Original Air Date: 01.21.23

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 New book from the Brain Masseur: Let My People Breathe!
5 *Unmasking the Mask Controversy, Proof That Surgical and Cloth*
6 *Masks Don't Work to Reduce the Spread — a review of the science*
7 *and the Scripture on the mask question, and a return to FREEDOM.*
8 Is ready for publication.

9 I'll offer a synopsis of my newest book today, and explain why it
10 matters.

11 The Davos devils are panicking? The World Economic Forum
12 (WEF) is "taking hits"? Hmmm! That's interesting. What is Davos
13 about? Why should you be paying attention to the WEF?

14 The *Demoncratic* move to dump Biden unfolds! Well, this was not
15 unexpected! But what does it mean?

16 The Twitter Turf-war Chronicles continue — what's going on with
17 Twitter: still shadow-banning and canceling conservative speech?
18 How much control does Elon have over his company? Powerful
19 missiles of insight to be launched: why the government cannot
20 control misinformation or disinformation—why giving
21 government power over truth and love necessarily leads to
22 increasing lies and hate!

23 The J-6 travesty — the travesty of justice! (Yeah, it's a word!)

24 Okay, my friends, it's time for your brain massage.

25 [TRUTH]

26 New book from the Brain Masseur: Let My People Breathe!
27 *Unmasking the Mask Controversy, Proof That Surgical and Cloth*
28 *Masks Don't Work to Reduce the Spread — a review of the science*
29 *and the Scripture on the mask question, and a return to FREEDOM.*
30 My newest book is ready for publication—a friend and fellow
31 faithful righteous brainiac (by the way, *righteous brainiac* is a Brain
32 Massage® listener who has been with me for at least three years—
33 hehe!) Larry is creating a graphic we hope to use in the book, and I
34 need him to read over it one more time) but we are going to stay
35 on schedule to release the new book within one month.

36 It's going to take about a month to process the publication for
37 release! We need about \$3,000 to launch this effort and if you want
38 to help, send a donation through the brainmassage.net website. In
39 the notes, type Let My People Breathe so we will apply your gift
40 appropriately. We are moving away from Paypal—our bookstore
41 site, booksatdbp.com, now offers an alternative payment path
42 through WooCommerce, and once we are satisfied everything is
43 going to work correctly, we will set up the brain massage and the
44 Lighthouse Baptist Church sites to bypass Paypal altogether—so
45 for those watching for this, please be patient.

46 I was perplexed by the mask mandates, and actually surprised, at
47 first, and then chagrined at how many people willingly subjugated
48 themselves to this — and that's because some years prior I came
49 across some articles that debated the efficacy of mask use for health
50 care workers. I'll bet you didn't know that a significant body of
51 literature can be assembled that presents arguments debunking the
52 myth that mask use in health care settings can reduce viral spread.

53 It's generally agreed that masks provide protection from doctors
54 inadvertently expressing bacteria, and even fungi into open
55 wounds when working on patients, or when in close proximity,
56 that is, up-close-and-personal, for extended periods. Even then, the

57 consensus of medical science—I mean, real science—is that masks
58 are not effective at protecting against something so small as a virus.

59 That's what Fauci said, at first! In February of 2020, a little over a
60 month after the new-coronavirus broke out in China, causing what
61 came to be called COVID-19, Health and Human Services
62 secretary, Sylvia Bruwell, asked Fauci if she and her fellow travelers
63 should wear a mask for protection. He wrote back: "The typical
64 mask you buy in the drug store is not really effective in keeping
65 out virus, which is small enough to pass through the material."¹

66 And, yeah, that's what Western medical science concluded about
67 100 years ago, and confirmed it with hundreds of RCTs later (an
68 RCT is a randomized controlled trial—considered the gold
69 standard approach to determining what interventions are actually
70 effective to, for example, protect from the spread of diseases) —
71 anyway, hundreds of these studies over the last 100 years have
72 consistently established what Fauci said — "*the typical mask you*
73 *buy in the drug store is not really effective in keeping out virus,*
74 *which is small enough to pass through the material.*"

75 And Fauci's statement does not even take into consideration the
76 larger problem of openings around the nose, cheeks, and chin,
77 created by masks that are not sealed to the face.

