

Brain Massage®: Show No. 890 The J-6 Reprise and Rebuttal!

Original Air Date: 07.16.22

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 Ivana "don't get even, get everything" Trump has passed. Our  
5 sympathies and prayers for the family, especially Eric and Ivanka,  
6 for the loss of their beloved mother, Ivana Trump—.

7 The WHO Director, Dr. Tedros Adhanom Ghebreyesus,  
8 announces the COVID pandemic "is nowhere near over." I can tell  
9 you why. I mean beside the fact he cow-tows to Beijing, controlled  
10 by the globalist marionettes.

11 In June last year, New Zealand became zealous about fighting the  
12 invisible enemy—set out to be the "example" for all nations.<sup>1</sup> The  
13 headliner said "Herd immunity for Covid-19 requires 83%  
14 vaccination, new NZ modelling shows." So they did some  
15 "modeling" and it told them the target was 83%. And they went for  
16 it. To be sure they covered their bases, they also imposed indoor  
17 mask mandates. New Zealand would "lead the way."

18 They achieved their goal. In a Tweet from someone styling  
19 themselves as PLC @humble\_analysis: "New Zealand vaccinated  
20 their entire adult population by the end of February (83% overall).  
21 Yet, somehow they have the highest covid case rate on Earth  
22 'despite' an indoor mask mandate. Now set to tighten restrictions  
23 once again!"

24 So I checked it out. An article boasting New Zealand had 91% of  
25 their population vaccinated, with 83% of the entire population  
26 DOUBLE DOSED was scrubbed from one official site. "Sorry! The

27 article you are looking for cannot be found." Is that how the  
28 message reads? Something like that.

29 But I did some super-sleuth web searching and found the article by  
30 title at another web address. It's right here.<sup>2</sup> [In case it's scrubbed  
31 too when you go to look for it, I have copied a PDF of the article  
32 here—Show Folder 890, notated as 890.17.3.] The article is titled:  
33 83% of eligible New Zealanders double dosed; 70 in hospital & five  
34 in ICU; 172 cases" published November 20, 2021.

35 Today, about a year later, New Zealanders are suffering a harder  
36 more pervasive COVID attack than ever before. Way above what it  
37 was a year ago.<sup>3</sup> From the New Zealand Herald, emergency  
38 measures are going into place in face of a serious spike in cases:  
39 11,000 community cases announced for a third straight day. 23  
40 virus related deaths with one a child of 10 or under — they don't  
41 know the age of the child? So the answer? More of what has not  
42 worked so far. More masks, free masks, more testing, and more  
43 jabs — gotta get that next booster. Hey, New Zealand, go talk to  
44 Israel, your number one competitor for "leading the world" in the  
45 battle against the Wuhan, CCP bio-attack on the world.

46 In those countries that spurned GOD's natural plan for addressing  
47 these things, they decided to trust in the arm of flesh, and depend  
48 AstraZeneca, that is, IF THEY CAN'T GET THE PFIZER shot.<sup>4</sup>  
49 "Pfizer is the preferred COVID-19 vaccine for use in New  
50 Zealand." Wherever the vaccination rate is the highest, the second  
51 wave hits the hardest. God wins, again!

54 Patrick Byrne giving testimony today reveals all — a fascinating  
55 inside look at what happened in the meeting that took place on  
56 December 18th at the WH with President Trump, Sydney Powell,  
57 Michael Flynn, in person and Rudy and Chief of Staff Meadows  
58 joining in on speakerphone. A little over one hour after this  
59 meeting, Trump sent out the now famous Tweet calling patriots to  
60 gather at the WH for a rally—and ended the Tweet with, "it will be  
61 wild." The J6 hounds from Hell are suspicious the meeting was  
62 used to plan an insurrection involving a massive attack on the  
63 Capitol on J-6, to stop them from certifying the electoral college  
64 votes for Biden. Wow! Here is the story from inside that meeting.

65 On the point of J-6 — Democrats find a 69-year-old with cancer a  
66 clear and present danger to Democracy—she was at the rally, and  
67 among those who accepted the invitation of the Capitol police to  
68 enter. She was arrested and held in the DEMONCRAT Gulag for  
69 over a year, finally sentenced her to 60 days in WOMEN'S PRISON  
70 — she was taken into custody, dressed in Orange and put in a cell.  
71 Meanwhile, someone asked Kamala if she set up a bail fund to  
72 assist these "protestors" who were in fact "mostly peaceful," but she  
73 cackled wildly as she explained — THEY DON'T GET BAIL!

