

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 It's the anniversary of J-6 — [STAR SPANGLED BANNER] — I'm
5 feeling a bit, a little bit maybe, like Francis Scott Key looking for the
6 Flag in the battle of Fort McHenry: like during the battle of
7 Baltimore in 1812, our *Star Spangled Banner* is once again tattered,
8 and torn, be-smudged by the ravages of an enemy intent on
9 destroying our Republic and bringing us into slavery, with a
10 difference. Let's remember our political prisoners

11 The gavel battle! What does it mean? And why does Trump take a
12 position against the leaders within his own MAGA movement, and
13 supports McCarthy who is manifestly not an America First
14 Republican? [Submit to the system! Subordinate principle to the
15 PARTY.]

16 After I offer some brief comments on a variety of interesting news
17 items, I'll zero in on J-6 and the gavel battle.

18 My friends, it's time for your brain massage®!

19 [TRUTH]

20 I want to zero in on the J-6 day of infamy — what's the strongest
21 word I can think of expressing disgust: what the Beelzebub driven
22 Biden-brigade did on that day is, uh, I need a word: contemptible,
23 repugnant, appalling, horrid, despicable, deplorable, heinous,
24 ghastly, atrocious, unholy, monstrous, sick, how about loathsome,
25 ungodly, certainly nightmarish, unchristian, nauseous — I need a
26 word, none of these alone satisfy, all taken together, still, not
27 quite—how about abominable, abomination—that's closer!

28 The United States government is being held hostage by foreign
29 powers—even worse, by an "invisible enemy"—the "they" in this
30 narrative—that has patiently, incrementally established agents
31 embedded three, sometimes four levels deep in our government
32 bureaucracies, forming a network of strategically deployed anti-
33 American operatives throughout the government creating an
34 alternate "state," something we call the "Deep State." These agents
35 utilize their power and influence to subvert efforts by honest
36 politicians and facilitate the malevolent policies of traitors—while
37 slowly constructing an election fraud scheme, the likes of which, as
38 Biden himself said, had never been seen in America, in the
39 background, in a low-key fashion, managing to steal key elections
40 for key positions, like Secretary's of State, and District Attorneys
41 offices, Governors, Mayors, and Election Officials, working to
42 establish the Dominion machines, and organize a system for
43 election fraud cover up, using Mail in Ballots, fighting against
44 common sense election integrity laws, till finally, these communists
45 had everything in place—ready pass Obama's treasonous terms of
46 office to the Clinton Crime Family administration with Hillary,
47 who would Deliver the US to the power of the CCP and pull the
48 trigger on a full take down of America—but then Trump came
49 down the golden escalator! And the whole Deep State world
50 gasped.¹

51 They had come too far to turn back now, and Trump, like Reagan
52 before him, threatened to undo decades of planning — so a coup
53 was launched against the People and their president. They pulled
54 out all the stops, called in every favor, put Biden's boasted election
55 fraud machine into full throttle, and fragrantly violating election
56 rules under "cover of COVID" without due process and in blatant
57 violation of law, in total abandon of even the semblance of

58 transparency, or decency, sometimes in full view of cameras — the
59 came out into the open and showed their hand.

60 We are witnessing the fruit of long planning, patient grooming and
61 positioning of assets in key places by the Globalists connected with
62 Schwab (you-will-own-nothing-and-be-happy) and his World
63 Economic Forum front for the super rich cabal, setting up and then
64 marshaling the resources of the CCP, Soros, and Gates, with the
65 willing participation of government complicit and government
66 made—I call it Gov-business and Gov-Tech, and Gov-Pharma—
67 the "THEY" in this dark drama—whose work has been of decades-
68 long construction facilitated by rogue elements planted in the CIA,
69 FBI, DOJ, DHS, and DOD, using their election fraud machine—
70 DOMINION stealing machines, principal one actually, and
71 ironically, called DOMINION, to stop the PEOPLE's president,
72 and set the Biden Crime Family in position to continue the plan—
73 but they are limping! Creatures of Darkness don't do well in
74 LIGHT.

