early treatments  
206 — they are liars, and murderers.

<sup>3</sup> Yahoo News, June 4, 2020 (Online: <https://in.news.yahoo.com/controversial-lancet-study-linking-hcq-063453924.html> — printed — 4/15/21) See also <https://www.thelancet.com/journals/lancet/article/PIIS0140-6736%2820%2931180-6/fulltext>, where you can read the faked report and see that Lancet RETRACTED the entire article.

207 Fauci KNEW HCQ would be an effective treatment way back  
208 during SARS-CoV-1.

209 Add it up! The only rationale for doing what these people have  
210 done is if they 1. Wanted to cull out the weak and feeble, mostly  
211 old folks and the obese, send them home with symptoms of  
212 COVID with NO TREATMENT (Like Newsome, Cuomo,  
213 Whitmire and some others did when they sent elderly people to  
214 their deaths by their policies). So people were instructed to go  
215 home return when they got really sick — and when they returned,  
216 they were shot up with Remdesivir — known by many reputable  
217 doctors to be virtual snake venom, producing all the symptoms  
218 associated with death by COVID, usually creating a need to be  
219 shuffled off onto a ventilator and then carried off to the morgue.  
220 These people are sick! They are pursuing a depopulation agenda  
221 under the cover of medicine.

222 It's stuff like this that makes the allegations recently resurfacing  
223 that some unscrupulous government medical establishment  
224 doctors are pushing an agenda of ethnic cleansing targeting the  
225 black and Latin communities. Someone needs to tell us why Blacks  
226 and Latinos are dying at a rate twice that of whites. You might,  
227 understandably, dismiss something like this as a CIA dubbed  
228 "conspiracy theory" but in today's environment, with all that has  
229 been exposed and that we now know is true—it's something that  
230 should be looked at closely. Go here to get information about this.<sup>4</sup>

231 Now friend, they want us wrangling over masks — I get it! For  
232 them, it's preferable to looking too closely at their work to combine  
233 snake venom DNA with Bat coronavirus DNA to create a "virus"  
234 that will carry venom into our bodies creating the exact same  
235 symptoms we know are associated with snake bite. But here's the  
236 thing! If you are fighting a gang—and they are ganging up on us—

---

<sup>4</sup> <https://www.brighteon.com/32daaa41-c698-47f5-a516-0cef844ed314>

237 you must defeat the guy closest to you, the one landing blows, and  
238 blocking you from getting to the "boss."

239 The mask debate is the easiest one to prove that requires the least  
240 amount of special scientific medical knowledge to address and for  
241 which there is a plethora of data available to show that they are  
242 LYING.

243 We cannot trust the modern government medical establishment,  
244 or our government. Their irrational insistence on mask mandates  
245 proves they are up to something and it's something that is not  
246 good. They are lying to us, and using the force of government to  
247 coerce us into compliance with their experiment in population  
248 control.

249 Okay, one more thing for today—I mean, there is so much. I just  
250 got word that a total of five food-processing plants have been  
251 mysteriously shut down. Two of them were shut down because a  
252 plane flew into them. Yeah, shades of 9/11. A major food shortage  
253 is being orchestrated? Good night, in an environment where we've  
254 been lied to repeatedly, like Obama did during his entire  
255 administration — you heard his latest speech? That wicked man  
256 literally outlined what he and the Demoncrats have been doing for  
257 decades now — God help us! These wicked people always tell you  
258 what THEY ARE or HAVE BEEN DOING buy blaming what they  
259 are doing on CONSERVATIVES.

260 So, maybe tonight during my livestream COMFORT AND  
261 COUNSEL FOR THE PRESENT DISTRESS visit we can kick that  
262 around. But right now, as I conclude today's BRAIN MASSAGE®  
263 — I want to bring you up to speed on the Ukraine thing.

264 Is US Military Preparedness being purposely compromised to  
265 facilitate a planned CCP attack? Are Putin and Xi colluding with  
266 Biden to soften America for the big takedown? Woah! Well, here's  
267 the deal!

268 Hal Brands is a defense analyst in Washington DC, author of From  
269 Berlin to Baghdad, and according to the Army War College, he  
270 works as Assistant Professor of Public Policy at Duke. He also is a  
271 guy connected to Henry A. Kissinger, and was a "Distinguished  
272 Professor at the Kissinger Center for Global Affairs at Johns  
273 Hopkins University's school of Advanced International Studies.<sup>5</sup>  
274 Here are some links to Hal Brands so you can, well, check out his  
275 brand. Get my notes.

276 Anyway, he is someone we should listen to when he tells us "the  
277 arsenal of democracy is being depleted."<sup>6</sup> He tells us Biden actually  
278 expected Putin would move in and easily take occupation of  
279 Ukraine and that the US would be involved only in a low-intensity  
280 Ukrainian insurgency. But surprise! Zelensky was made of sterner  
281 stuff (despite what Russian propaganda puts out about him — the  
282 Russian Pee tapes on Trump are not far removed from the Nazi  
283 line on Zelensky — be careful, we are literally surrounded by liars.  
284 You must verify stuff before you swallow it down. Some guys eat  
285 news like my Pug eats, well, anything — he indiscriminately  
286 swallows whole in one gulp whatever he finds in his mouth)!  
287 Anyway, the Ukrainians have surprised us all, and now this creates  
288 a problem.

