/ An Appeal To the Conscience Of Whatever Patriots Remain In the FBI!

Jerry Scheidbach

Original Air Date: 09.17.22

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Lindell's liberties were assaulted last week when four FBI agents
5 surrounded him while in a drive through at Hardees — sort of an
6 east coast In-And-Out fast food place! Steve Bannon reports he
7 knows of as many as 35 Trump supporters who have been accosted
8 by FBI raids. Tucker tells us of one of these—a lady who supported
9 Trump on Facebook (FB) and had some wicked devil report her to
10 the FBI for having been at the Capitol on J-6. Did you know it was
11 a crime for conservatives to be at the Capitol on J-6? Who knew?

12 Don't let phony Fauci sneak out from under the hot light of
13 TRUTH bearing down on him—lately he admitted he colluded
14 with FB to suppress information. Friend, the day government is
15 given the power to decide what is and what is not
16 "misinformation," or "disinformation," all you will ever get from
17 the government is propaganda—LIES.

18 DeSantis sends two planeloads of illegal crossers to Martha's
19 Vineyard, and Abbott sends two busses carrying illegal crossers to
20 drop them off at Kamala's house. The libs of the vineyard are very
21 unhappy about this. What are they going to do with 50, count
22 them, 50 illegals meandering about their neighborhoods? I agree
23 with that gal who said let's send them 1000 next time; if they want
24 open borders, then let them deal with the problems they are
25 creating with their ridiculous policies.

26 Newsome says the FBI should charge DeSantis and Abbott with
27 kidnapping? Biden has been breaking the law virtually every day he
28 has Shanghaied the Oval Office (think about that a bit and you'll

29 see just how spot on is that statement)—it's against the law to allow
30 illegals to enter the states. He is a lawbreaker—lock him up; lock
31 him up; lock ... well, you get the idea.

32 Speaking of Newsome, he has found another wasteful use of your
33 tax dollars — he is buying billboards in other states advertising CA
34 as an abortion friendly state. Texas Does Not Own Your Body—
35 YOU DO! Florida Does Not Own Your Body—YOU DO! How
36 about, hey, YOU DO NOT OWN YOUR BABIES BODY—GOD
37 DOES! The baby created in the image and likeness of the
38 CREATOR does not belong to the mother carrying that baby in her
39 womb. A child does not answer for the sins of the parents! (Ezekiel
40 18:20 "The soul that sinneth, it shall die. The son shall not bear the
41 iniquity of the father, neither shall the father bear the iniquity of
42 the son: the righteousness of the righteous shall be upon him, and
43 the wickedness of the wicked shall be upon him.")

44 Does Graham's effort go far enough—he wants to pass legislation
45 banning abortions after 15 weeks. Abortion suddenly becomes
46 wrong after the child has been alive for 15 weeks? Typical politician
47 shuffle—let's concede the premise: *you can kill the baby*, but let us
48 control when you do it.

49 What's with the six to eighteen inches of clots being pulled from
50 corpses in mortuaries that are not made of human blood?

51 My friends, it's time for your Brain Massage®!

52 [TRUTH]

53 Is it true? Has our FBI been *weaponized*? Is it now the brute squad
54 for the Biden Admin.

55 Lindell's liberties were assaulted last week when four FBI agents
56 surrounded him while in a drive through at Hardees — Hardees is
57 a sort of east coast In-And-Out fast food place!

58 They surrounded him, asked him when he met Tina Peters, and
59 said they were investigation the allegation he tampered with voting
60 machines. But they have no real evidence of this. They are fishing!
61 Because Lindell has amassed a huge amount of evidence the 2020
62 election was stolen, something the Yahoo news *baselessly claims* is
63 a baseless claim — have you noticed that?

64 Every time these devils in the MSM mention the theft of the 2020
65 election they use the expression, "baseless claims."¹ Did you know
66 that the ONLY side of this debate that depends entirely upon
67 EXPERT WITNESS from Cyber-security professionals, many
68 whom have worked in government and military security, and
69 whose careers have been devoted to cyber-security for decades is
70 the side that is saying there is clear evidence of FRAUD, or
71 manipulated machine fraud supported by paper fraud—not one of
72 the election steal deniers has put forward EXPERT CYBER
73 SECURITY TESTIMONY — every time a forensic analysis is done,
74 the machines come up DIRTY. Check out FrankSocial and study
75 the matter for yourself. As they say, connect the dots, make up
76 your own mind.