75 God heard our prayers—literally, we prayed and fasted specifically
76 requesting GOD would EXPOSE it all to the American people—
77 and at the time, I knew the elections were being rigged, and that
78 election fraud had got to a place where national elections were
79 being stolen—but I had no idea how deeply Satan had succeeded to
80 reach into our government and take it into his power. Since then,
81 Veritas began exposing Planned Parenthood, and everything else,
82 and watching the Deep State react to Trump with their faked
83 dossier, and their fake impeachment efforts, and their fake fact
84 checkers, literally, faked; followed by their faked pandemic, and
85 now their faked vaccines—they have been openly exposed for their
86 repeated lies to the American people about the origins of COVID,
87 creating a FAKED study published in the LANCET claiming
88 Hydroxychloroquine was not only ineffective against COVID but
89 even dangerous—PROVED FAKE, retracted by three of its four

90 authors, the one hold out shamed, and the study RETRACTED by
91 Lancet—but Fauci and the liars in GOV.MED, or GOV.PHARMA
92 continued using it to ban its use—and the outright LIES about
93 Ivermectin—now EXPOSED — but this, the FAKED J-6
94 insurrection is possibly the most vicious of all attacks on the
95 America of our Founders.

96 All of these attacks I've described have been ultimately aimed at
97 CANCELING the voice of the American People—and the faked J-6
98 — aw come on? What's with the rolling eyes? When are some of
99 going to see what is right in front of you?

100 I thought about taking the time today to lay out the entire case—
101 the video of Capitol police waving protestors into the Capitol, of
102 Capitol police firing flash bangs² into groups of protestors gathered
103 behind barriers, set apart from the activity near the Capitol and
104 DOING ABSOLUTELY NOTHING ILLEGAL OR VIOLENT.
105 Ashe Epp, a social media personality guesting on Oltmann's
106 Conservative Daily testified she was attacked by Capitol police
107 throwing flash bangs into the protestors she was standing with—
108 she said they were surrounded with cameras—and yet not one clip
109 of that attack appeared in media until June.

110 While Ray Epps (that's Epp with an s — for satan, har, har) Ray
111 Epps who orchestrated the "invasion," by the way, this guy is an
112 FBI operator—you've heard of him, Ray Epps—you know, they guy
113 we SEE on video waving protestors into the Capitol, they guy we
114 learned from Twitter dumps met with a known agitator the day
115 before talking about the plan, who admitted to the J-6 PELOSI
116 committee that he orchestrated the event—who was on the FBI's
117 top ten most wanted in connection with the Capitol riots, and then,
118 without explanation, suddenly disappeared from that list?? And

119 you still roll your eyes? Look, at some point you just have to see
120 what is in front of you.

121 I'll need to go to break here in a minute. Look, Rebecca Lorenz, a
122 Christian grandmother, 70 years old, she was waved into the
123 Capitol, spoke with officers, went in to pray — later, in June, she
124 got crosswise with some politician in her County, and suddenly got
125 a notice to surrender to FBI custody in Denver. She appeared,
126 voluntarily surrendered to the authorities—was arrested and I
127 don't think she was even charged, finally it's come down to
128 trespassing, and she was forced to face jail time as — A
129 GRANDMOTHER 70 years old.

130 She was at the protest to pray! That's it! That's why she was there.
131 She certainly objected to the stolen election — but her manner of
132 protest was to go there and PRAY! That's what she was doing.
133 Praying! She was not vandalizing property, attacking officers, and
134 never resisted arrest — when demanded, she presented herself
135 willingly, with about 7 or 8 Marshals in the room, who acted like
136 they were afraid of her, they handcuffed and shackled her, perp.
137 walked her, for a crime of trespassing, when she was INVITED IN
138 by the Capitol police — these are arrogant, miserable traitors to
139 their oath and disgrace to their badge.

