

Brain Massage®: Show No. 879 Biden's Ministry of Truth Has Jesuit Roots? / Is Elon Our Friend, or Foe? (What is Transhumanism, anyway?)

Jerry Scheidbach

Original Air Date: 04.30.22

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 We do have some champions in Congress: Marjorie Taylor Greene  
5 is voting NO on HR 350 that gives unlimited funding to FBI, DOJ,  
6 and DHS to "target anyone that challenges the Biden admin's  
7 policies and commits a 'hate crime.'"<sup>1</sup>

8 Reaction to Musk buying Twitter just went over the top—Biden  
9 has established a new government department within Homeland  
10 Security—the MINISTRY OF TRUTH.<sup>2</sup>

11 Why is Biden trying to get unlimited funding for his FBI, DOJ and  
12 DHS, and launching a MINISTRY OF TRUTH department? Well,  
13 among other things, it did come out recently that he had 5.2  
14 million dollars in UNEXPLAINED INCOME.<sup>3</sup>

15 Gates is buying up the majority of American farmland — he's the  
16 guy who wants us all eating synthetic beef — and BlackRock is  
17 buying up all single family houses — these are the guys who want  
18 you to own nothing and be happy — AND WE ARE SUPPOSED  
19 TO BE CONCERNED ABOUT ELON BUYING TWITTER. (Thank  
20 you Mercedes Schiapp).

21 Dinesh soon to release 2000 Mules — Zuckerberg's ballot  
22 harvesting scheme contributing significantly to the 2020 steal.  
23 Studying the videos, we've identified 2000 ballot mules.<sup>4</sup>

24 Harvesting 400k illegal votes. Maybe this explains how Biden won  
25 a RECORD LOW of all US COUNTIES, only 16.7%, but  
26 supposedly garnered the greatest number of votes in presidential  
27 election history.

28 Fauci announces the global pandemic for the US is over. Then  
29 Biden sends Psaki out to correct him — so Fauci reverses himself,  
30 AGAIN — now "it is not over."<sup>5</sup>

31 Pfizer submits application for "emergency use authorization" for a  
32 COVID vaccine booster injection in children 5-11 years old.<sup>6</sup> O,  
33 now I get it!

34 A new BIRD flu shows up in China.<sup>7</sup>

35 Oh, this is sweet: "Actress Megan Fox says she and Machine Gun  
36 Kelly drink one another's blood for 'ritual purposes'."<sup>8</sup>

37 Not any weirder than this—one teacher on Tik Tok tells us  
38 children as young as 5 years old should be engaged in conversation  
39 about gender. No, that's old news! Let's see, here it is —  
40 "Transgender HS science teacher tells US Education Dept. senior  
41 adviser: Students should be taught that 'not all egg producers are  
42 women.'"<sup>9</sup>

43 Biden hosts "Teacher's of the Year" event and tells teachers the  
44 children are "all our children," he said to these teachers that the  
45 children are "not somebody else's children. They're yours when  
46 you're in the classroom."<sup>10</sup>

47 What happened to Ukraine? No one cares about that anymore?  
48 Already? Maybe that's why Putin decided to cut off gas supply to

50 invading Poland.<sup>12</sup>

51 Okay, my friends, it's time for your Brain Massage®!

52 [TRUTH]

53 Biden announces a new government department within DHS—the  
54 Department of Homeland Security—the MINISTRY OF TRUTH.<sup>13</sup>  
55 One of the agencies within the MINISTRY OF TRUTH is the  
56 "Disinformation Governance Board."<sup>14</sup> The PINO's DHS Myorkas  
57 explained its mission was to "combat misinformation ahead of the  
58 2022 midterms."<sup>15</sup> Demoncrats are concerned that "minority  
59 communities are being targeted in misinformation campaigns"  
60 [IBID] and wanted to know what Myorkas is going to do about it.  
61 The DHS head said the "goal is to bring the resources of (DHS)  
62 together to address this THREAT." [IBID].

63 So, now FREE SPEECH is a THREAT to the United States  
64 government? NO! It's a threat to DEMONCRAT control over the  
65 US government.

