

Brain Massage®: Show No. 907 Our "Samson" the Unsavory Champion / The DeSantis Phenomenon—Groomed to End Trump?

Dr. Jerry Scheidbach

Original Air Date: 11.12.22

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 **BOTTOM LINE:** There are two things Deep State globalists cannot
5 abide; two hills they will die on, two things they will protect at ALL
6 COSTS, two things that will trigger a nuclear reaction — a
7 scorched earth policy — two things that will make them go totally
8 Sherman. The two pillars supporting the entire Globalist agenda
9 right now are: First, protect the Dominion machines; second,
10 STOP TRUMP. And it looks like our "Samson" is going to set
11 himself between these two pillars and bring the whole house down
12 on all their heads.

13 Update on ELECTION MONTH — you get it! But really, I have
14 some important fact-based insights that should encourage
15 conservative, especially Bible believing, God fearing America First
16 Patriots.

17 The Dump Trump narrative pushed by the DEEP STATE
18 controlled media should not surprise any of us. Neither are we
19 surprised that the anti-Trump pro MAGA conservatives are taking
20 advantage of this to pile on! But what is surprising is the number,
21 at least at present, of once MAGA loyalists that are joining the
22 dump-Trump chorus: For example, Newt, and some talking heads
23 on Fox, and the New York Post, and others in conservative social
24 media. Many don't want to look at this development, but it cannot
25 be ignored. In fact, RIGHT NOW is the time to hash this out, not
26 half way to 2024.

27 Let's consider an alternate explanation of the DeSantis
28 phenomenon. Why has Trump begun to dis Florida's most popular

29 governor — America's Governor? — DeSantis has done for Florida
30 what Giuliani did for New York City — Giuliani became
31 "America's Mayor," and DeSantis is fast becoming "America's
32 Governor." Will he become America's President? The Brain
33 Masseur recognizes the hugely positive things coming out of
34 Florida lighting the path forward for all other States to see. But ...

35 Okay, it's a full plate already so I'll summarize the other interesting
36 bits of news:

37 A Federal judge ruled Biden's use his executive power to intrude on
38 the Legislative is unconstitutional — he cannot dismiss hundreds
39 of billions in student loan debt with a stroke of his pen. Biden's
40 order **MUST BE VACATED!** [The take away for those of you who
41 bought in to his empty promise is that he simply played you, he
42 lied to you and he knew full well he did not have the power to do
43 this when he used it to get you to vote for him. Anyone that trusts
44 any Biden promise is a fool. He knew this is what would happen so
45 he can say he tried, but "they" stopped him.]

46 Want to know why Biden strapped masks on your children in the
47 public schools? In response to a FOIA request, America First Legal
48 got access to documents that show Biden did this because advisors
49 convinced him it was "politically popular." It was **NEVER** about
50 science — it was politics all along.

51 Meanwhile, Biden is sending an additional 400 million to Ukraine
52 in weapons bringing the total so far to a cool 19 billion. It's
53 important to protect his family business in Ukraine, so, you know,
54 of course!

55 In Montana, 200 k people voted against providing care to born
56 alive infants. Maybe this explains why so few seem to care that
57 babies are dying from the mRNA expressing through their
58 mother's milk, the 22 infants who died in a hospital in one month's
59 time—revealed by a whistleblower nurse—the suddenly dead

60 phenomenon happening all over the world—and the lies used by
61 Big Pharma, and their propaganda media outlets bought by their
62 blood money. But the wave of TRUTH, the TRUTH WAVE is
63 building and the STORM IS COMING.

