

Brain Massage®: Show No. 916 The Tower Is Wobbling / OTAs Won't
Protect Them From Nuremberg 2.0

Dr. Jerry Scheidbach

Original Air Date: 01.14.23

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 My Christmas gift—one of them, is a tower of wooden blocks
5 stacked crosswise that rises a little over a foot tall. It sits on my
6 desk. It's a game where each player takes turns pulling a block from
7 the stack and whoever pulls the block that collapses the tower loses.
8 I wondered what I might do with this, and it occurred to me that
9 it's rather like the metaphor of the TOWER OF BABEL, that has
10 become a symbolic representation of Satan's effort to pull the world
11 together into a one-world-government out from under God and
12 under the power of Satan in defiance of CHRIST.

13 So, I decided to set it up on my desk and each day, when I get to
14 my desk, I pull one block from the stack, and one day, I know, I'm
15 going to remove the block that will collapse the entire tower. It
16 encourages me because I know that every time Satan gains
17 sufficient influence in the world to pull mankind together into a
18 one-world government out from under God and in rebellion with
19 him, GOD intervenes and destroys the tower, and breaks the power
20 of Satan by destroying whatever structure or structures of rebellion
21 he is erecting in defiance to Christ — today, it's the Deep State,
22 with its Swamp, and network of strategically placed children of
23 disobedience who operate under spirit of antichrist to carry out
24 Satan's designs in the earth to KILL, STEAL, and DESTROY. The
25 key operating principle is the LIE. These children of disobedience
26 are the tower builders.

27 In our dispensation, in our time in God's service, the intervention
28 of GOD is different—then, back in the days of Nimrod—God came

29 down and destroyed the Tower, most think by a massive
30 earthquake that literally divided the continents and separated the
31 kingdom of man all over the world by confusing their language.
32 Today, the essential principle is the same, but the method is
33 different.

34 Today, the children of obedience are charged with the task of
35 taking down the Tower brick by brick, or block-by-block. God sent
36 His SON, Jesus, the CHRIST OF GOD, who planted in this earth
37 HIS CHURCH, the HOUSE OF GOD, the PILLAR AND
38 GROUND OF THE TRUTH, and equipped His disciples with the
39 armor of GOD and the SWORD OF THE SPIRIT, which is the
40 TRUTH, the WORD of GOD, also likened to a HAMMER, and
41 with it, in the NAME of JESUS, we assault the tower built by lies
42 and bring it down, block by block — so every day after my
43 devotions, I come to my desk, and remove another block, and pray
44 for the day this current effort to pull the world out from under
45 GOD and fully into the power of Satan will suddenly collapse.

46 Cause, that's how it works, my friend. It seems to be moving so
47 slowly, and it appears no matter what we do, no matter how many
48 lies we expose, and how much TRUTH gets out the tower
49 continues to stand proud and arrogant against our efforts — but
50 one day, one day the last LIE supporting the tower will be removed
51 and the tower will collapse—stay faithful and true!

52 Okay, my friends; it's time for your brain massage!

53 [TRUTH]

54 Doocey asked Biden about the classified documents he pilfered,
55 and kept in his garage with his corvette. Biden explained, "well, the
56 garage was locked."

57 Remember, back in September, Biden was asked about the
58 discovery of "classified documents" in Trump's possession, illegally
59 confiscated during the unconstitutional raid of his home—

60 documents and material he was perfectly willing to surrender
61 within a due process order—Biden answered, "I thought ... how
62 could anyone be that irresponsible."¹ So, at the time Biden was
63 mocking his outrage and pontificating about Trump's lack of
64 judgment, he had Top Secret documents re Ukraine, and I think I
65 heard also Iran and the UK stashed in one of his houses and in
66 another stash kept in one of his garages. Hans Mahncke, host of
67 Truth Over News, with Epoch Times offers some very interesting
68 insight into this.²

69 First, was Biden's stash something newly discovered? No! These
70 documents were discovered during the campaign. But they were
71 not surrendered to the DOJ until just lately—after the House
72 Republicans got settled in and the news of this began to percolate
73 among Representatives and get into the public.