74 [INSERT KAMALA LAUGHER TRACK]

75 Will Trump run?<sup>6</sup> Forget about 2024 — if we don't correct 2020,  
76 we will never see another American in the White House.

77 But if he does run, he'd better watch out — according to PINO,  
78 92% of Dems want Biden to run. Yeah, a reporter asked him what  
79 he would say to Democrats who don't want him to run in 2024,  
80 coming off a poll that shows 66% of Dems DON'T WANT BIDEN  
81 BACK. Biden snapped, he is the nastiest President we've ever had  
82 — you know, it's strange — even when Trump was needling the  
83 press and poking at them, he never came across as nasty, or little —

84 just very matter of fact. Here is Biden — "They want me to run.  
85 Read the poll. Read the polls, Jack. You guys are all the same. That  
86 poll showed that 92% of Democrats, if I ran, would vote for me."<sup>7</sup>

87 So, how did Disney's Buzz Lightyear movie featuring a homo-kiss  
88 fare? Not so good! How about their followup cartoon to fearutre a  
89 gay-spidey — yeah, not a lot of interest in that one either. Disney  
90 lost over 40 BN in value during their dance with Woke! Top-Gun  
91 Maverick, on the other hand, a totally American style hero grosses  
92 the highest earnings of any movie at Domestic Box Office in its  
93 110-year history. 1.2 BN so far — passed The Dark Knight, and  
94 Titanic.

95 Hey, maybe Biden can bolster his sinking poll numbers if he comes  
96 out of the closet or declares himself to prefer she/her pronouns. It's  
97 working so well everywhere else.

98 Folks, it's time for your brain massage.®

99 [TRUTH]

100 We'll have to wait for results of the latest effort by Demoncrats to  
101 legalize killing babies in the womb—but please pray with us there  
102 will be enough light to penetrate the darkened hearts of enough of  
103 those borderline Dems to stop the bloodlust.

104 Mr. Byrne is being interrogated, or let's see, it's after 5 pm Eastern,  
105 so his interrogation might already be in the books; but today he sat  
106 before the J-6 totally partisan unselect committee to answer  
107 questions regarding a meeting he participated in with Trump that  
108 ended a little over an hour before Trump sent out the following  
109 Tweet that Demoncrats have held up as something akin to  
110 smoking gun evidence Trump was inciting an insurrection to  
111 commence on Jan. 6th. The Tweet: "Peter Navarro releases 36-page  
112 report alleging election fraud 'more than sufficient' to swing

113 victory to Trump was [hex.am/3nwaBCe](https://www.washingtonpost.com/news/energy-environment/wp/2020/01/06/trump-was-hexed-by-peter-dinkov/). A great report by Peter.  
114 Statistically impossible to have lost the 2020 Election. Big protest in  
115 D.C. on January 6th. Be there, will be wild!”

116 The proximity of the Tweet to that much talked of but heretofore  
117 undisclosed to the public meeting excites Schiffy and Pelousy, and  
118 Scummer, and the rest that something nefarious was plotted then,  
119 so they have asked everyone to testify except anyone who was  
120 actually a full participant and party to the meeting. Well, that  
121 would be partly because of entanglements in litigation — but  
122 Patrick was free to talk, and offered to fill them in on what  
123 happened in that meeting several times over the last nine months,  
124 but only now are they willing to receive his testimony. Generally,  
125 they don't like talking to persons supportive of Trump, they only  
126 like to talk to people, like back-stabbing, profit-exploiting Pat  
127 Cipollone (Sip-ah-lohney) who behind Trump's back was  
128 whipping up the staff to push Trump out, get him to concede.

129 They wanted to hear his take on the meeting, but that's problematic  
130 since he missed the first 20-30 minutes — something like that — at  
131 least the entire part where actual evidence was presented to Trump  
132 showing foreign interference into the 2020 election that was  
133 KNOWN by our own INTELLIGENCE — the CISA and the FBI,  
134 both stipulated, IN WRITING in OFFICIAL ALERTS knowledge  
135 of foreign interference in the 2020 Presidential election. They  
136 missed that part.

137 Maybe they listened at the door — you know how this stinking  
138 lying scoundrel lawyers are — they did not want to testify  
139 regarding the EVIDENCE for ELECTION FRAUD (not voter  
140 fraud, ELECTION FRAUD — there is a difference). So perhaps  
141 they waited outside the room and when that was pretty much done,  
142 and Trump was discussing the contents of the letter Sydney  
143 brought for him to sign, that's when they stepped in — !