78 Indeed, the only generally available mask that actually can offer
79 some protection from virus is the N95, properly fitted and sealed.
80 But Fauci, the CDC, the WHO, all of them, expressly recommend
81 AGAINST using these. Besides, they are not intended to be worn
82 all day, everyday, should be professionally fitted, and sealed when
83 they are worn, a seal that is problematically easily compromised,
84 making them ineffective against virus, they should be changed
85 after each use, and not worn more than two hours at a time—which
86 is pretty much beyond the tolerance of most people. The average

87 tolerance is about 1 hour, with many finding them intolerable after
88 only thirty minutes.

89 So, why did Fauci tell Bruwell don't bother wearing a mask for
90 protection against a virus in February of 2020, and in March say,
91 "there's no reason to be walking around with a mask,"² but then in
92 April³ he suddenly becomes the government medical establishment
93 head cheerleader for masks, insisting we all wear surgical and/or
94 cloth face coverings to "curb the spread" of a virus? I mean, we all
95 watched this little elf-gnome crossbred progeny tell us to mask up
96 the children at school, and enthusiastically advise us to mask up
97 inside our homes for the holidays, and recommend government
98 imposed mask mandates⁴ — even once suggesting two would be
99 better than one — but, apparently, that went a little too far even for
100 the crazy people that run around in a mask while driving in their
101 car—alone!?

102 I remember wondering, did they come up with a magic mask—
103 something that blocks virus particles and yet also allows you to
104 breathe? I wondered where is the science supporting this dramatic
105 change from February to April? Publically, Fauci insinuated that
106 scientific studies supported using masks to protect against a virus.
107 He explained that this new outlook on masks is "based on the
108 evolution of the science."⁵ But in November of 2022, Fauci was
109 asked about this, under oath! During a deposition hearing, Fauci
110 was asked to cite any study that changed his mind about masking

"On March 8, 2020, Fauci said 'there's no need to be walking around with a mask.'" However, April 3, CDC updated their recommendation to include wearing masks. 111 against COVID-19, and Fauci punted! He did not name a single
112 study.

113 Now, the interesting thing here is that he could have! That's right.
114 He could have pointed to any number of observational studies, the
115 kind he ridiculed as being untrustworthy to support a scientific
116 claim; the argument he used when explaining why he objected to
117 use of Hydroxychloroquine (HCQ)—when he said there were no
118 RCTs done to show HCQ effective against COVID-19, and
119 explained that "anecdotal retrospective cohort studies," which are
120 under the category of *observational studies*, are "consistently
121 proven to be wrong" and Fauci did not trust them.^{6 7} So, you see,
122 there were plenty of anecdotal retrospective cohort studies, based
123 on what is called *observational science*, that support mask use.
124 Indeed, these are the ONLY SORTS of "scientific studies" that
125 support masks as an effective intervention against a virus. And
126 Fauci knows about these studies, but he is smart enough to know
127 what an avalanche of criticism he would receive from his peers if
128 he pointed to any of these to support masking against COVID. So,
129 he did not cite any study! Because not ONE legitimate RCT shows
130 scientific support for the masks Fauci recommends for protection
131 against any virus, including COVID-19.

⁶ House Coronavirus Hearing, July 31, 2020, Transcript: [ONLINE: <https://www.rev.com/blog/transcripts/dr-fauci-hydroxychloroquine-statement-transcript-house-coronavirus-hearing-july-31-9/22/22>]. For pdf, see Doc. Folder OAI39. Fauci asserted no "randomized placebo-controlled trials, which is the gold standard of determining if something is effective," had shown any efficacy by hydroxychloroquine. Curious, this same thing may be said of mask efficacy against virus and yet Fauci ignores that fact in his recommendations regarding them. The reverse might be charged against me, that I support use of HCQ for COVID-19 treatment even though it had no support from RCTs for use against COVID-19, but reject masks on the basis there are no RCTs that support them. First, there were no RCTs testing the efficacy of HCQ as a treatment for COVID-19, but there were many other studies that showed its effectiveness in treating similar issues. Second, there are many RCTs that show positively that masks are not effective to protect against virus infection. There are not RCTs that show HCQ is ineffective for treatment against COVID-19. Finally, as early as October 5, 2020, a study published in pubmed.gov website by the National Center for Biotechnology Information (NCBI), National Library of Medicine (NLM), within the auspices of the National Institutes of Health (NIH), NIH being the organization within which Fauci's NIAID operates, says "HCQ was found to be consistently effective against COVID-19 when provided early in the outpatient setting. It was also found to be overall effective in inpatient studies." The article is titled: *Hydroxychloroquine is effective, and consistently so when provided early, for COVID-19: a systematic review*, by authors C. Prodromos (Illinois Sports Medicine and Orthopedic Center, Glenview, IL, USA, and T. Rumschlag, Foundation for Orthopaedics and Regenerative Medicine, Glenview, IL, USA. There are no declared conflicts of interest, and no disclaimers. As for Ivermectin, the same pubmed.gov published a study that found Ivermectin effective in the treatment of COVID-19 patients: [ONLINE: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7709596/> — 11/17/22]. 132 In my book, *Let My People Breathe*, I examine the claims made by
133 the government medical establishment and use real science to
134 destroy the myth that the masks they recommend provide any
135 meaningful protection against virus, either as personal protection,
136 or as source control. I prove, from the science, masks don't work,
137 and I explain why.