64 Okay, let's get into it, shall we? It's time for your Brain Massage®.

65 [TRUTH]

66 Remember the hopeful days of the Arizona forensic audit? The
67 Election officials reluctantly yielded to the audit, to who would do
68 the audit, to how it would be conducted—fighting every inch of the
69 way, by the way—and to good effect. They managed to set some
70 parameters, and place some traitors on the team to thwart the
71 effort—remember that it came down to the routers? Remember
72 moi said they will die on that hill. The auditors would never be
73 given the routers. I explained that Hobbs, with all her faithful
74 officials over the Maricopa elections would reluctantly yield every
75 hard fought battle in that audit—but there was one hill where they
76 will go scorched earth before they allow it to be taken and that was
77 the routers. I said, they'll never get the routers because that's where
78 the smoking gun was hidden. The routers would provide the kind
79 of proof of foreign interference in our elections that would FORCE
80 the hand of those corrupt government officials blocking justice and
81 PUSH them out of the way to LET JUDGMENT FALL ON THESE
82 PERPS ALLOWING JUSTICE RETURN TO AZ elections. Well,
83 you probably remember that this is exactly what happened.

84 We saw this also in Antrim County, MI — and in every other place
85 where access to the Dominion machines was aggressively
86 obstructed. We saw it in CO — where the CO Secretary of State
87 ordered the Mesa county dominion machines to receive an
88 unscheduled, what was it called, a "safe update"? When Mesa
89 County Clerk Tina Peters heard about it, she decided to have the
90 machine data backed up before they arrived — can you believe this
91 triggered the Secretary of State, Grissly Griswold, (Demoncrat) to

92 go totally out of her mind in rage and attack Tina viciously using
93 every political tool at her disposal to ruin Tina — and no one asked
94 Griswold what exactly are you so worked up about? All Tina did
95 was perform her due diligence and back up the data on the
96 machines intending to protect the voting data according to the
97 laws of her state against the possibility it would be compromised by
98 the Dominion "secure update" hit squad that has reportedly come
99 in behind other elections and WIPED THE MACHINES CLEAN
100 — and even if this was not the plan — why get angry about
101 creating a back up of the machine's election data? My point is, this
102 is a line you cannot cross without triggering major reaction from
103 the left. Reluctantly, they will tolerate audits of the ballots — but do
104 not look in to those machines. DO not question the integrity of the
105 Dominion, ES&S, and the others, do not question the election
106 machines or the election software used on those machines.

107 Like Konnech—an election software company who services many
108 of these counties, one of them LA, where it was discovered its CEO,
109 one Eugene Yu, was storing sensitive election data on servers in
110 CCP controlled China. Notice how that story is sort of dying out?

111 My point! This is a hill the Deep State and CCP controlled
112 operatives here in the US will die on — they will go ballistic, they
113 will go scorched earth, they will drop the nukes on any effort that
114 results in the DOMINION (stealing) machines being exposed —
115 you know, the ones they used lately in Brazil to give Brazil to the
116 control of a communist dictator. The ones holding CA in the
117 power of God hating, America despising socialist dictators—which
118 is the same thing, with the exception that the socialist dictators
119 smile when the cameras are on.

120 THE DOMINION (and their counterparts) election stealing
121 machines are absolutely too important to give up. They MUST
122 keep the machine. They can afford to lose all of what Lindell calls
123 the organic fraud—oh, they'll fight against the loss of a single inch

124 of ground on this too, but when it comes to the MACHINES —
125 that's where they go scorched earth, nuclear tipped ballistic missile,
126 or total Sherman — on that hill, they will DIE! And that's because
127 they know that ON THAT HILL, if it's taken, THEY ARE DONE
128 for.

129 The second hill on which the Deep State globalists, what I call the
130 Nimrodians — those dedicated to constructing a one world system
131 of governance where you will own nothing, and be happy, where
132 the elites will RULE you under a ROD OF IRON, where you will
133 have NO SAY, and only ONE PURPOSE — to serve your
134 governing masters — you will be THEIR SLAVES, it will be a
135 "GREAT RESET" — all right! Yeah! The Revolution of 1776
136 inverted the system, turned it upside down, but the rulers under
137 the power of the PEOPLE. We created a system that invested the
138 ultimate power in the PEOPLE, and set rulers under them to serve
139 them. Their Great Reset intends to put the PEOPLE under
140 OPPRESSION to the elite as MASTERS, and you will be their kept
141 pets — they will feed you what they decide should be your diet,
142 they will direct you into what they decide should be your career,
143 they will make you live in the hovels they decide — you will think
144 what they tell you to think, you will believe what they tell you to
145 believe, you will do what they tell you to do — as Schwab said,
146 YOU WILL OWN NOTHING, AND BE HAPPY — and if your
147 not, you will be sent to a reeducation camp and broken or killed.