144 Anyway, the J-6 partisan deep state rigged unselect committee  
145 wanted to hear from Pat "get Trump out of the WH" Cipollone —  
146 but, like I said, all he could talk about was the shouting that went  
147 on, and attempt to make himself look like a big shot that fronted  
148 off Flynn—. But they are running out of ammunition and  
149 credibility is fading fast, actually, they never had any credibility  
150 with the American people beyond the 18% of American voters who  
151 believe Biden, and think he is doing a great job — most of whom  
152 are tenured professors, political hacks that work for Perkins Coie,  
153 or CNN, or MSNBC, you know, the *main stream media* that about  
154 70% of America ignores, or Demoncrat & other DEEP STATE  
155 Republicans who work for those who put them in power, and that's  
156 not the people, it's the fat cats who pay Dominion for the outcomes  
157 they want, or those who don't need a car for transportation and are  
158 fed and housed off the government dole — there, that pretty much  
159 sums up the Biden voter profile — but he is not concerned because  
160 he knows something everyone else also knows but too few want to  
161 do anything about it and that's that the DEMONS in America own  
162 the ballot boxes and control our elections — it's SELECTION not  
163 ELECTION. We wait to see who the Deep State SELECTED to rule  
164 over us, not who the PEOPLE CHOOSE.

165 So, I thought it would be interesting to look at this interview  
166 Patrick Byrne gave to Epoch Times, aired today, while Byrne is  
167 behind closed doors for testimony — you see, it's taken a little bit  
168 but we've finally figured out that we are dealing with snakes and  
169 they must be handled carefully. Byrne wanted open, public  
170 testimony, the sort they gave to everyone else that hated Trump.  
171 Like that ridiculous aid who worked in the office of Trump's Chief  
172 of Staff who lied through her teeth about Trump lunging at the  
173 steering wheel of the Presidential SUV — I forget her name, and  
174 really, you should too. She was and is a joke! But she got fully  
175 televised coverage for her testimony as a Trump hater, but  
176 someone whose testimony might make Trump look good, IT'S

177 BEHIND CLOSED DOORS for you bud. Of course, they can't be  
178 "obvious" about it, so Cipollone testified behind closed doors too,  
179 he did not want Trump to hear what he had to say — he is the sort  
180 that likes to drive the knife into the back without being seen—but  
181 Patrick, now, he is really dangerous because he is a Trump  
182 supporter. They are about to hear some truth about all of this and  
183 that must be controlled. So Mr. Byrne is smart. He knows these  
184 yahoos distort testimony when it's leaked to the press, so he  
185 decided he would go "on record" with what he plans to report to  
186 the committee and have it played during his closed door testimony  
187 and said he did this so you can compare his testimony to Epoch  
188 times with what they leak to the press from the closed door session.

189 So, when I get back, we'll look at this inside look and I think you'll  
190 find it fascinating. Hold on through the break; I'll be right back!

191 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
192 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
193 lighter, lighting the lamps in the church belfry arch, signaling the  
194 enemy is on the march, an enemy that would steal from us our  
195 liberty.

196 If you happen to take the time to watch the full-length video of  
197 Byrne's testimony, you'll find yourself getting confused in a few  
198 places. But that's good, because it means Byrne did not script the  
199 interview. It was not very carefully laid out like you would do so if  
200 you were presenting this to a court—for that reason, some  
201 information seems confusing and even contradictory until the  
202 reporter does his very good job of followup questions that brings  
203 out information later on that makes it all clear. I'm going to  
204 condense the testimony and lay it out in a more easy to follow  
205 presentation. But, I have an audio of the entire interview available

206 if you can't find it online and want to hear it. That is if you can't  
207 find it here.<sup>8</sup>

208 First, the date was December 18th, and Byrne brought Flynn and  
209 Powell with him to tour the WH. But his plan was to get in to meet  
210 with the President. In the course of the tour, as he hoped, he  
211 caught a glimpse of Trump in the Oval Office, and Trump  
212 recognized him, and his friends, and invited them inside. For the  
213 next 30 minutes, Byrne, Flynn, and Powell, initiated conversation  
214 about the 2020 election, and Trump got Rudy and his Chief of  
215 Staff, Meadows, on the speakerphone. About 20-25 minutes into  
216 that conversation, White House staff attorneys Pat Cipollone and  
217 two others, stepped into the meeting. The meeting went on for  
218 another hour and a half, with a break or two along the way, and  
219 moved from the Oval Office to the Cabinet Room, and finally to  
220 the Residence where they finished out the meeting in the WH  
221 Residence living room. Trump and Byrne enjoyed a plate of  
222 Grandma Trump's meatballs while they continued their  
223 deliberations.

