

Brain Massage®: Show No. 940 Are Gays a Problem? / The Greatest Candidate Threatening Trump is Not Republican / The Great Awakening

Dr. Jerry Scheidbach

Original Air Date: 07.01.23

1 Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the
2 Lighthouse Baptist Church in Santa Maria, CA—and your brain
3 masseur—get ready for your brain massage.

4 Some encouraging rulings coming down the SCOTUS!

5 Let's examine the question are gays a problem we should be
6 concerned about?

7 I pledge my unwavering support for the President—Donald J.
8 Trump! We face serious challenges moving into the 2024 election
9 and it would be foolish to ignore them. So I'm doing a series
10 addressing these challenges. Today, I want to point out what I
11 believe could be the candidate challenge Trump should watch.

12 My thoughts on the newest offering from the Plandemic Series:
13 *The Great Awakening: A Documentary Experience from the*
14 *Creators of Plandemic.*¹ Let me go on record as endorsing this film
15 and encouraging every patriot to view it. Let me also alert you to a
16 few things lacking in the presentation, and how this is an example
17 of a problem we must address in the conservative camp!

18 To make a man an offender for a word! MI has gone over the top,
19 passing a law that will make misspronouncing someone a felony
20 punishable with fined up to \$10,000 dollars. Really?

21 I'll not likely have time to address the burgeoning AI threat —
22 except incidentally in my evaluation of *The Great Awakening*, but
23 we'll see about providing a more thorough look during one of my
24 Brain Massage® livestreams: *Comfort & Counsel* — I go live
25 Tuesday, Thursday, and Saturday and you'll need to get on the
26 notification list to know when I'm going to show up. To do that, go

33 [TRUTH]

34 Some encouraging rulings coming down the SCOTUS! A divided
35 court outlawed affirmative action in college admissions — strikes
36 down policies of admissions based on race.²

37 A postal worker forced to work Sundays won his case: The
38 Supreme Court solidified a 1970s decision requiring employers to
39 make all reasonable concessions to workers who conscientiously
40 request to be given Sunday's off to attend worship.³

41 A Christian graphic artist was sued because he would not design
42 for homosexual weddings — the SCOTUS ruled in his favor —
43 Christians cannot be FORCED to give services to persons engaging
44 them in participation with activities that violate their sincerely held
45 religious beliefs.⁴

46 Biden's bid to "forgive" student loan debt defeated. Yeah, how
47 about that? Biden can't decide to wipe out student indebtedness
48 unilaterally since, go figure, the office of President DOES NOT
49 HAVE THAT POWER — the purse strings are placed under the
50 control of the CONGRESS. Not even a usurper tyrannical
51 President can just completely destroy the Constitution. That's good
52 news. Way to go court!

53 Hopefully, this portends a conservative inclination in the court as
54 we anticipate some massive election fights to reach the court soon.

55 Let's examine the question are gays a problem we should be
56 concerned about? Very honest men, conservative, and God fearing,
57 often take the position that homosexuals are not our problem.
58 They point out that it's only a small fraction of that community,
59 the militant activists types, that concern us. This is a legitimate
60 question, and God fearing Christian Patriots need to sort it out
61 from within a biblical world-view.

62 I heard it again — from a conservative I respect — Gays aren't our
63 problem! O, really?

64 Okay, I get the point Trump, and some other conservatives are
65 trying to make with this. In a show awhile back, I mentioned that
66 one of the challenges facing Trump with his Christian base is his
67 attitude toward homosexuals. It's disconcerting to Christians when
68 he talks about how proud he seems to be to have their support, and
69 the fact that he was the first President to appoint an openly gay
70 cabinet member. Why make a point of this?

71 I mean, would we make a point of appointing a whoremonger to
72 our cabinet—would we say, oh, looky here, I've overlooked the
73 sexual proclivities of this serial fornicator—you might appoint
74 someone who has that predilection, but would you boast about it?
75 You pick the best guy for the job, and most applications to enquire
76 as to sexual proclivities — so you don't wrap up a hire in
77 statements that advance some immoral behavior, like, see, I like
78 whoremongers too. I don't subscribe to the value that jumping
79 from one bonus hole to another — that might be a bit inside for
80 some of you — jumping from one guy to another, or from one girl
81 to another, is something to be promoted in society, to be singled
82 out and made a point of when hiring someone — so why make a
83 point out of hiring someone whose sexual proclivities violate some
84 other divine LAW OF GOD?

85 I do understand! But do you get what I'm saying? Do you really
86 want to promote this lifestyle choice? Or are you really making a
87 statement that you buy in to the "born that way" myth. That's been
88 totally debunked — the Queers don't even like it. It was useful for a
89 while to put opposition to their behavior off balance — like it's just
90 a fetus was used to advance abortion. No one bothered to check
91 and see that fetus means little child, but bobble heads are like that.
92 They think emotionally, not rationally.