140 And by the way, this is the story of EVERY J-6 protestor I've heard
141 anything about—big charge—trespassing! I don't know of any that
142 have been charged with insurrection. And the reason is simple!
143 They don't have evidence to make such a charge stick. So they used
144 the Patriot Act, calling this an insurrection on the Capitol, to
145 justify holding these people without bail, and without even being
146 charged with a crime, lost any right of a speedy trial, many are not
147 even allowed to have representation, many held in isolation, some
148 badgered into "pleading" to some bogus crime — My GOD, this is
149 the stuff of the Siberia stories I heard in Russia, this is CCP type
150 behavior — THIS IS NOT AMERICA!

151 So, look, the strategy of the J-6 thing is multilayers. First, it's a ruse
152 to shift attention away from their own insurrection, the real one,
153 the one that is ongoing right now by the DEEP STATE led by the
154 Demoncrat Party under the control of the CCP. Second, it's a
155 THREAT to any Patriot who might even THINK about open mass
156 protests against the coup — it's probably the number one reason
157 the Arizona protest fizzled — the leaders of conservatives were
158 AFRAID a J-6 scenario would play out with FBI plants embedded
159 within to agitate a riot they could use as an excuse to do a J-6 2.0.
160 Literally, key leaders in the conservative movement told their
161 followers Don't GO to the AZ rally, specifically because they feared
162 it was going to be a set up—in other words — Antifa, and BLM can
163 RIOT in the streets, burning down buildings, killing people, and
164 walk around with "Assault Rifles" in the open and it's all covered
165 over by talk about "right to protest" and because, after all, it was
166 "mostly peaceful," but the message is —CONSERVATIVES,
167 DON'T YOU DARE MASS IN THE STREETS IN PROTEST TO
168 GOVERNMENT ABUSES AND MALFEASANCE — because if
169 you do, you will be branded a terrorist and — if you think we were
170 tough on J-6 protestors, hah, now that we KNOW THE
171 AMERICAN PEOPLE WILL COWER, WILL KNEEL TO OUR
172 POWER AND OUR THREATS — NEXT WE WILL START
173 EXTREME RENDITIONS — where we just target a patriot we
174 don't like, scoop him up while out and about town unawares, and
175 you never hear from him again! We practiced this in the aftermath
176 of 9/11 and we've gotten pretty good at it.

177 So, third, J-6 is a test of public sentiment — can we cower Patriots
178 to stand down — looks like we can! So, next we can start rounding
179 them up to put into the camps we are building at the old El Toro
180 Marine base, to begin their reeducation training — so if they prove
181 uneducable, we can transfer them to the BILL GATES/TONY
182 FAUCI human testing program to get some use from them "for the
183 people."

184 How many fingers am I holding up? *Four!* And if the party says
185 there are five, how many are there. *Five!* No, that won't do, you are
186 lying—after electrocution jolts Winston, he is asked again — how
187 many fingers? How many fingers, Patriots?

188 When will America amass in the streets, at the Capitol, and
189 SCREAM — SET THESE POLITICAL PRISONERS FREE? I SEE
190 FOUR FINGERS — I SEE FOUR FINGERS!

191 The ONLY INSURRECTION is the one being conducted against
192 America right now led by the BIDEN CRIME FAMILY. I SEE
193 FOUR FINGERS.

194 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
195 at the Lighthouse, your brain masseur, and Paul Revere's lantern
196 lighter, lighting the lamps in the church belfry arch, signaling the
197 enemy is on the march, an enemy that would steal from us our
198 liberty.

