

Brain Massage®: Show No. 905 Perspectives: Election 2022 / COVID  
Responsibility—Why We Can Sue Pfizer, et al. / Time For A Republican  
"Selma" Moment For Our Right to Vote

Dr. Jerry Scheidbach

Original Air Date: 10.29.22

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the  
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain  
3 masseur—get ready for your brain massage.

4 [TRUTH]

5 Had a chance to meet Brian Dahle again. Met him at Pastor Cook's  
6 meeting a while back, and got to join some fellow Santa Marians to  
7 meet the future GOVERNOR of CA — at a stop during his stump  
8 trek across the state — I'm voting for Brian Dahle —

9 Raul Ortiz is running for CA Assembly representing the 64th  
10 District, not in my neighborhood, but if you know anyone in the  
11 LA Basin, encourage them to vote for Raul. He was one of my  
12 students in High School and College — he is a godly man who will  
13 bring much needed Christian leadership to our State. I was  
14 honored to participate on a panel he organized in Norwalk on  
15 Thursday — awesome event.

16 Fetterman — you do understand that the Demoncrats don't need  
17 people who think, they need people who receive instruction and  
18 follow the Party line. So, Fetterman is perfectly qualified to be a  
19 Demoncrat politician. He fits the profile established by Biden's  
20 candidacy.

21 It looks like all the Republicans are pulling ahead in their respective  
22 races. Lake up by 11 — DeSantis up by 14 these are unheard of  
23 numbers. The only thing Dems have is abortion — isn't that  
24 interesting? Every Dem policy is death — death to law and order,  
25 death to the economy, death to liberty, death to the Constitution,  
26 death to the Republic, death — it's all they give us — Death —  
27 death to the inner cities, death in the inner cities, death to jobs,

28 death to the American dream—fitting then that the only issue they  
29 have to run on is DEATH — death of babies in the womb's of their  
30 mothers. The Demoncrats have become the PARTY OF DEATH.

31 Remember the Christmas Day parade attack—Darrel Brooks was  
32 the driver — he is a Trump hater, wrote an anti-Trump rap song<sup>1</sup>  
33 that included a bit of sixties jargon — @!\* the PIGS. Trump haters  
34 are terrorists — right? I mean, think about it. They burn cities, fire  
35 bomb police cars, shoot police while sitting in their cars, kill  
36 innocents, well, until they go head to head with a young man who  
37 fought back, remember Rittenhouse. Really! Isn't it odd? They —  
38 do you know who *they* is? I haven't explained this in a while, so, let  
39 me clarify who *they* is. TELL THEM WHO *THEY* IS!

40 Now the Pharmas are advising the COVID vax-Jabbed to exercise  
41 because those who got the COVID shot and exercised were less  
42 likely to get COVID than those who took the COVID vaccine and  
43 did not exercise — uh! Well, don't let them watch the reels of  
44 athletes falling over DEAD while on the basketball court, soccer  
45 field, football field, I mean, some of these young people are falling  
46 over dead while in choir practice — !

47 New evidence emerges in Switzerland connecting the mRNA cell-  
48 shock shots are causing heart injury.<sup>2</sup> Myocarditis (swelling of the  
49 heart) is occurring in 1 of 27 vax-jab recipients. Large British study  
50 finds risk of myocarditis doubles after each mRNA jab.<sup>3</sup> Another  
51 *large study*, this one from Israel, corroborates the British and Swiss  
52 conclusions: "the Pfizer COVID-19 mRNA jab is associated with a  
53 threefold increased risk of myocarditis."<sup>4</sup> By *large study* is meant  
54 over 800k cases were examined. How about the US? Here is a study  
55 from JAMA (The Journal of the American Medical Association)

56 reports that incidence of myocarditis were highest in the age group  
57 12-24, after the second dose—so far!<sup>5</sup>

58 Here is a summary of the JAMA analysis of VAERS reports, by the  
59 way, after confirming those in that reporting system that qualified  
60 as clinical myocarditis, showing that from baseline myocarditis  
61 cases in the US, they found a 13k% increase in risk of myocarditis  
62 in male children 12-15, a 7800% increase for males ages 16-17, and  
63 a 2800% increase for males 18-24.<sup>6</sup>

64 These are the results of the mass population human trial conducted  
65 on the world's population via government-mandated vaccinations  
66 *so far. So far* because the fact is, the Swiss study I mentioned earlier  
67 found that ALL VACCINE RECIPIENTS SHOW EVIDENCE OF  
68 HEART INJURY — that develops into myocarditis for many. And  
69 myocarditis is not the only problem associated with the COVID  
70 vaccines — Here is an article discussing how cancer deaths from  
71 the COVID jabs are being hidden.<sup>7</sup>

72 Meanwhile, Rand Paul, the guy all over Fauci for his participation  
73 in the cover up and illegal funding of gain of function research, on  
74 September 29 this year joined leftist looney tunes Cory Booker  
75 sponsoring a Bill called the FDA Modernization Act that, among  
76 other things, ends animal testing mandates for drugs so long as the  
77 researchers think we can move on to human use<sup>8</sup> — now, wait a  
78 minute! What makes this outdated? Perhaps it's since a vaccine was  
79 approved to distribution to humans that killed all the mice it was  
80 used on during animal trials — so maybe Rand thought, Oh well!  
81 That worked out nicely?