138 Which, of course, leaves open the question, why did the CDC,
139 Fauci, the WHO, et al, joined by the entire government medical
140 establishment, suddenly flip on this issue and start pushing masks?

141 Revelations about Fauci's "under the table" footsie action with
142 CCP might provide the answer:^{8 9} There is reason to suspect Fauci
143 was under pressure from China's director of their version of the
144 CDC to include mask wearing in his COVID control strategy.
145 What we know for sure, however, is that Fauci believed we should
146 follow China's strategies "to some extent."¹⁰

147 Fauci is a phony, government medical establishment shill, willing
148 to compromise genuine science to accommodate mask superstition.
149 The science does not lead us to masks.

150 Let's conclude with a cost-benefit analysis. What's the benefit?
151 NONE! There is no benefit to wearing masks for protection against
152 contagion or transmission from a virus. Okay, so, what's the cost?

153 Well, besides sacrificing your autonomy, your freedom to breathe
154 freely, and your dignity, here is what the science says.

155 Moisture gathering on the inside of a common surgical or cloth
156 mask is not only uncomfortable, it exacerbates other problems long
157 associated with prolonged mask use: Acne, follicle occlusion

158 causing lumps, or nodules that can become inflamed and painful,
 159 changes in the skin micro-flora around the masked area which can
 160 cause rashes, hypoxia (reduced oxygen levels in the blood) and
 161 dyspnea (shortness of breath during exertion), to get started.¹¹
 162 Masks were never meant to be worn for hours at a time, day after
 163 day. Hypoxia, even at low levels, depresses the immune system by
 164 inhibiting the type of immune cells the body uses to fight viral
 165 infections.¹² And just wait till you read my chapter on Natural
 166 Filtration and find out that the mask you are wearing is actually
 167 interfering with God's natural filtration system, and actually aiding
 168 and abetting the viral attack on your immune system.

180 the event. These elites gather to discuss strategies for bringing the
181 world under a one world government—these are the tower builders
182 of our dispensation of the GOSPEL — the gathering place and
183 strategizing forum for advancing Klaus Schwab's famous statement
184 of agenda: "You will own nothing, and you will be happy."

185 In other words, all privately owned property will be transferred to
186 the custody of the governments as holding agents for the super
187 rich—the elite snobs who imagine they are gods and we exist to
188 serve their pleasure.

189 These people view us as animals to be kept in their cages, to eat the
190 bugs they think we should eat, and ultimately to be food for their
191 appetites.

192 From the time of Nimrod until Christ, Satan, acting in his capacity
193 as prince of this world, has attempted to bring the world of men
194 out from under God and under him instead. Every time he nears
195 completion of his tower — a metaphor representing Satan's efforts
196 to bring man together into a globalist government controlled by
197 him through wicked children of disobedience—the sort Satan can
198 take captive at his pleasure—GOD INTERVENES, LIKE HE DID
199 WHEN NIMROD BUILT HIS FIRST TOWER REPRESENTING
200 HIS RULE OVER ALL MANKIND — AND God tears down the
201 tower!

