4 Election 2022 — "They" want to make it about their hatred for
5 Trump! "We" want to make it about our love for America! Today
6 I'll offer my Election 2022 assessment and predictions.

7 CA Konnech, Wisconsin's Racine County, the vulnerability of our
8 voter registration database and government portals for overseas
9 voting—we've got a lot to be concerned about and this WAR for
10 our right to VOTE in a fair, honest, open and transparent election
11 is far from over. And I'll read the LIGHTHOUSE BAPTIST
12 CHURCH DECLARATION to Gov. Newsome, SOS Padilla, Pelosi
13 and Carbajal. And ...

14 You know what, I've got so much here, I can tell you right now we
15 won't get through it all — so let's get started:

16 It's time for your Brain Massage®:

17 [TRUTH]

18 Election 2022 — "They" want to make it about their hatred for
19 Trump! "We" want to make it about our love for America! Today
20 I'll offer my Election 2022 assessment and predictions.

21 I've often explained what I mean by "they" and "we" — in brief, and
22 in my immediate context, you probably think I believe *they* are
23 those who believe in protecting a fabricated RIGHT of a mother to
24 CHOOSE to murder her baby while in the womb. You likely think
25 I believe "They" are identified as those who believe, or at least
26 support the belief, that a man can be a woman by the mere choice
27 to be one, and a woman can be a man by merely choosing to be

28 one. My guess is most of you suppose by "They" I'm talking about
29 those who believe calling someone by their preferred pronouns is
30 the polite and supportive thing to do. My guess is many of my
31 listeners think by "They" I mean those who believe human behavior
32 is driving climate change and that the government medical
33 establishment is looking out for our best interests and would never
34 lie to us about masks and vaccines and stuff like that. Many likely
35 think by "they" I mean to identify those who think open borders
36 are the "Christian" thing to do, you know, entertaining strangers
37 and so forth, or that "they" refers to all who believe in and support
38 policies purported to make it as easy as possible to vote, even if the
39 policies admittedly create vulnerabilities that we know have been
40 exploited by some who want to steal our elections. I could go on,
41 but I think you get the idea.

42 Some of you will be surprised to hear me say that while I strongly
43 disagree with all of that—the "they" and "we" paradigm is not
44 divided between those who believe all that nonsense and those of
45 us who don't.

46 What actually divides us is the sad truth that those who do
47 subscribe to the nonsensical notions I mentioned unfortunately are
48 generally also those who believe WE DO NOT HAVE A RIGHT
49 TO OUR OWN OPINION — if it disagrees with theirs. They
50 believe they SHOULD "Cancel" us, remove us from the debate,
51 deny to us the divinely appointed rights of free speech, free
52 assembly, the right to "redress our grievances," and even our
53 RIGHT TO VOTE.

54 When "they" encourage policies that facilitate voter fraud, they are
55 denying to us our right to vote. Consider the second amendment
56 issue as an example. You'll need to follow closely.

57 They think guns are dangerous and that if you limit the number of
58 guns in the hands of the people you will lower the number of
59 violent acts committed by guns. No, really, "they" consistently

60 ascribe violence perpetrated by someone with a gun to the
61 existence of the gun itself.

62 So while they are forced to deal with the SECOND
63 AMENDMENT, which is the LAW of our LAND, and which
64 acknowledges our natural RIGHT of self defense extends to the
65 RIGHT to keep (own) and bare (carry) arms, they seek to
66 RESTRICT the exercise of that RIGHT in every way imaginable.

67 They have laid law after law after law upon us all intended to
68 CONTROL and RESTRICT our RIGHT TO KEEP AND BEAR
69 ARMS.

70 Much of this is from the point of view that guns are dangerous, and
71 they must be kept and carried responsibly. We can debate that
72 later, but that is the rationale behind making laws that make it
73 difficult to exercise our inalienable right of self-defense that of
74 course is protected by the SECOND AMENDMENT.

75 Now, the Constitution provides to every American CITIZEN the
76 right to vote. This also is premised upon recognition that
77 governments derive their just power from the CONSENT of the
78 GOVERNED—something recognized by GOD and revealed to us
79 in Scripture. Israel was the only nation that provided for the
80 peaceful transition of power, and where GOD HIMSELF granted to
81 the people the liberty to choose their own leaders. This can be
82 shown throughout Israel's history but no where is it made more
83 clear than in His LAW of kings given by Moses in Deuteronomy 17
84 where He said, "thou shalt ... set him king over thee ..." — and He
85 instructed them to identify among the people the man GOD shall
86 choose, and gave them specific criteria to guide them in their
87 CHOICE: a natural born citizen, who has demonstrated a life of
88 restraint, and character, who was God fearing — since, according
89 to GOD, any who would rule over men must be JUST and rule in
90 the FEAR OF GOD — but notice, God gave it to THEM to "SET" a
91 king over them if they chose to do so. Now read Hosea 8:4 where