77 Lindell announced, I think it was Wednesday, that his lawyers have
78 agreed he should sue the government and specifically the FBI for
79 violating his rights.

80 Bannon reports he knows of more than 30 Trump supporters who
81 have been accosted by FBI raids.

82 Tucker interviewed one of these victims—a lady who supported
83 Trump on Facebook was anonymously reported to the FBI by
84 some devil for having been at the Capitol on J-6. She was not there.
85 But even if she was there, when did it become a crime for
86 conservatives to be at the Capitol on any day, including on J-6? Die
87 the "informant" see this lady attack a police officer? Did the

¹ <https://news.yahoo.com/hardee-mocks-mike-lindell-claimed-162414661.html>

88 informant claim she witnessed the accused destroying property—
89 or planting a bomb in the DNC headquarters, or waving people
90 into the Capitol building? No! Only the false claim that she was
91 there was sufficient to trigger an FBI squad to come fully loaded to
92 this ladies door.

93 And, by the way, did this person see here there? If Mr., Mrs., Miss,
94 Ms. or Mx. informer saw her there, isn't that an admission he, she,
95 he-she, or it was there? Why hasn't the FBI raided *its* house?

96 Do you believe someone gave an anonymous tip to the FBI and
97 that the tip was that she was at the Capitol on J-6, and that the FBI
98 decided to take time out of their busy schedule tracking child
99 molesters and slave traders, drug cartel operations and money
100 laundering—oh and all the work they are doing to investigate the
101 fake Russian collusion hoax, Hillary's emails, and Hunter's lap top,
102 do you really think they decided to invest their time sending a
103 squad to a ladies home, beat on her door, announce "the FBI," and
104 mark their watches for 42 seconds—

105 Can you just see them? At ten seconds they give one another the
106 "look," and immediately, professionally, like an offensive line at
107 SET, they position themselves to breach the door, one watching the
108 second hand sweep swiftly across the dial while all others focus on
109 the door. At thirty-two seconds the officer begins the count, 10, 9,
110 8, 7, 6—a kid opens the door.

111 At least one of the agents, the rookie, is disappointed he, she, or it,
112 does not get a chance to go home with a story about busting
113 through a MAGA patriots house!

114 I don't think this is how it played out for this lady — I did not get
115 her name! Tucker interviewed her; you might have seen it!

116 They just terrorized this mother and her child, explaining they
117 received an anonymous tip she was at the Capitol on J-6.

118 Since when did it become a crime to be at the Capitol building?
119 They don't seem to be interested in Ray Epps — we've got pictures
120 of him at the Capitol building on J-6 actually agitating the crowd to
121 breach the Capitol. His mug was featured on the FBI top 10, or
122 something like that, until it disappeared. Apparently, being at the
123 Capitol Building on J-6 is not a problem, even if you are there
124 agitating the crowd to breach the Capitol building, if you are Ray
125 Epps. But if you are a MAGA Trump supporter and someone says
126 you were there, you are in big trouble buddy.

127 That's all it takes, some Trump hater doesn't like you, and give the
128 FBI a "tip" that you were there, and here they come, pounding on
129 your door, shouting, "FBI"!

130 Get your body cams, folks, get your front door set up to record and
131 live stream immediately — the only protection you have from the
132 darkness is LIGHT.

133 Lindell was describing his experience with these badged-terrorists,
134 falling on him while working his way through the drive through at
135 a Minnesota Hardees — he referred to another woman that was
136 SWATed by these brave soldiers of justice and judgment. He said
137 they busted down her door and explained it was because she made
138 them wait too long—how long? 42 seconds!

139 These are the "ministers of God" appointed by the Almighty to
140 execute wrath upon — mommies with political views — is that
141 MPV — a new three letter classification of THREATS TO
142 DEMOCRACY? Anyway, have you noticed; consistently, the FBI is
143 after activist mommies lately.