224 The meeting went like this. In the first thirty minutes, Byrne et al.  
225 presented the Executive Orders authorizing the President to act in  
226 case of foreign interference with US elections. I've discussed these  
227 with you before. I have copies of these docs if you would like to see  
228 them. Then they presented three government documents verifying  
229 that the government of the US was knowledgeable of efforts on the  
230 part of Iran to interfere with the 2020 presidential elections. The  
231 question they put before the president is whether the evidence they  
232 were about to show him satisfied the criteria triggering the  
233 Executive Orders giving the president broad powers to respond to  
234 such a foreign attack on our government.

235 Each of these documents was a government prepared ALERT or  
236 INTEL REPORT.

237 The first evidence presented was dated Oct. 22, 2020. It is ALERT  
238 (AA20-296B) titled: "Iranian Advanced Persistent Threat Actors  
239 Threaten Election-Related Systems." It's a clear statement of  
240 INTEL from CISA (Cybersecurity and Infrastructure Security  
241 Agency) and the FBI warning that Iranian persistent threat actors  
242 are "likely intent on influencing and interfering with the US  
243 elections to sow discord among voters and undermine public  
244 confidence in the US Elections ..."

245 This proves that our INTEL services had knowledge, not suspicion,  
246 but knowledge of Iran's INTENT to interfere with our elections.

247 Considered alone, this would probably not be actionable, I mean  
248 beyond working to interrupt their efforts.

249 The second document, however, dated October 30, 2020 followed  
250 up on the earlier alert. This is ALERT AA20-304A, titled "Iranian  
251 Advanced Persistent Threat Actor Identified Obtaining Voter  
252 Registration Data." Like the first alert, this was prepared jointly by  
253 CISA and the FBI. This document reports that CISA and the FBI  
254 had hard proof, knowledge that the Iranians (and others) had  
255 actually hacked into State's voter registration files and took data.  
256 And I quote: "CISA and the FBI ARE AWARE OF AN IRANIAN  
257 ADVANCED PERSISTENT THREAT (APT) ACTOR  
258 TARGETING US STATE WEBSITES - TO INCLUDE ELECTION  
259 WEBSITES. CISA and the FBI assess this actor IS RESPONSIBLE  
260 FOR THE MASS DISSEMINATION OF VOTER  
261 INTIMIDATION EMAILS TO US CITIZENS AND THE  
262 DISSEMINATION OF US ELECTION-RELATED  
263 DISINFORMATION IN MID-OCTOBER 2020."

264 "Futher evaluation by CISSA and the FBI has identified the  
265 targeting of US state election websites was AN INTENTIONAL

266 EFFORT TO INFLUENCE AND INTERFERE WITH THE 2020  
267 US PRESIDENTIAL ELECTION.”

268 The third document presented to the President during the first 30  
269 minutes of this meeting that ended up being extended to about 4.5  
270 hours, was a December 16, 2020 joint statement by the FBI, CISA,  
271 and the Office of the Director of National Intelligence (ODNI)  
272 reporting on the now infamous Solar Winds attack — that was the  
273 report that revealed the United States Government had been, as  
274 Byrne put it, hacked to its toenails. You might remember all that —  
275 the enemies simply walked in through our back door and moved  
276 into our systems.

277 So that was the proof. The question before them was whether these  
278 documents provide sufficient evidence to trigger Executive Orders  
279 allowing the president powers to act in defense of our Constitution.

280 Trump listened carefully as the evidence was presented, and then  
281 picked up the Presidential order Sydney had prepared for Trump  
282 to sign in order to initiate the Executive Orders and authorize  
283 action.

284 He asked the Byrne team, with White House lawyers present, and  
285 Rudy and Meadows on speakerphone, what exactly are you asking  
286 me to do?

287 Byrne said, "put us in coach." And he explained they were  
288 recommending the President assume his powers under those  
289 executive orders and authorize an investigation into what  
290 happened in the 2020 presidential election.

291 The conversation proceeded in a sort of let's examine what this  
292 would look like if I decide to move forward with this vein. In other  
293 words, no decision was made either way, but they began to explore  
294 options for moving forward on the intelligence presented.

295 Byrne suggested, for the sake of restoring confidence in America's  
296 Election system, they proceed with the courts and the Guard. The

297 courts are still trusted and the National Guard are trusted — so he  
298 suggested a US Marshal, appointed by a Judge, select the cyber  
299 team from among the National Guard to take images of the  
300 Dominion machines and examine them for any corroborating  
301 evidence of foreign interference with our elections.

