1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.
4 Jesus Christ is KING, and all mankind are His subjects!
5 Where is Damar? Is he in hiding? Hooded appearances, shuffling
6 along like he is dodging cameras, appearances that are not gives the
7 appearance that he's not~ Something weird is going down! Hey,
8 Sheila, calm down — yeah, you, Sheila Jackson Lee (D-Texas) —
9 I'm not vilifying Damar. You have to be careful these days, you
10 know, if Sheila thinks you are vilifying a "person of color" she will
11 accuse you of practicing hate speech, which, according to her
12 newly proposed law marks you as a white supremacist engaged in
13 hate crimes.¹ Anyone else think this has really gone off the rails? If
14 vilifying "persons of color" is hate speech, is not "white" a color?
15 Well, actually, technically, I mean, scientifically, NEITHER
16 BLACK NOR WHITE ARE COLORS.² Hah! Follow the science
17 and you find out that white light is the combination of all
18 wavelengths in the spectrum and black is a mixture of all pigments.
19 Well, enough intelligence on this stupid "persons of color"
20 nonsense, but the fact is, we are talking about shades of brown.
21 This constant stirring of racial tensions brings to mind Esther
22 Krakue's (Kraku) thesis that America is suffering from an identity
23 crisis!

24 "Made in China" is stamped on the COVID con. This will blow
25 your mind!

26 The MARK OF THE BEAST—how to identify it, and at what point
27 do Christian patriots oppose technological progress that we can
28 clearly see is taking us toward the MARK?

29 On the all important ELECTION front: Supreme Court in AZ
30 denied Kari's petition — she expects to take this to the Supreme
31 Court of the US — meanwhile, let this effort be used to inform the
32 higher court of the PEOPLE, and petition the only court with
33 world wide, universal jurisdiction and ultimate power, where we
34 have STANDING as kings and priests unto GOD—the COURT OF
35 HEAVEN — pray!

36 We'll see what happens today in the race for Republican National
37 Committee chair between incumbent, Mitt Romney's niece,
38 McDaniel, against the champion for election integrity, and getting
39 RID OF THE CURSED DOMINION MACHINES-MyPillow guy
40 Lindel, and the CA attorney that represented Trump's 2020
41 campaign, Harmeet Dhillon³ [Friday, Jan. 27, 2023] Lindel is my
42 first choice, Dhillon my second, but let's hope Ronna McDaniel is
43 denied yet another opportunity to undermine conservative hopes
44 for real change in the GOP.⁴ Mitt's niece came in for the 2018,
45 2020, and 2022 elections and used her influence to sabotage the
46 MAGA movement.

47 Let's see, yep! That's way more than I can hope to cover so I'll try to
48 zero in on the insights that will stimulate that mental euphoria
49 created by the BRAIN MASSAGE®.

51 [TRUTH]

52 Ghanian-Brit, Esther Krakue's (Kraku), is a writer, DailyMail
53 contributor and broadcaster. She caught my attention with her
54 thesis statement that America is suffering from an identity crisis!
55 She is watching what she perceives as a drama of confusion over
56 here — men can get pregnant? Really? Women can be men,
57 performing sex change operations on children—and she says all of
58 this makes Americans look foolish.⁵ Anyway, I thought Esther
59 nailed it on almost every point—but as I got to thinking about this,
60 an old familiar frustration welled up that I used to feel when
61 visiting Russia back in the early 90s — so many America watchers
62 only see the surface—Esther is right, but she is missing something
63 very important! What she is describing is not America—virtually
64 her entire case is constructed from incomplete evidence — it
65 rightly assesses movements within our culture and mistakes them
66 for culture—it's sort of like confusing the disease with the patient.
67 Americans, as a whole, are not buying in to this insanity, but
68 anyone watching our media would have to be forgiven for making
69 that mistake.

70 It's not America, but the anti-America elements in this country
71 trying to destroy America—nevertheless, I thought her insight was
72 profound, even though, upon reflection, it's so OBVIOUS.

73 I am convinced the anti-American forces working to destroy
74 America are attacking this countries sense of identity — from the
75 border crisis, to the constant stoking of racial tensions, to the
76 cancel culture, which started long ago with concerted efforts to
77 cancel Christian influence and even participation in public
78 education, and politics, and then in the public square generally—
79 think about it! That was the petri dish in which modern cancel

80 culture was cultivated, and from which it was injected into the life
81 blood of American life via media, and government policy until a
82 wicked and distorted version separation of church and state
83 became a sort of "American maxim" that got quickly reduced to
84 Christians have nothing to say about political or even social issues.