93 Homosexual behavior most certainly ought to be regarded with
94 contempt and disgust. It is a deadly behavior — reducing the life
95 expectancy of homosexuals to roughly half that of normal men.

96 It's blatantly contrary to the laws of GOD, and to NATURE
97 ITSELF. Romans 1:26-27 clearly states the behavior is not only
98 contrary to God's laws, like adultery, and fornication, and incest,
99 and child abuse — it goes farther and crosses another barrier.
100 Homosex violates the nature barrier — it's against nature. When
101 one behaves contrary to ones own nature, it necessarily causes
102 damage. The Bible makes it clear those who engage in this behavior
103 receive in the body the "recompense of their ERROR which was
104 meet" (Romans 1:27). If you want to read about the destructive
105 consequences of engaging in this behavior, I provide a note here
106 that will take you to the information.⁵ The sources include the
107 *Journal of the American Medical Association*, *American Family*
108 *Physician*, and others, like the Council on Scientific Affairs.

109 It's a deadly behavior, and this breach of nature breaks open a
110 whole host of related errors. You are seeing it play out before your
111 eyes. Now pedophilia is being called a natural attraction.

⁵ For documentation supporting this concern see the following: Council on Scientific Affairs, "Health care needs of gay men and lesbians in the United States," *JAMA*, May 1, 1996, p. 1355; M. 112 A meme is circulating saying Facebook allowed an ad to run that
113 depicted an adult with a little girl, and saying "Pedophilia is a
114 natural sexual orientation."⁶ I spoke to this on Wednesday night
115 from my pulpit, and I warned I had not vetted the meme. However,
116 I went with it because I know for fact this is being said right now,
117 and some are attempting to introduce this idea into our culture.

118 I did get a chance to vet that, and sure enough, it's a fake ad. It did
119 not run on Facebook, and TED did not endorse the ad. So, what's
120 the story?

121 The ad was created from a stock image to bring attention to TEDx
122 conference that featured a speaker who gave a "controversial
123 presentation" on the subject of "Why our perception of pedophilia
124 has to change."⁷ Change to what? Well, here it is, "pedophilia is an
125 unchangeable sexual orientation."⁸ — By the way, TED refers to
126 Technology, Entertainment, and Design, and the organization
127 sponsors conferences on these subjects. TEDx is a loosely
128 associated branch off the popular TED talks, and provides a
129 platform for private persons to do a TED like conference. So what
130 happened is this. Some folks who objected to the TEDx conference,
131 created this meme as a way of bringing attention to it. Apparently,
132 they did not understand the distinction between a TEDx and a
133 TED talk. Then the meme was posted on Facebook, but not as a
134 paid advertisement. So now that we got all that cleared up.

135 The acceptance of the unnatural behavior of homosexuality,
136 something God calls an abomination, opens the door to accepting
137 other perverse behavior, such as pedophilia — if you argue that
138 homosexuality is an unalterable sexual orientation, then — well,
139 you get the point. When are they going to argue that rape is
140 another unchangeable sexual orientation? Well, that's going to far.

⁸ Ibid.

141 Really? I'd say an adult taking advantage of the innocence of a
 142 child, and perversely sexualizing that relationship earns a special
 143 place in hellfire where their damned soul will burn like a fagot until
 144 it's brought before the Great White Throne, and cast into the
 145 LAKE OF FIRE where it will swim in fire for eternity. Ask Jesus
 146 what He thinks about this. Read Matthew 18 and pay attention! It
 147 would be better for these miserable abusers of children to have a
 148 millstone tied to their filthy necks and cast into the sea. And it
 149 would be better for them to cut off their wicked feet that carry
 150 them to the wicked deed, and their wicked hand they use in the
 151 wicked deed, and pluck out the foul and wicked lusting eye they
 152 feed by their child porn and child abuse — Jesus said THAT
 153 WOULD BE PREFERED to what they are going to GET — and
 154 that's the fiery torment of HELL.

155 And you want to tell me Gays are not the problem. Like I said, I get
 156 the point, but are you going to get mine! I understand that not
 157 every homosexual is walking in full nudity in public like these at
 158 the Toronto Gay pride march. Full nudity in front of kids is fine
 159 during Pride events, Toronto police say. You want pictures. Here!
 160 Viewer discretion advised.

161

162 I know you don't want to see it! But it might be a good idea for you
163 to know what your indifference, your keeping your head in the
164 sand, your unwillingness to allow your sensitive sensibilities to be
165 shocked into ACTSION against this behavior—something to
166 encourage you, just maybe, to GET IT! The behavior is NOT
167 OKAY, and if you subscribe to the broken window principle —
168 how about you object to breaking the window of natural sexual
169 behavior in order to stem progression to these more outrageous
170 evils.