66 Hey, Joey, you want to clean up disinformation? How about we  
67 start with you! You liar! Telling us you knew nothing about  
68 Hunter's operations! How about we start with where did you get  
69 the 5.2 million of unaccounted for income? How about the stolen  
70 2020 election and all the disinformation you and your team has  
71 been spewing about Trump for six years? How about the lies and  
72 disinformation you are putting out there regarding Jan. 6?

73 How about we START with Russia-gate! This would be a classic  
74 SNL routine — Joe Plagiarist Biden sets us a MINISTRY OF  
75 TRUTH.

76 These people don't know any more about what distinguishes truth  
77 from fiction than they know what distinguishes a male from a  
78 female. The people carping about "disinformation" are the chief  
79 purveyors of lies, creators of myths, disseminators of deceit—in  
80 their world, truth is malleable, pliable, ductile — something  
81 subjective and idealistic, like modern art interpretative — fungible  
82 but beyond replacing with something like, but with anything at all,  
83 TRUTH IS WHAT THE DEMONCRATS SAY IT IS — and while  
84 they hold our government hostage — truth will be whatever the  
85 government says it is.

86 The so-called legacy media, MSM (mind-sway-management),  
87 establishment media, the propaganda arm of antichrist  
88 government usurpers — the Deep State Nazi's modern "Ministry  
89 for Popular Enlightenment and Propaganda" — 1933 Hitler,<sup>16</sup>  
90 inspired by his mentor, Mussolini, and his Fascist "militant  
91 journalism," [IBID] applying, what he called "the twin tools of  
92 censorship and propaganda,"<sup>17</sup> which was inspired by his Jesuit  
93 hounds who shaped Mussolini's fascism into a force with sufficient  
94 influence in Italy to restore the Papacy to world influence —  
95 Mussolini, guided by the counsel of Jesuit Pietro Tachi-Venturi, in  
96 1929 signed the pact that allowed the Vatican to become a State,  
97 with El Papa presiding over it, and giving it the power to form  
98 diplomatic ties with the nations<sup>18</sup>—"It was by Italian PM Mussolini  
99 that the sovereignty of the Papacy over the Vatican was restored."<sup>19</sup>

100 The legacy of dictator control over communication, over speech, is  
101 rooted in the malevolent Medieval Inquisition, Bible burning,  
102 science censoring—remember, the Romish sows cowed Galileo  
103 after accusing him of heresy and held him in house arrest the rest  
104 of his days, a legacy revived in Italy under Mussolini, emulated by  
105 another "son of the Catholic faith" named Hitler, and continued  
106 with Stalin, the first Joe to implement the twins of censorship and  
107 propaganda, and total history revisionism, by a controlled media,  
108 who dutifully propagated whatever he decided was "truth" and in  
109 the end killed over 780 thousand — at least. This Joe inspired  
110 Orwell's 1984 — I read somewhere someone advising our current  
111 despotic regime that 1984 was written as a WARNING, not an  
112 INSTRUCTION MANUAL.

113 This sort of atrocity only happens when "the people" do not heed  
114 the prophets God sends to sound the alarm and rise against these  
115 dictators. When "the people" become too lazy, too enthralled by the  
116 sick antics of Madonna's whorish manners, bloodsuckers Megan  
117 Fox and Machine Gun Kelley — and the charade of Depp — come  
118 on! Who takes pictures of his wife's doo-doo on the sheets? I mean,  
119 what kind of marriage was this—maybe you have to document  
120 everything going on in your house if you are married to an insane  
121 person! Have you noticed the blank stare in her creepy eyes? Yikes!

122 But really, folks, does Captain Jack's crazy marriage really mean  
123 that much to us? No! But the office of government propaganda  
124 would rather you release your emotional energy into meaningless  
125 twaddle, fixated on Hollywood's *diarrhea* rather than on something  
126 that MATTERS — like, THE JESUIT/NAZI/FASCISTS HAVE  
127 INFLITRATED OUR GOVERNMENT, TAKEN AWAY OUR  
128 VOTE AND THEY ARE EMBEZZLING OUR RIGHTS!