82 Meanwhile, CDC votes to add the COVID mRNA gene invasion  
83 shot to the schedule of recommended vaccines for school children.<sup>9</sup>  
84 (Ignoring the science and trying to provide cover for Pfizer, et al.—  
85 hey, COME BACK HERE) — putting the shot on the schedule puts  
86 it under the 1980s Reagan deal to provide immunity for  
87 Pharmaceuticals from liability for their wicked business. For all the  
88 good Reagan did, he made two huge errors in judgment. He  
89 believed the Democrats when in trade for amnesty to illegals they  
90 would work with Republicans to close the border, and his  
91 willingness to trust the Pharmaceutical companies, and knuckle  
92 under their threat to stop producing vaccines unless he signed on  
93 to indemnify them from liability for their products. So, CDC votes  
94 to add COVID mRNA shots to the list of what they "recommend"  
95 to States for enrolling students in the govt. indoctrination camps.  
96 Where the only "morality" that can be taught is whatever does not  
97 come from the Bible.

98 And the W.H.O. declares vaccine hesitancy among the top ten  
99 GLOBAL THREATS.<sup>10</sup> Good night! You know what they are  
100 doing, right? MAGA the number one threat to Democracy—paints  
101 a target on the MAGA hats for FBI raids, branding them as  
102 *domestic terrorists*. And now the WHO is branding vaccine  
103 hesitancy a GLOBAL THREAT—we've seen what these people do  
104 with their contrived GLOBAL THREATS! Global warming, Global  
105 cooling, then Climate Change — hey, guess what, massive increase  
106 in Greenland surface ice sheet suggests overall gain in 2022.<sup>11</sup> Well,  
107 that *is a change*, so!

108 Anyway, there is a huge lawsuit forming up and Pfizer, Moderna,  
109 J&J, AstraZeneca are all in the crosshairs.<sup>12</sup> All the "Fact Checkers,"

110 you know, that reliable panel of Deep State connected operatives  
111 that protect the govt. narrative from exposure, they will tell you,  
112 factually, by the way, that pharmaceutical companies cannot be  
113 sued for adverse reactions arising from their vaccines. And they are  
114 right! But what they don't tell you is that this does not protect them  
115 if they acted in bad faith, if they colluded to push a vaccine onto  
116 the public what was known by them to be dangerous to the public  
117 health, or if they introduced new technology that had some ulterior  
118 purposes — like depopulation vial encouraging infertility, and  
119 what has become called Sudden Adult Death Syndrome (SADS) —  
120 like what happened to Megyn Kelly's sister, and multiple  
121 THOUSANDS of others I referenced earlier. If there is malfeasance  
122 on the part of Pfizer, et al., and any collusion between them and  
123 government officials — ALL PROTECTIONS ARE GONE!

124 A Peruvian court recently named Bill Gates, Rockefeller, and Soros  
125 as "criminal elite responsible for COVID-19."<sup>13</sup> But the Fact  
126 Checkers — who don't have time to fact Check Biden's bald faced  
127 lies, too many to list here, so let's take the latest — when he said his  
128 policies brought fuel prices down from over \$5 a gallon when he  
129 took (operative word, *took*) office to now when they are only 3.73  
130 — was that it? Got to be careful here, because those FactCheckers  
131 will correct me if I don't get it right—did Biden say 3.73, or 3.79,  
132 or, no, it was 3.39 — whew~! That might have cost me 2500 from  
133 PayPal, so, got to get THAT right! The Marxist Socialist Media and  
134 Soros funded FactCheckers don't have time to hold the President  
135 accountable for his LIES, but they checked up on the Peruvian  
136 court story and said *there is no evidence* — blah, blah, blah! So, here  
137 is what the factcheckers checked, not the story, that a Peruvian  
138 Court named Gates, Soros, and Rockefeller as co-conspirators in  
139 creating the COVID pandemic — actually, that's true. The Lead  
140 Story SOROS backed FactCheckers challenged the decision of the

141 court. So, you see, *Lead Stories* is serving up the product they are  
142 being paid to produce.