199 Let's take a look into the Gavel Battle. Today is the fourth round of
200 votes, and I think McCarthy is about four votes away from the
201 gavel. It's the 12th vote—wait, let me get an update. As of Friday,
202 1:02 pm, he has lost 13 votes but has crept to within inches of the
203 gavel he covets. The last time there was a serious challenge to the
204 Speakership was back in the 1800s—I understand that Congress
205 voted 100 times before they gave up, changed the rules to allow the
206 highest vote getter to get it. Many hoped the conservatives would
207 be able to prevail over the SYSTEM, over the ESTABLISHMENT
208 control, the WILL OF THE PARTY over the WILL OF THE
209 PEOPLE — remember Orwell's 1949 novel, titled 1984, where one
210 of my all time favorite actors, I mean for acting ability, Richard
211 Burton, as O'Brien demands of his subject, ironically named
212 Winston (means joyful stone), but perhaps metaphorically named
213 for the English leader who stood firm against Nazi Germany in
214 WWII, Winston Churchill. Four years after the war, Orwell cast a

215 vision for the rise of a NAZI like regime dominating the world and
216 titled it 1984.

217 Looks like he missed it by *that much!*

218 The stakes in this battle for the gavel are not being laid out clearly,
219 in my view. I think it is possible a few, perhaps a very few of our
220 representatives get it, but most simply cannot believe what I am
221 about to put before you.

222 Look, McCarthy has never been a *leader*. He is a fair follower, a
223 "team player," type personality, that is imminently *influencable*.
224 Well, that's not a word, but you get my meaning. Let's just say his
225 convictions are not highly defined and they seem to be malleable.
226 My experience with people like this is NO DEAL YOU MAKE
227 WITH THEM IS GOING TO HOLD THEM IF A BETTER DEAL
228 IS OFFERED LATER. If the conservatives have to bind this guy
229 with written "concessions" in order to feel comfortable he will do
230 what's right — why don't you just quit playing the games — we are
231 all bored with your playing around!

232 The fact is, some representatives are deeply suspicious that Kevin
233 McCarthy is just another RINO, maybe a bit more pliable
234 regarding some of their concerns, but at the end of the day,
235 McCarthy is not going to CHARGE the gates of hell that have
236 encircled our embattled liberties. He simply does not have the
237 *Winstons*.

238 Here is what the conservative Republicans are being pressured by
239 their constituency to resist—the amazing capacity for the
240 Republicans to lose a win! And McCarthy is the man the left
241 desperately hopes will get the gavel, and not Jeffries or Jordan, or
242 someone who is a real fighter, because he will be the easiest to
243 "work with."

244 Here is what concerns me about McCarthy — I'm afraid he will go
245 along with a J-6 Committee hearing and put on a "really good

246 shew..." and drag it out, but I think behind the scenes he will
247 undermine every effort to get down to REAL RESULTS.

248 He will find a way to excuse poor Nancy from testifying, he won't
249 allow real pressure to be put on subpoenas being enforced, he is
250 going to allow the Dems to introduce rules that will hinder
251 interrogation, back deals will be made to reduce effect of the
252 hearings to a slap on the wrist, a, well some sort of censure, some
253 sort of speech about how democracy was threatened but now we
254 fixed it, and so forth — but if you expect a McCarthy led house to
255 go for any meaningful prosecutions for FBI malfeasance, DOJ, CIA
256 and DOD malfeasance, dereliction of duty, or even get close to
257 charges of TREASON — don't hold your breath.

258 It's not even CERTAIN, in my view that the J-6 prisoners will be
259 given an honest vindication for what happened to them — it'll be
260 fuzzy, compromised, and wishy-washy — but the people are, or at
261 least should be, very angry with all this. And we are waiting for
262 JUSTICE to come down HARD on these perpetrators in the FBI,
263 the DOJ, DHS, NAS, DOD, all of them —

264 And all the nonsense with coopting social media to run a
265 government censorship propaganda program, the whole
266 VACCINE debacle — I don't see McCarthy being the LEADER for
267 the sort of FIGHT we are in for.