129 This is what every dictator does; he seeks to control  
130 communication, to stifle free speech. Mussolini, Hitler, Stalin, all  
131 had their version of Biden's Ministry of Truth.<sup>20</sup>

132 The Bible talks about the land getting sick, so it needs healing (II  
133 Chronicles 7:14). What makes it *sick!* Idolatry, sodomy, and the  
134 shedding of innocent blood (see I Kings 14:21-24 and  
135 Deuteronomy 19:10; II Kings 21:18; Psalm 106:38).

136 God commissioned the *power* (governments) to use the sword of  
137 civil justice to execute vengeance against those that do evil, and to  
138 protect those that do right. All the wicked have had to do is change  
139 the meaning of the word evil and good — as the prophet predicted:  
140 "Woe unto them that call evil good, and good evil; that put  
141 darkness for light, and light for darkness ..." (Isaiah 5:10).

142 The FAILURE to execute wrath upon the evil doer — the failure to  
143 hold the evil doer accountable, has given rise to a FLOOD of  
144 WICKED men and women rising in our land and DROWING  
145 OUT LIBERTY.

146 My friend, Larry Keast, coined a term for this —  
147 Nonaccountisliberalis. The corruptions of the wicked have  
148 entrenched in our land because THE RIGHTEOUS FAILS TO  
149 HOLD THEM ACCOUNTABLE. We ignored them! Ridicule them  
150 within our closed circles, but politely demur to them in public. We  
151 sat back as they were given increasing power in our LAND until  
152 now the LAND is sick with their evil and about to PUKE!

153 Okay, my friends, hold on through the break! I'll be right back!

154 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
155 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
156 lighter, lighting the lamps in the church belfry arch, signaling the

157 enemy is on the march, an enemy that would steal from us our  
158 liberty.

159 Is ELON our Friend or Foe?

160 Elon warns some on the "right" will likely be unhappy since his  
161 goal is to "maximize area under the curve of total human  
162 happiness, which means the ~80% of people in the middle."<sup>21</sup>

163 What in the world has this guy been smoking! Just kidding! But,  
164 really — what does "maximize area under the curve of total human  
165 happiness" mean? Let's start with "total human happiness"? On this  
166 side of the NEW HEAVEN and NEW EARTH, I don't think there  
167 will ever be anything approximating TOTAL HUMAN  
168 HAPPINESS. So, let's knock that back a few rpms.

169 And under what curve? Anyway, I think it's safe to say he is talking  
170 about spectrum of American opinions on what is considered under  
171 the purview and within the protection of FREE SPEECH. And he is  
172 saying it that spectrum was laid out before us so that on the  
173 extreme left you have the whackadoodles arranged in a sort of  
174 gradient where the worst whack jobs are at the extreme left, and  
175 moving right become gradually more moderate until you come to a  
176 relatively moderate liberalism, and then this continues moving  
177 right until at some middle point, it transitions to moderate  
178 conservatism, and continues on increasingly conservative until you  
179 cross a line on the extreme RIGHT of the spectrum where we are  
180 back into whackadoodle territory — Elon is saying the left  
181 whackadoodles and the right whackadoodles are not going to be  
182 content with how he handles Twitter.

183 He estimates that this middle section will compromise 80% of the  
184 population, and in my opinion, I think he is pretty close to a  
185 correct assessment.

186 Time will tell whether Elon is a sincere patriot that has a sincere  
187 regard for free speech, or whether he is yet another permutation of  
188 evil transforming himself into an angel of light.

189 Many are looking at Elon much more closely than they did when  
190 his claim to fame was the most elegant CLIMATE CHANGE  
191 MOBILE ever made—I love the Tesla, and frankly, if I could afford  
192 one of the larger ones that has a range of at least 300 miles, I'd buy  
193 it! And when he started shooting rockets into space, intending to  
194 make an industry of space trips, and finally colonizing, first, the  
195 MOON, and then MARS —.