148 So those pushing this agenda have constructed the entire operation
149 in such a way it has come to be supported by two major pillars.
150 One, THEY MUST CONTROL WHO HAS CONTROL OF THE
151 DOMINION. What's the other pillar — at present, the other
152 PILLAR supporting the entire operation is directly connected to
153 the first one. TRUMP is the only political force in America, and in
154 the WORLD that can bring down their tower.

155 So, the second pillar is STOP TRUMP. Protect the STEAL, and
156 STOP TRUMP—they must protect the 2020 steal, and they must
157 stop Trump from moving forward with his MAGA movement, the
158 America First agenda MUST BE STOPPED.

159 This is because America has the Dominion by divine appointment
160 and in order to take it into their power they must eliminate
161 America. It is imperative. And to do that, they must separate
162 America from CHRIST; they must separate America from the
163 influence of JESUS CHRIST and HIS SPIRIT.

164 And at this point, they have invested so much into this latest run at
165 erecting Nimrod's TOWER, in defiance of CHRIST JESUS the
166 KING, in their RAGE against GOD and HIS CHRIST, in their
167 hatred of Christianity — not talking about that compromised
168 crowd that call themselves Christians, who say "Lord, Lord" but do
169 not the things that He says, who are in that company that will on
170 the day cry, "Lord, Lord, have not we done many might works in
171 your name," to whom He will say, *go away from Me, ye that work*
172 *iniquity*. You don't depart from iniquity—forget about pretending
173 you are a Christian.

174 Anyway, if they don't succeed at doing this by 2035 — their house
175 falls! It collapses on their wicked heads. So they are in a panic to
176 save their tower — it's almost complete — they are nearing the
177 setting of their capstone on their new world order edifice — and
178 the weight of the whole thing is supported by two pillars — THE
179 DOMINION STEALING MACHINE and STOPPING TRUMP.

180 And it looks like our "Samson" is going to set himself between these
181 two pillars and bring the whole house down on all their heads.

182 SO, in the next segment, I'm going to give you an encouraging
183 update on progress in this ELECTION MONTH, and then talk
184 about how these events are positioning our Samson to stand

185 between the pillars and bring the house down on the heads of these
186 unreasonable and wicked rulers.

187 I'll be right back.

188 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
189 at the Lighthouse, your brain masseur, and Paul Revere's lantern
190 lighter, lighting the lamps in the church belfry arch, signaling the
191 enemy is on the march, an enemy that would steal from us our
192 liberty.

193 Update on ELECTION MONTH —

194 There are some people I think are really helpful and have
195 something of an inside view of what's going on. One of them is
196 Kash Patel.¹ Kashyap (Cash'-yup) Pramod Patel. Kash worked for
197 Devin Nunez² helping push back against the Hillary "witch hunt"
198 effort to convince America Trump colluded with Russia to steal the
199 election from her. Later he served as senior director of the National
200 Security Council's terrorism directorate. [IBID] He has served as
201 an advisor to Trump, and was responsible for leading the
202 investigation that led to the exposure and dismissal of 17
203 embedded operatives serving Hillary within the DOJ, and with
204 Nunez, forcing the truth to come out about the Steele Dossier. I
205 guess that makes him a bona-fide inside the "beltway" source. And
206 I like, so, there you go. Haha!

207 Here are some interesting take away insights he laid out in an
208 interview with Dave Mifidsud — some day I'm going to meet this
209 guy and ask him how to pronounce his name. But I'll summarize
210 Kash's take on the election as it stands at present.