202 When CHRIST CAME, that was the MAJOR INTERVENTION in
203 which Christ came, bound the devil and spoiled his house,
204 demoted him from being prince of this world to the "prince of the
205 power of the air," and placing in the earth the CHURCH, the
206 HOUSE of GOD, the PILLAR AND GROUND OF THE TRUTH,
207 wherein the body of the BELIEVER is the TEMPLE of GOD, and
208 their heart is the DWELLING PLACE OF THE SPIRIT, and as
209 Jesus envisioned, from their bellies would FLOW RIVERS OF
210 LIVING WATER, the Spirit of Christ, Who is GREATER than the
211 evil spirit of antichrist operating in the tower builders — and ...

212 So long as we are here, Satan cannot bring forward the man of sin
213 and take the world entirely into his power. So I expect that, once
214 again, though the modern Nimrods advance ever so near
215 completion of their tower — the CHURCH will ARISE, God
216 willing, the SPIRIT OF CHRIST will MOVE, and this new tower
217 will be brought to ruin, once again.

218 Let's do a touch and go on the *Demoncratic* move to dump Biden.
219 When you see globalist Soros controlled CNN turn on Biden, you
220 know it's time for him to go. Biden is becoming more of a liability
221 than an asset—I think it was Tucker who observed—the "left" can't
222 afford to allow Biden to go down over the Hunter lap top
223 revelations, they can't afford for Biden to be exposed as a foreign
224 agent, and traitor — that would involved the incrimination of far
225 too many in the "UNI-PARTY" and could result in pushing their
226 agenda back ten decades, or more.

227 So they'll throw him to the wolves over the document scandal, and
228 no doubt hope to inflame left sentiment to cry for Trump's head
229 for the trumped up charges that he "stole" secret documents from
230 the White House too. But I think they know the best they can hope
231 for on that is to give the left something to belly ache over, because
232 the fact is Trump was President and had full discretion over the
233 nation's secret documents, and second, the FBI knew exactly where
234 these were the whole time, Trump showed them to them, and
235 offered to let them take whatever they wanted, but they decided
236 instead to stage a big SWAT attack — and it was all show.

237 I think they are trying to shore up the continuing erosion of public
238 support for the UniPARTY as long as possible, hoping the GREAT
239 WAR will break out and eclipse all the evils they have done and
240 drag all of this back under the power of the swamp —

241 The J-6 travesty of justice! (Yeah, it's a word!) That's making
242 justice a travesty—something false, distorted to the point of
243 absurdity.

244 We have real domestic terrorists, like Antifa, openly calling for a
245 night of rage, literally calling for killing cops across the nation.¹⁶
246 Biden's replacement, Commie-LAH Harris, no doubt is planning
247 to launch a go-fund-me account to provide bail for the raging
248 Antifa rioters where needed—no problem in blue states, but some
249 of those Red States might actually do something about these bands
250 of malicious marauders, so Harris will have to have her bail fund
251 ready to go!

252 Antifa, literally calling for "reciprocal VIOLENCE" — why? Some
253 Antifa domestic terrorist took a shot at and wounded a police
254 officer, which responded by fatally shooting the terrorist.¹⁷ So
255 "reciprocal violence" would involve killing cops! They want this to
256 go on all across the nation during a "Night of Rage," that is, rioting!
257 They taught us that back in 2020. Remember! It's getting real close
258 to Second Amendment time folks!

259 And yet, Twitter does not cancel Antifa's accounts, and not one
260 liberal peep of denunciation is heard. In fact, Twitter continues to
261 shadow ban and cancel conservative voices.

262 So, the Twitter Turf-war chronicles continue! Here is an Epoch
263 Times articles that lays out the wonderful work Elon has done to
264 expose the Government coopting Twitter to become its agent for
265 censorship.¹⁸ — The turf war at Twitter is, however, ongoing! Elon
266 has got some rebellion still entrenched in the ranks: still shadow-
267 banning and canceling conservative speech! Giving Antifa a pass,
268 but shadow banning and canceling the likes of Joe Oltmann and
269 Conservative Daily.

270 But, to conclude today, think about this. Our government is being
271 stolen from us, and it is taken hostage by NIMROD Globalists who
272 want to take full control of American might to establish global
273 dominance over all the resources of the earth, and to take the
274 sword, ordained for the execution of GOD'S wrath against evil
275 doers, and turn it against that purpose, and use it to attack
276 CHRIST'S CHURCH, and His TEMPLE, to drive the light and salt
277 of this earth out of the public square and into hiding—and they
278 have been to a great measure successful.