74 Is this like what happened with Trump! Absolutely not! First,
75 Biden took these while Vice President under Obama—Biden has
76 no claim at all to those documents, cannot argue any power to
77 declassify them, and so what Biden did is more like the *Clintonista*
78 Sandy Berger heist of classified documents from the National
79 Archives that were sensitive regarding Clinton's handling of terror
80 threats, and he destroyed them!!!³ Yeah, stuffed them in his pants,
81 and I think he had some in his socks. He pilfered classified
82 documents from the government, AND DESTROYED THEM, and

83 got a slap on the wrist. What? Well, let me explain! He was
84 Democrat.

85 These documents are concerning Ukraine, Iran, and the United
86 Kingdom.⁴ Clearly, Biden removed these on purpose and with
87 purpose—Ukraine, Iran, and the UK — hmmm!

88 Where did Biden keep his stolen classified documents? Well, one
89 stash was kept at sweet of offices provided for him by University of
90 Pennsylvania—it's called the Penn Biden Center.⁵ These offices are
91 kept in DC, within walking distance of the Capitol. This sweet is
92 clearly a shell—it's Twitter page shows almost zero activity for over
93 four years, and it remains virtually empty. The University of
94 Pennsylvania is known to have deep ties to the CCP. UPenn is a
95 sort of sister university with a famous CCP university that hosts
96 major communist party events—and after the University
97 announced it was establishing the Penn Biden Center, shortly after
98 Biden left office in 2017, China gave the University 54 million
99 dollars. Then, in 2018, after the center was opened, an anonymous
100 source gave the University 14 million dollars, and the source
101 originated in CHINA. And one of Biden's aides worked at the
102 center and had to answer for 22 million dollars in "shady" Chinese
103 contributions to the Biden Center—that no one knows what it
104 does—sounds like money laundering to me. This is where Biden
105 kept these classified documents.

106 Why! These are documents that date back into Biden's vice
107 presidency. In his final days as VP, Biden flew to Ukraine.
108 Ukrainian officials and media were flummoxed about his visit. The
109 State Department was confused. In connection with this last visit,
110 Ukraine dropped charges against Burisma, where Hunter worked,
111 and what do you know — the Ukrainian energy firm made a huge
112 donation to a Hunter Biden supported American think tank. By

113 the way, Biden was party to the coup against then Ukrainian
114 President Yanukovich, the color revolution of 2014, we know that
115 from a recording in which Biden was specifically named in
116 connection with that illegal coup—a few days after this coup,
117 Russia seized Crimea — don't tell me these guys are not working
118 together — by these guys, I mean Biden, Putin, and now I'm
119 beginning to think Zelensky is in on it!

120 As for Iran, well, we know Biden's involvement in the Iran nuke
121 deal — wonder how much he sold his influence for in that
122 arrangement. And we know the UK, at least some parties
123 therefrom, were involved in the Russia-gate hoax.

124 McCarthy vows to release all the J-6 video — this follows Ted Cruz'
125 call for the J-6 political prisoners to be exonerated. Check out "The
126 Prisoner's Record" on Telegram. The folks at The Prisoner's Record
127 are tracking developments with our political prisoners and praying
128 for their release, and their exoneration. It's good to see some
129 movement in the House to address this—but we've been fooled
130 before! Okay, so we are watching McCarthy—let's hope MTG
131 knows something we don't—

132 Have you ever heard of *The Trusted News Initiative* — what's that?
133 *The Trusted News Initiative (TNI)* is a media industry partnership
134 of Legacy media, including BBC, Reuters and AP, WaPo, who
135 partnered with several Big Tech social media giants to censor
136 online news." The partnership was formed in 2020 over concern
137 about the rising influence of alternative media—they were limping
138 badly coming out of the 2020 campaign and the critical loss of
139 blood they have suffered—if the blood of the news industry is
140 public trust—their obvious political sycophancy to the Deep State
141 had, shall we say, *sanguinary* results! They paid dearly for their
142 outrageous trampling of free speech—and the loss of influence
143 with the public cost them a loss of revenue not even Soros and
144 Gates can offset!

145 So, they banded together to squash the competition. Using the
146 COVID issue, mostly, and the ELECTION controversy, they set
147 out to take full control of the information market — it's an effort to
148 wipe out their competition and take full control over what the
149 American people get to see and hear.