211 Probably the biggest news is that Nancy has been rebuked! She has
212 lost the gavel—this is huge. It's an answer to prayer for which we
213 should be grateful.

214 But it is also very strategic in our effort to get this nation back
215 under GOD, and execute JUDGMENT to restore JUSTICE in
216 America. This "two tiered" system of justice must stop! We can at
217 least BEGIN applying the breaks to the DEMONCRATs bulldozer
218 and stop it before it completely demolishes the Constitution and
219 our Republic. But I'll get back to that.

220 So, that's a HOUSE SHAKING event right there! Nancy lost the
221 gavel.

222 The Senate is still in play. Nevada, Arizona, and Georgia could
223 provide the Senators we need to take the gavel from Schumer. Kash
224 and some others I've heard speak to this say 2024 will likely come
225 down to NV and AZ.

226 Look at this! In New York Lee Zeldin, running against Hochul for
227 gov. got more Republican votes than anyone in that state since
228 Nelson Rockefeller (remember him, the RINO Godfather) — the
229 reality is setting in is unsettling the Democrat house. But we're not
230 done. FOUR NEW YORK CONGRESSIONAL SEATS FLIPPED
231 RED. Whoah! That is the exclamation we heard from some
232 Demoncrats—especially when the Demoncrat chairman of the
233 Democratic Congressional Campaign Committee, and
234 Representative for New York's 17th district, Patrick [B]aloney lost
235 to Republican freshman Mike Lawler.

236 This is an earthquake that put large fissures in the foundation of
237 the house that Demoncrats built in New York.

238 The reason you can't feel the excitement about these things comes
239 from the fact that, first, the MSM in large part shaped your
240 expectations — and second, our own team bought into that and so
241 many are a bunch of gloomy pusses — so focused on weak

242 candidates like Oz who lost to the wizardry of fraud Fetterman —
243 whom the left media is now talking about running for President.

244 Hey, there is a solution for the demoncrats. Fetterman has got to be
245 more popular than Harris, and they got bungling bitter Biden in,
246 with 81 million votes, right? So, hey, Fetterman might be exactly
247 what those 81 million voters want, especially if he is running
248 against Trump — so, hey!

249 But our own folks are missing it terribly. I was watching the 5, and
250 Gutfield, and Waters and Judge Jeanine — deflated! They are
251 trying to explain what happened. And here is the thing! There is no
252 explanation that makes any sense at all until you are willing to
253 listen to the huge evidence piling up out there that points to
254 ELECTION FRAUD — listen to Lindell, listen to the Professor,
255 David Clements, listen to Frank, look at the evidence. So the best
256 Judge Jeanine could come up with is to our surprise I guess the
257 abortion issue and fear of destroying democracy by voting
258 Republican was what the electorate was focused on after all. That is
259 crazy talk. But it's all you have if you continue being an election
260 theft denier. If you reject, or simply ignore, all the evidence that
261 SCREAMS ELECTION FRAUD — how do you explain what's
262 going on in Arizona right now, and in Georgia?

263 You can't. You can't explain how it's possible that Warnock is
264 tracking ahead of Walker in early balloting, but as the day goes
265 along, Walker continues gaining on Warnock, and then, suddenly,
266 a spike of votes shows up that is a straight line, on the graph,
267 straight up, putting Warnock in the lead again. Then, as the day
268 progresses, Walker catches up again, and then, I mean as soon as
269 the red line touches the blue line, suddenly, a Warnock spike
270 occurs — this is nonsense and clear evidence that someone is
271 infusing Warnock votes in batches — and what exposes them is
272 they mess up because they don't want to make it too obvious, so
273 they don't want a huge spike, like what happened in Georgia in

274 2020, that was Georgia, right, after the voting was suspiciously
275 stopped, then when it picked up, the graph shows a huge spike
276 straight up for Biden — look, it's all so obvious, but people refuse
277 to see what is right in front of their noses until it finally bites them
278 on their proboscis hard enough to shake them out of their hypnotic
279 trance and WAKES THEM UP. Come on Jeanine — you know
280 how to examine an argument — what these strange things should
281 tell you is that something is very fishy with our elections and the
282 stink is coming from the MACHINES.

