16 The Trans Bill of Rights — when Trans folk demand their rights,
17 what rights, exactly, do I have that they don't. Or is this not about
18 rights at all—but about something else?

19 I've run into a little confusion regarding this Bill. Marjorie Taylor
20 Greene, and several articles I found talk about a BILL that codifies
21 a table of special rights protecting Trannies! But I cannot find the
22 Bill — I find a Resolution — H. RES. 1209.¹ A Resolution does not
23 have the authority of a BILL. And some of the specifics in the Bill
24 that are addressed by Representative Greene are not found in the

¹ <https://www.congress.gov/bill/117th-congress/house-resolution/1209/text> See PDF 929.2.3

25 Resolution. So, maybe this is one of those Bills that have to pass
26 before we can know what is it in it?

27 I'm guessing it's being talked of, and/or a draft is being circulating
28 among the Representatives, but it has not been formally presented
29 to the Congress.

30 Sometimes a Resolution is used to test the waters for members
31 support, and to pressure members to commit their support in
32 advance, and that partly by ginning up some favorable publicity in
33 advance of presenting the Bill. Also, my time is limited, so maybe
34 it's out there, but I did not find it. Therefore, I'm depending on
35 Marjorie's reading of it.

36 Here is what Marjorie tells us. The Trans Bill of Rights will amend
37 the Civil Rights Act, the Fair Housing Act, and the Equal Credit
38 Opportunity Act to ban discrimination based on gender identity.

39 Before I get into Marjorie's very perspicacious analysis, my first
40 question is who is denying civil rights to Trannies? Has anyone put
41 up a sign over a drinking fountain that says, NORMIES ONLY, or
42 NO TRANNIES ALLOWED? Has anyone seen a sign in a store
43 window that says, TRANNIES NOT WELCOME? No? Hmmm. So
44 what is driving this? Marjorie perceptively points out what this
45 accomplishes: it "means Trans become a protected class." And what
46 that means is Trans rights eclipses women's rights. "Men
47 pretending to be women would not just be equal to women in all
48 areas, they would be PREFERRED and ABOVE all women."

49 In other words, if there is a conflict between women's rights and
50 Tranny rights, trannies win. This whole Trans movement is an
51 assault on women, and children too! It is a method to elevate
52 perverted men into a special privileged class. Are there any real
53 MEN out there who will step up and DEFEND our women and
54 children? We are in new territory here, but hey, if my wife, or any
55 lady I know is in a restroom and some perverted man dressed like a

56 woman attempts to enter, he is going to be barred entry. Listen
57 ladies, you want this nonsense to stop. Next time some pervert
58 enters your restroom, I don't know, scream rape — well, okay, pull
59 out your mace and give him a count of three to get out, or let him
60 have it. You are going to have to DEFEND YOUR RIGHTS against
61 this kind of abuse. I wonder if there are any MEN out there who
62 will step up and confront these wicked confused perverts and
63 PROTECT our WOMEN AND CHILDREN. Where are the men?

64 Next Marjorie observes the Bill calls for improving conditions for
65 trans in jails and asylums. They should be afforded every
66 protection afforded to any inmate, of course. And if this is not
67 happening, existing laws are sufficient to remedy the error. But,
68 once again, you see, it's not because there is so much abuse in this
69 issue that we need a law to protect them—it's because the trannies
70 want to be housed with the opposite sex, which violates the rights,
71 and the natural dignity of those inmates. But already we begin to
72 see what is at the heart of this — this provision requires that
73 Trannies are given PRIORITY to asylum seekers. So, if a hundred
74 asylum seekers come to the border, and one of them is a Tranny,
75 call that one to the front of the line — give them PRIORITY. It's
76 not about ensuring they are equal before the law; it's about giving
77 them a special status before the law.

78 Another provision is a ban on conversion therapy. The Trannies,
79 like the Homos, don't like it when a fellow Tranny or Homo
80 decides to leave the gang! "Conversion" for that crowd goes only
81 one way — from straight to queer. If you want to go from queer to
82 straight — forget about it! Can you imagine any situation where it's
83 okay to deny health care on the basis that providing it admits you
84 are sick? Yeah, that's the reason they want to ban conversion
85 therapy — it means someone has decided being transgendered is
86 undesirable and they need "therapy" to come out. But the stories of
87 young people who were duped into going trans and later regretted