268 And yet, that last I heard, the opposition is dwindling! It has
269 shrunk to only four holdouts. Well, if that's true, I did not vet this
270 rumor, but if that's true, it's probably over. If McCarthy has gotten
271 to within 4 votes, they are likely to give up. They shouldn't but they
272 will likely cave to the pressure. And if it's that close, it's possible
273 McCarthy can recruit a few Democrats to flip his way to take it.

274 I understand most of the resistance has already caved, and the Matt
275 Gaetz has said, outloud, that he will resign from Congress if
276 Democrats help elect a "moderate Republican."

277 I don't know — there must be something in the water up there that
278 produces brain fog, or that numbs those parts of the brains that
279 form COMMON SENSE — I'm trying to figure how this threat
280 scares Democrats away from voting for McCarthy? Uh, wouldn't
281 that sort of be a Twofer?

282 We all know Gaetz is an ardent supporter of Trump—he even
283 nominated Trump for Speaker. Only a handful took that seriously,
284 but it did put Trump's name on the board — many of us never
285 thought this was more than a very funny joke, and those who took
286 it seriously, well, except a handful, never seriously thought this
287 would happen. I'm still trying to figure out, hey, Matt, how does
288 promising the Democrats you will resign if they jump in to give
289 McCarthy what he needs to become Speaker motivate them?

290 I don't know, maybe it has to do with how the vote is taken —
291 maybe if the Dems do jump in, several who swung over to
292 McCarthy will back up from their support — so maybe they'll try
293 to get all those votes in before the Dems tip their hand, but maybe
294 the way the roll call is ordered, that still leaves enough Republicans
295 to switch — I don't know! I'm not that intimately familiar with this
296 — I'm just trying to understand what in the world Matt is thinking.

297 But let's touch on another mystery. Trump endorsed McCarthy,
298 who many of us believe literally funded the deflation of the Red
299 Wave. He plowed GOP money in just the races that, it seemed,
300 were calculated to counter GOP momentum in the 2022 midterms.
301 I think the argument for this is sound either as indication of the
302 lackluster leadership we've seen, making him susceptible to being
303 played by more clever men, or as exposing him as being so
304 committed to PARTY politics he blindly ignores the will of the
305 PEOPLE, or he is on the other side — he did not want there to be a
306 major upset of the status quo—he is a *Deep Stater* operator, or
307 what is called, controlled opposition — just like McConnell.

308 Under pressure from some never Trumpers, McCarthy talked
309 about encouraging Trump to resign. And so on, an on!

310 So, why would Trump endorse McCarthy? We've all watched
311 Trump, and while it's clear he has a stellar record of achievements:
312 I mean, who knew the border was an easy fix, that America could
313 assert herself on the world stage with such amazing success, or
314 generate a peace deal for the Middle East that was unprecedented,
315 even after moving the US Israel Embassy to Jerusalem? My eyes are
316 still blinking in wonder over that one! He showed us we don't have
317 to be in endless wars, we can have a strong economy, oil
318 independence, and even tamper down hostilities with many of our
319 enemies—put China in her place, get NATO to pay their fair share
320 — I mean, WHO KNEW? Trump showed us we don't have to live
321 from crisis to crisis — at least until COVID. Where they managed
322 to maneuver POTUS into a box.

323 All his amazing accomplishments notwithstanding, he has been
324 known to make some bad picks for advisors and administration
325 appointments. He picked some good JUSTICES — two huge
326 decisions expected to come down soon — wait for it!

327 But he does some political stuff too. He sometimes does stuff
328 because it's a calculated move intended to position himself or
329 others. When it comes to why he endorsed McCarthy, I figured, if
330 anyone had an excuse for him it would be the X22 guy.