144 You might remember Sherronna Bishop, a Colorado mom who
145 was the first Patriot Mommy activist against public school tranny
146 indoctrination and CO election fraud to be assaulted by the FBI
147 terrorists — they call it SWATing — *have the FBI become*
148 *terrorists?*

149 I don't Sherronna is the lady Lindell was talking about, whose door
150 was broken down because, according to the explanation given by
151 the brave FBI agents who came to arrest an MPV — that's a
152 Mommy with Political Views) she made them wait 42 seconds after
153 they banged on her door and shouted "FBI."²

154 Sherronna's story was about one year ago, when this crazy behavior
155 began—Oct. 2021. Well, actually, they went after Stone first.³ No,
156 wait, before Stone, it was Flynn.⁴ Yeah, this nonsense started with
157 targets that were high profile and somewhat removed from us so
158 while we were upset, and protested the general population only
159 watched and wondered. Then it went to chasing down mommies
160 with political views protesting rogue School boards who wanted to
161 indoctrinate their children without their knowledge of what the
162 teachers were doing in the classrooms, or what curriculum they
163 were using, or protesting the mask and vaccine nonsense—all very
164 serious offenses that "threaten democracy"!

165 Of course, the education establishment teaching our children to
166 hate America as founded, subverting the national conscience and
167 teaching our children lies about our founding and about our
168 history, and subverting the morals of the parents and supplanting
169 their nurture and admonition with Marxist indoctrination — that's
170 not a threat to Democracy.

171 And the Medical Establishment presuming to take the place of
172 parents and force-jab their children with a vaccine that THEY
173 DON'T NEED, according to their own data, and that is raising
174 many health concerns as VAERS bears witness with well over
175 30,000 reported deaths correlated to the vaccines—forcing people
176 to take a shot without fully informed consent in violation of the
177 Nuremberg rules that were developed after Nazi Germany pulled

178 that business of forcing people into death camps for "medical
179 quarantine" — among other excuses.

180 FBI veterans are becoming increasingly uncomfortable with these
181 goings on. At about the time this started, by *this* I mean the FBI
182 concentrating its activity on non violent targets, Brannon Howse
183 had concluded a series of interviews with a panel of four retired
184 FBI agents only days before the raid. They discussed these raids
185 against non-violent patriotic Americans over the last few years,
186 starting with Gen. Michael Flynn in 2016, followed by the pre-
187 dawn raid on author and Trump ally Roger Stone in 2019 and then
188 the violent home-breach of journalist James O’Keefe of Project
189 Veritas a few weeks ago. One former FBI agent said, "I was on the
190 [FBI] SWAT team for several years,' said Brian Shepard, appearing
191 with three other retired FBI agents at a symposium aired by WWV
192 TV on Nov. 16. [Continuing] “And I can tell you from my
193 experience, and I think all others of the bureau agents here would
194 echo what I’m going to say. We never conducted a search or
195 conducted an arrest of someone who was not a violent offender.
196 And the thought when I heard about what happened with Roger
197 Stone, just outraged me so much that, it just rose up inside me.”⁵

198 Patriot mommy targeted by the FBI raises the question: "Has the
199 FBI become the political shock troops for the White House,
200 seeking to harass and intimidate anyone who speaks out against its
201 policies?" [IBID]

202 I have to take a short break, so hold on, we'll pick it up on the other
203 side.

204 Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor
205 at the Lighthouse, your brain masseur, and Paul Revere’s lantern
206 lighter, lighting the lamps in the church belfry arch, signaling the

⁵ <https://www.worldviewweekend.com/news/article/americas-first-mom-raided-fbi-october-4th-doj-memorandum-she-fought-against-voter>

207 enemy is on the march, an enemy that would steal from us our
208 liberty.

209 So, what's going on here? If you are just now tuning it, I'm talking
210 about the trend going on with these FBI attacks on American
211 citizen's civil liberties and inalienable and Constitutionally
212 protected rights.

213 It started with Michael Flynn, then Roger Stone, then James
214 O'Keefe, then mommies with political opinions contrary to the
215 education and medical establishment, then Mar-a-Lago, then more
216 Mommies with opinions about Colorado election fraud, then
217 President Alleged Biden says, haltingly, that Trump supporters,
218 you know, MAGA types, America-first-patriots, are "semi-fascists,"
219 followed by a news blitz repeating his statement, followed by the
220 ominous Naziesque speech where "El-Diablo" — standing before a
221 backdrop framed by deep red banners, and deep blue touches, with
222 two ominous looking Marines standing at attention on either side
223 of Biden as he gave a speech in which he approvingly quoted
224 someone calling MAGA Trump supporters a "CLEAR AND
225 PRESENT DANGER" to our Republic — which, make no mistake
226 about this, is language that was purposely used that has very
227 serious legal ramifications—for if the "govt." classifies you a "clear
228 and present danger" it triggers law enforcement to use any and all
229 means of force to remove that threat — including shooting you on
230 sight. I'm not kidding friends. Neither is Biden!