88 it are piling up! See the hypocrisy! You can't "deny medical
89 treatment to trans" unless they want to detransition — yeah, that's
90 a word! And it's a growing phenomenon! Nature has a built in
91 resistance to being forced into a contradiction of itself. It creates
92 emotional and mental conflicts that lead to suicide — Trans kids
93 are killing themselves. Here is an article from NIH, heard of them?
94 It's titled *Suicidality Among Transgender Youth: Elucidating the*
95 *Role of Interpersonal Risk Factors*,² where I read, "Data indicate that
96 82% of transgender individuals have considered killing themselves
97 and 40% have attempted suicide, with suicidality highest among
98 transgender youth." You see the pressure they are under? Nature
99 itself rejects it! Romans 1 makes it clear, for example, that nature
100 itself rejects same-sex relations — and don't get cute, you know
101 what I mean — the internal contradiction experienced by these
102 folks is intense and they have to be constantly reinforced against
103 the natural rejection of their contradiction. An then they find
104 themselves surrounded by a community suffering from psychosis
105 of paranoia. You think a guy has a problem who imagines he is
106 being followed when he is not, how about a guy who thinks he is a
107 girl, and is not? By the way, what is *psychosis*? According to the
108 science of mental health, it's "a combination of symptoms resulting
109 in an impaired relationship with reality."³ Yeah, I'd say any
110 biological male who actually believes he can have a period, and
111 when he misses one, is pregnant — yep! Psycho!⁴ Well, hopefully
112 not. But Tranny Audrey Hale certainly fit the description of a
113 *psychopath*.

114 Then Marjorie tells us this Bill dubbed Trans Bill of Rights includes
115 a call for the codification of Roe making abortion legal in all fifty

116 states. Since I don't have the Bill in front of me, I cannot explain
117 any rationale that includes a right to murder babies in the wombs
118 of their mothers with Tran rights!

119 The Trans Bill of Rights calls for prohibiting churches and pastors,
120 or any clergy, from withholding services to trans people on
121 religious grounds; and this, of course, destroys religious liberty.
122 They want Christians to participate in murdering babies and to
123 affirm homosexual and transsexual ideologies. It's a mechanism by
124 which the State thinks it can FORCE Christians to deny Christ and
125 affirm that the STATE is LORD over JESUS. The GOSPEL requires
126 all believers to swear an oath to CHRIST Jesus in their confession:
127 "If thou shalt confess with your mouth the LORD JESUS ..." and
128 Jesus calls all His disciples to a loyalty of love that exceeds all the
129 greatest bonds of humanity, including marriage and family; and
130 Peter's response to this specific challenge is classic: in a conflict
131 between loyalty to Christ or loyalty to government, we say, the
132 government is NOT GOD, JESUS IS!

133 Next, Marjorie tells us the Trans Bill of Rights calls for education
134 laws to guarantee students have the right to participate in sports
135 that aligns with their gender, and use facilities that correspond to
136 their preferred gender — and of course that destroys Title IV and
137 women's rights. Will anyone stand up to protect the women and
138 the children? Why am I hearing from Marjorie on this and not
139 every man in Congress? Do any of you men in Congress, any of
140 you have a daughter, a wife, how about a mother.

141 They also demand schools provide curriculum and books that
142 "accurately portray the 'substantive history and identity of
143 LGBTQI+ people and Black and indigenous people of color."
144 Accurately according to whom? You want to use a book written by
145 me on this subject? Not likely! What is the purpose of presenting
146 the sexual identity of this or that character — unless the gender
147 identity contributed in some significant manner to the

148 achievement? The only purpose is to use such people as recruiters.

149 No one has to recruit a man to be a man, he already is a man.

150 Marjorie rightly perceives this is about getting access to our
151 children with pro tranny propaganda. She says this would "undo
152 the ... Parent's Bill of Rights."

153 Finally, Marjorie tells us the Trans Bill of Rights cancels all those
154 great laws being passed in Florida and Tennessee, and some other
155 states too, against exposing minor children to trans surgeries,
156 puberty blockers, and hormone therapy.

157 Okay, I'll need to go to break! Listen, it is impossible to give to any
158 group special rights without infringing upon the natural and
159 inalienable rights of others. Every human being has the same rights
160 as any other — special RIGHTS violates the whole concept of
161 divinely endowed rights. Every human being is equally endowed by
162 our creator with the same inalienable rights.

163 Let's take a short break. I'll be in Wheatland with a dear friend and
164 colleague, Pastor Brandon Campbell and Faith Baptist Church this
165 Sunday, then I'm honored to have the opportunity to speak at the
166 Capitol Connections. This organization is working to stand in the
167 gap for California, encouraging pastors to don the "black robe" (a
168 quaint allusion to the famous pastors that joined the Revolution
169 effort and came to be called the "Black Robe Regiment")⁵ You pray
170 I'll deliver exactly what message the pastors, politicians, and all else
171 in the assembly really need for this hour.