196 Some are lumping him in with the transhumanist movement—  
197 breaking us in with tranny men and tranny women, they plan to  
198 create tranny-humans. Does Elon, literally the richest man in the  
199 WORLD, buy in to the idea that the human brain can be connected  
200 to computers and operated by our thoughts? And if he does, does  
201 this mean he is part of the technocrat-cabal secretly working to  
202 create a hybrid human species, a sort of Cyborg community of  
203 minds connected together via computers and controlled by an  
204 algorithm? Woah! Well, that's what some are suggesting if they are  
205 not saying it directly, so, let's take a look.

206 To introduce us to the subject, I'll provide a link to a documentary  
207 video compiled by Red Voice Media, that's Stew Peter's outfit.  
208 Therefore, I must lay out a caveat. I appreciate Stew Peters, and I've  
209 followed him for quite a while. His perspective on Russia-Ukraine  
210 is skewed. That's my opinion. I think he is repeating some pee-tape  
211 Russian propaganda—Ukrainian Nazi soldiers carving swastikas in  
212 little girl's chest while the Nazi commander is getting it on with a  
213 tranny! I have no way to verify that story, maybe he does. But it  
214 smells just like old Pravda tripe from Moskva Stalinists. On the  
215 other hand, I agree fully that America should not send troops into  
216 that quagmire, but I do believe we should get Biden out of the way  
217 and put someone in the White House who is not owned by Putin

218 and Xi, and get serious about supporting Ukraine's fight against  
219 that ravenous Russian bear and Chinese Panda. We need someone  
220 who is not pandering to the panda, and feeding the BEAR.

221 Also, please remember that I don't use material I cannot vet.  
222 Everything I'm going to present from this video, linked here,<sup>22</sup> I've  
223 seen documented elsewhere. What Peters has done is assemble the  
224 material in a way that allows the student to get an overview of the  
225 subject with documented statements from the "horses mouth," as  
226 we say!

227 I'm going through the video material noting, in my show notes, the  
228 time stamp where each segment discussed begins. So you can use  
229 my notes to skip through the video to the exact place you want to  
230 review. I'm not going to announce the time stamps as I take you  
231 through this because that's not helpful, and it's actually annoying.  
232 And, finally, I provide reliable recitations of what these people said,  
233 sometimes by exact quotes, sometimes as a paraphrase, but always  
234 reliably accurate. But you can check it out for yourself. OKAY, let's  
235 get started.

236 00.00-01.12 Elon with Axel Springer: “Many break throughs  
237 coming. You can do anything with synthetic mRNA, you could  
238 stop aging, reverse it, turn someone into a freaking butterfly —  
239 Neuralink [one of Musk's enterprises where he is working to  
240 connect (link) the human brain with computers—learn all about it  
241 on the Neuralink.com website—back to Musk] Neuralink is going  
242 to help cure brain injuries and spine injuries, first implanted device  
243 in humans will be for quadriplegics allowing them to control  
244 electronic devices with their minds.” [I understand he has got  
245 monkeys controlling computers with their brains.<sup>23</sup>]

246 01.12-Switched to Yuval Noah Harari is lead advisor to Klaus  
247 Schwab, and says humans are hackable animals.

248 01.23-Switch to Dr. Malone is the inventor of mRNA tech used in  
249 the COVID-19 vaccines. Interviewed by Glenn Beck: Malone said  
250 there is a joint report prepared by the govt. of the UK, from  
251 Germany, and it's about trans-humanism. It is one of the key  
252 agendas of the WEF, and they talk about the RNA vaccines AS AN  
253 ENTRY POINT, as sort of opening that space ethically and  
254 otherwise.

255 01.43-Switch: Feb. 20, 2020 “WHEN HUMANS BECOME  
256 CYBORGS.” A forum, on Brain-Computer Interfaces. The name of  
257 speaker is not revealed. She speaks of Elon Musk working on  
258 closed loop systems where brain activity and input into the brain  
259 engage with an implant in the brain, that's placed just underneath  
260 the skull.