231 And this was followed with the illegal raid on Mar-a-Lago — you
232 say how can the FBI executing a raid on a private citizen be
233 "against the Law"? Well, my friend, the SUPREME LAW of the
234 LAND is the Constitution and no law contradicting that law has
235 any lawful standing.

236 For example, when the FBI harasses Mommies who support
237 Trump on Facebook because someone supposedly, anonymously,
238 tipped the FBI that she had been at the Capitol on J-6, as if that is a

239 crime? — and so they obtain a warrant from a corrupted court and
240 come to her home in a threatening manner, displaying their
241 strength, fully armed, against a Mommy patriot, and adding insult
242 to this INJURY of our RIGHTS and the PEACE secured by those
243 RIGHTS they are ignoring Hunter's Laptop, refusing to act on the
244 Maxwell list of perverts and raid THOSE HOMES AND
245 BUSINESSES, and pretend anyone at the Capitol on J-6 is a threat
246 to US Security while ignoring a certain FBI PLANT who was there
247 agitating the patriots to break the LAW—we even now the guys
248 name—Ray Epps—who was agitating the J-6 crowd to take actions
249 that could be made to appear to violate the law — THIS WAS A
250 SET UP!

251 Tell me you don't see a pattern developing here? Finally, they
252 openly attack Mike Lindell — what, did they get a tip he was going
253 to plant a pillow bomb in the Hardees drive through — thank you
254 Stew!

255 And you've heard the president alleged frame the current political
256 conflict in terms of fascism-versus-democracy and calling MAGA
257 Trump supporters a fascists threat against our Republic, you've
258 heard the vice president frame the conflict in terms of Mommy
259 Patriots representing the real domestic threat against the
260 Constitution — and you heard the MSM, every one of them, repeat
261 the mantra that Trump supporters are the fascists and the threat to
262 democracy, and in fact a GREATER THREAT than the 9-11
263 terrorists. You are watching the rise of Hitler in real time!

264 These God hating, America despising enemies of liberty started by
265 putting this nonsense about Christians who "oppose the
266 government" being domestic terrorists, this bit about possible
267 identifiers like the "Don't Tread On Me" flag, slogans like America
268 First, and MAGA, these things being markers for potential
269 domestic terrorist groups started showing up in their training
270 documents for Homeland Security, and the DOJ, and the FBI, and

271 now they are saying it out loud — the political opponents of the left
272 are branded fascists, and terrorists, and a "clear and present danger
273 to our Republic." But the fact is, it is the political radicals on the left
274 that are adopting fascist tactics and using terrorist-gestapo like
275 violence to push their agenda onto the rest of America.

276 Do you understand what they are saying? If you support Trump, if
277 you are a MAGA supporter, if you believe Hunter Biden and his
278 Daddy should be investigated for treason against this country and
279 if you point out that Biden is employing fascists tactics to suppress
280 his political opposition—WHICH IS PROVABLE — if, after four
281 years of the left questioning the election results of 2016, and going
282 so far as to create a fake dossier claiming the Trump campaign
283 colluded with Russia to "steal" the election from Hillary, and you
284 know that Hillary's campaign bought that dossier, and that FBI
285 agents knowingly used it to secure FISA court approval to spy on
286 Trump's campaign, if after all this we are supposed to sit back and
287 allow them to us fascist because we have questions about the 2020
288 election — do you not see what is going on?

289 So, what do you think? Here is what I think.

290 These sorts of things can only happen and continue and escalate so
291 long as there are FBI agents willing to put their career above their
292 oath of office. Any oath they've made to the FBI as an institution is
293 subordinated to their oath to uphold the Constitution from
294 enemies foreign and domestic. The likes of Garland, and his master
295 Biden—and trust me, don't buy the bungling Biden act. Quit
296 providing him cover to hide what he really is. The man is spiteful
297 and hateful—he is full of hatred—his soul is in a very dark place.
298 Whatever cognitive decline he might be experiencing, the "powers"
299 we are wrestling against, are using his "weakness" as a facade to
300 distract and provide cover for what they are doing to destroy
301 America as founded and "transform" this country into a fascist
302 dictatorship.