171 And yet a Christian who shows up and reads some Scripture at a
172 Gay Pride event is arrested for indecent and indecorous behavior.

173 Okay, let's take a short break. I'll be right back!

174 Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor
175 at the Lighthouse, your brain masseur, and Paul Revere's lantern
176 lighter, lighting the lamps in the church belfry arch, signaling the
177 enemy is on the march, an enemy that would steal from us our
178 liberty.

179 I pledge my unwavering support for the President—Donald J.
180 Trump! We face serious challenges moving into the 2024 election
181 and it would be foolish to ignore them. So I've been addressing
182 these challenges. Today, I want to point out what I believe could be
183 the candidate challenge Trump should watch. The biggest threat to
184 Trump in 2024 is not DeSantis, or any Republican. It's a Democrat
185 that's talking seriously and sensibly about the vaccines. How
186 Robert Francis Kennedy bringing common sense back to the
187 Democrat Party?

188 The reason RFK is gaining attention among conservatives
189 suspicious of the Republican Party is that he is talking frankly and
190 honestly about the vaccine problem.

191 I've said right along, and I mean back when Trump was talking
192 about deploying against COVID like a military operation, and

193 turning policy entirely over to the control of Fauci and Birx and
194 the government medical establishment—I mean, I understand why
195 he made those moves, he certainly was "put in a box," and it's
196 possible that was the only move he had—he never gave in to the
197 mandated lockdowns, masks or vaccines — but he promoted the
198 vaccine and hold it out there as a signature achievement—and I
199 said back then that if this accelerated roll out does not go well,
200 they'll pivot and drop all the blame on Trump.

201 Anyway, if you watched Newsnation Town Hall with Robert F.
202 Kennedy, Jr. you watched that man demonstrate a high degree of
203 knowledge about this issue. You watched him literally school a
204 medical doctor who tried to take him on — and explain thoroughly
205 that he is not an antivaxer but believes the current system is
206 exposing the American people to great harm by not properly
207 studying these vaccines before they are released.⁹ I can't transcribe
208 it here, but you should follow the link I provide and give this a
209 listen. It will be an eye-opener, when you find out none of the
210 childhood vaccines routinely administered in the US are actually
211 good for your children!

212 Now, RFK also dives into the fact that the military industrial
213 complex is involved in the COVID vax, he points out that Pfizer
214 and Moderna were pressed into service by the Military to put their
215 brand on it, but that it's actually created by the military—or, and
216 this is something I brought out a while back—it's a military
217 weapon, which sets it outside of civilian oversight. Whoah!

218 So now we know Fauci, Barrick, Collins, and Deszak were all in
219 cahoots working on this thing, that when a newly seated
220 Republican Congress in 2014 stopped the gain of function research
221 activity of Fauci, et al., Fauci, under the oversight of the Obama
222 administration, moved the research to the Wuhan lab, and Collins,

⁹ https://twitter.com/P_McCulloughMD/status/1674371071796035586?s=20

223 director of NIH, continued funding it, in defiance of Congress,
224 through EcoHealth Alliance, and Barrick continued visiting the
225 Wuhan Lab and offering assistance to the bat-lady and her
226 research, and when it came time for a vaccine, the military came in
227 and took over the work already being done in advance of the
228 release of this virus to cash in — it's a mess folks. It's a mess of
229 snakes all writhing over each other — and I'm not stretching my
230 metaphors — fact is, this virus includes COBRA venom — uh huh!
231 It gets very closely connected to the SERPENT himself.

232 Meanwhile, Gates is working on a vaccine delivery system that will
233 bypass voluntary consent altogether — here you go! "Gates
234 Foundation has been funding all sorts of genetic engineering of
235 mosquitoes, and there's a lot of talk about using mosquitoes and
236 mosquito bites to help vaccinate certain populations."^{10 11 12 13}

237 The vaccine issue is going to gain increasing attention and as it
238 does, guns are going to start firing at Trump. They will use
239 ANYTHING to stop him. I trust Trump has thought through how
240 he will address this issue.

241 Is he going to start talking about this stuff? Maybe he has and I've
242 not caught it. From America's Front Line Doctors: "The UCSF
243 Chief Medical Officer has issued a verbal directive that medical
244 staff (doctors, nurses, techs, etc.) are specifically instructed NOT to
245 associate the COVID vaccine to any injuries. So even if they believe
246 the vaccine caused the injury they are NOT allowed to talk to the
247 patient about it."

248 Steve Kirsch is talking about the Amish phenomenon. They don't
249 do vaccines—and guess what, you never find any kid with ADD,

250 autoimmune disease, PANDAS, or PANS, or with epilepsy among
251 the Amish. Nor do you find any of this in children that were not
252 vaccinated. The US government has known this for decades — but,
253 it does not fit the narrative! So you never heard about it.