150 But as you know, what we have learned is that the government,
151 DOJ, with the FBI, and NIH, and NIAID, and HHS, all of them
152 were coordinating with Twitter, and Facebook, and YouTube to
153 destroy their competition by manipulating these social media
154 giants to *deplatform* some of their largest audience influencers
155 making them political targets to destroy their competition — well,
156 guess what? John Kennedy, with about ten others, not sure how
157 many are joined in this effort, any way, some patriots have got
158 together to file an antitrust lawsuit against the *Trusted News*
159 *Initiative*.

160 This suit has the potential to bring down the COMMUNIST
161 NEWS CARTEL that has been long operating in America — the
162 propaganda machine of the shadow government that has usurped
163 power in America is being challenged.

164 All right—just about the time I think the exposure phase is done,
165 and we can move to the EXECUTION phase, just about the time I
166 think, we have what we need, let's LOCK THEM UP —deeper and
167 darker secrets are dislodged from the muck and come popping up
168 to the surface! Hold on through the break. The Brain Masseur will
169 be right back!

170 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
171 at the Lighthouse, your brain masseur, and Paul Revere's lantern
172 lighter, lighting the lamps in the church belfry arch, signaling the
173 enemy is on the march, an enemy that would steal from us our
174 liberty.

175 I learned some things today that challenged me to consider
176 whether the threat we face to the people's right of free speech is the
177 most concerning problem we face, or is it the people's right of
178 consent—I think these are interrelated! Free, open, transparent
179 elections assure the right of consent, and FREE, open, and
180 transparent discourse assures us the right of FULLY INFORMED
181 CONSENT. Something we did not have in 2020—controlling the
182 Hunter lap top story deprived we the people of the opportunity to
183 make a fully informed decision—and using these cursed machines
184 to steal our voice deprived us of our right of consent.

185 ELECTION 2020 was stolen, and election 2022 was a sort of
186 "controlled" steal. Our 118th Congress must address this issue. We
187 can't let them get away with throwing us six bones, in exchange for
188 us looking the other way while they keep the Dominion stealing
189 machines in place. They must stop free speech, and fair elections.

190 These, the election issue and the free speech issue, comprise the
191 FOUNDATION of the tower I talked about in my opening. It's all a
192 throw back to the dark ages—the lie called the "Divine Right of
193 Kings" that viewed the common folk as slaves who live to serve the
194 elite classes—that wicked lie kept mankind in slavery, and the
195 world in darkness for well over a 1000 years, till the GOSPEL
196 LIGHT broke through and the TRUTH MADE US FREE and the
197 SPIRIT OF CHRIST and LIBERTY flooded the land—we cannot
198 go back to slavery, we must return to the fundamental truths that
199 make us free.

200 We are CREATED EQUAL and endowed by our CREATOR with
201 certain INALIENABLE RIGHTS. The antichrist ragers cast off this
202 truth in favor of bowing to the government in humble supplication
203 for rights that are already theirs by birth, they prefer to kneel at the
204 altar of Belial and make men their MASTERS, to kiss the hand that
205 oppresses them, fearfully entreating their favor, to grovel for the
206 scraps tossed to them from their master's table.

207 Some will do this because they are so miserable lazy they would
208 rather surrender higher aspirations that require work for their
209 reward, and give in to their lower appetites, and let the gravity of
210 indolence sink them down into the muck, where they wait for the
211 pig-slop to appear in their troughs, in which to bury their noses,
212 and hide their eyes from the filth of their own wretchedness—and
213 others because they wear the brand of their "owners" — the mark
214 of the antichrist spirit, THE PRIDEFUL OPEN MOCKERY OF
215 THE CREATOR'S DESIGN, HATING THE DIVINE IMAGE
216 THEY BEAR ITS BEAUTY THEY MAR AND DISFIGURE—
217 allowing themselves to be the Devil's cruel jest—while those devils
218 that ply upon their haughty mind watch for the grimace upon the
219 divine visage and the withdrawing of His Spirit from proud heart—
220 no better way to keep a heart from the touch of DIVINE GRACE
221 and LOVE than to wrap it in loathsome pride.