283 Okay, I don't have time to bring in the fact that 75 of 220 machines
284 in Arizona failed—so some voters were unable to vote — totally
285 disenfranchised by the court that said "use the drop boxes" or go
286 home — well, that's the way I took it. But praise GOD for Tucker
287 — he saw this and said, what? How can we trust our elections when
288 the machines fail like this, why are we using this crummy
289 equipment — we can't trust our elections if we don't trust the
290 system used to count our votes.

291 But as a segue to my DeSantis discussion — look at what happened
292 in Florida. DeSantis stopped illegal mail in balloting, he stopped
293 drop boxes and ballot harvesting, he required voter ID to get a
294 ballot — and people are surprised at this, but listen, all DeSantis
295 did was enforce the FLORIDA LAWS that were put in place after
296 the horribly embarrassing debacle that happened in the Bush/Gore
297 race. He commissioned an election force to aggressively run down
298 election fraud issues and arrested, I think I heard, well over 100
299 who were caught committing election fraud and prosecuted them.
300 This put a full throttled kibosh on election fraud in Florida and it
301 showed up in the vote. Florida has redeemed itself with a safest,
302 cleanest, most honest and transparent election in America today.

303 We've all watched DeSantis' stellar performance as Governor of
304 Florida, how he stood against the current re COVID, how he
305 challenged phony Fauci, how he stood firm in support of parent's

306 rights regarding masking the children, and vaccinations, and
307 protected the bodily autonomy and independence and medical
308 rights regarding vaccine mandates — we watched all this and
309 applauded. And all of this deserves applause.

310 But as you know, one thing galled me; one thing made me
311 suspicious — DeSantis was challenged regarding the Dominion
312 machines used in Florida and he balked. He will not take on the
313 machine. He hit all around the peripheral systems but refused to
314 touch the hub, the center of the debate, the DOMINION
315 MACHINES.

316 We don't know a lot about DeSantis before his governorship of FL,
317 but we will. For example, it's coming out that the people aligned
318 behind DeSantis — like Billionaire Ken Griffen, who explained the
319 reason he decided to pour millions into DeSantis is to groom him
320 to take on Trump—he is leading a pack of anti-Trumpers to dump
321 Trump, he says, "it's time to move on." That's code for COVID
322 amnesty, and 2020 STEAL amnesty, and — guess who aligns with
323 this. Jeb Bush, Paul Ryan, Bill Mahr, and long time Trump hater
324 Ben Shapiro—whom I love and appreciate but he is a Trump hater.

325 This is the establishment Republican guard—DeSantis has made
326 every RIGHT move to endear him to the hearts of Trump
327 supporters. Remember, DeSantis was losing until Trump endorsed
328 him — it's TRUMP supporters that got him elected in the first
329 place, and it's TRUMP SUPPORTERS in FLORIDA who carried to
330 his stunning victory in this election. Every move DeSantis has
331 made has been I think calculated to capitalize on the 5+ million
332 voters Trump has in Florida — DeSantis, by the way, picked up a
333 little over 4 million —

334 DeSantis has been picked and groomed to take on Trump — you
335 see, that's the other pillar, that's the other hill they will die on. They
336 see the pendulum swinging right.

337 I have to conclude so let me leave you with this, and I'll give you a
338 lot more information in my LIVE STREAM VISIT Saturday night.

339 Here it is! The one thing that has consistently galled me about
340 DeSantis is he refuses to take on the DOMINION MACHINE
341 STEAL of the 2020 election. Those Republicans that did not
342 declare the 2020 stolen, they were insulated significantly from the
343 MACHINE STEAL of 2022 — those that did speak out, like Kari
344 Lake, look at what she is facing? Think about it Patriot.

345 I said it long before I took the closer look represented here — I do
346 not trust any Republican who refuses to SEE that 2020 was stolen
347 from the American people.