279 First, because so many who name the name of Christ do not depart
280 from iniquity and instead are workers of iniquity — these are not
281 true saints, but fakes, many deceiving themselves.

282 Jesus did say MANY will come to Him in the DAY HE JUDGES
283 THE EARTH, and will say, LORD, LORD, have not we done this
284 and that in your name, and so on, but Jesus will say to them,
285 "Depart from me, ye workers of iniquity."

286 Let me tell you something, who go about selling a gospel that does
287 not call sinners to REPENT and BELIEVE, let me tell you
288 something — any who name the name of CHRIST are expected to
289 DEPART FROM INIQUITY. And let Jesus tell you what He thinks
290 of those who call Him LORD, LORD but do not depart from
291 iniquity. He says to them, "I never knew you." He does not say I
292 knew you once, but now I don't — He says I NEVER KNEW YOU!

293 So because too many of Christ's remnant today are sitting around
294 waiting on those who call themselves Christian but are in fact
295 workers of iniquity — agents of iniquity, servants of iniquity —
296 study the places this expression is used — you'll be amazed —
297 consider this one — "Hide me from the secret counsel of the
298 wicked; from the INSURRECTION OF THE WORKERS OF
299 INIQUITY" (Psalm 64:2). It's talking about the insurrection of the
300 men of this world against the RULE OF CHRIST in the EARTH.

301 Psalm 2, "why do the heathen rage, and the people imagine a vain
302 thing, the kings of the earth set themselves, and the rulers take
303 counsel together, against the LORD, and against His anointed
304 (translates MESHIAH, or MESSIAH—that is, CHRIST), saying, let
305 us break their bands asunder, and cast away their cords from us..."

306 I must conclude—but note that when Jesus commanded these
307 phonies to depart from Him, and called them *workers of iniquity*
308 He used a word for worker that includes the idea of a laborer—
309 someone under hire to complete a task. And with the word
310 translated *iniquity* the expression speaks of one who has sold
311 himself to do wickedly. Many who call themselves "Christians" are
312 in fact coming from a place Christ does not acknowledge—"I know
313 you not whence ye are..." — so, go back to your own place! THESE
314 PEOPLE DO NOT SERVE CHRIST JESUS THE LORD —

315 So that's why the enemy has gained so much ground — the
316 remnant keeps thinking these people are on our side, when they
317 are not! And attempting to cooperate with them in our cause only
318 subverts our efforts into service to the other side, and ends up
319 syphoning off a huge amount of our time and resources.

320 Here you go! Everything done by the Nimrodians in America must
321 be done in the name of *love* and *truth*. This is how they fool so
322 many who think themselves Christians! They cast their evil deeds
323 in terms of *love* and *truth*. The wicked, coopting government's
324 power of coercion, manipulate the private companies, like Twitter,
325 behind a facade of *love* and *truth*. All who oppose their agenda to
326 rebuild and complete the tower of Nimrod today say we must
327 control speech in order to rid the public square of *hate*. We must
328 control what people say on Twitter in order to ensure the *truth* is
329 spoken, and not misinformation, or disinformation.

330 That's exactly like the mayor of Dallas who many years ago argued
331 she was going to require pastors to submit their sermons to her for
332 approval before they preached in order to insure there was not *hate*

333 *speech, or untruths* propagated in the pulpits of her city. There was
334 such an outcry against this; it fell apart.

335 But I guess America is ready for this now—there seem to be little
336 general outcry against the FBI intruding into the public space of
337 social media and using their power of coercion to intimidate with
338 implied threats of recriminations against the social media
339 companies that did not participate with the government's efforts to
340 ensure what is said on Twitter, Facebook, YouTube, etc. is *loving*
341 and *true*.

342 When the government attempts to become the moral conscience of
343 the people, the only thing the people get is TYRANNICAL
344 GOVERNMENT. The PEOPLE themselves, individually, and
345 personally, are the ONLY ones who have the MORAL
346 AUTHORITY to police what they say and hear.

347 Government cannot control misinformation or disinformation—
348 because that allows the government to DECIDE WHAT IS
349 MISINFORMATION AND DISINFORMATION. And we have a
350 daily example of why that's a bad idea. Giving government power
351 over truth and love necessarily leads to bringing the entire country
352 under the oppression of lies and hate!