92 God complained against Israel because for many generations they
93 "set up kings, but not by Me" He said.

94 So we have a GOD given right to exercise our FREEDOM to
95 "CONSENT" to Who will "rule over us." And we were warned
96 about being careful about this matter. Anyone who has studied the
97 Scriptures will appreciate the seriousness of this matter, the
98 responsibility of this — every time GOD moved to JUDGE a nation
99 for it's sins, HE pointed to the rulers as bearing the greatest
100 responsibility — when He destroyed Israel, He pointed to the
101 wickedness of it's first king, Jeroboam. When He finally destroyed
102 Judah, He pointed directly to the wickedness of king Manasseh.

103 Who we choose as rulers in our land is without any contradiction
104 the number ONE most IMPORTANT decision we make in every
105 election.

106 And yet, when it comes to this Constitutional RIGHT, in the name
107 of "protecting" that RIGHT, "they" want to make it as easy to
108 exercise that right as possible. "They" want to make it as convenient
109 as possible, to remove any and all things that could even imagine
110 might be contrived to be an obstacle. And we have gone along with
111 that because, of course, we have no objection to every citizen of
112 age, to join us in the exercise of this MOST IMPORTANT CIVIC
113 RESPONSIBILITY.

114 But, my friends, there is no Constitutional protection of
115 CONVENIENCE — it is a RESONSIBLE right that requires CARE
116 to PRESERVE. Now, here is the point.

117 WE have a CONSTITUTIONALLY STIPULATED RIGHT TO
118 VOTE, but we do not have any Constitutionally stipulated RIGHT
119 to CONVENIENCE. Of course, we have no civic interest in
120 making it unnecessarily inconvenient. And I certainly agree, that if
121 anyone attempted to construct a law that would make it

122 unnecessarily inconvenient, I would regard that an effort to
123 obstruct the exercise of that right.

124 When "they" make laws that unnecessarily restrict our second
125 amendment rights, laws that only the law abiding will respect, such
126 interference infringes upon our RIGHT of self-protection.

127 But the same "they" object to any law we recommend intended to
128 protect the point of our right to vote, to CHOOSE our rulers — to
129 protect that RIGHT against having it stolen by thieves who abuse
130 our election laws, even arbitrarily change them almost at a whim,
131 and illegally, by the way, and establish laws that LITERALLY
132 BLOW A HOLE in the security and integrity of our elections, rules
133 that facilitate fraud, that actually aid and abet election fraud —
134 RULES THAT ALLOW THE WICKED AND UNSCRUPULOUS
135 TO LITERALLY STEAL our votes, to cancel our voice.

136 The RIGHT to VOTE is a serious civic RIGHT and
137 RESPONSIBILITY — we must implement and enforce laws that
138 will protect the sanctity of our right to vote! Rules and laws that
139 protect access to the vote must be balanced against the greater need
140 to protect the sanctity of the vote.

141 The reason the demoncrats can say, with a straight face, that 2020
142 was the most secure election in our history is actually very simple.
143 It's what Biden said — I don't need your vote — they had 2020
144 virtually signed sealed and only waited for delivery — Biden said
145 they had constructed the most elaborate election fraud system in
146 history. And it was all done in the name of making elections
147 "convenient." Convenience to vote cannot be allowed to become
148 convenience to steal an election; convenience to the voter cannot
149 be allowed to make it convenient to steal our elections —
150 convenience of that sort will, and actually in the minds of many,
151 has made elections IRRELEVANT. It's become SELECTION Days
152 instead of ELECTION DAY — .

153 And, the dirty little secret is, "they" aren't actually interested in
154 making elections convenient.

155 We have called for Election Day to be declared a national holiday!
156 This would give voters an entire day to exercise their right to vote.
157 It would also give that day due recognition of its importance.
158 Election Day deserves to be recognized as a joyous day in which we
159 exercise the most IMPORTANT CIVIC DUTY of every citizen. As
160 important as day as July 4th, Independence Day — for it was
161 Independence Day that established our RIGHT to CHOOSE all our
162 RULERS — a restoration of the RIGHT to "set up kings," or to
163 DEPOSE THEM — without resorting to violence.

164 It's HUGE! But that's a "convenience" they resist. Early voting
165 should be from 6 am to 9 am on ELECTION DAY.

166 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
167 at the Lighthouse, your brain masseur, and Paul Revere's lantern
168 lighter, lighting the lamps in the church belfry arch, signaling the
169 enemy is on the march, an enemy that would steal from us our
170 liberty.