222 Those of you under the sound of my voice now consider, are you
223 weary of dining with the pigs—will you remember what aspirations
224 inspired you, and will you RETURN HOME—you will find the
225 Father waiting upon the porch, watching!

226 Well, America needs to repent and return to the House of GOD
227 and it begins with you! Ye who are weary, COME HOME!

228 Sometimes, I think it is the Spirit, He just takes over and I think it
229 best to go with it!

230 There are many election hot spots working in the country right
231 now — follow the Professor's Record, David Clements, to keep up
232 on developments on this battlefield. I'm watching Arizona for
233 many reasons but basically because it's obvious to me that it is a
234 fight the Deep State swamp is willing to sacrifice a lot to keep. They
235 went after Kari like they did Trump—she must be a major threat to
236 their agenda—and there must be something in Arizona they
237 definitely are afraid we'll find.

238 Kari has filed to have her case transferred directly to the Arizona
239 Supreme Court.⁶ I linked the filing if you're interested.

240 Happily, so far, the Court of Appeals has agreed to expedite her
241 2022 election case.⁷

242 Meanwhile, the GOP Arizona Legislators turned their backs on
243 Katie Hobbs and walked out of her first State of the State Address
244 as the usurper governor of the great state of Arizona.⁸

245 Okay, I came across something this afternoon during show prep
246 that will take a little more work but let me summarize it here, and
247 Lord willing, I'll kick it around with you during our VISIT
248 Saturday night.

256 shot during discussions about whether it should be foisted upon
257 the public."¹¹

258 Really, I'm way past my time here and must close. Have you heard
259 of Katherine Watt? See her substack here.¹² She is a paralegal who
260 worked with various small law firms handling mostly
261 constitutional cases for years and turned her legal research skills to
262 examining the question: what is with this nonsense going on with
263 COVID? Skilled at legal research and examining contracts, she
264 took a long and in depth look at the contract between the DoD and
265 Pfizer to produce, manufacture, provide and distribute a vaccine
266 ostensibly intended to treat COVID-19 disease. Recently, that
267 contract has been released via a FOIA request (read, demand).

268 The way the contract was presented to the public, however, is far
269 from what the documents actually reveal. To the public, the
270 contract was for Pfizer to provide a vaccine that "effectively
271 prevented SARS-CoV-2 infection ... and that met the safety and
272 efficacy regulatory standards of an FDA-EUA authorized or FDA-
273 approved vaccine." [IBID]¹³ To finish today, I'll have to simply
274 make statements supported by documents footnoted in my show
275 notes. But, here is the thing.

276 Way back in the forties and fifties, lawmakers began concerning
277 themselves with emergency powers for the presidency.¹⁴ But in
278 1983, under Reagan, the Public Health Emergencies section of the
279 Public Health Services Act, was great expanded to concentrate
280 almost total dictatorial power in the office of POTUS in the event

281 he declared the nation was in a state of emergency. [IBID-
282 Katherine]. This law was written in such a way once an emergency
283 was declared, neither the courts nor the Congress could reverse it
284 or interfere with the powers of the POTUS. [Of course, this is
285 unconstitutional—but neither Congress nor the federal court has
286 challenged. The fact is, Congress has no power to give away its
287 representative responsibility to anyone or any body—to leave the
288 people with zero representation!

289 Multiple Acts of Congress have moved us forward in the effort to
290 give the POTUS the same emergency powers he has in a war, or a
291 natural disaster to a declaration of a medical, or health
292 emergency.^{15 16} This is very dangerous, as we have witness these last
293 two going on three years. Every one can see a war, and a natural
294 disaster, but the "invisible" enemy is another thing altogether. They
295 lied to us—repeatedly! This does not work for something like a
296 virus.

297 For example — Jackson Brooks worked for a testing lab working
298 for Pfizer doing clinical trials on the Pfizer vaccine. She witnessed
299 they were not following proper procedures and protocols and
300 alerted her company. They were not interested. She alerted Pfizer,
301 and they were not interested. Assuming, since the contract was
302 with the government, the government would want to know the
303 vaccine was not being properly tested, she sent a message to the
304 FDA. She was fired the day after it was received—the FDA was not
305 interested?