302 Pat Cipollone stepped forward and warned the President that the  
303 American people would freak out if any uniforms are seen on this.  
304 That discussion went around the room, and Trump said "no  
305 uniforms."

306 As it appeared Trump was inclined to move in favor of this plan,  
307 the WH attorneys were getting hot, and objecting vigorously.

308 Cipollone did not want Trump to sign that doc. He told Trump,  
309 you don't have to sign anything, if you want a special counsel to  
310 look into this, all you have to do is say so and appoint whoever you  
311 choose.

312 At one point Trump asked Pat Cipollone why he did not bring to  
313 his attention the material Byrne and friends brought forward.  
314 Cipollone countered, I am your WH counsel, not your campaign  
315 counsel.

316 Byrne pointed out that Cipollone had been working behind  
317 Trump's back to get the entire staff to turn on Trump and compel  
318 him to concede. Cipollone protested: "You know how hard I have  
319 worked for you..." which, as Byrne pointed out, was not a denial.

320 Trump began agitated with Cipollone and said, okay, you say I can  
321 appoint special counsel, I do it now, I appoint Sydney Powell to be  
322 special counsel.

323 But when Trump said he would appoint Sydney to be special  
324 counsel, the WH lawyers objected vigorously, and there was some  
325 shouting — by the way, according to Byrne, all the shouting came  
326 from the WH Lawyers, and on three separate occasions they WH  
327 team stormed out of the office in a huff — (no doubt to discuss

328 what they had to do to stop this). Byrne revealed that the suttiebut  
329 was these WH counselors had been offered a million or more in a  
330 cushy job with a lobbying firm or consulting or something if they  
331 got Trump out, but warned that if they didn't their kids would be  
332 kicked out of their schools and barred from going to Yale ....

333 They strenuously objected that Powell would have to have top  
334 security clearance and that would take months. Trump asked Flynn  
335 and Flynn explained in the same way he had the power to appoint  
336 a special counsel, he had the power to grant top security clearance.

337 So Trump did — I think this is one of the storming from the room  
338 moments.

339 Anyway, Rudy showed up at the WH and joined the deliberations  
340 in person that continued on for two more hours in the Presidents  
341 Residence living room. It seemed all was settled. Sydney Powell  
342 would be special counsel and Rudy would run the operation —  
343 they would pick six counties to run their examination, get a  
344 Marshal to assemble a cyber team from the elites in the National  
345 Guard, they would get an image of the Dominion machines and  
346 examine them for evidence of foreign interference in the US  
347 election. What they would do with this if it turned out to be proved  
348 true, was not discussed. But Byrne did repeatedly relate to Trump  
349 that if they examined the machines and there was no evidence of  
350 foreign interference, he would need to concede immediately, to  
351 which Trump said, "Pat, you have no idea how easy that would be  
352 for me." He said, but how can I do that if I believe the election was  
353 fraudulent, and a foreign power was involved?

354 They left about about 12:30 am, feeling very good and agreeing that  
355 whatever the outcome of the investigation, they felt good that the  
356 American people at least had a fair and honest shot and getting to  
357 the bottom of this mess.

358 That was Friday night. At about 1:30 or so, am, Trump Tweeted  
359 the auspicious message inviting patriots to the WH on J-6 to  
360 protest — and, as you know, he emphasized in his announcements  
361 about this that it would be a peaceful protest. He emphasized that.

362 When Sydney went to the WH to pick up her pass, she was told the  
363 whole plan was scuttled. She was not told why, and the team was  
364 not given any explanation. They began promoting the Jan 6 protest  
365 gathering, all the while emphasizing it would be peaceful protest.  
366 Later Byrne was to learn what happened.

367 After the team departed, Rudy stayed behind and expressed his  
368 misgivings about the plan. He was concerned it would backfire on  
369 them, and he told Trump "if you go forward with this plan, we will  
370 all be in prison." Trump has a huge regard for Rudy, and so backed  
371 away from the plan. I'm not privy to Rudy's thoughts on this, but  
372 from what I can see, that was a grave error.

373 As best as I can put it together, Trump and Rudy decided they  
374 would present the evidence to State Senators, recruit some honest  
375 men to present a challenge on Jan. 6 trusting that Pence would  
376 send the contested electors back to their State legislatures and give  
377 those states a chance to look at the evidence. You know what  
378 happened! Pence folded like the cheap suit he is — because a deal  
379 was made with him that he could be the next president — well, he  
380 has been betrayed for his own betrayal. I've spoken to this several  
381 time and I have not time to elaborate now, except to say, Pence  
382 decided to cave to the ELECTION THIEVES — he went with the  
383 theives! Just like a Judas.