143 New York has been ordered to reinstate all the city employees that  
144 Hochul fired because they refused to bow their knee to her vaccine  
145 mandate — they are to be reinstated with full back pay. Now, folks,  
146 that's a major win for freedom, autonomy, the "my body my  
147 choice," principle. By the way, the baby in the womb is not the  
148 mother's body, and that's why killing the baby is not "her choice."

149 Here you go! An MD, Nicole Saphier Tweeted: "My kid's school  
150 sent a note saying they can wear Halloween costumes tomorrow as  
151 long as they don't cover the face because it will 'hinder the learning  
152 environment.' She said, I was waiting for the punch line at the end  
153 but apparently they didn't see the irony in their message." Well,  
154 you know, Liberals don't have a sense of humor that we know of.  
155 So! Look what they've done to comedy. SNL is gone, the guy that  
156 dances with grown ups dressed like syringes is, well, you can see  
157 what I mean. These characters are the punch line of the joke that is  
158 them!

159 Well, I need to take a break. I'll be right back!

160 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor  
161 at the Lighthouse, your brain masseur, and Paul Revere's lantern  
162 lighter, lighting the lamps in the church belfry arch, signaling the  
163 enemy is on the march, an enemy that would steal from us our  
164 liberty.

165 Paul Ryan, anyone remember him? He is one of the delusional  
166 RINOS who thought he and Pence would take Trump out — you  
167 do remember Pence, don't you? Think, yeah, that's right, he's the  
168 guy that was Trump's VP — you might remember his stellar  
169 performance as lead man on the Pandemic response team, and his  
170 brilliant performance at the J-6 election steal! You know, the part  
171 where he ignored the Election officials from states concerned about

172 anomalies that took place in the 2020 election and in a letter asked  
173 him to send their electors back, or delay the vote until they had  
174 time to investigate the matter, and smugly claimed his pitiful  
175 traitorous hands were tied, he was required to rubber stamp the  
176 STEAL—the best Judas performance since Gethsemane!

177 Any way, Pence and Paul Ryan had a lot of us fooled for a while! So  
178 now Ryan knows what the Republicans need to do to win, cause he  
179 has done so well, right? I mean, he should know, he is a unicorn  
180 Republican, right? And his popularity with conservative  
181 Republicans is like somewhere out of this world, cause, it sure ain't  
182 here. Any way, here is his prediction: Republicans won't nominate  
183 Trump again because they will continue to lose if they do.  
184 [Drunken Squirrel.]

185 Just look at how well Ryan is doing — I mean, in terms of his  
186 political career — it's uh, stellar?

187 If the Republicans withhold the nomination from Trump, and back  
188 the Mitch McConnell RINOs — they'll join the fate of the  
189 DEMONCRATS and be discarded on the ash heap of history along  
190 with the tyrant loving Torries, and a new Party will form around  
191 Trump. I've suggested Christian Conservative Party, but it appears  
192 conservatives are coalescing around the idea of a *Christian*  
193 *Nationalist* party, yeah, not my favorite, but!

194 It's unreal! Republicans will lose if they go with Trump? —  
195 Virtually every candidate Trump has endorsed has won and is  
196 WINNING. So, what does Ryan know that we don't? I mean "he's  
197 "in with the *in* crowd ... he knows what the *in* crowd knows."

198 Hillary is advising the Democrats don't focus too much on the  
199 mid-terms — reason? It is hard to steal multiple elections in an  
200 environment where it's going to take huge numbers of fake ballots  
201 stuffed in the drop boxes by their donkey mules — when it's  
202 essentially one major election, as for President, that's one thing —

203 you can get a read on voting trends, and mass produce sufficient  
204 ballots to cover the deficit but when you have to do that for  
205 multiple races, when there is such a red tide rising — well, it strains  
206 resources — so Hillarity advises they concentrate on 2024.

207 I've explained it before — you understand how this works, right?  
208 We know the Dominion, ES&S, machines, and all using the  
209 Konnech election software, we know they are connected to CCP  
210 servers — and we know the software allows for flipping votes, and  
211 all of that has been demonstrated and the proof is there to be seen.  
212 But they have to depend on their inflated voter rolls to provide an  
213 inventory of dead and vacated voters they can use to create fake  
214 ballots, and they have to have their mule stations set up and  
215 operating to stuff the ballot box to cover for the machine generated  
216 votes. Well, in many of the key states these issues are being  
217 watched closely and some rules have been changed to interfere  
218 with this system and that makes it hard to just flip the switch on  
219 the machines and steal an election.

220 But I warn you — we must literally overwhelm the system with  
221 true and honest votes, a tsunami of true and honest votes because  
222 they will steal the election if they can. But please don't stay home  
223 and say voting is a waste of time — DON'T YOU DARE GIVE  
224 THEM YOUR VOTE — you use it, or they will. And force them to  
225 STEAL it — and PRAY THEY WILL GET CAUGHT — especially  
226 watch and PRAY they get exposed in a major way.