306 She filed a suit, now referred as Brooks vs Pfizer and presented her
307 case. She alleged that Pfizer was not meeting the terms of its
308 contract with the Department of Defense. Assuming the contract,
309 as represented by Pfizer and the DoD to the public was the contract

310 Pfizer was fulfilling with the production of the vaccine. It came out
311 in court that, surprise, that is not the case.

312 Pfizer presented their OTA — that's a three letter word for cheat
313 the American people—it stands for Other Transactions
314 Agreements — a category where agreements are made that by pass
315 the usual public protections for the public on pricing, competition,
316 access, including in connection with COVID-19 vaccines and
317 treatments. It allows the company to have a sort of private
318 arrangement with the government so that, in this case, Pfizer was
319 actually under NO CONTRACTED AGREEMENT to conduct any
320 clinical trials at all.

321 So, why put on the show of conducting a vaccine trial? Because the
322 people would not understand having zero scientific assurance of
323 the safety of the vaccine and would balk—and we all know they
324 wanted everyone to get the shot—this is VERY IMPORTANT to
325 them. On the other hand, knowing the shots were causing
326 problems in what preliminary trials were done on this technology
327 before COVID became a thing, they did not want to present
328 negative evidence and so, because the law requires for the FDA to
329 approve an emergency use authorization, the director must have
330 some scientific basis to make the authorization—IF AVAILABLE.
331 So if no such clinical trials are "available" — because unfinished, or
332 incomplete? The director can legally authorize the EUA.

333 Then we find this little statement in the contract with Pfizer that
334 explains what Pfizer creates will be for military and for civilian
335 uses.

336 And we find that the DoD insisted it be privy to all
337 communications between Pfizer and their contractors and other
338 bio companies and with FDA, or NIH, or any other government
339 agency —. In short, we discover that the DoD involved itself in a
340 controlling role throughout the process, and that the DoD exerted
341 influence over FDA and other agencies to tow the line—and we

342 find out that Pfizer is in bed with China, and that the DoD needs to
343 answer some questions why they would contract with a company
344 so interconnected with the CCP to produce what is being talked
345 about, treated, discussed, as if it was a bio weapon packaged as a
346 medical treatment. What is going on here?

347 At this point, this FOIA revelation simply raises these questions—
348 but it might, it just might answer a lot of questions also. We'll see!
349 But just about the time I think we have found the bottom of this
350 swamp, I discover that, nope, not quite yet.

351 Those who have taken the jab are no doubt beginning to become
352 increasingly concerned and nervous — all these suddenly dead
353 scenarios — the literally hundreds of young people who have died
354 of sudden onset myocarditis, the multiple reports of blood clotting,
355 and the slow drip, drip, drip of truth from the pharmaceuticals
356 only as we squeeze them with all our might to get one admission
357 after another — Okay, the vaccine does not protect against
358 GOVID, okay, so it does not actually reduce likeliness you'll get it,
359 okay so it does not actually assure you wont end up in the hospital,
360 okay so Ivermectin does help after all, okay so it very likely did
361 originate in a lab, and okay, myocarditis is a problem associated
362 with the jab, okay so blood clotting is associated with the vaccine,
363 okay — this has got to stop. Some in the FDA are waking up to this
364 nonsense, those who knowingly participating in this are going to
365 be in so much trouble—those medical professionals who are
366 attacking the doctors of conscience who bucked the system, do you
367 not see where this is going?

368 The Nuremberg trials broke through some established assumptions
369 and said, for one example, using the excuse you were just following
370 orders does not excuse you from crimes against humanity.

371 The argument that, well, we had an OTA, and we were operating
372 under an EUA — technically, according to the letter of this paper,
373 see, right here, you can't hold me accountable for knowingly

374 releasing a dangerous product to treat a disease 95% of those
375 afflicted with it recover—I simply have to shut it down here so I'll
376 pick it up Saturday night, Lord willing!

377 But those worried about this mess remember that GOD is greater
378 than every effort Satan might exert to destroy us — get to a church
379 where there is faith, get anointed with oil and have the elders pray
380 over you — turn to GOD.

381 I'll be in my pulpit tomorrow — and I'll see you in church.

382 I have lit the lamps in the Church belfry arch and now you let me
383 know if you see them.