254 Get it! They don't tell what they don't want you to know. If people
255 are being injured by the vaccines, they order their personnel to
256 hide that from you.

257 I'm running out of time here and I really want to address, at least
258 get started, on looking at this new movie release *The Great*
259 *Awakening: A Documentary Experience from the Creators of*
260 *Plandemic*.¹⁴ Let me go on record as endorsing this film and
261 encouraging every patriot to view it. Let me also alert you to
262 something that really troubled me. It's something I've noticed
263 consistently any time any western journalist gets brave enough to
264 talk about China's horrible record for persecuting people of faith.

265 The guy that produced this is Mikki Willis, he is an investigative
266 film maker. And he does an excellent job — I mean it's clear he has
267 done his research and presents a top quality documentary. He was
268 a Bernie Bro until he started *thinking* about it all and noticed the
269 connection between Bernie's policies and rhetoric to Communist
270 propaganda. He saw through the Bernie call for a "political
271 revolution" the rallying cry of the Bolshevik Revolution, and Mao's
272 revolution — he began to hear as it were the Marxist rattle of the
273 serpent's tail in the anti-God and anti-family policies needed to
274 bring about Bernies political revolution.

275 So he put together this wonderful video that intends to AWAKEN
276 AMERICA — he does a great job bringing out the phenomenon of
277 Mass FORMATION, something I'll talk about tomorrow night
278 during our livestream visit — fascinating insight and information.
279 He talked about the effect of chronic fear and loneliness

¹⁴ 940.16.1-Plandemic Series _ Official Home of The Great Awakening <https://plandemicseries.com/>

280 exacerbated through isolation. And how all this plays into the plan
281 to bring an entire population to its knees begging their oppressors
282 for relief from their misery!

283 But at 37:56 he begins talking about China's abuses against
284 religious liberty. And I was stunned that he talked about the
285 Muslim oppression against the Uyghur, and the Falun Gong, which
286 is a Hindu sect, at length, mentions the Buddhists, and does not
287 speak ONE SINGLE WORD ABOUT THE OUTRAGOUS
288 CHRISTIAN PERSECUTION that has been ongoing far longer
289 than any of this. In fact, Xi's wife has made it her personal passion
290 to rid China of all Bible based Christianity. Christians continue to
291 be the most hounded, persecuted, and tortured religious group in
292 China — and yet NOT ONE WORD!

293 And if you don't think that's because Xi would become real
294 interested in this, you are wrong! He knows the Muslim Uyghurs
295 and the Hindu Falun Gong, or the Buddhists, are not going to
296 shock the West into action like what would happen if they told the
297 full truth about Christian persecution. Now I think that's too bad!
298 But Xi knows his enemy! Now I'll let you in on another level of
299 insight here.

300 The prince of the power of the air, Satan, the spirit that works in
301 these children of disobedience, he is not threatened by Uyghurs, or
302 Falun Gong, or Buddhists — his only threat comes from
303 CHRISTIANITY. When it comes to revealing the truth about sex
304 trafficking children, and the truth about persecuting
305 CHRISTIANS, that's where Satan will dig in and fight ferociously
306 to protect this — because JESUS is very protective regarding the
307 LITTLE ONES, and His own sheep.

308 Gotta go! In parting, MI has gone over the top, passing a law that
309 will make misspronouncing someone a felony punishable with fines
310 up to \$10,000 dollars. Really? So, I'm going to read something to
311 you from the BIBLE:

312 Oh oh! Bible Thump Alert, Bible THUMP ALERT — I'm about to
313 read from the book our founders cited more often than any other
314 single book, but that if you read from it today, you'll be scoffed as
315 eccentric, or as — well, you'll get arrested if you read it at a
316 PERVERT's Pride March — so, you've been warned:

317 "For the terrible one is brought to nought, and the scorner is
318 consumed, and all that watch for iniquity are cut off: that make a
319 man an **offender for a word**, and lay a snare for him that reproveth
320 in the gate, and turn aside the just for a thing of nought" (Isaiah
321 29:20-21).

322 So, the message for the Biden administration, and for Newsome is
323 that you guys are in great trouble. You think you are powerful, and
324 a big shot, you are NOTHING, you will be brought to NOTHING.
325 You scorn GOD and His laws, you will be CONSUMED. You
326 watch for iniquity that you can exploit, you will be CUT OFF. You
327 make a citizen an offender because he uses words you don't like
328 and you set a snare for those of us who REPROVE your wicked
329 works — like signing a bill allows babies to be murdered up to 28
330 days AFTER BIRTH! Outrageous murderer. And you turn around
331 and TURN ASIDE THE JUST for your worthless ambition and
332 pride. Your judgment is awaking!