85 The identity crisis is manufactured: destroy our borders
86 undermining any sense of national identity. Flood America with
87 immigrants/illegal crossers from foreign cultures having no
88 interest in identifying as American—to be American by the way, is
89 not an ethnic identity, it's an ideological identity that is, essentially,
90 summarized in one profound idea: ALL MEN ARE CREATED
91 EQUAL, AND ENDOWED BY THEIR CREATOR WITH
92 CERTAIN INALIENABLE RIGHTS, that among these are LIFE,
93 LIBERTY and the pursuit of happiness. (Kamala has Obama's
94 aversion the CREATED EQUAL, and CREATOR ENDOWED
95 RIGHTS, and that bit about a RIGHT TO LIFE. At an abortion
96 rally, she appealed to the Declaration for support of murdering
97 babies in the wombs of their mothers: "We collectively believe and
98 know, America is a promise. ... It is a promise of freedom and
99 liberty, not just some but for all. We are each endowed with the
100 right to liberty and the pursuit of happiness."⁶

101 Excuse me! "We are each endowed with the right to liberty and the
102 pursuit of happiness." Why can't these people EVER get it right?

103 Listen, identifying as American is to align oneself with this
104 FUNDAMENTAL principle of LIBERTY. NO ONE WHO HAS A
105 PROBLEM WITH THAT CAN RIGHTLY BE CALLED
106 AMERICAN. THEY MIGHT OR MIGHT NOT HAVE
107 AMERICAN CITIZENSHIP—BUT THEY ARE NOT
108 AMERICANS.

109 Every single one of these antichrist people hate America as
110 FOUNDED—the heart of the DECLARATION is the HEART OF
111 AMERICA: "All men are created equal, and endowed by their
112 creator with certain inalienable rights, that among these are LIFE,
113 LIBERTY and the PURSUIT of HAPPINESS," and if you remove
114 this from the American corpus, you take away its heart and have
115 nothing left but a corpse.

116 O, we have an identity crisis all right—among those who in their
117 heart reject HEART OF AMERICA! But most of us are not buying
118 their effort to KILL AMERICA by stabbing her in her heart over
119 and over — every time these people attempt to excise GOD or
120 RIGHT TO LIFE from the Declaration, they are driving their
121 tongue like a sword straight through AMERICA'S HEART.

122 America is defined by this fundamental principle ensconced in our
123 declaration. Altering it ENDS AMERICA! A wise brother once
124 opined: "things that are different are not the same." If you change
125 something, IT IS NOT THE SAME THING. Remember, Obama
126 declared "America is no longer a Christian nation ..." and headed a
127 campaign to "transform America."

128 Yes, we have an identity crisis—manufactured by those who want
129 to "transform" America into something ELSE—something that is
130 NOT America. For from its founding, America self identified as a
131 Christian nation—the whole world acknowledged this from our
132 inception—Patrick Henry declared America is not built on
133 religion, but on the GOSPEL OF JESUS CHRIST, and our
134 founders, I think to a man, affirmed in many declarations, formal
135 and personal — that JESUS CHRIST IS KING, AND ALL
136 MANKIND ARE HIS SUBJECTS. We say, with Cromwell, NO
137 KING BUT CHRIST! And cry with Wallace: FREEDOM!

138 Hold on; I'll be right back!

139 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
140 at the Lighthouse, your brain masseur, and Paul Revere's lantern
141 lighter, lighting the lamps in the church belfry arch, signaling the
142 enemy is on the march, an enemy that would steal from us our
143 liberty.

144 "Made in China" is stamped on the COVID con. This will blow
145 your mind!

146 Let's see if I can organize this succinctly!

147 Okay, let's start here. You heard about the discovery of classified
148 documents at the Biden Center at the University of Pennsylvania
149 (affectionately called UPenn), and all over Washington, and
150 Delaware, but that's beside this point — and you know about
151 China making huge multimillion-dollar donations to UPenn, in
152 excess of 50 million, followed by another 17 million, and these are
153 the donations we know about. China has a huge investment in
154 UPenn, and UPenn is connected with Biden at the hip, who is
155 owned by the CCP in China. All of this, you know. Now, keep this
156 this in mind.

157 There has been a curious developing story coming out of the
158 narrative factory of the globalists propaganda outlets we used to
159 call the "main-stream media." But that's changed. Maybe that's
160 because most Americans actually don't get their news there any
161 more. But that also is beside the immediate point. A careful
162 analysis of news stories collected and arrayed in order over the
163 period "they" have been running their COVID con reveals a
164 curious story about CHINA and the origin of COVID, and the
165 relationship between CHINA and the mRNA vaccinations. Follow
166 closely class!

167 The backdrop: stories began in the 2020s telling us about
168 heightened official US concern about China's encroachment
169 against the IP rights of American companies, when the US is

170 clamping down on China.^{7 8} China has never waited for American
171 business to grant rights to their products — they take our products
172 and reverse engineer them; or they steal the designs and formulas,
173 and if this does not work, they buy them through back channel
174 deals and stuff. Nevertheless...