331 And it would be relatively easy for me to take the X22 guy, Dave
332 Mipfidsud [???) take on why Trump endorsed McCarthy, except
333 for a recent statement he made about why the Red Wave went flat
334 — from a Hawaii Tsunami to a Bolsa Chica chickita. Bolsa is where
335 we went to learn how to surf; Huntington is where you went when
336 you got it figured out. But, anyway! Let me give you the X22 - Q
337 man's take on it. By the way, I like David and I listen to his podcast
338 regularly. If you check him out, make sure you bear in mind he is a

339 Q dude—he takes all of that way more seriously than I do, and he is
340 a devoted *Trumpologist*.

341 I am, and continue to be, a devoted Trump for POTUS supporter
342 — but I'm not unwilling to call him out if I think there is
343 something to be concerned about.

344 And, as I was about to say earlier, if Trump had not made this
345 recent Truth post about his take on what happened in the 2022
346 midterm, that deflated the Red Wave, I'd probably be a whole lot
347 more inclined to accept the X22 explanation, so, what is it?

348 Dave thinks Trump is positioning McCarthy and the establishment
349 GOPers for ultimate exposure. He thinks this serves to put on
350 public display the disparity within the Republican Party between
351 the establishment GOPers and the MAGA Republicans. I'll add
352 that Trump is a pragmatist, at heart, and probably calculated that
353 the chance the Party was not ready to make a clean BREAK from
354 the establishment—he figured that after whatever battles went on,
355 ultimately, the storm would settle and it would be a return to status
356 quo. The idea is he figures this would be the best way to position
357 McCarthy to be most favorable to what really needs to be done
358 than anything else—I agree! This will at the very least serve notice
359 on all the Establishment Republicans—because you know that the
360 calls coming in from constituents were overwhelmingly against
361 McCarthy—so this entire exercise, short of the RED WAVE that
362 was needed to avoid it, the exercise certainly heightens
363 expectations for McCarthy to gavel favorably for the PATRIOT
364 cause, when it is absolutely certain he would not have done
365 otherwise.

366 However, Trump lately posted a Truth on his social media
367 platform leaving the impression that he believes the blame for the
368 RED WAVE deflation was on PRO-LIFE VOTERS, and on
369 candidates who refused to accept his position on the issue. Trump
370 believes abortion is acceptable for rape, incest, and the life of the

371 mother. He reminds us that this was Ronald Reagan's position on
372 the issue. And he is right, of course! And I remember speaking to
373 this in my pulpit back then—explaining that such a position
374 undermines the entire premise of our objection to abortion. If
375 abortion is wrong because it involves the murder of an unborn
376 human being, then please explain to me what makes it right to kill
377 the baby because it's father was a rapist or a pervert that took
378 advantage of his child? The issue of abortion hinges entirely upon
379 one thing only — is the baby in the womb a human being? Psalm
380 139, the story of John the Baptist leaping in the womb of his
381 mother when she met Mary the mother of Jesus tells you all you
382 need to know. Current science allows us to SEE the baby in the
383 womb, to hear its HEART BEAT, to COUNT ITS TOES — to
384 watch it suckle its thumb! IT'S A BABY! And a civilized people do
385 not murder babies for anyone's convenience.

386 But, it might surprise you that this is not the element in this story
387 that troubles me about Trump — I mean, it does, that I've always
388 known this was Trump's position, and every time it comes up, I
389 speak against it. I did not agree with Reagan on this, or on the
390 illegal alien issue, and a few other things, by the way! When I read
391 Trump's statement on this, I spoke out on the issue and said exactly
392 what I've laid out here—it's murder!

393 But with regard to my present topic, what bothered me is that
394 Trump did not blame the cursed Dominion machines, the follies of
395 McCarthy, he did blame McConnell for how he spent GOP
396 campaign dollars, but only as a side note. He blamed pro-life
397 candidates who believed abortion stops a beating heart—who
398 believes abortion murders babies. As far as I'm concerned, that was
399 a cheap shot at people of conscience—whose conscience, by the
400 way, in this matter, is much instructed that his.

401 I still don't know what happened in the House today regarding the
402 gavel battle — but I do know that whatever happens, the BATTLE
403 WITH THE GAVEL will commence soon! PRAY!