227 It's a beautiful thing to see that the DEMONCRATS have realized  
228 the abortion issue if not going to carry them — there just isn't that  
229 much depth of passion in the American heart for killing babies in  
230 the wombs of their mothers. Yeah, there are some very noisy nut  
231 jobs that carry signs saying FETUS=TASTY TREAT! And crazy  
232 loud and obnoxious women who have abandoned any semblance  
233 of modesty, and decorum and have abandoned themselves entirely  
234 to the spirit of MOLOCH — but at the end of the day, the run of

235 the mill abortion rights supporter is far more concerned about  
236 what are called kitchen table issues than they are about pushing for  
237 a "right" they know in their soul is the murder of the unborn, and  
238 so even their supporters have their attention on other things, like  
239 feeding their families.

240 Hey, Elon took over Twitter — let's see where this goes. I  
241 understand he is already beginning to drain that segment of the  
242 swamp!!! First thing — started cleaning house: The people  
243 responsible for the decision to *deplatform* Trump? Got a "YOU'RE  
244 FIRED" notice from Elon. He tells us he wants the social media  
245 giant to be a place for the honest exchange of ideas — so, count on  
246 the Demoncrat Deep State CIA types to do all in their power to  
247 pollute it with the sort of junk recently done to New York Post —  
248 did you catch that nonsense? Some liberal insider, I understand,  
249 hacked the News source, one of the few remaining — by the way,  
250 did you know the New York Post was founded by Alexander  
251 Hamilton in 1801 — it was called The New York Evening Post!

252 Anyway, some rogue employee at the Post posted some vile and I  
253 mean really evil stuff on their home page and Twitter feed. Calling  
254 for the assassination of Biden and AOC and some vile racist  
255 comments I wont repeat!

256 It's something of a metaphor though. One of our most important  
257 founders, Alexander Hamilton, scrawled all over with vile graffiti  
258 by some demoncrat embedded in the organization. The  
259 DEMONCRATS are spewing vile and desecrating graffiti all over  
260 the memory of our FOUNDERS.

261 The first Mexican-born congresswoman has been denied  
262 membership in the Hispanic caucus—why? Because she is  
263 Republican!

264 It's becoming increasingly clear that Republicans can't get justice in  
265 Demoncrat controlled courts. The Demoncrat controlled DOJ, and

266 FBI attacks MAGA Republicans, and a Democrat president  
267 alleged threatens MAGA Republicans—Republicans are vilified in  
268 the Democrat controlled media, and social media, controlled by  
269 Democrats, censor Republicans, and even Democrats are pushed  
270 into the shadows of society and public life by Democrats.  
271 Democrat controlled PayPal has reinstated their \$2500 fine  
272 against any account holder who violates their unfunny WOKE  
273 Joke. Yeah, and now they are doubling down — now they claim  
274 they have a right to hold ALL YOUR MONEY for up to six months  
275 "if reasonably needed to protect against the risk of liability or if you  
276 have violated our Acceptable Use policy" — hey, I know! We need  
277 to organize a march for the civil rights of Republicans. Christian  
278 conservative Republicans — we should all wear MAGA hats and  
279 gather in New York, or LA, and MARCH for our RIGHT to VOTE.

280 Mr. Pelosi was assaulted during a home invasion; he is recovering.  
281 Think Nancy will let this "crisis" go to waste—I'm just saying! We'll  
282 see! The *newsies* keep repeating, "the motivation for the attack is  
283 under investigation." Wouldn't it be great if they find a MAGA hat  
284 in the guy's car, or backpack? Maybe they can find a signed photo  
285 of President Trump somewhere in his house. They have to time  
286 revelation of his name and alleged motivation just right. Notice  
287 they have not released his name. They'll need to scrub his social  
288 media of all the Trump hate-speech, and pay off everyone who  
289 knows him that might reveal he voted for Jim-Crow Biden.

290 Mayor of Chicago, Lori Lightfoot, proposed a city ordinance that  
291 would give her a raise — she needs a little extra protection around  
292 her and her home because of all the violence she has fostered in her  
293 city—ya think? Oh, no, it's Biden insurance—an annual inflation  
294 raise, caps at 5% — maybe she can make it retroactive.

295 You really need to come to the LIGHTHOUSE Sunday am, 9:30 for  
296 my Prophecy Class, 10:45 for the worship service where we will be

297 pressing heaven for a DIVINE INTERVENTION, and then at 5 pm  
298 for our evening service.

299 I have lit the lamps in the Church belfry arch and now you let me  
300 know if you see them.