172 Hold on through the break! I'll be right back!

173 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor

178 Update on the ongoing war with the Chinese Communist Party.
179 You've heard me or others talk about the statements Chinese
180 military have made concerning their intentions toward the US —
181 it's tantamount to declarations of war. If you are up to speed on the
182 election theft revelations—you know about Eugene Yu, CEO of a
183 software company that sent US election worker information to his
184 CCP counterparts in China.⁶ That's not a conspiracy theory —
185 that's a conspiracy fact. You have heard that the Dominion voting
186 machines used in the US are *made in China*. You have heard that
187 they are accessible via Internet and are provided with USB ports,
188 and that we have images of these machines showing tabulator
189 manipulation — yeah, all proven! The vulnerabilities of these
190 machines for election theft are all now well known to all whose
191 head is not buried in the proverbial sand. Those who can't see it,
192 are the same people, pretty much, who can't see that a man cannot
193 become pregnant.

194 CCP attacked our election. And by now you are aware that even
195 the Fauci facade is beginning to crack, and his story is breaking
196 down — they guy was funding gain of function, trying to create a
197 bio-weapon, he got exposed and a Republican Congress banned his
198 work, so he and Obama put together a work around to send the
199 work to the Wuhan Lab — where it got "released" into the world —
200 by now you know the CCP banned all flights from Wuhan to any
201 internal China destination, but let all international flights out of
202 Wuhan [INSERT FLIGHT MUSIC] — That's likely the music that
203 American was listening too as he boarded the flight home from
204 Wuhan—sick with COVID.

205 You already know about the thirty Senators that are owned by the
206 CCP. No? Really! Read *Security Risk Senators* by Trevor Loudon.
207 And of course, you know all this started with Clinton providing
208 access to our top secret military Intel during his presidency, which,
209 coincidentally, coincided with the Chinese YEAR OF THE RAT.
210 Get that book too, by Edward Timperlake and William Triplett II.

211 Oh, and you are aware that the CCP totally own the Biden crime
212 family. So, let's give you an update.

213 We, that is the US, are adding five bases in the Philippines, we just
214 worked out a deal with Australia to provide nuclear subs, we don't
215 have a good base to hit China, you know, so! And our State
216 Department is busy encouraging S. Korea to increase their forces,
217 and negotiating to place more US nukes in that region.

218 Things are getting desperate for the Globalists, the World
219 Economic Forum crowd, and their use of fiat currency to transfer
220 the world away from a wealth backed currency to a worthless paper
221 currency controlled by the Central Bank — that is propped up by
222 the production generated by war. The whole world, it seems is
223 turning away from the Dollar — and increasingly, other nations
224 are finding refuge in the Yuan — that's the Chinese currency, by
225 the way — and while the current economic system needs to be
226 broken and our IN GOD WE TRUST instruments of trade needs to
227 be connected to real wealth, physical wealth, like gold, or silver, or
228 other stuff produced by labor that has intrinsic value, we don't
229 want it to BREAK BAD — and for the economies of the world to
230 fall into the power of the CCP.

231 I don't think Biden is working for the interests of America, or the
232 CCP — he is a rat! His loyalties are centered on himself — he is a
233 traitor to everyone and everything outside himself and his
234 interests. No one can trust him, and the CCP know that! So we are
235 being dragged into war and the only way to stop it is if GOD has

236 mercy and restores the rightful president to the oval office and sets
237 this country back into the power of the righteous.

238 I'm going to have to hold my comments on The Ukraine Intel leak,
239 and what it means for tomorrow night (Saturday night) for our
240 Comfort & Counsel visit. Let's go to Preparing for the second
241 pandemic wave! I'm going to let you hear from Dr. Tess, a COVID
242 truth advocate who is passionate about accountability for the
243 Democide of 2020 — A few things to understand to follow this
244 poem written by Margaret Anna Alice called IT WAS NOT A
245 MISTAKE: An Anthem to JUSTICE.

246 First, the word Domocide refers to murder by government. She
247 refers to the Holodomor genocide — that's Stalin's famine and
248 genocide of 5 million by starvation, torture and execution — 3.9
249 million were Ukrainians being punished for daring to resist Stalin.
250 She also refers to the GREAT LEAP FORWARD — in case you
251 don't know, that's Mao's genocide against the Chinese people in
252 which he murdered over 45 million. You've heard of the killing
253 fields of Cambodia by Pol Pot — a blurred reference to the
254 University of Minnesota genocide of American Indians — so, with
255 that, listen to this and understand the one most important thing we
256 must do to prepare against the coming second pandemic wave.