171 CA Konnech scandal, an election software producer that kept
172 election poll worker data, and we later learned, other voter
173 registration data, on servers in CCP controlled CHINA — you
174 know about that, right? The CEO of Konnech, Eugene Yu, was
175 arrested and charged for this crime — But did you know that in
176 2010 Konnech was contracted by the Department of Defense to
177 create online web portals for FVAP.gov.¹ This is the Federal Voter
178 Assistance Program — it's where Military and Overseas Citizens
179 can go to VOTE. An Iranian whistleblower revealed how Iranian
180 hackers were able to access voter registration databases in
181 something like 40 states, no, here it says "over 40 states," and they
182 took that data and used it to create fake military ballots, and fake

¹ <https://www.fvap.gov/>

183 overseas ballots on this site. We have found folders containing
184 faked overseas/military ballots for forty states — in the Alaska
185 folder alone there were found over 130k faked ballots. Here it is,
186 134,728 ballots. Maybe this explains how it is that overseas
187 balloting doubled from 2016 to 2020, and in some states almost
188 ALL military ballots went to Biden. The tool the Iranian
189 whistleblower used is downloadable from the Internet by anyone
190 — it's called sqlmap — and it's an injection tool used by hackers to
191 test penetration into websites.

192 Here is a sample of the "THEY" approach to vulnerability
193 problems. Wisconsin's Racine County, a group of concerned
194 citizens formed Honest, Open, and Transparent Government —
195 HOT Gov. — it's founder used the dob and name of the Mayor and
196 a State Assembly member, went into Wisconsin's MyVote site and
197 changed the registration address—their ballots were sent to him.
198 He took them, unopened, to the Sheriff, and the Wisconsin
199 Election Commissioner filed charges against him — she said the
200 action did not prove fraud, it only proved he committed a crime.
201 Later, in Wisconsin, a deputy director for the Milwaukee Election
202 Commission, allegedly, sent three military ballots to the home of
203 State Representative Janel Brandtjen, an outspoken critic of the
204 compromised election system in Wisconsin. She turned them over
205 to the Sheriff, and offered a statement saying she believed someone
206 was trying to point out how easy it is to commit voter fraud within
207 the Wisconsin election system. This is possible because Wisconsin
208 does not require voter ID or even registration for military to vote.

209 How did the Election Commission respond? They explained that
210 it's against the LAW to do this, and the fact that someone can
211 commit a crime does not mean the system is vulnerable.

212 Can you believe these people? Contrast their attitude toward the
213 second amendment and our right to vote. It's stunning, and it
214 always goes in one way — toward INFRINGEMENT UPON THE

215 PEOPLE'S RIGHTS. We lose access to our second amendment
216 rights by government overreach passing restrictive laws that do not
217 serve to stop criminals from using guns to kill people — but
218 actually facilitates it because it reduces the chances they will
219 encounter someone with the ability to defend themselves.

220 And when it comes to elections, they refuse to pass common sense
221 laws that protect the sanctity of our elections and that aid and abet
222 those criminals intent on stealing from the American people their
223 right to ELECT their representatives — infringing on our sacred
224 right to vote by CANCELING our vote with fake ballots.

225 Okay, LBC moved in its capacity as the HOUSE of GOD, the
226 PILLAR AND GROUND OF THE TRUTH, holding the KEYS OF
227 THE KINGDOM, and being AMBASSADORS for CHRIST to
228 form a DECLARATION regarding election integrity to Newsome,
229 Padilla, Pelosi and Carbajal — a local State Representative for our
230 district.

231 This was sent Monday evening — I expect it arrived today. Here it
232 is!

233 "The Lighthouse Baptist Church in assembly with a quorum
234 present, the members exercising their authority under Jesus Christ
235 as by Him made kings and priests unto God, and by Him given the
236 keys of the kingdom, and in their official capacity as Ambassadors
237 for Christ, do solemnly declare:

238 Those who would rule men must be just, ruling in the fear of God
239 (II Samuel 23:3).

240 Upon this we call for the following that justice may be served:

241 In view of the arrest of Eugene Yu, CEO of Konnech, an elections
242 system software provider, and the revelations that said company
243 maintained sensitive election data on servers within CCP
244 controlled China in direct violation of their contract with LA
245 County, the church in assembly affirm:

246 The Konnech election systems software scandal arising from
247 the arrest of Eugene Yu, CEO, collapses whatever confidence might
248 have remained in CA elections, already burdened with questions
249 about irregularities exposed in 2000 Mules, True the Vote, and
250 Mike Lindell, et al.