289 Betrayer in chief, Biden, can't throw the full weight of American  
290 power behind Zelensky, cause, well, then he would win and that  
291 would ruin everything. But for political reasons, he has to LOOK  
292 like he is rooting for DEMOCRACY in Ukraine. But now, it's  
293 getting expensive—Zelensky's forces are blowing through a week's  
294 worth of munitions deliveries in a DAY! It's depleting our own

295 munitions reserve. You can read more in the links I've provided  
296 here.

297 Running short on time, so, here's my take. I think Biden has and is  
298 betraying America. Obama, Pelosi, and the rest are in league with  
299 the Make America Communist agenda.

300 This has been going on for many years. Back in the Clinton 90s  
301 there was a scandal called Chinagate—remember that? You don't.  
302 Go hear and read about it.<sup>7</sup> I remember! The CCP put their grubby  
303 panda paws into our election back in 1996 to keep Billy the rat in  
304 office cause he was very accommodating, helping the CCP get  
305 access to our US military secrets. Run that down! Some things  
306 never change — when you put wicked people in power, don't be  
307 surprised when they use the power to advance wickedness.

308 Billy the rat? Yeah! Clinton was president in the US in the Chinese  
309 YEAR OF THE RAT! Perfect!

310 These guys, I mean the Demoncrats, have been in bed with Russian  
311 and Chinese Communists right along! So Russia has the job of  
312 going into Ukraine to clean out Zelensky's alleged Neo-Nazis — to  
313 replace them with Putin's, and Xi's, and Biden's favorite Neo-Nazis.

314 Russia's job, move in and involve America in a forever proxy war  
315 with Russia in Ukraine, drain US munitions, meanwhile destroy  
316 the US economy, push America to a total break down of  
317 confidence in their government—get them soft, and then the CCP  
318 can attack from Canada and Mexico. Since we've given all our anti-  
319 tank missiles to Ukraine we will have to use sticky bombs and  
320 guerilla warfare in our streets to fight off the invasion. At least  
321 that's the scenario some paint for us with these facts.

322 But we have patriots too! The country is more right than left—  
323 most Americans don't want what is going on, but the devils have

---

<sup>7</sup> <https://spectator.org/chinagate-and-the-clintons/>

324 "taken the kingdom by force" mostly by stealing our vote — that's  
325 what devils do! It's the only way they get power.

326 So we are down to November 2022 — everyone is putting their  
327 hopes in a turn around in November. Get the Republicans back in  
328 control, and everything will be fixed.

329 Yeah, well, we've been to that dance! We need GOD FEARING  
330 CONSERVATIVE CHRISTIAN PATRIOTS in office — but even  
331 then, we can't pull this nation under GOD out of the grip of the  
332 devils that hold it until we RETURN TO GOD. And I don't mean  
333 the population of the children of disobedience, I mean the  
334 REMNANT. The Remnant must turn to GOD.

335 In Jeremiah's day, God was turning His nation under God over to  
336 the power of Babylon's king, Nebuchadnezzar for a seventy year  
337 period of chastisement. He said to them through his prophet: "Take  
338 away her battlements, for they are not the LORD's" (Jeremiah  
339 5:10). That's what happens when God is about to turn a nation over  
340 for judgment — He removes her military defenses.

341 However, when the "remnant" approached Jeremiah for advice  
342 what to do promising to follow whatever the LORD said — he  
343 prayed for them for ten days and returned with God's answer, and  
344 His answer was amazing. God said He repented of the destruction  
345 He intended and offered to allow His remnant to remain in the  
346 land, with HIS BLESSING, PROTECTION, and FAVOR — He  
347 promised they would prosper and be at peace. But the prideful  
348 leaders of the remnant refused the counsel of Jeremiah, and fled to  
349 Egypt — exactly what God predicted they would do.

350 So Jeremiah warned them, if you go to Egypt thinking to escape the  
351 famine, the famine would follow you into Egypt. If you flee to  
352 Egypt thinking to escape the sword, God said, I'll send my sword to  
353 chase you down in Egypt. That's what happened.

354 Gotta close, come on out Sunday at 5 pm for my Issachar Report.

355 If we heed God's WORD, we come under His protection. If we  
356 refuse, if we think going after Egypt, always a figure of the  
357 WORLD, if we think we will outrun God's judgment, if we think  
358 the Republicans are going to save us, if we think our 2022 election  
359 is going to save us — watch out! By all means vote, and vote for  
360 God fearing conservative Christian Patriots — but unless the  
361 LORD steps in to save us, we will not be saved.

362 Return to the HOUSE of GOD America! Wrap your self in  
363 sackcloth, and fast and pray, and REPENT and return to the GOD  
364 of our Fathers — humble yourself under His MIGHTY HAND,  
365 and THEN, when you RESIST the DEVIL and all his workers of  
366 iniquity, THEIR POWER WILL BE BROKEN and we will prevail.

367 I have lit the lamps in the Church belfry arch and now you let me  
368 know if you see them. Call 1.805.314.2114; that's 1.805.314.2114,  
369 and leave a message for me on our listener response hotline.

370 Email me by going to our web site at [branmassage.net](http://branmassage.net). That's  
371 [brainmassage.net](http://brainmassage.net). Find the CONTACT button and send me an  
372 email.

373 God bless you. God bless America! I'll see you in Church.