303 But, back to the concluding point here today — the only way this
304 can continue and escalate to a preposterous place is, 1. if you,
305 patriot, act in the fear of man and think you need to take up arms
306 against the government; don't do it. It's what they are agitating for,
307 and it's the excuse they are looking for to declare martial law which
308 will be announced as "15 days to curb the revolt" and become a
309 permanent lockdown of the American people under the heel of a
310 dictatorship regime.

311 And the second thing that will allow this to happen is, 2. this will
312 continue to escalate only so long as American FBI agents are
313 willing to go along with this and carry out their missions —. The
314 wicked duo of Garland/Biden cannot achieve their goals if the
315 agents deployed to carry out their unlawful orders refuse to violate
316 their own oath of office and stand up to these devils. RESIST THE
317 DEVIL and HE WILL FLEE!

318 Remember, the "I am only doing my job," excuse is what the Nazi
319 SS said. It did not hold up in the Nuremberg trials, history did not
320 treat that excuse kindly—and more importantly, your conscience
321 will never be easy with that excuse.

322 Those of us who believe in the Constitution, and in the Bill Of
323 Rights (the first through tenth amendments), we are not the threat
324 to our Republic. It's those who have gone on record saying they
325 don't accept the Constitution as the highest law of our land, who
326 constantly attempt to subvert it, and who have been using the
327 tactics of fascism—the government controlling the public through
328 businesses and "mandates" — these are a the fascists.

329 So, I appeal to the conscience of our patriotic FBI agents and
330 demand they refuse to carry out these unConstitutional raids on
331 the American people. It's enough! The RESISTANCE against
332 TYRANNY must begin at the first level—REFUSE TO CARRY
333 OUT UNCONSTITUTIONAL ORDERS.

334 Okay, perhaps I'll get a chance to chat with you about these other
335 things tonight during our Comfort & Counsel For the Present
336 Distress — see you live on our facebook page — Santa Maria
337 Lighthouse, or Lighthouse Baptist Church, Santa Maria.

338 Don't let phony Fauci sneak out from under the hot light of
339 TRUTH that's bearing down on him—lately virtually admitting he
340 colluded with FB to suppress information regarding masks and
341 vaccines. Look, friend, the day government is given the power to
342 decide what is and what is not "misinformation," or
343 "disinformation," it's the only thing you ever get from then on.

344 DeSantis sends two planeloads of illegal crossers to Martha's
345 Vineyard, and Abbott sends two busses carrying illegal crossers to
346 drop them off at Kamala's house. They don't like it! The elitist
347 snobs complain that it's not reasonable to expect them to deal with
348 so many at once. One reporter asked a crosser, I think it was at
349 Kamala's house, "Harris says the borders are closed. Are the
350 borders closed." The illegal said no, they are open. He said, "We
351 cross free. No problem. We come here illegally."

352 Newsome says the FBI should charge DeSantis and Abbott with
353 kidnapping? Really? DeSantis and Abbott are simply explaining to
354 these illegals that theirs is NOT A SANCTUARY STATE, and
355 offering to provide transportation for these illegal crossers to a
356 State that has declared themselves to be a "sanctuary" for illegal
357 crossers. They accept the offer, and it's as simple as that! On the
358 other hand, Biden's admin orders the illegals onto planes that are
359 flown to States that are NOT SANCTUARY States and so put these
360 people in a bad way. If you are going to cry "kidnapping" — Biden's
361 your man!

362 Speaking of Newsome, he has found another wasteful use of your
363 tax dollars — he is buying billboards in other states advertising CA
364 as an abortion friendly state. So, Newsome is conducting his

365 campaign for president using CA tax dollars to promote his
366 campaign. How do you feel about that?

367 Does Graham's effort go far enough—he wants to pass legislation
368 banning abortions after 15 weeks. Graham steps into it once again!
369 Don't buy this! It's a ruse. It's an effort to negotiate a compromise
370 between the pro-life and pro-murder sides in this debate over the
371 life of the child in its mother's womb. If Graham succeeds, he will
372 legalize the murder of the unborn just like Roe-V-Wade did except
373 it will be limited to after 15 weeks of pregnancy.

374 What's with the six to eighteen inches long clots being pulled from
375 corpses in mortuaries that are not made of human blood?

376 Okay, gotta go!