251 Furthermore, the repeated reports of election fraud in CA
252 elections, such as the recent arrest of a California city councilman,
253 with six others, charged with election fraud in Compton,

254 The discovery of 300 recall ballots and multiple California
255 drivers licenses in a felons car in Torrence, CA.

256 The San Fernando Valley scandal where multiple voters were
257 informed by Election Officials that they already voted, and in
258 Woodland Hills where election officials reported this was
259 happening all morning on the day of the recall election.

260 In light of the fact that the above presents only a small
261 sampling of the reasons for our concerns, all of which creates deep
262 distrust in the most fundamental civic right of Californians, the
263 right of consent in government, expressed through the fair, honest,
264 right to vote:

265 We demand government officials charged with a fiduciary
266 responsibility to protect this essential right do all things reasonable
267 to insure our legitimate votes are not cancelled by fraudulent
268 voters, or malfeasance on the part of election officials.

269 Therefore, the Lighthouse Baptist Church, in assembly with a
270 quorum present voted unanimously to express a vote of NO
271 CONFIDENCE in CA elections as currently conducted and
272 demand the following remedies:

273 We call for automatic hand count of ballots for every race in
274 the 2022 midterm election and as standard practice thereafter.

275 We call for full forensic audits of all voting machines used in
276 every election in the state of California.

277 We demand any company providing election software and/or
278 machines for use in CA elections be required to cooperate fully
279 with forensic examination of their machines and software,
280 including any routers attached to them in any way (wireless, or
281 otherwise), any memory sticks used, etc. must be made available
282 for examination by third party experts hired by a citizen's
283 commission formed by a bi-partisan select committee.

284 The above is to be implemented immediately for the 2022
285 election.

286 For every election following, we call for the following
287 additional measures:

288 We call for voter ID.

289 We call for paper ballots and same day voting.

290 We call for an end of mail in balloting, with the exception of
291 absentee ballots for military or shut ins. Those claiming a health
292 condition should have a doctor's signature similar to when
293 requesting a handicap placard.

294 We call for an end of universal mailing of ballots.

295 We call for an end of automatic registration.

296 We call for an end to ballot drop boxes.

297 We call for voter rolls to be updated by purging all non-active
298 voters leading into every major election.

299 We insist all responsible public officials act in good faith to
300 restore confidence by vigorously taking the above steps to insure a
301 fair and honest election in every county of this State.

302 This is followed by a STATEMENT OF BIBLICAL AUTHORITY:

303 Jesus Christ is KING and all mankind are His subjects
304 (Matthew 28:18; Luke 19:12-23).

305 Jesus Christ is Head of the Church and has given to His
306 Church the “keys of the kingdom” (Ephesians 5:23; Colossians
307 1:18; Matthew 16:16-19). This gives to His disciples kingdom
308 authority to act in this world as ambassadors for Christ (II
309 Corinthians 5:20).

310 Jesus Christ assembles with His disciples when two or three
311 are gathered to exercise this kingdom authority (Matthew 18:20).

312 Jesus Christ has made His servants “kings and priests unto
313 God” (Revelation 1:5-6).

314 Governments derive their just authority from the consent of
315 the governed (Hosea 8:4). The PEOPLE derive their just and
316 inalienable rights from their Creator (Declaration of
317 Independence, the endowment clause)

318 Governments are instituted under GOD’s ordaining
319 authority, which expressly limits their authority to act as “ministers
320 of God,” divinely appointed agents dedicated to serve the best
321 interests of the people, which interests are first and foremost served
322 by protecting them from violence against their divinely endowed
323 rights, by executing wrath against those that do evil (Romans 13:1-
324 6), as that word, evil, is understood within the historical context of
325 its use by our Founders and from within the context of the
326 Scriptures in which this declaration regarding the purpose, extent,
327 and limitation of governments are stipulated.

328 As our Founders acknowledged, when governments turn
329 against the public good, and deprive the people of their God-given
330 rights, and fail to execute wrath against those that do evil, but
331 protect them, and turn the sword of civil justice against the
332 righteous, such have stepped out from under the protection of
333 divine ordination, become the enemy of GOD, and His Christ

334 (Psalm 2) and joined themselves with those “powers” we are
335 instructed to “wrestle against” (Romans 13:1, 4; see Ephesians
336 6:12—21). In other words, such no longer enjoy any appeal to
337 divine right of authority to support their actions.

338 We declare the command of God to all in public office, and in
339 private life, to repent before GOD and believe on the Lord Jesus
340 Christ (Acts 17:30; 20:21).

341 We command all who would rule men to take heed to the
342 counsel of the Spirit of GOD through David: “He that ruleth over
343 men must be just, ruling in the fear of God” (II Samuel 23:3).

344 Thus, His servants at Lighthouse Baptist Church of Santa
345 Maria, CA met in assembly, deliberated on the above matter, and
346 issue this declaration in Jesus’ name, in accordance with our
347 authority under Jesus Christ.