175 China, we are told, could not use the mRNA technology because
176 Moderna refused to give their IP to China. What is IP? In this case,
177 we are talking about Intellectual Property rights.⁹ Go here, and
178 here to read stories about Moderna refusing to give their IP rights
179 on the mRNA vaccines to China.^{10 11}

180 Concerned, no doubt, because the WTO (World Trade
181 Organization) was talking about a temporary IP waiver for COVID
182 meds — this no doubt provoked the pharmaceuticals to stiffen
183 their resistance to this.¹²

184 Then Biden, the guy every body knows has his hands super glued
185 to the wallet in Xi's back pocket, is talking about providing IP
186 waivers that would allow China (and Russia, by the way) to go
187 forward with development of mRNA vaccine manufacture. And,
188 by the way, this is because Biden is so good a man that he wants
189 everyone to have the vaccines. Of course, right now there is a
190 global glut of vaccines: yeah! CEO of India's Serum Institute has

214 Bloomberg, "China's mRNA Covid Shot-Maker Expects Efficacy
215 Data by Year End." That article appeared in September 1, 2021.¹⁷

216 This is getting interesting! I'd love to recap but time will not permit
217 at present. I hope you are following this. Get my notes.

218 So, CCP China has been manufacturing mRNA vaccines for a
219 while — in fact, get this. Guess where the mRNA breakthrough
220 occurred moving the Pharmas forward in producing this mRNA
221 vaccine? Did you guess University of Pennsylvania?¹⁸ If you did,
222 give yourself a pat on the back. Reading from this source:
223 “Scientists have studied the use of mRNA as a novel therapeutic
224 since the early 1990s.¹⁹ However, it wasn’t until 2005 that a group
225 of researchers at the University of Pennsylvania published findings
226 on mRNA technology that have since been deemed critical to the
227 development of mRNA based therapies⁶. SEC filings highlighted
228 by Knowledge Ecology International reveal a series of sublicenses
229 for mRNA-related patents that stem from the University of
230 Pennsylvania to both Moderna and BioNTech.^{20 21 22} The 2017
231 filings indicate that the University of Pennsylvania exclusively
232 licensed their patents to mRNA RiboTherapeutics, which then
233 sublicensed them to its affiliate CellScript. CellScript proceeded to
234 sublicense the patents to Moderna and BioNTech; however, the
235 patent numbers are redacted in all the filings, making it difficult to

236 determine which are relevant to the production of COVID-19
237 vaccines.”

238 Wow! This reveals a lot more than it might at first appear. Clearly,
239 not only did this pandemic originate in the Wuhan lab, it's looking
240 more and more like the CCP set this up to attack America, and
241 really, the whole world. The move of China on UPenn started as
242 soon as Biden left office in 2017. UPenn had already discovered the
243 break through to develop the mRNA vaccines, and anyone paying
244 attention knows this whole COVID thing is ABOUT THE
245 VACCINE baby! It's about destroying the American economy and
246 getting everybody jabbed. The only reason to lie about CCP
247 obtaining IP rights to develop the vaccine is because it would
248 certainly have been just too much for American's to absorb—new
249 coronavirus leaks from the Wuhan lab in China, and China was
250 already involved in creating the "vaccine" that would be used to
251 address it?

252 And China, by the way, has a virtual monopoly on everything
253 COVID — it's origin, the manufacture of PCR testing, the
254 treatment protocols, mitigation protocols, masks, needles for
255 injections, you name it, CCP is raking in multiple billions, and it's
256 not hard to suppose trillions from this pandemic.

257 Then consider that China has been raking in dna samples from all
258 over the world and especially interested in dna samples from
259 America. Long before, by the way — back in 2015 China hacked
260 into Blue Shield Anthem and got off with all sorts of dna records.
261 And more recently, China has been blackmailing countries — give
262 us access to your dna or you don't get our vaccine.²³ This is back in

265 tells us about Gertz²⁵ article in the Washington Times warning that
266 China was, in 2020, trying to develop diseases that would target
267 DNA.²⁶ He also reveals that while China is a member of what is
268 called the BIOLOGICAL WEAPONS CONVENTION, which
269 prohibits development of bio-weapons, there is meaningful way to
270 monitor compliance and, well, it's CCP China folks. And Chung
271 further reveals that CCP sent their premier bio-weapons expert to
272 Wuhan, ostensibly to do "clean up" after the "leak." I'm just saying!

273 All of this while Bill Gates, whose connections to CCP have already
274 been noted earlier, and his interest in using vaccines to, well, let's
275 just say what he said — pointing to a list of three contributors to
276 so-called global warming, the first being population — that he
277 hoped through vaccine development to reduce one of them,
278 chuckle, chuckle, by 10% — or something to that effect. Let's just
279 say, you know, reduce the surplus population! Anyway, Gates is
280 warning, some say threatening us all with another attack from a
281 man made virus that will be much worse than COVID.^{27 28}