261 02.05—Switch: Who is steering the great reset narrative. Klaus  
262 Schwab, founder of the World Economic Forum, author of  
263 COVID-19, and The Great Reset, in a WEF meeting in 2018, 23-26  
264 of Jan. One of his key advisors on the transhumanism agenda is  
265 Noah Harari. Here he is talking about the interface between brains  
266 and computers.

267 “It's kind of the watershed moment. Once you have a good  
268 two way [meaning communication between the brain and  
269 computers] there is no idear what happens after that.” “If you can  
270 get a two-way communication going between brains and  
271 computers, it also means you can connect SEVERAL BRAINS  
272 TOGETHER, to create an INTER-BRAIN-NET. People have no  
273 idear what this means with regard to things like IDENTITY, who  
274 am I, when I can access directly the brain of another person.”

275 “The word intelligent design immediately brings to mind of many  
276 people the Creationist idea that all life forms are designed by God,

277 and so sometimes people tell me don't use the word intelligent  
278 design — but it IS intelligent design, what we are about to see in  
279 the world, it's just not the intelligent design of, of the God of the  
280 Bible, it's the intelligent designs of human beings, and increasingly  
281 of algorithms.”

282 “And increasingly we will see more and more of ... this shift  
283 in authority, from humans to algorithms —”

284 03.34—Switched to Klaus Schwab: recorded March 29, 2022, at  
285 WEF meeting, “With all the calendar issues on our agenda, we tend  
286 to forget, that we are in the midst of the fourth industrial  
287 revolution, which ACCELERATES global change, in much more  
288 comprehensive and faster ways, since the previous ... revolutions.”

289 03.51—Switched to an interview with Klaus, October 13, 2015,  
290 where he says, “The difference of the fourth industrial revolution is  
291 that it doesn't change what you are DOING, it changes YOU  
292 [WHAT YOU ARE] if you take genetic editing, just as an example,  
293 it's YOU WHO ARE CHANGED. And of course, this has a big  
294 impact on your identity.”

295 04.12— Switched back to Noah Harari: “We need to realize that  
296 humans are now hackable animals you can hack them” [See above]  
297 “I think in a couple of decades when people look back, the thing  
298 people will remember from the COVID crisis is the moment when  
299 everything went digital, and this was the moment that everything  
300 became monitored, and we AGREED TO BE SURVEILLED ALL  
301 THE TIME not just in totalitarian regimes, but even in the  
302 democracies, and maybe most importantly of all, this was the  
303 moment when surveillance started going UNDER THE SKIN.”

304 Schwab's advisor, Harari continued: “I think that the big  
305 process that is going on in the world right now is hacking human  
306 beings. The ability to hack humans, to understand deeply what's  
307 happening within you ... what makes you go. And for that, the

308 most important data is not what you read and who [sic] you meet  
309 and what you buy, it's what's happening inside your body. So, we  
310 had these two big revolutions: the computer science revolution, or  
311 the Intel revolution, and the biological sciences. And these are still  
312 separated. But they are about to merge.”

313 05.45— Switch to Klaus Schwab: “History is truly at a turning  
314 point. We do not yet know the full extent of the systemic and  
315 structural changes which will happen. However, we do know, the  
316 global energy systems, the food systems, and supply chains, will be  
317 deeply affected. [DID YOU HEAR THIS?]

318 “The fourth industrial revolution is actually changing  
319 ourselves. It's changing not only what we are doing, it's changing  
320 who we are.”

321 “The fourth industrial revolution is a fusion of our physical,  
322 our digital, and our biological identities.”

323 06.33— Switch: Noah Harari — who is often called “the prophet.”  
324 He is praised by Mark Zuckerberg, Bill Gates, and as pointed out,  
325 he is an advisor to Klaus Schwab, the WEF, the NYT, Stanford,  
326 Harvard, and virtually all of MSM.”

327 Harari, answers whether this is a good thing. He mentions it  
328 could be a good thing, but warns that it must be watched carefully.  
329 First, we are seeing massive surveillance systems being adopted all
